Mr. and Mrs. Randolph returned Friday night from a visit to Marlin and Cooleedge.

D. J. Reynolds, one of the best men of the Mullin country and one of the Eagle's appreciated friends, was looking after business matters in this city last Saturday.

Miss Lora Hudson has been spending the week at home, her school at Miller Grove having been suspended a few days on account of sickness in the community.

L. R. Conro has completed the 1918 tax rolls for the Goldthwaite school district. The total property valuation in the district is \$1,235,615 and a total tax assessed of \$6,174.34.

A. H. Miller, one of the long-time friends of the Eagle, transacted business in the city Tuesday. Mr. Miller has been a reader of the Eagle since its first issue and his subscription is now paid more than a year in advance.

J. W. Burleson, a ranchman and banker, writes from Lamesa that fairly good crops have been made in Dawson county and conditions are satisfactory in that country. He remembers kindly his Mills county friends and wishes prosperity for them.

Most of the Eagle readers approve of the new government rule of stopping the paper when the time of subscription is out. There are a few who do not realize that the publisher has no option in the matter, but in time will appreciate the wisdom of the War Industries Board's action and will understand that the publisher must obey the rule. Some of the Eagle editor's relatives and close friends have been dropped from the rolls, much as we regretted to do so, but we hope none of them will remain off the list permanently.

Liberal Donations.

The loyal spirit and liberality of the people can be judged by the manner in which they have responded to every call and have never failed to go "over the top" in great style. The latest example of this liberality was the response to the Red Cross call. The Chapter here received a request for a "show," designating the number of articles apportioned to the Chapter. The number asked and received is here given:

Asked	Articles	Received
25	Bath towels	180
50	Hand towels	112
50	Handkerchiefs	490
50	Napkins	200
10	Bed Sheets	36

Besides these donations, the Chapter received \$26 in cash. The soliciting, gathering and packing was done by the ladies of the sewing and knitting department, who also contributed liberally and are entitled to much praise and credit.

A Called Meeting

To the Baptists of Mills County: As there was no meeting of the Executive Board at the fifth Sunday meeting at Star, and no place set for the next meeting, the Executive Board together with the preachers in the association and all members of the churches who are interested are requested to meet in the Baptist church at Goldthwaite Wednesday, Oct. 16th, at 3 o'clock p. m. for the purpose of setting a place for the next fifth Sunday meeting and devising means to carry on the work of our denomination in the county during these strenuous times. G. W. JACKSON, Moderator Mills County Baptist Association.

Mrs. H. R. Graves left Saturday for Connell to visit her son Tom and his family.

T. J. Young, one of Hanna Valley's wealthy stockmen, was looking after business matters in this city the first of the week.

P. T. Willis of Priddy was a visitor to the big town Saturday and reported having just returned from a pleasant visit to San Angelo.

Dr. Anderson and family of Brownwood were among those who came to attend the funeral of Miss Eloise Anderson and be with the family at that sad time.

Presiding Elder Gregory came over from Lampasas Tuesday and went to Star to hold the fourth quarterly meeting for the Methodist churches of that district.

T. R. Wilcox, one of the Eagle's appreciated friends of long standing of the Center City country, returned Monday from a visit to W. B. Evans and family at Katy. He also visited the oil fields about Houston while away and was well paid in information for his trouble.

The Eagle is always glad to receive communications, write-ups, programs and the like in which local people are interested and gives space to them freely and gladly, but appreciates such articles being sent in as early in the week as possible. They will always be published in the issue of the week for which they are intended if it is possible to prepare them for publication, but where they are withheld until Friday we can not promise they will appear in the issue of that week. If we get them earlier in the week we can then give the attention required to making them ready, but will give the best service possible, no matter when they are received.

Seed for Next Year

Greater diligence will be required this year than common to select and save suitable seeds for planting next year. The drouth in some localities has injured crops to such an extent that suitable seed will not be easy to find. Some will have an abundance; others will have difficulties to harvest sufficient seed of the right kind; many may be required to buy seed.

It is worth considerable effort and expense to save the right kind and proper amount of seed. So much depends upon good seed that one cannot afford to plant poor seed.

Where farmers have a surplus they owe it to their unfortunate neighbors living perhaps where crops are very short to advertise so those who wish to buy can obtain a suitable supply. We are all more or less dependent upon good crops since production will be disturbed by withdrawing so many producers. Until peace is possible we must forget self in a large measure and devote considerable thought and action to the nation. The welfare of our neighbors is in fact our concern. Let us do our part in saving and distributing seed. — Farm and Ranch

City Council.

The city council held its regular monthly meeting Monday night with Mayor Trent presiding and all aldermen present.

Accounts for current expenses were examined and ordered paid. The 1918 tax rolls were presented by L. R. Conro and were found to be correct. The rolls show a total property valuation of \$935,785.00 and a total tax assessed of \$6,237.11.

STAR SIFTINGS

By Our Regular Correspondent

Of course the opening of the school Monday was the event of the season, and combining with it the Fourth Liberty Loan rally causes us to class it as the event of events for Star. Yes, the occasion was a success, even if we were on the verge of despair about securing speakers for the occasion, and the Eagle scribe wishes the Rev. G. A. Henderson of Goldthwaite to know that we can not fully express our appreciation for his response to our request and his most appropriate talk on "Superintendent, Teacher, Pupil and Parent; Cooperation and United Effort." Also to Capt. J. H. Anderson of Camp Pike, Ohio (who claims an equal share of our appreciation), for his address, in which he hit the keynote when he said "All that the boys want to know while they are in this fight is that the people at home are doing their part," and you that heard his talk and those who read this—Do you all realize what that expression means? It came from him unconsciously in his talk. Our third speaker owed us this talk and he gave us one that was "food for thought," and from now on the teachers, parents and trustees have a hint as to that which creates destructive friction in the school and works against its progress, and we believe Prof. D. A. Binton is right. His talk was highly appreciated and rounded out the interesting program.

J. W. Bradley of Rannels county is visiting with his daughter, Mrs. Frank Soules, and his stay is always enjoyed by all. Jake Jacobs and Neely Cox were social visitors Saturday and Sunday from Indian Gap.

We extend a welcome for the coming term to our teachers, Misses Baulah McMurray and Hattie Lee Ewing, who arrived Saturday and are "at home" with Mr. and Mrs. C. M. Moore on Grand avenue.

Mrs. Anna Shuliz (the Witty) of Kansas City is a welcome visitor with homefolks after an absence of six years.

We welcome home again Mrs. A. C. Seary muchly improved in health, after an absence of over two months at Carlsbad.

If our Red Cross ladies were given a maximum duty to perform, we don't believe that they could be equaled. A one day notice and a short evening "Lin n Shower" reception and our soldier boys in hospitals were

donated ninety-six articles—bed sheets, 4; bath towels, 9; towels, 6; napkins, 33; handkerchiefs, 44.

We thank Mesdames Morris, Hamilton and Goodnight for a full report on the Parents and Teachers club meeting and its working organization. We must say that every parent should join and take active part, for the club has accomplished more conjunctive aid for the school than the men could have done (and the men acknowledge it). The following officers were selected: Mrs. R. H. Patterson, president; Mrs. J. H. Goodnight, vice-pres.; Mrs. H. Morris, secretary; Mrs. R. C. Campbell, ass't secretary; Mrs. T. E. Hamilton, treasurer. Program committee: Mesdames J. C. Fields, H. Morris and Lant Adams. Including the above mentioned, others present were: Mesdames John Tubbs, N. T. Waddill and G. D. Burney. The club hopes to report a better attendance next meeting, as there is important and interesting work to be done.

Rev. G. A. Henderson of Goldthwaite delivered two interesting sermons Sunday at the Methodist church.

This is home-coming week for our "away workers." J. H. Witty, Alfred Gummelt and Emmitt Hawkins are at home from Ector. Yes, came back fussing about "too much rain."

We await with wishes and prayers for the recovery of Miss Arie Slaughter, whose condition causes us to still have hope.

Rex Clifton and wife came in Thursday morning on the sick list.

Edgar Manning of Dallas is rounding out some business matters during a few days stay with home folks.

Pest Pierce left for Austin on Tuesday to visit his son, Ocie, who is at Camp Mabry and sick.

Ed Garr is smilingly meeting friends. Can't learn where he has been, Ranger, we guess.

Jim Burns, a Fairy visitor, is the guest of Mr. and Mrs. Seth Waddill. (Now don't get this mixed—he is from a place called Fairy).

Ike Moore of Pottsville is at the home of his brother Charles, cheering him up during his attacks of influenza.

Load after load of flour, feed stuff, etc., coming in reminds you of "Ye Olds Time" fighting days. It was a carload coming in for the Star Cash Store.

Nice rain Thursday morning—slew and soaking in.

Following visitors were in attendance at the quarterly conference of the Methodist church Tuesday: J. H. Benningfield, C. E. Bayly and wife, J. J. Casbeer, Mr. and Mrs. John Nisbet and Jack Virden—all of Pleasant Grove.

T. E. Hamilton is quite sick and precautions are being taken to ward off pneumonia.

Rev. Thomas Gregory, P. E., preached to a fair audience Tuesday night. The sermon was

on the Lord's Supper and its portrayal.

J. T. Campbell has sold his farm on Bennett, adjoining the Paine farm, to a Mr. Hill.

Curt Manning returned home for a recuperative visit after a spell of sickness. Also, Ollie is at home from Dallas for a few days.

Marvin Roe is visiting—his father, P. M. Roe, to remain a week or so.

Joe Dalton of Long Branch was a Monday business caller.

The following are reported on the sick list and most of them under the care of our doctors: Tull Wright's family, Will Gent's children, Charlie Moor, Ed Hamilton, Kirby Moore and Breyland Higgins came home sick (they live east of Star).

Bert Bradley of Winters is on an extended visit with relatives and friends.

Prof. Ira Neighbors has leased the J. R. Paine farm and is arranging to move next week. It is understood that the families of Roy Paine and John Hunt, the present occupants, will move to Star for the sake of better school advantages.

Miss Beatrice Perkins, Cottonwood's popular teacher, was a Saturday visitor.

Mrs. W. L. Boykin, who underwent a serious surgical operation at Temple, is doing nicely and will be able to return home at an early date.

Capt. J. H. Anderson of Camp Perry, Ohio, after a pleasant visit with Frank Shave, left for Camp Pike, where he will instruct in the use of the "concealed weapon" in war.

Linda Morris, Rolla Livingston and John Hamilton are reported "influenzaed" at Sour Lake.

Festus Teague and Charles House came in from Houston and Sour Lake sick a-bed.

We have hunted and tried to trail down this influenza business and can't decide what it is, but believe it a kind of "home sickness"—just wanted to see the home folks.

Mrs. John Boykin returned home with her children via Lomet Thursday, leaving her husband in the hospital at Temple suffering with influenza. They have been in eastern Texas.

Darble Hamilton is reported sick in the hospital at Brownwood.

Chas. House and Herbert Waddill are down with influenza.

The situation regarding the home-coming of our absent boys is creating a serious menace as to the spreading of influenza. It is up to the parents as to precautions against this malady. Our school trustees are expected to suspend school next week until possible danger is past.

Mr. and Mrs. Wales Sheldon are attending the bedside of Burrell Moore near Moline—pneumonia.

A steady rain is falling now.

A Community Sorrow.

Again has the messenger of Death cast his somber-hued mantle about the home of one of our neighbors and the community with one mind grieves with the bereaved and heart-broken family.

Miss Eloise Anderson, one of Goldthwaite's most lovely and appreciated girls was stricken with pneumonia in Brownwood last Friday and despite all that loving hands and skilled physicians could do her death occurred at noon Saturday. The message bringing the sad announcement to Goldthwaite was received with almost stunning effect, as but few knew of the young lady's illness and fewer still realized that her condition was serious. Her parents, Mr. and Mrs. E. B. Anderson, were notified of her illness as soon as it was sufficient to cause serious concern and they hurried to her bedside and were soon joined by friends from this city and elsewhere who were anxious to extend any assistance in their power, but human effort and human skill proved unavailing and her pure spirit was wafted back to God who gave it.

Miss Eloise was one of the most universally popular young ladies ever reared in Goldthwaite. She was loved and admired by her associates, while the older people recognized and appreciated her as an ideal for young womanhood, sweet-spirited and kind, ever thoughtful and considerate, reflecting with a beautiful Christian character which endeared her to all who knew her. She was just 16 years old and having graduated from Goldthwaite High School last session had entered upon college work in Howard Payne scarcely a month before her death occurred.

An immense throng met the train which brought the remains from Brownwood, every one feeling and expressing the deepest sympathy for the grief-stricken parents and sister.

Funeral services were held in Baptist church Sunday afternoon at four o'clock, conducted by Rev. L. J. Mimms, pastor of the First Baptist church of Brownwood, assisted by Rev. W. G. Callihan, pastor of the Methodist church of this city. The church was filled to overflowing with sympathizing friends of the family and added to the solemnity of the occasion was the special music rendered by the choir and a beautiful solo by the director of music of Howard-Payne college.

The floral offering, both in the church and at the cemetery was both beautiful and profuse, banking high the pulpit, the casket and the grave.

Card of Thanks

Judge E. B. Anderson and wife and daughter Emily desire the Eagle to express to their friends and neighbors in Goldthwaite, as well as those of Brownwood and elsewhere, their deep and sincere appreciation of the sympathy and great kindness upon the occasion of their recent heart-breaking bereavement. While human effort is weak at a time like that, yet the knowledge that loving and sympathizing friends feel and know the anguish of the bereaved is a consolation and the thoughtful acts of kindness and helpfulness can be more appreciated at that time, perchance, than any other. Especially does the family desire to make mention of the floral offering, which was as beautiful as could be imagined and has seldom been equaled in extent or loveliness.

Liberty Loan Meeting

By order of the Community Chairman C. S. Welch, the Live Oak Council of Defense met at the school house Wednesday afternoon Oct. 2 to subscribe their quota for the 4th Liberty Loan.

Interesting and instructive talks were made by Mr. J. C. Darroch and Mrs. Laura Irwin. The Live Oak community subscribed well. Seven bonds of \$50 each were subscribed at the meeting and more have been subscribed since.

Who's Who?

Perhaps there has never been a time in the history of the American people fraught with more anxiety and determination to know who's who than the present. We think there need be no apology for this anxiety. We are a great nation and at this critical time should be a unit along all lines that tend to our welfare and happiness. The war cloud hangs heavily over other nations, with blood-shed, poverty, starvation and appeals for help. Millions of our noblest manhood and billions of dollars have gone from our shores in answer to the calls for help. With a president (a God-send and second to none) with others equal to the emergencies at the head of affairs have nicely laid their plans, which to be properly executed should touch the heart-strings and have the ready response of every true American citizen. Had it not been for this spirit of patriotism and readiness to the call made on us, Kaiser William and his six sons might today be spouting their kultur and rule by might from the White House in Washington and the German heel of tyranny, with all that barbarity means, laid on the necks of our American people. Notwithstanding these facts, there are some men with means shirking their obligations and in a manner "lying down" on their country's call or just barely doing enough to slip by and evade being compelled to do their duty.

We had a nice little rain Thursday morning, which brought a smile to many faces.

Our town and community certainly has a good share of influenza. In some instances whole families are more or less affected and some are real sick.

The call for government laborers has had some of our boys wondering which way to jump. We think it best to jump Uncle Sam's way. Some act as though they had the best right to their choice and so far have failed to obey orders. Just how much trouble this will make and how much it will hedge up some young men's way to success and popularity with the powers that be I do not know. The order to work or fight should be strictly enforced, for surely this is no time for boys or men to try to shirk duty. If one goes and exposes himself to the bullets, gasses and other destructive things in order to protect our country, our homes and our lives, surely no one ought to object for a moment working hard to feed and clothe those who have to fight.

Horses, mules and cattle are leaving our station nearly every day. If we have plenty of rain through the winter we will need some of the horses and mules that are being shipped away.

Our committee on liberty bond sales are pushing the work with a free good will. We are not able to report the success of their efforts, but we know some have borrowed money to buy bonds while some with money are touching the bonds very lightly. It is common talk that some of our most independent men, financially, are coming in with the little men who don't even own their homes. This may be right. If it is, the word right should be spelled differently until the war is ended. H. C. COBB.

Fine Rains

Fine rains have fallen in all parts of the county this week, insuring winter pasture and doing a great amount of good for the small grain fields, as well as putting a good season in the ground. The rain commenced Thursday morning and came again yesterday in abundance. It fell slow and steadily, which was exactly the kind of rain needed. Everybody feels encouraged over the improved prospects.

Many fatalities have resulted from Spanish influenza which has developed in all parts of the nation and in other countries as well.

Bootleggers were arrested at a small town near Douglas, Arizona, this week with liquor in their possession to the market value of nearly \$100,000.

Today is the 426th anniversary of the discovery of America and President Wilson requests that the day be celebrated by a mighty drive in the interest of the Fourth Liberty Loan.

The death of Don Martin, the well known writer and war correspondent was reported from Paris Monday. He was stricken with influenza and died in a few hours. He was a brilliant and forceful writer and a man of wide information.

Congressman Connally of the Waco-Hamilton district has entered military service as a captain. He has not resigned his seat in congress, however, but expects to return to his official duties as soon as the Huns are defeated and peace once more reigns.

Acting Governor Johnston issued a proclamation this week calling upon the people to refrain from public gatherings as much as possible and in other ways assist in preventing the spread of influenza. He suggested the suspension of public schools as one precautionary measure.

Officials in Washington as well as those in charge of the Liberty Loan bond sale express a fear that the peace talk will have an influence against the success of the sale, but the Eagle believes the result will be exactly the opposite. With prospects for an early termination of the war, the people would be even more anxious to secure the investments in the bonds than they are now. At least, this appears to be the reasonable view to take of the situation.

President Wilson's reply to the German chancellor was received with approval by the country generally, including congress and government officials and the representatives of other nations. The results of the mighty conflict are now sure and certain and it would be unwise and unreasonable for any terms to be granted that would not guarantee a permanent peace for the world and attain the other ends for which this nation and its allies are contending and fighting. The reply of the president gave the country renewed assurance of his ability to handle the situation properly.

While we are all profoundly interested in winning the war, we cannot afford to remain inactive with our affairs or there will be no resources with which to carry on the war. Those who are not drawing salaries in government jobs must continue in business, pay war taxes, buy Liberty Bonds and War Savings Stamps, and use as little food as possible. Farmers must of all be required to expand their operations, increase their earning capacity and live as comfortably as their means will permit. We must be sensible and give some thought to the future as well as the present. Even when the war is won, as we hope it will be soon, we must continue farming and do our part in helping to pay the war debt.—Exchange.

G. M. Carlton, chairman of Hamilton County Fuel Committee, has received from the Fuel Administration the following communication: I have had request for permits that will allow coal to be shipped into your county for domestic use. In view of information received, I know that wood is available in your county for all domestic purposes. Such being the case, it is the patriotic duty of your citizens to make their arrangements for wood necessary the coming season, as a fuel, and not rely on coal, because as long as the scarcity of it exists, as it now does, no permit will be granted for same to be shipped into your county or any other county in the state where wood is available.—Record.

CAN NOW EAT AND SLEEP IN COMFORT

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddied as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well." For sale by L. E. Miller & Son. (adv)

A PERSONAL MESSAGE FROM OUR PRESIDENT

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential requirement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

Give me your next order for gasoline. I make prompt delivery and appreciate the business. E. J. Weatherby.

J. T. Jones, who made his home at McGregor for several years and has spent some time in other parts of the state, has decided to return to good old Mills county. He has purchased a farm in the Miller Grove community and is having a residence prepared at that place. He and his wife were here this week meeting their friends and imparting the good news of their intended return. They will have a hearty welcome.

Mr. M. C. Humphries is the recipient of a giant sweet potato, sent by his old time friend and neighbor, Judge H. T. White, who now resides in Greenwood, S. C. Mr. Humphries divided the potato among three of his neighbors, who were formerly neighbors of Mr. White, all of whom enjoyed this finely flavored potato. Mr. Humphries also received fine specimens of pears, weighing 1 lb. each. He is pleased to know that he is still kindly remembered by his friend of former days.

ENDORSED AT HOME

Such Proof as This Should Convince Any Goldthwaite Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. Following statement given by a resident of Goldthwaite adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Mrs. W. Taylor, Goldthwaite, says: "My kidneys were inactive and annoyed me greatly and I suffered from spells of backache. I used Doan's Kidney Pills which I got at Clements' Drug Store, and they regulated my kidneys and relieved the pain in my back. I have every reason to believe Doan's act just as represented.

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Taylor had.

OBITUARY

Judge A. V. Patterson passed away Tuesday, Oct. 1, at his home in Estancia, N. M., after a short illness. He was born in Cobb county, Ga., 76 years ago, came to Texas in the pioneer days and settled in Hamilton county (now Mills county) in the Center City community 40 years ago. He was a Christian from his young manhood and a consistent member of the Presbyterian church and was Sunday school superintendent at Center City for more than 25 years. He was especially interested in young people and in their religious training.

Judge Patterson moved to Sterling City about 15 years ago and one year ago moved to Estancia, N. M. He leaves a dear old wife, one daughter, Mrs. Head of Estancia, and two sons, Messrs. L. E. and R. H. Patterson of Mills county.

We are glad to be able to apply to him the beautiful scripture which says: "Blessed are the dead who die in the Lord, for they rest from their labors and their works do follow them."

A FRIEND.

Appreciates Assistance

Goldthwaite Eagle, Goldthwaite, Texas.

The undersigned is desirous of showing appreciation of the U. S. Employment Service by acknowledging receipt of the publicity given the Service by spreading its gospel in your section.

It is the awakening of a mutual spirit of co-operation and helpfulness never before known in our country, and by such co-operation you have enabled the Service to effectively organize in such a short time that which other Nations have taken years and some times parts of centuries to accomplish, and it is the source of a great deal of pleasure to express to you official appreciation for the publicity gratuitously given in your columns, not only in your editorial comments, but the valuable assistance rendered in the advertising campaign just closed.

This office solicits the continuation of your co-operation, for it is through the medium of the press that this gigantic task involved in handling this problem so efficiently can best be placed before the public.

J. R. Carter and Mesdames C. H. Evans and Joe Langford all of Center City returned yesterday from a visit to relatives in Brownwood.

Mr. and Mrs. J. W. Weathers have received a communication from a friend in the north bringing a clipping from the New York Herald which tells of Pvt. Thos. B. Weathers, who is with the forces in France, having received a medal of honor for having brought in four German prisoners and destroyed a machine gun nest. A letter from the young man to his parents, however, says the newspaper account is incorrect in that he was unable to carry everything credited to him and only brought into camp a machine gun and two identification cards that belonged to Huns. Mills county boys always do their part you can depend.

Sufficient grease was recovered from household garbage collected during the month of May from eleven American cities to make the explosive charge for more than half a million 75 millimeter shells, besides millions of pounds of soap and other products, according to figures issued by the United States Food Administration. The garbage grease was sufficient to produce 129,040 pounds of glycerine, from which nitro-glycerine is made, and for which there is a big demand at this time.

The figures indicate an increase in the amount of grease recovered over the same period last year, particularly in Chicago, which showed an increase well over 200 per cent. The entire amount of grease recovered is an increase of 43 per cent over May, 1917. The returns are from eleven cities having a total population of over 6,000,000.

Since the campaign for garbage utilization has been urged by the Food Administration there has been an appreciable increase in the amount of garbage collected for reduction. This does not indicate that there are more foodstuffs being wasted, but that the cities are making a more earnest effort to collect all available garbage instead of permitting it to be burned, dumped or otherwise utilized. A number of cities which have been wasting garbage have taken steps to install reduction plants, so that the valuable material contained in table and kitchen refuse can be recovered.

HOTEL AND RESTAURANT SAVINGS IN TEXAS FOR JULY.

To be able to report to the U. S. Food Administration once a month on every meal served in public eating places of Texas, and also to make a definite report on the quantities of meat, sugar, and wheat used, and the amount saved, is one of the accomplishments of the Federal Food Administration for Texas. The sugar savings for the month of July by the public eating places of Texas was 115,498 pounds, and although the rules allow three pounds of sugar for each 90 meals, plus an additional amount for use in bakery departments of restaurants holding baking licenses, the total consumption of sugar was .7 less than three pounds.

The wheat consumption was 1.3 less than the amount allowed, or a saving of 192,978 pounds. The record of the four licensed commodities in which the Food Administration is most interested is as follows:

Meals served	14,869,743
Meat	1,559,889 pounds
Sugar	380,246 pounds
Wheat	797,330 pounds
Wheat substitutes	701,674 pounds

The average consumption for each 90 meals served during the month of July was as follows:

Meat	9.4 pounds
Sugar	2.3 pounds
Wheat	4.7 pounds
Wheat substitutes	4.24 pounds

During the month of July there was only one restaurant penalized in Texas and this was not for violation during that month. The record shows that there has not been any violations by public eating places during the months of July and August and the savings reported are the product of voluntary denial and conservation.

USES SUGAR IMPROPERLY; PAYS \$200 TO RED CROSS.

Joe Moley, a retail grocer at Orange, Texas, took sugar which had been allotted to him as a retailer and used it in the manufacture of soft drinks. He was called to account by the Food Administration and has promised to not violate the rules and regulations again. Moley is a small dealer, and his offer to pay \$200.00 to the Red Cross rather than endure the sting of an unfair order, has been accepted by Administrator Peden. The money has been paid the Red Cross and the file is closed.

ZONE MANAGERS OF FISH TRADE NAMED BY PEDEN

Regulation of Important Food Supply on Coast is Complete; Fair Prices to Be Quoted.

With the exception of Zone One, Brownsville, the zone committees for the fish industries of the Texas Food Administration have been confirmed by Administrator Peden.

The personnel of the committee for Zone Two (Corpus Christi) is as follows: Royal Givens, Clarence Carman, C. W. Gibson, M. Elder, D. Oatman of Corpus Christi, Ford Jackson, Rockport; P. O. Cox, Port Aransas; A. C. Thompson (representing the fishermen), Port Aransas; Roy Jackson, E. H. Camehl, Dave Scribner, all of Rockport; B. J. Loomis, Port Aransas; Arthur Mathis, County Food Administrator, Rockport; C. I. Albertson, County Food Administrator, Sinton, and Edwin Flato, County Food Administrator, Corpus Christi. Mr. Flato was chosen as chairman and Mr. Oatman secretary.

The committee for Zone Three (Calhoun County) is: Judge F. M. Dudgeon, County Food Administrator, chairman; C. H. Brightwell, Port O'Connor, secretary; B. D. Jackson, F. L. Young, C. E. Fisher and H. M. Paulson, all of Port Lavaca, and C. W. Walker, Port O'Connor.

For Zone Four (Matagorda County): Duncan Ruthven, Palacios, chairman; T. C. Thornhill, Matagorda, secretary; J. J. Burke, Joe Dietz, Nick Petro, George Hicks and Theodore Traffell, Palacios, Texas; A. B. Lorino, P. E. Bell and John Montelongo, Matagorda; W. C. Carpenter, County Food Administrator, Bay City.

For Zone Five (Galveston and Harris counties): James A. Boddeker, County Food Administrator, Galveston County, chairman; George B. Ketchum, W. J. Chapman, C. Demack, T. Pinte and L. Schembre, representing the dealers; O. A. Anderson, Captain G. P. McNeir, T. Legate and J. Bierman, representing the fishermen; Mrs. M. W. Lusk, Mrs. Marie Dietzel and Mrs. John W. Rogers, representing the consumers.

For Zone Six (Jefferson and Orange counties): J. M. Holder, County Food Administrator, chairman; W. H. Gilliland, deputy Food Administrator; B. S. Granger and H. Hoek, wholesale fish dealers; Captain Nini and Fred Shelton, fishermen.

As soon as the prices interpreted by the committee are approved by Administrator Peden they will be publicly announced. The prices interpreted in the zone will control fish at their source, and prices to the retailer and to the consumer will be gauged by the prices at point of origin. It was necessary to create six zones in order to meet variance in freight and in cost of catching fish.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

The Hotel Division of the Food Administration is calling the attention of the State Hotel Chairmen to the waste of grease through the kitchen drain pipe, and the importance of conserving this grease for the manufacture of nitro-glycerine and other explosives. It is conservatively estimated that material enough to furnish the explosive power for at least 90,000 seventy-five millimeter shells is going to waste in hotels and restaurant kitchens every day.

The same material in its existent shape would bring from four to ten cents per pound, depending upon its condition and the local demand. The allies are asking the American people to increase our glycerine production for the remainder of this year by 30,000,000 pounds.

Tests were recently made in a large Chicago hotel after the preparation and serving of 1,400 meals. The waste that went into the drain was trapped and one hundred and eight (108) pounds of grease were recovered. This is about one and one-quarter (1 1/4) ounces per meal. It is believed that the waste per meal in the average public eating place would figure out anywhere from half an ounce to one ounce per person.

While this grease being wasted in Texas public eating places might be converted into soap, it has just now a far more important value. It may be used exclusively in the manufacture of cordite and nitro-glycerine. One pound of this grease would be sufficient to provide the powder charge of three 75 millimeter shells.

R. A. Parker, Director of Hotels and Restaurants for Texas has been instructed by Washington to make a survey of waste in public eating places of Texas.

Peden Back From Washington Tells of Simplified Program of Conservation and Necessity for Winning the War in 1919

"Washington's definite and positive program is to win the war next year," said Administrator Peden of the Federal Food Administration for Texas, who returned to Houston September 11, after a conference of the 48 State Food Administrators with Herbert Hoover on September 4 and 5. "Every thought, every energy, everybody must concentrate upon that one major operation. All else must be secondary thereto," continued the food official.

"By winning the war in 1919 we may save millions of lives, not to mention billions of dollars and precious treasure; and let us also remember a quick, decisive, complete victory within 12 to 14 months will mean a gigantic advantage in dictating the peace terms of the world, compared with our position at the end of several years more of war.

"Really, there is only one wise, economic, humane thing to do, and that is to get busy (everybody—teamwork of the highest type) and settle the issue next year.

"Mr. Hoover told me in parting he had never before believed we could accomplish this objective so soon, but during his recent trip to Europe he became convinced we could do so during 1919, provided every man, woman and child in the country will see and do his duty thoroughly.

"We had a large attendance and most interesting conference. Mr. Hoover's recital of details concerning his European trip and his conferences with the Food Administrators of Great Britain, France and Italy was eagerly listened to by all the administrators present. One of the pleasant features of the convention was the presentation to Mr. Hoover by the 48 administrators of a large and beautiful Silver Loving Cup. Mr. Hoover's voice quivered with emotion and his eyes filled with tears as he, in his modesty, expressed his thanks and appreciation.

"Mr. Hoover stressed the fact that while we now have an increase in bread grains in the United States and Canada, there is a marked and serious shortage in fodder grains here and with our allies, and also a shortage in green feeds and hay. The Southern States especially, and Texas in particular, therefore, are urged this fall to plant larger crops than ever before of stock feed crops, including wheat, oats and rye for grazing purposes.

"The stabilization of cotton seed and cotton seed by-products prices was accomplished after deep study and careful investigation, and not until the planters had requested and the 48 State Administrators approved it. We hope the schedule adopted will meet with the universal satisfaction of all—the farmer, the crusher, the cattleman and all consumers.

"Our total exports to the allies since the Food Administration was established in 1917 now amount to:

330,000,000 bushels of wheat
75,000,000 bushels of barley
40,000,000 bushels of rye
80,000,000 bushels of corn
50,000,000 bushels of rice
320,000,000 bushels of oats
10,000,000 bushels of beans and peas.

"In view of the good wheat crops here and in Canada and with our allies, the bread regulations are lifted and wheatless days and meals abolished, except that all—everyone—must use 20 pounds of substitute with each 80 pounds of wheat flour, and the housewife is relied upon to make similar mixture, until she can purchase the Victory Mixed Flour (80-20).

"There are now virtually no restrictions upon meat, but our program, as clearly outlined by Mr. Hoover, is one of careful economy and no waste. He strongly urges that we:

BUY LESS
COOK LESS
SERVE LESS
EAT LESS
WASTE NOTHING and Clean the Plate.

"Everything Good to Eat"

FROM ELDER DYCHES

Editor Eagle,

Inasmuch as I promised several of my friends to write to let them know my whereabouts and how we were getting along, I thought I would drop a few lines to the Eagle, so that they could all hear.

We are in Fannin county, near Leonard, Texas, about 30 miles from Red River. Found a fine farming country—cotton made from 1-4 to 1-3 of a bale here. Corn is making from 20 to 60 bushels per acre this year and they say this is the shortest crop for several years, but it is farming strictly. No pastures at all hardly. Most of teams and milch cows are kept in lots the year round.

We have had the rainy spells since I have been here, but no big rains, yet have a pretty good season. Volunteer oats are fine, and people are sowing a right smart of wheat here.

We intended to start back on the 4th, but Edith has typhoid fever, so we don't know when we will get to come now.

Cotton is nearly all out around us now and we are sure home-sick—and thirsty. There are only two wells in this part of the country. They depend on cisterns altogether here and they are not all in good condition.

Will close, asking at least a few of you to write us a few lines. With love and best wishes to the home-folks,

I. A. DYCHES.
