A PROCLAMATION

By request of the ladies of the Civic League of Goldthwaite and because of a clean up week being advisable and necessary before the beginning of the heated term I hereby designate the last week in March, which will be March 25 to 31 as "Clean-up week" in Goldthwaite. All citizens are urged and requested to co-operate during that week in cleaning up the streets, alleys, vacant lots and private premises and putting the entire city in a high state of sanitation. If each citizen will take part and interest in this good work there will be but little work and inconvenience for any one and our already clean and sanitary town will be made more attractive and pleasant.

On Thursday and Friday, March 29 and 30, the city will provide wagons free of charge to haul away trash that is piled in convenient places and cannot be burned. Those who can burn the trash, weeds, etc., are requested to do so, as the wagons will of necessity be kept very busy hauling such trash as cannot be burned. Scrapings from the stables and barn yards will not be hauled off free by the city wagons, but such articles and scrapings as are ordinarily termed trash will be hauled by said wagons free and this will include rocks that are scraped together in piles at convenient places for loading.

The hearty co-operation of the citizens is sincerely requested and desired. WILL H. TRENT, Mayor.

GRAINS FOR THE BREAD SUPPLY

The importance of the bread supply of the farmers of the South and Southwest will appeal to many. That "bread is the staff of life" cannot be doubted when we consider the fact that it is a necessity and must be served at every meal regardless of whether there is meat or a meat substitute.

In recent years not enough attention has been given to the grains to be raised for bread nor to the manner in which these grains are ground and prepared for use. It has been convenient to buy flour when produce has been taken to market; or meal as the needs of the family may require. Wheat growers and corn growers, either because mills have not been convenient or for their own convenience often prefer to buy meal and flour rather than produce the grain, prepare it and have it ground for their own use.

As a result of this practice bread stuffs has increased enormously in price and the condition of the substance available is not as wholesome and nutritious as health and efficiency would require.

Since prices are high and the bread stuffs are not always what they should be it would be advisable to make a special effort to raise the grains necessary and have them ground at custom mills as was once done. In this way, the cost of the bread supply will be reduced to a minimum and the quality may be improved.—Fram and Ranch.

Judge S. H. Allen and family returned to their home in Waco the first of the week, after a visit to relatives in this city.

W. F. Simms this week sold his float business, together with his team and wagon, to J. E. Greathouse.

A. E. Evans, J. N. Weatherby and D. L. Wheeler looked after business matters in Waco this week.

The legislature has at last redistricted the state and two new congressional districts have been formed and after next election there will be no more congressmen-at-large from this state for several years at least. Mills county was placed in the 17th district which is composed of the following counties: Burnet, Llano, McCulloch, Sar Saba, Lampasas Mills, Brown, Comanche, Coleman, Callahan, Eastland, Stephens, Shackelford, Jones, Palo Pinto, Taylor, Nolan, Concho and Runnels. None of the congressmen reside in the district and, therefore, a new man will be chosen for the place. As far as the Eagle is informed Joe Atkins of Brady is the only avowed candidate for the position.

CIVIC LEAGUE MEETS

General Clean Up Week Planned
You will notice the proclamation of the mayor in this issue of the Eagle.

Though Goldthwaite is generally acknowledged to be in better sanitary and civic conditions than ever before in its history, there is still much which may be done along these lines. The Civic League is composed of five representatives from each of the three clubs: Self Culture, Art and Civics and Parents and Teachers Association. The Civic League hopes to have many new members enlisted soon.

Our city is separated into six sections as follows: First section, Mrs. M. E. Thompson; second section, Mrs. C. M. Burgh; third section, Mrs. Henry Martin; fourth section, Mrs. F. N. Irwin; fifth section, Mrs. J. C. Mullica; sixth section, Mrs. W. P. McCullough.

The following officers were elected: Mrs. J. A. Gillespie, chairman; Mrs. L. E. Miller, secretary; Mrs. E. B. Anderson, treasurer.

Our slogan is, "Each for the other and all for the town."

Our motto is, "Clean one thing every day and clean one thing worth while." PUBLICITY COMMITTEE

SANITARY GROCERY CONTEST

On March 6th the grocery store committee, appointed by the Civic League, made an inspection of the grocery stores and found a great improvement in all the stores. W. E. Grisham made the highest score and the cup will remain in his possession until the next inspection is made. McKinley-Corrigan Co. and O. C. Goodwin tied for second place. The pennant will remain with McKinley-Corrigan Co. for half the time and then be in the possession of O. E. Goodwin until next inspection is made by the Civic League. COMMITTEE

Messrs. T. R. Priddy, John Schlee, J. M. Sanderford, J. A. Boler, P. T. Willis, C. F. Jeske and other prominent men of Priddy community were here Thursday in interest of road improvement and made the Eagle a pleasant call. These gentlemen want the road from Goldthwaite to Priddy improved and they certainly have cause to desire such improvement, for their road is in such condition that some of the gentlemen stated people of their community would be forced to leave Goldthwaite off their list as a business point if some improvement was not made. It is the intention of the gentlemen of the delegation to undertake to secure subscriptions of labor and money to improve their road and they hope to put it in a first class condition.

Hon. Wm. J. Bryan is to address a joint session of the two houses of the Texas legislature today on a subject of his own choosing.

A citizen of San Angelo this week demonstrated the availability of the long distance telephone. He talked direct to Alma, Michigan, a distance of 1500 miles. A 3 minute conversation cost him \$8.00.

The Texas house of representatives this week killed the bill which was to have abolished the warehouse and marketing department and place the affairs of that department in charge of the agricultural department.

Some of the milk dealers in Houston are to be prosecuted for adulterating the milk sold by them. It is charged they used formaldehyde as a preservative and if they are guilty it would be a pretty safe guess that they will get what is coming to them.

The Texas senate this week adopted resolutions condemning United States Senator Stone of Missouri, chairman of the foreign relations committee, for his stand against President Wilson's appeal made to congress for authority to arm American ships going into the European war zone. The Texas senate also urged the Texas delegation in congress to use all influence to prevent Senator Stone being again placed at the head of the foreign relations committee.

The Texas members of the United States senate have been again honored by being placed on the most important committees in the senate. Senator Culberson remains chairman of the Judiciary committee and is also a member of the appropriations committee and that of public buildings as well as committees of less importance. Senator Shepherd is chairman of the Census committee and is a member of the military affairs committee and that of commerce and other committees of smaller importance.

This week the Rice building on south side square, occupied by Little Dry Goods Co., is being improved so that the firm will have a full fifty foot front. The partition that has been on one side of the building has been removed and plate glass put in where the door was. This adds greatly to the appearance of the building as well as to the display of merchandise by this enterprising firm. Mr. Will Little, manager here, is always ready to improve his store in every way and is indeed an enterprising citizen of our town.—Hampton Herald

The strike of the railroad trainmen, which was averted some months ago is again threatened. It does appear that sufficient patriotism could be found among the trainmen to prevent the country becoming involved in labor strife at a time when complications with foreign foes are threatened. This is no time for internal disorder or a division of interests.

"Life is too short to spend in hating anyone. Why war against a mortal who is going the same road you are? Why not spend the flowers of life and happiness by learning to love, by teaching those who are near and dear a beautiful lesson? Your hands may be hard but your heart need not be. Our form may be bent and ugly, but do you know that the most beautiful flowers grow in the most rugged, unsheltered places. The palace for care, the cottage for love. Not that there is no love in a mansion, but somehow if we are not careful, business will crowd all there is of beauty out of the heart. This is why God has given the Sabbath and Saturday nights, that we may leave business and have a heart cleaning."—Author Unknown.

RENOWNED MAN MAY VISIT TEXAS CITIES

L. T. Cooper, Noted Philanthropist Gives Large Part Of Income To Charity—Helps Texas Poor.

Not in recent years, perhaps, has the coming of any public character aroused such wide-praised interest as has the proposed visit to Texas of L. T. Cooper, the Millionaire Philanthropist.

Mr. Cooper is described as one of America's foremost leaders of advance thought, and sprang into fame and fortune through his new health theories based on what is known as the Tanlac treatment. He never ceases to surprise you with the infinite variety of his knowledge and its absolute correctness and thoroughness. In several of the larger cities especially throughout the South—he has done a great deal of relief work among the poor.

Mr. Cooper is a firm believer in practical philanthropy and his recent work in Houston and San Antonio is already familiar to the charity workers of those cities. His Southern representative while in Houston a few weeks ago distributed under the personal directions of leading charity workers, one thousand dresses of excellent quality to the poor women and children. In San Antonio the following week he donated another thousand dresses to the poor of that city and a few days later four hundred of the garments were provided by him for the poor women and children of Galveston. Ladies prominent in social life and many prominent citizens of these places assisted and co-operated with Mr. Cooper's representatives in this worthy cause.

Similar service was also performed by Mr. Cooper in Memphis, Birmingham, Atlanta, Little Rock, Shreveport, Vicksburg, Jackson, Nashville, Knoxville, Chattanooga, Savannah, Montgomery, Mobile and Augusta, and his establishment of the famous free bread line at Louisville, where he distributed fifty thousand loaves of bread absolutely free and without question to those in want, proved a revelation to the charity workers here. In fact, in practically every city Mr. Cooper has visited he has shown his great sympathy for the poor and unfortunate by performing some unique act of charity.

Mr. Cooper contends that nine-tenths of the diseases and ill health of the present day America is due to faulty digestion and improper assimilation of the vital organs.

It has been said that Tanlac, his celebrated medicine which is now accomplishing such remarkable results throughout the country, not only quickly overcomes all catarrhal inflammation of the mucus membrane, but acts directly in the correction of the stomach, liver, kidneys and intestinal disorders.

Tanlac has been so convincingly proven by thousands upon thousands who have endorsed it, is also a reconstructive tonic of great power and has been known to entirely relieve the most obstinate cases of rheumatism and blood disorders in a very short time.

It is indeed doubtful if any thing ever placed on the market in the way of medicine has sprung into such popular favor in so short a time. People everywhere have been quick to recognize its wonderful merit. The demand for it has been nothing but phenomenal.

In Memphis, where Tanlac was placed on sale eight months ago, over 150,000 bottles have been sold, which according to the druggists of that city, has established a new record and is unprecedented in the history of the drug business in Memphis.

In Atlanta, over 165,000 bottles were sold in twelve months time; in Knoxville, the Kuhlman-Chambliss Co. sold and distributed 48,326 bottles in nine months; in Louisville, Ky., the Taylor-Issacs Co., who operate eight retail stores in that city sold 32,000 bottles in less than 90 days. The demand for Tanlac in Little Rock, Birmingham, Chattanooga and Nashville, in fact every where it has been introduced, has likewise been phenomenal and the demand for it continually increasing. A total of more than a million bottles of the medicine has been sold through the Atlanta office alone during the past eleven months, and it is without doubt the most widely

talked of medicine in the world today.

When asked to explain the record breaking demand, Mr. G. F. Willis, Southern and Western distributor of Tanlac said: "There can be only one possible explanation and it can be told in one word 'merit.' That tells the story. No preparation, no matter how extensively advertised, can meet with such phenomenal success unless it possess an extraordinary curative power."

Thousands upon thousands are testifying daily that they have been relieved of diseases after years of suffering by its use.

Tanlac is sold in Goldthwaite by L. E. Miller & Son and in Regency by Keeling & Keeling. (adv)

OBITUARY

Mrs. Mary Davis, nee Beck, was born in DeKalb county, Ala., March 9, 1843. She was married to Mr. J. H. Davis at the age of eighteen and at the age of twenty-three she professed faith to Christ.

In the year 1869 Mr. Davis with his family came to Texas and settled in what was then the southern part of Comanche county. He and Mrs. Davis have reared a large family in the community in which they have lived all these years.

After coming to Texas Mrs. Davis united with the Baptist church in which she remained a faithful member until her death. She was afflicted the last year of her life, but the end was not looked for until she was taken ill almost suddenly and the Lord called her home even before the widely scattered children could be informed of her serious condition.

She died March 4, 1917, lacking only five days of reaching the age of seventy-four. The following day her remains were laid to rest in the Newberg cemetery in the presence of a large and sorrowing congregation. Mr. Davis and most of the children survive her who wrought so faithfully and well as a companion, as a mother and as a Christian.

The hearts of the neighbors and a large circle of friends go out in sympathy to the bereaved family.

Yes they sorrow not as others who have no hope for "Them also who sleep in Jesus will God bring with Him." L. E. HAYS, Pastor.

AT SUNRISE HOLLOW

Oscar Graham and his company will play a return date at Martin & Cline Opera House in another new play entitled, "At Sunrise Hollow", March 19. The play is a romantic comedy-drama the scenes of which are laid in the North Carolina mountains. A family feud and an illicit distillery or the making of "moonshine", as it is called in that locality, is the foundation for the plot. Miss Edith Clark and Mrs. Chandler have parts in which their youth and beauty show to splendid advantage. Oscar Graham as Jack Bartlett has a part somewhat similar to the one he had in "Circle C Ranch", and Rupert Clark as "Jest" Jake, a regular country bumpkin, is one long laugh throughout the entire play. This is undoubtedly the funniest of all that clever comedian's funny parts. (adv)

The ladies of the Missionary society of the Methodist church request the Eagle to express their thanks to the management of the Dixie Theatre for the benefit given last Saturday night for the parsonage fund. The amount was thankfully received and the kindness of Messrs. Cockrum, Rudd and Evans is appreciated to the fullest extent by all who are interested in the building of the parsonage.

The many friends of Big Ben Harris, who is superintendent of the school at Aberdeen, will be interested in the following item taken from a community letter from that place in their county paper. It says: Mr. Timmons, the State Rural School Inspector, Mr. Hunter, the Farm Demonstrator, and Judge A. C. Nicholson came out and inspected our school last Friday and we are assured that Aberdeen is placed in class 'A'.

CUCUMBER CULTURE

Many Farmers Agree to Plant The Vegetables For Market

The proposition of the Price-Booker Pickle Manufacturing Co. to locate a salting station here for cucumbers if the farmers would agree to devote 75 acres in the aggregate to the cultivation of the crop and build a platform and shed has met with ready response. While the final arrangements have not been perfected, it is safe to say the station will be located here, the shed and platform built and more than the required amount of land will be devoted to cucumbers.

Farmers all over the county are giving endorsement and already more than 100 acres have been pledged in tracts of from 4 acres to 1.2 acres. Following have so far entered their names with the amount they will devote to the cucumber crop:

Four acres—J. F. Dennis, J. F. Giles, W. A. L. Graves.

Three acres—W. H. Linkenhoger, H. H. Hinson, J. H. Johnson.

Two acres—J. S. Beck, Will Bert, J. W. Kearby, A. W. Brown, W. H. Oglesby, S. P. McPherson, M. D. Long, C. C. Bedsoe, M. R. Ballard, J. T. Bledsoe, A. F. Bledsoe, W. H. McFarland, J. L. Ballard, Fred Barton, A. M. Faulkenberry, D. S. Smith, Jason Evans, T. Robertson, J. M. Ritchey, F. Yarborough.

Two and one half acres—J. H. Franklin.

One acre—G. W. Jackson, S. P. Sullivan, L. W. Leverett, H. B. Dennard, G. A. Knowles, W. C. Handeman, J. A. Tullos, W. L. Jackson, J. L. Foster, Will H. Trent, J. W. Weathers, E. P. McFarland, F. D. Webb, G. R. Moxley, Henry Featherston, Henry Cryer, W. E. Caulder, Ray Knight, J. M. House, C. F. Griffith, G. T. Berry, W. J. Stark, Hugh Oglesby, G. C. Perry, J. J. Dally, Geo. Robertson, R. L. Harris, E. Yarborough, J. C. Morris, J. J. Rudd, J. M. Geeslin, Guy Rudd, Louis Wall, B. F. Renfro, Otto Schultze.

Half acre—K. S. Caraway, J. C. Mullin, Hugh McKinzie, J. F. Davis, Luther Davis, N. S. Edens, H. G. Forhand.

Quarter acre—J. D. Fallon.
Doubtless other farmers have enlisted whose names the Eagle has not yet secured, but this list is sufficient to guarantee the location of the station and it is said the crop is one of the most profitable that can be grown on a farm.

The manufacturing company supplies the seed and an application has been made to have a sufficient quantity shipped to O. C. Goodwin for distribution at once.

CLUB SOCIAL

The Merry Wives club pleasantly entertained their husbands at the Gillespie home Tuesday night. Music and games made the evening one to be enjoyed by all. Eight games of forty-two were played enthusiastically. Mrs. Randolph and Mrs. Burch tied for honor of highest score for the ladies and in the draw Mrs. Randolph received the pair of white silk shoes. O. H. Yarborough proved his ability among the gentlemen, having every game to his credit and was presented with a box of large dominoes. Delicious ice cream and cake was served by the ladies.

The husbands expressed themselves as more than pleased with such a jolly party and hoped their wives would entertain them again soon.

Mrs. Wood of Temple was an out of town guest. REPORTER

Is the Eagle Correspondents' Banquet going to be a mere joke, or is Smiling Billie so heavily taxed with plans and preparations that he can't write any more. If it will be of any service to him, why, I'll offer to serve on the reception committee, waiter, cook, critic, honorary member, or any other capacity that the general commander may deem suitable. It sure is mighty hard times to think of a feast. We (I suppose all correspondents do) too hope that Smiling Billie has learned to live on a strict diet and will plan a plain and simple reception as becoming the humble state of correspondents. Why not save the expense to send to the Belgian children and feast on peanuts and lemonade. We hope that Mr. Smiling Billie will step to the front again and let us know if he's got nerve to carry the project through. I say nerve it may be encouragement that he needs. I doubt that though, as he already has the hearty endorsement of the entire staff. Even Kate and Duplikate have reappeared, and that certainly should be enough to dispense any doubt as to the success of the event. All that is necessary to do is to gather the bunch, March us down the aisle of the Eagle office, between the rows of machinery to the rear where the old linotype stands with its faithful operator. There we can see with what tragic effect our humble scrawls are reproduced for the reading public. The March wind is howling savagely about the eaves of my cabin tonight. It sounds like it might rain, and it sounds like it just as soon stay dry, and it sounds like a thunder storm might appear any minute. We will hope for the best, because the corn needs to be in the ground and the garden truck needs a refreshing shower. SUM KID

Just a touch of soothing toilet purity and---how one can smile at the rough March winds!

Not a dainty toilet packet of San-Tox blue that does not contain some delicate toilet achievement, charming and pure---and with a purity that marks an actual advance in modern toilet art.

Not a package or box that does not carry the cheerful face of the San-Tox Nurse, that symbol of purity in EVERY San-Tox preparation!

Do you know what that means to San-Tox Velvet Lotion, the dainty toilet enemy of wind-burn?

Or to San-Tox Baby Talcum---to its soothing, cooling skin caressment, so gracious even to sensitive "baby-skin"?

It is a purity so unchallenged that every San-Tox druggist offers you your money back on each single San-Tox purchase that does not meet your every wish.

Could confidence in San-Tox purity be better expressed, or could your confidence be better gained than by this proof of the methods of the highest type of druggist, or of the pure, pure nature of his preparations?

The whole line of 125 San-Tox preparations are equally pure,

SCHOOL TO CONTINUE

Contributions By Citizens Will
Extend The Term Two Months

The Goldthwaite public school will continue for nine full months, thanks to the liberality of citizens who are interested and the good work of an energetic and enthusiastic soliciting committee.

A mass meeting of citizens was held in the district court room last Friday night to discuss ways and means for continuing the school after the public fund have been exhausted. It was found that the school term would be but little more than seven months without outside help and a committee composed of Lee Jones, J. C. Street, W. P. McCullough and R. E. Clements was selected to solicit subscriptions from citizens to pay the expense necessary to extend the term to full nine months. It was stated that approximately \$1200 would be required and the committee raised more than \$1000 in one day and the subscriptions received since that time and those that will be made give assurance that the desired end will be reached, the full work of the term can be done by the school and the courses required for affiliation with the colleges and universities will be completed by the graduates.

Much praise and credit should be given the people who donated so liberally and especially are the thanks of the patrons, pupils and others interested in the school due the splendid committee for untiring, unselfish and successful work in securing the necessary funds.

BEGIN RIGHT

Much depends upon a right beginning and in nothing is this fact more apparent than in

FARMING

If the year's work is commenced with poor implements, requiring extra work by the teams and workmen and doing the work in an unsatisfactory way, the result can not be all that could be desired. But, on the other hand, if the

JOHN DEERE IMPLEMENTS

are used, then the full benefit of the draft is secured, the work is made light on the team and the result is—SATISFACTION.

We carry a full line of Farm Implements as well as everything in way of Shelf and Heavy Hardware, Vehicles, Furniture, Coffins, Etc.

BODKIN, HURDLE & CO.

Telephone Service

Is daily becoming a household necessity on the farm and ranch as well as in town. In fact, our record of the number of messages handled to and from rural lines indicates that the average station on the farm and ranch uses the telephone to do its errands as much as the average city residence station.

Why be without this convenience? With it your relatives, friends and neighbors are no further away than your telephone. We are prepared to serve you on short notice.

OUR RATES ARE REASONABLE.

WHAT'S THE REASON

Many Goldthwaite People in Poor Health Without Knowing The Cause

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suff - from nervousness, dizziness. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root cause of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills — endorsed by people all over the country and by your neighbors in Goldthwaite.

Mrs. Claude Dickerson, Goldthwaite, says: "I have great confidence in Doan's Kidney Pills, as I have used them and can cheerfully say that they have benefited me very much. I have no objection to recommending Doan's Kidney Pills, as I believe they will give good results to anyone who needs a kidney medicine."

Price 50c at all dealers. Don't simply ask for a kidney remedy — Get Doan's Kidney Pills—the same Mrs. Dickerson used. Foster-Milburn Co, Props., Buffalo, N. Y. (adv)

WHY CITY CONSUMERS PAY

It seems that the consumer always gets the worst of the deal when food speculators corner the market and force prices upward. The producer may reel at or below the cost of production, but this may not benefit the consumer who is often at the mercy of the market manipulators for his necessities.

It is surprising the way speculators raise prices and the pretext they offer for it. The European war has been blamed for raises in prices; lack of transportation; short crops and many other things. Some commodities have been affected by these things and others as a direct result of manipulation of the market.

The consumer is easily fleeced. He will generally accept any kind of a story as to why prices are so high, pay the bill and complain afterwards.

With the food stocks we have in this country there is no reason for food riots and hungry people. Lack of transportation, poor business in distribution, speculation and other things are at fault.

The consumer must act, before there will be any considerable relief in the high cost of living. So long as consumers accept any excuse and pay exorbitant prices for food there will be those who will fleece them. The producer and honest dealers are anxious to meet the consumers and help them save marketing cost.

How long will the consumer submit to extortion.—Farm and Ranch.

DESERTING THE LAND

Competent agriculturists desert the land and move to town to work at menial occupations by the day or week, under the mistaken belief that they are bettering their condition. The sides of the city are distended with the throngs of country people who have run to escape from farm life and who are dazzled by the bright lights. In every city masses of these people are confronted by a poisoned economic condition where in their earnings and their savings are not sufficient to guarantee them a wholesome living. Labor is bewildered by the unexpected condition which is without precedent in the United States, although it has preceded the fall of many great nations in the past, and does not know which way to turn. In this extremity the only course for labor to adopt is to hurry back to the land with all alacrity possible and create its own conditions and enjoy an independence and an initiative that can never be achieved in the city.—J. W. Murphy in Denver Field and Farm.

RANK FOOLISHNESS

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effectual and highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere. (adv)

MYSTERIOUS BURGLARY

Some time during Sunday night Miller & Son's drug and jewelry store was robbed of articles of jewelry valued at \$100 or more, besides a small amount of money left in the cash drawer for change. Of course it is possible that the theft amounted to more than stated, but Mr. Miller has been able to discover the loss of cameo, diamond ear screws etc., which will reach a value of fully that much.

On the same night McKinley-Cortigan Company's hardware department was entered and two guns stolen, but nothing else of value has been missed at that store.

The mysterious part of the theft is that no signs were left at either place as to how the burglar gained access or left the building, the door and windows appearing to be intact. No clue was left to lead to the identity of the thief.
