The European War has raised the deuce in the cost of every commodity. Woolens have advanced in price from 25 to 100 per cent, consequently there is a material advance in the wholesale cost of producing an all-wool suit or overcoat.

The Scotch Woolen Mills who handle our tailoring business would be justified in asking of their many dealers an advance in price, but they have decided NOT to raise their prices, realizing that the tremendous increase in their present business will more than make up for the sacrifice in profit. We are heartily in accord with the Scotch Woolen Mills policy, therefore you can come to this store and have your measure taken for a strictly all-wool suit and you will not be asked to pay a single cent more than the regular standard price—no less than \$15—no more than \$20.

TEXAN FOR TEXANS

An effort is being made by a number of Mills and Brown county citizens to obtain the release of First Lieut. J. A. Rogers, fourth field artillery, U. S. A., and have him transferred to the Texas national guard as an artillery officer. The state guard when put on war footing will be greatly increased and it is the desire to have Texas units officered by Texas men.

Lieut. Rogers, known to his Mills county friends as Allie, was at one time an employe of the Eagle. Later he was a student at Howard Payne college. After finishing his course there he returned to Mill's county and taught school for three years. In August, 1904, he enlisted in the regular army at Houston and was sent to San Francisco for training. In March of the following year the regiment to which he was attached was sent to the Philippine islands. There he saw service for three years and was a member of Maj. Gen. Leonard Wood's forces that fought the Moros in 1906. On returning to the states in 1907 he was transferred to the 19th Regiment of infantry, U. S. A. The same year he was promoted from private to non-commissioned officer, corporal, sergeant and first sergeant. In August, 1908, he was commissioned Second Lieutenant and assigned to the 20th infantry and was on garrison duty at Ft. Shafter, Hawaii, Ft. Douglas, Utah, and other posts. August, 1914, he was detailed by the war department as commandant of cadets and instructor in military science and tactics at Colorado State A & M College, where he made a very commendable record. January 1915, he was commissioned First Lieutenant and has just recently passed his examination for Captain.

He is a Mills county boy and his friends are proud of the record he has made.

SIX OLD LADIES ARE RESTORED TO HEALTH

Famous Medicine Accomplishes Wonderful Results In Treating Infirmities Of Old Age

For the past year or so, several of the more elderly ladies of the Old Ladies' Home on Rutledge Pike, Knoxville Tenn., have been in very feeble, delicate state of health, bordering at times on what might be termed a general decline.

Their failing health was due, no doubt, in a large measure, to the general infirmities of advanced age and although they received every possible care and attention, they seemed to be beyond the reach of treatment ordinarily administered in such cases.

At the suggestion of Mrs. Culton, the matron of the institution, they concluded to try Tanlac and it was a happy decision indeed when they did so. The reconstructive powers of the medicine were at once in evidence. They began almost immediately to feel better, eat better and rest better. Since that time the treatment has been continued with the most astonishing results, but let them tell their own stories.

newspaper and magazine postage will be doubled, if the plan outlined by the ways and means committee is adopted.

It is stated that some of the United States troops will go to France within thirty days. The national guard will likely be the first to go and other troops will follow as soon as the necessary preparations can be made. It is known of course that the allies of Europe have plenty of men for the battle field, but the morale effect of the appearance of the Americans at the front will be beneficial.

A panic was created in one of the leading churches of Dallas Sunday night when a man, supposed to be insane, threw an American flag that was used in the decorations, tore it to pieces, spat upon it and threw it into the face of a member of the congregation. The preacher and other men caught the excited individual and forced him to kiss the flag and then turned him over to the police department.

Mrs. Martin, who was next to testify, said:

"I have suffered a great deal from hard, darting pains in my head and had stomach trouble. I hardly ever have a pain now, the catarrh no longer troubles me and my appetite is much better."

Mrs. Fink, said: "I was sick all last summer and now I feel better and stronger than in months. I no longer suffer from headaches I had so much."

Mrs. Wallace seemed to be especially delicate and had a very weak constitution and weak stomach. Mrs. Wallace said:

"In only one week after taking your medicine I began to feel greatly improved. I feel very much stronger, enjoy my meals more and seem to rest better at night. I expect to continue taking Tanlac."

In referring to the above statement, Mr. G. F. Willis, who is now personally directing the introducing Tanlac throughout the south, said:

"I consider the statements of these old ladies the most remarkable that have ever come under observation. I do not hesitate to say that I believe these old ladies to be the strongest ever been received by me of

COMANCHE

Last Saturday a car driven by Mr. Bassett turned turtle pinning the occupants under the car and slightly bruising several and seriously injuring Mrs. Barker of Hasse.

Monday afternoon two autos collided near the home of Mrs. S. K. Fisher in the western part of town. One car a Hudson driven by Harold Williams was going south crossing the Sidney road, the other a Ford driven by Bob Carver was enroute toward Sidney.

Within a few hours after receiving the news of the death of Mrs. W. H. Lane, his daughter-in-law, J. D. Lane passed away at the home of his son, Denver Lane, at Jayton. Mr. Lane was about 80 years of age and though apparently in good health he could not withstand the shock of the news of Mrs. Lane's death. He had been making his home with W. H. Lane for a good many years and when Mrs. Lane was taken ill he went for a visit with his other son, Denver at Jayton and it was here that he received the news of Mrs. Lane's death and himself succumbed in about three hours.

Mrs. B. Queen last week wanted to erect a scare crow in protection of her garden of which she is justly proud. Investigation of suitable materials revealed an old "Uncle Sam" make up that at some time had been on hand for some masquerade occasion. "Uncle Sam" was useless and calculated to make an excellent scare crow and accordingly he was properly placed "at attention" in the garden. Mrs. Queen's ground for the erection was patriotic but more to the precious home garden than to the nation. Imagine her surprise when she began to receive compliments on her patriotism instead of her scare crow.—Chief.

GOLDTHWAITE CHAUTAUQUA

The Chautauqua stands for the best ideals along every line and undertakes to provide such entertainment and inspiration that the desire for something better than the ordinary may be stimulated.

Young people, and older, too, need and will have some kind of amusement, and it is up to the fathers and mothers to say under whose auspices such amusement shall be given, as well as the kind. Everything costs that is worth while. It takes time, thought, red-blood and money to keep the best interest of a town in the lead.

The aim of the Chautauqua is for general community building, to stimulate thought along progressive lines and when we get the hearty co-operation of the general public much good is accomplished.

These entertainments are intended to inspire and benefit all classes of people, the same as the church and school. No other movement in the world, outside of the church and school, has given as much to life's worth-whiles as the Chautauqua.

The following named men are the officers and directors of the local organization which is behind the Chautauqua for Goldthwaite: W. E. Miller, president; R. A. Gay, vice president; T. E. Gay, secretary; R. M. Thompson, chairman publicity committee; J. H. Randolph, chairman grounds committee; L. E. Miller, J. D. Brown and R. E. Clements, ticket committee, W. C. Dew, I. T. Morris and W. H. Trent.

These representative men hope that every person who possibly can will come out today (Saturday), Monday and Tuesday and enjoy the Chautauqua entertainments which stand for the higher and nobler good things of life. You cannot afford to miss them.

AN OLD CITIZEN GONE

Mr. A. V. Lane died at his home in this city Monday morning at 11:19 after a long illness. He was in the 77th year of his age and lived in this section a long time. He was born in Mississippi on Sept. 12, 1840, and came to Texas and located in McAnelly's bend, on the Colorado river in 1859. He enlisted in the Confederate army at Lampasas in 1861 and was in Walker's division. He was a true and loyal soldier and after the war he returned to his home community, where he continued to reside until he moved to Goldthwaite. After making his home here for a number of years he returned to his old home where he remained until 1903, when he again moved to Goldthwaite and continued to reside here until the time of his death. He was one of the most loyal and appreciated members of the Jeff Davis camp of Confederate veterans and his funeral Tuesday morning was under the auspices of the camp. Rev. D. L. San-Tox

There's Comfort In Her Touch

There's a skin-shaven restfulness for every man.

There's a finer textured wholesomeness for every woman's skin.

Where? At the sign of the smiling Nurse face, to be sure. San-Tox for purity!

Purity in San-Tox Tooth Paste which means a pure, cleansed mouth, wholesome with gum-pinkness—with tooth-whiteness, too.

Purity in San-Tox Cold Cream that velvets the skin to sight and to touch.

Purity in San-Tox Enchantment Complexion Powder that suggests the softer, finer textures of the skin.

Purity in San-Tox Shaving Cream which helps a razor to a smoother shave.

Why should San-Tox druggists NOT return your money on any San-Tox purchase—knowing that San-Tox purities ALWAYS content? And why should you NOT give such an admirable type of druggist your confidence—even as they give it to San-Tox?

There are 125 San-Tox preparations—and these are equally modern and dependable.

THE TIME IS AT HAND

When you should begin to plan for the Canning Season. Cans are very scarce and can hardly be obtained at all. You must lay by feed for your family. Then use glass jars. They will be cheaper by far than buying your food next winter. Be sure you use **Kerr Self-Sealing Jars**. They are the best. I have just received a shipment of these jars in different sizes.

Lots of people are just beginning to run out of the hog lard saved up last winter and are having to buy lard. I have the **Lard in Bulk** and it is much cheaper than in the buckets. Bring your bucket to town and have it filled. If you live in town, just phone us to send up the amount of lard you want—we are prepared to take it out and can empty it into your bucket at home. No need to pay a big price just for a tin bucket.

Syrup is one of the cheapest foods you can eat. But be sure it's pure and not some "medicated" one. **Good Pure Sugar Cane Syrup is ABSOLUTELY**

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

CONFEDERATE REUNION

A meeting of the Jeff Davis camp of Confederate veterans was held last Saturday at which time the date for the next county reunion was fixed for July 17, 18, 19. These reunions are always occasions of pleasure for the younger people as well as for the veterans. While the old soldiers meet and discuss reminiscences, the program for the occasion always includes entertainment for the people of all ages. It is well that the time has been made known early, so that full arrangements can be made for a great gathering.

Mrs. B. Queen last week want-

she is justly proud. Investigation
of suitable materials revealed an
old "Uncle Sam" make up that
at some time had been on hand
for some masquerade occasion.
"Uncle Sam" was useless and
calculated to make an excellent
scare crow and accordingly he
was properly placed "at atten-

ground for the erection was pa-
triotic but more to the precious
home garden than to the nation.
Imagine her surprise when she
began to receive compliments on
her patriotism instead of her

CONFEDERATE REUNION

A meeting of the Jeff Davis camp of Confederate veterans was held last Saturday at which time the date for the next county reunion was fixed for July 17, 18, 19. These reunions are always occasions of pleasure for the younger people as well as for the veterans. While the old soldiers meet and discuss reminiscences, the program for the occasion always includes entertainment for the people of all ages. It is well that the time has been made known early, so that full arrangements can be made for a great gathering.

HOW MRS. HARROD GOT RID OF HER STOMACH TROUBLE

"I suffered with stomach trouble for years and tried everything I heard of, the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in my stomach," writes Mrs. Linda Harrod, Fort Wayne Ind. Obtainable everywhere. (adv)

COULD HARDLY STAND ALONE

Terrible Suffering From Headache,
 Sideache, Backache, and Weak-

 Says This Texas Lady.

Gonzales, Tex.— Mrs. Minnie Phil-
 ip, of this place, writes: "Five years
 ago I was taken with a pain in my
 side. It was right under my
 ribs. It would commence with an
 aching and extend up into my left
 shoulder and on down into my back.
 At that time the pain would be so
 severe I would have to take to bed,
 and I suffered usually about three days.
 I suffered this way for three years,
 not to be a mere skeleton and was
 for that I could hardly stand alone.
 I was not able to go anywhere and had
 felt my house work go... I suffered
 it with a pain in my back and I
 would have the headache all the time. I just
 would be unable to do a thing. My life
 seemed miserable, my stomach got in an
 awful condition, caused from taking
 so much medicine. I suffered so much
 pain. I had just about given up all
 hopes of our getting anything to help
 me.

One day a Birthday Almanac was
 thrown in my yard. After reading
 its testimonials I decided to try Car-

GOLDTHWAITE MAN EN- DORSES TANLAC

"It Has Done Me Worlds of Good
 And I Want Others to Know
 About it" Says W. H. Lev-
 erett Mills County Citizen

The best evidence of a medi-
 cine's merit is what the people
 who have actually taken it have
 to say about it. This is especially
 true and beyond all ques-
 tion when the statements are
 made by people of high charac-
 ter and published right in the
 community where each and every
 fact can be investigated and
 verified.

There is probably no better
 known citizen in Mills County
 than W. H. Leverett, who owns
 and cultivates one of the largest
 farms in the county, near Gold-
 thwaite, Texas. When in L. E.
 Miller & Son's store a few days
 ago, Mr. Leverett made the fol-
 lowing interesting statement:

"Yes I know this Tanlac is
 a mighty powerful good medi-
 cine, because I have taken it
 and it sure has done me worlds
 of good. My stomach was all
 out of fix, and almost pestered
 the life out of me, because I
 couldn't digest what I would eat.
 Nothing seemed to agree with
 me, and everybody knows that
 when a man can't get the good
 out of what he eats, he don't
 feel much like doing a day's
 work.

"I finally got to the place
 where I was bothered by indi-
 gestion all the time, and then
 rheumatism set in and that made
 bad matters worse. I heard what
 so many people said about Tanlac
 and read several articles in
 the newspapers about what it
 was doing. Then I got hold of a
 bottle and tried it myself.

"Well, I am more than satis-
 fied with the results I got from
 taking Tanlac, for it sure went
 after my troubles in a hurry
 and has straightened me out un-
 til I feel like a different man.
 It just seems like I can't get
 to the table quick enough when
 dinnertime comes, for I enjoy
 everything put before me to
 eat and have a big appetite. The
 rheumatism has been relieved since
 my stomach got in good shape I
 feel better in every way.

"Now that's what this Tanlac
 has done for me, and I am glad
 to recommend it to others, be-
 cause I know that it will do
 the same thing for anyone who
 suffers like I did."

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

HIGH PRICES

Think of It—Not so Many Years Back Eggs 5-6 cents Doz; Chickens, Hens, \$2.00 Doz

Not so today. Poultry is selling today as follows: Broilers eight to ten weeks old weighing from one to one and one-half pounds are bringing 25 cents per pound. Just think of it. An eight or ten weeks old chick bringing the price of 37 1-2 cents. Old hens selling for 15 cents per pound. Any old hen will bring at least 75 cents. Eggs are bringing 25 cents doz. Don't you think it would pay every farmer and farmer's wife to give their poultry more careful attention. Every chick lost means money gone and in these times when prices are so good and with no prospects of a decline it's worth while to look after this industry with more care and attention. We advise the use of Dr. Hess Poultry Pan-A-Cea. This is a preparation we guarantee will give you the best of results. Feed it to your little chicks and they will grow off nicely and you won't have any trouble with any of the ailments peculiar to little chickens. Keep them free from lice and mites. Use Dr. Hess Instant Louse Killer. It will destroy all the lice and does it right now. We positively guarantee all of Dr. Hess poultry remedies and if you are not perfectly satisfied after using them we will refund your money.

TIN CAN SUPPLY

The following information relative to the tin can supply and how to get cans, which has been sent out from the A & M College will doubtless be of interest:

College Station, Texas, May 11. The extension service of the A. & M. College has been advised by the United States Department of Agriculture that arrangements have been made for a supply of tin cans for conserving perishable food products. Shipments will be made in carload lots only on orders approved by the directors of extension work and forwarded through the United States Department of Agriculture. Payment must be guaranteed by local bankers, merchants or other interests willing to serve the public. Cans must be used only for conserving food products and not for speculation. The prices will be approximately regular dealers prices.

The Washington authorities want to know as quickly as possible the approximate monthly and seasonal demand for cans.

Clarence Onley, director of extension asks that county demonstration agents, women county agents and other interested parties confer at once and advise him the probable number of cans required by their counties and arrange with the local bankers or merchants to guarantee the order. Counties wanting less than a carload of cans will be supplied through dealers in nearby counties. In sending in estimates it is desirable to indicate the time when cans will be needed, as it may not be possible to obtain a full season's supply in one shipment.

Miss Donald Oldfield was unexpectedly called to Belton Thursday, where she will likely be engaged in primary work for another term. She has been solicited at Ft. Worth and other places for primary work, also. Goldthwaite and Mills county friends are rejoicing with her, tho we realize the vacancy in school work in this county, caused by her departure is hard to fill. We regret very much to see her go, as she is one of the ablest teachers in the county. She has labored in the county for the past nine years, and while it is her gain to go to larger fields it is our loss.

ADVANTAGES FOLLOWING WAR

It would be surprising if circumstances forcing us to defend ourselves and the safety of neutral countries along with the Allies did not redound to our commercial advantage after the war. Perhaps our country will come out of the world war victorious not only in its ideals of freedom and citizenship but with superior ideas and better facilities for commerce and finance.

Having demonstrated our strength in producing food, so doubtless we will, it would be surprising if we did not show the power of co-operation in building nations in commerce and finance.

But the achievement cannot be accomplished without unanimity of sentiment and fortitude in sacrifice in case the war continues any considerable length of time. This country has passed through trying times. There are people now living who have passed thru the terrible war between the states and the disgraceful reconstruction period forced on the South. While so much suffering as was experienced then is expected, yet those who honor and respect people who gave their lives and substance for the country will not be negligent to the country now.

The reconstruction following the European war is likely to afford markets for our agricultural products and thus give us advantages of world markets without prohibitory tariffs. Let us hope so at least.—Farm and Ranch.

TEXACO CRATER COMPOUND

The Great Gear Lubricant

Makes Tractor Gears Last Longer

DURING plowing and seeding there's a cloud of dust around the gears all the time. It and sand get on the gear teeth, cause wear—early replacements.

CRATER COMPOUND on gears, chains and sprockets protects them even under these severe conditions.

In spite of the dust and dirt this great compound sticks to the treated parts and protects coats each and every tooth with lubricant. It keeps them coated. It doesn't dry or wash off. Neither will it wash off nor melt. It and lubricates always.

That's why CRATER COMPOUND makes tractor gears last longer—saves replacements and delays. It increases the profits on your tractor investment.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady.
Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Frine, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, "It's a good medicine, and good for that trouble," so he got me 5 bottles. After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 14

DISTRICT COURT

A Heavy Docket and Busy Week Grand Jury Adjourns

This has been a very busy week in district court and a large number of jurors and witnesses have been in attendance. A number of cases have been disposed of and quite a few more are on the docket. A jury has been summoned for next week and it is likely a good portion of the time of the court next week will be given to the trial of jury cases.

The grand jury adjourned Thursday, after returning 44 indictments, 37 charging felonies and 7 misdemeanors. Most of those indicted, however, are transient people.

Cases were dismissed by the state against the following named persons who were charged with the offenses indicated: E. A. Hill, rape and incest; Ben Fogle, violating the local option law; John Forehand, theft of cattle; Jess Carroll, seduction; The bond of G. P. Lyda was forfeited.

State vs. H. D. Broyles, forgery; plea of guilty in five cases. There was a verdict of two years in penitentiary in each case and two other cases were dismissed.

State vs. Dewey Gentry, grand larceny and burglary, 2 years in penitentiary.

State vs. W. D. Powell, grand larceny and burglary, two years in penitentiary.

State vs. Charley Graham, grand larceny; two years suspended sentence.

State vs. T. S. Davis, burglary, tried one time and jury disagreed. A second trial of the case was had yesterday and resulted in a conviction with two years sentence.

State vs. C. H. Morgan, forgery; verdict of guilty and given two years suspended sentence.

The jury in the Harry Martin case was still out at 9 o'clock this morning and had given no intimation of when a verdict could be expected.

The court will not be in session today, but will convene again Monday.

The Triumphal March of

NEW CREATION OF SCIENCE AND NATURE

WHEN we announced *Bevo* recently, our hopes were high. We knew that we had the most unusual soft drink that had ever been offered: A beverage combining the nutritive extracts of wholesome cereals, the zest of Saazer Hops, a flavor all its own and absolute purity. We knew this because, true to our own ideals, we had experimented for years before we were satisfied to say, "We offer you *Bevo*—it is a different soft drink—it is good and it is good for you."

High as were our hopes for its reception, we have realized them far and beyond our expectations.

Bevo today is an established popular success. Everywhere the same question is asked:—"Have you tried *Bevo*?"

Now, one final word. We promise you that, in accord with the known principles of Anheuser-Busch and all its products, *Bevo* not only will forever maintain its present high standard of quality, but as time goes on our great endeavor shall be to make this soft drink even more perfect in every detail of its goodness.

You will find *Bevo* at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars and other places where refreshing beverages are sold.

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox.

NOTICE TO STOCK RAISERS AND TO FARMERS!

THIS IS THE TIME OF YEAR WHEN CATTLE ARE MOST SUSCEPTIBLE TO

TICK FEVER

And they are dying all over the country. I have treated and vaccinated several hundred head in the past thirty days and have stopped the fever in every herd I have vaccinated against this dreadful disease. I think every man in the county ought to have his cattle vaccinated against Tick Fever, for it is one of the worst diseases we have amongst cattle. An ounce of prevention is worth a pound of cure—and the thing to do is to vaccinate against this dreadful malady. I vaccinate cattle against Tick Fever and guarantee them immune for six months. If one takes the fever within six months after being vaccinated by me, I will furnish the medicine to treat it FREE OF CHARGE. Now this is a fair proposition, and the thing to do is to vaccinate against this fever, for the hotter the weather gets the worse the fever gets, and the only sure remedy is to vaccinate in time. Don't wait till you lose 2 or 3 head of good cattle, like some of my customers have. Below are the names of some of those whose cattle I have vaccinated against Tick Fever. They live here in Mills county and anyone can phone or write them and see what they say about my Vaccine as a preventive against Tick Fever.

I vaccinated 37 head for Fred Conradt; he had lost 2 when he called me, but I stopped the fever in his herd and he hasn't lost any more. I vaccinated 51 head for Rev. J. D. Long; he had lost 20 head, but hasn't lost any since. I vaccinated 37 head for W. T. Simpson; he had lost several head before I treated his herd, but hasn't lost any more. I cured 1 for Phil Morris and vaccinated 15 for him; he hasn't had any more fever among his cattle. Last fall I treated 28 head for W. L. Eddy, all of which had fever running from 103° to 109°, and cured 27 out of the 28. I have cured several head for J. O. McLary. I vaccinated 57 head for Charlie Cornelius; he had lost 7, but I stopped the fever in his herd. And so with many others I could name. I also treat all curable diseases of the animal kind. Office at Clements' Drug Store and both phones at residence. Calls answered day or night. Remember, I make a specialty of vaccinating against Tick Fever.

WHY WOMEN SUFFER

Many Goldthwaite Women Are Learning the Cause

Women often suffer not knowing the cause.

Bachache, headache, dizziness, nervousness,

Irregular urinary passages,

weakness, languor—

Each torture of itself.

Together hint at weak kidneys.

Strike at the root—get to the cause.

No other remedy more highly endorsed than Doan's Kidney Pills.

Recommended by thousands—

Endorsed at home.

Here's convincing testimony from a Goldthwaite citizen.

Mrs. W. Taylor, Goldthwaite, says: "My kidneys were inactive and annoyed me greatly. I also suffered from spells of the backache. I used Doan's Kidney Pills, procured from Clements' Drug Store, and they regulated the action of my kidneys and relieved the pain in my back. I have every reason to believe that Doan's Kidney Pills act just as represented."

Price 50c at all dealers. Don't simply ask for a kidney remedy—

Get Doan's Kidney Pills—the same that Mrs. Taylor used. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

MORE HOME-OWNERS

The greater efforts that are being made this year to produce more and to use land to the best possible advantage under existing conditions doubtless will do much to show us greater possibilities on land.

With land still cheap, comparatively speaking, we have not thought it necessary to practice intensive methods of farming such as are necessary in other countries. Furthermore we have produced more than we could find a market for at good prices till very recent years. There is no encouragement for greater production till markets at satisfactory prices are available.

But since it now seems that with a great demand staple products will bring fancy prices there will be a greater interest in intensive cultural methods.

The man with a small farm may improve it and cultivate it more intensively, using more capital to make it yield better when the products justify these methods. Under such conditions tenants have greater encouragement to buy small farms on time and pay for homes when they get good prices for crops and animals.

It takes greater efforts to practice intensive farming than extensive farming. Only those who give attention to improved methods and practice economy in production will succeed. But such methods will make it possible for more home owners and a stronger nation—Farm and Ranch.

MONUMENT SALE

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-busines, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take feed or Good Stock in trade.
