Alvin Priddy returned Tuesday from a visit to Marlin.

J. V. Cockrum returned Tuesday evening from a business trip to Ranger oil field.

W. E. Jenkins was here from the Pompey Creek community the first of the week.

Mrs. L. J. Long and M. D. Long's children went to Killeen Wednesday for a visit to relatives.

Lindsey Thompson and wife of Brownwood visited relatives in this city last Saturday and Sunday.

Mrs. C. W. Law returned to her home at Elgin Wednesday, after a visit to relatives in Big Valley.

Mrs. Lewis and children returned to San Angelo Tuesday, after a visit to her sister, Mrs. E. O. Priddy, and other relatives.

Miss Zella Prater, who has been teaching in El Paso schools for several years, arrived at home Saturday evening for a visit. She has just returned from a visit to California.

Mr. and Mrs. Eli Fairman and Mrs. W. K. Marshall and little son returned Tuesday from a visit to Corporal Wilbur Fairman at San Antonio and Lieutenant Earl Fairman at Houston.

Mrs. W. T. Keese has returned from a visit to her sister at Abbott whose son was killed in the battle in France a few days ago. Friends of Mrs. Keese and family sincerely sympathize with them.

Joe Palmer arrived Saturday for a visit to his parents and other relatives. He had the misfortune to get his right arm broken Monday morning while cranking his automobile, but the injury is getting along nicely and it is hoped he will soon be fully recovered.

The Eagle appreciates communications on local topics or subjects of local interest. Correspondents should send in their letters as early in the week as possible. We always endeavor to publish communications in the first issue after they are received but sometimes they reach this office too late to be put in type for the current issue.

OFF TO TRAINING CAMP.

Mills County Responds To Call For Soldiers—Boys Entertained.

Fourteen of Mills county's splendid young men responded to the call of their country and left on a special train Monday night for Camp Travis, to prepare for army duty and take part in the glorious victory over the Huns.

The young men assembled at the exemption board's room in the court house Monday morning for final arrangements and instructions.

In the afternoon Mr. L. E. Miller invited them all to his drug store for ice cream, cold drinks and cigars. While they were enjoying this hospitality Mr. Miller made them a nice talk on the subject of patriotism and winning the war.

After supper a great many citizens assembled on the court house lawn to honor the soldier boys. The band played a number of selections and then Mayor Will H. Trent, with a few well chosen words introduced Judge E. B. Anderson, who delivered a most pleasing address which embodied history, logic and good advice. He encouraged the young soldiers with words of cheer as he told of the confidence the people of the nation had in them and their comrades.

Rev. W. G. Callihan was next introduced and he held the undivided attention of the soldiers and citizens as he told of the achievements and heroism of the American soldiers already in the world war and he assured the young soldiers of the gratitude as well as the confidence of their countrymen. His words of commendation for President Wilson, Secretary Baker and Governor Hobby were received with enthusiastic applause.

After the speaking the soldiers marched to the railway station, followed by a great crowd of their relatives and friends and other patriotic citizens. At the depot the Loyal Girls presented each soldier with a nicely prepared boxful of lunch and good-byes were said as the train arrived to carry the young men to the training camp.

Miss Otha B. Chandler orders the Eagle sent to her at Zwolle, Louisiana.

If you have visitors, go for a trip or know any other local item tell the Eagle.

Miss Stella Burkett of Mullin has our thanks for an order for the Eagle to be sent to Mrs. John Forsythe, Bisbee, Ariz.

Elder Dyches has been conducting a meeting at Williams Ranch this week and it is expected the services will continue thru Sunday.

W. T. Keese returned Tuesday evening from a trip to Kansas City and reports good crops in the portions of Oklahoma and Kansas thru which he traveled.

A number of the members of the Christadelphian denomination in this county are attending the annual encampment in San Saba this week.

Jim Stanley and wife of Babyhead, Llano county, visited W. W. Johnson and wife in North Brown community the early part of the week.

W. W. Johnson and wife of North Brown were called to the home of H. P. Harris at Rock Springs Sunday on account of sickness in the family.

The Democrats of each voting box should not forget to meet today to select a precinct chairman and elect delegates to the county convention to be held in this city next Saturday.

W. W. Hair, an attorney of Belton spoke here Saturday afternoon in the interest of James Ferguson's candidacy. Mr. Hair was district attorney of this district some years ago.

J. C. Darroch and T. M. White candidates for the legislature, held a joint debate in the Dixie theatre here last Saturday afternoon. A large crowd was present to hear the issues of the campaign discussed.

J. W. Edwards and wife have again taken charge of the Commercial hotel and their many friends are glad to have them back again. Mr. Armstrong, who had charge of the hotel for some time, has retired from the business, but has not yet announced his plans for the future.

Farm Improvements

There is so much emphasis placed upon winning the war—and properly so—that we are likely to forget the importance of preparing for peace. The people of this country do not expect to change their former attitude as to war. The great world war we are now expecting to win must not cause civilized nations to spend a large portion of what the people earn to carry on war nor force peace-loving people to spend their lives in the army. There must be an understanding among civilized peoples that the world must guarantee peace to the nations that strive for it. Outlaw nations must be controlled or put out of the fighting.

Farmers and business men in general should strive to help win the war and make it possible for peace at the earliest possible time. But while this is being done preparations should be made for peace. Plans should be made for permanent farming and comfortable living. Such permanent improvements as may be needed should not be neglected because of the war, unless these improvements hinder the government. Nothing that would interfere with war work should be undertaken, but safe and permanent improvements should be made when possible.—Farm and Ranch.

F. E. Shults was here from Democrat this week looking after business matters. He and his wife and Miss Cleo Hudson had just returned from an automobile trip to Austin, where they visited Corporal G. O. Hudson at Camp Mabry. He reported short crops all the way, caused by the continued drouth.

J. W. McNeil has the sympathy of all of his friends because of the death of his father at Moody. The old gentleman was stricken with apoplexy and only survived a few days after the second attack.

Those charged with the duty of preparing club reports and programs and similar articles are urged to send in such reports as early in the week as possible to insure the publication in the current issue of the paper.

Burrell Park has been here from Waco this week visiting his parents and friends.

Controversy Closed.

The fellow, who has been carrying on a controversy with the Eagle through his Mullin enterprise announces he has closed it because the Eagle's "methods" were beneath his dignity. He opened it and he had a perfect right to close it, but we hope that his experience in this "controversy" will not deter him from criticizing or condemning any report or article that may appear in this paper in future that does not please him or his masters. True the Eagle's "methods" may seem harsh and undignified in dealing with one who tries to "start something" with us, but in time to come he will feel grateful to us for the correction and will remember us as the schoolmaster who applied the rod for his good. The "method" in administering the chastisement appears very undignified to the pupil and is decidedly unpleasant to him at the time it is administered, but it is for the best.

The controversy is closed.

A FINAL WORD TO THE VOTERS OF THE 94th REPRESENTATIVE DISTRICT

In a final effort to prejudice Prohibitionists in this district, my opponent, Mr. Darroch, flax in's represents my position and vote on the question of submission and criticises me for voting to table the Caneles Amendment which vote is shown on page 394 of the House Journal of the Regular Session. This vote shows that I voted with every prohibitionist and a submissionist in the House except two, one of whom was John R. Moore who is now running for Lieut. Governor on the Ferguson ticket and Darroch's position would force him to say that he would have voted with Moore had he been in the legislature.

He seeks, however, to prejudice the prohibition voters by stating that I voted on this motion to table with Otto Wahrmond, the well known Anti-prohibitionist brewer of San Antonio, but he fails to tell the voters that this same Otto Wahrmond is now supporting Governor Hobby with all his power. He wants you to vote with Otto Wahrmond on the Governor's race and wants you to vote against me because I voted with every other submissionist in the House, except two.

I submit that my record carried out the instructions given me by the voters in the primary election in 1916 in every detail.

As a last straw, Mr. Darroch has at times complained of my objecting to his making a deal with a few men to pay his expenses in the campaign and says I have no right to criticise him for accepting \$15.00 in a deal to run against me and states that I voted against a bill providing that the expenses of candidates should be limited.

There were so many objectionable provisions to this bill that I voted against it, and the same bill was passed during the last special session of the Legislature and for good reasons which I endorsed. Governor Hobby vetoed it and Darroch now asks you to elect Hobby because he vetoed the bill and to vote against me because I voted against the bill.

This bill did not prohibit a few men from hiring a man to run for office, for the Legislature never dreamed that such a condition would exist in Texas; not that any district would ever be confronted with a \$15.00 candidate seeking to be elected for the purpose of destroying majority rule in local matters as my opponent is clearly seeking to do in Mills county.

I do not know that the amount

puts any figure, but I presume that the people with whom Mr. Darroch made his deal had a good idea of his worth and I guess that \$15.00 would be about the right price.

I shall be glad indeed to have the majority vote in Mills county for a second term and preserve the good agreement we have had for many years passed.

Respectfully,

T. M. WHITE.

IT'S WONDERFUL TO FEEL WELL, SHE SAYS

Mrs. Griffin Declares She Owes Health To Tanlac—Gains Six Pounds

"For more than a year before I began taking Tanlac, I had to hire someone to help me with my work," said Mrs. Lena Griffin, who resides near Fort Sam Houston, at San Antonio, Texas, recently.

"When I began taking Tanlac," Mrs. Griffin continued, "My system seemed to be all run down. My back, hips and legs hurt me so I could hardly stand up. I had no appetite, couldn't eat much of anything, and of course got very weak and thin. I also had continual pain in my right side, supposed to be caused by appendicitis and was operated on, but kept suffering the same way. My nerves were simply shattered to pieces, I had awful headaches and was almost a complete physical wreck. My strength was gone, I felt tired and worn out all the time and was unable to do my work.

"But I have let my help go since I began taking Tanlac. It is really wonderful the way it has built me up. Why do you know I am getting fat. I have already gained six pounds, am strong enough to do all my own work and have just started on my second bottle of Tanlac. I can get around without any aches and pains and actually feel better than I have in years. It certainly is wonderful to feel well like I do now all the time and I'm glad to have the privilege of making this statement because I believe it will be the cause of others getting relief."

Tanlac is sold in Goldthwaite by L. E. Miller & Son, in Mullin by J. R. Clark, in Regency by Keeling & Keeling, in Priddy by G. H. Spiser and in Star by Star Drug Co. (adv)

What Are You Doing?

If a list were made of all those in Europe who have been killed on the field of battle, and another of those who have died of starvation since the war began, the latter list would be the longer, according to figures made public by the Federal Food Administration for Texas.

The total number of deaths in action up to the first of the present year is approximately 4,250,000, while the total number of those who have died from famine has been conservatively estimated at 4,750,000.

Can we grasp the tragedy in these figures?

Over four and one-half million men and women, young mothers and boys and girls, have been sacrificed to the War-God. They have died in anguish, unknown and unsung.

Perhaps the memory of their deaths would not forever fill us with horror if we could convince ourselves that those who died of starvation have not died in vain, that by their sacrifice they have pushed the Allies a little nearer victory. But the loss of these lives will have been appallingly useless UNLESS their deaths shall serve as a spur for us to redouble our efforts in food conservation and save the remaining millions in Europe who turn to us each day, pleading, "Give us this day our daily bread!"

What are you doing to prevent the further sacrifice of human lives by starvation?

If you are not saving wheat flour and sugar, using substitutes, so that these vital necessities may be shipped to those suffering millions over there, you are shirking your patriotic duty and your responsibility, for other deaths by starvation will be heavy.

Prices for Ginning

To All Cotton Ginners: These instructions supersede circular 43, dated July 1, 1918.

Effective July 22, 1918, and until further notice, we hereby designate and determine under Special Rule 8, the following to be the fair and just charge for ginning cotton:

(1) The price of 30c per hundred pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning picked dry cotton.

The price of 40c per hundred pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning snapped or pulled cotton.

The price of 50c per hundred pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning premature, unopened, "bollie" cotton.

It has been found impracticable to determine the just and fair charge for the service of ginning long staple cotton, sea island cotton and such other cotton as may require special care, time or readjustment of machinery. However, the charge made for this service must be justifiable in comparison with the standard charge of 30c for the ginning of 100 pounds of picked dry cotton.

(2) Ginners are to keep a correct record, showing the name and address of each party for whom they gin cotton, the amount of cotton ginned in each case, and the actual charge made for such service. They must be in position at all times to furnish detailed information to the U. S. Food Administration.

(3) It is necessary that ginners perform this service in such way that the seed cotton shall be cleaned and the lint removed from the seed in an efficient manner. Such foreign substances as are removed from the seed cotton shall not be returned to the seed, but the seed shall be kept in a clean condition. Ginners are not permitted to mix any foreign material with cotton seed during the time that it is under their control or in their possession.

(4) The charge for ginning shall be the same whether or not the cotton or the cotton seed is purchased by the ginner.

(5) Ginners are to gin as rapidly as possible, consistent with good work, all dry seed cotton tendered them, and upon demand they are to return to the owner the cotton and cotton seed ginned by them. If cotton seed is purchased by the ginner, he must be guided by our Rule No. 5 and Circular No. 40.

(6) Ginners are to keep a careful record, showing the name and address of each party from whom they purchase cotton seed, together with the quantity and price paid for same.

You will note that this circular again makes effective Circular No. 41, dated June 22, 1918, except that this rule now becomes effective July 22, 1918, instead of July 1.

In issuing these instructions, we realize that there may be counties in which the prices made effective may be too high or too low, but it will be impossible to arrive at a fixed price that will be fairly applicable to every county, therefore, we have decided to fix the prices as above given, and in those counties in which it can be shown that these prices are not fairly applicable to the business, a hearing will be given to determine a fair price for that particular county.

Yours very truly,
E. A. PEDEN,
Fed. Food Administ'r for Texas.

Mrs. H. C. Lones of Rock Springs has purchased the J. W. Smith residence in the western part of town and will make her home there after Aug. 1.

ELECTION returns—state and county—at Miller's drug store to-night. Plenty of seats for the ladies. (adv)

Mr. and Mrs. H. D. Barrow left Saturday for Ozan, Ark., to visit relatives.

DATE PUDDING.

3 tablespoons cornstarch
2 cups milk
1/2 cup corn or maple syrup
12 seeded dates cut up small
1 teaspoon salt
1 teaspoon vanilla
Mix the cornstarch with 1/4 cup milk. Heat the remaining milk in a double boiler. Add the cornstarch, syrup, dates and salt, and stir until thick; cover and cook for 20 minutes. Add the vanilla and pour into a dish to cool. Serve five people. Prunes are good instead of dates.

SPICE CAKE

With part of the sugar replaced by corn syrup.

1/2 cup fat
1/2 cup sugar
2 eggs
1 cup syrup
1/2 cup milk
1 teaspoon vanilla
1/2 teaspoon ginger
4 teaspoons baking powder
1/2 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon allspice
3/4 cups barley flour
1 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

FROZEN CUSTARD.

1 pint milk
1/2 teaspoon cornstarch
1/2 teaspoon cold milk or water
1 egg
1 cup corn syrup or sufficient maple syrup or honey for desired sweetening
1/2 teaspoon vanilla
1/2 teaspoon salt
Scald the milk and add the cornstarch mixed with the cold milk or water. Cook the mixture over hot water for 15 minutes. Add the eggs, slightly beaten, and cook the mixture for 5 minutes. Add the corn syrup and the salt and stir the mixture well. Strain it and cool it. Add the vanilla and freeze the custard in the same way as any ice-cream.

FROZEN APRICOTS.

1 quart can apricots
Water
2 cups corn or other syrup
To the syrup from the apricots add the corn syrup and sufficient water to make 1 quart. Since the sweetness of the apricots varies, more or less, corn syrup may be needed. Put the apricots through a strainer, mix the pulp thoroughly with the liquid, and freeze the mixture.

COTTAGE CHEESE SAUSAGE.

1 tablespoon finely chopped onion
2 tablespoons savory fat
1/2 teaspoon salt
1/2 cup milk
1 cup cottage cheese
1/2 cup cooked rice
1/2 cup wheatless bread crumbs
1/2 cup coarsely chopped peanut meats
1/2 teaspoon powdered sage
1/2 teaspoon thyme
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 cup peanut butter

Cook the onion in the fat until tender, but not brown. Dissolve the soda in the milk and work into the cheese. Mix all other dry ingredients thoroughly with the bread crumbs. Blend peanut butter and onion with the cheese, and mix with them the bread crumb mixture. Form into flat cakes, dust with bread crumbs or cornmeal and fry a delicate brown in the fat in a hot frying-pan.

COTTAGE CHEESE LOAF.

2 cups cottage cheese
1 cup left-over cereal
1 cup wheatless bread crumbs
4 tablespoons peanut butter
1/2 cup chopped peanuts
1 teaspoon onion juice
Pinch of sage
Salt, cayenne and paprika
Liquid if necessary to mix

Form into a loaf and bake in a hot oven 20 or 25 minutes or until brown. Or bake in a greased bread tin and turn out on a platter. The cracklings left from fried-out fat or partially fried-out ground suet may be used in the place of peanut butter.

HOUSEWIVES URGED TO USE LESS SUGAR IN CANNING Food Administrator Gives List of Sugarless Recipes. :::::

SUGAR MUST BE SAVED!

A teaspoonful was nothing you say. Yet a heaping teaspoonful saved each meal for 30 days for each of the 100,000,000 persons in the United States makes a pile as big as the Vicksburg building enough to supply the entire armed forces of the nation.

of sugar allowed for each cup of juice will be sufficient. By employing this test sugar can often be reduced. In this case the jelly texture will be fine, less rubbery and the flavor better.

2. Preserved fruits. The preservation of fruits without sugar is a common household practice and depends upon accurate following of the method. Excess sugar will frequently form crystals and impair the appearance and quality of the product. A thin syrup made with four parts of water to one part sugar may be used for all fruits. If more sugar is desired it can be added at time of use either on the table or in general cookery.

3. Jam and marmalade. These require a larger amount of sugar than canned fruits and are used for special rather than general purposes. If made, use less sugar than "half and half" and cook longer.

4. Sweet pickle, watermelon rind pickle, etc. These require a large amount of sugar on account of the presence of vinegar. Except for the sugar, they have no more food value than pickles. They could well be omitted this year.

Note.—Canning without sugar will give good results provided that the time of cooking with sugar is about doubled.

Avoid the Use of Sugar.

1. Can vegetables freely. These require no sugar.
2. Encourage drying of fruits and vegetables.
3. Storage of fresh fruits, such as apples, winter pears and quinces, in a cool cellar, saves sugar.

APPOINT PUBLIC EATING PLACE STAFF OF DIRECTORS

Henceforth the principal work of the Federal Food Administration for Texas with the hotels and restaurants will be performed through the District Directors in the fifteen districts of Texas. The purpose of the District Director is to make him responsible for instructing the proprietors of hotels and restaurants and other public eating places in his district.

When no appointment of a District Director of Hotels and Restaurants is made the work is handled by the District Administrators. The districts and the men responsible in them for the proper instruction of public eating places line up as follows:

First District, Otto Herold, Dallas; Second District, Coke Murphy, Lufkin, Texas; Third District, George W. Seibert, Beaumont; Fourth District, Karl M. Roberts, Houston; Fifth District, John R. Furman, San Antonio; Sixth District, Administrator Porter A. Whaley, Brownwood; Seventh District, Charles N. Bassett, El Paso; Eighth District, Administrator O. L. Williams, Amarillo; Ninth District, W. N. Munroe, Paris; Tenth District, H. C. Knowles, Fort Worth; Eleventh District, V. E. Stampfli, Wichita Falls, Texas; Twelfth District, Administrator L. M. Hewitt, Navasota; Thirteenth District, R. E. Pellow, Waco; Fourteenth District, W. L. Stark, Austin, and Fifteenth District, Administrator T. F. Owen, San Angelo.

The Goldthwaite school board has selected W. O. Willingham of Stanton for the superintendent of schools, to fill the vacancy caused by the resignation of Prof. Price. The board yet has to secure four teachers for the coming term of the school, one as teacher of domestic science and three for grades in the grammar school.

The American soldiers have not only surprised the Germans, but our allies were not expecting such valiant and well trained assistants as our soldiers have shown themselves to be and fresh courage has been given the allied troops because of the action of the Americans in pressing the battle.

The state automatic tax board met in Austin this week and fixed the ad valorem tax rate at 30 cents on the \$100 valuation. The school tax was placed at 20 cents and the Confederate pension levy of 5 cents was also authorized, making a total of 55 cents on the \$100 valuation for 1918, besides the levies made by the counties.

While interest in the war has been as great the past few weeks as at any time since America entered the great struggle, attention has been diverted by politics for a short time, but the election being over today we can all hereafter give full time to considerations of war policies and methods of help and benefit for the armies.

The campaign just closing has been one of more strife and animosity than any in this state since the notorious Hogg and Clark campaign. It has surpassed that memorable political season in that it has extended to more offices and more men. Doubtless all who have engaged in the campaign or interested in the outcome are glad to see it close, even though the results can not be to the liking of everybody.

The farmers are taking a course in summer training this week at the Agricultural and Mechanical college. Every day more farmers are learning that they can be taught by scientific men who make a study of possible improvements in farming methods. The successful farmer is the one who uses the most science in the process of his business. Science is the thing we learn by experience—that is all there is to science.—Temple Telegram.

For a time the German war lords and press belittled the possibility of America putting a considerable force in the European battle field, but they have now come to the conclusion that they calculated wrong in some way, while the German soldiers have come to believe there are many millions of Americans now in battle array in France. Doubtless they all see the hand writing on the wall, and unlike old Nebuchadnezzar, they can all read the writing very plainly.

The new rule of the federal commission requiring newspapers to cut off all free copies and discontinue the practice of exchanging with other publications forces an unpleasant duty upon most publishers and works a hardship in many instances, but the commission says that the paper stock must be conserved to the last degree. Orders are said to be in preparation relative to the use of paper stock in various industries, in order that there may be sufficient paper for the purposes for which it is absolutely necessary.

An indictment against Judge Clarence Martin was reported in Federal court in Austin this week charging the misuse of mails in making representation to four citizens of Gillespie county that they were suspected of disloyalty and were in danger of arrest and prosecution and that he could protect their interests. The charge further states that he collected several hundred dollars as fees in the cases. His bond was fixed at \$2500. Judge Martin was a district judge for several years and is quite well known in this part of the state.

SPECIAL TAX FOR MAINTENANCE OF PUBLIC SCHOOLS AND FURNISHING FREE TEXT BOOKS

House Joint Resolution No. 27. Proposing an amendment to Art. 7, of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of Texas and providing free text books in public schools of the State of Texas, and making an appropriation therefor. Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section 3):

Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this state, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem state tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this state for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this state; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the state, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the state at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1918 at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the state and to provide free text books in the public schools of the state of Texas," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the state,

PRIDDY

(Intended for last week)

Editor Eagle,

A glance at the work of this community, both physically and mentally, will show that it is not asleep. On July 14th a baseball game between Chapel Hill and Priddy took place in Mr. John Schlee's pasture. Priddy was defeated, but are not discouraged and are all anxious to see the return game, in which we feel sure our boys will win.

Mr. Alfred Gromatzky from Eden paid his folks a short visit, nevertheless a very pleasant one, last week.

Sunday two weeks ago we were all suddenly alarmed by hearing a peculiar noise and looking up we beheld an air ship hovering above our little town. Since then we have seen two others. One of them was from San Antonio and the other en route to that place.

Our little town is attracting many visitors this year. Whether it is really so attractive or they are only trying to get out of the "high cost of living" for a while we have not been able to decide. Come! Visitors are always welcome.

Government calls and citizens will answer roll call tomorrow if need be. No questions asked, no matter what is left behind, what hopes crushed and buried. They are going. There are about 15 from this place with the colors some of whom are in France already, others sailing and some are still in camps at different places. And those who are here yet in the draft age are on the jump.

On Wednesday, July 17th, Bryan Cockrum, twelve years of age, was very badly burned. His father who owns the garage, sent him to the blacksmith shop for some piece needed for the gas pump. Bryan went to get it and the gasoline on his clothing took fire while in the shop. One leg was burned up to the knee and the other to the waist before he could be brought to water. His father and also Mr. F. Wolf burned their hands while trying to save the child. We feel deeply for the panic stricken parents and hope for the boy to recover in a short time.

Mr. Alfred Grede left for Kansas Monday morning, where he will help with a thrasher.

Miss Mary Schulz is spending her vacation at Eden.

A crowd of young folks spent a most delightful evening at Mr. Schulz's Sunday a week ago. Their brother from Camp Bowie was there on a two days furlough. The guests were first entertained with music then by taking pictures. They then bade farewell to all and departed for home in high spirits.

A crowd of men from this place went to the river fishing last week. They were well pleased with their luck.

Miss Rosa Keese of Goldthwaite is visiting at this place. She is known here and it would be hard to say that we were all with joy when seeing her in the crowd again.

Seattle is with us again. We are all glad to get him back and will not move away so soon. My daughter Miss Nettie Mae, who is normal at Cornan, will come to teach the children.

Escapes all danger I'll be in soon. SNOW DEER.

TAKING OF TESTIMONY IN CRIMINAL CASES

House Joint Resolution No. 2.

To amend Section 10, Article 1, of the Constitution of the state of Texas, providing for certain rights of accused persons in criminal prosecutions, and the manner in which the case may be prosecuted, and providing for the procuring of the testimony of the witnesses for both defense and prosecution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section (10) of Article (1) of the Constitution of the State of Texas be so amended that the same will read and hereafter be as follows:

Sec. 10. In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him; and to have a copy thereof. He shall not be compelled to give evidence against himself and shall have the right of being heard by himself or counsel, or both, shall be confronted by the witnesses against him and shall have compulsory process for obtaining witnesses in his favor, except that when the witness resides out of the state and the offense charged is a violation of any of the anti-trust laws of this state, the defendant and the state shall have the right to produce and have the evidence admitted by deposition, under such rules and laws as the Legislature may hereafter provide; and no person shall be held to answer for a criminal offense, unless on an indictment of a grand jury, except in cases in which the punishment is by fine or imprisonment, otherwise than in the penitentiary, in cases of impeachment and in cases arising in the army or navy, or in the militia, when in actual service in time of war or public danger.

Sec. 2. The Governor of this state is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of this state at the next general election for state and county officers.

Sec. 3. The qualified electors or members of the Legislature shall vote upon said amendment at the said general election and at which election all persons favoring said amendment shall have written or printed on the ballot the following: "For amendment to Section 10, Article 1 of the Constitution, providing for prosecution of criminal cases by information, or indictment, and taking of testimony of witnesses by deposition, under certain circumstances," and those opposed to such amendment shall have written or printed on the ballot as follows: "Against the amendment to Section 10, Article 1 of the Constitution."

Sec. 4. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds of the State Treasury of the state not otherwise appropriated to pay the expense of publishing, proclamation and election.

(Note—H. J. R. No. 2 passed the House of Representatives by a two-thirds vote, yeas 123, nays 4; and passed the Senate with amendments, by a two-thirds vote, yeas 21, nays 4; and the House concurred in Senate amendments by a two-thirds vote, yeas 123, nays 0.)

Approved March 10, 1917. (A true copy) C. D. MIMS, Acting Secretary of State.

THE JOY OF LIVING

To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. WOMEN'S WOES.

Goldthwaite Women Are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constant aching backs, headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidney ills only that is endorsed by people you know.

Mrs. D. G. Womack, South St. Goldthwaite, says: "I suffered a great deal from my back. Some times the aches and pains extended into my shoulders and the back of my neck. My feet and ankles became badly swollen and specks seemed to float before my eyes. I used Doan's Kidney Pills and in a short time my back was stronger and the dropsical swellings were reduced. I have used Doan's since then and they have always acted promptly in restoring my kidneys to a normal condition."

(By John H. Regan, Director of Education.)

"We return thanks to THEE, ALMIGHTY GOD, for these bounteous gifts which Thou art about to bestow upon us."

It is a simple prayer, and still on the lips of millions who have not divorced themselves from normal dreams and normal goals; though I take it that the words do not ascend as freely today in an abundantly blessed Texas as was the case before the soul became distracted with automatic and mechanical things. Certainly wherever pride has been laid low, sorrow has cast its mantle over the cradle and the marriage bed; and want and destitution have replaced ease and luxury, the utterance does sometimes well again to the lips at the breaking of bread, the drinking of the cup of milk, and the contentment in a bit of meat—man's dependence upon something more than himself.

I can well believe that the Belgians hold for America something akin to Divine Worship; that the French, in throwing flowers upon our boys, threw them with the same sense of a something religious that they place flowers before the altars of their cathedrals; and when our men marched London Town—there was surely the feeling that there walked with them an invisible presence, which was the cumulation of the prayers of fish widows and orphans.

In the backwash of things as most of us are—only remotely in touch with the wretched misery and suffering across the seas, it seems to me that it should seem to everyone that all these requests and admissions to and conserve are unnecessary. The mere knowledge that a French peasant and his household lower their head in thanksgiving for what we have them through "going without" seems to me the greatest conceivable compensation for the paltry business of "going without." We seem an art time getting the viewpoint, nor do I see why a multiplicity of maiming, mitering and killing are required to intensify the fact that frugality during times is a magnificent privilege, rather than bovine acceptance of an obligation.

O'lie Stephan and Herbert Waddill have gone to the Oklahoma harvest fields.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

It loses you a day! You feel bilious, sluggish, and all knocked out and need a dose of dangerous calomel! It makes you feel like dynamite on your liver. Calomel attacks the liver and should never be put into your system.

Remember that your liver is the most important organ in your body. It filters out all the poisons from your blood. If it is clogged up, you will feel like dynamite on your liver.

For a few cents a large bottle of Dr. Williams' Pink Pills for Pale People, which is a perfect substitute for calomel, and you will feel like dynamite on your liver. It is a great relief and doesn't gripe.

Not Discussing Clothes.

Editor Eagle: I was deeply shocked today when I learned that Mr. Clements had his feelings hurt over my reference to the easy job the janitor at the court house has, because he thought I was discussing his wearing apparel and personal appearance, when I certainly had no such intention. I do not know how he dresses, neither do I care, but I do know that when the commissioners raised the salary of the janitor to \$65 per month and then paid \$17.50 over time they are paying practically at the rate of \$1000 per year for the service.

I do not know a farmer in the county who will make \$65 per month or \$2.50 per day, to say nothing of over time. We do not feel our poverty, but think we are the salt of the earth and are sure glad when the commissioner pays us \$1.50 a day for a little road work. We feel we are favored friends; almost as well favored as the commissioners who draw \$1 per day more than the road worker and his team. The janitor has no team to feed and has a nice cool job in the court house and ought to get more money than a sunburned old hayseed like me.

I am not objecting, but claim it as a privilege to help pay the fat salaries and overtime. By the way, wouldn't it be all right to pay the commissioners "over time."

Notice To The Public

In view of the fact that there exists a shortage of fuel during extreme cold weather, and the practical impossibility of securing coal at the present, as well as the patriotic necessity of conserving the supply of coal and fuel oil, it is strongly recommended and required by the Federal Fuel Administrator of Texas, that each household and institution provide a supply of cord wood or stove wood on the premises wherever possible, with the necessary wood stoves and facilities to take care of emergencies or possible fuel shortages.

The local dealers can take care of the public requirements for both wood and stoves at reasonable prices.

Slayden Withdraws.

Announcement was made in the daily papers yesterday that Congressman James L. Slayden had withdrawn from the race for re-election, leaving the contest between ex-State Senator Barrett and Senator Carlos Bee. Mr. Slayden has represented this district in congress for about twenty years and is known personally to most of the people of the county. He will continue to represent the district until next March, after which time the redistricting of the state will put this county in the Abilene or 17th district now represented by Congressman Blanton. The following announcement in the daily papers is self-explanatory:

San Antonio, Texas, July 25.—James L. Slayden, candidate for the United States congress, has withdrawn from the race following the receipt of a message from President Wilson opposing his candidacy on the grounds of disloyalty to the administration. The telegram was received by the San Antonio Light and given full publicity. It contained the assertion that the administration never takes choice between two or more candidates when they are equally loyal, but that Slayden's record shows that he has not given the president or the administration his support. Slayden has made no statement concerning the affair, other than his announcement withdrawing his candidacy.

EAT PEACHES. IT WILL SAVE SUGAR, SAYS PEDEN.

It requires approximately 15,000,000 pounds of sugar a month to feed the 5,000,000 people of Texas, based on the ration of three pounds per person per month. The three pounds ration is based on sufficient to maintain strength and health. In the Elberta peach crop of East Texas, now being shipped to market, there is approximately 5,775,000 pounds of saccharine, or sugar not matured. If the people of Texas were to consume this one fruit crop alone they would save over a third of a month's ration.

In 1916 the Texas peach crop amounted to 2,860,000 bushels; in 1917, to 2,852,000 bushels; while the crop for 1918 is estimated at 3,000,000 bushels. The crop is bringing an average of \$2 a bushel, or enriching the treasury of Texas by \$6,000,000. The price is better this year than in either 1916 or 1917.

The peach crop in 1916 represented a value of \$2,860,000 and for 1917 \$3,998,400.

It is also interesting to know that the tomato season in Texas for 1918 showed shipment of 721,000 crates and 1917 of 1,152,000 crates. The 1918 crop is a little short of 1917. The value of the tomato crop for 1916 was \$553,700, and for 1917, \$1,036,000, so it can be reasonably estimated that the 1918 tomato crop will bring in at least \$1,000,000.

In the matter of icing and securing quick transportation of the peach and the tomato crop the Federal Food Administration has given the growers every assistance within its power, and the results are that the distribution has been up to the expectation of the shipper in all things.

PROFIT MARGIN SET FOR SALE OF WHEAT FLOUR AND SUGAR.

Wheat flour and sugar are two commodities over which the Federal government has complete control. Failure to observe the margins of profit set by the United States Food Administration cost Jacob Kulla, a wholesale flour dealer of New York City, recently a fine of \$25,000 to be paid the American Red Cross. Kulla was charged with selling large quantities of flour at profits in excess of the margins set by the Food Administration. The trial disclosed that he sold flour at margins of from 75 cents to \$1.65 a barrel. The margin allowed by the Food Administration for flour handled by the wholesaler and jobber per barrel is 50 to 75 cents. The retailer is allowed from 80 cents to \$1.20 a barrel profit and 1 cent a pound on broken packages.

This flour must be bought with an equal amount of substitutes and the prevailing retail price is .07 to .07 1/2 cents.

LOW GRADE SUGARS FOR MAKERS OF SWEETS ARE ORDERS OF FOOD DEPT.

All wholesalers and jobbers and district and county Food Administrators have been notified, effective immediately, that no dealer handling sugar is permitted to sell sugar except Louisiana seconds and thirds to manufacturers of non-essentials who may present sugar certificates marked "Statement A."

The industries affected by this order are manufacturers of beverage syrups, candies, cereals, chewing gum, cocoa and chocolate, condiments, confections, flavoring extracts, invert sugar, syrups, soda water, soft drinks, sweet pickles and wines.

Seconds and thirds are low grade sugar left after the high grade or granulated white sugar has been extracted. Administrator Peden hopes that this is only a temporary measure, but it is absolutely necessary in order that the ordinary household and preserver be taken care of at the present time.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

CITATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County GREETING:—

Oath having been made as required by law, you are hereby commanded to summon August Lomercier, Mrs. F. E. Prince and husband, A. A. Prince, J. C. Aldridge, W. E. Cunningham, R. C. Laudermilk and the unknown heirs, legal representatives, legatees and devisees of each of the above named defendants, deceased, by making publication of this citation once in each week for four successive weeks previous to the return day in proof, in some newspaper published in Mills County, Texas, commanding them to appear at the next regular term of the district court of Mills county, Texas, to be holden at the court house thereof on the 23rd day of September, 1918, the same being the fourth Monday in September, 1918, then and there to answer a petition filed in said court on the 13th day of July, A. D., 1918, in a suit numbered on the docket of said court, No. 1813 wherein J. H. Rasco is plaintiff, and August Lomercier, Mrs. F. E. Prince and husband, A. A. Prince, J. C. Aldridge, W. E. Cunningham, R. C. Laudermilk and the unknown heirs, legal representatives, legatees and devisees of each of the above named defendants, all deceased, are defendants, said petition alleging substantially as follows:

That the plaintiff resides in Mills County, Texas, but that the names of the unknown heirs, legal representatives, legatees and devisees of each of the above named defendants, deceased, as well as the place of residence of the above named defendants is unknown to the plaintiff.

That heretofore to wit: on or about the 1st day of January, 1918, the plaintiff was and now is legally and lawfully seized and possessed of the tract of land hereinafter described, holding the same in fee simple that on the day and year last aforesaid, the defendants entered upon the said premises and ejected the plaintiff therefrom, and lawfully withheld from the plaintiff the possession thereof to his damage in the sum of one thousand (\$1000.00) dollars, that the premises so entered upon and unlawfully withheld by the defendants from the plaintiff are described as follows, to wit: A part of the August Lomercier 320 acre survey in Mills county, Texas, survey No. 15, patented to him by Patent No. 480 Vol. 46, dated Dec. 10, 1894, and described by metes and bounds as follows: Beginning at the N. E. cor. of the Mrs. S. E. Williams (D. M. Joy) survey for the S. E. cor. of this survey from which a P. O. brs. S. 3 1-2 W. 8 1-2 vrs. do brs N 69 1-2 E. 5 vrs.; Thence N. with the W. line of the P. years, next after the defendants cause of action accrued and before the commencement of this suit.

And for further cause of action herein, plaintiff says that he claim said land under a deed duly registered, has had peaceable, continuous and adverse possession of the land and improvements claimed herein, cultivating, using and enjoying the same and paying all taxes thereon for a period of more than five years after the defendants cause of action accrued, if any, and before the commencement of this suit and of this he is ready to verify.

Plaintiff further alleges that the exact nature, extent and character of the defendants claim to the above described land and premises is unknown to the plaintiff, except that the defendant, August Lomercier, is the patentee of the said land and the said R. C. Laudermilk claims some pretended title on said land, which is void and without consideration.

Plaintiff prays that the defendants and each of them be cited to answer the petition filed herein, and that upon trial hereof, he have judgment against each and all of the defendants herein, jointly and severally, for the title and possession of the above described land and premises, and for his writ of possession to the same, and for decree establishing and quieting his title thereto, and that all clouds cast upon his title to said land by reason of the defendants' claim or claims thereto be removed, and for such other and further relief to which he may be entitled in law or equity.

Herein fail not, but have before said court, on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.
