#### Democratic Call.

The members of the Democratic Executive committee of Mills county are hereby called to meet in the court house in Goldthwaite at 1:30 p. m. Monday, June 17, for the purpose of arranging for holding the primary election, determining the position of names of candidates on the ticket, making assessments to cover the expense of said primary election and transacting such other business as may properly come before said committee.

The members of the executive committee are: A. T. Pribble, Goldthwaite; R. C. Johnson, Nabors Creek; F. R. Hines, Antelope Gap; T. A. Gardner, Center City; W. J. Benningfield, Payne; Joe Peck, Star; W. H. Leverett, Caradan; E. F. Casey, Mullin; J. M. Smith, Fisher; T. R. Priddy, Priddy; Wm. Dennard, Big Valley; J. M. Traylor, Rock Springs; W. H. McFarland, Ratler; M. H. Reed, Regency; John W. Tippen, Buffalo; R. J. Edmondson, Ridge; Wm. Byrd, Rye Valley; J. M. Poer, Mount Olive.

Saturday, June 15, will be the last day on which candidates for county and precinct offices can file their applications for a place on the ticket. Applications can be filed with W. B. Summy at the County Clerk's office or R. M. Thompson at the Eagle office as well as with me.

JNO. W. ROBERTS,  
Chairman Dem. Ex. Com.

R. H. Tadlock went to Ranger the first of the week to take employment in the oil fields.

Cotton chopping and harvesting of small grain keep the farmers mighty busy these days.

William and Allen Thompson have gone to Fort Worth, where they have secured employment.

H. S. Horton and wife returned to their home in Waco the early part of the week, after a visit to relatives in this county.

J. T. Allen, now in the wholesale and retail hardware business in Brownwood, was looking after business matters in this city Tuesday and meeting his friends.

Miss Lois Sullivan called Saturday and ordered the Eagle sent to her sister, Mrs. Leibetter, who is employed in the drug store of her brother, Ed. Sullivan, in Dallas.

A notice has been received from John Scott, Jr., that his address is now care of the expeditionary forces in France. Mills county is well represented "over there" and the "Beast of Berlin" will have cause to know about it before this terrible war ends.

Miss Addie Johnson of North Brown, daughter of Mr. and Mrs. W. W. Johnson, made a very liberal contribution to the Red Cross this week when she sent her pet squirrel to Rev. Cahilan to be disposed of for the Red Cross fund. This was indeed a liberal donation and doubtless represented much more to her than many of the financial contributions have been to the donors. It is because of the spirit of the American people, portrayed in acts of sacrifice like this, that makes the success of the allied forces certain.

#### FOOD AND FEED

##### Texas Should Be Self Supporting In War Times

Mr. Marks, representing the state agricultural department, was here Monday for the purpose of addressing farmers and others interested in food and feed production, but owing to the fact that farmers are all busy with their crops there was no meeting at this time. Mr. Marks is well versed in the crop situation and statistics concerning production in Texas and some of the facts given out by him were surprising and especially interesting at this time. He shows that Texas does not feed herself in normal times and instead of the people of this state imagining they are supplying the allies with food, they will do well to reduce the home consumption to a point where imports of food supplies will not be necessary, thereby allowing the allies to secure the food stuffs ordinarily shipped into Texas. He shows that under normal conditions Texas imports \$215,000,000 worth of food and feed, to say nothing of canned goods. The list includes corn, pork, wheat, flour, oats, potatoes, sugar, dairy products, etc. Last year Texas required 111,841,000 bushels of corn, 6,574,350 bushels of wheat, 369,490 tons of hay more than was produced in this state. It is true the drought last year caused the crops to be short, therefore, to base the statistics on last year's crop is hardly fair.

In 1916, however, there were average crops in the state yet the imports were 83,898,900 bushels of corn, 11,117,000 bushels of Irish potatoes, 1,000,000 bushels of sweet potatoes and 223,500 tons of forage. All of these crops can be grown in Texas and it is necessary for us to grow them or

do without and allow the states where an excess is grown to supply the allied nations and our own military forces with such food and feed as Texas has heretofore purchased.

##### ROADS HELP US WIN

It would be a difficult matter to estimate the advantages of state and interstate highways. Public highways are now being built in most states of the Southwest and the interest these have contributed to good roads is of immense benefit to local communities, counties and states. The highways, it is understood, will connect states, counties in states and form a mutual link of communication that will redound to great commercial and social benefits.

The Southwest should be a country of roads. Our vast reserves of crops, livestock, timber, petroleum, coal and other necessities for winning the war should be placed at the disposition of the people. With the interest now being manifested it would seem that road building will proceed as fast as material and men can be had.

It is hoped that every community in the Southwest will take interest in road improvement and lend assistance. There is no more important factor in winning the war than good roads.—Farm and Ranch.

##### WOODMEN BUY STAMPS

At a meeting of the Woodmen lodge Monday evening the managers were instructed to invest as much as \$50 in War Savings Stamps if the lodge's finances would admit of the purchase. This lodge has bought Liberty Bonds of the second and third issue and this last act is another evidence of the loyalty and good business judgment of the membership of the order.

J. D. Ryan called Saturday and ordered the Eagle sent to his daughter, Mrs. W. A. Johnson, at Devine.

Dr. J. E. Brooking of Star left Monday for Chicago to attend the meeting of the American Medical society.

George Clements has returned from Austin, where he attended the University. He is one of Goldthwaite's popular young men.

Mrs. Webb went to Dallas Friday night to accompany her daughter, Mrs. Steel, home and spend some time there visiting.

Prof. T. J. Price came over Sunday from Brownwood, where he is teaching in the summer normal, and spent the day with relatives and friends.

Mrs. C. Dickerson returned Sunday from Houston, where she went last week on the sad mission of attending the funeral of her sister, Mrs. Quebe.

Hugh Stark and wife left Monday for their new home at Douglas, Arizona. His sisters, Mrs. Deca Godwin and Miss Chloe Stark, accompanied them and will spend the summer at that place.

Misses Lucie Street, Joyce Harrison, Velma and Nita Cockrum have returned home from Austin where they attended the session of the University just closed. Their friends are delighted to have them at home again.

Something more than \$60 realized from the ice cream at Big Valley last Saturday night, which goes to the benefit of the Red Cross. J. C. Darroch and Mrs. B. B. McBride made talks to the audience, the former in the interest of Governor Hobby's candidacy and the latter on the subject of food conservation.

## ATTENTION! Liberty Bond Holders!

The First Installment of Interest on your bonds is now due. If you will either bring your bonds, or clip off Coupon No. 1 on the bonds and bring these to the Trent State Bank, we will make collection for you without cost of any kind.

Do not overlook this, but clip the coupons or bring in your bonds at once.

W. C. DEW, Cashier.

### Not a Contestant.

In the last week's issue of the Mullin Enterprise the Lick Spittle of the commissioners court again attacked the Eagle for some imaginary grievance, because of this paper having published the proceedings of the commissioners court. He appears to think that there is a contest on for the title of "Polecat of the Press," but in this as in his other claims and charges he is wrong. His alarm is unnecessary and he is welcome to the distinction if he desires it and there is no occasion for his getting "stirred up." The Eagle would not care to prolong a controversy with one who "pitches his battle" on so low a plane. The many uncalled for misstatements in his article, which he knew were false when he made them, precludes the possibility of a discussion with him. He evidently followed his life long habit of making an untruth answer all purposes, even where the truth would do better and the Eagle would not care to enter a falsifying contest with him.

The Eagle will continue to give its readers a report of the proceedings of the commissioners court, trivial tho such proceedings may be, no matter what the "organ" or its Lick Spittle editor thinks about it.

### POLITICAL POINTERS

The end of the campaign is drawing near and the candidates and their friends all appear to be confident of success. A look at the Eagle's announcement column will show some additions and it is well to watch this column carefully from this time to the election, for there may be some surprises for some folks—who knows?

#### J. C. DARROCH

Mr. J. C. Darroch has consented to serve the district as representative in the legislature the next two years and his announcement appears in this issue. Mr. Darroch is a lawyer of well known ability and his extensive acquaintance makes an extended introduction unnecessary. It is well, however, to say to those who do not know him that he is a man of integrity and is thoroughly dependable. His pre-election pledges are as sacred as his word of honor in any other transaction and this is certainly one of the very necessary characteristics in a man who is to be truly a representative of the people. He served the people of Mills county as county attorney some years ago and his record in that office is indeed creditable to him and one that proves his ability and his fidelity to public trust. He is an advocate of Governor Hobby and is in accord with the national and state administrations in every particular. When the district is represented by Mr. Darroch it will be well represented and the voters of the counties of Hamilton and Mills will have no cause to regret having elected him to the important position of honor and trust. The opening of his campaign has been delayed because of being busily engaged with the different lines of war work, including the Red Cross and Food Administration, but he expects to make a vigorous and winning campaign from now until July 27.

#### T. M. WHITE

Mr. T. M. White of Hamilton announces in this issue as a candidate for re-election to the position of representative in the legislature for the 94th representative district, composed of Hamilton and Mills counties. Mr. White is known to many of the Mills county people, having visited this county several times and made some speeches at different places. As to his platform and policies the Eagle is not advised, but he will probably give some idea during the campaign of the policies of government he advocates, and the plan he has for legislation and public service. He expects to visit Mills county in the near future and meet with the people.

### The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by L. E. Miller & Son. adv

### MUST OBEY LAW

The law requires automobile owners to register with the state highway commission and secure therefrom a seal for the current year and a number plate. This law is being ignored by some of the people and we trust this notice will be all that is necessary to induce all citizens to place the seals for 1919 and their numbers on their cars and thereby avoid unpleasant consequences of disobeying the law.

### PHOTOGRAPHER WEDS

#### Ironclad Business Man Becomes A Benedict Today

Charles B. Freel, of the Freel Studio, in this city, left this morning for Effingham, where he was united in marriage to Miss Mona Estella Baker, of Goldthwaite, Texas.

The marriage was solemnized at the home of Mr and Mrs. Frank Courter, at Effingham at two o'clock this afternoon, and was very quiet. The happy couple will spend a few days in St. Louis before returning to this city, where they will make their home.

The bride is a daughter of Mr. and Mrs. A. D. Baker, of Goldthwaite, Texas, and the groom is son of Mrs. Lillie Freel, of Winnipeg, Canada.

Both young people are very popular among their acquaintances and have the best wishes of all their friends for a long and happily wedded life.

Mr. Freel is a new business man in this city, having bought the Barth Studio here, when Mr. Barth was called to service. He promises to be very successful in business, as well as being quite popular among the local people. —Mt. Carmel, (Ill.) Reporter.

### MARRIED MONDAY

Chas. Brook Freel and Miss Mona Estella Baker were married Monday afternoon at the residence of H. F. Courter and the same evening left for Mt. Carmel, Ill., where the groom conducts a photographic studio. Mr. Freel was a former student of the Bissell College while the bride was a student of that institution at the time of her marriage. Both are well known here and their many friends here send by the fairy route a big package of congratulations. —Effingham, (Ill.) Record.

Mr. and Mrs. Charles B. Freel are expected to return Thursday from St. Louis, after a short honeymoon. They were married Monday, June 3, at Effingham. Mrs. Freel was formerly Miss Mona Baker of Goldthwaite, Texas. —Mt. Carmel Reporter.

The bride was reared here, where she has many admiring friends who are all pleased to offer congratulations and good wishes.

### ROCK SPRINGS

Rock Springs is not dead, but we have had a lot of nice rain lately so have been quite busy some time, which is the cause of our absence.

The young people enjoyed a nice singing at the home of Bro. Davis last Friday night.

Miss Bernice Westerman and Mr. Robert Kirby were quietly married at the home of Rev. J. R. Davis last Saturday afternoon.

Church was well attended Sunday morning. Bro. Jarrett of Big Valley preached for us and we were very glad to have him with us. We hope he will come again soon.

Mr. and Mrs. A. D. Karnes of Goldthwaite attended church at Rock Springs last Sunday.

Prof. Dean and wife, Mr. Brooks and Prof. Richard Roper of Brownwood were with us Sunday. We were glad to have them with us.

There was a baptizing at Browns Creek last Sunday afternoon.

Mr. Chas. Stark and family visited his father, W. J. Stark, the first of the week.

Mr. and Mrs. Greathouse and daughter visited in our community last Sunday.

Mr. Joe Stacy visited in the Nickols home the past week.

Mrs. Docia Godwin, Miss Chloe Stark and Mr. and Mrs. Hugh Stark left for Arizona the first of the week.

Mr. La Fayette Stark and son Charles, are preparing to leave for Oklahoma in the near future. VIOLET.

### MEETING CLOSED

The revival at the Methodist tabernacle closed last Sunday night and the results of the series of sermons delivered by Rev. Callihan will be far-reaching and lasting. The Christian people of the town co-operated in the meeting and it can truly be said to have been most successful. A number gave their names for church membership and others will follow the good example in the near future, it is believed.

### MEETING IN PROGRESS

The revival in progress at the Baptist tabernacle has had a good interest from the beginning and bids fair to be one of the most interesting as well as successful meetings held in this city for a long time. Rev. Day, an evangelist, is doing the preaching, while the song service is under the direction of Mr. Farr, a singer of fine ability. The strong and well delivered sermons attract and hold the attention of the congregations and the song service is also an interesting feature. The meeting is scheduled to continue thru next week. Morning and evening services are held.

### Sugar Sales.

Merchants of the county will please take notice that sales of sugar are limited to two pounds per sale to town customers and five pounds per sale to country customers. The previous regulations in regard to the keeping of record and 3 pounds per person rule are still in effect.

### LABOR RESERVE.

A number of the business men of Goldthwaite have organized a volunteer labor reserve, the purpose of the organization being to give farmers, within a radius of ten miles of Goldthwaite, assistance in their crops when the necessity for the assistance is such that the crop may be lost without the help being given. The men who have joined this association agree to give two days each week of their time, if necessary in order to carry out the objects of the association and are to be paid the prevailing rate of wages for their work. The assistance of labor reserve may be secured through the county food administrator, by giving him from one to three days notice by letter or phone, stating the person for whom the assistance is desired, where resides and kind of work to be done. Each of the other towns in the county will doubtless take up the movement and in doing so are requested to confer with the deputy food administrator in the town.

A great deal of good can also be done by the farmers of each community organizing for the purpose of helping one another when the occasion arises.

All who desire to become members of the Goldthwaite labor reserve please see W. L. Jones, H. E. Dalton, W. E. Miller or the undersigned and register by signing the agreement, and all persons in this community desiring to keep continuous employment on the farms of this county kindly register your names with me so that I will know who are available when the call for assistance comes. J. C. DARROCH,  
 County Food Administrator.

A report is sent out from Dallas that the Republicans intend to put out a full state ticket in Texas this year.

It is the duty of every man, woman, boy and girl to see that the county's quota of War Savings Stamps is taken.

Recent rains in the west have benefitted the pastures in that section greatly. Cattle are being shipped back to the western pastures from other parts of the state, having been shipped out some months ago.

The announcement was made in the daily papers Monday that Joe Bailey, former United States senator from Texas, had entered suit against the Hamilton Record, claiming to have been libeled by an editorial recently appearing in that paper.

The old system of the booze fighting political leader dictating the political platform and party candidates has been undergoing a change for years and the entry of women into politics has hurried the reform. The women will be found on the side of sobriety and good government every time.

The state Democratic executive committee met in Waco Monday and decided to hold the state convention in that city September 3. There was very little opposition to placing Jas. Ferguson's name on the ticket, the members of the committee preferring to allow the courts to pass on his eligibility to office.

A man who attempts to array the country against the town or the town against the country is an enemy to both. No such disreputable methods should be tolerated by right thinking people and surely a candidate who is guilty of attempting to engender such prejudice should be defeated by the votes of all good citizens.

A sentence of 25 years imprisonment in Leavenworth, Kansas, federal prison was passed on 45 "conscientious objectors" by a court martial at Camp Travis this week. The men were mostly from Oklahoma and are of the Mennonite faith. Not only did they refuse to do military service but even refused to don the army uniform.

The "work or fight" order of the provost marshal has been received by the Texas department and copies are being sent to the various county boards. This is a most reasonable and sensible order and it will, if carefully enforced, greatly relieve the labor situation and reduce the number of loafers. This is not a vagrancy act, but a requirement that able bodied men have useful employment or go to war.

The attorney general has published an opinion that women are qualified to serve as supervisors, judges and clerks of election in the July primary. He says the requirement that such election officers must have paid their poll tax does not apply to women, as they owe no poll tax. This is another of the benefits of woman suffrage. Many men will be able to continue their work in various lines on election day if the women can hold the election.

A manifesto was recently issued by the kaiser of Germany making his subjects for having to win the war and asking assistance in the next war. It is necessary to issue this manifesto at this time if it was ever to be issued, for the German force must deteriorate steadily and every day the manifesto was delayed would add to its ridiculousness. As to the next war he need not be interested, for he will not have an opportunity to participate in another war, as his career will end with the one now in progress.

## HOW TO MEASURE MEAT RATION OF 2 POUNDS WEEKLY

### Success of Equitable Meat Distribution Rests With Consumer; Plan Based on Patriotism and Voluntary Denial.

It is estimated that \$50,000,000 would be required if the nation were successfully placed on a ration system for the handling of wheat flour, sugar and meat, nor would this amount cover the monthly operating expenses after the system were inaugurated. "For this reason," announces the Federal Food Administration for Texas, "we look to the individual for co-operation in observing the ration suggested and to the distributor to see that the quantities suggested are dispensed as nearly in the degree suggested as possible.

The placing of all manufacturers using sugar on a rationing basis has been achieved at a great expense to the Food Administration. Sugar used by manufacturers may only be procured through the possession of a certificate issued by the state headquarters and the quantity is based upon a definite schedule of allotments.

The distribution of wheat flour in Texas, now that the State has adopted a wheatless program, is handled alone in Victory bread, through licensed bakers. Homes and public eating places, until the wheatless program was adopted, were on six pounds per person of flour a month. While difficult to make this rationing complete, the distribution to the public through the wholesalers and the retailers nearly approximated that quantity when the sum total of wheat flour for Texas was divided by the sum total of the consuming public.

Bewilderment is now expressed by dispensers of meat, both in public eating places and at meat markets, as to how the individual is to be kept within his ration of two pounds of meat per week. Some have suggested a return to meatless days and meatless meals. The United States Food Administration, in announcing the new meat program, expressed an unwillingness to return to fixed meatless meals or days. It is hoped that the American public will conform their purchases, on patriotic and military grounds, to the two-pound ration of meat, just as the majority have done in the purchase of sugar and flour, and that in the general summation the amount of meat consumed nationally a month in the United States, when divided by the people consuming meat, will reflect the two-pound ration.

While no instructions have been issued defining a program, it is thought by the Federal Food Administration that the time has come when public eating places and meat markets should begin to approximate their respective trade in numbers. Every meat dispenser should begin to collate a list of families making regular purchases at his place of business. Families of five would be encouraged to buy not more than ten pounds of meat a week; families of two not more than four pounds a week, and so forth. This is not obligatory, but more and more as the war advances and military necessity demands increasing quantities of meat it would be to the advantage of every meat dispenser to know to a man the number of persons buying of his place of business.

If at the end of each day the meat dealer will divide the number of his customers with the pounds of meat bought, he will know the average purchase for the day in pounds per person; and if at the end of each week he will divide the total pounds sold by the total persons represented in the sales of the week, he will soon be in position to gauge whether or not he is meeting the federal requirements. Such information would be invaluable as the program is advanced to meet military necessity.

All of this detail means additional work, but the present war is a test of the fitness of men in service at the front and in the business world to survive, and out of it the Food Administration believes that lack of business methods will disappear and men will come to know accurately the minute details and elements which make up their livelihood—facts which, because of too much prosperity and extravagance, have almost been obliterated from American life.

It is a patriotic duty as well as good investment to buy War Savings Stamps. You can get them at any postoffice or banks and at many other business houses.

### NEGRO ADJUNCT NAMED FOR FOOD ADMINISTRATION

With the designation of Rev. E. J. Howard, pastor of the African Methodist Church of Houston, as chairman of the Executive Board of the Colored Branch of Food Work in Texas, Administrator Peden has taken the first steps toward organizing the colored people of Texas into a definite group as food workers, with their own organization and officers. The colored section is linked with State headquarters in being a department of the Educational Division.

The Colored Section provides for a State Executive Board with headquarters in Houston, and Dr. Howard as chairman and W. L. Davis as secretary; a State Advisory Board consisting of the heads of colored colleges and Fraternal Organizations; and county deputies in all sections of the State where there is a considerable colored population.

### TEXAS EATING PLACES ON WHEATLESS BASIS

R. A. Parker, director of hotels and restaurants for the federal food administration for Texas, wired John McBowman, director of the division of hotels and restaurants of the United States food administration, Wednesday, that all of the public eating places of Fort Worth and El Paso have gone on an absolutely wheatless basis.

All other cities of Texas are using in public eating places more or less of quick breads.

The restrictions on bread not containing wheat, which for a time were limited to four ounces to the person, have been removed, and corn bread or rice bread without an admixture of wheat may be served to the extent that the proprietor cares to dispense it.

The attorney general's department has ruled that all saloons in Texas must close at 9:30 p. m. June 25 and remain closed thereafter, in obedience to the statewide prohibition statute. The shipment of intoxicating liquors into this state or from one part of the state to another must also cease at that time, under the statute adopted by the last legislature.

## Are You A 1918 Model?

If you are a model husband—1918 model—you are equipped with all the modern improvements. Your home will be lookable and livable, with sleeping porch, covered veranda, furnace heat, bath, light and water fixtures, a tight roof, and ornamented with a loving wife. All the other buildings on your place will be substantial and storm-proof, suited to their various uses, and fences and gates will be hog tight and in repair.

If you lack any of these things, see us. We cannot supply you with all, maybe, but we can supply the best of **GOOD LUMBER**—Southern Pine or other sorts—exactly suited to your every building need and at surprisingly low prices. ## HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles. After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to all my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

After hearing of the death of Gen. Askew the members of Jeff Davis camp met in called session at the Baptist tabernacle here Tuesday morning and adopted resolutions relative to his death as follows:

#### RESOLUTIONS

Whereas, it has pleased the Great Commander of the universe to call from earth to that higher realm our friend and comrade, Gen. H. S. Askew of Austin, Texas, and

Whereas, Gen. Askew was nominally a member of Jeff Davis camp, having been elected to honorary membership upon the occasion of his visit to this camp and was held in high and loving esteem by the members of the camp and their families and all others who have been so fortunate to meet and know him, therefore, be it,

Resolved, that in the death of Gen. Askew the state and nation have lost one of the most valuable citizens and the Confederate veterans organization one of its most loyal and true members, one who was ever an honor to the organization and its principles.

Resolved, that we will never be able to fill his place as a citizen or a soldier with one more worthy of the honors bestowed upon him or more loyal to the trusts given him.

Resolved, that Jeff Davis camp sincerely mourns his death and in commemoration of him the adjutant is directed to set apart a page of our minutes devoted to his memory, on which shall be transcribed these resolutions.

Resolved, that a copy of these resolutions be sent to his bereaved family with the assurance of our heartfelt sympathy and love, a copy be furnished the Confederate Veterans and a copy published in the Goldthwaite Eagle.

D. E. HOPKINS, Commander.  
G. H. DENISON, Adjt.

The Liberty Loan and Red Cross drives that have been made. I know our people have tried to do their part, but I trust that while we are so engrossed with these things we shall not forget the great cause of Christ and the salvation of the lost.

As most of you know, there are large areas in our county where there is no regular preaching; no organized churches and the people in these districts are dependent in a great measure on the missionary for the gospel of Christ.

The executive board is trying to keep the missionary on the field and if ALL the churches will cooperate in a sacrificial way it will be easy to keep the work going.

Some of our churches have done nobly by this work this year while others have done nothing at all.

The board is considerably in debt and a few brethren are caring for this at present, but a continuation of the work depends upon every church responding liberally. The next meeting of the board will be at Trigger Mountain the last of this month and I am writing this to stir up your pure minds by way of remembrance and in no spirit of criticism.

I remember your loyalty in the past and am sure you will make it possible for this work to continue at this time. Come to the fifth Sunday meeting praying God's blessings on the work. Your fellow-worker in His kingdom.

**PROCLAMATION**  
 In accordance with the Proclamation issued by the President of the United States and that promulgated by the Governor of the state of Texas, designating June 28, 1918, A. D., as National War Savings day and summoning all wage earners and tax payers, male and female, of the union to meet together at 2 o'clock on the afternoon of said day at the school houses of their several school districts, then and there to pledge the greatest amount of their savings to be invested the remainder of the year in War Savings Stamps; therefore,

I, Will H. Trent, mayor of the city of Goldthwaite, do hereby proclaim and designate the said 28th day of June, 1918, A. D., as National War Savings day in the city of Goldthwaite and do solemnly call upon all adult wage earners and tax payers of the said city of Goldthwaite to be present at said meeting and then and there to make their pledges as required by the presidential proclamation, which calls upon the people of the state of Texas to save and invest \$1,000,000 in War Savings Stamps, their savings to be accomplished by the curtailment of unnecessary expenditures of money so that goods and services, needed in such vast quantities for the winning of the war, may be conserved. The material needs necessary to the successful prosecution of the war can be met only by the people of this nation denying themselves customary but needless expenditures.

Therein fail not. The United States treasury department has issued instructions that the officers of such meetings shall list all persons in their districts who fail to attend said meetings and that said list of absentees shall be forwarded to the state director of the National War Savings committee and thence to the secretary of the national treasury department. In the performance of his duty June 28, 1918, let no citizen of Goldthwaite fail. Witness my hand this the 14th day of June, 1918.

WILL H. TRENT,  
 Mayor City of Goldthwaite.

**WOMEN TO REGISTER**  
 The attorney general issued a statement some weeks ago in which he said it was not necessary for women living outside cities of ten thousand population to register in order to be allowed to vote. The correctness of his position has been seriously questioned by a number of good lawyers and he has, therefore, suggested that the women who intend to vote should register within the time prescribed by law in order that there may be no mistake or disappointment. The opinion of the attorney general is not binding upon the courts and is not necessarily a correct interpretation of the law, while as a rule such opinions are dependable. However, his last suggestion is safe and can do no harm and the women who intend to vote in the July primary should register in the tax collector's office during the fifteen days after June 27. It may not be necessary, but it is better to be safe than sorry.

**ANY MAN TO ANY MAN**  
 By GERALD STANLEY LEE

I DO not know how other men feel about it, but I find it hard, with all that is happening to the world today, to look a small boy in the face.

When a small boy looks trustingly up to me and I see his world—the world he thinks he is going to have, in his eyes, I am afraid.

The look in his eyes of the world he thinks he is going to have cuts me to the quick.

I have always felt I had an understanding with a small boy before.

But the last four years when he looks at me in that old way and I think of his world—the one I see in his eyes—the one I had myself—the one every small boy has a right to, I see suddenly instead the one that is being left over for him by me, by all of us, the one he will have to try to put up with, have to live in, have to be a man in, when you and I have stopped trying.

Then when I face the small boy I want to go off in a wide high place alone and think and ask God. I want to go down into the city and fight—fight with my money and with my hope, go over the top with my religion and then come back and face the small boy.

There are days during this struggle when my soul is spent and all the world seems made of iron and glass and all these crowds of people flocking through the streets who do not seem to care.

It seems as if I would not turn over my head to save a world to live in myself. . . . It does not matter about me—and some days the people I see go by almost make me think it does not matter about them. . . .

Then suddenly I go by troops of school children at four o'clock pouring out into the streets, . . . pouring like fire, pouring like sunshine out into the streets!

It is as the roll of drums for the Liberty Loan!  
 I want to ring great church bells to call people to the Red Cross!

My rule for a man's finding out just how much he should subscribe to the Red Cross is this:

Put down your name and address on the blank and leave the amount open to think. Then try going past a schoolhouse about four o'clock when the children are pouring out.

Or in the evening when the house is quiet, put down your name and the best figure you dare on the white paper.

Then go upstairs a minute and look in the crib.  
 Then look at your blank when you come down once more.

### CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up and quicker than nasty calomel without making you sick, you're back and get your money. Buy calomel today you'll be regretting tomorrow; buy Dodson's Liver Tone you'll be glad you bought it. It's great, full of life, for work or play. It's pleasant and safe to take; they like it.

### PRICE OF ICE AT HOUSTON REASONABLE SAYS FOOD DEPARTMENT

Houston's Method of Arriving at Increased Costs Establishes a Precedent for Summer Ice Over Texas.

Under date of April 26, Herbert Hoover, U. S. Food Administrator, wired Administrator Peden for Texas that the Food Administration was concerned that there should be no profiteering in ice, and especially that cost of ice to those elements of the community who are least able to protect themselves should not be increased over last year unless absolute proof could be given by ice companies for its necessity.

Promptly upon receipt of this telegram Administrator Peden started an investigation to ascertain the cost of manufacturing and distributing ice in Houston this season compared with the cost of last season in order that he might determine from this comparative cost whether the higher prices charged by the manufacturers and distributors this season are justified.

The investigation made under R. F. Crow, head of the ice division for the Texas Food Administration, disclosed the fact that the selling price of ice is practically controlled by the wages paid to employees, the cost of horse feed and the fuel or power cost.

It was found that of the delivery expenses, labor represents over 50 per cent of the total cost, and horse feed and auto truck expenses 25 per cent. The balance of the delivery cost consists of expenses which are not subject to great increases and can be kept within a reasonable limit by proper management or war-time economy. In the factory expenses, fuel represents from 50 to 60 per cent of the operating cost and wages from 25 to 30 per cent. The schedule of prices in effect this season compared with last season shows a maximum increase of 33 1/3 per cent for ward deliveries in small quantities down to an increase of 25 per cent at the platform on sales in small quantities.

In view of the fact that the increased cost of wages shows a minimum of 25 per cent and the increased cost of fuel is as high in some instances as 100 per cent, the Food Administration considers the increased selling prices this season over last season as reasonable.

Below is given the schedule of prices the Food Administration considers reasonable at Houston:

Manufacture to charge at platform—	Maximum per 100 pounds.
Wholesale in large quantities.	22 1/2c
Retail in any quantity.	25c
Delivered—	
Wholesale	30c
Retail	40c

EGGS MUST BE CANDLED AFTER JUNE 1ST IS THE ORDER OF FOOD DEPT.

The United States food administration has ruled that on and after June 1, 1918, all eggs must be candled by the buyer or seller, whether he be general merchant, egg dealer or huckster. The purpose of this ruling is to stop traffic in eggs which are unfit for human food, to prevent them entering into the channels of trade, and thereby preventing an enormous waste.

"IN A BAD WAY"

Many A Goldthwaite Reader Will Feel Grateful For This Information

If your back gives out; Becomes lame, weak or aching; If bladder troubles set in, Perhaps your kidneys are "in a bad way."

Doan's Kidney Pills are for weak kidneys. Local evidence proves their merit.

Mrs. D. G. Womack, South St., Goldthwaite, says: "I suffered a great deal from my back. Sometimes the aches and pains extended into my shoulders and the back of neck. My feet and ankles became badly swollen and frequently specks seemed to float before my eyes. I used Doan's Kidney Pills and in a short time my back was stronger and the dropsical swellings were reduced. I have used Doan's Kidney Pills since then and they have always acted promptly in restoring my kidneys to a normal condition."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Womack had. Foster Milburn Co., Mfrs., Buffalo, N. Y. (adv)

#### Chronic Constipation.

Perhaps you never thought of it, but this disorder is due to a lack of moisture in the residual matter of food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most gentle and mild laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy to take and most agreeable in effect. Give them a trial. Sold by L. E. Miller & Son. adv
