The Reunion and Celebration Takes Place August 6-8

Next week the committees will again become active in getting ready for the big reunion and celebration to take place here August 6, 7, 8, at the reunion grounds.

There will be three days of pleasant association and entertainment for the people—three days in which honor will be shown the old soldiers of the sixties and the young soldiers of the World War. A fine program has been outlined and every hour of the three days will be made pleasant.

Some of the best speakers in Texas have been invited and will be here at that time and the young soldiers will also tell of their experiences in the training camps, on the transports and in the trenches, while the old soldiers will recount their experiences in the Civil war.

The ladies are preparing a program for the afternoon and night of the 6th, while the young folks are arranging a program for the 7th and the young soldiers will outline entertainment for the 8th. The whole program will be entertaining and interesting and one of the crowning events will be a big barbecue on the 8th if all arrangements are perfected.

A BLUE MARK

A blue mark on the margin of your paper is an indication that your subscription has expired and a solicitation to renew. If you do not care to have the paper after the expiration of the time for which the subscription is paid we will have no hard feelings about it. You have a right to take it or not take it and we would be foolish to be offended in either event. The paper stops at the expiration of the time for which subscription is paid.

Miss Zella Prater went to Lometa Tuesday for a visit to Mesdames Walton and Swain.

J. H. Randolph has been at Coledge a part of the week, looking after his business interests.

Mrs. J. C. Smith of Smithville is visiting Mr. and Mrs. D. S. Smith in North Brown community.

Emmett Mohler, one of the most popular young men of the city, has a position in O. H. Yarbrough's dry goods store.

J. A. Hester of Mullin was a passenger on Monday morning's train en route home from a business visit to Dallas.

W. G. Welch was one of the good men of Center City community who looked after business in this city the first of the week.

W. A. Richards this week moved his stock of goods and cold drinks fountain from the bank building on Fisher street, to the Trent building on the square, next to Trent & Son's office.

Miss Sophia Martin of Goldthwaite is the attractive guest of Miss Sara Taylor. She is a charming and beautiful young lady and is being shown many beautiful social courtesies in Hamilton society.—Hamilton Record.

Luther Oquin came in from Manor Saturday night to assist his wife in preparing their furniture to ship to their new home at Manor, where he is employed with a mercantile concern as bookkeeper and is well pleased with the position.

A lady at Memphis, Texas, died this week as a result of grief over the death of her son in France. She received a medal from the French war office in honor of her son and the renewal of grief caused her death.

SAVING STAMP PROTECTION

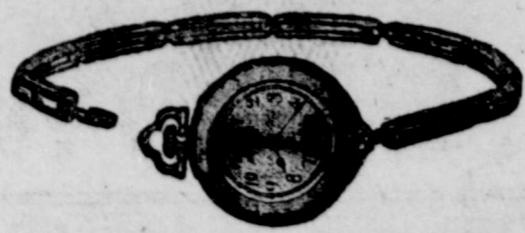

Warning Against Selling At a Discount

Those suave individuals who rob banks are scorning the lowly greenback and the buffalo nickle and earnestly devoting themselves to the filching of Liberty Bonds and War Savings Stamps these days, making real competition for the oily-tongued tricksters who prey upon their fellow men by persuading them to sell War Savings Stamps at less than they will bring at the postoffice. The Bankers' Association at a convention held recently called upon congress to enact legislation to protect bondholders against these raiders. This protection is suggested by making it a penitentiary offense to buy or sell Liberty Bonds or War Savings Stamps without the original buyer's endorsement.

The bankers pointed out that the modern burglar is the War Savings Stamp scalper who victimizes his fellow citizens who are not so well informed of the true value of these government securities.

The Savings Division of the treasury department already has provided protection by means of registration. A new ruling, now effective, permits registered War Savings Stamps to be redeemed at any postoffice. A plan for thorough identification has also been devised as means of recovering stolen War Savings Stamps.

The Rhode Island legislature at its last session passed a law providing a fine of \$1,000 or six months in jail for any person purchasing War Savings Stamps at a price less than that fixed by the government. Other legislatures are expected to take similar action shortly. DIRECTOR.

BAY CITY

Dear Friends:

It had been my intention to write weekly, but now that I have failed I am not going to say, "I just didn't have time," which has become a rather "nerve touching" phrase, but rather the last few weeks have passed so rapidly that they seemed as "slips," by this I mean that in reality it seems as if we had not lived through them.

We are under the impression that Bay City is getting to be a different place altogether—the raincoats and rubbers have not been seen since Monday of last week! And these two things plus the umbrella had been keeping their places very well within the circle of fashion, but in spite of all the rain this place is quite lively yet and everyone is enjoying life, even such as it happens to be.

A few weeks back there were many fast beating hearts, I do not usually exaggerate, but perhaps a little this time, when I say that the whole town was a continual ticking because the levee was at a breaking point. It would have been quite an adventure to ride after necessities in boats, but it would have proven to be such a loss too. The river was higher than ever before and two miles in width. It was more water than I had ever before seen, but of course I have never been "over there."

Grandmother Meyer left for Taylor about four weeks ago, where she intends to spend the summer. She was accompanied by her grandchild, little Miss Minnie Meyer, who is to come home in a few days, just because—"We miss the baby so!"

Miss Clara Meyer, having been very successful with her first year's teaching, is making preparations to make a second year thus and still more so if within her ability. It is not certain as yet whether she will accept a school offered her at Taylor or if she is going to choose the one close to home.

After several applications as stenographer and each time receiving this answer, "We are sorry, (it isn't I am sorry I made you cry, this time) but we prefer one with experience," I did not get discouraged but tried again. One day I received a letter from Whorton saying, "You may start work in our office in the morning." Of course it is needless to say I was glad and I was in great haste to pack my kit with the old, old troubles (?) and smile, yes, go smiling to my new-found work. On the train I saw all seats were occupied with the exception of one near a young lady, so I walked towards her and she asked me to take the seat. As conversations will run on we soon found that we were both stenographers and going to the same place. The question arose, "which would succeed." She made the statement that perhaps they would choose as to looks, well, I grew somewhat disappointed for I knew, according to this rule, I would have no chance whatever. A while later she spoke of former places that she had occupied well, I felt confident that again the little inexperienced "fresh from college" would be knocked out again. We arrived there and she did win as I had thought. Now, let me tell you how it happened. One of the men was out of town and while gone he employed the young lady of which I have just spoken without the other man knowing about it and he employed me. The next train for Bay City did not leave until at noon the next day, so there I was left at the hands of mercy—

no, indeed, my stay was a very pleasant one, and after all it was a good little joke, don't you think? As luck would have it, that very day of my arrival the manager of the Bay City law office had been to see my father about me and it is at the said place that I am now employed. I am in love with my work, and my employers are considered to be two of the most capable, energetic and honorable gentlemen here.

Mr. Meyer and son are planning a tour over a part of the state in the latter part of August.

I was amused the other day when from my office window I saw in, or rather through another window, a cotton buyer scratching his head, but since then I have seen it repeated and it really must be serious, but the cotton crop is miserable here, the weed crop is excellent!

Mr. E. M. Meyer and family had the honor of having Messrs. Wuisintanger, two of Mills county's braves from overseas, take supper with them. The usual custom of the host and hostess entertaining company was inverted and instead the evening was spent in speaking of adventures and experiences of army life.

The whole Meyer family and many other families, as far as that goes, took in the movies on Monday night. Mary Pickford played in "Daddy Long Legs." We all enjoyed it immensely and know you all will too, or perhaps you have already.

I presume you are all having vacation, or did some of you do like I did—not take any? Until I went to work at my present position, the only open one was in the kitchen and so I was on K. P. those few weeks, and I guess you, especially you soldiers, know what that means. I imagine the whole thing was about as bad as army life, hard-tack included, to be under my supervision, but I dare say, I progressed quite rapidly considering the fact that I was a mere beginner.

Listen, for fear I shall have to write a postscript to this saying it is raining again, I shall just hurry and get this letter to the postoffice, so good-bye.
E. MEYER.

GRANDPA DAVIS DEAD

Mr. J. N. Davis, lovingly called "Grandpa Davis" by his host of friends and acquaintances, died at the home of his daughter, Mrs. J. T. Owens, in the Center City community last Saturday afternoon at 3 o'clock and his remains were interred in the cemetery in that community Sunday afternoon.

Mr. Davis was 89 years of age and had been a citizen of this county since 1898, having moved here from Grimes county that year. He was a man of high character and was universally esteemed by his acquaintances. He leaves one daughter, Mrs. Owens, and one son, Mr. Ben Davis of Coryell county.

The bereaved relatives have the sympathy of all who know of their bereavement.

FLOYD MULLAN - - - PROPRIETOR

THE GOAT

Mills County and Its Finance

There are about 500,000 acres of land in Mills county. Approximately one-third of it is in rough and shinnery land, one-third of that under sheep and goat fence, leaving 100,000 acres not in use. The greater part of this territory being in thick shinnery can not be used profitably until the goat has removed the under growth, making it possible for grass to grow on the land for other stock. The county is thus deprived of one-fifth of the public domain. This would give homes to many who would rather remain in our midst than hunt homes elsewhere. A few hundred successful homes would be quite a consideration. Perhaps 50,000 or 100,000 head of goats would be a source of considerable revenue.

The great menace to the goat and sheep industry is the wolf and other wild animals that prey on them. These raiders have in too many instances gotten the ranchman's profits. An aggressive war must be waged on these pests until they have been exterminated. There is an effort being made by the sheep and goat association (assisted some by the county) to accomplish this needed task by offering a

bounty to the hunters at pers.

Probably one-half of the and goat raisers are members of the association, less burden to be borne by them. As these burdens are heavy, those outside come to the rescue of the tion before they fail with tion.

We feel that every man in the county, both town and country, ought in this needed work and rarely tax themselves so far to accomplish this task.

The tax on the sheep goat men is one cent per head. The assessment is repeated that tax has been exhausted for the scalps.

Give your name to Depts, the secretary for circulation. Help out in needed enterprise.

BADLY CRIPPLED (In the Mouth)

Away back beyond our day
and when there were fewer ton-
gues than now to look after, one
of the great writers of holy writ
saw something bad about the hu-
man tongue and said, "The ton-
gue is an unruly member." "It
is set on fire of hell." With
such positive assertions and no
exemptions we conclude that
every tongue in every mouth
needs attention and if not strict-
ly guarded against being set on
fire of hell, it is liable to raise
hell almost anywhere and on all
sorts of occasions, but more
likely in the home. We have
known people who were all
smiles and sunshine away from
home who were a cyclone in the
home as they exercised this fear-
ful member, called the unruly
tongue. We have not started
out to locate these unruly ton-
gues except as we may discov-
er to the reader that he or
she may be in possession of one
of these recognized weapons
that has done so much to des-
troy the peace and happiness
of the human family. If our
efforts at writing on this sub-
ject will cause an examination
of the fast workings of this often
easy going, slimy part of the
human body and discover to the
owner that the thing is actually
crippled and has to be wagged
by and through Satan's influence
and begin to doctor same, I will
have accomplished a little good.
And if I should make some dis-
coveries (which I have) as to
my own little charge, and profit
thereby I will be doubly a
beneficiary. I shall write in a
way that when done I can say,
"What I have written I have
written" and with no apologies
for what I have written.

Some people say they enjoy
my articles. I am glad they do
and yet this information reaches
me by means of this troublesome
something that can not be tamed.
How strangely and yet how
pleasantly this unruly member
can adjust itself to its surround-
ings. If it behaves itself so un-
seemly at home so much of
the time, why can't the same re-
straining power or influence
that controls the thing when
others are present? Isn't it
a strange genius? In other
words is it not alarmingly
strange that men and women of
mature years, good breeding and
well rounded up on other lines
are so defective in the proper
use of their tongues? Friend,
when did you stop and consider
the magnitude of the evils that
have grown out of your tongue?
When talking about others would
you have had them say the
same things about you, even if
they were true?

Now if you have a bad ton-
gue that has crippled your in-
fluence and has done many
things to mar your happiness
and the happiness of others and
the devil at the bottom of the
whole thing, wouldn't it be
wise to look after the little
thing and tell the devil it is
yours and not his and you will
no longer let him rule?

A lady went to her family
physician and complained that
she and her husband were get-
ting along so badly that it was
worrying her to death. The
doctor said he thought he could
help matters if she would fol-
low his directions and she said
that she would. He gave her a
bottle of medicine and told her
whenever her husband com-
menced abusing her just to take
a mouthful of the medicine and
hold it in her mouth until he
quit talking and then she could
swallow it. After several days
she returned with the empty bot-
tle to get it refilled and told the
doctor it worked like a charm.
The doctor told her it was only
sweetened water and as long as
she held it in her mouth she
could not talk back at him and
the secret of the prescription was
to hold her tongue while the old
man fussed.

No charge for this little bit of
information. Go and do like-
wise. H. C. COBB.

Come to the reunion and make
your headquarters at Miller's
drug store, the coolest place in
Goldthwaite—electric fans, cold

in all these conditions.

Also tornado protection after

TRIGGER MOUNTAIN

Editor Eagle:

We hear the chimes of wed-
ding bells. Mr. W. E. Garner of
our community and Miss Myrtle
Gunter of Pompey were married
at the Hays home Wednesday
evening, the 23rd inst., Rev. L.
L. Hays saying the words which
made them husband and wife.
Mr. Garner was reared in this
community and is believed in as
a worthy young man of many
merits. Miss Myrtle is one of
the most charming girls of Pom-
pey. Her popularity makes us
glad to adopt her to our com-
munity. Along with their many
friends we wish for them all
joy in their future life.

The young people enjoyed a
musical at F. H. Hancock's Wed-
nesday night.

Mr. J. W. Toon of Delta
county, who formerly lived here,
visited these parts with a larger
part of his family last week.

Mr. W. J. Shivers and little
son are soon to take a trip to
Alabama, where he is to visit
his parents.

Miss Addie Jane Hancock is at
home, after spending some weeks
teaching music at Indian Gap.

Grain has not yet been thresh-
ed in our community.

Mr. C. M. Bramlett was a call-
er in our community Wednesday.

Trigger meeting is to begin
the second Sunday in August.

the interest of the Texas-Bisbee
Oil company, here. This com-
pany is preparing to drill a

Mr. McCullom will return to
Bisbee to move his family here
to remain until the well is com-
pleted.

TIME AND ETERNITY

What is man? He is nothing
but a frail, trembling creature
standing on time that is quickly
passing into eternity. Today he
sees nothing but darkness on one
hand and doubt on the other.
Soon he must spread his great
voyage to the other world. The
bark is the coffin and the destina-
tion is doubt. Faith alone can
see the star which is to guide
him to a better land. Oh, if he
is anchored on Jesus, he will
never fear death when it comes.
Today we have time to prepara-
to meet our God. Tomorrow we
may pass on into eternity with-
out the one great hope of life
eternal. Then where will we
spend our eternity? With the
unsaved forever in a place of ut-
ter darkness. Some time, some
place and somewhere we will

TELEPHONE CHANGE

Mr. Jno. W. Roberts of Rock Springs has bought the interest of Dr. M. L. Brown in the Goldthwaite Rural Telephone company, which is a majority stock in the business and is now in active charge. Mr. Mohler, who has been local manager for Dr. Brown, is still with the company in the same capacity and Mr. Roberts is the acting president and general manager until the time of the annual stockholders meeting August 4, when officers and directors for the company will be elected.

By the deal consummated between Dr. Brown and Mr. Roberts the rural telephone system continues on the co-operative plan, giving connection with the various rural telephone companies in the county and some long distance service free to its subscribers. Mr. Roberts was one of the original promoters of the rural company and is enthusiastic in his efforts for the co-operative plan. He is a farmer and stockman, besides being chairman of the Democratic executive committee and one of the foremost citizens of the county.

JOHN V. WATSON

John V. Watson, son of Gid and Matilda Watson (nee Davis) was born August 18, 1891, and united with the Primitive Baptist church at Mount Olive, Mills county, Texas, at 18 years of age and was baptized by Elder J. H. Alldredge. He soon afterwards moved his membership to Primitive church which was later dissolved.

On September 18, 1917, he left home for training at Camp Travis, San Antonio, Texas, but was soon sent to Camp Bowie, Fort Worth, Texas, where he finished his military training and from which place he was sent to France in July, 1918.

He died of pneumonia November 2, 1918, while with the American Expeditionary Forces in France, thus at the age of twenty-seven years, two months and twenty-four days did he answer to the final call which bade him come up higher, a faithful servant of the Master. It is putting it modest to say that he was a loyal citizen, a true son, a faithful friend and a devoted Christian.

The writer has known him intimately since 1912 and can truthfully say that a better character I have never known. He was my friend faithful and true. Letters from his nurse and doctors testify of his patience, fortitude and Christian character and his commanding officer wrote his father, "John did his part well." Therefore, while his body sleeps in a foreign cemetery his disembodied soul has gone to be with his risen and ever living Savior. Truly death to him has been an inestimable gain, but to us an irreparable loss. He has gone beyond the touch of disease and out of hearing of the cannon's deafening roar. Beyond the radiant sunset glow, there is a brighter world I know and into that brighter world our brother has gone. Let us not think of him then as lying in the dark, silent tomb on a foreign battlefield, but as being with Jesus in that land of endless bliss where there is neither pain nor death and when our Savior shall descend from heaven, bringing with Him the disembodied spirits of all who have washed their robes in the blood of the Lamb, then shall the sleeping body of our brother together with all who have fallen asleep in Jesus be raised and fashioned into the image of the glorified body of our Lord; wherefore, let us comfort one another with these words:

God in His wisdom has recalled. The boon His love had given. And though the body moulders here, The soul is safe in heaven.

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS

House Joint Resolution No. 13.

A joint resolution proposing to amend Section 49, Article 3 of the constitution of the state of Texas relating to the power to create debts by or on behalf of the state so as hereafter to authorize the legislature to enact such laws as may be necessary directing the governor of the state to issue bonds in a sum not to exceed \$75,000,000; providing for a levy of a tax to create the necessary interest and sinking fund therefor, and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the state.

Be it resolved by the Legislature of The State of Texas:

Section 1. Amend said section so as to read after its adoption as follows:

Article 3. Section 49. No debt shall be created by or on behalf of the state, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the state in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided, however, that the legislature may enact such legislation as may be necessary to authorize and direct the governor to issue bonds of the state in a sum not to exceed seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable hard-surfaced roads upon the public highways of the state; provided that such proceeds shall be apportioned to the different counties of the state according to the needs of the state highways in such counties; and provided further that under legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the state may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by article 8, section 9 of the constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the legislature at an election to be held throughout the state of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the governor of this state is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this state. Those favoring the amendment shall have written or printed on their ballots the words, "For amendment to Section 49, Article 3 of the constitution proposing to amend section 49, of Article 3, relating to the power to create debts by or on behalf of the state, so as hereafter to authorize the legislature to enact a law directing the issuance of bonds by the governor of the state in a sum not to exceed seventy-five million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable hard-surfaced roads upon the public highways of the state; and providing for the levy of a tax not to exceed twenty cents on the one hundred dollars valuation, on taxable property in the state." Those opposing the amendment shall have written or printed on their ballots the words, "Against the amendment to Section 49, Article 3 of the constitution proposing to amend Section 49 of Article 3 relating to the power to create debts by or on behalf of the state, so as hereafter to authorize the legislature to enact a law directing the issuance of bonds by the governor of the state in a sum not to exceed seventy-five million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the state; and providing for the levy of a tax, not to exceed 20 cents on the one hundred dollars valuation on taxable property in the state."

Sec. 3. The sum of five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the state treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election.

Sec. 4. The fact that the legislature is restricted by the provisions of Section 49, Article 3 of the state constitution from enacting needed highway legislation creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

ELECTION PROCLAMATION

For Special Road Tax

That, whereas, a petition having the number of signers as required by law has been submitted to the commissioners' court of Mills county, Texas, praying that an election be ordered to be held throughout Mills county to determine whether a majority of the legally qualified taxpaying voters residing in said county desire to tax themselves for the purpose of supplementing the Road and Bridge fund of this county and to determine whether the commissioners' court of this county shall be authorized to levy, assess and collect, annually a special tax of, and at the rate of, not exceeding 15 cents on the \$100 valuation of taxable property in Mills county for said purpose and:

Whereas, there is an order passed by said commissioners' court which is recorded in Book 5, page 34, of the minutes of said court, ordering that an election for said purpose be held on the 12th day of August, 1919.

Now, therefore, I, Robert Weaver, county judge of Mills county, Texas, by virtue of authority vested in me under the laws of Texas, hereby order and direct that an election be held in the several voting precincts of this county on Tuesday, the 12th day of August, 1919, for the adoption or rejection of the proposition to levy a special road tax not exceeding the rate of 15 cents on the \$100 valuation of taxable property for road and bridge purposes.

Only qualified voters of this county who pay a property tax shall be permitted to vote at said election.

Said election shall be held at the polling places of the several election precincts of this county and shall be conducted by the officers holding same in strict accordance with the law and returns made in conformity to the laws of this state and in accordance with this proclamation.

Signed this the 24th day of July, 1919.

ROBERT WEAVER,
County Judge, Mills County,
Texas.

TELEPHONE NOTICE

A change having been made in the management of the Rural Telephone company's business at Goldthwaite, we request all telephone users and others who have unfinished business of any kind with the company to call and settle the matter while Mr. Mohler is with us, for he understands all details and a more satisfactory settlement can be made, perhaps, with him. It is important that all old business be settled before Aug. 10, as Mr. Mohler is planning to retire from the management, therefore, we request prompt attention on the part of those patrons who have any matter to be settled with the company.

GOLDTHWAITE RURAL
TELEPHONE COMPANY,

YE HUSBANDS

A listening ear may bring you information that love and appreciation are to a woman what dew and sunshine are to the flowers. They freshen and brighten her whole life. They make her strong hearted and keen sighted in everything affecting the welfare of her home. They make her to cherish her husband when the cares of life press heavily upon him; and to be a very providence to her children.

To really know her husband loves her and is proud of her and believes in her; that even her faults are looked upon with tenderness; that her face to one at least is the fairest in all the world; that the heart which is to her the greatest and noblest holds her sacred in his innermost recess above all other women, gives a strength and energy and sweetness and vivacity which all the world cannot bestow. Let a woman's life be pervaded with such an influence, her mind and heart will never grow old, but will blossom and sweeten and brighten in perpetual youth. On the other hand, if she has to be continually harassed with your un-called-for and unkind criticisms, fault findings and sharp-cutting sayings, her life and your home will never reach the ideal in happiness. How can a woman, whose husband is unkind unappreciative and indifferent to her efforts to be a true, loving companion, be her real self when she realizes the man who promised to love and protect her is more polite, kind and attentive to others than to her. Some men are all smiles when others besides home folks are about, but the fur often flies when the company is gone.

A good woman is entitled to more politeness and respect from her husband than any other living person. There are many breaking hearts caused by man's indifference towards his wife. Some men think their tracks are covered up and the public ignorant of their ways.

If it was the woman instead of the man society would turn its back upon her, but Mr. Man goes on and is hail fellow well met. Woman's heart-strings are often strained to their utmost capacity as they are forced to yield to the inattention of the man who won her affections in childhood or young girlhood and led her to the matrimonial altar where he made promises he is failing to carry out. One fault in the way of living of not a few people is that they never make company of their own families. The habit of treating those who are nearest and dearest to us with discourtesy and disregard is one that clouds the sunshine of too many homes. When we learn to be polite, not only as society people, but as husbands and wives, sisters and brothers, parents and children, we shall do well. No home can be happy wherein sarcastic, cutting speech and rude disregard for one another's rights is the rule. Mr. Man, wherever you are, or whatever position you may hold,

whenever you disregard your marriage vows and lose your self respect for that little woman and mistreat her you are largely to blame and it can be truly said of you, "Physician, heal thyself." Ye who read and are not guilty may use the shovel, but if guilty use the rake. Some things need cleaning up in the church as well as out. Where do you stand? What will you do? If some men don't owe their wives apologies (which perhaps they will never make) the word apology should be stricken from the list. Thou art the man and you know it. We once heard of a man saying he ought to apologize to a man whom he had wronged, but he would go to hell before he would do it. We know men who claim to be going the other way who have said and done things that if they don't straighten up here on earth by apologies and sorrowful repentance that need not be repented of there will be quaking and trembling before the throne. Truth is truth and the man in the church who slips around to get bootlegging booze to drink is no better than the bootlegger. The man who willfully violates the laws of his country, state, county and town and has to dodge around to evade detection is liable to run up on something that will cause other violations and in the end his sins will find him out. God is not mocked, for whatever a man soweth that shall he also reap. H. C. COBB,

GOING UP

The state tax board is in session at Austin and the indications are that state and school tax levies will be put to the constitutional limit. There is a special tax of 15 cents on the \$100 valuation for free text books. Appropriations by the session of the legislature just ended are three million dollars in excess of the appropriations by the last legislature and total \$29,250,000.00. The total valuation in the state is \$3,100,905,725.

R. M. THOMPSON - Editor.

A cloudburst at Austin Monday did great property damage and the streets of the city were flooded. Several houses near a small creek in the suburbs were carried away by the flood.

The explosion of an immense dirigible balloon flying over Chicago Monday caused the death of sixteen people and a number of others were injured. The balloon fell in flames, crushing in the roof of a large bank building.

Heavy floods have been reported this week thru northern and western Texas. Much damage has been done to grain in the shock and other property damage has resulted from excessive rains and swollen streams.

The debate in the United States senate on the peace treaty and league of nations has been the center of interest about the capitol and, in fact, much interest has been taken in the subject by the people of the nation.

Old Whiskers claims that he will punish the Mexicans guilty of murder and other crimes against Americans, but he has made so many of these pledges and failed in them all that his word carries no convicting force. If he really would like to have the criminals punished, which is extremely doubtful, he is too weak to enforce his demand or make good his promise in the face of the opposition of those who are antagonistic to Americans and who mistake the forbearance of this government for cowardice or lack of strength.

A race riot developed in the city of Washington Monday, almost in the shadow of the national capitol, in which one negro was killed and a number of people were injured. That Washington should be the scene of race conflict is not strange, for political equality is recognized there to a greater extent, perhaps, than any other part of the country and it is political equality that has caused much of the race trouble. Not only is the negro misled by his political recognition to believe that it means social equality as well, but it is in reality not best to allow any sort of equality.

Young men who are industrious, ambitious and honest and whose characters are above reproach have many advantages for accumulating sufficient wealth to live well and be of service to their fellow men. The public wants young men of this character to have a chance to serve and it will see that a place is opened in society for such services. Whether or not such men care to accumulate wealth and use it for the benefit of humanity as well as themselves, they will have the opportunity to do so. But the selfish, designing, immoral will soon be known and society will not co-operate or encourage their efforts.—Farm and Ranch.

Go along the streets of our city and you can point out the boys who in the next decade, will be the grumblers and growlers. You will see them sitting idle on a dry goods box, swinging their feet and squirting tobacco juice. In ten or twenty years from now they will be doing the same thing and declaring the world has been made all wrong. Never having made an effort to do anything for themselves they do not like those who have having nothing themselves they look upon every man who has gained property or high standing or high professional reputation through unceasing toil and economy of time and means, as having wronged them in some way and as an enemy to be denounced in season and out of season.—Hamilton Record.

RELATING TO CONFEDERATE PENSIONS AND INCREASING TAX RATES FOR PAYMENT OF SAME

House Joint Resolution No. 35.
Proposing an amendment to Section 51 of Article 3 of the constitution of the state of Texas to provide that the legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$0.07) cents on the \$100.00 valuation of property in this state for the payment of such pension, providing that the legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof.

Be it resolved by the legislature of the State of Texas:

Section 1. That Section 51 of Article 3 of the constitution of the state of Texas shall be amended so as to hereafter read as follows:

Sec. 51. The legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipalities or other corporations whatsoever, provided however, the legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of this state since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the state of Texas during the war between the states served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the state of Texas who were in active service during the war between the states and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1866, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this state under any existing law or laws hereafter passed by the legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the confederacy under such regulations and limitations as may be provided by law, provided the legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the constitution of Texas a state ad valorem tax on property of seven (\$0.07) cents on the \$100.00 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the state of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the legislature may reduce the tax rate herein levied. And provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on Tuesday after the first Monday in November, A. D. 1910, at which all voters shall have printed or written on their ballots, "For amendment of Section 51 of Article 3 of the constitution authorizing the legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this state since January 1, 1910," and "Against amendment to Section 51 of Article 3 of the constitution, authorizing the legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The governor is hereby directed to issue the proclamation for said election and have the same published as required by the constitution and laws of this state, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this state not otherwise appropriated for expenses of publications and elections thereunder.

GEORGE F. HOWARD,
Secretary of State.

LOSS OF APPETITE

As a general rule there is nothing serious about the loss of appetite and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation, as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. (Advertisement)

Build a Home First

ARE YOU NERVOUS?

Maybe There Is a Cause For It That You Can Correct

Many who suffer from backache and weak kidneys are naturally irritable, fretful and nervous. Not only does constant backache "get on the nerves," but bad kidneys fail to eliminate all the uric acid from the system and uric acid irritates the nerves, keeping one "on edge," and causing rheumatic, neuralgic pains. When suffering so, try Doan's Kidney Pills, the medicine so well recommended by Goldthwaite people. Read this Goldthwaite resident's statement:

Mrs. N.E. Knight, Goldthwaite, says: "I have been using Doan's Kidney Pills for a good many years when troubled with my kidneys. Sometimes the pains in my back were unbearable and I had a drawing down feeling. I also had headaches and was very nervous at times. I was bothered with the too frequent action of my kidneys, too. Since I have become a user of Doan's Kidney Pills, I have been relieved of all that trouble. Occasionally, I take a few doses to tone up my system and I always get good results."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Knight had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

WOULD GIVE FIVE DOLLARS
A BOTTLE

Railway Superintendent Says
Tanlac Helped Him To Hold
His Job

"I would give five dollars a bottle for Tanlac before I would be without it," said Joe Owens, division superintendent of the Memphis Street Railway, whose address is Box 131, Memphis, Tenn.

"I was getting in mighty bad shape with stomach trouble," he continued, "and was all broken down and tired out. I was so nervous and had such awful headaches that I could hardly sleep or rest; I could eat but little of anything, for nothing agreed with me; I was simply down and out and don't believe I could have kept my job much longer if I hadn't got hold of Tanlac."

"Since starting on Tanlac I have gained five pounds. I eat and sleep just fine and it has strengthened me up and made me feel much better every way that I can't say enough in its praise."

Tanlac is sold by all leading druggists. (adv)

FINE PEACHES

Mrs. Wm. Bird of Rye Valley sent to the Eagle office Tuesday a half dozen of the finest peaches we ever saw or expect to see. They measured 7 to 9 inches in circumference and the six of them weighed nearly six pounds, which was an average of almost a pound each.

Mr. Bird was kind enough to bring the peaches to us and stated that he had only one tree bearing this extra large fruit. It is an immense tree and this year he sold five and one-half bushels of peaches from it at one time, besides having gathered a considerable amount of the fruit at intervals prior to that time.

The Eagle is mighty glad of this delightful remembrance and assures the good lady of sincere appreciation.

SALE OF PRIVILEGES

On Saturday, July 26, 1919, at the court house, San Saba, Texas, at 1 o'clock p. m., the following privileges will be sold at public auction for the four days and five nights of the Sixteenth Annual Fair and encampment to be held August 12-15, 1919, at San Saba, Texas.

Privileges will be sold subject to the rules and regulations of the 1919 Fair catalog and no combinations of the privileges will be permitted and the right is reserved for the directors to close any concession, forfeit the money paid and take possession of the lot or space, when rules or contracts are violated.

Other privileges may be sold, but concessions of a questionable nature or of a demoralizing tendency will not be permitted on the grounds. No peddlers or agents allowed within any inclosure without permits.

The directors reserve the right to reject any and all bids, and highest bidders will be required to sign duplicate contracts showing rights and privileges in detail.

HAPPY HEARTS

The correspondent from Trigger Mountain tells of the marriage of Mr. W. E. Garner and Miss Myrtle Gunter Wednesday evening and the Eagle desires to add its expression of friendship and good wishes for the young couple. While the bride is a stranger in this part of Mills county, her father has long been one of the Eagle's most appreciated friends. Mr. Garner is one of the foremost young men of the county and stands high with everybody. He is a man of integrity and an upright Christian gentleman who is a credit to the county.

PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES

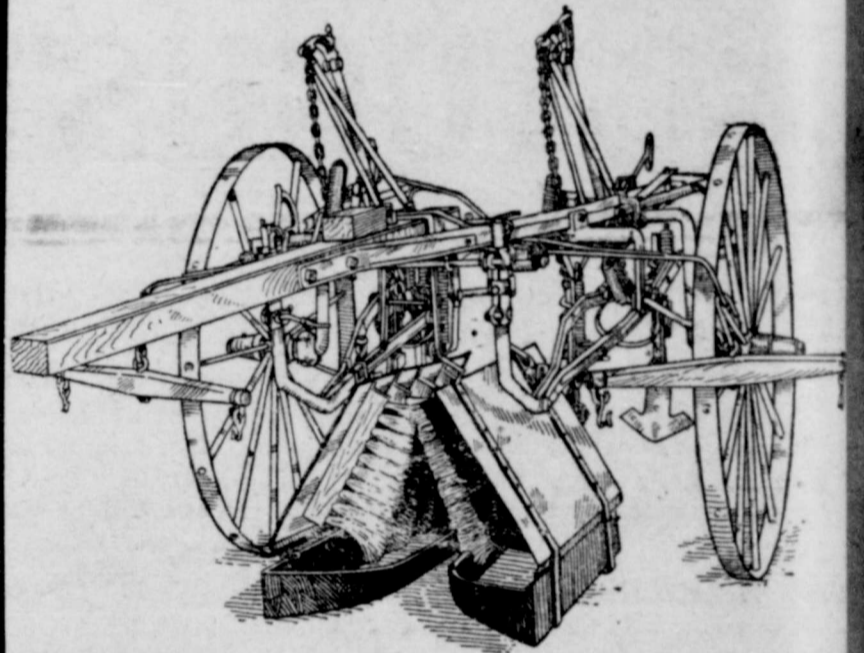

Senate Joint Resolution No. 23.
 A joint resolution proposing and submitting to the people of the state of Texas an amendment to Article sixteen of the constitution of the state of Texas by adding thereto a new section and authorizing the city of Galveston and county of Galveston to issue bonds for protective works, irrespective of constitutional limitation, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds principal and interest, providing for a sinking fund and creating an emergency.

Be it resolved by the Legislature of The State of Texas:

Section 1. The city of Galveston and the county of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to and irrespective of any provisions of the constitution of the State of Texas limiting tax levies and governing bond issues, and for that purpose to levy and collect taxes to retire and pay same principal and interest, but no debt shall ever be incurred for such purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two percent, as a sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein defined; provided, however, that that portion of Galveston county not lying within the corporate limits of the city of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the city of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston county outside of the corporate limits of the city of Galveston; provided that no such bonds issued by the city of Galveston shall be valid unless such bond issue and tax levy be authorized by a majority of all qualified tax paying voters of the city of Galveston voting at an election to be called for that purpose by the mayor and board of commissioners of said city of Galveston.

Sec. 2. The governor is hereby directed to issue the necessary proclamation for submitting an amendment to the constitution to the qualified electors of the state of Texas on the first Tuesday in November, 1919, being the fourth day of November, 1919. Those favoring the amendment shall have written or printed on their ballots the words, "For the amendment

to Article sixteen of the constitution of the state of Texas, authorizing the issuance of bonds by the city and county of Galveston." And those opposed to the said amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the constitution of the state of Texas, authorizing the issuance of bonds by the city and county of Galveston."

Sec. 3. The sum of five thousand (\$5,000.00) dollars, or so much thereof as is necessary, out of the funds in the state treasury not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out of the provisions of this resolution.

GEORGE F. HOWARD, Secretary of State. (Attest—A True Copy.)

When you have a beef hide to sell give me a call.—W. O. McCulley.

Mrs. T. Fincher of McGirk was taken to the Temple sanitarium yesterday for treatment and perhaps an operation. Her husband and mother, Mrs. John Wells, accompanied her.

OIL WELL REPORTS

Reports say that the Wat Heywood well is down 1000 feet or better and rapid progress is being made. There is a standard rig on the work and a few wells will prove the field in that section, it is believed.

The Producers Oil Co. expect to "spud in" a well west of the bayou, on the Locklear place next week. The machinery has all been placed and the crew secured for a steady run.

There has been no excitement in this section over the oil business, but it is confidently believed this will prove to be one of the finest fields.

It pays to read the advertisements in this paper and then to the advertisers about it. Try this plan.

MULLIN

W. O. Taylor sold his drug business to Prof. Daniel and went to San Saba. We don't know whether he will locate there or not.

From some reports afloat, state wide prohibition has not entirely hedged up the way for some of the old soaks getting booze in Mullin that brings the drink. If a man will violate the prohibition law and think he is excusable is it not probable he will need watching somewhere else?

Rev. Weems' meeting at Jones Valley drowned out and also Bro. Vann's at South or North Bennett. It is nothing unusual for meetings to freeze out in Texas, but it is very seldom we hear of one drowning.

Bro. L. L. Hays was to have preached in Mullin last Sunday and Sunday night and he was rained out.

We have had rains this week that soaked the earth and every thing else that didn't have a good top on it.

One of the S. H. Davis daughters died in Fort Worth last Saturday morning. The remains were shipped to Mullin and interred at Duren. Death has done his work in such a way that no family is without his finger marks. Mr. Davis and family have the sympathy and best wishes of all.

The three threshers that started at Mullin about one month ago are still in hearing distance. They began when the grain was too wet and the continued rains have kept them on a strain. Very little grain has been real dry and in merchantable condition when threshed.

RAISE RABBITS

If the people of this country knew of the wonderful productive powers, the cheapness of raising, the cleanliness and the delicious flavor of the domesticated rabbit, every table in the country would be loaded with appetizing food and the meat trusts would go out of business.

Whether you live in the country, town or city you can raise your own meat and have meat to sell and in a year's time develop a money making business.

Physicians recommend domesticated rabbit meat for a diet and sanitariums are using it throughout the country. Notice the following table:

Domesticated rabbit meat yields 83 per cent of digestible nutrition; Pork yields 75 per cent of digestible nutrition; mutton yields 65 per cent of digestible nutrition; beef yields 55 per cent of digestible nutrition; chicken yields 50 per cent of digestible nutrition. From this table we see that domesticated rabbit meat is the best in the world. In point of flavor it is like chicken except it is cleaner, sweeter and more palatable and surer to raise.

The population of the United States has increased 21 per cent in the last ten years. Farm products have increased only 10 per cent. The number of live stock is constantly diminishing. The price of meat must rise.

The demand for food stuffs is greater now than the supply. The world is strained to the utmost in food production. What can we do to conserve the supply of meat? It is plain that we must hit upon a meat animal that will reproduce its own weight many times in a short space of time and yet not consume valuable grain and foodstuffs. Therefore, the answer is as suggested by the department of agriculture, "raise rabbits."

The rabbit makes no noise, no dirt, no objectionable odor. He is clean, quiet and disturbs no one. He grows rapidly and is big enough to eat in sixty days from birth.

If you will raise rabbits only for your own table it is well worth while.

RABBIT RAISER.

House Joint Resolution No. 38, Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as Section 60; providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents; providing for the submission of a proposed amendment to a vote of the people, and making an appropriation to defray the expense of such election.

Section 1. That Article 16 of the Constitution of the State of Texas, be amended by adding thereto a new section to be numbered Section 60, as follows: Section 60. The Legislature shall have power to authorize a division of the net profits arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportion as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Section 2. The foregoing amendment to Article 16 of the Constitution of Texas shall be submitted to the qualified electors of this State for its adoption or rejection, at a special election hereby ordered for the fourth day of November, 1919. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment to Article 16 of the Constitution authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Previous to the election the Secretary of State shall cause to be printed and forwarded to the county Judge of each County, for use in said election, a sufficient number of ballots for the use of the voters in each County, on which he shall have printed the form of ballots herein prescribed, for the convenient use of voters.

Section 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said elections.

PREPARING WHEAT LAND

That early and thorough preparation of the soil for wheat is highly desirable if not indispensable is now generally accepted by the best wheat growers of the country. The experiment stations and the practical growers who have been close observers recognize this fact.

There may be a temptation to defer breaking and preparing land for wheat owing to the fact that labor is high and scarce. It is but human to trust things to the future when it is thought that a little later will answer. It now seems that the demand for wheat for several years may not be less than the present. Be that as it may, every farmer who has land that will produce wheat will be impressed with the importance of growing this crop, at least enough for his own bread supply. There will be a desire to grow as much as possible per acre to reduce the cost of production and release as much of lands as is needed for other crops. To do this, the soil must be prepared early.

Wheat requires a settled, firm seedbed. But this is very difficult to make unless the soil is turned early and harrows, discs, rollers and other pulverers used when desirable. Early and thorough preparation will be very important in the next wheat crop.—Exchange.

PROVIDING FOR THE SEPARATION OF THE STATE UNIVERSITY AND THE AGRICULTURAL AND MECHANICAL COLLEGE AND INDUSTRIAL COLLEGE AND BOND ISSUES BY EACH

Joint Resolution No. 29.
Section 10. In pursuance of constitutional authority and direction of the state, having established the University of Texas at Austin, in Travis county; the Agricultural and Mechanical College of Texas at College Station, in Brazos county; and the Prairie View State Normal and Industrial College for the instruction of colored youths, in the state of Texas, which article relates to education and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas and for a branch college for the instruction of colored youths; and that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that the University, said Agricultural and Mechanical College and said College of Industrial Arts shall be separate state institutions and independent in organization; provides for the sale of the lands belonging to the University of Texas permanent fund and for the division of the proceeds of such sale and all equities between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College; provides that the respective parts of the said fund shall become the permanent fund of each institution and how it shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may utilize the permanent fund of each as a basis for the issuance of bonds for improvements and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College may make provisions for permanent buildings for the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College; and declares said Prairie View Normal and Industrial College a constitutional branch of the Agricultural and Mechanical College; provides that the legislature shall make provisions by appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College; provides for the authority to the University of Texas and the Agricultural and Mechanical College, pending division of the University endowment, to issue bonds redeemable from the income of the endowment and granting authority to the legislature to make appropriations to supply any deficiency; provides that the legislature shall give encouragement and direction to the development of a University of the first-class and an Agricultural and Mechanical College of the first-class and a College of Industrial Arts of the first-class; provides for the submission of this proposed amendment of the constitution to the people, fixing the date for election to be held and making an appropriation to pay the expense of said election.

As resolved by the Legislature of the State of Texas

Section 1. That Sections 10, 11, 12, 13, 14 and 15 of Article VII of the constitution of the state of Texas, which article relates to education and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas and a branch college for the instruction of colored youths, be amended to read as follows: Section 10. In pursuance of constitutional authority and direction of the state, having established the University of Texas at Austin, in Travis county; the Agricultural and Mechanical College of Texas at College Station, in Brazos county; and the Prairie View State Normal and Industrial College for the instruction of colored youths, in the state of Texas, which article relates to education and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas and for a branch college for the instruction of colored youths; and that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that the University, said Agricultural and Mechanical College and said College of Industrial Arts shall be separate state institutions and independent in organization; provides for the sale of the lands belonging to the University of Texas permanent fund and for the division of the proceeds of such sale and all equities between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College; provides that the respective parts of the said fund shall become the permanent fund of each institution and how it shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may utilize the permanent fund of each as a basis for the issuance of bonds for improvements and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College may make provisions for permanent buildings for the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College; and declares said Prairie View Normal and Industrial College a constitutional branch of the Agricultural and Mechanical College; provides that the legislature shall make provisions by appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College; provides for the authority to the University of Texas and the Agricultural and Mechanical College, pending division of the University endowment, to issue bonds redeemable from the income of the endowment and granting authority to the legislature to make appropriations to supply any deficiency; provides that the legislature shall give encouragement and direction to the development of a University of the first-class and an Agricultural and Mechanical College of the first-class and a College of Industrial Arts of the first-class; provides for the submission of this proposed amendment of the constitution to the people, fixing the date for election to be held and making an appropriation to pay the expense of said election.

University of Texas and its constitutional branches, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College, to fulfill the purposes for which created, all lands and other property heretofore set apart and appropriated for the establishment, endowment and maintenance of the University of Texas and its constitutional branches, together with the proceeds of the sale of such lands heretofore made, or hereafter to be made, for the support and benefit of either institution, shall constitute a permanent fund for the University of Texas, the Agricultural and Mechanical College of Texas and for the Prairie View State Normal and Industrial College; provided that when the permanent University endowment shall, by constitutional and statutory authority, be apportioned to the institutions named it shall be divided between the University, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College in the following manner: To the University of Texas, sixty-six and two-thirds (66 2/3) per cent and the Agricultural and Mechanical College of Texas, thirty-three and one-third (33 1/3) per cent; and the governing board of the Agricultural and Mechanical College of Texas shall apportion to the Prairie View State Normal and Industrial College for colored youths such part of, or interest in, the said thirty-three and one-third (33 1/3) per cent as may be determined equitably by said governing board. The principal of all funds accruing to each institution from the division of the University endowment under the provisions of this section shall, whenever the said endowment is divided, constitute the permanent fund of each and shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the governing boards of the University of Texas and the Agricultural and Mechanical College of Texas shall be authorized with the approval of the governor, and in the manner to be provided by law, to issue bonds for permanent improvements, such bond issues to be based upon the permanent funds of the institution issuing them; and the governing board of each institution shall make provision from the income derivable from its permanent fund for the payment of all bonds issued under its authority as may be provided by law.

Section 12. The lands set apart to the University fund shall be sold under such regulations, at such times, and on such terms as may be provided by law; and the legislature shall provide for the prompt collection, at maturity, of all debts due on account of University lands heretofore sold, or that may hereafter be sold, and shall in neither event have the power to grant relief to the purchasers. And, until such time as the University endowment fund shall be divided, in accordance with constitutional and statutory authority, the proceeds from the sale of lands, as realized and received into the treasury of the state, together with such sum belonging to the funds as may now be in the treasury, shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the interest accruing thereon, and any income from the use of the said University lands, shall be subject to appropriation by the legislature and may be available for the redemption of bonds based on the University endowment and to be redeemed from the said interest and income from the use of land, as may be provided by law, to aid in the construction, equipment and maintenance of the University of Texas and the Agricultural and Mechanical College of Texas, and the total of such bond issues outstanding shall at no time exceed four and one-half million dollars and the legislature is hereby authorized to appropriate out of the general revenues of the state such moneys as may be necessary to cover deficiencies in the interest and sinking fund accounts of the bond issues herein provided for. Provided, that the one-tenth of the alternate sections of the lands granted to railroads, reserved by the state, which were set apart and appropriated to the establishment of "The University of Texas" by an act of the legislature of February 11, 1858, entitled "An Act to Establish the University of Texas," shall not be included in or constitute a part of the permanent University fund.

Section 13. The legislature shall provide by appropriation for the equipment, maintenance and development of the University of Texas, and the branches of the said institution named in this article and such other branches as may hereafter be established by law; for the Agricultural and Me-

chanical College of Texas and its branches as now or hereafter may be established by law; for the College of Industrial Arts for the education of white girls; for State Normal Schools and for the Prairie View State Normal and Industrial College for colored youths.

Section 14. The legislature shall give encouragement and direction to and make provision for the educational activities of the respective state institutions provided for in this article and as may be adequate for the promotion of literature and the arts and sciences, pure and applied, and for instruction in the professions, of a university of the first class; and for instruction in all those branches of learning which relate to agriculture, animal husbandry, the natural sciences, pure and applied, connected therewith, the mechanic arts and military science and tactics, requisite to the development of an agricultural and mechanical college of the first class; and for the education of white girls in the literary branches, the arts and sciences, and in social and domestic economy of the age, as may be necessary to establish and maintain a college of industrial arts for the instruction of white girls and for instruction in all the branches requisite to the development of normal schools of the first class.

Section 15. The Prairie View State Normal and Industrial College for the instruction of colored youths of the state, having been located at Prairie View, Waller county, as a branch of the University of Texas, is hereby declared a branch of the Agricultural and Mechanical College of Texas and in lieu of the separate apportionment of a part of the University endowment, as authorized in Section 11 hereof, the said board of directors of the Agricultural and Mechanical College may apportion to the Prairie View State Normal and Industrial College such part of any fund realized from any authorized bond issue by the board for the purpose of permanent improvements as the board may determine to be equitable and the fund so apportioned shall be available only for the purpose of constructing permanent improvements for the said Prairie View State Normal and Industrial College.

Section 2. The governor of this state is hereby directed to issue and have published the necessary proclamation for the submission of this proposed amendment to the constitution of the state, to the qualified voters of the state, said election to be held throughout the state on the first Tuesday in November, 1919, and all voters favoring the amendment shall have written or printed on their ballots the words:

"For the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the constitution of the state of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas, the Sam Houston Normal Institute at Huntsville, Texas, the North Texas State Normal at Denton, Texas, the Southwest Texas State Normal at San Marcos, Texas, the West Texas State Normal at Canyon, Texas and the East Texas State Normal at Commerce, Texas, and other state educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, the Prairie View State Normal and Industrial College in the University permanent fund, and providing for the support, direction and development of state educational institutions."

Those opposing the amendment shall have written or printed on their ballots the words: "Against the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the constitution of the state of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts, at Denton, Texas, the Sam Houston Normal Institute at Huntsville, Texas, the North Texas State Normal at Denton, Texas, the Southwest Texas State Normal at San Marcos, Texas, the West Texas State Normal at Canyon, Texas, the East Texas State Normal at Commerce, Texas, and other state educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College in the University permanent fund, and providing for the support, direction and development of state educational institutions."

Section 3. The governor is hereby directed to submit this amendment to the qualified voters at an election to be held throughout the state on the

RELATING TO SPECIAL TAXES BY CITIES, TOWNS AND COUNTIES FOR PUBLIC IMPROVEMENTS, PUBLIC ROADS, ETC.

Senate Joint Resolution No. 20.

Proposing an amendment to Section 9 of Article 8 of the constitution of the state of Texas, by changing said Section 9 so as to provide for the levy of taxes by counties, cities and towns, not to exceed thirty cents for roads and bridges and a tax not to exceed fifty cents on the one hundred (\$100.00) dollars' valuation in any one year, for the erection of public buildings, streets, sewers, water works, improvements of cemeteries and other permanent improvements, providing for the levy of a maintenance tax by counties, or political subdivisions thereof, not to exceed sixty cents on the one hundred (\$100.00) dollars valuation, upon a majority vote of the qualified property tax payers voting at an election held for that purpose and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas.

Section 1. That Section 9 of Article 8 of the constitution of the state of Texas be so amended that the same will hereafter read as follows:

Section 9. The state tax on property, exclusive of the tax necessary to pay the public debt and the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the one hundred dollars' valuation; and counties, cities and towns are authorized to levy not exceeding thirty-five cents for city or county purposes and not exceeding thirty cents for roads and bridges and not exceeding fifteen cents to pay jurors, on the one hundred dollars' valuation exclusive of taxes levied for the payment of debts incurred prior to the adoption of the amendment, September 25, 1883, and for the erection of public buildings, streets, sewers, water works, improvement of cemeteries and other permanent improvements not to exceed fifty cents on the one hundred dollars' valuation, in one year, and except as in this constitution otherwise provided and the qualified voters, who have been assessed or paid property tax, of any county, or subdivision thereof, now existing or that may hereafter be defined by the commissioners' court, may at an election called in accordance with the law authorizing the levy of a special road tax, by a majority vote levy a special tax of not exceeding sixty cents on the one hundred dollars' valuation on all property, for the further improvement and maintenance of public roads; provided that this provision shall be self-enacting and that no part of such tax shall be available to pay an indebtedness incurred prior to the current year for which said tax is collected, except to pay indebtedness now existing and provided further that such levy may be voted off or changed at any time by majority vote of those qualified to vote under this provision. And the legislature may pass local laws for the maintenance of public roads and highways, without the local notice required for special or local laws.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors at an election to be held for that purpose on the fourth day of November, A. D. 1919, at said election the vote shall be by official ballot which shall have printed or written thereon the words: "For the amendment to Article 8, Section 9 of the constitution of the state of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges and not to exceed fifty cents for the erection of public buildings, streets, sewers, water works and other permanent improvements, and not to exceed sixty cents for maintenance of public roads in one year," and, also, the words "Against the amendment to Article 8, Section 9 of the constitution of the state of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges, and not to exceed fifty cents for the erection of public buildings, streets, sewers, water works and other permanent improvements, and not to exceed sixty cents for the maintenance of public roads in any one year." All voters favoring this proposed constitutional amendment shall erase the words "against the amendment to Article 8, Section 9 of the constitution," etc., and those opposing it shall erase the words "for the amendment to Article 8, Section 9 of the constitution," etc., which erasure shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as cast for or against this proposed amendment; and if a majority of the votes cast shall be for the amendment, it shall be declared adopted; if a majority of the votes cast shall be against the amendment, said amendment shall be lost.

Sec. 3. The governor of this state is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of funds in the state treasury not otherwise appropriated to defray the expense of such publication and election.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewitt, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family. (adv)

SUMMER COMPLAINT IN CHILDREN

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose." (adv)
