Mills County Operators Easy and Several Wells Going Down.

Mills county oil operators, lease holders and owners of oil producing land are certainly a modest set, for they make no ado about their prospects or accomplishments. While several deep wells are being sunk and numbers of drilling contracts have been made, there has been no uproar about it and there is much more doing in the oil business than is generally known.

J. V. Cokrum, who is a pioneer in the oil business here, has a drill at work in the Aves well near Warren crossing. All machinery is on the ground to begin drilling a deep well in Young brothers pasture west of the bayou and another rig is being set up on Weston brothers tract in Red Springs community, a few miles west of this city, and earnest money has been paid to have other drilling machines at work in the near future. Among contracts for immediate execution is for Burnett & Weatherby a few miles south or southwest of this city. The land in the county has been opened for oil prospecting and there are some of the foremost operators and some of the biggest oil companies interested in this field.

Geological reports as to the Mills county field are very encouraging and those acquainted with the situation feel confident this will prove to be one of the greatest oil fields in America.

Members' Day Program.

The North League is preparing a "Members' Day" program which will be held at the Methodist church Sunday morning, making the place of the regular service.

Mrs. W. R. White enjoyed a visit from her mother from Joshua the early part of the week.

Attorney McCartney of Brownwood had business in district court here the first of the week.

J. J. Ince of the Bayou community was looking after business matters in this city the early part of the week.

D. S. Westerman of Jones Valley was looking after business matters in this city Saturday and made the Eagle an appreciated call.

Mrs. R. N. Chapman left Tuesday night for Jacksonville to visit her mother and expects to visit Alto before returning home. She will be away about a month.

Butler Evans was here from Brownwood the first of the week visiting his home folk and friends. He is making rapid progress in the art of telegraphing and will soon be a full-fledged operator.

T. J. Laughlin, one of the good men of Antelope Gap community, whose friendship and patronage the Eagle appreciates very much, was looking after business in this city Saturday and made the Eagle an appreciated call.

Mills county's quota for war saving stamps and certificates is \$220,780. These stamps can be purchased at postoffices, banks, and many business places. This is a good method of economy and will also prove a very profitable investment.

Wm. Lippe and August Drucekhammer, two of the good citizens and progressive farmers of the Priddy community, made the Eagle an appreciated call Saturday and the last named gentleman added to the Eagle's growing list of subscribers.

I. K. Griffin, one of the county claims as a citizen, those who called this for the Eagle. He has long that we couldn't get him and we appreciate him as time goes by.

Miss Johnnie Bell Harrison, one of Mills county's most efficient young ladies, school teachers, plans to employ her vacation from school work by learning the newspaper business at the Eagle office. If she makes as much success in this work as she has in school teaching we will have cause for being proud of her efforts.

TEACHERS ELECTED

Ample Assurance of Another Successful Term of School.

Goldthwaite has never had a more successful school term than the one just closing and no corps of teachers ever gave more universal satisfaction than have those now employed in the school. All are well qualified and faithful; all are popular with the patrons and pupils of the schools.

So successful has been this term that the patrons would be glad to know that all of the teachers could be employed for another term and the very satisfying information has been given that Supt. T. L. Price, Mrs. McElroy and a majority of the grade teachers have agreed to accept re-election and others may do so.

The Board held a meeting Monday night and re-elected: Prof. Price, superintendent; Mrs. Winnie D. McElroy, principal; Miss Lucille Frizzell, Latin and history; Prof. Arthur Smith, seventh grade; Miss Nellie Kirkpatrick, fifth grade; Miss Erma Harrison, third grade; Miss Rosa Johnston, second grade.

The list of teachers will be completed at the meeting May 20.

A RED CROSS RALLY

Celebration Planned For the Beginning of the Drive.

County rally May 19 at 7:45 p. m. at the Baptist tabernacle in Goldthwaite. There will be music by the band, patriotic speaking and the drive explained in full. The people of the entire county are invited to come.

W. G. CALLIHAN, Chairman for Mills County.

Second War Fund Drive.

The second war fund drive of the A.R.C. begins May 20th and closes May 27th. This drive is to raise every dollar possible to help our Chapter at home and the war relief work on the battle front. It is not a membership campaign at all, but a campaign for funds. Where a man is able to give one hundred dollars we want him to do it. This county is supposed to raise as her part four thousand, two hundred, twenty four dollars. I have been appointed Chairman for the drive in Mills county and want to go over the top in this as we have in all matters pertaining to this war. Some say this is too close to the liberty loan. Remember the time is here for sacrifice and not ease. If we wait until we feel like it the Hun may be at our door demanding all instead of a gift, as the Red Cross is asking.

Now let everybody do their best. I want speakers, cars, and above it all talk it everywhere. Ask as many questions as you like—the more the better. Read all the ads in the paper this week without fail, and ask yourself the question, what am I doing? Please feel free to call or write me at any time, as I am here to put this over above all things at this time.

Every preacher in the county will preach on this subject May 19th. I will supply him with all literature needed.

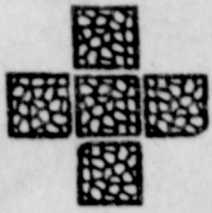

W. G. CALLIHAN, Chairman, Mills County.

Judge Abney of Lampasas was looking after legal business in district court here the early part of the week.

T. A. Gardner, a good and progressive citizen of Center City community, was among his friends in this city Monday.

Miss Allene Howell, one of Goldthwaite's most popular young ladies, has returned to Georgetown, after a short visit to relatives in this city. She is demonstrator of domestic science in Williamson county and greatly pleased with her work. Mills county's young folk make good when they go.

The Red Cross is doing the greatest to suffering humanity of any single organization in the world. Every individual can spare one dollar ought to be a member. You have no idea how much just one dollar will do. The present membership of the organization exceeds 100,000,000.—Abernathy

Don't forget the boys "OVER THERE" in the Red Cross campaign from May 20 to May 27.

THE NATIONAL BANK

W. E. MILLER, President.

Book Reception.

The book reception given by library committee of the Self Culture club in aid of our soldiers was a complete success from a social standpoint, and near one hundred books were donated. The committee is to be congratulated on planning and perfecting an event in war work in which so many participated. The ones who were on program were splendid. It gave special pleasure to all to hear readings by Miss Sophia Martin and Mrs. Bedford McBride, two of our High School graduates of former years, now teachers in their chosen profession.

Miss Martin gave Bobby Shafto and Mrs. McBride, The Two Mothers. Their encore numbers were in lighter vein but were highly appreciated. James Newton Mullan, Doris Thompson, Mildred Street, Anna Lee and Clarice Ashley also had places on the program, and each number rendered brought heavy applause from the assembled guests.

All who contributed books, entertainment, music or labor may be sure their help was appreciated by the committee.

The books will be shipped next week to the authorities for distribution. All still remains of any person in the city or more than one or more persons and sailors. Do not go to any business or to the library Store. MEMBER.

Mr. Miller announces an auction for the benefit of the Red Cross next Saturday at 2:30 p. m. All who will donate anything to be sold for this good cause will please notify Bro. Callihan at once. Anything of value will be accepted, such as eggs, poultry, live stock, canned goods, needle work, etc.

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take

CARDUI

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness... I would go for three weeks almost bent double... My husband went to Dr. for Cardui... After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

ED. LINDSEY SUICIDES

Despondency Supposed To Have Actuated Him.

Ed. Lindsey, who occupied the position of city scavenger here for several years, suicided at the dumping ground Wednesday morning about 8 o'clock by cutting his throat with his pocket knife. There were indications that he had first tried to shoot himself, as his shot gun was near by with two empty shells and there were holes in his hat supposed to have been made by shot from the gun. The body was lying close to the road and was discovered by P. M. Morris, V. D. Tyson and others, but there were no signs of life about it and it is supposed he had been dead half an hour or longer when the body was discovered.

Lindsey was indicted by the grand jury Tuesday on a charge of robbery, but those who knew him and were associated with him did not think he was so seriously affected by the indictment but can find no other explanation for his act.

Last December some one entered George Heatherly's room at the family home here and stole \$136 from his trunk and it was a charge of having committed this robbery that he was indicted.

Lindsey was reared in this county, having lived at Williams Ranch before Goldthwaite's time. He was 47 years old and leaves a wife and three boys. He was an industrious and sober man who bore a good reputation among those who knew him.

His remains were interred in the cemetery here Thursday.

In Foreign Lands.

Following is the conclusion of a letter written from Japan by Roy Moore, a portion of which was published last week:

There was lots of excitement when we arrived in the way of rumors. It was reported that the Maximilists were in power, having taken charge, the day previous, of everything, especially the gold. And that there were 30,000 drunken soldiers on shore without commanders, and they were just playing havoc. All this was very true except we did not observe one drunken soldier on the streets. There were few who were game enough to go ashore and the writer was one of them, not boasting however, but the colonels and most of the majors went and I figured I had as much nerve as they did. I did not have any Russian money so I borrowed some from a Russian interpreter we had on board, as I had a draft for 100 roubles on a bank, I had some gold, but Saturday P. M. is all the same as Sundays there. Everything closes Saturdays P. M. so I could not get my gold changed, I crawled into a san-pan something like our skiff, and when we went ashore there were five of them I was to pay our way and gave the chink the five roubles and another fellow did likewise, neither knew the other was paying, so you see we got scammed right on the jump.

Well, I walked around for some time, went to the American consulate, and several places I don't know the names of as they are very hard. I was saluted by the army men on the streets, and treated very nicely much to our surprise. With all this good news we were going back to tell the boys who would not go ashore. All were wanting to get a good night's rest and take an early start next day to tell the boys on board, but when we were aboard we were told there would be no more shore leave on account of Russia and Germany having on armistice, which would not permit foreign troops to land while the armistice was in effect. We stayed aboard, and it was colder than seven hundred dollars.

When I went ashore I must have looked like a bale of cotton I had on so many clothes. You should see the heavy olive drab overcoats lined with sheepskin the government furnished us in addition to the heavy suits, and the heavy underwear we bought ourselves, also other wear in proportion.

Well, we left that town sharp at 4 p. m. Monday, Dec. 17th and no one except the boat captain knew when or where we were going, and we were out of the harbor before the Russians knew we were going to leave, but this old boat captain has had 43 years of experience at sea and I suppose he was afraid the rebels would capture us or we might freeze in for the winter. No one but God knew and He wouldn't tell.

Everything went nicely, and we passed in sight of Korea and arrived here at Nagasaki 6:12 p. m. Thursday Dec. 20th we were reviewed by the Japanese medical officers to see if our hoofs and teeth were all right, and that there were no signs of disease. We were reported all OK and came ashore next morning.

Facts About the American Red Cross

Did you know that—

It has established and is operating twenty dispensaries in the American Army Zone in France to care for the needy families there and to improve health conditions in the section ready for our troops.

It is housing and feeding thousands of children in the War Zone to keep them away from the danger of gas and shell fire.

It has divided the entire War Zone into six main districts, with Red Cross workers at each point to distribute cooking utensils, agricultural implements, beds, bedding, food and clothing.

It provides builders and ready-to-put-up buildings to house the homeless in the devastated regions, often before the walls of the destroyed homes have cooled.

It is bringing over two hundred tons of supplies every day into Paris, from which one hundred and twenty-five tons are reshipped to branch warehouses over France.

It is providing an artificial limb factory outside of Paris, in addition to special plants for the making of splints.

What will YOU give to keep this Hand of Mercy at its work?

A Genuine Pleasure

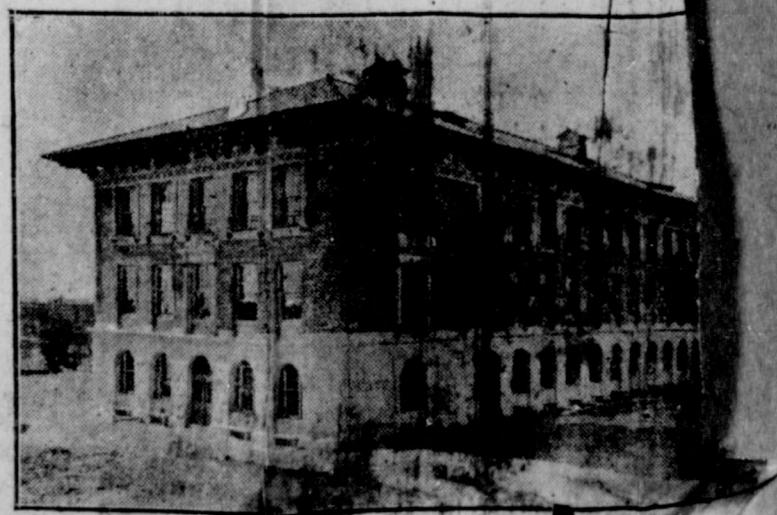

It's a pleasure to sell a medicine that brings people to tell about the good it does them.

We have seen more TANLAC and heard it praised more than any other medicine in the same length of time.

If you are suffering from stomach trouble, indigestion, or any of the other common ills, get a bottle of TANLAC and experience its wonderful curative powers.

NEW UNIVERSITY BUILDING

conditions worse than in Honolulu or Russia, from some standpoints especially in respects to sanitation and decency. Water closets are obsolete, however there are some toilets here especially in the hotels, the people here ordinarily are very nice and treated us unusually well especially the educated class. They give us passes on the railroad here any place we wish to go. Some of the boys went to Tokio and Yokohama but I only went one time to Tokio. It is a 3 or 4 hours ride, and during the distance we went through 14 tunnels, so you can imagine how rough the country is. We remained on the good ship, Thomas, until Jan. 13th when we were quartered in different hotels. The writer was placed at the Nagasaki hotel, it is about 30 feet from the harbor or the ocean, can see all the boats from the door. We have been on board several at different times trying to pass away the time. This burg has about 188,000 population and covers just about as much ground as two Goldthwaites would several families often occupy the same home, so you see they double up, all sleep on a mat on the floor although they have silk bed clothes about long enough for a 12 year old kid. If I was to try to sleep in one of them I'd stick out at both ends, my head and my feet. They don't wear shoes but take gaiters that has a loop over the front of their feet and runs between their big toe and the next one, and they don't wear them in the house. If an American goes to visit one of them they have to pull off their shoes. They have a religion of their own called Buddhism, although there are some Catholics and some Protestants here. I go to Sunday school every Sunday at the home of Mr. Truman, secretary of the Y. M. C. A. This and the foreign missionaries have my support from now on. I have always been against this fund a little in the churches at home, but believe me they are doing good work and are to be commended for their faithfulness. I have reformed somewhat since I left home. Nothing to think of but home and loved ones put me to thinking as I used to think as I had backslided. I get much interested in the Bible often, and we have lots of discussion at the Bible class. There are missionaries of all denominations. I have only met the Baptist representative twice. I had an invitation to go to his home for tea once but was unable to fulfill the invitation, but expect to go sometime possibly this week.

Well, I have written about all I know and think you will agree that it is time to quit. I do not know when or where we will sail from here, but will be glad to have everybody write me here care of American Consul. We may go to Harbin, Manchuria or we may go back home no one knows. Write me here and it will be forwarded. ROY.

 J. T. BLEDSOE

Be sure to attend the Recital at the Dixie tonight. Get tickets at Clements'.

The young ladies of the black face minstrels, went to Cherokee yesterday to give an entertainment last night.

Commencement exercises of Goldthwaite school will be held in the Dixie next Friday night.

Mrs. R. W. Gillespie of Ladonia is visiting her son, J. A. Gillespie, and family in this city.

W. C. Moring of Ladonia is in the city visiting his daughter, Mrs. J. A. Gillespie, and family.

The city council held a regular monthly meeting Monday night, but no business was transacted except of a routine nature.

R. F. Swindle has closed his grocery business at Priddy and it is understood he has accepted the management of a large mercantile concern at Gustine. He is a good business man and good citizen.

T. T. Nickols, who was carried to the Temple sanitarium last week, suffering with something like erysipelis, is still in a dangerous condition, but his many friends here sincerely hope for his early recovery.

J. N. Weatherby, who was stabbed and shot by a porter on a Pullman car at Fort Worth last week, was able to come home in his automobile Saturday and has since been looking after his business, but he sure had a close call. He had never seen the negro before and believes he was a victim of mistaken identity. As he started to board the car the negro grabbed his gun from his back pocket and at the same time stabbed him in the back. The negro then placed the gun against his shoulder and Weatherby passed entirely by the negro. The negro then attempted to capture the negro then captured.

HIS WIFE'S TROUBLE COST HIM OVER TWO THOUSAND DOLLARS

"Just A Few Bottles Of Tanlac Have Restored Her To Health Again," French declares.

"After I spent over two thousand dollars for medicines for my wife without doing her any good it sure does seem wonderful to me that just a few bottles of Tanlac have restored her to health again," is the remarkable statement made a few days ago by Harry C. French, who resides at 240 La Branch Street, Houston, Texas.

"Several months ago he continued, "My wife's health failed, she lost her appetite and, before I realized it, her condition had gotten to be so bad that she was in danger of a complete breakdown. What little she forced her self to eat disagreed with her and she suffered agonies from the gas that rose from the undigested food in her stomach. She was badly constipated and suffered from such terrible headaches that her nervous system went all to pieces and she could not sleep more than half the night. She worried so much over her condition and became so despondent that she would hardly speak a dozen words during the day.

"I got several specialists to prescribe for her and got her to take many different medicines and positively nothing did her the least good but Tanlac. Soon after she started on her first bottle I noticed that she was picking up and getting more cheerful and she has continued to improve right along ever since. She eats anything she wants now and it all agrees with her, she talks and laughs most all the time and is always in a good humor. She sleeps like a child and nothing worries her at all. In fact, she is entirely like a different person."

Tanlac is sold in Goldthwaite by L. E. Miller & Son, in Mulberry by J. R. Clark, in Regency by Keeling & Keeling, in Priddy by G. H. Spiser and in Star by Star Drug Co. (adv)

PATRIOTIC DONATIONS

About a month ago, the women of Maryland made a liberal donation of canned fruits and preserves.

These articles were given for use on our transports and destroyers which were going abroad.

The expressions of gratitude from both officers and men have been almost overwhelming; and requests come from every side for more.

We know you would be glad to help give back to our boys some of the things which they have sacrificed in leaving their homes to fight for us in France. I think every father and mother in Mills county (or the U. S.) would consider it a privilege to donate one or two cans of fruit or jars of preserves for this purpose.

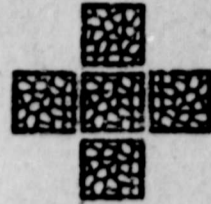

Paste labels on the cans giving name and address. It will add a personal touch to the gift which will be appreciated by the boys. They like to know who it is that is thinking of them.

I have shipping instructions and will be glad to take charge of them for you and see that they are delivered promptly to the men leaving for France.

Yours Very Truly,
 GEO. W. McDANIEL
 Demonstration Agent
 Mills County, Texas.

MUSICALE

Friday night, May 14, Marching Band Theater. Given by Mrs. Hook's music class. Price, 10 cents. Goldthwaite Orchestra. As played—Grandma's Tune is
 Number—Bernice Calhoun plain
 Company
 E. Miller

GET READY!

Your Red Cross

Needs another hundred million to lighten just a little of the awful load of misery "over there."

YOUR share is all that you can give--and then a little more.

The campaign to raise the needed money begins May 20 and ends May 27.

Mills County [has been asked to furnish approximately \$4300 as her share.

Will You Hold Up Your End?

The Goldthwaite Eagle

PUBLISHED EVERY SATURDAY

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite post-office as second class mail matter.

R. M. THOMPSON, Editor

The railroad wage committee has recommended to Director General McAduff the granting of a 20 per cent increase in the wages of railroad employes. This increase, if granted, will amount to two hundred and sixty million dollars a year.

Every day sees the allied forces increased and its fighting equipment bettered, while Germany's force and equipment must of necessity be deteriorating each day and the result cannot be other than an overwhelming victory for the cause of right and freedom.

The street car employees in Waco went on a strike in March and later a sympathetic strike of all allied unions was called to force the street car company to terms, but there was "nothing doing" and now these strikers have decided to get their jobs back if the company will take them.

President Wilson has designated by proclamation the week from May 20th to 27th as Red Cross week in America. The people are preparing for the week that is to be made upon the end of the week will find the total of subscriptions to the Red Cross fund far beyond the hundred million mark.

Reports from the European battle fronts amply justify the confidence that has been felt all the time in the valor and fighting ability of the American troops—the "Samurais" as they are called by our allies.

Without their aid we could not have created the factories and the machinery that are the backbone of our civilization.

The true prosperity of a nation is not measured by the amount of money in the banks and the number of dollars in circulation. The people and the press vie with each other in boasting of bank clearances. As a rule, in all farm communities the mounting sums represent "farm clearances." That which is piled up in the banks is but the wealth taken from the soil, reduced to more concrete and interchangeable form.—Farm and Ranch.

Now watch the soil do its best. Rain, the magician, has waved its wand over the greater part of Texas and other states of the Southwest and the farmers are busy as bees. To the call of their country the farmers are answering "here!" And they are here from early morn to the evening twilight. In the hour of the country's need the man behind the plow is no less a patriot than is the man who is standing behind the gun. No class of citizens gave more of their boys to the trenches than did the farmers. Happy should those be who so loyally gave yet are so privileged to aid at home. While from their toil in the fields, they, themselves, will profit, yet there is something more satisfying still. There is the consciousness of helping to save humanity and with it America. The hope of reward is so great that no one should hesitate to buy Liberty Bonds and

SENIOR-JUNIOR PARTY

On the evening of May 1st the senior and junior classes of the high school and a few intimate friends were entertained at the home of Mr. and Mrs. J. C. Street in a party given by Miss Laura Street in honor of Miss Eloise Anderson.

When the guests arrived at the house they were met at the door by the hostess who conducted them to the register table where they registered and were given crepe paper caps; the seniors and their escorts, pink and green caps (their class colors) and the other guests, black and gold, (the high school colors.) Then they were conducted to the punch table.

When the guests had all arrived a contest called Grandfather Time's Change, was played and Miss Ruyel Keese was the winner of a handsome prize.

Next came a contest where each guest in turn was given a bow and arrow and ordered to shoot at a large pink heart with a tiny green one in the center, the girl and boy who shot nearest the center were the winners of the prize. Those lucky winners were Miss Minnie Taff and Mr. Emmett Moller.

Then ten games of the progressive game of hearts were played and Miss Eloise Anderson and Mr. William Thompson won the prize.

When this was over, delicious refreshments were served and as we discovered that the clock had worked while we played, and the lights winked a warning of bed time and we scattered to our various homes declaring this to be one of the most delightful affairs of the year to the hostess and ourselves.

Those present were: The senior and junior classes, and: Misses Mary Evans, Roxana Gaddis, Thelma Grisham, Estelle Oglesby, Minnie Weathers and Messrs. Cave, Fry, Brown, Harrison, Ligon, White, Moller, and Keese.

A GUEST ROCK SPRINGS

(Intended for last week) Editor Eagle:

Since last report we have had several nice rains. Crops look very well and would look better if it were not for the cool nights we have been having.

Grandma Lotis has been real sick for some time but was rightly improved the last report. We had a nice Sunday School last Sunday and hope to have a better one next Sunday.

An interesting program was rendered at the Liberty Bond rally last Saturday night and a number of bonds were sold. Mr. and Mrs. Charlie Stark were here for a visit to home folks last Saturday and Sunday.

Mr. and Mrs. George Hammett returned home last Monday after a short visit to friends and home folks.

There was singing at the home of J. T. Robertson last Sunday evening.

Mrs. Addie White and children returned home the first of the week.

Miss Lethia Edlin visited in our community last week.

VIOLET

Cause of Headache

By knowing the cause, a disease may often be stopped. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect. For Sale by L. E. Miller and Sons (Advertisement)

Another Good Investment!

+ We paid out some Red Cross money a while back. Paid it out—and forgot it. That's how much it hurt. It may not be a bad idea to have a look at what that money has been doing. +

That money went, dollar for dollar, where it did a full day's work, wherever it was.

Three cents of it may have had the honor of disinfecting with iodine the three torn wounds of an American soldier on the French front. Or it may have had the less noble responsibility of pinning a warm belly-band around six-year-old Antine out back of Noyon.

No, we can't figure this Red Cross task in cents' worth.

There's the whole path of ruin from Belgium to Switzerland, just to visualize one thing at a time. If your Red Cross money went there, it very likely provided pots and pans, food and clothes, beds and blankets, for the repatriated but destitute people.

Four years ago these people were prosperous and contented—self-respecting, steady, saving, hard-working, everyday, small-town citizens.

Now they have the "earth under them and the sky above them"—of one thing else.

It's for YOU to say whether this great work of mercy shall stop.

The Red Cross is yours, just as our Army and Navy are yours; yours to support with the same fervor and loyalty that leads you to the bottom of your purse for Liberty Bonds.

It's for your voice to say whether your Red Cross shall falter now or sweep onward, greater and more helpful.

It's for your voice to say whether Mills County shall contribute more or less than her quota of \$4,224.00 in the great national drive for \$100,000,000.

AND IT'S YOUR DOLLARS THAT MUST ANSWER!

Will You Help--or Will You Hinder?

ACROSS THE SEAS THEY CALL!

ACROSS the seas from every war-torn nation in the Allied cause there comes the call for Red Cross help.

It comes from soldiers who have grimly faced the gleaming bayonet steel, poison gas and screaming shells, and who now lie with parching throats and throbbing wounds.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from soldiers crippled, mutilated, blinded, who can no longer fight and must be taught and trained for useful occupations.

It comes from the underfed, shivering, helpless prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with horror.

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies **cannot be given unless it be provided by the American Red Cross.**

A hundred million is needed to "carry on."—and Mills County is asked for \$4, 224.00.

**The Call Comes to YOU!
What Will Your Answer Be?**

CONGRESSMAN BLANTON PUTS DUTY TO COUNTRY BEFORE POLITICS

Citizens 17th Congressional District:

I am a candidate for re-election but have no time now for politics. Civilization is in a death struggle for its existence. I don't believe the people desire that time, energy and money be spent in a political campaign during a war crisis. Soldiers at the front are giving their all. We who stay at home must support them by consecrating every moment in some avenue of service. We must put duty to Country first, and satiate ambitions later.

Through a gerrymander, politicians framing redistricting in the Legislature, took from me 28 counties in which I am well known and have the support of the people, added new territory, and gave my district a new number, hoping to benefit new aspirants. The Legislature can frame districts but thank God, this office belongs to the people, and you only can take or give it away. Though 2000 miles from you, I am not afraid of the voice of the people.

I stand on my record, public and private. I am bending every energy, straining every nerve, exhausting every resource and devoting my entire time in supporting the President and his policies, trying to assist our Commander in Chief to win this war speedily. Congress is daily excluding Members to return home, hence a working, dependable Administration quorum must be maintained here. Until all needed legislation has been enacted by Congress, I shall not leave my post of duty, regardless of consequences. In asking for a second term, I am confidently depending on my friends in the old and my few acquaintances in the new counties to care for my interest. Sincerely your friend,

THOMAS L. BLANTON

RED CROSS NOTES

The following articles were made and shipped for April by Goldthwaite Chapter and its auxiliaries.

Goldthwaite, 38 pajama suits 4 bed shirts.

Mullin, 18 pajama suits. Center City, 36 pajama suits.

Cryer, 6 pajama suits, 6 bed shirts.

Big Valley, 30 bed shirts.

Star, 12 pajama suits, 10 refuge garments.

Junior Red Cross of Goldthwaite made 1800 gun wipes, 20 bath cloths, 95 shot bags.

The work on the above articles was excellent.

I want every lady and girl in Mills County to make and send to the Red Cross sewing room in the court house on or before May 20 one or more nice patch blocks, size, 8 in. by 8 in., finished. Dark cotton material preferred.

MRS. J. H. LOGAN,
Chairman Sewing Committee

For a Sprained Ankle

"I'm afraid that's all I can spare"

What about our boys who are giving their lives in the trenches? Are they giving only what they can "spare"?

How about those mothers and little "kiddies" in the shell-wrecked towns of the war-swept hill "over there"—hungry, ragged, sobbing, alone?

Surely you don't mean, do you, to give only what you can "spare"? What do you think the word "sacrifice" means?

Let's quit fooling ourselves. Let's learn what "sacrifice" really means. Let's give MORE than we can spare—let's "give till the heart says stop."

THE RED CROSS NEEDS \$100,000,000. THE QUOTA FOR MILLS COUNTY IS \$4,224. BE A LOYAL AMERICAN—100%—AND "COME ACROSS."

The community of Priddy is one of the best in the county, with fine and prosperous citizenship. While a majority of the citizens there are American they are

BACKACHE IS A WARNING

Goldthwaite People Should not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches arising from weakened kidneys you must reach the cause—the kidneys. If you have pain thru the small of your back, bladder disorders, headaches, dizzy spells, or are nervous and depressed start treating the kidneys with Doan's Kidney Pills.

Doan's Kidney Pills have been proved good and especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read this Goldthwaite testimony.

Mrs. W. Taylor says: "My kidneys were inactive and annoyed me greatly. I also suffered from spells of backache. I used Doan's Kidney pills, bought at Clements Drug Store, and they regulated my kidneys and relieved the pain in my back. Doan's Kidney Pills act just as represented."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mrs. Taylor had. Foster-Milburn Co., M'grs., Buffalo, N. Y.

THE 'BUY A CALF' MOVEMENT

Are there not some farmers in Mills county who would be willing as a patriotic act, to take a heifer calf to raise?

We believe there are farmers in Mills county who would be glad to procure a good high grade Holstein heifer calf and raise it from purely patriotic motives.

We know that you can help the movement very materially. We feel that you will do all you can to assist this work which is of national and international importance. I will assure you that you will receive a good high grade Holstein heifer calf at a reasonable price.

OVER THE TOP

The sales of 3rd Liberty Bonds in Mills County have gone "Over the Top" and then some. The liberal subscriptions that have been made by the patrons of the Goldthwaite National Bank, as well as our bank itself, are exceedingly gratifying. These subscriptions have contributed in a large degree to the success of the campaign.

A great number of men, women and children, having an account with our bank, have tried to do their full duty in standing by the government in their endeavor to win the war. They are to be highly commended for their unusually generous and patriotic spirit in this momentous campaign. These good people can always be confidently relied upon in their loyalty to the principles of justice, humanity and a desire to give freedom to the world.

The Goldthwaite National Bank deeply thanks its friends and patrons for these renewed practical and substantial evidences of their determination to maintain the supremacy of American arms and the defense of the principles of right against might. The quota of Mills County for the 3rd Liberty was \$69,700.00, but the people of our county have gone far "OVER THE TOP" and we thank you for it. We are proud of the bank and its Officers and Directors and their 100 per cent patriotic as follows:

WATER MAKES YOU SICK

Like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more business, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't get Dodson's Liver Tonic you bet you'll have a horrible calomel and more waiting for you.

At present there are 3,000 acres of land in the Rio Grande Valley from which have been produced \$5,000,000 worth of onions. This means a shipment of approximately 15,000 cars at under present conditions only ten thousand cars can be secured. The result is that we will have 5,000 car loads which we must take care of in Texas and in Southern territory. For this reason the Federal Food Administration for Texas has entered into interest with the onion growers and assisting them in securing transportation and is also doing everything in its power to secure onions as a food.

The recipes given below have been carefully prepared by Miss Lou Stallman, Government Food Demonstrator.

CREAM OF ONION SOUP.

1 cup of cooked and sieved onions
1 cup of liquor in which onions were boiled.
1 cup of milk
1 1/2 tablespoon rice flour
1 1/2 tablespoon vegetable oil
Salt and pepper to taste.

Cook onions until tender and mash through a sieve, reserving one cup of liquor in which onions were cooked. Combine onions, liquor, seasoning, fat and milk, then bind with the rice flour moistened with a small amount of cold milk. Cook until slightly thickened. A few celery leaves cooked in the mixture will give an added flavor. Strain out before serving.

ESCALLOPED ONIONS.

Place boiled onions in an oiled baking dish and cover with white sauce. Sprinkle oiled crumbs over the top. Crumbs may be made from left over biscuits, muffins, etc., made from substitute flours. Oil with peanut oil. Bake until a delicate brown. Season crumbs well with salt and pepper.

BUTTERED ONIONS.

Boll as above, seasoning with margarine, salt and pepper. If butter is desired as seasoning, reduce the quantity normally placed on the table for family use by just so much. Butter should not be used in cooking.

BAKED ONIONS.

Peel, wash and bake in oven around meat roast, basting with the juice from the meat, or with hot water to which oil has been added. Use 1/2 cup of hot water and 2 tablespoons of oil.

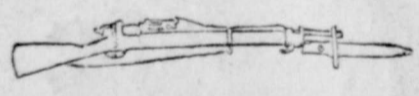

ONION SOUFFLE.

Cook onions, rub through sieve. There should be 1 1/2 cups of onion pulp. Heat 4 tablespoons of oil and add 4 tablespoons of rice flour. Pour on gradually 1 1/2 of a cup of water left from the onions and 1/2 of a cup of rich milk. Add onion pulp and bring to the boiling point. Season with salt and pepper. Cool partially. Beat the yolks of three eggs until thick and lemon colored and add to the first mixture. Cut and fold in the whites of the 3 eggs beaten until stiff and draw into an oiled baking dish and bake 25 minutes in a moderate oven. Serve at once.

ONIONS STUFFED WITH PECANS (DELICIOUS).

4 onions
4 tablespoons bread crumbs
Salt and pepper
2 teaspoons chopped parsley
4 tablespoons chopped pecans
1 tablespoon oil (vegetable)
1 egg
2 tablespoons white sauce (or enough to bind).

Cook onions whole, having been carefully not to cut root and off too close. Cook and remove center. Chop center and nuts. Add crumbs, oil, salt, pepper, parsley, egg and sauce. Sprinkle inside shell with salt. Fill with mixture and pile it up on top. Bake until delicately browned. Serve with white sauce to which 1/2 cup fresh peas have been added.

Fight the Germans—man for man; shell for shell—potato for potato, and eat the potatoes now.—Peden.

During April, 1917, potatoes were selling at 5 and 6 cents a pound. Today they are 1 1/2 and 2 cents a pound. One potato will replace a slice of bread for the Allies.—Peden.

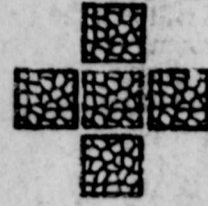

The Kaiser has issued a medal commemorating the day that potatoes were brought from America to Germany. In Texas today 2,000,000 pounds of A-1 potatoes are rotting, while Belgians starve.—Peden.

Our wheat supply is short; our supply of potatoes is abundant. Decrease your consumption of wheat by increasing your use of potatoes. There is no limit on the amount of potatoes that may be used, while every person is asked to limit his use of wheat to one and one-half pounds a week.—Peden.

YOU WANT THE BEST

If this applies to good things to eat properly prepared you should come to the Recall Restaurant, the Hungry Man's Delight, where everything is served in the most appealing style and our prices are always right. IVY RICHARDS Proprietor.

2nd War Fund Drive

American Red Cross

MONEY DON'T COUNT

As compared to the sacrifices our boys are making for the protection of the Liberties and Rights of the People, but we can prove our appreciation of their efforts and sacrifices by subscribing liberally to the Red Cross Fund. The drive begins May 20 and ends May 27.

Let's All Be Ready To Do Our Part!

Bodkin, Hurdle & Co

Red Cross Benefit.

Miller's Drug and Jewelry Store will on Wednesday, the 15th, give the entire proceeds from their fountain sales to the Red Cross. This day will be for the Red Cross at our fountain. All those that are interested in the Red Cross work are invited to take part and make this a big success for the Red Cross. Eat a plate of ice cream or drink your favorite drink. Remember it all goes to the Red Cross. There will be music to entertain you and plenty of goodies will be on hand to see that you are waited on promptly. Come enjoy yourselves. The cost will be small but the pleasure will be great, in that you realize the great good you are doing in helping one of the greatest organizations we have. Help the Red Cross and you are helping the boys over there to win the war for freedom and democracy.

Those who can't come during the day can come after supper. There will be entertainment for you in many ways. L. E. MILLER & SON.

About Rheumatism

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment. For Sale by L. E. Miller and Son.

EXCLUSIVE AGENCY

I have given R. E. Clements the exclusive agency on Logan's Blue Pills, Logan's Itch and Eczema Ointment and Logan's Catarrh Relief. J. H. LOGAN, M. D.

JUNK NOTICE

Bring your Copper, Brass, Rubber, Wax and old rags. I pay 75c per pound for rags. H. STORBECK

Do you Enjoy Life?

A man in good physical condition is almost sure to enjoy life while the bilious and dyspeptic are despondent, a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets tone up the stomach, improve digestion and regulate the bowels. It is all that is needed. Try it. Sale by L. E. Miller and Son. (Advertisement)

OLD IRON

Iron 40c per hundred, 50c per ton. G. S. CLARK At Baker's Store.

Are You A 1918 Model?

If you are a model husband—1918 model—you are equipped with all the modern improvements. Your home will be lookable and livable, with sleeping porch, covered veranda, furnace heat, bath, light and water fixtures, a tight roof, and ornamented with a loving wife. All the other buildings on your place will be substantial and storm-proof, suited to their various uses, and fences and gates will be hog tight and in repair.

If you lack any of these things, see us. We cannot supply you with all, maybe, but we can supply the best of **GOOD LUMBER**—Southern Pine or other sorts—exactly suited to your every building need and at surprisingly low prices. We have valuable plans and other building helps that, with our service, are free to you.

BE A SELF STARTER—see us NOW! We have made over many a one-cylinder, tin wheeze of a husband into an up-to-date, high-power Super-Six.

WHEELER WAS IN MEXICO WHEN THE TROUBLE STARTED.

Broke Down Completely Under The Strain - Entirely Restored By Tanlac.

Fred E. Wheeler, residing at 403 Crawford Street, Houston, Texas, has been for the past twelve years construction engineer at the East Coast Oil Company in Mexico. Mr. Wheeler, being unaccustomed to the tropical climate there, went through with a long and painful experience from which he declares he has been entirely relieved by the use of Tanlac. His interesting statement is as follows:

"My system was so full of malaria contracted while working in the Mexican oil fields that I could not hold my own any longer and I broke down completely. My stomach was in an awful condition, most everything I would eat disagreed with me so that I was constantly belching up gas and spitting up undigested particles of food, and when I would nearly die with a splitting headache. I was badly constipated, too, my sleep was broken and I would get up in the morning just as tired and worn out as I was when I went to bed. A languid and no account feeling took hold of me and I didn't have enough life or energy to do a thing."

"I had taken Tanlac before and knew from experience that it was the only thing that would surely straighten me out and it did not disappoint me, for I was on the mend before I had used up my first bottle and kept getting better every day. I am now in fine shape and feeling fine as a fiddle. I think so much of Tanlac that I keep a bottle of the medicine in my room all the time, and when I return to Mexico I shall have it shipped to me regularly, for I wouldn't be without it down there for anything."

Tanlac is sold in Goldthwaite by L. E. Miller & Son, in McLennan by J. R. Clark, in Regency by Keeling & Keeling, in Priddy by G. H. Spiser and in Star by Star Drug Co. (adv)

ALLIED FOOD SHIPMENTS REACH LARGE TOTAL

A general idea of the quantity of food shipped to European allies by the United States is given by figures published by the U. S. Food Administration. The monthly shipments for 57, the complete year addition there was 2,194,370 additional pounds of the dried foodstuffs.

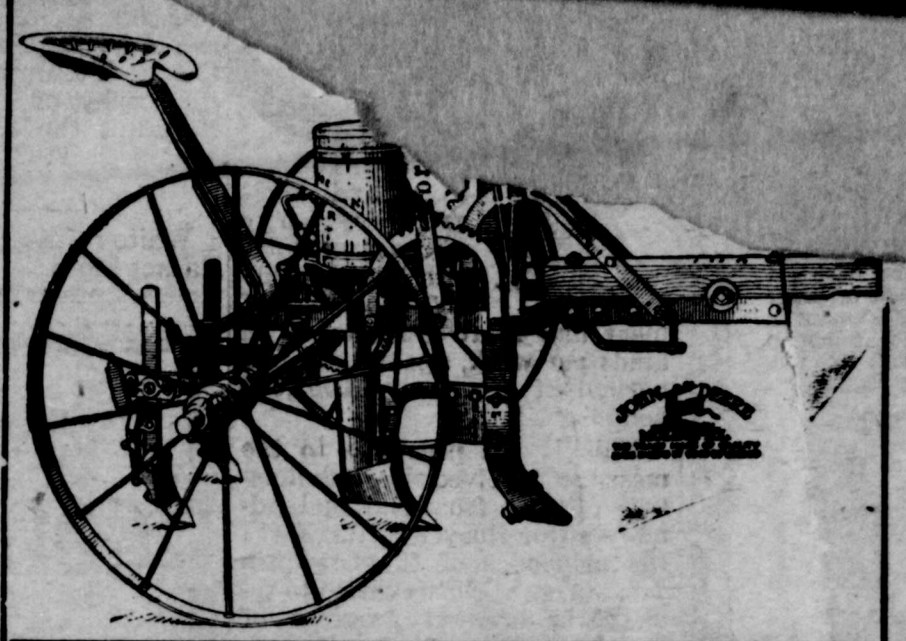

The total export of wheat and wheat equivalents to about 334,000,000 bushels is expected for the 1918-19 season. Exports of fresh beef totaled 443,484,400 pounds. The amount of food exported to Russia is negligible compared with that sent to the western allies.

TAKE

Cardui
The Woman's Tonic

Mrs. Sylvania Woods, of Clifton Mills, Ky., says: "Before taking Cardui, I was, at times, so weak I could hardly walk, and the pain in my back and head nearly killed me. After taking three bottles of Cardui, the pains disappeared. Now I feel as well as I ever did. Every suffering woman should try Cardui." Get a bottle today. E-68

meat and meat products of all kinds per week, against pre-war normal of less than 15,000,000 pounds."

This is the preamble to the message received by Administrator Peden from National Administrator Hoover setting forth the principles of the new program of meat conservation to replace the original program of meatless days and meals suspended on the last day of March. The message reads:

"The Food Administration is extremely desirous of securing economy in consumption of all kinds of meat without reinstallation of meatless day for the present. Seasonal decline in volume of animals coming to market is now in progress and its volume will undoubtedly further decrease during the next few months, as is usual, but probable amount of such decrease is yet obscure.

"Even with the larger shipments abroad decimated the allies have found it necessary to reduce the consumption of all kinds of meats and poultry to an average of about one and one-quarter pounds per week per person in order that no further draft should be made upon shipping that is now required for the transport of our soldiers.

"Our consumption of meats is about three and one-quarter pounds per week per person, and if we agree to make both ends balance during short marketing season we must have further economy. If the public will continue in rigorous elimination of waste and will further economize by reducing quantities prepared for each meal of all kinds of meat and poultry, more particularly beef, will restrict their purchases accordingly, the food administration hopes that the necessary balance will be maintained; will avoid the inconveniences which arise in many directions from meatless days and will cause less interference in daily preparation of food. There is now a reasonable abundance of milk products which can well be substituted in various forms. Shortage of fish during past several months due to necessity of naval requisitioning of trawlers and enlistment of fishermen for navies should soon be considerably relieved by the expansion which has been arranged in other forms of fishing."

POLITICAL BARBECUES OFF WHILE WAR IS ON.

Good-bye, election barbecues! Simultaneous with the announcement of a new meat conservation program by Herbert Hoover, Federal Food Administrator Peden for Texas places the stamp of disapproval upon election barbecues as wastage of meat. The recommendation of the administrator has the endorsement of V. I. Shurtleff, chairman of the State Democratic Executive Committee, and has been received by candidates as a means to save

Protect yourself against loss by fire or storm by taking out insurance with W. A. Bayley. (adv)

Presiding Elder Gregory announces the third quarterly conference for the Methodist church at this place to be held Monday.

I am still agent for Pierce-Fordyce Co. and will appreciate your orders for gasoline, kerosene or lubricants. Prompt delivery and H. E. DALTON.

RED CROSS NEEDS 30,000 NURSES FOR WAR WORK

Four Thousand a Month Must Be Supplied if America is to Do Her Share.

More than 2,000 American Red Cross nurses have gone to Europe for active service since last Easter, quietly, as American soldiers have gone and are going; under orders of obedience, like the soldiers; and, like the soldiers again, for the duration of the war, in the face of danger and hardship, prepared for any sacrifice to protect the lives of our fighting men.

The tasks of these women, who have gone on the supreme adventure of their lives, are the very embodiment of the Easter message. And still there is a call for more nurses. Moreover, many of them must be recruited from the Southwest.

Even though more than 7,000 Red Cross nurses are on active duty in military and naval hospitals and in public health work at home and abroad, it is probable that 30,000 more will be needed for the American army alone. Five thousand are needed by June 1 of this year and 4,000 more each month until the first of January. The Surgeon-General of the United States is urging the American Red Cross to do its utmost to provide these nurses.

Will Women Emulate Men?

Washington headquarters of the Red Cross believes that women of the Southwest do not realize the vital need of America for their services, else the response would be much greater. Red Cross headquarters recently made this announcement:

Nurses, and more nurses, if America is to win the war, is the cry of the nation to her women today. There are at present about 7,000 nurses in active service. And the first contingent of the American Army is scarcely in the field. Men are being called to the colors by the hundreds of thousands. Whether they will be protected and cared for when sick or wounded depends on whether American women are willing to make the same sacrifice their brothers are making. Falling in this, they will have done incalculable harm to the efficiency and morals of our troops.

Requirements For Applicants.

Requirements for enrollment as a Red Cross nurse are as follows:

An applicant must be a graduate of a school for nurses giving at least a two years' course of training in a general hospital.

Registration: In states where registration is provided for by law, an applicant, to be eligible for enrollment, must be registered.

Age Limits: An applicant must be at least 21 years and not over 40 years of age.

Indorsement: An applicant must be a member of an organization affiliated with the American Nurses' Association and indorsed by the Executive Committee, or by at least two officers of such organization. She must also be indorsed by the present superintendent of the training school from which she was graduated or the one under whom she trained. Her application must be approved by the Local Committee on Red Cross Nursing Service, and before being forwarded to Washington must be indorsed by at least two members of the local committee.

Southwestern division Red Cross officials believe there will be a ready response to the appeal for nurses once the women of the Southwest realize the imperative need for their services.

The course in home nursing offered by the American Red Cross is a definitely established chapter activity of importance equal to any Red Cross activity.

Milton C. Work, a bridge authority, who is trying to raise \$100,000 for the Red Cross, is conducting a series of lectures, lessons and tournaments in St. Louis. He has obtained more than \$40,000 of the sum desired, and has turned it over to the Red Cross. His activities are taking him to all parts of the country.

LICENSE RESTORED TO THE BELL COMMISSION COMPANY

The license of the Bell Commission Company, brokerage, at Beaumont and Port Arthur has been restored by the United States Food Administration, the fee being paid to the shipper whose consignment of foodstuffs was impounded at the port.

Star Sifter.

Editor Eagle: Let us have that clean up and don't forget it. The correspondent regrets "her" absence at the Red Cross rally' reports show the rally 150 percent better than we expected—especially mentioned was solo by Mrs. Dora Goode, reading selected by Mrs. Joe Peck, reading selected by Miss Winnie Garrett, duet by Lena Moore and Pauline Singleton.

The crowning feature,—that splendid address by Mr. J. C. Darroch of Goldthwaite. Each on this interesting program of 20 parts deserve a "comp," but my stub pencil would not last to finish this report—Suffice to say—We tip our bonnet to the 9th and 10th grade school girls for their devoted efforts. We never were much on that "half scandal," but we are boasting that Star can crow. The last on program was Star went "over the top."

A monster, snorting and emitting a fevery breath, nosed up to Witty's store. Our ears became funnels, then our eyes became like saucers. This monster automobile cost \$12,000 and will be donated to the government by a Waco firm. It is a specially imported gasoline consumer of 90 horse power.

Messrs. H. C. Cornelius and A. Miller of McGirk were visitors Saturday.

The smile barometer's indication was "the time of times" for Mr. and Mrs. R. H. Patterson while on their visit to the Olander City. Miss Hattie Barr, assistant cashier, piloted the ship of finance most efficiently during Mr. Patterson's absence. Now don't ever say we women folks "can't."

Good rains gave the farmers a day off last Saturday. Prospects for the farmers could not be brighter.

Mrs. W. A. Hawkins returned to Star Monday and has shipped their household goods to a new locality. Mr. Hawkins has located in Menard, Texas, a druggist again. Success to you and yours, Mr. Will.

Mr. Hugh McCullough of Goldthwaite was a business and social visitor Tuesday.

The Red Cross auxiliary of Hurst school district will give a box supper at the school building Saturday night and everybody come.

Miss Bertha Garrett is able to be up after a severe attack of indigestion.

Ed Hamilton and family were Goldthwaite visitors Monday.

The chicken-pox is keeping Mr. and Mrs. Roy Paine on the nurse list, four of the family are under the quilts.

Mr. and Mrs. Fred Shave, Robert Campbell and daughter, Miss Eula, are at home after attending the bed side and funeral of father and grandfather, Mr. W. L. Campbell, at Blackwell. Our condolence and sympathy goes out to them in their sorrow.

Last Saturday eve was a melee-vaudeville time for Star, with following "high class" (?) stunts. Time, 5:30 p. m. scene 1, rear Ben Soules' store, audience and attention good. For a time this battle scene (between a 22 and a 44 caliber) put on the appearance of a finish fight, but feminine vocalists brought Jno. Stubbs and J. H. Clifton as stage orderlies and the melee of nose bleeds and blimstone words was curtailed by three warrants, net tax by the county \$33.10, no war tax either.

7:30 p. m. scene 2, Star Drug Co.'s front door and side walk. Special bull-dog tenor solo of a full selection of select cuss and fertilizer words. His audience of the pinfeather youths was very attentive until someone for modesty's sake dropped the curtain on his visiting gentlemanodius from near McGirk. This style of serenade it is said sometimes cost as much \$13.70.

Taking advantage of the scenic effect of 9:30 pale moon light, in no man's land to the rear of J. H. Clifton's land office, a select audience of the goslin type witnessed a semi-tableau entitled "Alexus Tango." Some are members of the "think this is incessant" perhaps. Soules' and wrist, c

W. THOMPSON, Editor

Goldthwaite Folk Abroad.

Editor Eagle:

We thought we would give you a few dots on our Red Cross work. Our people of Albany are elated over our Red Cross parade, which we had last week. Hundreds of people were here from all over the county and adjoining counties to witness the great Red Cross conclave. It was inspiring and a great patriotic service. If Kaiser Bill could have been here and witnessed the whole proceedings he would have very readily concluded that his star of glory was waning and ere long would go down in defeat. Thank God the American people have at last waked up to the fact that they are engaged in a war, and they have set their faces toward the goal, and victory will be ours. A prominent man was heard to say, all the demons in hades could not lick the American people with their generous brains and patriotism, man power, resources, and the fairest and bravest women that ever graced a continent to back us up with their enthusiasm and undying devotion to the holy cause of democracy. We Red Cross people agree with the gentleman. We see the hand writing on the wall. Prussianism must die, it must be wiped from the face of the earth, as it's the bloodiest monster of the ages, and the rule of democracy shall control the destiny of men, and the mightiest factor in this conflict will be women.

The parade formed at the Methodist church led by the mayor of the city and the sheriff of Shakelford county, followed by Uncle Sam in the person of one of our citizens, and the Twin Americas. There were some forty or fifty handsomely decorated cars, floats and trucks representing every phase of the Red Cross work, hospital corps, etc. One float was occupied by the Red Cross ladies giving actual demonstration work with machines and knitting and carding rolls of wool and spinning it on wheels, showing how our mothers and grandmothers did during the civil war. One of the writers did the spinning on a wheel that is one hundred and thirty nine years old. I was taught by my mother when I was a wee little girl, until I could spin a sewing thread. I offered to teach a class of carding and spinning and quite a number volunteered. If the worst comes to us we will see that our soldiers have good warm knitted garments to wear as long as they are in the war if sheep live and wool grows on their backs.

Another float was occupied by young ladies of the surgical dressing department. Then came the ambulance corps with its nurses and wounded soldiers and the stretcher corps. The Boy Scouts' one car was handsomely decorated and flying the flags of all the allies. The Liberty Loan float was decorated with a bevy of pretty girls. The student body of the Reynolds orphans' home marched in a body each bearing a Red Cross. The vehicle representing food conservation was followed by the Albany band and many other features too numerous to mention in detail, including the Albany fire works.

After the parade came the auction sale conducted by one of our citizens. The main purpose of the parade was to raise relief funds. This auction sale totaled up right close to \$1600. A steer donated by a citizen netted our Red Cross \$501. One quilt brought \$40, a copy of the Dallas News \$5. This gives you some idea of the temper of the crowd here in Shakelford county when it comes to helping up our boys in the trenches.

bringing this to a close as a description would take up too much room. It was a great day for many, a town of 1200 population. In conclusion we want to say honor to the Red Cross ladies a great republic.
S. T. C. WHITEMAN.
T. PALMER.

ship builders at Orange have pledged the wages of one Sunday in each month to the Red Cross for the remainder of the war.

An order has been issued for all young men who have become 21 years of age since last June to register on June 5 for military service, subject to call, examination and classification.

A peculiar accident befell a citizen of Velasco Sunday when he had both legs broken while cranking his automobile. The accident was caused by his being caught by the bumper.

Hobby clubs have been formed by the ladies in a number of counties of this state and from all indications the ladies who go into the primary will vote almost solidly for Governor Hobby to succeed himself.

Seven ticket offices have been consolidated by order of Director General McAdoo. This will mean a saving of \$200,000 per annum in rent alone, besides the saving in salaries and other expenses.

It is estimated that the order requiring men who have become 21 years old since June 5 last year, to register on June 5 this year, will make another million men available for military service. Of this number Texas, it is believed, will supply 45,000.

A broken axle caused the wrecking of a soldier train on Cotton Belt road near Garrettsville, Ark. Sunday and a number of soldiers and several train men were killed and others injured. One coach went over a trestle into fifteen feet of water.

Julian Mayar, who is now in the Printing Department of the Navy stationed at Bremerton spent several days here the past week. He says the navy yard is a busy place these days, over 4000 men being employed in the ship yards. —Leavenworth (Wash.) Echo.

The fidelity with which ships are being fitted for overseas service is encouraging and that even greater results will be possible in the near future. A cruiser no doubt under way that "America is going to fight."

It is almost impossible to attract interest to political matters at this time, when the time and thoughts of the people are taken up with army affairs and Red Cross work. Good judgment dictates, however, that careful consideration should be given and that officers be selected on the basis of ability to serve rather than because of their hand-shaking habits.

In an address in New York city Saturday night President Wilson said no limit would be put on the number of men in the American army and that every ship must be laden with men and supplies for the European battle field. He said a suggestion had been made that the army be increased to a million men, but he had no congress to put no limit on the number of men to be called to service.

Reports from the Red Cross indicate that the hundred million dollars for which the drive was oversubscribed are finally coming in. They are finally coming in. They are finally coming in. They are finally coming in. They are finally coming in.

Rainfall at Goldthwaite, May 1 to May 22 00.70 in.
Total Rainfall for 1918 to above date 06.45 in.

"The Bank of Service and Accommodation"

Another Good Investment!

+ We paid out some Red Cross money a while back. Paid it out—and forgot it. That's how much it hurt. It may not be a bad idea to have a look at what that money has been doing. +

That money went, dollar for dollar, where it did a full day's work, wherever it was.

Three cents of it may have had the honor of disinfecting with iodine the three torn wounds of an American soldier on the French front. Or it may have had the less noble responsibility of pinning a warm belly-band around six-year-old Antoine out back of Noyon.

No use,—we can't figure this Red Cross task in cents' worth.

There's the whole path of ruin from Belgium to Switzerland, just to visualize one-thing at a time. If your Red Cross money went there, it very likely provided pots and pans, food and clothes, beds and blankets, for the repatriated but destitute people.

Four years ago these people were prosperous and contented—self-respecting, steady, saving, hard-working, everyday, small-town citizens.

Now they have the "earth under them and the sky above them"—not one thing else.

It's for YOU to say whether this great work of mercy shall stop.

The Red Cross is yours, just as our Army and Navy are yours; yours to support with the same fervor and loyalty that leads you to the bottom of your purse for Liberty Bonds.

It's for your voice to say whether your Red Cross shall falter now or sweep onward, greater and more helpful.

It's for your voice to say whether Mills County shall contribute more or less than her quota of \$4,224.00 in the great national drive for \$100,000,000.

AND IT'S YOUR DOLLARS THAT MUST ANSWER!

Will You Help--or + Will You Hinder?

It pays to read the advertisements carefully and especially does this week's issue carry interesting and profitable advertising.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful...", she writes. "I got down with a weakness in my back and limbs...I felt helpless and discouraged...I had about given up when I was being a friend."

EARNST CO-OPERATION NEEDED.

POTATO BISCUIT NO. 1.
1 cup mashed potato 1 teaspoon salt
1 cup flour 1 tablespoon fat
4 teaspoons baking 1/4 cup water or milk powder
Sift together flour, baking powder and salt; work in fat with fork or knife; add potato and mix thoroughly; then add enough liquid to make a soft dough; roll the dough lightly to about 1/2 inch in thickness; cut in biscuits and bake 12 to 15 minutes in hot oven.

POTATO BISCUIT NO. 2.
Boil and mash six or eight potatoes; while warm lay on a floured pastry board and run the rolling pin over and over them until they are free from lumps; turn into a bowl, wet with a cup of sweet milk and add a teaspoon of melted fat; when well mixed work in half a cup of sifted flour, or just enough to make a soft dough; return to the board, roll out quickly and lightly into a thin sheet, and cut into round cakes; bake in a quick oven; butter as soon as they are done, laying one on top of the other in a pile. Eat before they fall.

The excellence of potato biscuit depends very greatly upon the softness of the dough, light handling and quick baking. If properly made, they will be found extremely nice.

COLCANNON.
Mix one cup of mashed potatoes and one cup of chopped greens to a smooth paste; add a tablespoon of fat, salt and paprika to taste; place in baking pan, cover with mashed potato, brown in the oven and serve very hot.

POTATO CHOWDER.
6 potatoes 1 tablespoon flour
slice of salt pork 1 tablespoon dripping
1 onion 1/2 pings
1 pint milk 1 teaspoon chopped parsley
1 teaspoon salt
1/2 teaspoon pepper

Cut potatoes into dice and pork into small pieces; fry pork and onion in a pan until brown, put potatoes, onions and meat into a pot, add a pint of water with seasonings; simmer half an hour; make a white sauce of the milk, flour and drippings; add to the cooked potatoes. Let all boil a few minutes and serve hot.

POTATO PANCAKES, NO. 1.
4 raw potatoes 1 tablespoon milk
(large) grated 1 egg beaten
1 1/2 teaspoon salt 2 tablespoons flour

Mix the above ingredients, beat thoroughly and cook on hot greased griddle. **POTATO PANCAKES, NO. 2.**
1 cup sliced potatoes 1 egg beaten
1/2 teaspoon salt 1 tablespoon flour
1/4 cup milk

Mix the above ingredients in the order given, beat thoroughly and bake on hot greased griddle. **POTATO MUFFINS.**
4 tablespoons fat 2 cups flour
2 tablespoons sugar 2 teaspoons baking
1 egg powder
1 cup mashed potato 1/2 teaspoon salt
1 cup milk

Cream the fat and sugar; add the egg well beaten, then the potato and mix thoroughly; sift flour, baking powder, and salt; add milk and flour alternately; bake in greased muffin tins 25 to 30 minutes.

POTATO SOUFFLE.
4 cups hot mashed 2 tablespoons milk
potato 1 teaspoon salt
1 tablespoon melted 1/2 teaspoon pepper
fat 1/2 yoke of 2 eggs

Whites of two eggs beaten stiff
Mix all but the whites of the eggs in the order given; beat thoroughly, fold in the stiffly beaten whites; put in a baking dish and cook until the mixture puffs and is brown on the top.

SURPRISE BALLS.
Form mashed potatoes into balls and with a teaspoon make a depression in the top of each; mix one cup of grated cheese with salt, celery salt, and butter substitute, and put one teaspoon in the hollow of each; mold the ball so the stuffing is concealed and brown in the oven or frying pan.

IRISH POTATO CUSTARDS.
2 cups sliced baked 1/2 cup fat
potato 1/4 cup thin cream
4 eggs beaten slight- or top milk
ly Juice and rind one
1 cup sugar lemon

Mix in the order given; beat hard for 5 minutes; pour into baking dish. Bake in hot oven 20 or 30 minutes, or until custard is set.

POTATO IN CAKE.
In the usual cake recipe, substitute one cup of mashed potatoes for one-half cup of milk and one-half cup of flour; mash the potatoes and beat up with milk until very light. Potato cake does not dry out so quickly as all-flour cake.

THE LETTER HE WROTE HOME

Our boys have learned of food scarcity and hunger in Europe, and write touching letters of their findings to the home-folks.

Letter No. 1.

Extract:
No one will ever know how much these people have suffered over here, and we are their only hope. We can only pray that we are not too late. It will be an unthinkable tragedy if all their sacrifices are in vain. I hope the folks at home will shake a leg and keep up the good work they are doing. It seems strange to come to a place where it is absolutely impossible to obtain the things we have always regarded as necessities. We are off in the never get milk don't buy them at

Uncertainty of shipping tonnage to convey Cuban sugar to American ports and the need of all surplus of sugar for

preserving purposes has led the United States Food Administration to adopt a sugar ration system for manufacturers which becomes effective May 15 and extends to July. The ration system is to be a perfect check upon all sugar going to manufacturers, large or small, and the certificate resembles closely that of a banknote. Every firm requiring sugar for manufacturing purposes will be required to submit certificate in the denomination of pounds authorized, this certificate must be signed by the firm receiving the allotment and countersigned by the firm making the sale.

The check on all manufacturers will be maintained through the federal district food administrators. Manufacturers who entered business or increased their capacity after July 1, 1917, and before November 1, 1917, receive an 80 per cent allowance; those who entered business after November 1, 1917, and before April 1, 1918, are to receive 50 per cent, while those entering business after April 1, will receive no sugar at all, unless specially authorized by the distribution division at Washington.

The object of the plan is to conserve sugar in order to give all sugar necessary to manufacturers conserving fruits of the coming harvest; and at the same time not give any man who has disobeyed the regulations sugar that will give him an advantage over his competitors. Another aim is to cut down the abnormal increase in the manufacture of candy and soft drinks.

Manufacturers of ice cream are to be allowed 100 per cent of sugar as a measure to save milk and help the dairy interests; but no sugar will be issued for the making of ices and sherbets. Manufacturers of chocolates, soft drinks, beverages, bottlers of soft drinks, makers of fruit syrups, sweet pickles, chewing gum, cocoa, invert sugar, are cut down to 80 per cent. The only exceptions in the ration plan are public eating places, and bakers and cracker manufacturers engaged exclusively in the manufacture of their product.

NEW REGULATIONS FOR HOTELS AND RESTAURANTS

Introducing quick bread to the public is one of the social duties of R. A. Parker, director of hotels and restaurants for the Federal Food Administration for Texas. Mr. Parker travels strictly in hotel, restaurant and cafe circles, and his program is to follow up the conversion of hotels and restaurants to a wheatless program with recommendations that will make the conversion a matter of success.

The division of hotels and restaurants at Washington has forwarded to Administrator Peden a digest of the wheat conservation program in public eating places which involves service regulations, plan of introduction and plan of enforcement. For details, all proprietors of public eating places will communicate direct with R. A. Parker, Federal Food Administration, Houston.

Except in extreme circumstances longer than 10 days should be public eating places to make the arrangements to conform rule. At the expiration the rule should be vigorous. The service rule, Admin should be and invest by a rep

MONUMENT SALE

1917

A nice lot of Monuments and Markers at Close Prices. can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take feed or Good Stock in trade.

JUNIOR RED CROSS IS DOING SPLENDID WORK HELPING TO WIN WAR

Hundreds of Thousands in Southwestern Division Are Telling for Men in the Trenches.

Hundreds of thousands of children in the Southwest are helping to win the war for America and her allies. There are not better patriots in the United States, in the whole world.

In cities and towns the children, a majority of whom are members of the Junior Red Cross, are working in thrift gardens, knitting sweaters, socks, etc., for our soldiers, turning old paper, rubber, metals and bottles into cash and investing the returns in thrift stamps and liberty bonds, making refugee activity of the Red Cross in which they can be of service.

In the country the children, who also generally are members of the Junior Red Cross, are raising pigs, sheep, rabbits, chickens, making gardens, doing general farm work to aid in the production of foodstuffs, canning and preserving, and like their city cousins they are buying Thrift Stamps and Liberty Bonds, knitting and making refugee garments.

Schools Close to Aid Juniors.

Many rural schools already have suspended until next fall and thousands of children have begun Spring and Summer campaigns which have for their purpose the doing of everything possible to win the war. In a majority of the towns and cities of the Southwest the schools still are in session and the children are taking their knitting to school with them and working on it at recess time and the noon hour, then doing other Red Cross work after school hours.

The pupils of 3,500 schools in the Southwestern division of the Red Cross have joined the Junior Red Cross since the membership campaign started early in February.

More than 100,000 children of the St. Louis schools are on the Junior membership rolls and 225,000 will have enrolled before the end of the campaign. This will make St. Louis 100 per cent Junior Red Cross. In other words, every child of school age who is in school soon will be a member.

Counties Use Unique Plans.

Tens of thousands more children will be enrolled outside St. Louis in the Southwestern division within the next few weeks.

Many counties in the division have enrolled every school, and many unique methods have been employed to raise the required membership fees.

In Johnson County, Kansas, for instance, 5,000 children were enrolled as members of the Junior Red Cross. In order to raise money with which to pay the enrollment fees of the children, a cherry pie making contest and a station was staged. Hundreds of good women of the county baked ... the pies were auctioned ...

German Women Register.

German women in the United States are required to register with chiefs of police or postmasters between June 17 and 26 under regulations issued by the Department of Justice at Washington.

In cities of 5,000 or more population by the 1910 census the registration is to be conducted by police and in smaller communities and country districts by postmasters, under the same rules as governed the registration of German males three months ago. Finger prints will be taken, but every effort will be made to give courteous treatment to the women and avoid the impression that the registration process implies any suspicion of guilt.

It is estimated there are about 400,000 German women classed as enemy aliens. This number includes women born in the United States but married to unnaturalized Germans. Since women assume the nationality of their husbands these women will have to be considered subject to registration. Women whose husbands or fathers have been naturalized or who have become naturalized in their own names are not included in the class required to enroll.

The women will be asked to give full information concerning the family relationships, their ages, places of residence and occupation.

After registering they will not be permitted to move from one locality to another without notifying the registration office and obtaining his approval.

Automobile And Motorcycle Operators.

Please take notice that the operation of automobiles and motor cycles in the city limits with the cut out open is prohibited by law and the ordinances of the city of Goldthwaite. Certain parties have taken particular pains to forget this fact, and I have been called on to remind them of the same which I am now doing, and unless this nuisance ceases prosecutions may be expected.

UNITED STATES FOOD ADMINISTRATION

EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partizanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,
Secretary of the Treasury.
