FATAL ACCIDENT

Norman Bagley, son of Rev. L. A. Bagley of Washboard community, died last Saturday from the result of an injury received in a run-away accident. He was engaged in hauling grain from the field when he fell from the top of the wagon and the wheels passed over him. He lived only a few moments after the accident. He was eighteen years of age and was a most exemplary young man.

The sympathy of the people goes out to Rev. Bagley and family in their great bereavement.

GOOD ROADS

Good roads have always been a very valuable asset to any county, town or community, but as the automobile becomes more and more the popular means of travel, the more valuable becomes the good roads, not only to the travelers, who use them, but to the merchant, the farmer, the blacksmith, the druggist, and every other trade or profession. The tourist, both rich and poor, is finding it more convenient, more economical and more satisfactory in every way to travel by automobile than by train. Millions of people are passing north and south, east and west, during the summer months. The way to get them to pass thru your town, your county or your community, is to build good roads. Just suppose we had an average of one hundred auto loads of tourists passing through Florence daily during six months of the year. What would it mean to the town? Say they only averaged leaving one dollar to the town in Florence. \$100 a day left with the trades people of Florence would not be bad. Let us get busy on the good roads proposition before we are sidetracked by some of our more enterprising neighbors.—Florence V. Mette.

Mrs. G. H. Frizzell left Monday for Weatherford to visit relatives.

Elias Bryan, telegraph operator for the Santa Fe at Rogers, was here this week visiting his home folks and friends.

John Calaway returned from Temple Tuesday, where he had been with his parents, who were carried to the sanitarium Friday.

The picnic at Priddy last Saturday was largely attended and much enjoyed. It is safe to expect a pleasant occasion at any time there is a public gathering in that community.

Today is primary election day and every Democrat should go to the polls and vote for his choice of men to fill the offices and not overlook the amendment proposition or the disposition of the Robertson insurance law.

Mr. and Mrs. I. G. Abney, accompanied by Mary Lyle and J. B. Vincent, went to Goldthwaite Wednesday where they visited friends incident to attending the reunion at that place. They returned today and report a most enjoyable visit.—Brady Standard.

P. H. McCormick and wife of El Dorado were here the first of the week visiting relatives and friends. They lived here in years gone by and are well known throughout this section and have many friends. They went from here to Lampasas to visit S. C. Littlepage and family.

Mason Goode of Star was here last Saturday en route home from an extended trip, which carried him to Europe and back. He was on a vessel going over which was shelled and struck by a submarine, but none of the passengers were lost, while the ship was sunk. He had no disagreeable experience on his return voyage, but it is likely he will be willing to remain on this side of the big pond until the unpleasantness on the other side is over.

RESIDENCE BURNED

The home of Roscoe Boulter in the Trigger Mountain community was destroyed by fire Sunday afternoon and most of the contents were consumed. The fire is thought to have originated from the kitchen stove, but had gained such headway when discovered that very little could be saved from the building. Mr. Boulter and family were asleep on the gallery and were not awakened until the roof of the kitchen was falling in. Friends were here Monday circulating a list and secured a number of contributions for the family to assist in the purchase of furniture, clothing, etc., as there was no insurance on the residence or contents.

MEN'S BIBLE CLASS

Meeting held every Sunday afternoon at 3:30 in Woodmen hall.

Lesson for July 23, 1916, the entire 1st chapter of Hebrews.

To whom was this letter addressed, in what language and by whom?—Dr. S. A. Lowrie.

In verse 1 it says that God spake unto the fathers by the prophets. Is this the only way he spake unto them?—Clyde Hudson.

How did or does God speak unto us by his Son?—Dr. Lusk.

Does verse 3 teach that Jesus Christ is the expressed image of God the Father?—Claude Dickerson.

What do you understand by the word inheritance in verse 4?—J. C. Street.

Does verse 8 teach the divinity of Christ, if so how?—J. T. Wrens.

What is meant by the oil of gladness in verse 5?—W. K. Marshall.

Do verses 11 and 12 each teach that this world will be changed or annihilated?—John Keese.

How many times is the word son used in this chapter?—Norman Grisham.

Do you understand verse 13 do teach that there will be no Angels at the right hand of the throne of God?—J. M. Arnold.

C. B. Mohler has purchased a Ford runabout from Rev. Locks of Mullin.

A large delegation from this city attended the picnic at Williams Ranch Wednesday.

W. J. McCormick returned to his home at Wortham the first of the week, after a visit to relatives here and at Mullin.

Miss Rosa Johnston went to San Marcos last Saturday for a visit to her sister, Miss Annie, who is in the normal at that place.

Many deaths are reported each day in New York and other centers from infantile paralysis and a few cases have appeared in Texas.

Floyd Mullan made a business visit to Dallas the first of the week.

L. R. Conroy has been in Lampasas a part of the week conferring some Masonic degrees.

Tom Pearcey and family and Mrs. W. D. Wilson and daughters arrived from Winslow, Arizona, Sunday night in response to a message informing them of the serious illness of Mrs. J. H. Mullens.

A convention of Republican clubs has been called to convene in San Antonio on August 8 and Marshal Smith of Brownwood, who issued the call requests every Republican club to send delegates.

The Brownwood Bulletin says of the Santa Fe company's big lake a short distance north of Goldthwaite: It has been evident to Santa Fe officials for some time that the run from Brownwood to Goldthwaite was too long, and that engine tanks were hardly large enough to hold the amount of water required. Freight engines with a heavy load suffer most, and at times in the past have been compelled to unhook from the train and go after water. The new provision for the Santa Fe water supply will remedy all water shortage. The reservoir will cost in the neighborhood of \$75,000.

MEETING AT STAR

Rev. J. R. Davis of Rock Springs is conducting a revival at Star, in which he is assisted by Rev. White of Brownwood. The meeting commenced Tuesday morning at 11 o'clock and will continue until the fifth Sunday, it is expected. The preachers and members of the church at Star are anxious that all the people of that community attend and take part in the meeting.

SUCCESSFUL MEETINGS

Rev. R. W. Bynum is conducting a revival in the Antelope Gap community this week and reports say he is having encouraging results.

He reports a two weeks meeting at Moline in which he organized a Baptist church, besides securing 14 conversions. He also held a meeting for one week at Merril creek in which there were 13 conversions and much good accomplished.

Rev. Bynum is an earnest and faithful worker and success crowns his labors wherever he goes.

Send the 'little ones' to Clements Innovation for prompt attention.

Clements serves "Jitney Beer" all fizzy and a yard deep. It's cooling and refreshing. (adv)

Mrs. M. A. Bridgeforth returned this week from a visit to relatives in Tennessee and Arkansas.

Quite a number of Goldthwaite people went to the Democrat community yesterday to attend a picnic.

Miss Lois Horn of Lometa has been in the city this week visiting Miss Lucile Gartman and other friends.

Jas. and Ellis Head and Sherwood Owens of Center City attended the tractor demonstration at Dallas this week.

Call for your coupons at Clements' Drug and Jewelry Store and buy your silverware at half price. Ask about it. (adv)

Mrs. Albert Taylor of Nevada, Texas, is visiting her parents, Mr. and Mrs. Prater, and other relatives in this city.

Coal oil by the barrel and gasoline in any quantity. Give me your orders and they will be filled promptly.—H. E. Dalton.

A. D. Karnes, who has been in the sanitarium in Temple for several weeks, is improving and is expected home in the next few days.

Mrs. J. M. Hicks and little son returned to their home in Abilene last Saturday, after a visit to relatives here. Miss Mamie Kelley went with them for a visit.

J. M. Adams was here from Star Wednesday to meet Rev. White of Brownwood who arrived on the morning train to assist in the meeting in progress at Star.

—If you intend to buy land be sure and demand an abstract of the title, so you may know its condition, otherwise you may get a bad title.—E. B. ANDERSON, Abstractor.

Mrs. J. M. Arnold and little daughter arrived yesterday from Oklahoma, where they had been visiting relatives. Their many friends are glad to have them in Goldthwaite again.

L. H. Little, G. H. Denison, Mrs. D. Albert Trent, Miss Adeline Little, Mrs. S. H. Allen, Miss Zella Prater and Raymond Little, were among the visitors to the Hamilton picnic.

Eat a dish of ice cream at Miller's Best-Ov-All fountain. Note the way it's served, notice the quality. See how clean and nice the dishes are polished. You will be well pleased, that's all. (adv)

Mrs. M. N. Sullivan, who has been in Marlin several weeks for the benefit of her health, is much improved and is expected home in the next few days. Her many friends are indeed glad to know of her improvement.

Small grain crop was very good in this section and the satisfactory prices has caused many farmers to sell a good portion of their crop. Already 135 carloads of oats and six carloads of wheat have been shipped from this place and others are being shipped as fast as they can be loaded. Surely Mills county is the garden spot of the world.

Why do the crowds linger at Miller's Best-Ov-All fountain. They know that it's perfectly sanitary, that it's thoroughly sterilized every day. They see how clean the glasses and dishes are kept, they know there are no disease germs lurking around and they find that the quality of drinks served are of the superior quality and that the flavor of the syrups excel in purity and quality. Good reasons why we go to Miller's Best-Ov-All Fountain for our cold drinks and ice cream. (adv)

CITY BEAUTIFUL CONTEST

We are now coming to the most interesting part of our contest, the awarding of the prizes.

The following children received prizes offered by the Mothers and Teachers club for the best display of flowers grown from seed furnished by the club, \$1.50 to the Cockrum children for best display, second prize \$1.00 to Bonnie Weathers. For the boys \$1.50 to Berwyn Fulton, second prize, \$1.00 to Glen Nickols. Judges were Mesdames J. D. Brown, E. P. Thompson and R. V. Little. page.

On next Tuesday judges will inspect the porch and window boxes and flower beds in each district. Those entering to date are as follows:

District No. 1, flower beds—J. D. and Inez Weems

District No. 2, flower beds—Mrs. Willis Booker; Porch boxes, Mrs. W. B. Potter

BABY HENDERSON DEAD

The death of little Weems Henderson, the two and a half years old son of Mr. and Mrs. C. D. Henderson, occurred Monday under distressing circumstances. He started from the family residence to the orchard where the other children of the family were at play and when the children returned to the house some time afterwards and reported that he had not been with them a search was made for him and he was found dead in the pathway with a cultivator wheel lying on him. The wheel had been left leaning against some trees and served to close the passway. It is supposed that the little fellow attempted to pull the wheel out of the way or to climb over it when it fell upon him. He frequently held his breath when crying and it is supposed that when he was knocked over by the wheel he held his breath and was unable to regain it with the weight of the wheel upon him. There were no bones broken and the wheel was not heavy enough to have caused his death by the force of the fall or the weight. When discovered his body was still warm, but the physician summoned found that life was extinct.

The little body was interred in the cemetery at Rock Springs Tuesday morning and the sad service was attended by a great many of the sympathizing friends of the bereaved family.

You Need A Royal Iron Right NOW!

The Royal will pay for itself in a few weeks. It will do the average weekly ironing at a cost of one cent for fuel.

You are not confined in a hot, stuffy room, but can iron on the porch or in the cool shade of a tree.

In five minutes you can have the Royal all ready for use. No firing up your range or walking back and forth to a stove.

The Royal is not a new and untried article. It has proved its worth by use in more than 750,000 homes for many years.

The picnic at Williams Ranch Wednesday was largely attended and greatly enjoyed.

Mrs. Oscar Skaggs of Paint Rock visited Mrs. J. D. Brown in this city the first of the week.

Miller's Rat Exterminator will rid your place of the troublesome rats and save you lots of money in keeping your grain, etc., from being destroyed. (adv)

J. W. Johnson and family of Brownwood visited relatives here and at Center City the first of the week. They returned home Thursday and W. P. Hutchinson and family accompanied them as far as Brownwood and went from there to Sterling county to visit relatives.

Notwithstanding the prediction of one of their spokesmen that the railroad trainmen will vote to strike if the so-called eight-hour demands they have made of the railroads are not acceded to, we doubt very much if they will put that great calamity on the country. They could not do that without ignoring the interests and rights of the public, and the interest and rights of the public are even larger than their own. A strike would be disastrous to the railroads, but it would be more disastrous to the people at large. They would be the chief victims, as from them, too, must come the money to meet any demands the railroads might accede to. Having this double interest in the matter, they are entitled to an impartial finding as to the justness of the demands that have been made by the employees. Just now their controversy is with the railroads, but their controversy will be with the people of the country if, insisting on their own judgment of their own cause, they strike to enforce it. In a controversy with the public they cannot prevail.—Dallas News.

Rev. Wilson, evangelist for the West Texas conference of the Methodist church, spent a few days here this week the guest of Rev. J. G. Forester. He went to Bethel yesterday to assist Rev. J. R. Robinson in a revival which is to close there tonight and will assist in another meeting to begin at Center City tomorrow.

Rev. Alonzo Monk of Hamilton was a visitor to this city the first of the week.

J. A. Ward was one of the good men of Star who had business in this city yesterday.

Lost—A pair of gold-rimmed spectacles at the depot or about town. Finder will be rewarded for returning them to me.—C. L. Stephens

Why pay more for your Jewelry, Silverware, Watches, etc., when you can buy them cheaper at Clements' Drug and Jewelry Store? "Dependable Jewelry at dependable prices." (Advertisement)

Miss Esia Hearne arrived Wednesday evening from Huntsville, where she attended summer school in Sam Houston normal. She was accompanied home by her little nephew, William Hearne Crain of Franklin.

Bring us your produce and butter fat. We pay the highest price for it.—Baker & Littlepage.

J. D. Faith, the popular proprietor of the Oriental hotel of Temple, this week sent the Eagle a nice order for printing, which not only proves our work pleases him, but shows that he remembers his Goldthwaite friends. No man ever lived here who had more friends than Mr. Faith has among the people of Mills county.

Rev. R. A. Gay and wife and Prof. Phoebe E. Gay and wife expect to leave this morning in their car for a visit to Dallas, Hillsboro and other points, including Spring Hill, Fannin county, where Rev. Gay will assist in a revival beginning the fifth Sunday. They expect to return home the early part of August.

Tom Nation, late of Zephyr, has opened a store at Los Dinero, which is a short distance from Antelope Gap at the place heretofore known as Ware's siding. It is hoped by many of the people of that section that a postoffice will soon be established at that place, which will be convenient for citizens and add to the importance of the place.

Judge M. H. Hines has been confined to his room the greater portion of this week with rheumatism in his neck and shoulders. His many friends hope he will soon be fully recovered.

Mrs. W. E. Reid of Center City accompanied her father, Mr. J. W. Bradley, to Crews the first of the week and there they joined a party of relatives for an automobile trip thru the west to Roscoe and other places.

R. F. McDermott and Russell Mulan returned from Dallas Wednesday with a new Dort car of the 1917 model and it is indeed a beauty. These gentlemen are the local salesmen for the Dort and are prepared to demonstrate its merits.

Now is the time to commence getting rid of the rats. Use Miller's Rat Exterminator and you will get rid of them, it's guaranteed. Sold at Miller's Drug and Jewelry Store. (Advertisement)

Stray:—A bay mare three years old, snip nose, droop tail, 15 hands high, been gone five weeks, last seen on Payne road. Will give \$5.00 to anyone to bring her to Goldthwaite. Write me or phone Obe Floydston.—C. J. Crawford, Goldthwaite, Texas.

I am still offering my farm of 160 acres of land for sale, at the head of Sims Creek, on the Kelly school house and Goldthwaite road, 25 acres in cultivation, 20 acres of good land yet to put in, two new houses and a double crib, 75 barrel underground cistern, eight barrel top ground cistern, hog pen, cow lot two separate pastures, fenced all around, hog, goat and turkey proof and cross fenced with woven wire fence. Will sell at \$9 per acre, will give warranty deed and patent from the state. I want some brush land or the cash money.—M. G. Fesler.

THE FARM IS A GUIDE

The farm should be the farmer's best guide for learning new plans, progressive methods and economical practices. It is the study that will be most practical and feasible in better farming. Close observation and careful attention should be given the farm if progress is to be made in farming.

Plants and animals should be considered in their true position. They are living things and should be carefully studied as such. Their needs for nutrition and development will be one of the greatest problems. The question of making plants grow and animals thrive and develop will be paramount.

The soil is the foundation of plant and animal life. It is the environment necessary for producing crops and crops must be grown to feed animals. The soil will therefore require careful management that will not only maintain its fertility, but increase its productive powers.

The difference between an ordinary farmer and a progressive farmer is largely in the manner in which farmers observe. To make progress one must see and learn. Some mistakes will be made by the most careful and painstaking farmers, but such mistakes need not occur again.

Every year, every month and every day on the farm gives us an opportunity to learn. If we make use of these opportunities we may soon acquire a safe and dependable knowledge that will fortify us against failures and help make farming more profitable.—Farm and Ranch.

CHURCH MOVED

The Arbor meeting held by Evangelist B. R. Robinson and wife resulted in 10 professions and the moving of the location of the Live Oak church to the Liberty school house and five additions to the church. The church was moved in the hope of reaching more people and with a view to building a house at the cross roads as soon as possible. They agreed to begin a Sunday school the first Sunday morning in August, at which time Pastor Davis will preach and administer the ordinance of baptism. E. D. M.

If the reports of those who are injured in auto wrecks are to be believed, it is very dangerous to run a car at a moderate speed. Every day and almost every hour there is an automobile accident and frequently people are killed by overturning cars or being thrown to the ground, but it is mighty seldom that a report is made in which it is admitted that the driver was trying to outrun the rays of the sun or exceed the speed limit of the wind.

E. W. Patterson and family expect to start today for their home at Winters, after spending several days with relatives here and in Lampasas county.

The state farmers institute was in session in Austin this week with a large attendance.

Submarines and warships are on the lookout for the German submarine freight vessel as it makes its way toward its home country and the outcome of the voyage will be watched with interest all over the world.

Sharks are reported to be thick along the Atlantic coast and great schools of them are observed far out at sea. Never before has there been such a panic at seaside resorts and among sailors as at the present time. Some of the survivors from a steamship wreck off the North Carolina coast tell of sharks attacking the life boats and at least one man was caught and killed and the sharks were so thick the boats could hardly be rowed.

The Hamilton Herald issued a special edition last Saturday that was indeed a credit to its town as well as to its publisher. The paper was made up of three sections and contained many local views and likenesses of leading citizens of the town and county, besides giving much valuable information historical, political, commercial and otherwise. When it comes to the 'know how' in newspaper making Editor Boynton takes a place well up toward the head of the class and his splendid ability is displayed in every issue of the Herald. Every citizen of Hamilton county should be proud of the edition of the Herald issued last Saturday.

The country has been uneasy ever since the first indication of a strike of railroad trainmen involving all of the principal roads in the United States, for it is known that the strike would be disastrous to every line of commerce and industry. It is reasonably certain that such a strike will be ordered, notwithstanding the railroad employes are the best paid as a class of any working people on earth and the people must look to the government for protection in case the strike is ordered and the various organization members respond to the order. It has been suggested by the commissioner of labor that the government may take charge and operate the railroad business in case of a tie-up and this seems to be the only reasonable solution of the trouble.

After all, this has been one of the most strenuous campaigns ever experienced in Texas. Most of the candidates from constable on up have opponents and the last few weeks has been a 'rattling of dry bones' in all directions. There are many candidates who will be surprised with the result of today's election and many more of the friends and supporters of such candidates who will get a shock when the returns come in. However, there will be no serious consequence to the country, no matter who gets the offices. As a fact some of the best men in the country are candidates and almost any of them could discharge the duties of office in a fairly satisfactory manner. There is no need to expect the country to go to the bow-wows simply because our favorites are not all elected.

The San Saba News has added to its splendid equipment a fine new press and the press work on the paper has been improved and the work can be done much more rapidly than was possible with the press heretofore in use. The News is recognized as one of the leading weekly papers in Texas, is always well edited and has a strong influence at home and abroad. W. A. Smith, editor and owner of the paper, is one of the strongest writers and best posted men in Texas and stands high wherever he is known. The prosperity evidenced by this improvement and enlargement of the mechanical department of the paper proves that the able and faithful efforts put forth by the News in the interest of San Saba are appreciated by the people of that county and town. May the News continue to grow and prosper.

Gus Woods narrowly escaped death Saturday afternoon when a team of mules which he had been driving were struck by lightning and instantly killed. At the time of the accident he was working on his father's farm, which is situated on the river about fifteen and one-half miles from town. He was raking some trash from under a large oak tree in the field, and climbed off the rake to pull up a small patch of Johnson grass, the mules having no one to watch them, grazed off. They had gotten about thirty feet away when the lightning struck them. Both mules were killed, the harness burnt up and Woods was knocked to the ground. A few minutes later he regained consciousness and was no worse from the effect of his narrow escape.—Star.

Mrs. C. K. Bell of Fort Worth, who has been visiting Mrs. G. H. Goodson returned home Saturday.

During the past week John Moore, grandson of Judge Fleming, was appointed as cadet to West Point. Young Moore was winner in a competitive examination given in Fort Worth by a margin of 10 points.

During the twenty-four hours ending Friday night three noble women of Comanche county passed away. Mrs. A. L. Mason, Mrs. J. R. Jackson and 'Aunt Caroline' Montgomery. All were mothers of prominent families and their passing away so nearly at the same time passed gloom over many good people of the county.

Last Tuesday Uncle Dave Cunningham had the misfortune to fall from a platform of a granery and as there was no one about and he was unable to call for help he lay for some time where he had fallen. Mrs. Cunningham finally noticing his absence went to search for him and found him in a serious condition. However, he is doing nicely now.—Chief

This Man Is Taking His Time But--

Now is YOUR Time to Save Money by building Granaries and Barns in which to store your Grain crop.

It will cost you 3 1/2 cents or more to sack your grain—per bushel—and it only costs from 5 to 7 cents for the material to build a separate place to put it this year. Then next year it wont cost you anything, because you will already have a place to put it. Besides, there is nearly always a gain of from 7 to 20 cents per bushel in price from threshing to the first of the January following.

If you haven't a place to put your oats or other grain, let us furnish you the material to make a place for it. You see, it will pay for itself in about seven months time.

We have just unloaded a fine lot of granary and barn Lumber and are prepared to furnish you anything you need to improve your home or farm. Goldthwaite is on the map when it comes to Lumber and you CAN'T BEAT OUR PRICES ANYWHERE. We Positively will NOT be Undersold. Why not Figure with Us?

HAMILTON

A mass meeting of business and professional men and citizens of Hamilton was held at the court house Monday night for the purpose of effecting a commercial organization for promoting the development and welfare of the town.

Some time between 12 and 1 o'clock last Monday night, George Washington, a negro servant, about eighteen years of age, doing service at the E. A. Perry home in Hamilton, was discovered in the sleeping apartment of Misses Medda and Addie Smith, daughters of Mr. and Mrs. Travis Smith, neighbors of the Perry family. The young ladies were asleep, and Miss Addie was awakened by what she supposed to be a pet cat at her feet. Rising to brush the cat away she discovered the negro standing in the moonlight at the foot of the bed. Her screams awakened her sister, sleeping by her side, and brought the parents, who were sleeping out on a back porch, to the room, and frightened the negro away he leaving prints of his bare feet on the ground as he ran.—Record.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELAT- ING TO LEVYING TAX FOR SCHOOL PUR- POSES

H. J. R. No. 30) House Joint Resolu-
tion,
Proposing an amendment to Section
3 Article 7, of the Constitution of
the State of Texas, authorizing the
levy and collection of an ad valorem
county tax not to exceed fifty cents
on the one hundred dollars valua-
tion of property for the mainte-
nance of the public schools of the
county, and authorizing the levy
and collection of an ad valorem
district tax not to exceed one dol-
lar on the one hundred dollars
valuation of property for the main-
tenance of the public schools of
the district.

Be it resolved by the Legislature of
the State of Texas:
Section 1. That Section 3 of
Article 7 of the Constitution of the
State of Texas be amended to here-
after read as follows:

Section 3 School Taxes—One-
fourth of the revenue derived from
the State occupation taxes, and a
poll tax of \$1.00 on every male in-
habitant of this State between the
ages of 21 and 60 years shall be set
apart annually for the benefit of the
public free schools, and in addi-
tion thereto there shall be levied
and collected an annual ad valorem
State tax of such an amount, not to
exceed 20 cents on the \$100.00 valua-
tion, as with the available school
fund arising from all other sources
will be sufficient to maintain and
support the public free schools of
this State for a period of not less
than six months in each year. The
Legislature may authorize the levy
and collection of an annual ad valorem
county tax within the counties
of this State not to exceed 50 cents
on the \$100.00 valuation of property
situated within the county; provided,
a majority of the qualified property
paying voters of the county vot-
ing at an election to be held for that
purpose shall vote such tax, for the
purpose of maintaining the public
free schools of the county, and the
Legislature may also provide for the
formation of school districts by gen-
eral or special law, without the local
notice required in other cases of
special legislation, and all such school
districts, whether created by general
or special law, may embrace parts
of two or more counties, and the
Legislature shall be authorized to
pass laws for the assessment and
collection of taxes in all said districts
and for the management and control
of the public school or schools of
such district, whether such districts
are composed of territory wholly
within a county or in parts of two
or more counties. And the Legislature
may authorize an additional ad valorem
tax to be levied and collected
within all school districts hereto-
fore formed, or hereafter formed, for
the further maintenance of public
free schools, and the erection and
equipment of school buildings there-
in; provided that a majority of the
qualified property tax-paying voters
of the district, voting at an election
to be held for that purpose, shall
vote such tax not to exceed in any
one year one dollar on the \$100.00
valuation of the property subject to
taxation in such districts, but the
limitation upon the amount of school
district tax herein authorized shall
not apply to incorporated cities or
towns, constituting separate and in-
dependent school districts.

Sec. 2. The Governor of this State
is hereby instructed to issue the
necessary proclamation for the sub-
mission of this amendment to the
qualified voters of the State of Tex-
as at the next general election to be
held in November, 1916, at which
election all voters favoring this
amendment shall have written or
printed on their ballots the words,
"For the amendment to Section 3,
Article 7, of the Constitution of the
State of Texas, relating to the levy
of ad valorem school taxes not to ex-
ceed fifty cents on the \$100.00 valua-
tion in the county and not to ex-
ceed one dollar on the \$100.00 valua-
tion in the district, for the purpose
of maintaining the public schools of
the county or of the district." And
those opposed to this amendment
shall have written or printed on their
ballots the words, "Against the

amendment to Section 3, Article 7,
of the Constitution of the State of
Texas, relating to the levy of ad valorem
school taxes, not to exceed fifty
cents on the \$100.00 valuation in the
county, and not to exceed one dollar
on the \$100.00 valuation in the dis-
trict, for the purpose of maintaining
the public schools of the county or
of the district."

Sec. 3. The sum of \$5,000.00, or
as much thereof as may be neces-
sary therefor, is hereby appropriat-
ed to pay the expenses of carrying
out the provisions of this resolution.

(Note.—H. J. R. No. 30 was adopt-
ed by the House March 6, years

WHAT THE LAWYERS OF GOLD- THWAITE HAVE TO SAY FOR THE CANDIDACY OF M. M. WHITE OF LAM- PASAS FOR DIS- TRICT ATT'Y

We, the undersigned members of
the Goldthwaite Bar do hereby en-
dorse the candidacy of Judge M. M.
White of Lampasas, Texas, for the
office of District Attorney of the
27th Judicial District, composed of
Bell, Lampasas and Mills counties.
Some of us have known Judge White
for twenty years or more and have
known him to be a true gentleman
in every sense of the word, as well
as an able lawyer and eloquent
speaker.

Judge White has had an extensive
practice in both the Civil and Crimi-
nal Courts and has held the office of
County Attorney of Lampasas coun-
ty for four years, and that of Coun-
ty Judge for ten years, in both of
which he made an enviable record
as an able, fearless, conscientious
and impartial officer.

For twenty six years or more Bell
county has furnished the District At-
torney for the district, and fifteen
years or more the District Judge,
and Mills and Lampasas counties
have cheerfully supported her candi-
dates. We now feel that Bell coun-
ty should be willing to divide the
honors with this end of this district,
especially as we are asking for the
lesser of the two offices. It is true
that Bell county can dictate to this
end of the district office, but we
have faith in the sense of fairness
of her citizenship and believe that
they will concede to this end of the
district the lesser of the two offices.

We present Judge White to the
voters of the District as an able
lawyer and a man who, if elected,
to the office to which he aspires,
will discharge the duties of the office
fairly, faithfully, conscientiously
and impartially and to the credit
of the district, and urgently ask the
support of the voters of the district
in his behalf.

E. B. ANDERSON
F. P. BOWMAN
A. T. PRIBBLE
L. E. PATTERSON
W. C. MERCHANT
Attorneys-at-Law.

In connection with the foregoing
petition from the lawyers of Mills
county, I, as chairman of the Mar-
tin White Club in Lampasas county,
wish to impress upon the voters of
Mills county, that we have a chance
to elect one of our citizens in this
end of the District if Mills county
will stay with us, but as we all know
Bell county has twice as many votes
as both our counties and four times
as many as either one of the other
counties. It is, therefore, necessary
for Judge White to spend the most
of his time in Bell county, and will
be impossible for him to make a com-
plete canvass of Mills county. We
know that you would vote for Judge
White if he could see and talk to
each of you, and ask you, in the
event he does not get to see you,
to take the endorsement of your at-
torneys at Goldthwaite, and the en-
dorsement of the citizens of Lam-
pasas and the overwhelming endorse-
ment of the citizens of Lampasas
county, that Judge White is the right
man for the office of District At-
torney of this District.

Yours for the 'little end' of the
District.
ROY L. WALKER
Chairman.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS The State of Texas No. 158

Notice is hereby given, to whom concerned, that F. Merritt, whose postoffice address is Galveston, Texas, acting for the G. C. & S. F. Railway Company, did on the 6th day of July, A. D. 1916, file an application in the office of the BOARD OF WATER ENGINEERS OF THE STATE OF TEXAS, in which he applies for a permit to impound, divert, and appropriate 1000 acre-feet of water per annum, for the purpose of engine service and other railway purposes; the proposed impounding reservoir to be located on Brown Crank, a tributary of the Colorado river, on parts of Blocks 66, 67, 71 and 72, of the subdivision of Caldwell County School Land League No. 113, and about 4 1/2 miles in a northwesterly direction from the town of Goldthwaite, in Mills county, Texas. The proposed reservoir will be created by means of the construction of an earth dam 3700 feet long with 15 inch concrete and timber core wall, said dam having a 200 foot spillway with a relief spillway 300 feet long, the reservoir thus created having a capacity of 300,000,000 gallons, and from which the water will be diverted by means of a gravity pipe line to the company's devoted supply tank.

A hearing on the said application of the said F. Merritt, for the use and benefit of said G. C. & S. F. Railway Company, as aforesaid, will be held by the Board of Water Engineers of the State of Texas, at its office, in the city of Austin, county of Travis, said State, on Monday, the 28th day of August, A. D. 1916, beginning at 10 o'clock, a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under, and by virtue of, an order of the Board of Water Engineers of the State of Texas, at the office of said Board, in Austin, Texas, this the 7th day of July, A. D. 1916.

ANIMALS WITH CROPS

Prices for livestock and livestock products have been unusually good recently. In fact, good prices have in general prevailed since times began to revive after the beginning of the European war. Hogs and beef cattle are especially high at this season of the year, although doubtless, as statistics indicate, there are more of these animals on farms than a year or two ago.

This should be encouragement for those who have been depending upon crops alone for their farm income to get desirable breeding stock and begin raising animals. This seems the logical thing to do even though animals were worth no more than usual. It is a fact that animal husbandry with crop growing is the safest system for those not specialists in producing certain highly specialized crops. But it should be remembered that preparations will be necessary for animal raising. Animals will require feed, shelter and pasture, also perhaps. To begin with expensive pure-bred breeding stock without some attention to the essentials for success, feed and care, is almost sure to bring disappointment. This will likely cause greater investment both as to the animals and facilities for raising them, but if these matters are planned carefully there are reasons for expecting greater profits. When once preparations for pasture, st'lo, barn, feeds, etc., are made there will be little upkeep needed and the business can be increased gradually until upon a safe and sound basis. Raising livestock will not permit of radical changes such as crop growers often make from year to year. It requires a permanent system with definite, dependable plans. But it is worth such plans, if intelligently pursued.—Farm and Ranch.

**Help us to HOLD DOWN—
Tire Prices**

TIRES, and GASOLENE, "make the Wheels go round!"
A Car in the Garage COSTS as much as a Car-on-the-Road, but it pays no dividends, on the Investment, so long as it STAYS in the Garage.

The VALUE of the Car,—to its Owner,—narrows down, in the ultimate, to the precise number of Hours he USES that Car, yearly.
If a \$2,000 Car be owned for, say, 4 years (then sold for \$600.) there has been \$1,400 of Car-Value absorbed by the Owner,—equal to, say, \$350. per year.
If then, that Car be USED 913 Hours in the year, it would cost him but 38 CENTS per Hour, for Car-Use.

But,—if he used it only HALF that number of Hours, yearly, the Car would cost him 100% MORE for every Hour he used it.
How MUCH he uses it will depend,—to a considerable extent,—upon the PRICE of TIRES and GASOLENE.

This was one of the reasons why we (Jan. 31st, 1915) inaugurated the Goodrich "FAIR-LIST" Propaganda against High-prices, and Padded-Price-Lists, on Tires.
It is a further reason why we NOW keep our own Goodrich Prices DOWN to the very moderate "Fair-List" figures here quoted.

BETTER Fabric Tires are NOT made, and cannot be made,—at ANY price,—than are produced by The B. F. Goodrich Co.

A 15%, to 50%, higher price could well be justified for these same Tires, by fair comparison with other Tires sold at 15% to 50% higher prices.
Will you help your own interests (present and future), by further expanding the Sale of that Tire which demonstrates its Intention, through LOWERING the Cost of its Tires to you, with every INCREASE in its Volume?

Will you thus endorse, and support, the Goodrich Policy which automatically PREVENTS OTHER Makers from forcing UP the Market on Tires?

Compare Goodrich Fair-List prices, here quoted.
Bear in mind that NO Fabric Tires,—at ANY price,—are "better,"—no House more Fair, and LIBERAL, on proper Adjustments.

THE B. F. GOODRICH CO., Akron, O.

Goodrich "Fair-List" Prices

30x3	Ford Sizes (Safety-Treads)	\$10.40	34x4	Safety-Treads	\$22.40
30x3 1/2		\$13.40	35x4 1/2		\$31.20
32x3 1/2		\$15.45	36x4 1/2		\$31.60
33x4		\$22.00	37x5		\$37.35

NOTICE.—These Tires are as perfect as Fabric Tires can be made.
But, should any dissatisfaction whatever arise, with any Goodrich Tire, its Owner is invited, and REQUESTED, to take the matter up promptly with us,—the Makers.
He will find that Fair, Square, and LIBERAL treatment will always be extended, on all proper adjustments.

J. C. Carlock, farmer, Fisher St., Goldthwaite, says: 'I was doing some heavy work and I strained my back and kidneys lifting. At first I commenced to have pains in my back and mornings I couldn't straighten up. The pains extended in my hips and limbs. My kidneys became weak and I had to pass the kidney secretions far too often. I used a kidney medicine, but it did me no good and finally I began taking Doan's Kidney Pills. Soon the pain in my back left and the action of my kidneys became regular. I have had no need of a kidney medicine since.'

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carlock had. Foster Millburn Co. Props., Buffalo, N. Y. (adv)

STAR SCHOOL OF REVIEW

Star, Texas, July 17—The Star School of Review opened its second annual session this morning with an enrollment of twenty-two members present against seven on the same day last year.

From these figures it will be readily seen that there is a rapid growth of this institution and if our enrollment increases in proportion to what it did last year it will probably reach seventy-five. Another thing noticeable about its growth is the fact that last year all the students enrolled were living either in or around Star, but this is not the case this year. In addition to the students enrolled from this place we have four other communities represented here: Melino Fairview, Cottonwood and Hurst Ranch.

We do not publish this as a means of advertisement. There is no one connected with it who derives one cent for his efforts in teaching as there is no tuition whatsoever, but it all indicates that Star is a wide-awake place from an educational standpoint.

The officers elected for this term are: M. L. Garrett, conductor; J. H. Goodnight, assistant; Miss Ada Morris, secretary treasurer.

The teachers present on the first day of school who held valid state certificates are Messrs. M. L. Garrett, J. H. Goodnight, Elvis Morris, King A. Childress and Miss Ada Morris. In addition to the above teachers named we are expecting Mr. and Mrs. W. A. Jeter, Leslie Moore, A. Power and Mr. Benton to arrive this week.

Doubtless many are wondering how a school can be successfully operated without money, but that is easily done if you know how and have the nerve. This is the way we manage it: In the first place Star has a number of efficient teachers who are not afraid to put their shoulders to the wheel. Each teacher attending teaches one or two subjects and thus the work is equally divided among the teachers that they are not burdened with teaching to the extent that it hinders from preparing and reciting their regular work. A STUDENT

CONSTIPATION AND INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere. (adv)

CARD OF THANKS

It is with grateful hearts we acknowledge the many kind and thoughtful deeds of our friends and neighbors in our community and the many acts of friendship and sympathy of those in other communities in our great bereavement. Surely we are thankful to the Giver of all good for so many kind and sympathetic friends, for without them we would have been desolate indeed. Not only did the good and noble people perform every act possible to help us, but messages of sympathy and condolence came from many who could not be with us and we are truly grateful for all of this, as well as for the beautiful floral offerings. We want all of these friends to know that our hearts are bound more closely to them because of these acts of thoughtfulness and words of consolation. L. A. BAGLEY AND FAMILY

RAILROAD WAGES

Shall they be determined by **Industrial Warfare** or **Federal Inquiry?**

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747	\$2195	\$1537	\$2071	\$1056	\$1378
	3094		3076		2445	
Conductors	1543	1878	1454	1935	1151	1355
	2789		2933		2045	
Firemen	1033	1317	751	1181	418	973
	2078		2059		1552	
Brakemen	854	967	874	1135	862	1107
	1719		1961		1821	

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

The expense of the European war is in reality growing and just how many centuries will be required to liquidate all of the indebtedness created by the war can hardly be calculated, even though hostilities were to cease at this time. The expense of England alone is reckoned at thirty million dollars a day and the other countries involved have an expense account that is not far from that total.

There are enough uncertainties about life without guessing at the title to your land—be on the safe side—have an abstract made by E. B. ANDERSON, and examined by your attorney. (adv)

MEETING IN PROGRESS

Strong Sermons—Good Singing and Large Audiences.

The meeting commenced at the Methodist tabernacle at 11 o'clock last Sunday morning has grown in interest during the week and large audiences attend each service. Rev. M. A. Cassidy is doing the preaching and he is one of the strongest evangelists ever engaged in the work at this place. His sermons are interesting throughout and are beneficial to his hearers.

The song service is under the leadership of Prof. Ellis of Dallas and he has proved himself an able leader. The splendid choir is doing fine work and the song service is one of the most attractive features of the meeting.

Services are held each morning at 10 o'clock and each evening at 8 o'clock, while prayer meetings are held by the ladies and men at different places prior to the evening services.

Rev. Forester, pastor of the church is certainly to be commended for his good judgment in the selection of helpers for this meeting and it is hoped by the Christian people of all denominations that this series of meetings will result in great and lasting good to the town.

DEMOCRATIC CALL

The Democrats of each voting precinct are notified to assemble some time during the day Saturday, July 22, in their respective voting precincts for the purpose of selecting delegates to the county convention and electing a local chairman who shall be a member of the county executive committee.

All members of the Democratic Executive committee are hereby called to meet in the court house in Goldthwaite on Saturday, July 29, at 9 o'clock in the morning for the purpose of declaring the results of the primary election and transacting such other business as may come before said meeting.

A county convention of Democrats is hereby called to convene in Goldthwaite Saturday, July 29, at 3 o'clock p. m., for the purpose of selecting delegates to the state convention and transacting such other business as may properly come before said convention. The delegates selected from the various voting boxes on July 22 will constitute the membership of the convention on July 29.

LIVE OAK

Editor Eagle:

After some time I will try to tell you of a few things that are happening out this way.

Small grain is all cut and most all threshed, corn is in full roasting ears and other feed is well headed and looks well and cotton has a fine stalk though the boll weevil seems to be getting most all the fruit.

A good rain just now would fill out the corn and make all feed better.

Mr. J. W. Griffith came home from the cedar breaks a few days back and is now suffering with a bad case of sore eyes.

Mr. J. A. Ross and family and Mr. F. A. Scott went fishing last week and report a nice time and plenty of fish to eat.

Mr. and Mrs. Malford Faulkenberry and children spent Sunday at the home of Mr. J. W. Griffith.

I wish to compliment Mr. H. C. Cobb on the excellent thoughts he presented in last week's Eagle. They sure were fine.

Oh! My! Don't Dish Washer have some fearful bad dreams? She must indeed be glad to awaken and find she was only dreaming and poor old Smiling Billie is passing through a great many experiences lately, but we hope he will come out happily yet.

Say, what has gone with all our writers? Wish they would come back and tell us where they have been so long.

RAINBOW.

CARD OF THANKS

C. D. Henderson and wife desire the Eagle to express their sincere thanks to the many good people who assisted them and gave them words of consolation at the time of their great bereavement. They are indeed grateful for all this kindness and want each kind friend to know that every act was sincerely appreciated.

DEATH OF NORMAN DAWN BAGLEY

Norman D. Bagley, son of Rev. and Mrs. L. A. Bagley, was so badly hurt by a frightened team last Saturday, the 15th, inst., as to die in a short time afterwards.

The sad misfortune occurred near the Washboard community, in which the Bagley family lives. They have lived in Mills county for four years or more and Bro. Bagley having earnestly labored in the gospel ministry in various parts of the county has made for him a large acquaintance. The many friends of himself and family feel to join in heartfelt sympathy in this time of their deep and unspeakable sorrow.

They have lived neighbors to me and I speak of the good and noble deceased Norman from personal knowledge. He has been in my home many times and I in his. His passing away is a personal sorrow to those of us who knew so much of his fine spirit and Christian character.

He was converted and joined the church when quite young and manifested his soul's interest in his Lord's cause in being prompt and regular at church and at times by speaking in the public congregation of the Master's dealings with him or of praying the blessing of God upon the assembly.

If one could help it there are happy reasons why we should not grieve the departure of one so obedient to parents, so obedient to his Lord as was dear Norman, who was so suddenly called home to dwell free from pain and sorrow. This promising and beautiful life was cut off in its eighteenth year, but thus brief it leaves a sad void in the church and community.

In the presence of a large and sympathizing congregation the remains were laid to rest Sunday afternoon in the Indian Gap cemetery. The people of various communities have expressed profound sympathy in word and deed. It is well to do so as a token of the appreciation and love of the young and beautiful life now transferred to the home eternal. Kind friends made the grave beautifully completed covering the mound with flowers, beneath which

the body peacefully awaits the call of God to immortality.

May the family in these hours of deepest grief and every sorrowing friend bow in submission to Him who visits us with uninvited and unexplained providence. Let us patiently await the time to join loved ones in our Father's home and He no doubt will make all these ordeals plain. Yours to sorrow with you.
