The Rule In Force.

The War Industries Board order has now become effective in every way and a publisher has no option as to obeying it. Therefore, it has been the Eagle's disagreeable duty to drop from its subscription list the names of several good people whose friendship we prize and whose patronage we appreciate. We trust these names will be restored in the near future, for we hope and believe the failure to respond to the notices sent out has been a matter of oversight, but we can not violate the Board's order and risk having our supply of paper shut off and other penalties inflicted. We trust those whose names have been dropped will understand that the action was not that the Eagle feared to trust them, but that the Board's order is as binding on a publisher as is the sugar order on the merchant.

Mrs. Harry Martin, who is telegraph operator for the Santa Fe at some place in western Texas, was a passenger on Tuesday night's train en route to Houston, to visit her husband, who is at work in the ship yard there. She was joined here by Miss Lillie Martin, who accompanied her to the Bayou city for a visit.

Mrs. Geo. Ross and children left this week for their new home at Oilton, Okla., where Mr. Ross is employed in the oil business. This good family have many friends here who sincerely regret their departure and wish for them the best of fortune.

Judge Robert Weaver left the first of the week for Brownwood to enter military training at Howard Payne college. M. N. Brinson is looking after the business of the judge's office, but will continue his insurance business with it.

KILLED IN BATTLE.

A Mills County Boy Gives His Life For the Cause of Humanity.

Luther W. Russell of Ebony, son of Mr. Meek Russell, was the first Mills county boy to lose his life in the battle with the dreadful Huns, so far as the Eagle is informed. A large number of our gallant young men are now and have been for a long time engaged in the mighty conflict against oppression and savagery and the casualty lists are watched with interest and care by all the people, who sincerely sympathize with the relatives of the young man whose name was the first to appear in the list.

Luther Russell was about 23 years of age and was indeed a fine young man. He was unmarried and lived with his parents at the family home at Ebony up to the time he entered the army. He was wounded in battle some months ago and it is supposed he had recovered from the injuries and returned to the front when he met his death.

Rev. W. G. Callihan has been appointed county chairman for the sale of Liberty bonds and is making a vigorous campaign. No better man could have been selected for the place.

All of the old soldiers who attended the reunion at Tulsa, Okla. have returned and report a most delightful meeting and hospitable entertainment.

Grady Wallace, who has been at work at Lee Hall, Va., for some time, came home the first of the week to recuperate from a spell of sickness.

J. A. Harris, banker and farmer of Indian Gap, was a business visitor to the metropolis one day this week.

Farmers' Work Day

Since the beginning of the war the requirements for farm hands has been greater, although laborers in munition plants, on government works and in railways, telephone and other industries under government supervision have been given increase in wages and shorter working days. Although farming is the fundamental business of this country and of paramount importance in winning the war, farmers have had greater hardships in labor and in meeting the competition than other occupations. While men in what is considered essential war industries work six or eight hours a day and get extra for over-time farmers must work 10 or 14 hours or lose some of their products.

The unfair part of our industrial system is that drouth, insufficient labor and extortion on the part of some reduces the buying power of farmers' products. A bushel of wheat, a bushel of corn, a bushel of oats, or a bale of cotton while bringing more than before the war do not now go very far when farmers must buy their necessities or when they calculate the value of their labor in making a crop.

If production is to be maintained, as our safety in war demands, agriculture must have more consideration. We must give more encouragement to those upon whom we are to depend for food—Farm and Ranch.

H. L. Stuck has returned from a visit to Harrah, Okla. He thinks the Oklahoma country is mighty fine, but of course he is glad to get back to good old Mills county.

Rev. H. W. Green, one of the Eagle's appreciated friends of the Mullin section, was a business visitor to this city last Saturday.

Dr. J. L. Herrington of Mullin transacted business in this city Wednesday.

Miss Lizzie Watson of Moline visited in this city the early part of the week.

When you have out of town visitors or know any other local items tell the Eagle.

S. T. Wells was here from Brownwood Wednesday, looking after business matters.

Mrs. L. E. Milier returned Friday night from a visit to relatives in Lampasas and Austin.

J. H. Christie of Indian Gap country looked after business in this city one day this week.

J. M. Hancock of the Moline section looked after business in this city the early part of the week.

Fred Pollard has returned from a visit to Houston. His brother Frank has a good position in the Bayou city and expects to remain there some time.

Today has been designated by President Wilson as a day for universal celebration of liberty in America. It is a good time for those who have not bought a Liberty bond to do so.

Henry Martin and wife were called to San Antonio Monday to attend the funeral of their nephew, who died of pneumonia in the army training camp at Boston. The friends of the bereaved family deeply sympathize with them.

It is pleasing information to the friends of Hugh McCullough and Maurice Stephens to know that they have been promoted to officer's rank the first as sergeant and the latter as corporal. Mills county boys always make good.

BUY 4TH LIBERTY BONDS AND HELP OUR ARMY MARCH ON TO BERLIN

STAR SIFTINGS

By Our Regular Correspondent

We were taught, whatever we undertook, to do our very best and that anything worth doing was worth doing right. This accounts for our effort to have Star Siftings answer the roll call this week. Several busy days have caused our attention to be called from all that is transpiring hereabouts, so this is our best efforts under the circumstances.

Wednesday was "funeral day" for the ginning season. Unable to give total number of bales ginned this season for the immediate district.

A letter announces the departure for France of Prof. I. B. Lee, one of our last year's teachers.

It appears that the drought is as hard on the health as it is on our dispositions.

The following lads came in the latter part of last week from their coast country work and departed Sunday for the Fannin county section to pick cotton: Tull Wright, Herbert and Farris Waddill and Audrey Gent.

Goza Bell of McGirk was a Monday business visitor, preparing for the opening of school, which will open Monday week with Miss Sedie Owens of Center City in charge.

R. H. Patterson during the week is attending the bedside of his father, Judge A. V. Patterson, who is critically ill in New Mexico. Later—A message announces his father's death. He will be buried in New Mexico. Again that messenger of sorrow touches our lives.

We are unable to give that interesting letter from the Front this week, but have heard from the following boys: Elvis Morris (is held in waiting for the front line trenches and has enjoyed several visits in France. Comments on St. Michael cathedral and the wonders of ancient architecture there). Arch Adams (Also enjoyed a pleasure trip and that which impresses him is the quantity of wine—wine everywhere for everybody, but say—"You don't want to drink too much of it"). Doran Henry, Chas. Stephan, Orvil Moore, Curd's Clery and Frank Gumbert. Each are waiting the call to go "over the top."

Dee Slaughter is at home from Houston shipyards on account of the serious illness of his sister, Miss Arie.

Mr. and Mrs. L. H. McPherson of Pottsville were appreciated visitors at the home of Mr. and Mrs. John Tubb Sunday.

With mental and physical gyrations a miserable failure to get that "see-'em-everywhere" car to crank, it is reported that Fred Baker resorted to the buggy horse and was hauling it around to get "something going" when the mail carrier (R. C. Campbell) came upon the scene and hinted that perhaps the switch was not switched. So "bean it" and Fred said "I swear." Bill Jaccas is next when "Uncle Jackie" and Bob Poe come together they are sure

to get their names in the Sifter.

Webb Hill of Brownwood came in about 10 p.m. and when he found out we were doing the sifting he 23ed it. He is at home preparing and planting his fall crops.

J. D. Tuminson, our postmaster, was a flying business visitor to Brenham, Texas, last Saturday.

Pen Soules took time by the forelock and made an auto business trip to Lampasas Tuesday.

Ollie Hamilton, our general garage master mechanic, returned from Houston, leaving the labor field there much in idleness on account of shortage in material.

Bruce Roberts was forced to return home from his work in Collin county on account of his health. We hope for his recovery at once.

Lula Peck is mentioned on the sick list, but we hope not seriously so.

A Liberty Loan rally is called for Thursday night at the school building, with a good speaker.

Several of our Defense Council responded to the Goldthwaite call of a general Defense Council meeting.

Miss Una Jones, special nurse to Miss Arie Slaughter, returned to her home in Temple Saturday.

Stew Menning and Roy Payne left Thursday for Lampasas with a supply of wheat and maize to be milled for bread. Reports on "excellent."

With only the quorum left (the business nine) the Sifter has a hard time keeping Star alive. Nearly everybody away at work.

When Miss Jones left for her home, Miss Arie Slaughter was considered out of danger. Sunday her condition became alarming and at present all are awaiting with hope and anxiety for her to win the battle against the dreaded typhoid, and everything possible is being done to aid her in her fight for recovery.

Miss Una Jones was recalled to attend Miss Slaughter, but could not return on account of receiving a call for Red Cross service in France. However, an efficient nurse was secured and arrived Monday night.

We are glad to hear that Jake Roe is able to sit up and stir around a while.

We regret our absence from the Baptist fifth Sunday meeting, for all report the sermons were exceptionally interesting.

Mrs. C. D. Burney and son Grade report a pleasing opening of the Center City school. We are sure the patrons will be pleased with the selection of teachers.

J. C. Street and Lindsey Ashley were Thursday visitors, assisting in arranging for the 4th Liberty Loan drive.

Mr. and Mrs. Hill Wright rejoice in the arrival Thursday morning of a future queen of their household.

Miss Kathryn Burney left Sunday for Big Valley to take charge

of the school, which opened on Monday.

The cream market is soaring—54 cents per pound.

O is Knowles returned home from the Ranger oil field and is on the sickly list. He will remain here to look after his fall work.

H. C. Cornelius and John Wells of McGirk are at Lampasas having their wheat milled for winter use.

Miss Eula Campbell returned last night from Snyder, where she has been attending school.

Through some unknown source a report that the Thursday night Liberty Loan rally would not take place caused a slim audience to greet Rev. Callihan of Goldthwaite, who came out to address the people. We understand Monday will be made Liberty Loan day in connection with the opening of the school. Every one will be expected to be present.

Daughter No. 21 arrived at the home of Mr. and Mrs. Ollie Manning Thursday evening.

Audrey Gent returned home yesterday morning quite sick.

The sandman is coming, so this ends the week's "doins."

WITH THE COLORS

Editor Eagle,

If you will allow me the space in your paper, I will try to write a few lines. As I have many friends and relatives in Mills county that I have promised to write to, I think it will save time by just writing the Eagle. I am sure my letter will reach them all that way.

I have been in Camp Travis a little over a month and like army life so far very well, but I think I am just like the majority of the boys—we don't want out of the army until the kaiser is whipped. Then we will be happy to return home again and back to civil life, but we want the kaiser whipped—and a good job done of it—first.

There were two more boys besides myself left Goldthwaite on the 27th of August. We were together here about a week and then they separated us, putting us one in a place. We are not very far apart and all three in the new division they are forming here, which is named the Eighteenth or Cactus Division.

Eugene Lucas and I were together last night, but I haven't seen Walker Wigley for over a week. However, I am sure he is getting along fine. I saw some of the Regency boys the day they landed here, but I don't know where they are now. It is a hard thing to do—just keeping up with the boys you know here in the same camp. I saw Charlie Boyd yesterday morning. He had his belongings together and was leaving here, but didn't know where he was going. So you see they don't tell a fellow much.

I see in the papers where Bulgaria has surrendered. I am getting uneasy about us boys now

You'll Fight For Your Home

if it is threatened with invasion by human foes—wont you fight to keep out cold, storm, insect pests and other harmful enemies?

EVERY home is in need of some repairs or improvements at this time—a sleeping porch, a new floor in the living room, a covered veranda, a new roof, built-in closets—somewhere there is a real need to start a fight, big or little, to make your home more livable and comfortable.

Fortify Yourself With Good Lumber!

We have it, subject to your order. And you'll be surprised to find how little you spend to get an ample supply of sound, durable, dependable Southern Pine or other ammunition to fight off discomforts, inconveniences or health dangers that threaten your home.

Remember "Preparedness"—Arm Yourself Today!

Mullin.
 We uns and U'uns:
 If we uns had what u'uns have
 the wool would fly and this old
 world of conglomerated compli-
 cations that are now diverting
 our minds from our should be
 happy surroundings to that of
 war and general dissatisfaction,
 with calls for money, etc., etc.
 We'uns would certainly let fly
 our accumulations and ill-gotten
 gains to show u'uns that this old
 world was not made altogether
 for a special few. These thoughts
 carry with them just about as
 much help and consolation to the
 already foot sore, battle scared
 soldiers and those who really need
 our help as much of the talk put
 up by the slackers. When we
 stop and give one of these slaek-
 ers a real square look in the face
 our feelings of pity are touched,
 as we read the greedy, selfish,
 narrow contracted, drawn lines
 that tell of ignorance that has
 grown into actual realities and
 shut off from the mind every-
 thing but his own little self that
 sees nothing but poverty and
 starvation if he should turn loose
 a part of what the good Lord has
 so wonderfully blessed him with
 to help feed the men who are
 standing behind the guns to keep
 a barbarous foe from putting his
 heel of the neck of his fellows.
 Shame on such a poor narrow
 contracted man, and yet he de-
 serves the pity of those who have
 a broader vision of life. Poor
 thing! How that little soul, as
 it rattles in the compass of a mus-
 tard seed must quake and trem-
 ble as its master looks on in
 wonder as others give liberally
 of their means to protect him, his
 family and his home. Some say
 make it hot for such and wait
 until the boy with armless sleeves
 and legless pants comes home and
 shake these sleeves and pants at
 them and say: "I lost these
 limbs for you that you might stay
 at home, make and count your
 dollars and enjoy life at my ex-
 pense, while I go crippling thru
 life the rest of my days.
 Now, fellow citizens, get your
 magnifying glasses and if possi-
 ble draw a bead on this little
 scrap of humanity, get his true
 size and general standing and
 then I think you will be so moved
 by his little diminutive size you
 will feel more like telling the
 soldier boy when he returns to
 please not step on the little thing
 when he comes across him, for
 he is one of God's little things
 irresponsible for no better way
 of doing things.
 Mr. Editor, I try to be for the
 bottom dog and if a slacker at
 this stage of the game is not the
 under dog, where will you find
 one? So let us tread gently around
 his little kennel and not awake
 him from his dreams of self and
 niggardly clamoring for another
 dollar to call his own.
 Unless we th/ght we could

arouse the little soul and get it
 big enough to burn, had we not
 better let it stay as it is? We
 think there only a few of these
 dwarfs and we may need them
 or something like them to tie on
 to the tail of the big parade when
 the boys come marching home.
 If any reader of this article
 knows of one of these slackers,
 please don't tell the writer and
 the general public about them,
 we are looking for bigger game.
 Everything quiet on the Po-
 tomac.
 J. R. Clark is on the sick list,
 also Miss Nellie Kirkprtrick is
 sick.
 Every section hand took one or
 more Liberty bonds and yet the
 man with his hundreds of dollars
 and acres has not. Why, oh
 why will men of means do this
 way? Well, there's a great day
 coming bye and bye and where
 will the slacker be is the query
 of H. C. C.
**SUGAR FOR USE IN
 TEACHING CANNING.**
 The question has been asked
 the Federal Food Administra-
 tion for Texas by various per-
 sons whether schools teaching
 Home Economics will be provid-
 ed with sugar for lessons in
 canning at the opening of the school
 year, when these lessons are
 usually given. Administrator
 Peden is assured by the Sugar
 Division of the U. S. Food Ad-
 ministration that this sugar will
 be provided through the usual
 channels of sugar distribution.
 This means that persons wish-
 ing to purchase sugar for teach-
 ing canning in departments of
 Home Economics of our schools
 and colleges, may apply to the
 Food Administrator for each
 quantity as they need for that
 purpose. It is urged, however,
 that teachers will make it a part
 of instructions to can with no
 sugar, or with little sugar, and
 with substitutes.
**AMENDED RULES
 ON GREEN COFFEE.**
 The Food Administration has
 amended the regulations govern-
 ing green coffee. Hitherto the
 dealer has been permitted to
 average spot coffee with coffee
 in transit or which he had ar-
 ranged to ship from the country
 of origin. The new regulation is
 as follows and changes Rule 1:
 Rule 1: Licensees entitled to
 reasonable profit. The licensee
 in any sale of green coffee shall
 take no more than a reasonable
 profit over the cost of the par-
 ticular coffee sold, provided that
 any sale of spot coffee shall be
 made at not more than a reason-
 able profit over the average cost
 of his entire stock of spot cof-
 fee. Each growth of coffee shall
 be averaged separately. This
 amendment applies to all sales
 made after September 11, 1918

TO ARMS CITIZENS

The immortal words of the French battle for freedom ring out again today to the American nation.

We are called upon to take up arms and go to the death - if need be - for freedom, justice and those things that make life worth living.

In this profound crisis is the test of citizenship.

The highest form of duty is to fight with our armed forces - to have enough to eat, enough to wear, a few dollars in your pocket, and to vote the balance of your earning power for the life if need be - as an offering to your country.

The next best form of duty is to stay home and produce - allowing yourself enough money to purchase the bare necessities and to conduct business, essential to the war effort, and to devote the balance of your earnings to your country in the form of subscription to Liberty Loans.

One or the other duty you must assume.

If you can bear arms you will do so.

If you are unable to bear arms you will supply the money and material for those who will enable them to bear your arms for you.

PUBLISHED EVERY SATURDAY
ONE DOLLAR PER ANNUM
Entered at the Goldthwaite post-office as second class mail matter.
R. M. THOMPSON, Editor
All energies should be exerted toward the sale of the Fourth Liberty Loan bonds. Every citizen should be interested and every one should help to raise the county's quota.

Friends here have learned that Vernon Watson, formerly of this city and later of El Paso, is now corporal in the army and is in France. Like all Mills county boys we know he will make good.
Following item from Camp Travis is pleasing to the many friends here of the popular young man named therein: Private Dow Hudson of Regimental Infirmary, 86th Infantry, passed the examinations for the central officers training camp and is expected to leave in a short time for training. We congratulate him on this splendid move, and trust he will soon be a commissioned officer.

Mrs. Ethel Keith and daughter, Miss Grace, were pleasant callers at the Eagle office Saturday. Mrs. Keith has been elected to a position in the school at Baird and the family moved there this week. Their many friends here wish for them the best of fortune and hope for their return to Mills county when the school term ends.
Mrs. John Hudson left Tuesday for her home at Round Rock, after a visit to her son, Lewis Hudson, and his family in this city.
Mrs. Guy Rudd and Miss Irene Bledsoe were pleasant callers at the Eagle office last Saturday.
See me when you need gasoline, lubricating oil, etc. - A. E. Evans.

A PERSONAL MESSAGE FROM OUR PRESIDENT

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential circumstance. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

Woodrow Wilson

The Goldthwaite Eagle

Saturday, October 5, 1918

Statement of the Ownership, Management, etc., required by the act of congress of August 24, 1912, of the Goldthwaite Eagle, published weekly at Goldthwaite, Texas, for October 1, 1918.

State of Texas—County of Mills:
Before me, a notary public in and for the state and county aforesaid, personally appeared R. M. Thompson, who, having been duly sworn according to law, deposes and says that he is the editor, publisher, business manager and owner of the Goldthwaite Eagle and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and regulations.

1. That the name and address of the publisher, editor, managing editor, and business manager is: R. M. Thompson, Goldthwaite, Texas.

2. That the owner is R. M. Thompson, Goldthwaite, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities: None.

4. That the two paragraphs next above, giving names of the owners, stockholders and security holders, as they appear upon the books of the company, but also in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation the name of the person or corporation for whom such trustee is acting is given; also that the two said paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and condition under which stockholders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds or other securities than so stated by him.

(Signed) R. M. THOMPSON,
Sworn to and subscribed before me this 26th day of September, 1918.
(Seal) J. C. DARROCH,
Notary Public—Mills County, Texas.
Commission expires June 1, 1919.

Mrs. John Bradley and little daughter of Roscoe visited the Street family for a few days and were joined by Mr. and Mrs. Street and Miss Lucille for an auto trip to Austin, where the little girl was placed in school.

ENDORSED AT HOME

Such Proof as This Should Convince Any Goldthwaite Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. Following statement given by a resident of Goldthwaite adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Mrs. W. Taylor, Goldthwaite, says: "My kidneys were inactive and annoyed me greatly and I suffered from spells of backache. I used Doan's Kidney Pills which I got at Clements' Drug Store, and they regulated my kidneys and relieved the pain in my back. I have every reason to believe Doan's act just as represented.

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Taylor had.

Shells and Pits

District and County Administrators:

Many of the county administrators have requested these headquarters to advise disposition of nut shells and fruit pits upon collection. We are today in receipt of the following telegram from the Southwestern Division of the American Red Cross by which the county administrators will be governed:

"Your wire Simmons September 28th received. We have Red Cross organization in every county in Texas. In west are about a dozen thinly populated counties that are attached to others for organization purposes, it will therefore, be possible for collectors of fruit pits and nut shells everywhere in State to get in touch with some Red Cross representative conveniently situated."

Please aid us in giving this information wide publicity.

Yours very truly,
JOHN H. REAGAN
Director of Education.

Send the children to Clements Fountain for prompt service. (adv)

We save you money on your window glass—Mullan's Variety Store.

School tablets big ones five cents at Miller's drug store. (ad)

A Fatal Accident

Louis Curtis, who made his home in this county for a long time and moved from here to Miles some years ago, was accidentally killed at Humble by being run over by an automobile. The accident occurred Tuesday of last week, but he lived until Sunday afternoon. He was riding a motorcycle and when he saw the automobile approaching drew to the side of the road, but his motorcycle was struck by the car and the result was fatal to him.

Mr. Curtis was a nephew of Mr. J. A. Curtis of this city and a brother of Messrs. Henry, Atlas and Joe Curtis, jr. He is kindly remembered by many friends in this county and throughout this section and his death was universally regretted. His remains were brought here on Monday evening's train and carried to Regency for burial Tuesday.

Mr. Curtis leaves a wife and two children, who with the other members of the bereaved family, have the undivided sympathy of everybody.

Roasted Coffee

District and County Administrators:

The following telegram has been received from Washington: "While opposed to a general advance in price of roasted coffee to consumers, the food administration will permit, where necessary, on bulk roasted coffee an advance sufficient in price to insure roasters a profit in cents per pound equal to their pre-war profits. Owing to elimination of expensive packages and consequent saving on this item, it is assumed that an advance on package coffee is not warranted. Full statement satisfactory to the food administration will be required showing advance on bulk roasted does not exceed pre-war profits, and is warranted in each particular case. Give this wide publication to the trade generally. Releasing to papers here for Wednesday morning."

Yours very truly,
E. A. PEDEN,
Federal Food Administrator for Texas.

An immense congregation assembled at the Baptist tabernacle last Sunday night in honor of Rev. W. R. White, pastor of the church, who was to leave the next morning for Camp Taylor, Ky., for a five weeks training course preparatory to taking up the work of chaplain in the army. He is expected to return here at the expiration of his training course to await assignment to duty.

SEVEN POUNDS OF FRUIT PITS TO SAVE SOLDIERS FROM GAS

Nationwide Campaign Begun to Save Pits for Making Carbon to Go Into Gas Masks—It's Up to the Housewife This Time.

Invoking the same patriotic spirit of conservation that saved millions of bushels of wheat and immense quantities of meat, sugar and fat for export to our army and the allies, the Food Administration is calling up on its organizations throughout the country to stimulate saving of fruit pits and nut shells from which will be made a high grade of carbon for gas masks that will withstand the ravages of German poison gas.

Federal Food Administrators in all States have been asked to further local campaigns of the Red Cross, which is acting as collecting agents and forwarding the necessary materials to points of utilization. County Food Administrators will be useful in outlying territory to line up householders, canners, hotel and restaurant men and members of fraternal and social organizations that can act as units in the campaign.

Canners and packers of fruits and others who have pits in large quantities to send in may communicate directly with Lieutenant W. M. Jackson, Chemical Warfare Section, United States Army, 19 West 44th Street, New York City, advising the quantity they have available. Shipping instructions will be forthcoming at once.

The need for everybody to save every possible bit of material and send it in promptly is emphasized on the fact that it takes two hundred peach pits, or seven pounds of shells, to furnish enough carbon for one mask that may save the life of an American soldier. Only the following material can be used: Peach, apricot, prune, olive, date, cherry and plum pits and Brazil, hickory, walnut and butter-nut shells.

America sent 141,000,000 bushels of wheat to Europe from the 1917 crop, when practically no surplus was available. What was sent was what was saved by the voluntary co-operation of the people. A slice of bread here, an ounce of flour here. This is the spirit that is expected to make the anti-gas drive as successful as the wheat-saving campaign.

Hamburgers made right and taste right at our place.—W. A. Richards.

A Test of Endurance

Just now when men and women are toiling to meet the obligations of war it would seem that no word should be spoken that would encourage one to relax or to lose the least interest in striving for economy and efficiency. Heaven knows that every true American is far from any hint or suggestion that would relax our diligence. But we cannot afford to forget the moerow. We must take thought for it. The war will not be won today, nor is peace likely to come before the harvest. We must think of tomorrow, of sowing as well as reaping. We must prepare for endurance and not be forced to relinquish our determination for victory.

The contest is already on endurance. That a stage is reached when the enemy is desperately hoping a favorable decision by a sudden and brilliant dash our military leaders are practically agreed. But they are also very hopeful if not confident that victory will come from endurance, fortified by increasing determination and sacrifice of Americans.

The man in the field, the factory, the store, the bank, and women in the home will be the measure of our military strength. Courage, fortitude and efficiency will win. But not until endurance wears out the enemy and overcomes his insatiable lust for power. We must conserve our strength and every day increase in efficiency for the task that lies ahead.—Farm and Rauch.

WANTED: A large number of unskilled laborers to entrain Wednesday and Saturday mornings for the U. S. Air Nitrates Corporation Plant, Muscle Shoals, Alabama. Transportation and meals enroute free; board, \$5.25 per week at the plant. Free hospitals to care for the sick or disabled. Bear in mind this plant is necessary to push to the earliest completion for the sake of furnishing needed explosives for the conduct of the war. Laborers must be had at whatever cost. Further information can be had at U. S. Employment Office, Goldthwaite, Texas. (ad)

4th LIBERTY BONDS

McKinley Bros. & Jones will take Liberty Bonds in payment of accounts or for purchase of goods. (ad)

Mrs. Stuck of North Brown community was in the city shopping Tuesday and called at the Eagle office.

If you want to buy housekeeping outfit or one piece of furniture we will be glad to supply you at pleasing prices.—Bodkin, Hurdle & Co.

Mrs. Haney returned to her home in eastern Texas the first of the week, after a visit to Mr. J. I. Haney and family.

If you owe us an account we can use a Liberty Bond in the payment; also in payment for goods.—McKinley Bros. & Jones.

R. V. Littlepage and his wife and baby returned Wednesday from an automobile trip to points in western Texas. He visited the Ranger oil field while away and made some investments which the Eagle hopes will make him a millionaire.

A report was in circulation in this city yesterday that Lem Sellers had died in the army camp in New Jersey, but investigation proved the report to be erroneous. A relative of the family from Oklahoma is reported to have died and it is likely the similarity of names caused the distressing error.

Messrs. L. E. and R. H. Patterson returned Thursday night from Estancia, N. M., where they were called on account of the illness of their father, Judge A. V. Patterson, who died Tuesday of this week and was buried at that place Wednesday. Judge Patterson was a pioneer of this section and made his home at Center City until a few years ago, when he moved to Sterling City and from there to New Mexico. He was a man of high principles and stood well with all who knew. The announcement of his death was received with sadness by the many friends of the family in this county.

Worn Out?

No doubt you are, if you suffer from any of the numerous ailments to which all women are subject. Headache, backache, sideache, nervousness, weak, tired feeling, are some of the symptoms, and you must rid yourself of them in order to feel well. Thousands of women, who have been benefited by this remedy, urge you to

Cardui

The Woman's Tonic

Mrs. Sylvania Woods, of Clifton Mills, Ky., says: "Before taking Cardui, I was, at times, so weak I could hardly walk, and the pain in my back and head nearly killed me. After taking three bottles of Cardui, the pains disappeared. Now I feel as well as I ever did. Every suffering woman should try Cardui." Get a bottle today. E-68

DETROIT WOMAN'S LONG SEARCH HAS BEEN REWARDED

In The Years She Suffered Nothing Relieved her Until She Took Tanlac—Five In Family Praising It

"When my wife showed a gain of six pounds on her first bottle of Tanlac, another member of my family started taking it and now there are five Tanlac boosters at my house," said Will Prentiss who lives at 135 Porter Place Detroit, Michigan.

"For several years," he continued. "My wife suffered terribly from stomach trouble of the worst kind. She had no appetite and what little she forced herself to eat, formed gas that kept her constantly belching up sour, undigested bits of food and made her miserable night and day. Her head ached most of the time, she was too nervous to sleep well at night and felt tired and worn out in the morning.

"After trying many other preparations searching for something to relieve her, I finally got a bottle of Tanlac and she is like a different person already. She is entirely relieved of that trouble, her headaches and nervousness are gone and she sleeps like a babe all night. She says she feels better than she has in a long time, and she sure looks it."

Tanlac is sold in Goldthwaite by L. E. Miller & Son. (adv)

Fifth Sunday Meeting

The Mills County Baptist fifth Sunday meeting met with Star church Sept. 27 to 29 inclusive. As G. W. Jackson, moderator of Mills county association, was not present, J. R. Davis was elected moderator pro tem and the regular routine of business of the meeting was started off.

Rev. C. H. Miles preached the introductory sermon, which was full of feeling and admonition. You always hear something good when Bro. Miles takes the pulpit.

The attendance was not large, but the good feeling and ready response from those present made the meeting a decided success. Some were not there whose name was on the program, but all subjects were ably discussed by those present, which showed the program one of unusual interest.

Bro. Hillsman and family of Brownwood came down Saturday afternoon and enlivened the meeting with fresh interest and enthusiasm. Bro. Hillsman is a teacher in the Howard Payne college and came in the interest of the school. He preached two very able sermons, one Saturday night and one Sunday at 11 a. m. to a large attentive congregation.

Sister Hillsman district secretary of the B.W.M.W., held a very interesting meeting for the ladies Sunday at 3.30 at which hour she addressed the ladies on women's work and assisted them in organizing a Ladies Aid Society.

The men at the same hour under a near by shade tree held a workers conference in which was discussed ways and means of supplying the weak churches that do not feel able to call a pastor with preaching until the present crisis is over and to further complete the plan of the same it was decided to call a meeting, at a near date, of all the Baptists interested in the foregoing plan and especially the Board Members and preachers of the association, the call of which meeting will be in the next issue of the Eagle.

If there should be any doubting Thomases as to the ability or inclination of the good people of Star community to take care of their guests in good old fashioned style let them attend the next Fifth Sunday meeting at Star and their conversion will be as genuine as Saul of Tarsus.

NEIGHBORING NEWS

Items Culled From The Leading Local Papers. LAMPASAS

There were 235 bales of cotton ginned in Lampasas county prior to Sept. 1, 1918, as compared to 119 bales Sept. 1, 1917. Mrs. L. E. Miller of Goldthwaite was here Friday, the guest of Mesdames W. R. Moore and Frank Longfield. She was en route to Austin to visit relatives. Married on Sept. 19, 1918, at the residence of the Misses Ruggley, Mrs. Sallie Rampey of Burkville, Ala., to Mr. Arthur Low of Brownwood, Rev. Perry officiating. They left immediately for Brownwood, where they will make their home. The body of Guy Bostick, son of J. E. Bostick, was buried at the Rock church cemetery Sunday. Mr. Bostick and his boys left home about two weeks ago for Wharton county, where they were to pick cotton, and the son was taken sick while on the road. It was thought that something he ate poisoned him and on last Saturday they started home with him and he died in Temple. Guy was about twelve years of age.—Leader.

HAMILTON

Mr. and Mrs. W. H. Sherrill expect to leave Hamilton about the middle of October to take their residence again in Tennessee their native state. Sunday morning the Methodist parsonage at 6:30 o'clock. Kern and Miss...

Registered in September 12 of 18 to 45 in these, of course, the 21 to 31 age already registered under the old law.

Send in your subscription to the Herald, and don't miss a copy. The War Industries Board has taken charge of the papers to the extent of prescribing the rules by which the papers shall be sent to subscribers, and we must obey them.

J. T. James returned Sunday from an extended trip through Albuquerque, New Mexico, where he spent several days. He visited Los Angeles, San Francisco and other cities on the Pacific slope. George Chastain is the first Hamilton boy enlisted in the service of his country as an American soldier who has died and his remains sent home for burial. This young man was at Camp Dix, New Jersey, and would have doubtless soon been sent to France to take his place in the front of battle had not death overtaken him. He died in the base hospital of the training camp last Monday, the 23rd, of pneumonia.—Herald.

LOMETA

Ed Standifer was here from Mills county yesterday. Earl Reed and family have moved to Houston, where they will make their home for a few months.

Dudley Smith has been in town this week in response to a message announcing the serious illness of his sister.

Lometa country was drenched with a good rain Wednesday with the precipitation varying from one-half an inch to over two inches. A heavy rain is reported from Bend and Nix communities.

Captain E. M. Davis and Lieutenants Skaggs and Fields left Lampasas the first of the week for Leon Springs, where they will take a month's training. Messengers at Lampasas are now in possession of First Sergeant Nelson.—Reporter.

COMANCHE

J. J. Allen of Belton spent over and Tuesday in Comanche on business.

Palmer, assistant cashier of the State bank, has been in town with them. The cashier of the bank, Mr.

George Hulsey will take his place in the bank here.

Any person desirous of erecting new buildings must secure a permit from the National Council of Defense, according to a ruling just sent out. No matter what class of building it may be, whether a residence, business house or storage house, the same rule applies.

The "work or fight" order will be put into effect immediately in Comanche. This was decided last night at a joint meeting of the County Council of Defense and the Comanche County Labor Board, to which there had also been invited, and were present, Mayor Eanes, Sheriff Miller and other citizens connected with various government activities. The gist of the entire meeting was that men in Comanche who are without employment, who have no visible means of support, or who are engaged in non-essential pursuits, must at once comply with the government regulations as to employment, or pay the penalty of being put in class one and be subject to immediate call for military service.—Chief.

SAN SABA

Mrs. Homer Bryant returned this week from Fort Worth, where she had been the guest of relatives.

The city commissioners at their meeting last Saturday night selected A. V. Riley as mayor to succeed Capt. W. A. Webb.

D. S. Webb left yesterday for Bay City to join his father, W. S. Webb, who we are glad to learn is doing nicely in his new home.

There were 723 bales of cotton ginned in San Saba county from the crop of 1918 prior to Sept. 1, 1918, as compared with 110 bales ginned to Sept. 1, 1917.

Yesterday afternoon about six o'clock, this place was blessed with a small shower of rain, sufficient to settle the dust. On the hill south from town the wind acted like a miniature cyclone by overturning Newt Estep's garage and lifting the top off of his barn, and piling the contents of the editor's sleeping porch.—Star

COST OF PRODUCING FOODS

Living cost for those who live on farms and produce most of their food products is not heavy and little thought is given to it. But it is a fact, nevertheless, that the living cost is an item and a factor, even when most of the foods are raised on farms.

It takes labor and capital in productive farm implements and machinery to produce foods. Everything the farm yields costs money in labor, time and deterioration of equipment. For this reason, it is desirable to keep a record of the products used, with a view of recording the yield of the farm and so that the producer may know what his crops are yielding and the cost of production.

When most of the foods are raised on the farm there is considerable saving not only in dealer's profits, selling these necessities back to farmers, but in hauling to market and bringing the products back to the farm, and the time required to sell and buy. Labor is a far greater factor in farming now than when it was abundant and cheap. Whether the farmer does all of his own work or must hire a portion, labor cost must be reckoned, and every crop and animal produced represents a certain cost in labor and capital.—Farm and Ranch.

BUSINESS NOTICE

I shall be absent from the county for a few weeks. During my absence Mr. M. N. Brinson will be in the office and will attend to all matters arising and attend to the duties of the office in every way, so long as my leave of absence lasts. Mr. Brinson has full authority to act in my stead. Sincerely, ROBERT WEAVER, County Judge.

COUNCIL OF DEFENSE

County Meeting Hld Here Tuesday Afternoon Largely Attended

The county meeting of the Council of Defense was largely attended Tuesday afternoon in the district court room. The object of the meeting was to discuss ways and means for assisting in the sale of Fourth Liberty Loan bonds.

The meeting was called to order by County Chairman J. C. Darroch, who explained the object and the importance of the meeting.

The council was addressed by Rev. W. G. Callahan, county chairman for the sale of bonds, and others. The decision of the meeting was that community meetings should be held throughout the county this week with a view to a thorough canvass of the county and the sale of the county's quota of bonds by next Tuesday.
