R. W. Geeslin is numbered among the new Ford owners, having purchased a car Saturday.

Miss Eva Gartman is at home from Franklin, where she taught in the school the past session.

Mrs. C. M. Thompson and children of Antelope Gap passed thru the city Tuesday en route for Zephyr to visit relatives.

Alvin Street arrived at home Saturday night from Winters, where he was principal of the school the past session.

Sheriff Burnett, A. E. Evans, A. J. Cockrum and others of Goldthwaite visited in Mullin this week, looking after business matters.

W. E. Egger went to Brownwood to attend the funeral of his old friend, Mr. J. F. Jackson, whose burial took place Sunday morning.

Con Cunningham of San Angelo and Dave Cunningham of Canadian visited R. E. Clements and family in this city the first of the week.

Miss Kate Hays of Trigger Mountain arrived at home Tuesday from San Marcos, where she had been attending the Southwest Texas Normal.

Mrs. C. M. Russell of Plainview is visiting her mother, Mrs. W. F. Page, in this city. She spent a part of the week in Lometa with relatives.

The Eagle editor visited Mullin this week and was glad to meet with the progressive business men and other friends in that city. Editor Bradbury was out of town and we did not, therefore, have the pleasure of meeting with him.

The first Thursday, Friday and Saturday in June, which will be June 1, 2, 3, will be the time for teachers examinations. The board will be in session in Goldthwaite at that time for the purpose of examining teachers for the different grades of certificates.

NEED OF A REVIVAL

We need a revival because of a prevailing and fatal religious indifference. The regular routine of religious services become stereotyped, common place and unattractive. The abiding presence of the milder forms of evil touch and blight and wither the fervor of our religious lives until spiritual declension has taken hold upon us with an almost irresistible force.

Again, we need a revival, not alone for the recovery of that which is lost to us by indifference and spiritual decline, but for the more positive quickening and deepening of our religious lives, the awakening of a more compelling impulsive zeal and that we might be put in remembrance of the things that pertain to life and Godliness and be more fully established in the truth and effectual working of the gospel.

Then we need a revival for the specific and immediate good of our own particular community, since at least 50 per cent of our responsible citizenship are non-Christians, and a large per cent of professed Christians are only nominally Christians.

Then again, we need a revival that the power of sin in our lives may be rebuked and broken and that a greater co-operative religious freedom shall obtain.

We have planned the joint meeting in the hope and prayer and effort that it will meet this need in Goldthwaite. Let's all pray and work to this end with faith in God that Goldthwaite may be "turned up side down."

MONUMENTS UNVEILED

On Sunday, June 4, the Woodmen expect to unveil a monument at the grave of A. J. Gatlin in Rock Springs cemetery and one at the grave of Riley Long in the Big Valley cemetery. It is likely other camps will co-operate with the Goldthwaite camp in the ceremonies.

Mrs. Renfro of Big Valley made a visit to Brownwood this week.

J. W. Edwards visited friends in Lampasas the first of the week.

I. L. Allard and wife have been in Cleburne this week visiting relatives.

Claude Saylor attended the Republican convention in Fort Worth this week.

Several farmers have replanted their cotton, which was destroyed or damaged by the hail of last week.

Miss Pattle McPherson and her brother, Claud, arrived at home Wednesday from Denton, where they attended the Normal. The young lady secured a diploma, while her brother received a certificate.

The Eagle has received a very beautiful announcement of the commencement exercises of San Saba High school which are to be held June 2. Conway Henry Evans, son of our esteemed friends, Mr. and Mrs. J. C. Evans, is one of the graduates of that splendid school and we offer him our hearty congratulations.

You may follow your friend to the grave laden with beautiful floral tributes as tokens of your love for his memory; you may speak rich eulogies on his useful life and noble character; you may pronounce encomiums on his virtues and shed tears of grief at his bier; you may mark his last resting place with a sentinel of granite inscribed with sentiments of love and high esteem; you may be profuse in your eloquence lavish with your rhetorical homage over his lifeless form; but all these can not atone for the harsh words you may have spoken, the unkind things you may have said in moments unguarded by the angel of charity. Let us be thoughtful and considerate of our friends living, then we will have less cause for regret when they have passed beyond our earthly ministrations.—EX.

TRIGGER MOUNTAIN

Editor Eagle:

The recent hail has injured small grain and fruit. Some orchards and cat crops have been damaged fifty per cent and others damaged hardly any, owing to location.

Mr. Graves had another road working this week. When a fellow would have a lay off or go a fishing or get into some mischief, Mr. Tom Graves has him on the road doing dirt there.

Wm. Garner happened to a serious accident recently. While handling a piece of wire he struck one of his eyes with the wire and so much wounded his eye as to require his going to Brownwood to see an oculist.

Bro. Templin of Mullin was in our community one day last week.

Miss Gladys Pickens of Mullin visited Miss Addie Hancock Saturday and Sunday.

Miss Mollie Williams has returned from Zephyr, where she has been visiting her sister.

The young people had quite a nice singing at the Mier's home Monday night.

Miss Katie Hays returned home Tuesday from San Marcos, where she has been in school since last fall.

Mr. Sam Williams our new neighbor, with his family attended services at Trigger Sunday night.

Mr. and Mrs. G. D. Byrd visited F. H. Hancock and family Sunday evening.

CUPID.

PREPARATORY SERVICES

Beginning Monday night of next week, which is May 29th, we will have preparatory services at the Baptist church for the joint meeting. Every night throughout the week we will have preaching and prayer. Bring your Bibles or pocket Testaments. We want to get ready before the preacher comes.

PASTORS GAY AND MORGAN

Prof. King Childress returned Tuesday from a visit to relatives at Carlton.

O. H. Yarbrough made a business visit to Houston, the first of the week.

R. Schuster of Priddy boarded the train here Tuesday to go to Eden to look after his ranch interests.

T. A. Gardner and family were here from Center City Tuesday buying goods and meeting their friends.

Judge S. H. Allen attended the Democratic convention and looked after business in San Antonio this week.

W. B. Black, a prominent young farmer of the Mullin country, had business in this city the first of the week.

Commissioners court was in session Monday as a board of equalization to pass on the tax renditions for 1916.

Mr. and Mrs. Walk of Aktus, visited his sister, Mrs. J. D. D. Berry, and family in this city the first of the week.

J. B. Whiteman and his wife and little daughter came over from Brady in their car last Saturday and remained until Sunday with friends.

G. G. Clements and family returned the first of the week from Oklahoma, where they went the first of the year. They are now fully convinced that Mills county is the best place there is and they will continue to make their home here.

Rev. Alonzo Monk, Jr., of Hamilton preached the baccalaureate sermon for the graduating class of the Goldthwaite High school last Sunday in the Methodist church. The church was filled to its capacity and the sermon was very fine, reflecting credit upon the speaker and upon the good judgment of those who selected him for the duty.

The naval appropriation bill, carrying a total of \$241,000,000, was reported to the house by the naval committee this week. Majority Leader Kitchin announced that a special rule would be brought in under which the measure will be passed not later than a week from next Saturday night.

In Oregon, as in almost every other state where there has been anything like a contest, Justice Hughes shows that he is by far the strongest of the candidates for the Republican nomination. If memory may be trusted, he has not lost a state where his name has appeared on the ballot in the printed form in which the names of the avowed candidates have appeared. He has lost only in those states where it was necessary for his supporters to write his name on the ballots. In so far as the primaries are a reflex of the popular wish (and it must be admitted that the light vote in the present instance injects an element of dubiety into the matter) there can be no doubt that Justice Hughes is preferred. The first ballot is pretty certain to show Justice Hughes in the lead, unless, of course, he should speak the single sentence that would remove him from consideration. But that is not likely, if it is even possible. The country has become convinced of Justice Hughes' willingness to accept the nomination; he has said that he is not a candidate in a way which permitted the inference that he is nevertheless willing to be the nominee. He has made a distinction which may serve the propitiation of the case as he sees them, but a distinction which has in no wise deterred those who are working for his nomination. He can hardly complain if the country regards him as a candidate of at least the receptive kind.—Galveston News.

LIVE OAK

(Intended for last week)
Editor Eagle:
Thought as we were having such cool weather these days I would drop you a few lines.

This section was visited by a severe rain, hail and wind storm last night doing considerable damage to crops and several houses here were blown from their foundations, numbers of window panes broken out, barns unroofed and lots of chickens killed, but so far as we have heard no one was hurt.

Mr. J. W. Griffith has again gone to the cedar brakes after spending a few days with home folks.

Mr. E. M. Simpson came down from Priddy Saturday and stayed until Monday with relatives.

Mrs. E. M. Simpson has been at the home of her parents for some three weeks on account of the baby being so sick with whooping cough, but the little one is improving rapidly and Mrs. Simpson expects to return home soon.

Mrs. J. D. Bryan has been on the sick list for some few days, but seems to be some better.

Mrs. Karpas and daughters, Misses Myrtle and Arizona spent Sunday as the guests of Mr. J. D. Bryan and family.

Mrs. Ida Williams and children visited Mrs. J. W. Griffith Sunday afternoon.

Mr. Nat Keith and wife spent Sunday afternoon with Mr. and Mrs. J. D. Bryan.

Several of our people attended the singing convention at Kelley Sunday. Aren't we having plenty of rain and cool weather for the time of year.

Hurrah for Mother's Dish Washer. I thought she had deserted ranks or 'gone and got married' but glad to learn she has done neither. Come again, we like to hear from you often.

All you old time writers send in a line and tell us what you are doing that keeps you away so long.

Well, as it looks like rain guess I had best retreat into the back grounds for a while. RAINBOW

ANOTHER GOOD MAN GONE TO REST

Mr. L. W. Faulkner, as many know, had been in bad health for a good while, but his friends were not aware of the seriousness of his condition, he being a man that complained but little, and bore his sufferings with patience. Brother Faulkner was a man that could be relied upon at all times. Having been associated with him in business for a number of years, I had a chance to become thoroughly acquainted with him and found him strictly honest and upright in his dealings and his good judgment and caution made him a safe man as a partner in business, and his love for the cause of our Lord was so strong that he carried it with him into his business affairs. He loved and contended for the doctrine of Christ and the apostles just as it is revealed in the New Testament scriptures. No one feels his loss among us more than I, except his own family. May the Lord bless and comfort them in their sad bereavement. Thank God they have great reasons to believe that since his trials and sufferings here are ended that in that day when our Lord shall come to gather those who have fallen asleep in Jesus, he will receive the crown of immortal glory and Jesus will say, "Come thou blessed of my Father, inherit the kingdom prepared for all those who love and obey Him."

He leaves a wife and five sons and one daughter, all members of the church but one. They still have the love and protection of their Christian mother, but will miss the good advice and sound judgment of their loving father. J. H. ALLEN, Sr.

Miss Mamie Kelley has again been elected to the primary department of the Fort Worth schools at an increase of salary. This is the second time the board there has increased her salary since she has been employed in the school.

Congressman R. L. Henry has announced he will speak in Goldthwaite on Friday afternoon in the interest of his candidacy for the United States senate. He is a good speaker and an able man.

Does Paul teach in verse 38 that Jesus was only a man?—Dr. Lowrie.

What is the meaning of 'Justified or Justification'?—J. T. Weems.

Why did Paul's preaching interest the Gentiles more than the Jews?—Walter Bailey.

Why did Paul preach on the Jewish Sabbath?—Barton Keese.

Why were the Jews filled with envy? Was it the doctrine he preached or the multitudes that heard him that made them mad?—W. K. Marshall.

Give two reasons why the Gospel was first offered to the Jews?—H. C. Ezzell.

Were the apostles justifiable in turning to the Gentiles, if so why?—J. C. Darroch.

To what place did the Apostles go from Antioch?—D. A. Henderson.

Were they driven from Antioch? If so by whom?—Clyde Hudson.

The Gospel preached to the Jews stirs up anger and persecution, preached to the Gentiles brings gladness and joy. Why?—Mark Fairman.

Center City meeting will begin on the fourth Sunday in July and continue through three Sundays.

Long Cove meeting will begin on Friday night before the first Sunday in August.

North Brown meeting will begin on the fourth Sunday in August.

J. R. ROBINSON, Pastor.

Many who do not keep accounts do not realize the cost of keeping farm animals. It may be stated as a conservative estimate that a cow will eat \$30 worth of feed a year, perhaps more if it is available; the cost of feed for a horse is variously estimated at from \$50 to \$75 a year. This is in addition to the labor, shelter and attention required for the animal's comfort. It has been estimated that it requires an average of one acre in five to feed the horses used in farming. Whether much of the feed is raised or considerable bought the cost is to be considered as feeds have value. This would suggest that we reduce the cost of raising and feeding animals and increase the value of the animals and animal products. Unless this is done the time is likely to come at the present rate of increase of population when few animals can be kept on American farms. Much depends upon the foods any people have. Nations that subsist largely upon animals and animal products have accomplished more for civilization than nations that do not have these foods. It is of paramount importance that we reduce the cost of producing feed and increase the cost of animals and their products.—Exchange.

MR. J. F. JACKSON DEAD

Mr. J. F. Jackson died at the home of his son, Mr. W. B. Jackson, in the southern suburbs of this city, last Saturday at noon and his remains were carried to Brownwood on the evening train and interred in the cemetery there beside those of other members of his family.

Mr. Jackson was a pioneer citizen of Brown county, where he lived until a few years ago, when he came here to make his home with his son and family. His advanced years and feeble condition for the past several years forced him to remain at home most of the time, but when he was able to be out among his friends he enjoyed meeting with them and he was held in high esteem by all who knew him. He was a consistent and faithful member of the Baptist church and as long as his health permitted he was constant in attendance upon the church services.

Mr. Jackson was always loyal to his convictions and was not deterred from a performance of his duty at any time. He delighted to talk of religion and to take an active part in spreading the gospel. It can truly be said of him that "a good man has gone to his reward."

His son and other members of the family can be sure of the sympathy of all their friends.

The state Democratic convention held in San Antonio developed some very strange conditions. Governor Ferguson, Congressman Henry and Joe Bailey joined forces and controlled the convention from the temporary organization to the closing session. These three gentlemen have not always heretofore united their political fortunes and the manner in which they stood together in this convention was indeed remarkable. Wm. Poindexter was selected for the Texas member of the national committee, Governor Ferguson was chosen to head the Texas delegation to the St. Louis convention, the administrations of President Wilson and Governor Ferguson were endorsed and a resolution was adopted declaring against national prohibition and woman suffrage. Among the delegates to the national convention is C. L. McCartney of Brownwood.

ROCK HOTEL BURNED

Building and Contents An Entire Loss—Some Insurance

The Rock hotel and contents were destroyed by fire yesterday (Friday) evening about 8 o'clock. The fire was under such headway when it was covered that there was no chance to save the building, while but a small amount of the contents could be removed. A large gathering of people worked hard to prevent the spread of the flames and there was no damage to adjoining property, except by the removal of furnishings and the tearing away of fences and outbuildings.

A strong wind from the south carried sparks over the light and ice plant and Col. Walters' shop, but men with hose and buckets of water kept the roofs wet and prevented a spread of the flames in that direction.

Mrs. Page, owner of the hotel, carried \$3500 insurance on the building and \$1500 on the furniture. She has not yet announced her plans and it is not known whether or not she will rebuild.

Various theories of the origin of the fire have been advanced, but nothing beyond theories can be known, as the fire had reached such proportions when discovered that the origin could not be determined.

The hotel on the same site was destroyed by fire eighteen years ago the first of April. At that time the building was owned by a stock company and the hotel was conducted by W. C. Harris.

CARD OF THANKS

We desire to express our sincere thanks and appreciation for the many acts of kindness shown us in our recent, overshadowing bereavement and for the many beautiful floral offerings of our friends. It is a consolation in our time of unspeakable sorrow to know that we have such sweet sympathizing friends and to each and every one we extend our heartfelt thanks and gratitude.

And Family.

This Man Is Taking His Time But—

Now is YOUR Time to Save Money by building Granaries and Barns in which to store your Grain crop.

It will cost you 2½ cents or more to sack your grain—per bushel—and it only costs from 5 to 7 cents for the material to build a separate place to put it this year. Then next year it won't cost you anything, because you will already have a place to put it. Besides, there is nearly always a gain of from 7 to 20 cents per bushel in price from threshing to the first of the January following.

If you haven't a place to put your oats or other grain, let us furnish you the material to make a place for it. You see, it will pay for itself in about seven months time.

We have just unloaded a fine lot of granary and barn Lumber and are prepared to furnish you anything you need to improve your home or farm. Come in and let's talk sense about granaries and barns. We believe we can make it to your interest to buy from us.

Nine people were killed, a number injured and the entire town of Kemp, Okla., was destroyed by a tornado which passed thru that section last Saturday evening.

Storms covered a large area last Saturday and destruction is reported from various parts of this state, as well as from Missouri, Iowa, Colorado, Oklahoma and other states.

The supreme court of the United States has declared that the law making a jury verdict dependent upon the acquiescence of three-fourths of the members of the jury, instead of all of them, is good law.

A report is being industriously circulated that the Nelms sisters, for whose murder Dr. Innes and his wife were tried in San Antonio, are alive and are making their home in Alaska. Innes and wife are now in Atlanta, Ga., imprisoned on a charge of larceny in connection with the estate of the Nelms women. It is not likely the rumor concerning the women will prove to be true.

A millionaire shoe manufacturer, Lewis R. Ross, who had suffered most of his life from dyspepsia, died recently in Rochester, New York, and bequeathed \$750,000 to fund a department in the University of Rochester to teach young women how to cook. Ross began life as a poor boy and his stomach was ruined by indigestibly cooked food served in cheap boarding houses.

About twenty-seven barns have been burned in Erath county the past twelve months, all of which are attributed to incendiarism. In no instance has any evidence been left which gave the officers the slightest chance to make arrests, and it has been suggested that the county commissioners make an investment in blood hounds to be kept and trained for trailing in cases where crimes of this kind are perpetrated. Good citizens pay taxes and need protection for their lives and property.—Stephenville Tribune.

A report that a grave situation confronts the defacto government of Mexico is but a reiteration of a statement made many times in the past and another announcement of a well known fact. Just how the people of that benighted and stricken country have managed to live so long without producing anything but revolutions, when the natural resources were taxed to their utmost in time of peace to support the slothful and filthy population has been a mystery. It is not strange that food is scarce there, for food of a substantial kind has always been scarce in the greater portion of the country, even when the growers were supposed to be law abiding. But for the volunteer growth of food products in Mexico a large per cent of its population would have starved long ago, for they are too lazy to work and until the iron grasp of the Diaz dynasty was relaxed the natives were afraid to steal.

It seems some men like the boys and girls who have the greatest opportunities to start out in life without handicaps appreciate least the great, good fortune which is theirs. They are in a constant state of rebellion against the opportunities thrust in their pathway, while others toil upward and watch hungrily for the mere crumbs that fall to them from the loaf of fortune. There is not so much room on the ladder now as there used to be, and when you are going up you get your hands bruised by the feet of those just above you and you get your feet trampled upon by those climbing beside you. The young man or young woman must be able to excel in some one thing, and your line must be one that meets a need of the world, or "Success" will never flash out in golden electric letters at the top of your particular ladder. Boy, girl, wherever you are, whoever you are, grasp eagerly every opportunity of preparedness and above all be true and faithful.—Hamilton Record.

Rev. J. W. Cowan has gone to Birmingham and other points in Alabama to look after business matters and visit with friends of former days.

A quiet wedding took place Saturday night at the residence of Mr. and Mrs. W. A. Marce when their daughter, Miss Annie Laura, was married to Wm. C. Dorbandt, son of Dr. Dorbandt of this city.

Married at the Hotel Wachen in this city May 13th, Mr. Henry Landrum and Miss Dot Bennett. The ceremony was performed by Bro. D. R. Hardison, Mr. Landrum and his bride live at Lometa.

There is a night prowler loose in Lampasas and if he is not very careful there will be a tragedy in the town. Several houses have been visited lately and many people are now on the lookout with loaded firearms.

Mrs. Ed Fulton had an experience with electricity at her home in the western end of the city during the storm Monday night. She was standing near a wire which was used to ground the current from the telephone when lightning struck the wire. She received a burn almost the entire length of her arm which, while not serious, caused the lady no little alarm for a time.—Reporter.

HAMILTON

Mrs. John L. Spurlin left Tuesday for Waco to spend a few days in the home of her daughter, Mrs. Carter Brockenbrough.

H. Genter left Tuesday for Washington, D. C., where he will become a patient in a hospital to undergo a surgical operation for an abnormal growth on the side of his face.

Hon. C. H. Morris, prohibition candidate for governor of Texas, addressed a large audience of admirers at the court house in Hamilton Tuesday afternoon.

The voting bond issue for building permanent streets in Hamilton has been widely agitated of late, and there seems to be a growing sentiment in favor of such a step.

Rev. and Mrs. John M. Lynn of Runge, Texas, arrived in Hamilton Friday night for a visit with Mrs. Lynn's mother, Mrs. E. E. Holmes

The Happiness Of Your Home

Depends Upon the Freedom of Its Members from Worry

A connection with this strong bank, capable of rendering valuable assistance and service, will do more to chase worry—that persistent usurper of happiness—from the home than anything we know of.

More people are kept awake at night because of some foolish expenditure of money than from sickness—but the man or woman who has a growing bank account lives a natural and normal life and will have no cause for worry in old age.

So small a sum as one hundred dollars has frequently saved a man from serious difficulties.

If so small a sum can render so valuable a service, why not start a bank account with us and have this surety?

LOMETA

H. Landrum of this city and Miss Dottie Bennett, of Copperas Cove surprised their many friends last Saturday by going to Lampasas and marrying.

Miss Adeline Little and Mrs. John Little of Goldthwaite, were here Sunday the guests of Messrs. and Misses G. A. Swain and W. H. Walton.

A wedding of unusual interest to the people of Lometa occurred Thursday night when Rev. E. A. Hunter spoke the words that made Mr. James R. Finell and Miss Addie Horne man and wife.

Miss Robert Roach returned yesterday from Temple where she has been the past two weeks under treatment. We are glad to report her as being greatly improved, and trust that she may soon be entirely recovered.

W. P. Irvine's many friends are glad to know that he is rapidly recovering from the painful injury he received last week when he got both hands mashed. He has been up and around this week and no serious consequences are now contemplated.

Sheriff Hugh Miller, of San Saba, passed through Lometa Tuesday night en route to Huntsville with three prisoners. Those being taken were Lige Blackburn, recently given two years for bootlegging; Riley Stewart given five years for the murder of Sam Carter, and a man by the name of Bowers, given two years for forgery.—Reporter.

REDUCING COST OF FAILURES

Farming has not been reduced to an exact science like many other business, consequently one who succeeds at farming must of necessity be versatile. A successful farmer must know more than how to grow crops. He must know how to market the products of the farm.

The business of farming requires knowledge of plant life, soil management, livestock raising and many other things each sufficient within itself to occupy the attention of a master mind. Successful farm management depends upon business acumen as well as farm practice with knowledge of plants and animals.

Business men who have mastered one line or one kind of business by hard work and close application are apt to think that farming is easy and its requirements far less than it is. They are apt to censure those who have had no training for farming, but who are required to 'labor and to wait' under many difficulties.

The time has come when farmers may find information that will help save mistakes and reduce the years of experience required to master the many principles of progressive farming. The fact that successful farming is dependent upon so many factors makes it all the more important to seek information and thus learn how to avoid failures and reduce the expense of experience.

It would probably help us if we would confess humbly that we do not know how to farm. We could at least put the world on notice that we need information of the usable kind. The 'advisers' might not be able to 'give advice', but they might direct us to the information. This is what the farm paper does. It gives information in practical experience.—Farm and Ranch.

BAPTIST CHURCH

The pastor has a special sermon on "The Church the Body of Christ" that he wants to preach to every member Sunday at 11 o'clock. Night subject "Seeking His Face." Special singing at each service. Our Sunday school is at high water mark. You get in the swim. Come.

E. D. MORGAN,

SUNDAY SCHOOL CONVENTION

The Methodist Sunday school convention is to be held at the Methodist tabernacle here Sunday and most of the Sunday schools of that denomination in the county have signified their intention to co-operate in the undertaking and will send delegates. Some of the schools expect to be largely represented and plans have been perfected for entertaining the delegates in a hospitable manner.

THE SENATORIAL PRIMARY

On account of the resolution adopted by the State Democratic Executive committee at its recent meeting, there will be three primary elections held in Texas this year. The first will be held on the fourth Saturday in July, when all candidates for United States senator to constitute will be voted on. The second primary will be held on the second Saturday in August in all counties where a majority vote is required to select county and precinct nominees, as in Limestone county, and the third election will be held on the fourth Saturday in August, when the two leading candidates for United States senator will be voted on to get the majority candidate. The expense of all three elections will be borne by county candidates, according to the resolution adopted by the State Committee, but the committee failed to provide a penalty for the non-observance of its orders regarding this last election and it is highly probable that not a few counties will fail to hold the last election.—Kosse Cyclone.

COMMUNICATIONS BENEFIT

The Eagle would appreciate a renewal of activities by many of our correspondents. Some have remained faithful and have lent in items of interest from their communities from time to time, while others have tired of the undertaking and have abandoned it. These letters are of benefit to the paper, to be sure, and in that way the publisher gets the benefit of them, but there is a broader sense in which they are beneficial. They are of interest to the people of all parts of the county and to those who are acquainted in the county, even tho their homes are elsewhere. Then, the letters reflect credit upon the entire county. Well written community letters telling of matters of progress and prosperity show an intelligent and progressive citizenship and prove the county abreast with the best counties in the state. Again, the letters are of benefit to the communities from which they come. Where the schools, churches, public meetings and other matters touching the life of the community receive attention from a correspondent, the community is brought prominently before the people of the world and is made attractive and interesting. Many reasons could be urged for such communications and the Eagle trusts the writers will all enter upon the work with renewed energy.

JOINT MEETING

June 4th to June 18th

We have secured a big tent and will put it up on the lot behind the Baptist church and seat it comfortably. We invite everyone to come hatless and coatless—any way to be comfortable. Bring your unsaved friends and work with us to win them to Christ.

Evangelist and Mrs. B. R. Robinson
Of Minneapolis, Minn.,

Will lead us in the work of the meeting. Bro. Robinson is a strong evangelist and aggressive worker and the Lord can use him on this field as in other places, if we will get up and do our duty. Both Bro. and Sister Robinson are splendid singers and solos, duets and choruses will be a prominent part of the meeting.

Services will be held at 10 a. m. and 8:15 p. m. On Sunday afternoons separate meetings for men and women will be held.

The need for a meeting to stir Goldthwaite to the depth is apparent to all. Let's pray and work that this shall be God's time to save and revive.

PROCLAMATION

Upon the request of some of the ladies interested in civic work and believing that the plan proposed to have the week of May 29 to June 3 observed as "Weed Cutting Week" will be beneficial, I hereby make proclamation that the time named will be so designated in the city of Goldthwaite.

All citizens are urged to show their civic pride by cutting and burning the weeds about their premises. By universal co-operation in this movement at the beginning of the heated term we will make our town more sanitary and, therefore, more healthful. We will also destroy to a great extent the places for mosquitoes to hibernate and the hiding places for flies will be decreased. If the people will join heartily in this movement Goldthwaite will continue to be one of the cleanest towns to be found and we will all have additional cause for pride in our home city.

The municipal authorities will be glad to co-operate with the other citizens in this good work in any way in their power.

WILL H. TRENT, Mayor.

LIVESTOCK AND LEGUMES

For the man who is cultivating poor soil and who is embarrassed for lack of means for equipment, livestock and legumes will be the remedy. If the soil is thin it must be improved so that it will yield larger crops and give a margin for better profits. To do this, the soil must be enriched with the least possible expense.

Livestock and legumes supplement each other. Both are necessary for any economical system of soil improvement. Animals consume the leguminous feeds and produce milk, butterfat, pork, beef, mutton, wool, mohair, poultry eggs, etc., products for which there is generally a demand at fair prices.

But since breeding stock requires some capital and legume seed are generally expensive the farmer with limited means must make a modest beginning. The fact that the livestock and legumes are rather expensive is in his favor, because this will be an incentive to produce them.

While the soil is being built up to produce larger crops, more profit may be obtained by raising animals and growing legumes for feed and soil fertility. It will require several years to build the soil in this way and increase the flock and herd so better returns will be assured, but it is worth striving for. In fact, this system seems desirable for those who are not prepared for special crops.—Farm and Ranch

COST HAS INCREASED

The price of paper and printing supplies has so seriously affected the printer that the printing establishments are running in today's issue of the Dallas Dispatch a full page advertisement explaining just why printing is high. The increases are shown in percentage from May, 1915, to May, 1916.

Inks have advanced from 100 to 400 per cent. Plain writing paper and envelopes have advanced 50 per cent, due to 100 per cent increase in rags. The rags increase is caused by the powder companies buying up all the rags they can obtain to keep 50 machines in operation manufacturing war munitions.

In the statement the wholesale dealers and jobbers say:

We have word that unless conditions regulating the demand of raw materials necessary to the manufacture of paper, change considerable within the next 30 days for the better not one paper mill in the Kalamazoo district will be in operation where most of the better grades of paper is manufactured.

The chemicals and dye stuffs used in the bleaching and coloring of pulp have advanced in cost approximately 200 per cent. The chemicals and dye stuffs formerly came from Germany and this supply being shut off it means practically none for sale and a matter only of supply on hand at the mills.—Dallas Dispatch.

Gose Laundry

The capacity to enjoy life is one great thing, to be able no matter what happens to wear a serene face. If things are not as we wish, enjoy what we can, and hope for better times. There are no more unattractive persons living than those who never enjoy life, who look upon it as a vale of tears, who, if they do take pleasure in anything, do so under protest. The most unpromising conditions of life may be made to yield us some good if we look for it, and the looking for it will do us good, even if we do not find it the dwelling on the disadvantages not only sour but shuts off all hope of our seeing any possible good if it should be there. So, if we would make ourselves attractive in the best sense of the word, cultivate a capacity of pleasure in the little things, the bird songs that awaken us in the morning, and we will never lack material to interest us, for our lives are made up of little pleasures, little troubles, and small things generally.—Cleburne Enterprise.

ROCK SPRINGS

Editor Eagle:

Things at Rock Springs are progressing nicely this week.

We have had a number of fine rains of late and had quite a little storm Saturday night. No damage was done, any worse than blowing the school house off of its foundation. Grandpa Strickland and J. H. Godwin are still on the sick list.

Saturday and Sunday were our regular preaching days, but owing to the bad weather Saturday night there was no church.

There was a singing at the school house Sunday afternoon. There were a number of good singers present among whom were Prof. Shelton of Denver, Prof. George McFarland of Kather and Prof. White of Miller Grove. We were overjoyed to have them with us and hope they will make us another visit in the near future.

The young folks enjoyed a party at Fred Davis one night this week.

Mr. Hill and family of Long Cove visited Parks McWhorter and family this week.

Mrs. J. R. Cooke and children of Runnels county are visiting relatives in this community.

Mr. Chas. Stark and wife left for Maytown one day this week.

Mr. Ray Davis and Miss Addie C. Stark visited friends at Ratler Saturday and Sunday.

Prof. George McFarland visited Arthur McFarland and family last week.

Mr. Harvie and Nathaniel Decker of DeLeon visited here a few days this week.

Mr. Ernest Cooke and wife were called to the bedside of Mrs. Cooke's father, Mr. Godwin, of this community, who is quite sick.

Miss Viola Cherry was in our midst this week.

As this is about all the happenings of late, will ring off for this time. JENNIE LIND.

TO OUR FRIENDS

Because of the interest felt by our younger friends in the cause we fought for in the civil war, now more than fifty years ago, and especially to express their appreciation of the part we played in that great tragedy, some of them began the agitation of a move to erect a monument to our memory on the court yard in Goldthwaite. The matter took definite form about three months ago, the camp, encouraged by this interest, contracted for a monument to cost \$1200, depending on the voluntary donations by friends to help us pay for it. We have through our representatives, approached a large number of people for these donations. Very few have refused to help us most of them help liberally, for which we are sincerely grateful. It makes our hearts glad thus, in the evening of life to feel that there are so few who do not approve our course in that memorable struggle, and who are unwilling to express that approval by giving their money to help us. Let all who have helped us be assured that they have our gratitude. Let those who have not been approached in the matter remember that we want any sum they are willing to give. We feel that it is for a good cause and will repay the donors many fold the sums they give. So, whether you are approached or not, please help us as liberally as your approval of our course and the lost cause and your financial condition will allow.

Most respectfully and gratefully, JEFF DAVIS CAMP NO. 117 U.C.V. Goldthwaite, Texas, May, 1916

But,—instead of merely grinding against said Earth,—for Traction,—they CLING to it, much as your bare foot clings to slippery surfaces.

This new and wonderful Goodrich "Barefoot Rubber," is as stretchy almost as a pure Rubber band,—Light-weight as Rubber in its native amber color, but stronger, tougher, longer-wearing (in Tires) than pure Rubber could ever be.

That Lightness, Stretch, and CLING-quality is due, in part, to the absence of the heavy and inert white substances which, in other Tires, provide the gritty texture designed to give effective but grinding Traction, when Clutch or Brakes do their work.

To provide its maximum Traction with minimum Friction (which means minimum Heat, minimum Tread-Wear, and lessened Strain on the rubber adhesive between fabric layers.)—

—That's the Mission of the new Goodrich "Barefoot Rubber."

How well it does this work,—how much more Resilience, Comfort-in-riding, and Mileage, it gives,—may be realized only by test.

"BAREFOOT RUBBER" can be had in Goodrich Safety-Tread Tires,—Goodrich Motor-Cycle Tires,—Goodrich Bicycle Tires,—Goodrich Truck Tires,—Goodrich Rubber Boots, Overshoes, Soles and Heels, and in no other make but Goodrich.

Get a sample of it, at the nearest Goodrich Branch or Depot today.

Stretch it thousands of times, but tear its fibres you can't.

With all this,—observe that the best Fabric Tires in America—made of this TENACIOUS "Barefoot" Rubber,—cost you no more (and usually less), than ordinary Tires made by other responsible manufacturers.

No "larger-sized" Tires (taken Size for Size and Type for Type), are made than Goodrich Black-Tread Tires.

Why, then, should any Business Man pay more than the Goodrich "Fair-List" Price, for any Tire, until he has at least tested one pair of these new "Barefoot" Rubber Goodrich Tires?

AROUND THE HOME PLACE

Neglect of the finer things—the love of the beautiful—shows first in the home surroundings, and here, indeed, of the supreme pleasures of living must be those living in homes where there are no flowers, no trees, no clinging vines trained by loving hands, and the soul must shrivel, as do tender plants, that grows up surrounded by barrenness or noxious weeds. With a little planning, a little expense and some labor, the home environment, however humble the home, may be made beautiful. Making a living isn't all of life. We turn to God to find contentment for the soul and to the beautiful for the finer joys of living. Let's cultivate the beauty side of our life. By so doing we make our neighbors and friends happier and our homes more attractive. The week beginning Monday, May 29, and including Saturday, June 3, has been designated by Mayor Trent for a campaign against weeds. With united efforts we can do away with the mosquito breeding places. Let's cut the weeds in and around our own yards. House cleaning is contagious. When our neighbor cleans her lace curtains, we want to do the same. Let us set the example on the outside and see the effect. CIVIC LEAGUE

LADIES TAKE NOTICE

In each sack of New Century and Blue Ribbon Flour sold by me will be found a certificate which will be received as part of the purchase price for Silverware and Aluminum ware. Almost any article in this line desired by the ladies will be found in the list of premiums. Call at the store and we will explain the plan and will be glad to receive your orders for this splendid flour or anything else in the line of Groceries.

J. M. BATEMAN,

DOLL GIVEN AWAY!

To the little girl bringing to our store on or before Monday, June 5, the largest number of "Inner Seals" with our name stamped on them, we will give a large and desirable Doll. Get your neighbors and friends to save these seals for you and be sure they bear our stamp. The doll is now on display in our show window.

MONUMENT SALE

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take Feed or Good Stock in trade.

MR. FAULKNER DEAD

The announcement that Mr. L. W. Faulkner was dead was made Monday morning and caused sadness to all who knew him, for everybody was his friend. His condition was not known to be critical, although he was carried to the sanitarium at Temple last Saturday night for treatment. His friends, therefore, were not prepared for the coming of the message announcing his death, which occurred Sunday night.

Mr. Faulkner was a pioneer settler of this section, having located in the Payne community in the long ago. A few years since he moved to this city, while he still retained his property interests at Payne. He was conscientious to an extreme and was true to his convictions under every circumstance. It is a truth that no better man ever lived or died than L. W. Faulkner and he had the satisfaction of knowing that those with whom he was associated had the utmost confidence in him. The world can ill afford to lose such a man and his place will be indeed hard to fill, but his influence for good will continue to live and be felt. His remains arrived in Goldthwaite on Monday morning's train and were conveyed to his family home, where religious services were held Monday afternoon at 3:30 o'clock, after which the funeral was held at the Odd Fellows cemetery. The large number of friends who gathered at the home and at the cemetery to pay a tribute to his memory proved the high esteem in which he was held.

The sympathy of all who knew him and all the friends of his family goes out to them in this great bereavement.

A SYMBOL OF HEALTH

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star, which they regarded as a symbol of health. A red five pointer star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere. (adv)

BABY CHERRY DEAD

The little 7 months old son of Mr. and Mrs. H. A. Cherry of Mill Grove died Thursday morning at an early hour. He had been sick almost all of his life and his death had been expected for some time. The grief-stricken parents and other relatives have the heart-felt sympathy of all of their friends.

INJUNCTION AGAINST ASSESSMENT

A temporary injunction against the holding of a double primary in Texas was granted Wednesday afternoon by Judge F. O. McKinsey of the Forty-eighth district court at Fort Worth. This writ was issued after an application was filed by John W. Laskin, as attorney for Sam S. Beene, a candidate for justice of the peace for Precinct No. 1 of Tarrant county. The final hearing as to whether or not the injunction will be made permanent has been set for Monday May 29. The parties whom the writ seeks to enjoin are W. D. Smith, county chairman; Paul Waples et al., including all the members of the state executive committee.

The application for the writ sets up the alleged fact that the law which provides for the double primary violates the constitution and the penal and civil statutes of the state. The primary law requires that candidates pay an assessment for the expense of the second primary, while the penal laws provide that no candidate shall contribute to the expenses of the election or race of any other candidate. A further provision of the primary law is that part of the expense of the election shall be paid by the county. Both the constitution and general laws provide that funds of the county cannot be used for the use and benefit of any individual or corporation.

CHAMBERLAIN'S TABLETS HAVE DONE WONDERS FOR ME

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere. (adv)

Tom Nolan has resigned his position in Marvin Rudd's barber shop and will again make his home in Hamlin, where he has relatives. He is a good barber and a fine fellow who has made many friends here. He and his good family have the good wishes of all who know them and their departure from the city is regretted.

Save the Gears

The engineer in charge of a large warehouse and compress has this to say about

TEXACO CRATER COMPOUND

The Great Gear Lubricant

"We use Texaco Crater Compound on our large 6-inch Herring-Bone Gear. It doesn't sling off, gives a cushion effect, and should perpetuate the life of any gear on which it is used.

"We are today ordering another barrel.

"The 'Hydro-Electric' Press on which this Compound is used is the first of its kind to be put in operation in the world; a great deal of the success and smooth operation of this Press is due to the use of CRATER."

TEXACO CRATER COMPOUND is a lubricant which is protecting heavy duty gears in all classes of work. It is particularly adapted for cooker gears of oil mills, cotton compresses, tractors, and other heavy equipment.

It is one of the special lubricants from our line of high-grade lubricating oils for all purposes.

COMMENCEMENT EXERCISES

A Fine Class of Splendid Young People—Good Program

The commencement exercises of the Goldthwaite High school were held in the opera house Wednesday night and the program was pleasing to the audience. The program as outlined contained the following:

PROGRAM

- Invocation—Rev. J. G. Forester
- Opening chorus—Senior Class
- Salutatory—Miss Mattie Laura Johnston
- Instrumental duet—Misses Harrison and Allen
- Class paper—Miss Pluma Ray Allen
- Presentations of Diplomas, Medals and Scholarships—Judge E. B. Anderson
- Valedictory—Miss Sue Burch
- Farewell chorus—Senior Class
- Address by Mr. Blackwell

THE CLASS

The graduates are some of Goldthwaite's finest and most talented young people. They are entitled to much praise and great credit for their attainments. Goldthwaite is proud of them and their friends everywhere are delighted with their efforts and their success. No finer class of young people has been graduated in any school in Texas. As individuals and as a class they are entitled to all of the nice things their friends have been saying about them. It is the sincere wish of their admiring friends that this occasion may be indeed the commencement of a life of progress and attainment for each of them and that their lives may be filled throughout with happiness. This splendid class was composed of the following: Misses Sue Burch, Mattie Laura Johnston, Pluma Ray Allen, Anna Joyce Harrison, Ruby D Hearn, Fannie Angelina Jackson, Georgia B. Frizzell, Mr. Marion Dixon Stephens,

THE USE OF FRIENDS

Friendship is a divine tie, and God is the giver of our friends. He is our best friend, and the highest honor that mortal can aspire to is to be called 'the friend of God.'

The Lord who gives us friends gives them power over us to influence us, not merely for the pleasure of the hours spent in their society, the mirth, music and enjoyment of the sunny day, but for the good that we may do each other, the advice, the instruction, wisdom, counsel and reproof which we may receive at each other's hands.

Hence we are to watch in all our friendships for opportunities of doing good to our friends and getting good from them. If among a thousand friends we have one who dares to tell us of our faults, how should we prize such a friend? If there is one among a hundred who would have skill to tell us of our failings without giving us offense, how ought we to value such a one who, without flattery or favor, will deal frankly with us and talk truly to us and for our good?

All friendships are but for a time. Some are very brief. We meet today and perhaps part forever. Our opportunities may soon be gone, and we may not be able to do or say tomorrow what we might do or say today. Hence the importance of instantly improving by all counsel, admonition, instruction, so that we may derive the benefit which comes through advice of friends and from the words of wisdom which they may speak to us.

How many of our friends are gone. Some of the truest, the most faithful and steadfast. Others are swiftly passing away. We have them but for a day. Let us make the most of them, and pray that He who gives us friends may make us worthy of them, and teach us wisely to improve the opportunities which He bestows, and make the best possible use of all the friendships and good gifts that come to us from the hand of God.—Selected.

W. C. Merchants and family are preparing to move to Carrizozo, N. M., where he will continue in the practice of law. He is a lawyer of fine ability and a citizen of the highest type whose removal will be a serious loss to the community and the local bar. He and his good family have many friends here who sincerely regret their removal, but wish for them the greatest prosperity and happiness in their new home.

Again have rumors of a move for peace in Europe been circulated and President Wilson's name has been prominently connected with the movement. In an interview he stated that the intervention of a neutral in behalf of peace in Europe could rest only on a mutual understanding by the belligerents that terms to be arranged are to conserve the interests of all and of the world at large, rather than those of a particular nation or group of nations among the warring powers. This at least looks as though serious consideration was being given to the matter and it does seem that the time is right for neutrals to make a strenuous effort to bring about a cessation of hostilities, not only in the interest of humanity, but because of the business conditions caused by the long duration of the war. Of course partisans of either side of the conflict are desirous of carrying the war to a successful ending for their side, but as either side has confidently looked for victory for almost two years we may in reason determine that neither side need expect a decisive victory.

MRS. LOWE DEAD

Friends of Mrs. Em Wilson and family sincerely sympathize with them in their bereavement because of the death of her mother, Mrs. Jacob Lowe, which occurred at the Temple sanitarium Thursday night. Mrs. Lowe made her home with her daughter near Rockdale, but was carried to the sanitarium for an operation and it was there her death occurred. Her son, Dr. Lowe of Lometa, and her daughters, Mrs. Wilson of this city and Mrs. Rosson of Winters were with her when the end came.

The funeral service will be held in Lometa today.

SHERIFF'S SALE

The State of Texas—County of Mills:

Notice is hereby given that by
virtue of a certain order of sale is-
sued out of the Honorable 74th Dis-
trict Court of McLennan County, on
the 6th day of April, 1916, by R. V.
McClain, District Clerk of said Mc-
Lennan County for sum of twelve
hundred and fifty dollars, together
with six (6) per cent interest from Jan-
1st, 1916, and costs of suit, under a
judgment in favor of Elmer Barnett
in a certain cause in said Court No.
941, and styled Elmer Barnett vs. J.
M. Allen, placed in my hands for
service, I, J. H. Burnett, as Sheriff
of Mills County, Texas, did, on the
4th day of May, 1916, levy on certain
real estate, situated in Mills County,
Texas, described as follows, to-wit:

All of Lots No. eight (8), ten (10),
twelve (12), and parts of lots No.
fourteen (14), sixteen (16), eighteen
(18), and twenty (20), in block No.
seventeen (17), in the town of Mul-
lin, in Mills County, Texas, as
shown in map of the town of Mullin,
made by J. G. Hitchcock, engineer,
and levied upon as the property of J.
M. Allen, and that on the first Tues-
day in June, 1916, the same being
the 6th day of said month, at the
Court House door, of Mills County,
in the town of Goldthwaite, Texas,
between the hours of 10 a. m. and
4 p. m., by virtue of said levy and
said order of sale, I will sell said de-
scribed real estate at public vendue,
for cash, to the highest bidder, as
the property of said J. M. Allen.

And in compliance with law, I
give this notice by publication, in
the English language, once a week
for three consecutive weeks imme-
diately preceding said day of sale,
in the Goldthwaite Eagle, a news-
paper published in Mills County.

Witness my hand, this 4th day of
May, 1916. J. H. BURNETT,
Sheriff Mills County, Texas.
By J. E. Evans, Deputy.
