LADIES REST ROOM

The ladies rest room in the court house is well furnished and everything is prepared for the comfort and convenience of the ladies of outlying communities who visit the city. Those who have not availed themselves of the comforts and conveniences of the place have cause for regret. While the ladies of the city would be welcome to avail themselves of the conveniences of the rest room, they have no special need for it, as they are so near to their homes, but it was prepared primarily for the comfort of the ladies from the country, who can rest there, arrange their toilets, leave their children there while they are shopping in town and in other ways avail themselves of the comforts and conveniences of the room. Some, perhaps, do not realize that the room has been furnished and set apart especially for them, but they can be sure they will be pleased with the place if they will only avail themselves of it.

A PRETTY BABY

Bobbie Noble, son of Mr. and Mrs. Elton Noble, was awarded the prize in the pretty baby contest at the Majestic Saturday evening. There were so many pictures of pretty babies on the canvas it was hard for the crowd to decide but in the end Bobb received the greatest applause. The contest was put on under the management of the Morelock and Watson minstrels.—San Saba Star.

Mrs. Noble is well known here, where as Miss Vallie Applewhite she was very popular, and her many friends are proud of the honor to her little son.

SCATTERED SUNSHINE

The Mexicans at work laying steel for the railroad company were paid Tuesday and "scattered" among the merchants for their money. Several hundred dollars were put in circulation before the gang returned to their work near Rocky.

J. D. H. Wallace returned Sunday morning from a visit to the markets to buy goods for McKinley-Corvigan Co.

W. M. Featherston of Pleasant Grove was one of the good men who gave us a "metallic" handshake Monday.

T. F. Toland and wife returned Monday from markets, where they spent some time buying spring and summer goods for Little & Sons.

Jo. H. Frizzell spent Sunday in Brownwood with friends. His daughter, Miss Lucille, who has been attending Howard Payne college, came home with him to remain some weeks and recuperate her health, which had become impaired by too close application to her studies.

COMMERCIAL CLUB

Water Works for the City Discussed and Plans Outlined. Other Business.

The regular semi-monthly meeting of the Commercial club was held in the court house Tuesday night and the attendance was larger than usual, on account of the proposition to secure water works for the town.

The committee charged with securing estimates on the cost of a system of water works and the best plan of securing water, made a report in which it was suggested that such a system could be secured at an outlay of approximately \$11,000, the water to be pumped from wells into a reservoir on the mountain in the eastern suburbs of the city. This committee was composed of Messrs. J. H. Randolph and L. E. Miller and the report showed they had given the subject careful consideration. The committee was continued and Messrs. W. C. Dew, L. B. Walters and W. H. Trent were added to it. An investigation will be made as to the amount of water afforded by wells in the section selected for the site and also amount of reduction allowed by insurance companies on insurance premiums where sufficient water is afforded for fire protection. The committee will also make suggestions as to the extent of the system—whether it will be simply for the business portion of the town or will be extended to the residence section and supply water for domestic purposes. A report will be made at the next meeting of the club, which will be held the first Tuesday night in March.

The club appropriated the sum of \$10 to assist the Self Culture club in beautifying the court yard.

NO HARD TIMES

A great deal of cotton was brought to this market this week and there is considerable more to be brought in. The fellow who said "times would be hard" in this county has another guess coming to him.

Judge L. E. Patterson had legal business in Mullin the first of the week.

Godard Wagner and wife spent Sunday with relatives in Brownwood.

Mrs. L. Covington and her daughter, Miss Ethel, were here from Pleasant Grove Tuesday and made the Eagle an appreciated call.

C. P. Manning was one of the good men of the Long Branch community who transacted business in the metropolis the first of the week.

J. W. Burdette, who recently purchased the P. E. Gardner farm in Nabors Creek community, was in to see us Monday. He has recently moved to his farm on the Payne community and ordered his address changed from Payne to Goldthwaite.

The hearts of our people will go out in sympathy to Mrs. R. T. Williams, formerly Miss Gladys Rahl of this city, in the death of her precious babe, Sarah Frances which occurred last week at Wichita Falls. How tender are the chords of love that bind us to these little ones and how rudely they are snapped by the cruel hand of fate. But let us calmly submit to the decree knowing that we have the promise of a happy reunion with our loved and lost by and by.—Hamilton Herald.

The home of Mr. and Mrs. T. I. Evans was the scene of a delightful affair when the young people of Zephyr gathered for an entertainment in honor of Miss Griffie Atkins, who is soon to leave Zephyr to live in Goldthwaite. Various games were indulged in. One interesting feature being a guessing contest each person present guessing at the number of grains of corn in a glass for the prize of a box of stationery which was awarded to Miss Ida Fisher. At 10:30 a delicious luncheon was served and at 11:30 the guests departed each enthusiastic in their declaration to the hostess that the evening had been very enjoyable.—Zephyr Mirror.

BEAUTIFYING THE GROUNDS

The members of the commissioners court held a conference with several ladies representing the Self Culture club last Saturday at which time a decision was reached to beautify the court yard by planting a large number of trees and considerable shrubbery on the grounds as well as flowers along the walks. The ladies planted flowers along the front walk last year and the effect was so gratifying and so much favorable comment was elicited that the ladies as well as the court were given much encouragement in their efforts. By the co-operation of the court and the ladies club the court yard will be made a place of beauty and the planting of trees will give added attractiveness as well as permanency to the improvements. The court is entitled to the commendation of the people for its efforts in this matter and the ladies of the club have the hearty thanks of the people of the town and country for their patriotic and unselfish work and for the expenditure of their funds in improving the public grounds.

COMMISSIONERS COURT

The business of the February term of the court required the session to hold over into this week to complete the work and a final adjournment was had Tuesday afternoon. SELF CULTURE CLUB

The Self Culture club met with Mrs. Will Trent on Thursday, Feb. 11. There was a good attendance of the members with Mrs. J. H. Randolph as leader. The subject was "Woman's Rights."

Mrs. I. C. Everly made a fine talk on Women in business, after which a debate "Resolved that women should have equal rights with men" was entered into with affirmative. Mesdames Gillespie and Trent; Negative, Mesdames Yarborough and Miller.

Each one brought out some fine point but as every one had already decided the question it would be hard to decide who gained the day.

On March 12, we will have election of officers for the coming year.

We want to remind the citizens that March 10th is clean up day. We hope everybody will take notice.

LIVE OAK

Editor Eagle: As I failed to put in an appearance last week. I will now proceed to give you an account of myself so you will know I am still living.

We have been having some beautiful days for some time past, but looks rather threatening today. Guess we will have some bad weather to offset the good.

We can still boast of good health out our way and we are glad of it, to be sure.

Mr. and Mrs. G. W. Mason are rejoicing over the arrival of a fine boy at their home one day last week.

The farmers are sure making good this pretty weather, breaking land and sowing grain and gardening some as a side issue.

School is progressing nicely and the little ones all seem to be trying to improve their time.

Miss Myrtle Obenhouse has been unable for some days to attend school on account of a very sore leg but we learn that she is improving nicely and we hope she will soon be able to resume her school duties.

Mr. E. J. Roberts is doing some painting on the inside of his home and also hanging new wall paper.

Mrs. Karnes spent a part of last week with her daughter, Mrs. Nora Hill.

Mrs. Langford recently from Okla., but who has spent much of her life in this country, is now visiting her daughter, Mrs. Minnie Mason and she says they contemplate again becoming residents of Mills county.

Mr. and Mrs. L. E. Brown spent Saturday night and Sunday with Mr. and Mrs. Bohannon of near Rock Springs.

A fine Sunday school has been organized at Liberty to meet every Sunday afternoon. Everybody is very cordially invited to come and take part and help make it one of as good Sunday schools as there is anywhere.

On the first Sunday in this month Rev. J. C. Newman preached a beautiful sermon in the afternoon at Liberty and last Sunday Rev. J. T. Weems preached another splendid sermon there and each time the house was well filled with attentive listeners.

Well, as there are others waiting I will not take any more of your time but will lay down my old pen for now after signing myself, the same old RAINBOW.

MULLIN

From the Enterprise: Mrs. Ray McDavid and son left Monday night for Sweetwater, their new home. Mrs. McDavid was formerly Miss Ethel Templin, and has been here visiting her parents.

The little Templin child that was so severely burned a few weeks ago, is gradually improving but it will be several days before they can bring him home from the sanitarium.

Mrs. Nancy Joy, sister of Mrs. Jack Fisher, died at her home a few miles north of Mullin Friday afternoon, her death being due to a complication of diseases. Her remains were carried to Jarrell, Williamson county, her old home for burial. She was 79 years old and had been in very poor health for some time.

Rev. J. H. Hunt, pastor of the First Baptist Church of this city, has been soliciting funds this week to go to re-painting the Baptist church, and we are informed that he has been very successful in securing the desired amount. The Baptist Ladies Aid agreed to pay half of the amount provided the male members of the church raised the remaining half.

S. A. Murphy was in town yesterday from his ranch near Ridge and reports the dynamiting of a rattle snake den in his pasture the day before when they succeeded in killing snakes by the wholesale. He said they secured twenty-two sets of rattlers, but is of the opinion they killed a great many more than this number from the amount of parcels of flesh and pieces of snakes that were blown to fragments from the explosion.

Two of Walter Lindsey's children are very sick with typhoid fever at the home of Miss Lura Yarborough in this city. The condition of the little girl is said to be dangerous and Mr. Lindsey who has been looking after business in Oklahoma has been summoned home.

The good education of youth has been esteemed by wise men in all ages as the surest foundation of the happiness both of private families and of commonwealths. Almost all governments have therefore made it a principal object of their attention to establish and endow the succeeding age with men qualified to serve the public with honor to themselves and to their country.—Benjamin Franklin.

As a favor we ask that anonymous communications of any character be not sent to this office during the session of the legislature, for our waste basket is small and its capacity is required for articles sent us for publication commending all manner of pet schemes people have to get the legislature to pass. They want the newspapers to publish their articles and then communicate with the legislature endorsing the measures. Of course anonymous communications have absolutely no chance for publication in this paper, no matter how long or how short. We must know who gives the information, be it a local item or a lengthy letter.

LEE BROWN DEAD

Lee Brown, the well known shoemaker, whose home has been in and near Lampasas since childhood, died Saturday at Ranger, Texas, where he had gone with a hope of recuperating his health. For years he has been a patient sufferer with what is now known as granular tuberculosis, a disease which takes hold on the particles of flesh and gradually consumes the fibres of the body. There has been little or no hope of his recovery for quite a while. He was a son of S. M. Brown, who lived here years ago, long since dead. A widow and six children are left to mourn the loss of a kind husband and an indulgent father. There are also numerous other relatives. The widow is a daughter of Mrs. McCormick, whose home is three miles east of Lampasas, and is one of the direct descendants of one of the founders of Lampasas, Moses Hughes. The bereaved have general sympathy. The body was brought here for interment, the burial occurring Monday morning.—Lampasas Leader.

MARRIED AT ROSCOE

Miss Kate Booker of Center City and Mr. W. A. Voss of Roscoe were married at the latter place last Sunday. Miss Booker was reared in this county and is a daughter of Mr. J. P. Booker. She was employed in the Rural telephone exchange here for some time, where she made a great many friends by her courtesy and careful attention to duty. She left here a short time ago for a visit to relatives at Roscoe and was induced to remain there permanently. The many friends here of the bride join in extending hearty congratulations and good wishes for her and her husband.

The comptroller of the currency has issued an order demanding the abolition of practice of allowing overdrafts by national banks and the Texas state bank commissioner announces that he will also enforce the law relative to state banks. By this arrangement all banks will be forced hereafter to refuse to allow overdrafts.

The board of warehouse managers elected F. C. Weinert and Peter Radford warehouse managers, under the new Texas warehouse law. The board is composed of the governor, bank commissioner and commissioner of agriculture. Governor Ferguson is secretary of the board and has agreed to serve in that capacity without pay.

Three men robbed a bank in San Antonio Saturday at noon and made a get-away with \$1,117 in currency. Only one man was in the bank when the robbers entered and he was locked in the cloak room, the money taken and the escape made in an automobile in a few moments. The robbers ran the car some distance and then came back within a block of the place they stole the car and there abandoned it.

A negro who was one of the chief witnesses against Police Officer Becker of New York city, has made affidavit that his testimony was false. Becker is in the death cell of the New York prison awaiting electrocution, having been convicted on the charge of having gambler Rosenthal killed by a number of gunmen who have already been executed for the crime. Becker's attorneys hope to secure a new trial for him by reason of the negro's confession.

A preacher in Chicago "started something" at his morning service last Sunday morning by stating that three men were asleep in the congregation and unless the sleepers remained away from the services he would hereafter announce the names from the pulpit of those who were asleep. After the service fifteen men came forward to assure the preacher that they had their eyes shut in meditation, but were not asleep.

A letter has been received from Elmo McPherson who is engaged in the grain business in Orange, Cal., telling of the diversified farming in his country and giving information as to the demand for small grain of different kinds. He is interested in Mills county, having been reared here and he offers his assistance in any way possible to make diversified farming profitable in this county. His long experience in the grain business makes his advice of much value in that line.

The Record is betting on the man who devotes attention to the diversification of both farm products and livestock. We believe the farmer who practices diversification in his farming and not in the growing of live stock is falling short of complete success. Don't grow hogs and stop there, but grow a few good yearlings, some chickens, some turkeys and a good mule or two, and plenty of yam potatoes and red-top turnips, and the high cost of living will soon pass from the vocabulary which you use. The man who has foresight enough to "live at home and board at the same place" is indeed fortunate.—Vernon Record.

C. A. Anderson returned Tuesday with his daughter, Miss Esther, from Temple, where the young lady has been in a sanitarium for treatment for a peculiar affection of one of her arms. Some few weeks ago the arm began swelling at the wrist and later becoming quite painful. An examination was made by specialists who decided the condition was caused from an affection of certain bones in the nose and forehead and these were removed, and although it is still necessary for her arm to be bound up in plaster of Paris, her ultimate recovery is hoped for. So far as physicians can ascertain the case is without precedent.—Brady Sentinel.

A GOOD MAN CALLED HOME

After illness of several months on January 16, 1915, Mr. George Priddy passed out to his heavenly home. He was born July 18, 1854, and died January 16, 1915. was the son of Rev. Thomas Priddy and he had been living in Mills county at Priddy for twenty nine years. On October 26, 1884, he was married to Miss Johnnie C. Bell. To this union was born seven children—four boys and three girls—all whom are living and were present when their father died, except Mrs. Myrtle Windsor, who lives in Arizona.

He was converted at the age of twenty and for many years was a member of the Baptist church, and by his Godly life he made many friends and no man was ever kinder or more loyal to his friends than he. He, among other good men, helped to make Mills county what it is.

We mourn not as those who have no hope and the bereaved ones we commend to the Heavenly Father, who pityeth those who fear him, as a father pityeth his child.

His Pastor,
R. W. BYNUM.

MEXICAN KILLED

Crime Alleged to Have Been Committed By Another Mexican

Wednesday morning about 2 o'clock a Mexican laborer in the railroad camp near Antelope Gap was stabbed and instantly killed and some of his fellow workmen notified the officers that the crime had been committed by one of their number who gives his name as Julio Fuentes. He was arrested and placed in jail, where he is now awaiting an examining trial.

The railroad company has had a gang of Mexicans at work laying heavy steel rails on the road, replacing the lighter rails that have heretofore formed the railroad track. Tuesday was pay day and a large number of the men came to Goldthwaite and cashed their checks. They all returned to camp apparently sober and peaceable, but at 2:30 the next morning Sheriff Burnett was notified that one of the men had been killed and he hurried to the scene, where he found the report to be correct and some of the Mexicans alleged that the man had been killed by Fuentes. The prisoner has a bad bruise over his left eye, which it is said was made by one of the gang striking him with a club, but he claims it to be the result of falling from the car and striking his head on the end of a cross-tie.

The dead man was stabbed through the heart with one stroke. There was another cut on his arm, but it was probably made by the same thrust of the knife that penetrated his heart. The knife had not been found up to yesterday afternoon and the prisoner was not found to have a weapon of any kind, neither did he have any money, while only a little more than \$1. was found in the pockets of the dead man. Very few particulars have been obtained, but the examining trial may reveal the facts which led up to the killing.

The dead man was buried on the railroad right-of-way near Rocky switch Wednesday morning.

The latest report from Mexico City is that the Carranza forces have evacuated and the Zapata forces have again taken the city.

A report has been made to this government that W. O. Jenkins, a consular agent of the United States, came near being put to death at Puebla, Mexico, a few days ago by Carranza's band of outlaws who call themselves soldiers and claim to have been fired upon from his residence. An officer of the alleged army saved his life, after he had been stationed in front of a firing squad for execution.

There will be a sort of reaction in the crime wave that has been spreading over Texas. Governor Ferguson is not opposed to capital punishment. It is quite probable that during his administration some of these criminals who prey upon society will be hung higher than Haman for the governor will not step in to pardon the malefactors on account of his chicken-heartedness. He is not that kind of a man. Thus the people of Texas may have hope to see criminals go out of business in this state, or transfer their operations to states in which the governors will pardon them for all of their offenses.—Temple Telegram.

Frank James, who was at one time a bandit and member of the notorious James-Younger gang, died at his farm at Excelsior Springs, Mo., Thursday at the age of 74 years, following a stroke of apoplexy. James began his career as a member of Quantrel's band during the civil war, but soon developed into one of the most desperate outlaws the world ever knew. While many crimes were scored against the James gang that were really not committed by them, it is likely the score was evened by many crimes being committed by them for which they were not blamed. For a number of years Frank James has lived on a farm in the community where he died.

ROCK SPRINGS

Editor Eagle:

Things are progressing nicely this week as we have had some very pretty weather. No one is on the sick list except Miss Chloe Stark and she is fastly improving.

Sunday school was well attended last Sunday.

Bro. Joe Frizzell did not fill his appointment last Sunday. We were disappointed because we have all heard Bro. Joe and know he can preach good sermons.

There was singing at the home of Mr. Chas. Stark last Sunday afternoon.

The B. Y. P. U. and prayer meeting was enjoyed Sunday evening as the subject was familiar.

Mr. and Mrs. Dan Weston gave a farewell party last Saturday evening. It was enjoyed by each of us, but we felt sad to know that this would be the last time we should be with them. They have sold their farm and moved to San Angelo. We were very sorry to lose these good neighbors, but wish them health and prosperity in their new home.

Rev. Davis and family are soon to move into our neighborhood. We give these folks a hearty welcome.

There was a party at Jim Fallon's one night last week. All report a nice time.

Mr. Arch Donohue has moved on Mr. Donohue's farm in our neighborhood. We always welcome new neighbors.

The Ladies Aid Society met with Mrs. Dan Weston Monday.

The Literary Society rendered a nice little program Friday afternoon.

Mrs. Luther Oquin visited relatives in our community Saturday and Sunday.

Saturday and Sunday are our regular church days. Everybody come and hear Bro. White.

There was a mistake in our letter last week. The singing at Mr. White's was on Saturday evening, instead of Sunday, and Mr. McCoy instead of Mrs. McCoy.

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. Outside Evidence

A newspaper photographer was busy at the Boston Navy Yard securing photos of the battleships getting ready for Mexican service, and the picture above is one he secured for his paper.

It would have been impossible for us to get such evidence of Texaco quality and service, so we secured one of the pictures from the photographer.

Naturally, active service means hard usage, difficulties and dangers. So there is keener inspection of stores and more microscopic examination of goods.

It is quite natural, therefore, for the photographer to have snapped his camera just as Texaco Products were being hoisted aboard the U. S. S. "Nebraska."

Texaco Quality and Service are known where the demand is for high quality and careful, prompt service.

Look for the Texaco Products in your own town. You can recognize them by the Red-Star-Green-T emblem of "made in Texas" fame.

They are just as valuable for you as they are for the navy. See our agent.

HOPE

Without it this voyaging sphere on which man lives would be but a derelict, and our lives empty and all but unendurable. For hope is the great rudder to all humanity. Hope wakens in the child even before the sense of reason, it fills youth with golden-hued visions; it lures maturity on to the indomitable endeavor, which is greater than most accomplishments. Nor does it even forsake old age. Like the lamplight streaming through the windowpane which brought you safe home when a boy, hope lights the path. Even unattained, it burns quenchlessly. It is more intangible than faith, for faith is trust in what is, but hope is confidence in what is to be. Even to write of it without dropping into vague figures is like trying to express the nature of music by means of algebraic symbols. Hope is sometimes the parent of selfish ambition, but it is also the source of all the purest and holiest passions. It fills the heart of the father when he looks at the baby in his arms. And when this child has become a man the same fire burns within as he gazes down upon his son. From generation to generation it passes—unextinguishable. It makes all life like the laboratory of the alchemist, in which what is dross seems just on the point of being transmuted to gold. But, unlike the alchemist's toil, hope is never wasted, for—though the phrase is hackneyed—it is what makes life worth living.—Collier's Weekly.

MILLS COUNTY HISTORY

Synopsis of Early Events Chronicled By A Pioneer.

The historical synopsis of Mills county which was written by Mr. P. H. Clements for the book being written by Mrs. Wright of Paris, to which reference was made by the Self Culture club last week, has been secured for publication in the Eagle and will be interesting to many people here and elsewhere. While it would be impossible to give any considerable amount of the history of the county in so short an article, the facts given will give the reader an idea of conditions in the early days of the county's existence.

Historical Sketch

Mills county has an area of seven hundred square miles, is situated at the geographical center of the state, and has an average altitude of 1500 feet. It was created by act of the Twentieth Legislature in 1887 and was organized on the 12th of September that year by Robert P. Conner, then county judge of Brown county, and now the senator of this district.

The territory was taken from Brown, Comanche, Hamilton and Lampasas counties. So far as the legislative enactment is concerned, Hon. Chas. K. Bell, then state senator, might be called the father of the county, for it was he who introduced the bill and contended against much opposition for its passage. The area mentioned constituting only a minimum county under the Constitution, it was necessary that the measure should receive a two-third vote in each house.

The name Mills was selected by the citizens assembled in a mass meeting and was adopted in honor of Hon. Roger Q. Mills, a distinguished member of the United States Congress. The bill introduced by Senator Bell so recited, but the committee having such matters in charge, to avoid the importunities of lobbyists who sought to have counties named for friends and relatives, decided not to name any county for a living person. This committee changed the wording to make it appear that the county was named for Hon. John T. Mills "a judge in the days of the Republic."

The surface of the country is broken with fertile valleys on the water courses and rich prairies and timber land on the higher grounds. Fine pecan timber is found along the streams and the nuts are an item in the produce of the county. The Colorado river forms the southwestern boundary and the Pecan bayou flows across the county from north to south.

A few hardy settlers found their way to this section in the fifties and made their homes in what was then Bexar county, afterward Brown now Mills county. John and Annie Williams, with four sons and others founded Williams Ranch in fifty six. David Morris from Indiana settled in another part of the county the same year, while Ambrose Bull with his family and a number of slaves came from Arkansas in sixty. At the outbreak of the Civil War a few adventurous frontiersmen came preferring to take chances with the Red Men rather than go to war with the White Men.

From sixty-five to seventy-five the population gathered numbers rather slowly, and all who came engaged in stock raising and combating the savages, who made frequent incursions. But about the last year named, a new man, destined to be a great force in subduing the country, found his way to these parts. He was not so named then, but is now known as "The Man with the Hoe." He was not welcomed by the Man with the Spurs and the Branding Iron, and at times it seemed that there might not be room for both of these characters. Some threats were made and some slight clashes occurred, but wise counsel prevailed and soon the elements blended into harmonious citizenship. From that time (about 1875) the country began its material development, and today Mills County is known as one of the most prosperous stock farming sections of the state.

No country was ever blessed with more hardy or fearless pioneers than those who first cast their lot here. The home consisting of only one or two log rooms always had room for the stranger who might need shelter from inclement weather or the attack of hostile Indians. Every man up to the last date above mentioned kept himself in readiness to answer the call of his captain in defense of his neighbors, and it is

POST BARGAIN DAY

The smiles and the laughter stirred up by George Bailey's quips and brief paragraphs in The Houston Post, driving the wrinkles of care away, would be sadly missed could we not get them in this newspaper shop. The Judd Lewis "sob stuff," as newspaper men call it, is worth the price of The Post alone. The regular price of The Post for Daily and Sunday is \$8.00, when taken through the mail for one year. From March 10th to March 25th will be Houston Post Bargain Day, and between these dates this newspaper will get you The Post one year for \$4.99. This price is not good either before or after. A twelve months subscription to The Daily and Sunday Post for that amount is a snap. If you can't wait, hand us a quarter. That sum will get you the service until Bargain Day begins. Then you can come in with the \$4.99 and get The Daily Post and Sunday, until this same time in March, 1916, through the mail.

BIDS WANTED

I will receive bids up to Monday, March 1, at 12 o'clock for keeping the Goldthwaite cemetery clean and free from weeds and undergrowth of every kind, filling in sunken graves and performing such other service as may be required by the Cemetery Association for the six months beginning April 15 and ending Oct. 15. Details of the contract and requirements can be seen upon application to me and bidders will be required to give bond for the faithful performance of the conditions of the contract. P. H. RAHL.

STAR VALENTINE RECITAL

Miss Mae Hill entertained her
 music class and a few invited guests
 Friday night, Feb. 12, at the home
 of Mr. and Mrs. W. A. Jeter. The
 invitations were written on red and
 white hearts and tied with a dainty
 bow of red ribbon.

The guests arrived at 8 o'clock p.
 m. and were ushered into the recep-
 tion room, where each guest received
 a program of the evenings entertain-
 ment, on the upper left hand corner
 of which was fastened a red heart
 thrust thru with a white arrow.

First on program was a "Word
 contest." The word "valentine"
 being used from which to choose let-
 ters to compose as many words as
 possible in a certain time. Miss
 Donald Oldfield received first, "The
 Cupid Puff," for having the great-
 est number of legitimate words at the
 close of the contest. Little Palas
 Barr fell heir to the booby prize, a
 stick of white candy tied with red
 ribbon.

Second on program was "Who has
 the key to my heart?" Keys hav-
 ing been cut from hearts of different
 colors, the hearts were then pass-
 ed to the girls and the keys to the
 boys. The boys then found their
 partners by matching colors of hearts
 and keys. After which piano solos
 were rendered by Misses Pauline
 Singleton, Maurine Hamilton, Lois
 Knowles, Eula Campbell and Bell
 Harper, also a piano solo by Mr.
 Howard Morris.

Next on program was the "Missing
 Heart." Stunts followed. Each
 guest was given a clipping on which
 was written his or her particular
 stunt. These furnished quite a bit
 of fun.

Clipping fortunes were next on
 program. Little bags of groceries of
 different kinds were tied in separate
 packages and tied on a long cord.
 The girls fortunes were tied on first
 then each girl was blind folded in
 turn and given a pair of scissors
 with which to clip her fortune. The
 blind fold was then removed and the
 fortune read aloud. The boys for-
 tunes were then tied on and each boy
 took his turn at the fortunes in the
 same manner. Then followed piano
 solos by Misses Ada Morris, Flo
 Hamilton, Berta Garrett and Jelma
 Morris. Piano duet, Misses Pauline
 Singleton and Eula Campbell, Misses
 Ada Morris and Mae Hill. Miss
 Jelma Morris received first prize
 in the heart contest.

The valentine colors were carried
 out even in the refreshments which
 consisted of strawberry jello with
 whipped cream and pink and white
 cake.

The guests then said good night
 declaring themselves highly entertain-
 ed and asking the hostess for an-
 other social soon. A GUEST.

MERRY WIVES CLUB

 delightful social afternoon with Mrs.
 John C. Hicks Tuesday.

The first hour was devoted to
 needle work. Promptly at four
 the guests began to arrive and were
 seated at tables where several spir-
 ited games of progressive Lagomachey
 were played. In a cut, for highest
 score with Mesdames Thorpe and
 Gillespie, Mrs. Ebers won a lovely
 fan.

After the serving of dainty refresh-
 ments the club adjourned to meet
 next time with Mrs. Carroll Lowrie.
 Members present were Mesdames
 Thorpe, Ebers, Carroll Lowrie, D.
 Albert Trent, Gillespie, Randolph

A special from Washington says:
 Official dispatches to the State De-
 partment say that conditions in Mexi-
 co City are growing worse every day.
 Vera Cruz newspapers describe a
 campaign to try to force all the diplo-
 matic corps to come to that city or
 leave the country. The American

 Secretary Bryan said he was not ad-

 minister, however, has been inform-

POMPEY CREEK

Editor Eagle:

There was an error in our last
 writing which we wish to correct.
 Miss Lizzie Hudson of Goldthwaite
 visited Miss Cherry recently. The
 paper read, Miss Lizzie Stephens.

Our Sunday school elected a new
 superintendent Sunday of last week.

The reports are that the Sunday
 school is progressing nicely, but our
 enterprising young people are never
 satisfied with anything short of the
 best, hence they are energetically
 working away on the home depart-
 ment. We already have one of the
 best schools in the county, a good
 Sunday school and prayer meeting
 a good literary society, and then the
 Home Department to the Sunday
 school to be inaugurated the first of
 next quarter. Ere long, we are sure
 we will be as thoroughly alive and
 active as any community in Mills
 county. Did some one say Pompey
 Creek couldn't do anything. All
 our young people ask is a chance
 to show you what they can do, and
 some of the older people who have
 been told that Pompey Creek can't
 do any thing, until they had almost
 begun to believe it, are beginning to
 look with pride upon the aspirations
 of their children, and some are be-
 ginning to "lend a hand" and help
 things along. All you who are un-
 willing to help carry on the good
 work, just stand aside and watch us
 grow, for sure success awaits to
 crown such efforts as are being put
 forth by our young people. Hurrah
 for the young people of Pompey
 Creek!

Some Goldthwaite People May Wait Till It's Too Late

Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the backache, the dizziness, the urinary disorders. That so often come with kidney troubles.

Doan's Kidney Pills are for this very purpose.

Here is testimony to prove their merit.

Mrs. S. A. Harness, 204 W. Lampasas, St., Lampasas, Texas, says: "I used Doan's Kidney Pills, after I had been told that they were good for kidney trouble, from which I was suffering. I had lameness across my kidneys and my back pained me severely. Headaches were common. Doan's Kidney Pills quickly removed these troubles and improved my health."
