FARM LOAN ASSOCIATIONS

Most of the newspapers of the state are urging the organization of farm loan associations for long time loans under the Federal loan act. Some are not doing this despite the fact that there is not a community in Texas which would not be benefited by such an organization. Perhaps this hesitancy may be due to the fact that the papers fear that such organizations will injure their patrons, the local banks.

The banker who will not lend his influence to such an organization is indeed very nearsighted, for it will bring additional money into the community and permit of the use of the money now there in enterprises for the upbuilding of the section, thus bringing increased prosperity to all the people. It is admitted that banks prosper on the prosperity of their patrons.

At Sabinal and Uvalde, and probably in other places, the bankers have filled in a letter to the farmers urging the establishment of a farm loan association. Doubtless with the cooperation of the local press bankers throughout the state would be glad to assist in organizing the farmers who wish to secure the benefits of this aid of congress. Newspapers will do well to take up the matter and discuss it.—Texas Journalist

CEMETERY ASSOCIATION

The Goldthwaite Cemetery Association met in the rest room at the court house Monday afternoon in regular business session.

Election of officers was the main business of the afternoon and the following officers were elected: Mrs. L. E. Miller, president; Mrs. Chas. Rudd, vice president; Mrs. Eli Fairman, corresponding secretary; Mrs. Ann Sullivan, recording secretary; Mrs. R. M. Thompson, treasurer. The ladies of the association can be seen at the community sincerely appreciate their splendid work.

Miss Lura Yarborough went to Richland Springs Monday for a visit to relatives.

J. D. H. Wallace returned Saturday from St. Louis, where he spent some days buying goods for McKinley-Corrigan Co.

W. E. Grisham and family visited Mr. and Mrs. J. H. Allen in Comanche Sunday and report them getting along nicely in their new home.

Edward Geeslin and family made an auto. trip to Brady Saturday and remained until Sunday with Bernard Whiteman and family.

T. F. Toland and wife arrived at home Monday morning from St. Louis where they spent some time buying goods for Little & Sons.

G. N. Atkinson and family visited his sister Mrs. Hill and children near Lometa Sunday. Mrs. Hettie Urbach accompanied them and visited relatives in Lometa.

Mrs. C. D. McKinley and children and Miss Eula Lee Williams of Hamilton spent Saturday and Sunday visiting Mrs. R. L. Steen and Mrs. Lee Jones in this city.

Judge R. B. Weaver and Commissioners J. F. Henderson and E. J. Griffin left Saturday night for Terre Haute, Ind., to inspect road machinery manufactured at that place.

Rev. G. W. Temple and wife of Mullin were passengers on Tuesday morning's train enroute to Austin, where they expected to remain some time for the benefit of his health. A. J. Cockrum accompanied them as far as Temple.

Mrs. S. W. Burks and children left Monday night for El Paso, where Mr. Burks and other members of the family have been for some time and the family will make their home in that city. They leave a host of friends in Goldthwaite who parted with them with regret and hope for them every good fortune in their new home.

MERRELL CREEK

Editor Eagle:

For fear that I would miss the invitation to the banquet, I thought I had better write again and give the news of Merrell Creek.

Still dry. Some are sowing oats. The spelling last Friday night was called off on account of sickness and for fear of spreading the measles.

The Sunday school was stopped for the same reason for a few Sundays. We want to keep the measles out of school if we can.

Well, Mr. Editor, there is lots of sickness in our community. Everybody almost, is sick.

Mrs. J. M. Harris was right sick last week, but is better at this time.

Mrs. J. J. Roberts has been right sick, but is now able to be up again.

Lon Harris' family has been sick, but is improving at this time.

Joe Merrell went to bed, but he failed to break out with the measles and he had to get up and go to work.

Jeff Spivy's baby is right sick with pneumonia.

Paris Moore of Lookout is very sick with appendicitis.

Mr. Editor, I can't mention all that is sick, there is so much.

Mr. L. H. Green and family came in a few days ago from Jones county, where they moved to last fall. Tom says they wanted him to do some grading out there and he thought he would just come back to Mills county, where there was nothing compulsory about work.

T. H. Green and father visited Goldthwaite one day this week.

Mrs. Lizzie Shipman of Live Oak community visited her parents, Mr. and Mrs. Lon Yeager, Saturday and Sunday.

Grandpa and Grandma Mason were sick last week, but able to be up at this time.

Neal Dickerson and family visited in San Saba Sunday.

A. L. Burk made a business visit to Dallas the first of the week.

Miss Mary Morris visited relatives in Brady Saturday and Sunday.

R. E. Clements made a business visit to Lampasas the first of the week.

Mrs. W. C. Dew spent a part of the week in Brownwood visiting Mrs. C. L. Burks.

L. E. Miller and wife spent the first of the week in Dallas, where he looked after business affairs.

Mrs. Ida Williams of Liberty community made a business visit to San Saba the early part of the week.

When you have visitors, go on a trip or know any other local item tell the Eagle, for your friends want to know about it.

Sheriff Burnett and Commissioner Karnes of this city and E. W. Reeves of Center City were business visitors to Brownwood the early part of the week.

An automobile belonging to Gus Fisk, a traveling salesman of this city, was damaged Sunday afternoon when another car struck the Fisk car which was at a standstill breaking off the number plate and rear light, also caving in the back of the body. The failure to apply the brakes of the moving car was the cause of the accident.—Brownwood Herald

The introduction of a bill in congress making some very drastic penalties for the combination of paper manufacturers or jobbers and providing for a government paper mill will have a beneficial effect. Some of those who have investigated the matter and are in a position to know a great deal about the subject are strongly of the opinion that the wholesalers and jobbers are in reality the people who have placed the exorbitant prices on paper of all grades and especially on newspaper.

THE COST OF CULTIVATION

According to data compiled by Mr. H. M. Madison, farm and immigration agent of the San Antonio and Aransas Pass Railway, the farmers of the South are spending an enormous sum in cultivating crops. His estimate of crop cultivation annually in the South is \$39,054,420 as compared to the farmers of the West whose cultivation cost \$3,415,770; those of the North \$269,521,036. When area in improved acres is considered we find, according to Mr. Madison's figures, that the South makes a very poor show in economical cultivation. Estimating a farm at 80 acres the cost of cultivation per farm in the West is \$7.20; North \$74.40; South \$180.

The explanation given by Mr. Madison is logical. In the South and Southwest a very large per cent of the cultivated area is in stalk crops, such as cotton, corn, kafir, milo, feterita and sorghum, which are planted in rows and requires cultivation. We plant a very small per cent of our cultivated area in stem crops, such as wheat, oats, rye, barley, grass, clover, alfalfa and other crops. This is shown by the following: The West has 2.9 per cent of the cultivated land in stalk crops and 91.5 per cent in stem crops; the North 32.8 per cent in stalk crops, 56.9 per cent in stem crops; the South 74.9 per cent in stalk crops, 20.4 per cent in stem crops.

Not only does a large per cent of cultivated area in stalk or row crops, especially such expensive crops as cotton, tax the resources of farmers, but it limits the number of animals that can be kept without which it is a difficult matter to maintain the fertility of the soil. Such crops as cotton also increase the difficulties of marketing, making farming uncertain in seasons of drought.—Farm and Ranch

Mesdames Henry Martin, Harry Martin, John Keese and F. C. Birdwell will entertain the Home Mission society Monday afternoon at the Birdwell residence on Fisher street.

L. C. Atkinson of the bayou country transacted business in the county seat one day this week and while here took occasion to advance his subscription date for the Eagle and also that of his brother, former county clerk R. J. Atkinson, who is now prospering in San Angelo.

Circle No. 2 of the Ladies Aid will entertain the society Monday afternoon at three o'clock in the Baptist church with a missionary program. The subject will be "Building for the Kingdom" and after the program a social hour will be spent. A special invitation is extended to all the members of the Aid.

I want to say a good word for Dr. Hess' Poultry Panacea. To those that are interested in poultry I don't think you could find a better preparation. I have used many kinds, but Dr. Hess' Poultry Panacea is the best preparation I have ever used and I find that you always get results from its use. Will also say I have used Dr. Hess' Instant Louse Killer and it can't be beat. It gets them every time. I have no hesitancy in recommending Dr. Hess' remedies to any one as I have found them perfectly reliable.—B. S. Leonard.

NOTICE, FARMERS!

"PRODUCE RAISERS OF MILLS COUNTY ARE NO FOOLS, for no one man in Goldthwaite can put the price up," says one of our competitors.

If he had said no man in Goldthwaite can put the price of produce up in the "general" market, he would have told the truth. But putting the price up "in Goldthwaite" and the "general" market is a different thing.

This particular competitor was in business in Goldthwaite handling produce for over a year before Wilson Bros. went into business, yet the price did not soar. Strange! The day Wilson Bros. went into business hens sold for 10 cents per pound, turkeys as high as 14 cents a pound, a price unheard of in Goldthwaite before this. Then car lots of eggs began to roll toward New York and a good price was the result. Then they began to dress turkeys last fall and a good price was obtained until they quit dressing, when prices dropped two or three cents a pound, with our talented competitor in the field. How is that?

VALENTINE PARTY

On Friday evening, Feb. 16, the members of the Senior B.Y.P.U. were delightfully entertained at the home of Mr. and Mrs. Fred Martin with a Valentine party.

The house was very prettily decorated with hearts and red and white were favored for the color motif. A very interesting feature and one that offered much merriment was the fortune telling contest. Each was blindfolded and told to pluck a heart from the vast number that was before them, there being an inscription on each heart, foretelling the future.

In the progressive game of "heart" giving diversion, Mr. W. L. Kelly scored highest and was given a beautiful box of stationery, tied with a crimson bow, while for consolation Mr. George Clements received a valentine.

At the close of the evening's pleasure lovely refreshments were served, in which was beautifully carried out the color scheme. With such charming hosts as Mr. and Mrs. Fred Martin, the time sped on wings and all too soon, the hour came for our departure. XXX

The Chicago postmaster has issued an order forbidding employees of the postal system in that city to discuss the government's foreign policy. This order was made necessary because of the disagreement among the employees with some of President Wilson's announced plans. Such discussions have also led to misunderstanding and difficulties elsewhere than in the windy city and a similar policy to that adopted by the postmaster would be good for many others to adopt.

The death of Governor Debaca of New Mexico Sunday caused a change in the political complexion of the state administration. The Governor was a Democrat, while the lieutenant governor, who automatically succeeded him, was a Republican.

STAR HOME MISSION SOCIETY

The Home Mission Society met in regular session at the home of Mrs. Henry Morris Tuesday evening February 13th. It being near Valentine day the amusements and decorations were timely. The weather was very unfavorable yet thirteen members were present and one new member enrolled. What the society lacks in attendance is always made up in interest. At my previous meeting has the Bible been given closer study. Mrs. D. A. Goode scored highest in the Bible contest and was awarded a souvenir valentine. The jolly little game of Throwing Hearts caused much merriment. White and red heart-lookies, chocolate and lemonade were served in the beautifully decorated dining room. The society appreciates the privilege of such royal entertainments and extends the renewed invitation to all members to be present next regular day at the home of Mrs. G. M. Ryan. REPORTER.

B. Y. P. U. MEETING

The Baptist young people held an open session at the church last Sunday night. A program of unusual merit was carried out, every number of which deserves special mention. The present organization is young, few of its members ever having been connected with work of the kind before. Too much emphasis can not be placed upon the importance of the work of enlisting our young people in the world wide mission movements, instructing them in the aims and objects of our church and training them to take the leadership in these things.

The writer, though not a member, feels that there is a great opportunity here for usefulness. Much credit is due the leaders who are directing the efforts of all these young men and ladies. We would like to urge all young people not belonging to similar organizations, to enlist at once and help this one to become one of the noblest institutions possible for doing good. A VISITOR

A woman was the first to be convicted in the state of Colorado for "boot-legging" after state wide prohibition was put into effect.

The national guard that has been maintained along the Mexican border has been ordered disbanded. There were 53,000 men in this service and it is thought they will all be mustered out by March 7. The authorities say this move has no connection with the European situation.

The resignation of H. C. Poe as president of the bank in Temple formerly managed by Governor Ferguson was announced Saturday. In a letter to the directors the retiring president stated the differences between himself and the Governor were largely responsible for his retirement.

Amending the homestead law is a perennial subject that bobs up with recurring sessions of the legislature. In this connection it might be added that Texans will make haste slowly when it comes to changing the plan of home-owning that was handed down to them by fathers who were wise in their generation. Permanent ownership of the farm may be better than temporary prosperity that comes from borrowing money.—Denison Herald.

Not to mention the fact that regular farmers will be called upon to compete with each other, as usual the time is coming when the town man will move to the country and compete with those who make a business of farming. This town man will go with a head full of ideas regarding scientific methods of farming, and he will work out like they are planned to work.—Temple Telegram.

The commanders of the steamship lines coming into Galveston and other southern ports declare there are several German submarines in the Gulf of Mexico, presumably for the purpose of attacking American vessels in case of a declaration of war between this country and Germany. These reports are based largely upon imaginary evidence and will likely turn out to be like the report of the lad who saw 100 squirrels in one tree.

The small amount of subscriptions for the capital stock of the federal farm loan banks was indeed astonishing and must have been very disappointing to those who planned the system of government banks. The time for registering subscriptions for the stock of any of the twelve farm loan banks located in various parts of the nation closed last Friday and only \$130,000 had been subscribed toward the combined capital of one million dollars. Under the law the secretary of the treasury is to take the remainder of the stock in the name of the government. The subscription for stock in the bank at Houston was well up to the average being slightly more than \$15,000.

The necessity for a food crop and ample provisions for securing food for man and beast is well set out in a statement by J. A. Kemp of Wichita Falls in discussing the outlook for crops this year and the high cost of living. Among other things he says: "If our agricultural efforts are not properly planned and directed to the production of food for our people and a surplus to supply the pressing demands of other countries there is every reason to fear serious consequences. In 1837 when flour advanced from \$5 to \$11 per barrel and corn from fifty cents to \$1.15 per bushel there were bread riots in New York. During the Civil war, the South, with plenty of cotton, but no market for it, suffered for food, stiffs, and food riots marked its close. But one-sixth of our non-agricultural population, as compared with fifty per cent now, was then in cities of twenty-five hundred or more. The farmer must feed them all, and himself as well."

LAMPASAS

Mrs. Emil Haby is here from Douglas, Ariz., where she has been making her home for several months. Mr. Haby will return in a short time and they will again make their home in Lampasas.

The foundation has been laid for the new Presbyterian church at Adamsville and lumber for the building was hauled out Friday. The people have a beautiful site for the building and will have a nice place of worship when completed.

Under the recently passed sanitary ordinance of the city, the tin cans and other such rubbish are hauled away free of charge by the city. Once each month the city wagons make the rounds and haul off all such rubbish that is piled in the alleys.

There was considerable excitement in the business part of the city Tuesday afternoon when a young man under arrest tried to make good his escape. The prisoner had been arrested here by Sheriff Mace to answer a charge in Burnet, and while Mace was talking over the telephone he ran from the court house and turned into Fourth street and went thru the Valliant Garage and into the yard of Mrs. Lorena Day and then to the Ivey cottage, where he crawled under a table in the kitchen. The sheriff followed him out of the court house and fired two shots into the air in an effort to stop him, but that only increased his speed. Mr. Mace was close on his track in a car and brought him back and placed him in the county jail.—Leader.

A. J. Harkey was in town Monday and reports that he killed a Jumbo hog last Friday. This was a big-boned Poland China 22 months old. When killed and dressed this hog netted 600 pounds.

A fire destroyed a tressel between Lometa and Chadwick Monday and there were no trains either Tuesday or Wednesday from the east. The Eden train went to the damaged place and brought over the passengers and mail.

A number of small boys were shooting birds with their air guns Saturday. One shot went astray and hit Douglas Ingham in the eye. He hurried to the family physician and the bullet was extracted and the wound bandaged. No serious result is anticipated as the bullet entered the corner of the eye and did not seriously wound the eye-ball.

About the saddest experience which can come into a home visited that of Mr. and Mrs. W. H. Byrd two miles east of town last week. The family recently moved to the D. W. Kirkpatrick irrigated farm. Pneumonia entered the home and attacked several members of the family. Tuesday, Jan. 30, Roy Byrd, aged 21 years, died Friday following a daughter, 28 years of age, and the following Thursday, Feb. 8th, the father died and was buried Friday. The aged heart-broken mother and two sons are left and the mother and one son are dangerously sick.—News

BROWNWOOD

J. A. Tolman, A. B. M. A., Ph. D. who is at the present time a teacher in the Simmons College at Abilene, was elected president of Howard Payne College Monday by the Board of Directors. Dr. Tolman arrived in Brownwood Monday, was met by members of the Board of Directors of Howard Payne and the day was spent by familiarizing himself with the condition of the school. Dr. Tolman returned to Abilene, where he will consider the position tendered him and will in the near future make known to the board his acceptance or refusal of the place. He was much enthused over the outlook for the college and the splendid support the institution is now receiving. He commented freely on the perfect tenor in which the school is now progressing.—Brownwood Herald

THE MANAGER'S HOME LIFE

No occupation offers better opportunities for pleasant home life than farming. It is true that there are many farmers who are not enjoying home life on the farm; there are many who believe that some other occupation would be better; there are some who would be better satisfied in cities or towns engaged in other occupations. But the fact remains that there are opportunities for contented prosperous home life on the farm where the family life is satisfactory.

As a general rule managing a farm requires home life. There are few single men among farm managers; likewise most women who manage farms are married or live with sons. Much of the farm work is planned and considerable work done in the home.

The home is a great factor in successful farming. The father is closely associated with his family and the wife and children cooperate with the manager. There is cheerful, helpful sympathy in the family circle when the toils and trials of the day have passed. When the weather is bad and field work cannot be done there is something to do around the home or in the barn.

Farmers entertain themselves. This many people in cities and towns cannot do. They must attend the theatres, picture shows and other places of amusement. The growth of plants, grazing of cattle, gathering flowers, fruits vegetables and crops may be the entertainment as well as useful work on the farm.—Farm Ranker

EDUCATIONAL CAMPAIGN NOTES
 Owing to sickness and the bad weather, collections were not taken at all the places contemplated the past two weeks and we have been unable to get the amount given by some of the churches.
 Since last report the following churches have contributed the amount opposite their names: Priddy, \$10; Star, \$15; Buffalo, \$16.25; Center City, \$40; Rock Springs, \$17. Total reported to this time, \$407.25.
 Only one more week and the campaign closes. Several churches will take collections next Sunday. May the Lord lead them to do great things for schools.
 We appreciate the response that has been made and may the Lord bless every one who has had a part in this work, whether contributing to the collections or working in the interest of the same.

GOLDTHWAITE CITIZEN RECOMMENDS TANLAC
 Mr. Hammond Bodkin says: "I had indigestion and stomach trouble. After using one and a half bottles of Tanlac, will say I am all O. K. Can now eat anything with perfect safety and feel fine. I had used many remedies without results. Tanlac did this for me and I think it's a great medicine." Tanlac is sold by L. E. Miller & Son, and we can give you names of many others who will testify to the wonderful benefits received from the use of Tanlac. (Advertisement)

STAR

Editor Eagle:
 A dainty little girl came as a herald of hope and happiness to the home of Mr. and Mrs. Tullie Wright last week.
 Messrs. Jim Livingston and M. Brinson of Goldthwaite were in our little village last Saturday.
 Mr. and Mrs. Caraway of McGirk community were shopping in Star Saturday.
 Mrs. Luther Garrett of Molire and her sister Miss Valley Lee, visited home folks here several days last week.
 Mr. and Mrs. Albert Waddell are entertaining a sweet little lady at their house.
 Mr. Jim Ward attended the bed side of his wife's sister Miss Lola Hudson, the past week. Miss Lola is very sick. Mr. and Mrs. Hudson and family, who are McGirk people, have our sincerest sympathy.
 A fairy little queen arrived at the home of Mr. and Mrs. Boykin for an indefinite visit.
 Mr. and Mrs. Miles of McGirk were visitors in Star last Saturday.
 Mr. and Mrs. Will Stepan entered the young people on last Friday night.
 Miss Clyde Caty, who is visiting her sister, Mrs. Jim White, expects to leave in a few days for her home in Oklahoma.
 The Mother's and Teacher's club is working up the Holland's magazine proposition.
 Little Johnnie Terrill, son of Mr. and Mrs. W. A. Hawkins, died last Sunday night and was buried in the old Huxar Ranch cemetery. He was a most lovable baby of some three years of age. We will all miss his sweet little smile and prattle. He extend our deepest sympathy to the bereaved ones who are left to mourn his departure.
 Star boys and girls played the Indian Gap folks at Indian Gap last Friday afternoon. The Star baseball boys scored over the Gap boys. The Gap girls won the basket ball game. Miss Palmer's team and Prof. Benton's team were mixed, some having married off and some sick. When the old teams are thoroughly recruited and trained again it will not be easy to put one over them.
 Mrs. Harvey Wigley of Cleburne, attended the funeral of Little Johnnie Terrill Hawkins here last Monday.
 Master Hugo Tipp, one of our little school boys, is right sick at this writing.
 Miss Donald Oldfield and Miss Robbie Keese held the lower rooms of our school to duty last Friday, while the older and upper rooms attended the ball games at Indian Gap. There may be a sweet surprise for their faithfulness to duty some of these days.
 So long, dear friends I've got to close. It's time to mail this letter. I'll try to come again sometime. And do a whole lot better. There's such an awful lot to do. My brains go at a ring. I guess it's fever that I've got because it's coming spring.

LAUGH WHEN PEOPLE STEP ON YOUR FEET!

Try This Yourself, Then Pass It Along to Others. It Works!

Ouch! Ouch! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and falls out without any pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quart of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Freezone is sold by L. E. Miller & Son, druggists and jewelers. (adv)

SEVERE COLD QUICKLY CURED

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Weatherby Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." Obtainable everywhere. (adv)

A GOLDTHWAITE WOMAN COMES TO THE FRONT

Every Goldthwaite resident should read what a neighbor says. Her testimony can be relied upon. Here are her own words:

Mrs. D. G. Womack, South St. Goldthwaite, says: "I suffered a great deal with my back. Sometimes the aches and pains extended into my shoulders and in the back of my neck. My feet and ankles became badly swollen and frequently, I noticed little specks floating before my eyes. I used Doan's Kidney Pills and in a short time my back was stronger and the dropsical swellings were reduced. I have used Doan's Kidney Pills since then and they have always acted promptly in restoring my kidneys to a normal condition."

Price 50c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same Mrs. Womack used. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

BEGINNING OF HOME LIFE

With the cultivation of crops permanent civilization began. Savages secured their living by hunting and from the spoils of war. Their vegetable products were few and consisted of such as could be found growing wild. Nature supplied them fruits and vegetables without any effort in tilling the soil.

But as people increased in numbers and as food became scarce it was necessary for primitive man to plant seed and till the soil. Animals were domesticated and herded, but soon grazing lands were not sufficient and something must be planted to supplement the range.

The cultivation of plants required fixed habitation. After the ground was prepared the seeds sown and the plants large enough to be injured it was necessary to keep browsing animals away and to prevent hostile tribes and clans from depredations. Later the foods were stored till another harvest. This meant fixed homes, however crude they were.

It is thought that man learned the need of cultivation almost by accident. In pulling up weeds which were crowding out plants it was found that the roots of the weeds left the soil loose and the plants grew and stood through a great deal better. This led to stirring the ground around plants with sharp sticks or anything that would answer the purpose.

The cultivation of the soil was the beginning of fixed homes. Home life was the beginning of civilization.—Farm and Ranch.

FOR A BILIOUS ATTACK

When you have a severe headache, accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere. (adv)
