E. N. Fletcher and family were here from Lometa Sunday visiting relatives and friends.

Mrs. J. M. Campbell and little daughter left Tuesday for Kopperl to visit relatives.

Revs. Davis and Bynum commenced a meeting at Scallow Sunday which has been a daily interesting.

and family have in residence H. C. Hill and the best Fourth

pastor of announces

ne will begin a revival meeting in his church the fourth Sunday in this month.

The meeting which was conducted by Revs. Bynum and Weems at Ratler closed Sunday afternoon. It was interesting throughout and decidedly beneficial to the community.

Mrs. S. A. Lowrie and Miss Addie Smith arrived at home Monday from a visit to Washington, D. C., and other places of interest. They had a delightful trip and some of the scenes and side trips were described by Mrs. Lowrie in her writings to the Eagle last week and the week previous.

Judge E. B. Anderson and family returned Monday from Brady, where they were called last week on account of the serious illness of his father, whose death occurred Saturday. The old gentleman visited his son and family a number of times and had many acquaintances and friends here who were sincerely grieved when the announcement of his death came. The bereaved family can be sure of the sympathy of all of their friends.

#### THE GLORIOUS FOURTH

##### Patriotic People Celebrate And Observe the Day

The people of Mills county joined in celebrating the one hundred and forty-first anniversary of American Independence Wednesday. There was a big gathering at Star, where speech-making, music and other modes were used in properly celebrating the day. At no other place in the county was there a public celebration, but most of the business houses observed the day as a holiday, either in whole or in part, the government employees were relieved from duty on that day and in other ways the date was celebrated.

A number of Goldthwaite people attended the celebration at Star on the Glorious Fourth.

#### CITY COUNCIL

The city council met in regular monthly session Monday night and transacted business of importance, but it was all of a routine nature, such as receiving reports, authorizing the payment of accounts, etc. There were matters of interest discussed and outlined and the water works system was among the subjects considered. Good progress in laying the mains and prospects for the early installation of the system were facts pleasing alike to members of the council and other officers.

#### LETTER CARRIERS MEET

The rural mail carriers of S. N. Saba, Lampasas, McCullough and Mills counties held their annual convention in San Saba July 4.

#### SNYDER

Editor Eagle:

I thought I would write a few lines and let the Old Bird know that we were not all dried up and blown away.

Talking about dry: we are dry out in this part of the world. Have not had two inches of rain this year and it was dry to start in with Cotton is dying on the black land, feed is all about dried up and blown away. The crops on the sand are still green, altho some of the people are in big hopes that rain will come in time to make a good feed crop and some barley. If we get good rains by the 15th we have got time to make a good feed crop and some barley to pull thru this winter.

Wheat and oats were not worth cutting. Some of them headed their wheat say they will get four or five bushels to the acre.

We are all in big hopes that Snyder will get the A. & M. College, for we sure need something like that and Snyder has got the best water and it is plentiful at a depth of from 50 to 200 feet and some of the finest land in west Texas. All we need is rain to have one of the best parts of the Lone Star State.

Well as my letter is getting long I will close with best wishes for my old Mills county friends.

WILL EVANS

#### A LIBERAL DONATION

The first bale of cotton of the 1917 crop, which was marketed at Houston last week, was forwarded to New York by express, where it was re-sold at \$3.70 per pound, netting \$1500 for the bale. The entire amount was donated to the Red Cross society.

#### RED CROSS SOCIETY

##### Officers Elected and Active Work To Begin At Once

A Red Cross society was organized in the court house last Saturday afternoon. A call was made for a mass meeting to consider the matter and at the appointed time a fair sized audience assembled. It was decided at once that an organization should be formed and that all of Mills county should be included, providing for local chapters in the various communities if the citizens interested in the movement should desire such local organizations.

Mayor Will H. Trent called the meeting to order and presided during the deliberations. Mayor Trent was elected president of the society; Miss Nora Hooks, vice president; Mrs. Will H. Trent, treasurer; R. M. Thompson, secretary.

After the organization had been formed Mr. A. J. Harrison made an appropriate address, setting forth some of the purposes of the Red Cross society and the necessity for such an organization.

The time for the next meeting of the society was fixed for this afternoon at 4 o'clock at the court house, at which time arrangements will be made for procuring finances and other plans will be announced for the organization.

All who are interested in the good work of the Red Cross should be in attendance at this meeting and lend assistance and encouragement to it.

No matter where you live or what your occupation may be, come to the meeting this afternoon.

Miss Evelyn Crews of Lometa visited Mrs. J. W. Alexander in this city this week.

Howard Trent and wife and baby and his mother, Mrs. D. H. Trent, returned Monday from a visit to relatives in Houston.

Mrs. J. H. Allen and her sister, Mrs. Mankins, came over from Comanche the first of the week for a visit to relatives and went from here to Temple for a visit.

F. D. Wilson and son Earl, Barton Keese, J. C. Fulton and Gwin Ross left Wednesday in Mr. Wilson's car for points in Oklahoma. They expect to be away several weeks.

Joe Kenedy and his wife and son came over from Abbott this week for a visit to the Shave family at Star. They went from here to Fort McKavitt to spend the Fourth with relatives and friends.

A trolley car plunged over a twenty foot embankment in the Niagara Falls gorge Sunday and a number of people were killed and many injured. It is said a washout was the cause of the wreck.

It has been planned by the war department to call one million men for the first draft under the selective conscription. This will be practically ten per cent of those who registered last month.

W. H. C. Ezzeli has purchased W. A. Richard's residence in this city, giving in exchange a residence in Brownwood. The Richards family now occupy one of the Humphries residences on Front street, east of the Sante Fe passenger depot and their friends are glad to know they do not contemplate leaving Goldthwaite.

### A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringsgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's, the original and genuine. E 22

### ANDREW ANDERSON DEAD

The death of Andrew Anderson occurred Saturday night at 8:00 o'clock, at the advanced age of 79 years, 11 months and 13 days, following an illness extending over a number of months. Funeral services were held at the family residence Sunday afternoon at 4:30 o'clock, Rev. T. P. Grant preaching the funeral sermon. The body was then taken in charge by the Brady Masonic lodge and carried to the Brady cemetery where it was laid to rest with full Masonic honors.

Andrew Anderson was born in Norway, coming to the United States when about 14 or 15 years old. He first located in Wil's Point and then for some 40 or 45 years he resided in Bosque county, where he engaged in farming. He came to McCulloch county seven years ago, and established himself and family comfortably in the south part of the town, leading a retired life.

Mr. Anderson was a splendid citizen, and was highly thought of by all his friends and acquaintances. Of quiet demeanor, he was nevertheless fully interested in the events of the day, and kept well informed as to the current happenings. During the war between the states he served in the Confederate army for about three years, but while he participated in several skirmishes his regiment saw no service in any big battles of the war. He was a member of the Masonic lodge of long standing and it was at his wish that body took charge of the funeral services.

Besides his widow he is survived by two sons: Dr. J. S. Anderson of this city and E. B. Anderson of Goldthwaite; and five daughters, Misses Mary, Nellie and Amy and Mrs. Clarice Olson of this city and Mrs. F. T. Glascock of Sherman, all of whom were present for the funeral. In the loss of their father and husband, the bereaved have the sympathy of all.—Brady Standard.

### TAXABLE VALUES

Mr. D. D. Kemper, tax assessor, has completed the assessment of property subject to taxation in this county and will begin making his rolls as soon as the state rate is fixed. Notwithstanding the war time scare and other hindrances and influences of depression that have been felt throughout the country the tax values in this county have decreased but \$295,165 for the year. The total values last year were \$5,887,295. This year they are \$5,592,230.

### ROCK SPRINGS

Editor Eagle:

Health of our community is very good at the present.

Little Rudolph Cooke was burned with concentrated lye last Thursday morning, but not seriously.

The shower of rain we had two weeks ago caused things to look refreshed for awhile, but we are very much in need of rain again.

There was an ice cream supper at Mr. Hawkins' last Friday night. All tell of a happy time.

The all day singing held at this place last Sunday was well attended. There were lots of nice singing and plenty of dinner. We wish to say to the visitors that we greatly appreciate their presence and ask that they come back again. Our class meets every first and third Sunday afternoon.

Quite a number of the people of our community have been attending the meeting at Goldthwaite. As Bro. White was once our pastor we all know what fine sermons he can deliver.

On account of the meeting at Goldthwaite, Bro. Jo Frizzell did not fill his appointment here Sunday night.

The Baptist protracted meeting to be held at this place will begin Saturday night before the fourth Sunday in this month. Bro. Frank Tippen of Mullin is to help in the meeting.

Miss Laura Malone is visiting her sister, Mrs. Eugene Cannon, this week.

Mr. and Mrs. Bohannon were called to the home of Claude Fallon in Big Valley last Saturday on account of the illness of little Kenneth Paul Fallon. VIOLET

### L. G. OF A. ORGANIZED

On Monday afternoon, July 2, the girls of Goldthwaite met at the court house for the purpose of organizing a Goldthwaite chapter of the "Loyal Girls of America." The constitutional by-laws were read by Miss Hudson and the following officers were elected: Miss Sophia Martin, secretary, and Miss Ruyel Keese, president. Twenty-four girls joined, committees were formed and plans were made for an active membership campaign.

The purpose of the L. G. of A. is to furnish comfort and cheer for the United States' men in the trenches and on board ships. The society was founded by nine-year-old Evelyn Young of Chicago, Ill., and the society headquarters is at that place. The Goldthwaite chapter will also assist the local Red Cross workers.

### MEETING IN PROGRESS

The revival which was begun in the Baptist church two weeks ago is still in progress. It is one of the most interesting meetings ever held in the city and large congregations are attending every service. The attendance at the morning services is equal to the largest if indeed not the largest attendance ever recorded in week day meetings in Goldthwaite, while the congregations at night are unusually large.

Rev. W. R. White, pastor of the church, who is doing the preaching, holds the interest and attention of his congregations throughout each service and the results of the splendid sermons have already been decidedly beneficial and will be reaching. Mr. Allen, who conducts the service, is one of the best soloists the town has ever heard and his management of the song service is excellent.

It is understood the meeting is to close tomorrow night. Already there have been a number of accessions to the church and other conversions and accessions will doubtless be recorded before the meeting closes.

### "BEWARE OF STRANGERS!"

The photoplay sensation of the season—the warning to every grown man and woman. Coming to the Dixie on July 14. (adv)

A 14-year-old girl was instantly killed by lightning at her home near Orange Monday.

A fire in the heart of the business section of Robstown Wednesday destroyed a hotel and a number of other buildings.

Gen. Pershing's forces in France have begun intense training preparing for immediate entry into the mighty conflict with Germany.

The Brownwood incinerator plant was destroyed by fire Tuesday night. The idea is prevalent that the fire was the work of an incendiary.

The United States soldiers have been designated by the French as "Sammys" and it is likely this nickname will cling to them during the war.

Shop! The people of the north do not appreciate the negro nearly so much as they thought they would. The people of the south do not appreciate the negro nearly so much as they thought they would. Scarcely had the race riot in East St. Louis been quelled when one broke out in New York.

Charged with murdering his three children by cutting their throats, Richard Ayers was jailed at Austin Wednesday. It is claimed he also made a murderous assault on his wife, but she escaped.

The temporary injunction against the regents of the University, forbidding them taking part in a meeting and selecting a faculty for the next school term, was dissolved by Judge Graves at Austin this week.

The nation's birthday was celebrated in Europe with equal enthusiasm as in this country. The king of England ordered American flags placed beside the union jack on all public buildings in London and the business places were decorated with the stars and stripes. Many of the citizens also wore tiny American flags as a mark of courtesy to this nation.

The Austin American has been appearing half size on account of the scarcity of newspaper. It is intimated that if the war continues two years, half of the newspapers in the United States will be forced to suspend. It is said that under the present postage bill, expenses on the newspapers will be materially increased to help pay the war debt.—Georgetown Commercial.

A large number of United States soldiers reached France this week and were given a most enthusiastic reception, some women going so far as to slip through lines and pin bouquets on the soldiers and kiss them. The trip across the water was made without the loss of a man, altho submarines attacked the transports in schools, but were driven off by the convoy of battle ships and it is known that at least one submarine was destroyed in the battle.

Abilene was selected as the place of the West Texas A. & M. College.

The week beginning Wednesday and ending Wednesday of next week has been designated as National Guard week and in this time it is hoped to recruit the national guard to war strength.

Renewal of the race rioting in East St. Louis the early part of the week resulted in several negroes being killed and at least two white men met death by bullets. The first conflict between the races was in May, since which time all has been tranquil and it was thought all danger of trouble had passed.

The city of Hamilton is to be congratulated upon the selection of Editor George Boynton as mayor. He is a man of wide experience, splendid ability and progressive in methods. Hamilton is a good town any way and under the administration of Mayor Boynton progress can be expected every desirable line.

Every citizen should be interested in the Red Cross society. No matter how one views the war and no matter what personal interest one may have in the conflict, there can be no reason assigned for failure to assist this organization which has for its object—its only object—the alleviation of suffering and the care of the wounded and dying on the battlefield. A refusal to help in this worthy cause is an acknowledgment of ignorance as to the work this organization has been doing for a generation.

The grand jury at Dallas has indicted Felix Jones of Abilene and elsewhere on an indictment charging the murder of Miss Florence Brown in Dallas four years ago. It will be remembered that the young lady was found murdered in an office where she worked as stenographer at a prominent corner of two main streets. Throngs of people were passing the office and her father was the policeman on the beat, but no one heard the struggle or saw the murderer enter or leave the office. Several arrests were made on suspicion, but always the same result followed examination, there was no evidence. Jones is now in jail in El Paso, charged with being implicated in the murder of Thos. Lyons, a millionaire cattleman at El Paso. He denies any knowledge of the killing of the girl and it is not known what evidence the Dallas authorities have against him.

A small area of rich land could be used to better this year than for planting a fall garden. It is quite true that late drouths and early frost are dangers to be dreaded, yet experience teaches that perseverance often succeeds even in seasons when both drouths and early frost are to be contended with. Usually those who begin in time, make their preliminary arrangements and plan and cultivate regardless of unfavorable conditions are the growers who have fall gardens. It is a great treat in late summer and early fall when the housekeeper has difficulties in providing a variety of wholesome and nutritious foods if she has fresh tender vegetables. Such vegetables as beans, peas, tomatoes, fall Irish potatoes and sweet potatoes save expensive foods bought at stores and aid in health and efficiency. Those who provide vegetables for their homes at such seasons generally find the work profitable and highly desirable—Farm and Ranch.

Last Saturday night the home of Elmer Webb, near the high school building, was discovered on fire and before it could be reached was so far gone that it could not be checked.

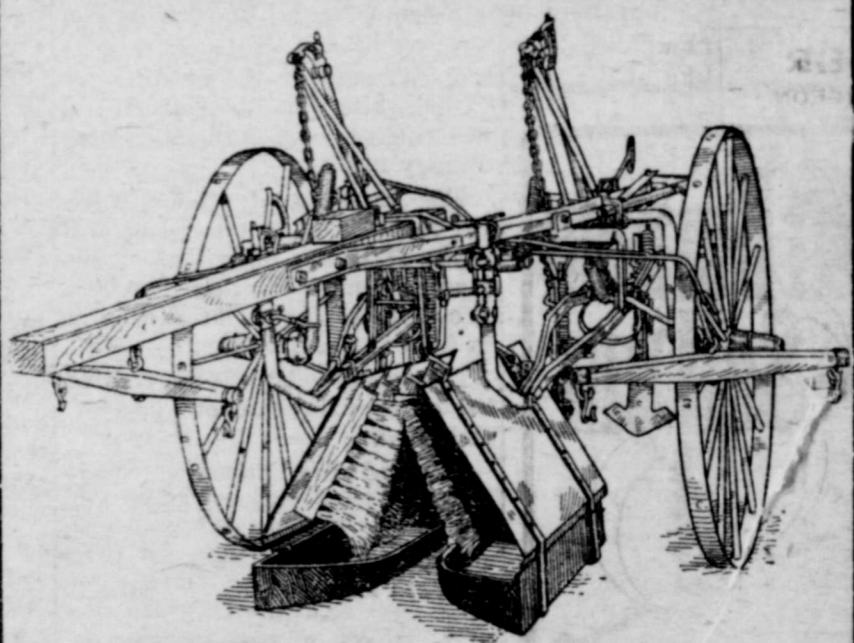

Early work of some of Comanche's leading citizens is showing its fruits now when it is known that two of the national highways are to run thru Comanche. One of the highways is the Fort Worth-San Antonio highway via Comanche, Brownwood, Brady etc. The other is the Wichita Falls-San Antonio highway and comes thru Beattie to Comanche—Chief.

### TICK FEVER IS STILL RAGING!

The time of year is here to vaccinate against this dreadful disease. I am sending medicine to different parts of the state to immunize against Tick Fever. Cattle too high to take any chance on them getting tick fever. I guarantee to immunize them for 6 months. If one takes the fever within 6 months after being vaccinated by me I will furnish medicine free to treat it. I will go to any place in the county and at a case of tick fever and if the fever is over 105 degrees and I fail to cure the animal, the visit won't cost you a cent. I have treated and vaccinated several hundred head of cattle in Mills county and haven't failed to stop the fever in a single case yet. Now this is a fair proposition any man who owns cattle, for every farmer and cowman know what tick fever does to their cattle. It is one of the most diseases we have among the cattle, the thing I want to do is to show the people that I can cure their cattle and vaccinate them against this dreadful disease. I also treat all curable diseases of the same kind. Office at Clements' Drug Store. Calls answered day or night. Both phones at residence.

### TWO YEARS IN BED AND ROLLING CHAIR

Mrs. Wilson Gave Up Hope—  
Gains 25 Pounds On Tanlac  
And Is Now A Well  
Woman

"For two years I spent all my time either in the hospital, in bed or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, her husband having been employed by the Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bill—our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and heard a lot of good things about it and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and have actually gained twenty-five (25) pounds on eleven bottles of Tanlac and feel as well as I ever did in my life. I can eat anything I want. Such things as meat, turnips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle and everybody in our neighborhood thinks the same."

Tanlac is sold in Goldthwaite by L. E. Miller & Son, in Regency by Keeling & Keeling and in Mullin by J. R. Clark, (adv.)

### MRS. BOWLES HONORED

Mrs. J. C. George entertained yesterday afternoon with one of the prettiest parties of the season honoring Mrs. J. S. Bowles who is departing next week with her husband for his new station after having been pastor here for four years in the Methodist church.

Mrs. Bowles has also been one of the efficient corps of teachers in the Brownsville schools during that time and by her sterling worth and lovely disposition has endeared herself to a large circle of friends who were invited yesterday, by Mrs. George, to say goodbye and to have for her a little shower, a very pretty demonstration of affectionate regard. Mrs. George herself one of the most active and influential members of the church has been closely in touch with Mr. and

Mrs. Bowles and the opening of her home in this cordial way "pour prendre conge" was in keeping with her hospitable customs and her devotion to her church work as well.

The pretty affair was staged out of doors, the lawn and verandah of the George home being especially adapted for all fresh entertaining. The velvety lawn smooth and green, bordered with beds of gay geraniums, which also bordered the front of the verandah. Box plants were placed about on the verandah and on stands on the lawn which was further made attractive with rugs, little tables and chairs. The side yard with its citrus trees and many beautiful flowering vines and shrubs formed an additional pleasure and here a beautiful decorated punch bowl was placed and fruit punch served throughout the afternoon. The pillars and arches were all twined with red, white and blue and a number of handsome flags also were used in decorating.

The piano was on the verandah and here a pretty program was rendered as part of the entertainment. Mrs. Everett Tucker, one of the most popular singers in the city, sang several selections. Mrs. Bowles, a talented and sympathetic reader, gave several selections, two of them her own composition expressing some of the things that were filling the hearts of the assembled friends looking toward the separation after four years of close ties.

Mrs. Bowles' readings were much enjoyed and received much applause. Mrs. Walter Rutledge who has a beautiful soprano voice of sweetest timbre, sang two songs which were a very pleasing feature.

Following the program the guests drew about a table placed on the lawn where the honor guest was led blind fold. Her eyes had been bandaged, a veritable shower of pretty gifts had been placed on the table and Mrs. George Stell stationed there to make an address. On having the handkerchief removed Mrs. Bowles found herself facing the high piled table with its burden of dainty parcels and Mrs. Stell placed in her hand a velvet case which, on being opened was found to contain a handsome cameo brooch, the joint gift of her friends.

The exquisite remembrance was presented by Mrs. Stell with a few graceful words of appreciation for the four years of service and of sorrow at the parting. Mrs. Bowles responded with an appropriate talk, expressing in return the affectionate remembrance in which her Brownsville friends would always be held.

The packages were then untied by the honor guest and placed in a basket after being inspected. They made quite a beautiful and valuable aggregation.

There was a great variety of pretty gifts, many of them articles of beautiful handwork and also many other valuable offerings and all expressive of loving thought.

A pretty feature was that in several of the parcels, Mrs. Bowles' children had also been remembered with articles calculated to please and be useful to the little ones and also to enhance the joy of the occasion to the mother's heart.

Adding to the list of gifts there had come from Mrs. R. E. Stell, far away in North Texas a pretty gift as well as a share in the brooch and from Mrs. R. H. Pickett, at Kingsville, had come a delicious home baked cake for the event. Both of these ladies having formerly been members of the church here. After the "shower" the hostess served ice cream and cake, the setting sun finding the guests still having a most enjoyable time.

The guests included the members of the Methodist church, many of Mrs. Bowles' teacher friends and a few intimate friends of the hostess.—Brownsville Sentinel.

## The Reason Why We Sell G & B PEARL

WE want business. Consequently we must make satisfied customers who come back again and again. The best way we know to make satisfied trade is to sell satisfactory merchandise. That's why we handle G & B PEARL Wire Cloth for screening doors, windows and porches.

## JEALOUSY

In every community and every  
neighborhood there is a creeping  
crawling, slimy horror, a canker  
in the heart of the man who  
nourishes it and a bane to every  
effort or enterprise of that com-  
munity. This serpent is jealousy  
one man of another, the suc-  
cess of his business, his happi-  
ness or any and every enterprise  
that he touches. Compare him  
with the calamity howler, who  
sees utter destruction in every  
unfavorable wind that blows, is a  
harmless atom, undermining with  
a sneer the fellows who prosper  
about them and engulfing mael-  
strom follows its victim. It is  
worse than death, for death de-  
stroys while jealousy dishonors.  
It takes a good man to rejoice  
when he sees his fellow citizen or  
neighbor more fortunate than he;  
and it takes as good a man to  
refrain from exulting and ear-  
nestly to sympathize with his  
next door neighbor in the daily  
trials of life when he himself  
has been more fortunate. It is  
some times good for men to an-  
alyze themselves, put themselves  
some purposely practical test of  
this, to discover if, perchance,  
he too, unsuspected by himself,  
has need to purge his soul of  
the canker of jealousy.—Ex.

## BACKACHE IS A WARNING

### Goldthwaite People Should Not Neglect Their Kidneys

Backache is often nature's most  
frequent signal of weakened kid-  
neys. To cure the pains and aches  
to remove the lameness when it  
arises from weakened kidneys,  
you must reach the cause—the  
kidneys. If you have pain thru  
the small of your back, bladder  
disorders, headaches, dizzy spells  
or nervous and depressed, start  
treating the kidneys with a tested  
kidney remedy.

Doan's Kidney Pills have been  
proved good and are especially  
for weak kidneys. Doan's have  
been used in kidney trouble for  
over 50 years.

Read this Goldthwaite tes-  
timony.

Mrs. W. Taylor, says: "My  
kidneys were inactive and annoy-  
ed me greatly. I also suffered  
from spells of backache. I used  
Doan's Kidney Pills, bought at  
Clement's Drug Store, and they  
regulated my kidneys and re-  
lieved the pains in my back.  
Doan's Kidney Pills act just as

### KILLING AT SAN SABA

In a difficulty in San Saba last Friday night Ross Dean was shot and mortally wounded by J. N. Weatherby of this place. The shooting took place in front of a business house on one of the main streets of the town and was witnessed by several people, all of whom exonerate Mr. Weatherby.

The circumstances leading up to the shooting, as related to the Eagle, prove conclusively that Mr. Weatherby's act was entirely in self defense. He, with several other gentlemen, had been to Llano, where, in his capacity as deputy sheriff, he was to

serve a warrant. The party stopped at San Saba on the way back to put water in the radiator of the car. His companions had all gotten out of the car and gone in the building when a man came out and demanded that he be carried for a ride in the "jitney." Mr. Weatherby informed him that the car was not for service, but was awaiting the return of the gentlemen who had gone into the building. Dean refused to believe the statement and threatened personal violence if he was not taken for the trip. After a few words had been exchanged Dean grabbed the front of Weatherby's shirt, at the same time threatening to use a knife upon him. Weatherby struck him on the head with a pistol in an endeavor to get free from his clutches. This appeared to anger Dean greatly and he made a desperate effort to use his knife. He grabbed Weatherby and had him down when the first shot was fired, striking him about 2 inches above the heart, ranging downward and as this did not stop him another shot was fired which struck him in the neck. The last shot was not serious, having only grazed the neck, but when struck with the second shot Dean released his hold. He then turned and ran or staggered toward another car and Weatherby, fearing he was going for a gun, fired again, striking him just above the hip. He was given surgical attention at once, but those attending him announced from the first that he could not live. He lingered until Saturday evening, however, when he died.

The unfortunate circumstance is greatly regretted by Mr. Weatherby and his friends. The man was a total stranger to Mr. Weatherby, and altho he had a reputation of being a desperate man, this fact was not known to Mr. Weatherby or those with him. He was a large and powerful man and Mr. Weatherby was totally unable to cope with him in a physical contest, much less

to overpower him when he was making an assault with a knife.

Mr. Weatherby is a genial and courteous gentleman, retiring and unobtrusive and those who know him feel every assurance that the trouble was forced upon him and that he used every reasonable means to avert the unfortunate occurrence.

After the San Saba officers learned the facts in the case Mr. Weatherby was allowed to accompany his friends home and prepare a bond here, which was sent to San Saba the following day. An examining trial was held Monday, when his bond was fixed at \$3000, which of course was promptly made. Those in position to know freely predict that no indictment will ever be returned by a grand jury.

### A FAREWELL PARTY

Friday night, June 29, Miss Nora Ross gave Miss Merle Allen a farewell party. Miss Allen will soon leave for her new home in San Antonio. As the guests arrived their names were written in a small souvenir book, which was afterwards presented to Miss Merle by the hostess.

Some of the guests were engaged in playing games when a number of boys and girls arrived from a picnic in honor of Lysle Allen.

Special music was rendered by Misses Florine Weathers and Brownie Graves. Ice cream cones were served as a refreshment. A cracker race was one of the special features of the party, the prize was won by Frank Keese.

The guests were engaged in playing Drop the Handkerchief, and as there was a large number present it made our old game interesting. Afterwards the boys chose partners and joined in a candy drawing of which Merle Allen and Frank Keese were leaders. The guests present were as follows:

Girls—Merle Allen, Blanche Allen, Florine Weathers, Bina Weathers, Lois Ross, Faye Cockrum, Minnie Weathers, Maggie Webb, Altie Webb, Rubie Webb, Bonnie Weathers, Beatrice Weathers, Abbie Lindsey, Ina Mae Keese, Lois Keese, Lucile Gartman, Brownie Graves, Wynonie Kuykendall.

Boys—Lawrence Weathers, Luther Weathers, Claude Hearne, Algie Ross, Sam Ross, Gresham Fowler, Emmett Mohler, Lysle Allen, Kerney Graves, Frank Keese, Virgil Priddy, Julian Evans, Jack Rudd, Reuben Brown, D. Howard Rudd, Leon Baker, Farris McCallister and Charlie Hurdle. A GUEST.

### MULLIN

From the Enterprise: Miss Estelle Euren, who taught in the Dallas schools the

past week arrived Tuesday for a visit to her sister, Mrs. Charlie Green.

Bert Monerief, who for the past seven months has been employed by a mining company at Morenci, Ariz., arrived Tuesday night to visit his wife and children.

"Uncle" Joe Fletcher and wife are visiting their son in Runnels county this week. They were accompanied by their little granddaughter, Edith Martin.

Henry Casey came up from Houston the latter part of last week for few days visit to home folks. He left Wednesday night for Fort Worth, his future home.

Late Wednesday afternoon F. C. Billings, employed at the Taylor drug store, was badly burned about the face and hands as the result of an explosion. Mr. Billings was examining the carbide tank, preparatory to lighting the building, had removed the top and wishing to look into same, unthotedly struck a match igniting the gas which caused the tank containing the carbide to explode. His injuries are not serious, but will relieve him of his duties at the drug store for several days.

The exemption board for this county, composed of Dr. Campbell, J. V. Cockrum, of this city and John Ware of Lometa met the first of the week and compiled a roll of those who have registered for military service. This list was forwarded to the proper authorities and the men selected will soon be notified. When they receive such notification they will be given an opportunity to make their claims for exemption before the board.

A car of best Smithing Coal just received—Goldthwaite Light and Ice Co.

Miss Willie Annie Williamson of Austin was expected to arrive in the city last evening for a visit to W. M. Johnson's family. We are positively selling the cheapest.—Racket Store.

### INFERTILE EGGS PAY

Infertile eggs, fresh gathered and "stamped," bring 25c a doz. and no loss. Ordinary eggs: firsts 12c; with a considerable number of rots coming in now. Ordinary eggs average 12c a dozen, while infertile eggs bring just twice as much. Get a stamp and start now.

Keep your hens and turkeys. Prices will be better. If you have a car load of produce any kind see us.

Just a little more than a week until the reunion.

Misses Genevieve Smith and Maggie Ross returned Monday from a visit to friends in Lometa.

If there was any better flour than Cotton White we would sell it.—Archer Grocery Co.

Mrs. Sullivan and daughter, Miss Mary, left for Cleburne yesterday for a visit to relatives. Miss Mary Thomas of Cleburne, who had been here visiting them, returned home with them.

J. S. Livingston has purchased Mrs. Roach's cattle and leased her ranch in the Bull Springs community. It is understood Mr. Livingston and family will move to the place in the near future.

Capt. I. T. Moorland and family were called to Streeter, Concho county, last Sunday on account of the death of his little grand child. They returned Tuesday and his daughter, Mrs. Bessie Kerby, came with them for a visit.

Mrs. J. I. Sherrill and children expect to leave today for Drumright, Oklahoma, where Mr. Sherrill has been employed for some time and where the family will reside. They leave many friends here who wish for them the best of fortune in their new home and hope their stay away from Mills county will not be permanent.

**CALOMEL DYNAMITES  
A SLUGGISH LIVER**

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

**CITATION**

The State of Texas:

To The Sheriff or Any Constable of Mills County, Greeting:

You Are Hereby Commanded to Summon Mary Bird, Martha L. Hancock, Martha L. Shaper, Martha L. Shafer, Sarah Ann Burgess, Sarah Craft, Henry Shaper, Henry - Shafer, Winnie Bird, Winnie Asher, William Asher, Mary Asher, Mary Williamson, Thomas Williamson, Thomas M. Williamson, Anderson Smith, Marcelle Smith, Sue J. Siddall, S. J. Siddall, Mrs. Missa A. Holloway, Mrs. Missia A. Holloway, Thomas Hancock, and the unknown heirs of each and every one of the above named defendants, their heirs, executors and administrators, all of whose names are unknown to plaintiff, and the places of residence of all of said unknown defendants, their unknown heirs, executors and administrators being to plaintiff unknown, to be and appear at the next regular term of the District Court of Mills County, Texas, to be holden at the court house thereof in the city of Goldthwaite on the first Monday in October, it being the first day of October, A. D. 1917, in case No. 1721 on the docket of said court, wherein Andrew Locklear is plaintiff and the above named parties, their heirs, executors and administrators are defendants.

Plaintiff's cause of action being alleged as follows, to-wit: Plaintiff sues in trespass to try title to the lands and premises hereinafter described and for damages, alleging that for more than ten years next preceding the filing of this suit and after defendant's cause of action, if any they ever had, for said lands and premises had accrued he and those whose titles he holds, claiming good and perfect right and title to said lands and premises, have had and held peaceable, continuous and adverse possession of the same, cultivating using and enjoying said lands and premises and excluding all others therefrom and claiming to own the same by good and perfect title and having the same at all times fully enclosed and claiming the same adversely to all others; and that on the 22nd day of March, A. D. 1917 the defendants above named, their heirs executors and administrators unlawfully and wrongfully entered upon said lands and premises and ejected plaintiff therefrom, denying his right and title to the same, and claiming to own said lands and premises, and have ever since converted to their own use the rents, fruits and revenues of said lands and premises, to his damage \$100.00.

Plaintiff also alleges that he has good and perfect right and title to said lands and premises in this, to-wit: That he and those whose titles he holds, claiming the same under deeds duly registered, have had and held continuously for a period of more than five years after defendant's cause of action, if any they had, accrued, and before the institution of this suit, peaceable, adverse and continuous possession of the hereinafter described lands and premises, cultivating, using and enjoying the same, and having the same fully fenced and enclosed, and paying all taxes thereon and constantly and continuously claiming the same in fee simple title and against all persons whomsoever, all prior to the date of ejection by defendants as above stated. And plaintiff alleges that the nature and character of defendant's claim and title, if any they ever had, to said lands and premises, is to plaintiff unknown.

Said lands and premises are described as follows, to-wit: A part of the Mary Bird League and Labor Survey, situated in Mills County, Texas, and described by metes and bounds as follows to-wit: Beginning on the bank of Pecan Bayou, being the North corner of the Mary Bird Survey of which the tract herein conveyed is a part and the East corner of the Joseph Rennoek survey, from whence an Elm bears

South 45 West 4 varas an Elm stump North 50 East 5 varas, another Elm South 20 East 5 varas; thence South 45 West 6626 varas to the corner of an 800 acre tract out of the Mary Bird survey; thence South 45 East 1275 varas past the corner of said 800 acre tract 2565 varas to a stake in the South East line of the Mary Bird survey from whence a Post oak bears South 42 1-2 East 41 varas, ditto North 37 West 47 varas; thence North 45 East 6405 varas to a stake on the bank of Pecan Bayou from whence a pecan 40 inches in diameter bears North 15 West 15 varas; thence up the Pecan Bayou with its meanders to the place of beginning containing three thousand and twenty-four acres.

And you are further commanded to summon the defendants aforesaid, their unknown heirs, executors and administrators, and to serve this citation by publishing the same once each week for four consecutive weeks previous to the return day hereof in a newspaper published in your county, and if no newspaper is published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Witness C. D. Lane, Clerk of the District Court in and for Mills County, Texas.

Given under my hand and the seal of said court, in the City of Goldthwaite, this 13th day of June, A. D. 1917.

(Seal) C. D. LANE, Clerk of the District Court, in and for Mills County, Texas.

**THE LIGHT OF PUBLICITY**

One reason why we as farmers have not been able to market our products better, secure financial assistance when this was needed and purchase our necessities upon better terms is because many of us lack business training that

is indispensable to business transactions. There was once a time when this was not so important. When farmers produced most of what they used at home there was little buying and little selling. But farming is now upon a commercial basis. We buy and sell; have deposits in the banks; advertise our products for sale and buy from advertisers. This makes it imperative that farmers have a knowledge of business affairs.

Those who had few advantages for education and little opportunity for business dealings should get in touch with the business world. Visit the bank and open an account; consult the banker, the lawyer, the doctor, the merchant and the editor of the local paper. Get acquainted with the business men and establish business relations with them. They will be equally glad to meet one who knows farming and will be interested in what you say about livestock and crops. These business and professional men are usually glad to meet with farmers, for they realize the value of a good farmer. And when the farmer needs business information most of them are glad to help him.

The farmer of tomorrow must be a business man. He knows how to buy, sell, invest and meet the demands of progressive society.

Many of the complaints against corporations, firms and individuals could be traced to a misunderstanding of business. Not many firms are dishonest. Dishonest firms can not advertise and stay in business. The swindler must hunt a new victim every time and this must be where there is no publicity. Advertising is a protection both for the buyer and the seller. Articles that are advertised must be better than those not advertised and advertisers are men who have to put their money and brains into their manufacture and are not afraid to stand behind their products with their guarantee.—Farm and Ranch

Good news for the thirsty! Here's a beverage that not only will taste good while you are drinking it, but that will leave the mouth tasting as fresh as a May morning. One, too, that has that very desirable quality of having no heating after-effects.

As a between-meals drink it has the happy faculty of always reaching that dry spot that needs irrigation. With meals, it is an ideal beverage. Not only does its flavor make it go perfectly with food, but its tang adds zest to your enjoyment of a meal—hot or cold.
