C. L. Stephens and family visited relatives in Brownwood Sunday.

It is important and remunerative to read the advertisements in this issue.

L. E. Miller spent the first of the week in Dallas, buying goods for his drug and jewelry store.

Mrs. D. H. Trent went to Houston on Sunday night's train for a visit to her sister, Mrs. Kennerly.

Lieut. Lewis Little was here from Waco Sunday, visiting his relatives and meeting with his friends.

J. A. Hester returned Sunday night from a protracted stay in Marlin. He stated Mr. and Mrs. Randolph intended to remain there a few days longer.

Presiding Elder Gregory announces quarterly conference in the Methodist church here next Saturday night. It is expected that he will fill the pulpit Sunday.

Drs. Rodney and Buel Hearne, who spent several days here with relatives, left Sunday night for Franklin to visit relatives a few days before returning to their homes, the former at Seattle and the latter at Lampasas.

Friends here of Rev. W. G. Callihan and family sympathize with them in their bereavement in the death of his step-father, which occurred at the family home in Lockhart Sunday morning. The message announcing his death came to Rev. Callihan here and was forwarded to Marble Falls.

### REDEEM THE PLEDGE.

Next Tuesday the Time For Buying War Savings Stamps.

All Texans, who on June 28—National War Savings Day—pledged themselves to purchase United States government War Savings Stamps throughout the year, will be called upon officially August 27—"Pay the President Day"—to settle the August pledge and, if possible, liquidate their pledge for the entire year. Announcement that August 27 had been designated "Pay the President Day" was made some days ago by Louis Lipsitz, state director of war savings.

The treasury department is anxious that every pledger take care of each month's pledge as it becomes due, not putting off the payments until the close of the year.

War Savings Stamps may be purchased from any agent at any place and full credit will be given the purchaser, altho such agent may not have the purchaser's pledge card. Where such pledge card is not in the possession of the agent from whom purchase is made an official treasury receipt will be given for the amount paid. This will establish beyond question that the purchase has been made and the receipt can be exhibited at any time to the agent holding the pledge card and complete credit will be given on the card.

The director of the War Savings department says: "President Wilson has earnestly called upon every loyal citizen to liquidate his pledge and wipe the slate clean that the government may have money vitally necessary to the prosecution of the war and it is sincerely trusted that every Texan will respond to the president's call by investing as much as possible in these War Savings Stamps on August 27."

A. A. Cook this week ordered the Eagle sent to him at Sour Lake.

Edward Geeslin and family spent Sunday with relatives in Brownwood.

Mrs. C. C. Saylor and children visited relatives in Lometa the early part of the week.

Prof. O. C. Bates and family are here from Alexander, La., visiting W. H. Morgan and family.

Mrs. A. K. Bonner arrived from Leakey Tuesday for a visit to Mrs. W. A. Bayley and family.

Dr. Wilson and family received a card announcing the safe arrival of his son Charley in France.

O. B. Caldwell's son, Will O., has been here from Temple this week visiting Mr. and Mrs. Will H. Trent and other relatives.

Miss Zoe Rock left for San Antonio Wednesday to take a position as book-keeper, in which art she is an expert. She has many friends here who regret her departure very much.

F. F. Richards and family have moved back to Mullin, where he will again be depot agent for the Santa Fe. They made many friends during the time of their residence here who are indeed glad they are to be located so near by.

Mr. Harrell returned to his home in Austin the first of the week, after a visit to his daughter, Mrs. R. E. Thornal, and family in this city. Mrs. Thornal's son and daughter accompanied him home for a visit.

If you are fully persuaded that "times are very hard" you can do no earthly good by talking about it and you may do a great deal of harm. Better let the other fellow find it out for himself and perchance he will miss the information entirely.

### Center City

Editor Eagle:

Health in our community is not so very good at present—due, no doubt, to the drouth. No water, no pasture, to amount to anything.

Mrs. J. R. Carter, one of our good ladies, was carried to Temple recently to undergo an operation.

Ray Knight, who has been on the sick list, is getting along nicely now.

Mesdames Dick Wilcox and Ella Evans and their children were guests of Miss Berta Carter last Monday week.

Arthur Reeves is back on a visit to home folks.

Miss Rubie Welch and the two Misses Nickols delighted the people of Center City with a beautiful song last Saturday night.

Walter Doggett, one of the good men of Bethel community, has recently come home sick from Salt Lake.

quite sick this last week and at latest report was not improving.

Mrs. McCasland has received a letter from her son who is in the navy and he reports that he is getting along fine.

Our singing school teacher is doing fine and our people seem to be learning lots. Center City just can't help from having good singers.

BILLIE BOY.

## A Quarter of a Century.

With this issue begins the twenty-fifth year of the Eagle's existence and during all of these years, except a few months at the beginning, the paper has been under the same management. This is a record that but few county papers can show. However, the Eagle lays claim to more than mere continuity of management, for we believe the business results will compare advantageously with those of papers of equal age published in communities double the size of Goldthwaite and in counties of much larger area or greater population than the good county of Mills.

During all the years of its publication the paper has missed but one issue and that was for the accommodation of a competitor at Christmas time many years ago. Never has the paper failed to be issued on time and with a subscription list that does credit to the county and the paper it has never been our policy or practice to personally solicit subscribers or give premiums to secure them.

What the coming years may hold for the paper and its management we can not tell, but we look to the future with hope and confidence, resolved to continue our every effort for the advancement of the interests of Goldthwaite and Mills county; pledging fidelity to principles of right and justice, regardless of personal or financial consideration.

During the long term of years the paper has been published many issues have arisen and many obstacles have been encountered, but in no case has the paper's course been one to be regretted and by a continued devotion to duty we shall hope and strive to maintain the same record in the time to come.

We are sincerely grateful to all who have in any way contributed to the success of the Eagle and hope for their continued friendship and patronage.

## OIL WELLS.

### Some Reach Great Depth—Very Encouraging Prospects.

The prospects for oil at several locations are decidedly encouraging. There are a number of deep wells going down and contracts have been signed for others.

The Burnett & Weatherby well is down 1400 feet and there have been good indications for several days.

The well on the Weston tract is down 800 feet or more and good progress was being made until the breaking of a cable one day this week necessitated a few days delay.

The well in Young Bros. pasture is more than 800 feet down and gives evidence of being a fine producer.

Good progress is reported from the D. W. Cryer well, the Burnham & Hufstutler well, the John Houghett well and others.

## STAR SIFTINGS

By Our Regular Correspondent

We are about to declare a state of censorship and refuse to report the deserters (?) for fear we will leave the impression that the Star district is depopulated. The drought is causing a serious shortage in man power hereabouts. Impossible to get a quorum except on Saturdays and the women folks are in full control of municipal and suburban affairs.

Mr. Luke Peck presented the Goldthwaite Red Cross chapter several potted "mustard trees," which are made interesting by biblical mention of the mustard seed in the Parable.

Wm. Gent returned from Ranger and from his report we judge a British tank would be required to get in on the business front line.

One blessing of the dry weather is that the "bloomin'" old dirt saubers can't find mud to z-z-z-z-z-z with. Billie Miller said it.

The cotton yield for the district is estimated at about one-fourth of our normal crops. Mr. Adams, our ginner, does not expect to gin much over one hundred bales. While this is not encouraging, the Star people are not inclined to give up.

Joe Taff of Goldthwaite was a Sunday visitor. He was accompanied by Rev. David White en route to friends at West Point and Evant.

J. C. Fields was surprised by a two days visit from his brother Ed Fields and interesting family from Adamsville.

We always enjoy the visits of Mr. and Mrs. Jim Campbell of McGark, but have to complain about their shortness.

No use in trying to hide the facts. But when the natural sources for baptism can not be found within a radius of ten miles conditions here can be realized. Members of the Baptist Church at Center City, during their revival, made a disappointing trip to the Lampasas river east of Star to baptize several persons, but not enough water. They later overcame difficulties by using a large concrete tank near Center City. One good Methodist had to comment on the "beautiful advantages," etc. Yes and we can imagine yet the use of salt water.

An orphan pound of butter was chaperoned to Star Saturday by Mrs. John Tubbs and was immediately adopted by Dr. Brookings—unfair.

Frank Soules was another car load shipper of cattle to Fort Worth. He is guarding against the sacrifice of cattle to the best of his ability in this district by buying and shipping as occasion demands.

Ben Cox and family have left their home in the care of his father and sister (Mrs. Henry) and are en route—western style to Oklahoma oil fields. Mr. Cox is an experienced driller and assurance of work causes this trip.

W. N. Guthrie of Evant, one of Uncle Sam's faithful mail carriers was a Saturday visitor.

Indian Gap was represented Saturday and Sunday by Jake Jacobs.

We regret to give an indefinite report on Jake Roe's condition.

He is doing fairly well, but we hope for that change which will indicate an early recovery.

Our sympathy and interest are extended to Mrs. Lizzie Garrett who is the anxious watcher at the bedside of her very sick child Delena. We sincerely hope for a change for the better.—Fever.

Miss Winnie Carter of Center City was a charming visitor with friends.

Mrs. Luther Soules and little folks pleased friends and home folks with a flying visit Tuesday.

Mrs. Eula Rhoads and son, Allen, after a visit with Mrs. W. L. Campbell of Blackwell, are the very enjoyable guests of Mr. and Mrs. R. C. Campbell. Mrs. Rhoads is a stay at home cousin from Lyons, Texas, and will remain perhaps a week.

Rev. A. C. Searcy is home again after his Pleasant Grove appointment and a two days attendance at the Nazarine revival at Goldthwaite.

The Adams-Hamilton gin was steamed up Wednesday morning with several bales of cotton ready.

Sidewalk expressions cause me to think that the Home Council of Defense has a chance to get busy. It is not the duty of the Council of Defense only to take hold of anything questionable, but each citizen should be as full of resentment to anything against the government "as an egg is of a rat." Each community should clean up on any tainted citizenship for we know it has been and is being revealed to us what to expect from the most abominable and underhanded kind of people that God and the civilized races have allowed to exist and thrive. This is my opinion. And when ever two or more persons know of a "Hun taunt" get busy and report to the home council and if they do not take it up to the sheriff or county judge. Keep on until you get the stink cleaned up or out. Give me the inside facts and I will turn it in if I have to walk to Goldthwaite and I am not much for walking either. The Sifter is getting "stirred up."

Lou Ella and Lillian Patterson of Goldthwaite, two interesting little daughters of L. E. Patterson, spent a pleasant week with Mr. and Mrs. R. H. Patterson.

Henry Powers is now a near resident, having moved to the former home of Arthur Powers, who is now a resident of Craig, Colo.

We assure Jim Henry that there will be no danger of \$1.00 and costs to explain about that Ben pecked looking nose.

C. L. Burris and family of Fairview were two days visitors at the home of Mr. and Mrs. Seth Waddill.

Messrs. Emmitt Hawkins, Tull Wright and Farr's Waddill are filling the labor gap in the coast country—Wharton county.

Mrs. Lon Strawn of Dallas is a week end visitor, the guest of Mrs. Seth Waddill.

"Joe Tumlinson is dead" and the subtle mystery that obliterates distance delivered its heart crushing message to an unsuspecting father, shocked to silence late shoppers, visitors and

the community, giving to J. D. Tumlinson, of the Star Drug Co., a margin of only minutes to reach the train at Goldthwaite for Wharton, Texas, where the body had been prepared with every consideration that could be given a personage of State—by the Farmers Alliance and the Wharton Chamber of Commerce. A committee of ten or more met Mr. Tumlinson to more than assure him of their regrets and sympathy for their fellowman suffering through a tragedy of this kind. The body was shipped to Lake Victor Sunday night, where it was buried beside his mother Monday evening. I must add this much about Joe Tumlinson. In my fifty years of life, no other stranger boy won my love and interest as did Joe. He was always happy to have me go on fishing trips—he and I alone—and during these outings this is what I saw in this lovable boy—honesty—true to himself, friend and foe alike. Ambition, abhorring all that had a taint of wrong and always seeking the advice of an elder. He was 18 years of age and it was his ambition and plans to work and save his earnings that he might attend the Arcanwood telegraph school.

His lead to his trip to Wharton, where he was assassinated by a negro gone amuck. The concurrence—Joe arranged Saturday evening to meet some Star boys mentioned in last issue of the Eagle) at Wharton a few miles distant and with a boy from Moody decided to walk there. A stranger driving by in a buggy invited them to ride and with Joe beside the gentleman and the Moody boy standing with his feet on rear axle holding to top of buggy they proceeded only a short distance when the negro stepped out within a few feet of them and fired (buckshot) striking Joe around the left eye, a shot going over his head and breaking the Moody boy's arm.

With the team starting to run the man held Joe from falling out, kept the team under control, turned and with one arm killed the negro at the first shot with a rifle. Joe never spoke and lived about thirty minutes. The negro had a grudge against the man to an extent that he did not care who he killed. A man coming in the rear saw it was a shooting scrape and stopped and later came up and remained with Joe while the other boy was rushed to town and the stranger returned with proper help. Joe Tumlinson won the respect and friendship of all those he met and Mr. and Mrs. Tumlinson (for she loved him and Ama) can have this assurance in their hour of bereavement, also thru life that sincere heart throbs of sympathy is ever with them from the people of Star and the Eagle readers.

Mrs. J. D. Tumlinson, Mr. and Mrs. Will Waddill, J. S. Waddill and daughter, Hattie, went to Lake Victor Sunday evening and returning Monday night, Mr. and Mrs. Tumlinson remained, coming home Tuesday accompanied by his nephew, Mr. Leonard Francis, and sister, Miss Alva, of Lake

Victor. Mr. Francis and sister returned home Wednesday.

Mr. Lant Adams is convinced that tractor work on the farm is a success. His first experience in disking 75 acres with a steam tractor revealed a cost of not over \$600 per acre.

J. H. Williams came home on a two days visit, returning to Sour Lake Tuesday, accompanied by his brother W. H. to join the army of workers.

Henry Venable of Center City is reported as wounded and hospitalized "somewhere in France."

Harley Williams brought in the noted "first bale" with American colors floating aft and only Keith, Fields and Clemons to spectate the pageant.

The regular and mysterious disappearance of whittling tools almost demands our comments—Two notables suffering thusly are Henry Peck and Milford Lee.

The drought and turn of a \$1. between Adams and Hamilton as to which was to uphold the company's finances by efforts in foreign fields decided that Ed was "him." Mr. Hamilton left Sunday morning for Houston, where, with his business and executive ability, he may be certain of an opening. Losses suffered: Bank, vice president; Red Cross and Council of Defense, President; School Board and Masons, Secretary; W. O. W., Secretary; Gen. Co., partner; Presbyterian Church, elder; and Star evidence of good eats, prosperity, and happiness. (Avoir-Dispois.)

Mrs. R. W. Barr of San Angelo is the guest of Mr. and Mrs. J. R. Carter.

E. W. Reeves of Center City was a business visitor, completing final acts in the sale of his Center City farm to C. E. Beck of Ranger, Texas.

The I. M. P. S., with that modesty to evade publicity complimented Mr. and Mrs. Will Waddill with a shower reception initiated them with a series of evidences of a wish for always a happy home. This occurred the 15th.

Mr. and Mrs. C. N. Moore more than enjoyed the six (Friday week) of Mr. and Mrs. McPherson of Pottsville, accompanied by Mr. and Mrs. Una Clabrough. Mr. Clabrough is on a short visit from the army.

Mrs. Lon Strawn of Dallas is an enjoyable week end visitor with Mrs. Seth Waddill.

Misses Eula Campbell, Alline Clarey and Master Kenneth Witty were honorary witness attendants at the marriage at Center City, August 17 of Miss Edna Witty and Alva V. Clarey, Rev. Allen Carter officiating. Beatrice is the charming and accomplished daughter of Mr. and Mrs. J. C. Witty, one of the foundation stones of our business enterprises. Alva is a son of F. Clarey, one of our most successful farmers. This union of juniors has the best wishes of the community for a long, happy and successful journey thru life.

Mr. C. E. Jesko, the genial Paddy-Star merchant is with us relieving his brother, Jack Jesko, for a vacation trip to Brexam to visit with his parents and thence to the coast country.

Here is Uncle Billie Roles' "line up" for real enjoyment. Visiting him are: His brothers,

Jim and Wid, his son Henry and family of Oklahoma, also John Roe of McCulloch county and he is certainly enjoying it, so say Kley Lee and wife chief of lost.

Mrs. Rex Clifton left Monday to join her husband, who is employed in the oil belt at Sour Lake.

Miss Vivian Perkins has returned home, after an extended visit to relatives and friends at Pearl, Texas.

Mrs. Willis Hill is a home visitor on account of the serious illness of Delena Garrett.

The nice "standing collar and necktie" the Eagle put on the Star items was the pride of the Eagle readers around Star. They had to show it to friends with "Your R. C. appreciates the dress up."

Ollie Hamilton, our popular and jocular master mechanic, left the garage with Wm. Stephan as commander-in-chief and is seeking a position in the Houston District.

Grover Stanley has secured the Edgar Manning farm, formerly the Peck place.

Dr. John Manning of Houston is farewelling home folks. Army recruit 27th.

Tom Emdy and daughter Ozella with Ed Harper and Miss Lula, left Friday for Big Valley to attend the Baptist association.

Wolves destroyed seven turkeys for Luther Soules Wednesday.

A wolf hunt by Jim Hamilton, Kley Lee and N. N. Newton brought in one or \$10—the association reward.

Edgar Manning of Dallas came in Thursday eve on a business trip.

Mrs. Jeff Boykin and children of Goldthwaite were two days visitors to Mrs. Lant Adams.

Carl Manning and family left for Dallas Friday, where he has secured employment.

A crusade against vice in Dallas is being urged by the mayor of that city and he instructs that the names of persons arrested in the vice districts be published in the papers. This order will doubtless have a good effect if the police are careful to force the entry of the true names of those arrested.

There are indications that the time is not far distant when Spain will join the civilized nations of the earth in the war against German autocracy. It was thought a break between that country and Germany had taken place this week, but a denial has been entered, notwithstanding ample provocation has been given Spain to take such a course.

Announcement is made that the railroad administrator has plans for discarding 60,000 old box cars of the American railroads, replacing them with new and modern cars. The dilapidated condition of the cars, in some instances it is stated, prevents first class service and sometimes causes wrecks.

Coleman county has the distinction of having a lady sheriff, the commissioners court of that county having selected Mrs. J. R. Bannister to fill the unexpired term of her husband, who died a few days ago. Mills county takes special pride in the appointment owing to the fact that Mrs. Bannister was reared in this city and as Miss Emma Dougherty was quite popular with a large circle of friends. Mills county folks—men and women—always make good in any position they are called upon to occupy.

Some of the friends of Will Fogg are urging his name as a candidate for state chairman. He is one of the most able and patriotic men in Texas and his selection for the important position would not be a mistake from any standpoint. Had his advocates made known their intentions sooner they would have had much better chances for success, for many counties have now instructed for state chairman when they likely would have preferred to honor him in that way if his candidacy had been known.

The week of November 11 has been set for the great war fund drive to raise \$133,500,000 for war work of the Young Men's Christian Association, the Young Women's Christian Association, the War Camp Community Service and the American Library Association, according to an announcement received here from the representatives of the four organizations. ### A BILIOUS ATTACK

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. For sale by L. E. Miller & Son.

### TO IMPROVE YOUR DIGESTION

"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find a right treatment. Since taking them my digestion is fine."—Mrs. Blanche Powers, Indiana, Pa. For sale by L. E. Miller & Son. (adv)

### LITTLE THINGS

The little things on the farm are often the important things and not infrequently the paying things. Those who neglect the little things soon find that they have neglected the great things and possibly the essentials. Those who take care of and rightly deal with the little things usually have the satisfaction of dealing with portable and highly desirable things.

There are poor farmers because the eggs, the poultry, the milk and butter were considered of too little importance to save and market. On the contrary there are those who have paid out farms, built up comfortable homes and established prosperous farming operations as a result of producing and marketing such things as have been mentioned.

Manure is a waste product on some farms; on others it is one of the essentials in production. Carefully saved and properly used it increases the yield and the quality of products and thus insures profits where none were possible without it.

Grass on some farms is fought with diligence and when finally the men and teams "go over the top" and destroy it, they are ready to buy hay and haul it to the farm to save the cattle and work teams. Pasture and silos are some men's allies; others depend upon grain and deplore the dry seasons and lack of opportunity to raise livestock.

We will never make the progress that is our privilege and duty to make until we look after the little things and make them the essentials. After all most of us are little farmers, at least not advanced above the little products. We must as a rule be capable of producing and marketing little things before we can make big things pay.—Exchange.

### A SECOND PRIMARY

The second primary will be held today and all Democratic voters should cast their ballots in this election. Those who secured the highest and next highest votes for comptroller and attorney general must submit their names again to the voters and they have a right to expect the voters to cast their ballots in this as well as in the first primary. It has also been decided to be necessary to vote for the candidates for lieutenant governor and judge of the court of appeals who received the highest number of votes in the recent primary, for while their opponents have withdrawn they did not receive a majority of the votes and in order to make their nominations certain their names have been again placed on the election tickets.

Lest Friday afternoon while walking on the sidewalk in front of E. A. Murray's drug store Mrs. J. M. Pool slipped and fell. Her hip was very badly bruised and the shock was severe. Some unthoughtful person had dropped some peach peelings on the sidewalk, which caused her to fall.

Archie Atchison, age 20, of Hall was shot thru the leg last Sunday morning. The bullet, a steel ball, 32 caliber, entered the left leg near the knee. The shooting was purely an accident and young Atchison hardly knows how it happened. He had enlisted in the San Saba cavalry troop and had been in the drill camp from Thursday to Saturday. ### MARKETS FOR PRODUCTS

Commercial organizations of cities and towns that sincerely desire to do something to advance agriculture, not only for the benefit of their own business, but for the advancement of the state and nation as well, would do well to help reduce waste in marketing. Farmers may take advice as to how to produce more, but most of them know more about production than their advisers. Of marketing they are not so well informed. But they are sensitive to the waste and uneconomic system that now prevails, and would welcome an opportunity to meet their business friends upon any safe and sane system that would give them a chance to share in the consumer's dollar.

Experience and observation show that the acreage is always increased when a suitable and satisfactory market of any crop is found. Cities and towns that eliminate waste and provide and establish a market for products will get the products without difficulty.

There are great opportunities for creameries, municipal abattoirs, cold storage plants, roller mills, etc. These enterprises, if properly managed, will pay those who invest in them and afford a market for farm products, thus benefiting both the town and the rural communities.

The best way to help the farmers is to help the country in general by saving marketing waste.—Farm and Ranch.

### MULLIN

Editor Eagle:

We are daily reminded what anxiety, distress and starvation. The absence of rain will bring it is thundering while I write, so we have not altogether given up our hopes.

Mrs. Albert James of Mullin committed suicide Wednesday morning by swallowing a table spoonful of carbolic acid. She had been in a very low state of health for some time. She is a grand-daughter of Uncle Billie Williams, deceased and the only daughter of Mun Malone, now in New Mexico.

Jule Crockett and "Red" Bob Williams left Tuesday morning with their teams to find work in some other man's county.

The oil wells are progressing and looked for results that will open the eyes of the owners. Every indication for oil that has shown up in any of the fields is cropping out as the chug of the drill is heard deep down in the bowels of the earth.

Misses Ruth and Carrie Kirkpatrick came in Monday morning from Tyler, Texas, where they attended a business college these long hot months. Miss Ruth has accepted a position with Randolph & Co. of Mullin.

Several young men left Mullin last Monday for New Mexico, where they will work for a telephone company, erecting telephone lines.

Cotton slumped \$5.00 per bale the day this week on account of flowers in the far west and the probability of Mills county making a bale to 50 acres. Our farmers should not put out such reports so early in the season and crush prices when there is such a demand for money.

Clyde and Lucy Wilson, Carmen and Opal Jones and Elsie Cox returned from the summer normal at San Marcos and are ready to accept challenges from those wanting something "did."

Ernest Watkins, one of Mullin's sailor boys, has been spending a few days visiting his parents and friends. He left for some point in Virginia, where he will again enter upon the duties of a sailor and soldier life.

Fred Dew of Sleepy Hollow says that rats vacate premises in times of drouth and return as the prospects of rain increases. Their absence has been noticeable and row like the cat, are coming back.

Cotton picking will soon be a thing of the past. It will perhaps all be gathered by the time the schools begin. Men who prided themselves on being pickers in the years gone by have fallen down on the job this year. The shorter the picker the nearer to

the cotton he can get. One man claims he held the cotton of 53 boils in one hand while he picked with the other.

Bill and Jim, two negroes, were discussing the war problem and having soon to go themselves. I am asked Bill if he could explain to him this goin' over the top. Bill said, "Yes sir, Jim, dat am easy 'splained. It means when you go down in dem ditches it is farewell ya'n world and den it's howdy Jesus." Jim said, "Dat am plain enuf now."

Awake ye correspondents, why so silent when Bro. Bob asks for the news? H. C. COBB.

### COTTON SEED PRICES

District and County Food Administrators:

As you have already been advised in Circular Forty, the margin to cover expenses and profit of seed merchants and ginters has been fixed at \$3.00 per ton. Recent advances in the cotton seed market make it necessary for the Food Administration to see that this rule is complied with.

We have instructions from Washington to have seed dealers pay back farmers, all excess over profits allowed in Circular Forty.

Please give publicity to this and report to me any violations of Circular Forty, or other cotton seed rules, or any refusal to refund according to this instruction, which may come to your attention. Yours very truly,

R. F. CROW,  
Asst. Federal Food Administrator for Texas.

I was feverish and restless most of the time and never knew what it was to get a good night's rest. I was almost a perfect wreck. I tried dieting and living on liquid foods until I was almost starved, but nothing did me any good.

"I started taking Tanlac and by the time I had finished my second bottle, my appetite had increased until I was able to eat just anything I wanted. I had gained thirty-three pounds in weight—had gone up from sixty-six to ninety-nine pounds in weight—and was feeling better than in a long time. I am now doing all my house work and even some of the washing. I feel that I owe my life to Tanlac."

**Farewell Social**

At the pretty home of Mr. and Mrs. W. H. Trent the "Merry Wives" club gave Mr. and Mrs. J. D. Brown a farewell party. Sunflowers were used in elaborate effect, black and yellow showing everywhere in festoons and streamers. Crystal baskets were reserved at frequent intervals for the richest of summer offerings from the flower gardens.

"42," the chosen diversion, was enjoyed until a late hour. Then the president, Mrs. O. H. Yarborough, in appropriate words presented the honoree with the register book, which contained words of love and friendship. The book was artistically decorated with sunflowers by one of the members, Mrs. J. A. Gillespie. The refreshment plate consisted of apricot cream, chocolate cake and a sunflower.

Those participating were: Messrs. and Mesdames, J. D. Brown, O. H. Yarborough, C. M. Burch, D. A. Trent, J. A. Gillespie, Walter Fairman, W. H. Trent. Guests: Dr. Buel Hearne of Lampasas and Mr. Will O. Caldwell of Temple.

**Sugar Sales.**

I have been advised by Mr. Peden, federal food administrator for Texas, that there will be no more certificates issued for sugar sold for preserving purposes, no matter whether sold in June, July or August. It was thought during July that certificates would be issued to cover this sugar, but the allotment for the state was so materially reduced that it was found impossible to do this.

A Little Sound Advice Will Help Many a Sufferer in Goldthwaite

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may follow. This is often the cause of bearing-down pains, lameness, backache, etc. Urge poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pains.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Goldthwaite woman tell of her experience.

Mrs. Claude Dickerson says: "I have great confidence in Doan's Kidney Pills, as I have used them and they have benefited me greatly. I gladly recommend Doan's Kidney Pills, as I believe they will give good results to anyone who needs a kidney medicine."

CURE FOR DYSENTERY

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." For sale by L. E. Miller & Son. (adv)
