R. F. McDermott and wife are the proud parents of a new boy who arrived at their home a few days ago.

T. B. Madrey of Cleburne was here Monday en route to Payne community to visit his sister, Mrs. Lon Elder, and family.

A. C. Kelly of Ranger has been here this week, having been summoned on account of the illness of his mother, Mrs. J. W. Edwards.

Presiding Elder Thos. Gregory held the fourth quarterly conference for the Methodist church here Saturday night and filled the pulpit in that church Sunday.

Among those who attended the Presbyterian meeting in Zephyr last Sunday were W. M. Johnston and family, W. L. Jones and daughter, Otis Carothers and family, Lewis Hudson and Miss Lora, W. H. Linkenhoger and daughters.

A happy meeting was that between Mr. Tom Brantley of Sweetwater and his sister, Mrs. W. M. Doggett, who had not met in 45 years until he arrived a few days ago for a visit to her. This was his first visit to this county and he was much pleased with the conditions.

Rev. Herbert Henderson left Tuesday for Chicago to enter the seminary for a three years course. He served the Presbyterian church here as pastor the past year and made many friends who are pleased with his progress and hope for him a most successful future.

There was something of a family reunion at the home of Mr. and Mrs. T. A. Gardner in the Live Oak community last Sunday when they had as their guests Mrs. Gardner's brother, J. L. Price, of Coryell county, and her sisters, Mesdames Morehead and Self, of Tuscola, and her cousins, Prof. T. L. Price and Mrs. Winnie D. McElroy, of this city.

### DESTRUCTIVE STORM

#### A Wide Area Covered and Great Loss of Life and Property

The tropical storm which broke over the Texas coast last Saturday night and continued until late Sunday was perhaps the most destructive to both life and property ever experienced in Texas.

The greatest loss was in the vicinity of Corpus Christi, where the estimate was that more than one hundred lives had been lost and ten million dollars of property. It will require a careful investigation of the conditions to make an accurate estimate, which may be more than these figures.

Galveston suffered considerably in property loss, but there were no lives lost as far as ascertained. Water reached a considerable depth in the business district, but none of the public utilities were put out of commission.

All along the coast from Galveston to Corpus Christi there was loss and damage, but the full extent can not be known at this time.

There was a considerable storm in New Orleans and throughout that section and the loss at Key West, Fla., was extremely heavy, but there is no doubt that the heaviest loss was along the Texas coast.

A proclamation was issued by the governor of the state and requests were issued by relief committees for help for the homeless and destitute in the storm-damaged district and the response was prompt and liberal. It was said that in Corpus Christi alone there were seven thousand people homeless.

A number of vessels are believed to have been lost at sea during the storm, but definite information as to the fate of the vessels can not be secured for several days, as numbers of them doubtless made for the most accessible harbors and have not yet been reported.

R. L. Clemons represented Star in the metropolis last Saturday. He reported everything lovely in his town.

Mrs. Floyd Jackson and children left for their home in San Antonio Tuesday, after a visit to relatives at this place.

Mrs. Carson returned to her home at Harbin the first of the week after a visit to her nephew, W. K. Marshall, and family in this city.

C. K. Jones and wife have returned to their home in Center City after a protracted stay at Skiatook, Okla., where he was employed in the oil field.

E. J. Roberts and wife were pleasant callers to this office last Saturday and informed us they were preparing to move to Tyler. They have lived in good old Mills county so long they can't stay away, so we will look for them back in 1920. Good luck to them.

Rev. Lampton, a preacher of ability and long experience, has been called to the pastorate of the Presbyterian church at this place and will move here and enter upon the work the first of the coming month. He will serve the Zephyr church in connection with the work at this place.

An inspector of the weights and measures department of the Texas state government reports that he stopped one wagon belonging to a butcher and found in it packages of meat said to total 74 pounds. The customers of that butcher were to be charged for 74 pounds of meat—but the inspector found little more than 56 pounds of actual meat in the packages. The butcher paid a fine gladly—but was told that a second offense would be prosecuted to the limit of the law, which means a term in jail. The commissioner of weights and measures did not give the name of the dealer and his city.—Austin American.

### FALL GARDENS

Faced with the high cost of living, anyone who has available a small plot of ground should feel this year very grateful to the powers that be for the present season that Texas is enjoying. Everyone agrees that a good garden is one of the most effective ways of escaping the high cost of food. Already the splendid gardens, which even the most indifferent gardener has enjoyed this year, have had their marked effect in bringing down, or rather in keeping down the household expenses.

As a rule the gardens of Texas give out about this time or earlier and our fall months are so dry that the gardener becomes discouraged and few people of this state make any effort to grow fall vegetables. But almost as if in answer to our pressing need the present season is an exception. There is now in any soil of this state that deserves the name of garden sufficient moisture to insure good vegetable crops if we will just prepare the ground and do the planting. Most of this planting should be done right now.

The list of vegetables that one can feel sure will mature in their garden this fall is almost as numerous as for spring planting. In putting seed into the ground for a fall crop it is well, even though there is plenty of moisture, to plant a little deeper than in the spring.

By all means use the fall garden as a club against the high cost of living. It will save your pocket book and health at the same time. The congress has a limited number of garden bulletins which it will send to anyone applying.—Texas Industrial Congress.

Dow Hudson came over from Temple the first of the week for a visit to relatives.

## The Goldthwaite Eagle

Saturday, Sept. 20, 1919

### APPEAL FOR AID

The terrible storm and flood at Corpus Christi and at other points along the Texas coast, leaving people homeless and destitute, make it necessary that appeals be made to the charitable people for help. These appeals have been made by the governor of our state and by various committees and organizations and are receiving prompt and liberal response from every section of the country.

Realizing that the people of Goldthwaite and Mills county need only to be informed of the call upon their generosity and given an opportunity to assist those of our neighbors who are in distress and need, I hereby call upon all of our citizens to respond promptly to the call by depositing with Mr. W. C. Dew at the Trent State Bank such amounts as they desire to contribute and Mr. Dew and myself will see to it that the funds thus contributed reach the proper authorities for distribution to the needy.

In furtherance of the plan to hurry supplies and funds to the destitute people, I will appoint a committee to solicit contributions for this cause and I urge all citizens to be as liberal as they feel their circumstances will justify. WILL H. TRENT, Mayor.

### DON'T FORGET

TO DEPOSIT YOUR COTTON AND GRAIN CHECKS OR MONEY WITH

## THE NATIONAL BANK

We have Plenty of Money to Loan when you need it.

W. E. MILLER, President.

## OIL PROSPECT

### Mills County Oil Field In The Lime Light Again

Oil men are beginning to come to Goldthwaite again. Among them are Henry B. Williamson of Houston and M. C. Gregory of Cottonwood Falls, Kansas, both connected with the Texas Production Company, successor to the Clarion Oil Company, whose well is now to where oil is expected at any time.

The Ware-Heywood well is about the same depth as the Production and the people who claim to know say that the indications are good for an oil field.

The Bisbee-Texas Oil Company now have their rig and string of tools on the ground and have a crew erecting frame and will be drilling in a few days, as they have two earthen tanks, which caught full of water during recent rains. There is to be a 3500 foot well or pay oil.

REPORTER.

### MISSIONARY PROGRAM

Circle No 1. will give a Missionary program and a social hour following at the home of Mrs. Chas. Rudd on Monday, Sept. 22, at 3 p. m. All ladies of the Baptist church are cordially invited.

Song.  
Invocation—Mrs. Kemper.  
Talk on \$75,000,000 campaign—Mrs. S. A. Lowrie.

The power of resistance—Mrs. E. O. Priddy.

Violin solo—Mrs. S. A. Lowrie.

He taught us the principles of prayer—Mrs. O. C. Weatherby.

The program of prayer—Mrs. E. B. Anderson.

The personnel of prayer—Mrs. Thornal.

The place of prayer—Mrs. J. D. Priddy.

The purpose of prayer—Mrs. A. E. Evans.

The practice of prayer—Mrs. G. W. Jackson.

What you have given away—Mrs. Chas. Rudd.

Reading—Emily Anderson.

Special music—Mrs. Hugh McCullough.

## Bankers Declare These Very Best Securities That Money Can Buy

Hundreds of banks over the Eleventh Federal District have already invested in the new \$1,000 Registered Treasury Savings Certificates and more orders for them are being received every day by the Federal Reserve Bank at Dallas. Bankers are practically unanimous in declaring these new \$100 and \$1,000 Registered Treasury Savings Certificates the best securities the Government has ever offered.

Individuals, corporations, cities, counties and school districts are also buying these Registered Certificates in large numbers. The State of Texas was one of the first purchasers, State Treasurer John W. Baker getting \$500 worth for each of two State funds. The law does not permit more than \$1,000 (worth, maturity value), to be held in any one name, but each member of a family or firm, each director in a bank or corporation may hold that amount.

The \$100 Certificates may be purchased at all first and second class postoffices and from all banks and trust companies, while the \$1,000 Certificates are obtainable from banks and trust companies only. Each Certificate is registered in the buyer's name when issued and the buyer's name is also inscribed on the face of the Certificate.

Bearing interest at 4 per cent, compounded every 90 days, and maturing January 1, 1924, these Registered Treasury Savings Certificates form an ideal investment. They are exempt from taxation, insured by the Government against loss and may be cashed on ten days' notice. War Savings Stamps of the 1919 issue may be converted into these Certificates if desired.

The cost price for the \$100 Registered Certificates is as follows: August \$83.80; September \$84.00; October \$84.20; November \$84.40; December \$84.60.

The cost of the \$1,000 Registered Certificate is only \$838 for August; September \$840; October \$842; November \$844; December \$846.

The Government will pay the full face value of these Registered Treasury Savings Certificates on January 1, 1924, or the amount invested with accrued interest if the holders want to cash them before that date.

Be wise, invest in the new Registered Treasury Savings Certificates.

—W. S. S.—

## FIGHT DISEASE

Last week I called your attention to the probability of a recurrence of influenza this fall and winter and stated that in the past the death rate grew larger with each recurrence. You were advised to get busy preparing yourselves and your town in anticipation of a recurrence. Since that time reports have reached this department of cases of influenza in three widely separated sections of the state.

While there are many things that have always acted as leading factors in promoting public health work, the dominating impulse should be the desire to prevent sickness, suffering and death, a love for one's fellowman and the desire to do everything possible to add to his comfort and welfare. Civic and personal pride follows closely as a factor promoting public health, for a desire to have the cleanest house and the cleanest town should be the pride of everyone.

I am now calling upon you to set aside one day this week as "Clean Up and Organization Day." Do not stop until you have organized your forces and given your town a thorough cleaning. After a thorough clean up, let us have for our motto "No more trash littered back yards, streets or alleys. No more vacant lots overgrown with weeds and grass. No more pools of stagnant water."

I am asking that all health boards call a meeting this week and invite the school boards, the commercial clubs, the civic clubs, the parent teachers associations, the physicians and nurses and all other organizations interested in problems of health, be invited to participate and at this meeting organize forces, perfect plans for a clean up and provide for follow up workers and emergency demands that may arise.

In anticipation of an epidemic of influenza or one of any other nature, organize your forces, enroll your workers and have everything ready to meet an emergency by a moment's notice.

Where your numbers will not permit of organizing so many different committees, you can combine duties and arrange so that all features will be taken care of by such a number of committees as you are able to organize.

That old cry of "the town is broke, we have no funds" can no longer be tolerated, especially since the work necessary entails no heavy expense and promises so much in return.

Public opinion is one influence that knows no restraint, that puts into practice that old adage "Where there is a will, there is a way." It is now up to you to create that sentiment and you can and in the name of interest and humanity, you should do it.

It is your duty to do so and your towns will be healthier and more attractive by your having done so and your consciences will be clear by having done your duty toward yourself and your fellowman.

C. W. GODDARD, M. D.,  
State Health Officer.

## B. Y. P. U.

Subject—Doctrinal meeting—The Resurrection.  
Song service. Quiz.  
Leader—Vera Berry.  
Scripture reading—John Jackson.

Introduction by leader.  
What Jesus taught about the resurrection—Lewis Eubank.  
The teachings of the apostles—Jim Frizzell.

## NEW LOCATION

I have opened an office in the upper story of the building next to Clements' drug store and am in the market for cotton, cottonseed, grain, wool and mohair. When you have anything in my line to sell or desire to know the price it will pay you to see me.  
G. H. FRIZZELL.

Phone 29.

## PROTECTION OF GRAIN

Several farmers protected themselves against loss to their growing grain by hail with a hail policy and many others wish they had taken the protection offered them, but waited too late.

Corn, cotton, cane, maize, etc., can be protected the same as small grain by a hail policy.

I now offer you protection against fire on your grain while standing in the field uncut, cut, shocked, stacked, sacked or stored in your granary anywhere on your farm, one policy covering in all these conditions.

Also tornado protection after grain is in granary or barn. The rates are very reasonable on this class of insurance.

I am also prepared to take care of your insurance needs in all respects, whether in city or country.

I can get bonds for those who have to give bonds of any kind. Notary work is also done, and will appreciate your business.

W. A. BAYLEY, Agent,  
Goldthwaite, Texas.

## LAMPASAS

The derrick is now up for the oil well which is to be drilled by Dan Taylor and W. W. Allison at the home of Mr. Taylor in east Lampasas.

Miss Rachel Moore and R. T. Smith were united in marriage Saturday morning, September 6, at the home of the bride's parents in the western part of the city.

The Lampasas city school opened Monday morning with Superintendent W. B. Toone in charge and they have an enrollment of 125 in the high school and 320 in the grammar school, making a total of 445.

Mr. and Mrs. W. H. Browning, Jr., will leave in a few days for Billings, Montana, where they expect to make their home. Mr. Browning has been offered a very attractive situation with one of the Clay Robinson banks and has accepted.

N. A. Eppes, who has been here this week feeling the pulse of the public on the subject of installing a sewer system in Lampasas stated Saturday at noon that he had 103 signatures to the petition asking the city council that such a system be granted a franchise.—Leader.

## CHURCH OF CHRIST

There will be services at the Church of Christ Sunday. I wish to have a good crowd. Remember, you are invited to each of these services and requested to bring all with you that you can. Please notice the Wednesday night, Thursday night and Saturday afternoon meetings.

Services as follows:  
Bible Lessons ..... 9:45 a. m.  
Preaching ..... 11:00 a. m.  
Lord's Supper ..... 11:45 a. m.  
Preaching ..... 8:30 p. m.  
Wednesday Bible Lessons 9:00 p. m.

Thursday song practice, 9:00 p. m.  
Saturday Bible Lessons, 4:00 p. m.

Come and bring someone else to these services.  
W. M. SPECK, Minister.

## VICE-PRESIDENT THOMAS E. MARSHALL:

"The Salvation Army recognizes the nature of men and understands that eternal punishment preached to a soul crying out for potatoes is unavailing. The first thing to do is to restore the physical nature of the man and then the intellectual and the spiritual may be touched. The Salvation Army is a great power for good and all men who hope for the uplift of the human race should by word and pen and pocketbook assist it in its onward march."

## GIN NOTICE

We have bought the Fairman gin and are now sole owners and operators of same. This gin has been entirely overhauled and some material improvements made which will merit your patronage. Mr. Chas. Bohannon, with some 20 years experience as gin stand man, will be with us through the season. We ask a liberal share of your patronage and shall at all times endeavor to treat you right. Try us. W. J. Conner was one of our good and appreciated friends of the Trigger Mountain community who transacted business in this city last Saturday and made the Eagle a pleasant call.

We are getting some inquiries with reference to what leases can be bought for in Mills county and in fact have recently made some lease sales. If you want to sell your lease call on us at once. We can sell your leases if they can be sold.—Quarles-McClellan Abstract Company. Abstracts, Leases, Real Estate.

Bring your chickens, hides and cream to McCulley, west side square. (ad)

## KINDERGARTEN DEPARTMENT

By the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association.

By MRS. K. C. SOLOMONS

The routine duties of the wife and mother are the same in practically all homes. Food has to be purchased and prepared; the house has to be kept clean and in order; there is shopping to be done, also sewing, mending and washing—a big item in families with young children—and there are the children.

Very often the mother would seem to have little time or strength to spend other than in attention to her children's actual physical care and requirements and yet by a little wise thinking and arranging she can start many plays and occupations which will not only give the children pleasure and teach them how to do things, but result in a quieter, easier and more joyous task for herself.

#### The Home Atmosphere

One of the most helpful factors in the harmonious development of mother-and-child life is a right attitude of mind. It is of course, most desirable that it be one of contentment and peace, but too often mothers, in addition to the work of housekeeping and the bearing and rearing of children, are obliged to contend with problems of sickness and family disagreements. However, if she can meet such situations with intelligence, courage and self-control, she will create a home atmosphere which will be measureless in its influence.

#### The Yard

A yard can be made an ideal playground at a moderate expense. Playing in sand appeals more than anything else to children of three and four years. It will engross and keep them occupied for hours at a time. Therefore, the first thing to put in the yard is a sand box. This can be done by nailing four boards together and partly embedding them in the ground. Babies should not be allowed to play by themselves in the sand until they are old enough to know that they should not put it in their mouths. And none of the children should be permitted to throw the sand, because of the danger to discarded cooking utensils and a few tin spoons give the children an opportunity to imitate mother's fascinating operations in the kitchen. In warm weather

they can have water to mix with the sand. This makes the play all the more real and engrossing.

Older children find many more things to do with sand. They pile it up and make hills out of it, dig holes and fill them with water, or make representations of the many things that children love to play and think about.

Pretty patterns can be made in damp sand by drawing, with a stick, by pressing stones, pebbles or seeds into it, or by using such objects as grooved shells or the rim of a cup.

Gardening is one of the most wholesome and healthful ways in which children can be employed. Each child may well have a space in the yard allotted to him for planting and tending a little garden of his very own.

All kinds of outdoor games can be played in the yard and the children can romp to their hearts' content. For the younger children, games with a rubber ball or with bean bags are the best.

Older children enjoy having a swing, but it is likely to be dangerous for the little ones when they are running heedlessly about.

#### Play Materials

Almost all children have wooden blocks of one kind or another to play with and they scarcely need to be shown what to do with them. They love to make such things as houses, trains, trolley cars, buildings, bridges and furniture. Any materials that lend themselves to representation of this kind are a delight to children. Kindergarten tablets (round, square, oblong and triangular pieces of wood of the dimension of one inch) can be used for representing many things; also colored sticks and slats of different lengths and seeds of different varieties.

In the same way, children enjoy representing objects in clay and by drawing and painting. Clay work, however, is better left for school by mothers who have much to do, as work in this material requires considerable attention and direction.

Are you one of the satisfied customers of our cream station? If you are not, perhaps we are both losing money.—W. O. McCulley.

### CORN CONTEST

## \$20.00 in Gold

To be Given to the Farmers of Mills County.

For the Best 12 Ears of Corn—  
**\$10.00 in Gold**

HARROWING EXPERIENCE

A Mullan Man In The Corpus Christi Storm

Experience and observation—these two words carry with them meanings that the English language is deficient in words to convey to the readers their true significance in time of storm.

On awaking Sunday morning with my toes almost in the water, the wind blowing a gale and the waves rolling in from the bay, took things easy until the buildings adjoining began to give way and I was warned to flee for my life. I grabbed my suit case and was ordered to drop it, plunge over the banisters of the porch into wind and water and lose no time. By this time I began to realize the situation and over I went into water over knee deep with a wind blowing a gale of fifty miles an hour. I did my level best and the rising tide with bursting white caps and the hardest rain I was ever in were on my tracks. Gaining on me until I was in water waist deep. I became so exhausted I ran up the steps of a vacated residence to recuperate. The water rushed up the steps on to the porch and about the time I began to think "what shall I do?" two strangers came splashing through the water, grabbed me by each arm and out into the surging waves rushed me to a concrete, one story building, which was soon flooded and we had orders to hit the water again, which we did and about 60 of us started somewhere else. Men, women and children made another dash for liberty, this time nearly swimming and making for a two story reinforced concrete building, where we remained until 10 o'clock the next day, spending the night in total darkness with buildings tumbling all about us and at times driven against our place of refuge, almost breaking it in twain. The situation became so alarming some men made a bridge to the flat top of another concrete building and a number of them cooned the bridge and laid down behind the fire walls in the pelting rain.

There were many things that happened through the night that (except sleep) would burden my article. We wrapped ropes and rescued eight people from the top of an adjoining building, two of them 74 years of age. We would throw the ropes across to them and they tied them around their bodies and jumped into the water, then eight or ten feet deep, and we towed them to our side and pulled them up. These made 68 in our rocking building.

When daylight came we found the water had receded some and our building almost undermined and dangerous. We began to dismount again into the water waist deep and waded three-fourths of a mile to the court house, where I am scribbling these thoughts and where hundreds of people are assembled. Where hundreds of houses stood the evening before they were nearly all destroyed and the few left standing were unsafe.

Maxwell Kirkpatrick, G. A. Cobb and Henry Cobb lost everything they had except the clothes they had on and the writer lost everything except an old suit he carried with him to wear when he went fishing.

When we started on our long wade Monday morning, a strong man with a stick went in front, the writer next swinging to his coat tail and four women strung out behind, the foremost hanging to my coat and the others following in order. Who said I am not a ladies' man? (In time of flood.)

Corpus Christi along the bay and lowlands is almost a complete wreck. Thousands of people are homeless. I have read about such storms and have seen pictures of the wrecks, but neither of these have ever equaled the experience of being right there while it was putting on. I got four good messes of fish before the performance began. If you should ever desire that I try another to get to tell you about I most emphatically beg to be excused.  
H. C. COBB.

"The One-Price Store"

SCHOOL OPENING

Enrollment Large and Outlook For Successful Term

The public school opened Monday and Supt. Price reports the enrollment has reached a total of 364, which is especially large for the first week. Many pupils can not enter for a few weeks, on account of the crops and other conditions and it is confidently believed by those in position to know that the total will reach fully 500 in a few weeks.

There were formal opening exercises at the auditorium yesterday morning, at which time a number of patrons and well-wishers of the school assembled with the pupils and were addressed by Rev. W. G. Callihan, Elder Speck and Judge Weaver.

Following is the enrollment by grades and the name of the teacher in charge:

1. Miss Erma Harrison, 39
  2. Miss Rosa Johnston, 23.
  3. Miss Evelyn Northington, 48.
  4. Miss Fannie Jackson, 34.
  5. Miss Katherine Palmer, 46.
  6. Miss Maud Mitchell, 38.
  7. Prof. Arthur Smith, 31.
  8. Miss Lura Miller, 39.
  9. No teacher secured, 27.
  10. Miss Lora Hudson, 15.
  11. Mrs. Winnie D. McElroy, 24.
- Prof. T. L. Price, superintendent, left last night for Austin to secure a teacher for the ninth grade and it is expected the vacancy will be filled by Monday morning.

MARRIED IN DALLAS

Ray Hamilton Skaggs of Winters and Miss Catherine Mickley of Dallas were married at 7 o'clock last night at the manse of the first Presbyterian church, Dr. William M. Anderson officiating. After the first of next week the couple will be at home at Winters.—Dallas News, Sept. 19.

The groom is a son of Mr. J. M. Skaggs and spent several years of his childhood in Goldthwaite, where he has many friends and well wishers who extend hearty congratulations to him and his bride.

J. A. Kinard, assistant director of the state department of agriculture, will be in Goldthwaite Saturday, September 20, and will deliver an address to the farmers at the court house at 3 p. m. Mr. Kinard is an interesting speaker and will have some valuable information to give the farmers in regard to cotton conditions and how to obtain the best price for their present crop.—X

We will prove our appreciation of your grocery trade.—Baker & Wells.

We can sell your leases if they can be sold.—Quarles-McClellan Abstract Company. Abstracts, Leases, Real Estate.

Bring your chickens, hides and cream to McCulley, west side square. (ad)

## KINDERGARTEN DEPARTMENT

By the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association.

By MRS. K. C. SOLOMONS

The routine duties of the wife and mother are the same in practically all homes. Food has to be purchased and prepared; the house has to be kept clean and in order; there is shopping to be done, also sewing, mending and washing—a big item in families with young children—and there are the children.

Very often the mother would seem to have little time or strength to spend other than in attention to her children's actual physical care and requirements and yet by a little wise thinking and arranging she can start many plays and occupations which will not only give the children pleasure and teach them how to do things, but result in a quieter, easier and more joyous task for herself.

### The Home Atmosphere

One of the most helpful factors in the harmonious development of mother-and-child life is a right attitude of mind. It is of course, most desirable that it be one of contentment and peace, but too often mothers, in addition to the work of housekeeping and the bearing and rearing of children, are obliged to contend with problems of sickness and family disagreements. However, if she can meet such situations with intelligence, courage and self-control, she will create a home atmosphere which will be measureless in its influence.

### The Yard

A yard can be made an ideal playground at a moderate expense. Playing in sand appeals more than anything else to children of three and four years. It will engross and keep them occupied for hours at a time. Therefore, the first thing to put in the yard is a sand box. This can be done by nailing four boards together and partly embedding them in the ground. Babies should not be allowed to play by themselves in the sand until they are old enough to know that they should not put it in their mouths. And none of the children should be permitted to throw the sand, because of the danger to discarded cooking utensils and a few tin spoons give the children an opportunity to imitate mother's fascinating operations in the kitchen. In warm weather

they can have water to mix with the sand. This makes the play all the more real and engrossing.

Older children find many more things to do with sand. They pile it up and make hills out of it, dig holes and fill them with water, or make representations of the many things that children love to play and think about.

Pretty patterns can be made in damp sand by drawing with a stick, by pressing stones, pebbles or seeds into it, or by using such objects as grooved shells or the rim of a cup.

Gardening is one of the most wholesome and healthful ways in which children can be employed. Each child may well have a space in the yard allotted to him for planting and tending a little garden of his very own.

All kinds of outdoor games can be played in the yard and the children can romp to their hearts' content. For the younger children, games with a rubber ball or with bean bags are the best.

Older children enjoy having a swing, but it is likely to be dangerous for the little ones when they are running heedlessly about.

### Play Materials

Almost all children have wooden blocks of one kind or another to play with and they scarcely need to be shown what to do with them. They love to make such things as houses, trains, trolley cars, buildings, bridges and furniture. Any materials that lend themselves to representation of this kind are a delight to children. Kindergarten tablets (round, square, oblong and triangular pieces of wood of the dimension of one inch) can be used for representing many things; also colored sticks and slats of different lengths and seeds of different varieties.

In the same way, children enjoy representing objects in clay and by drawing and painting. Clay work, however, is better left for school by mothers who have much to do, as work in this material requires considerable attention and direction.

Are you one of the satisfied customers of our cream station? If you are not, perhaps we are both losing money.—W. O. McCulley.

R. T. Wilcox and family have moved to this city from east of town and he has accepted a position with McKinley Bros. & Jones. They have a hearty welcome.

Ice cooled chocolates at Miller's drug store. Nunnally's, Whitman's and California Chocolate Shop. Always fresh and will please any taste. Take her a box from Miller's. (adv)

R. F. Swindle, who has been engaged in agricultural pursuits in the vicinity of Indian Gap for the past several months, was in town yesterday meeting his friends and telling of his experiences and prosperity.

C. B. Mohler and family left Thursday for their new home at Menard, carrying with them the best wishes of a host of friends in his community and throughout the county. He was manager of the Rural Telephone Co. here for a number of years and has accepted a similar position at Menard with the West Texas Co. He is experienced in the business and will make good anywhere.

HARROWING EXPERIENCE

A Mullan Man In The Corpus Christi Storm

Experience and observation—these two words carry with them meanings that the English language is deficient in words to convey to the readers their true significance in time of storm.

On awaking Sunday morning with my toes almost in the water, the wind blowing a gale and the waves rolling in from the bay, took things easy until the buildings adjoining began to give way and I was warned to flee for my life. I grabbed my suit case and was ordered to drop it, plunge over the banisters of the porch into wind and water and lose no time. By this time I began to realize the situation and over I went into water over knee deep with a wind blowing a gale of fifty miles an hour. I did my level best and the rising tide with bursting white caps and the hardest rain I was ever in were on my tracks. Gaining on me until I was in water waist deep. I became so exhausted I ran up the steps of a vacated residence to recuperate. The water rushed up the steps on to the porch and about the time I began to think "what shall I do?" two strangers came splashing through the water, grabbed me by each arm and out into the surging waves rushed me to a concrete, one story building, which was soon flooded and we had orders to hit the water again, which we did and about 60 of us started somewhere else. Men, women and children made another dash for liberty, this time nearly swimming and making for a two story reinforced concrete building, where we remained until 10 o'clock the next day, spending the night in total darkness with buildings tumbling all about us and at times driven against our place of refuge, almost breaking it in twain. The situation became so alarming some men made a bridge to the flat top of another concrete building and a number of them cooned the bridge and laid down behind the fire walls in the pelting rain.

There were many things that happened through the night that (except sleep) would burden my article. We wrapped ropes and rescued eight people from the top of an adjoining building, two of them 74 years of age. We would throw the ropes across to them and they tied them around their bodies and jumped into the water, then eight or ten feet deep, and we towed them to our side and pulled them up. These made 68 in our rocking building.

When daylight came we found the water had receded some and our building almost undamaged and dangerous. We began to dismount again into the water waist deep and waded three-fourths of a mile to the court house, where I am scribbling these thoughts and where hundreds of people are assembled. Where hundreds of houses stood the evening before they were nearly all destroyed and the few left standing were unsafe.

Maxwell Kirkpatrick, G. A. Cobb and Henry Cobb lost everything they had except the clothes they had on and the writer lost everything except an old suit he carried with him to wear when he went fishing. When we started on our long wade Monday morning, a strong man with a stick went in front, the writer next swinging to his coat tail and four women strung out behind, the foremost hanging to my coat and the others following in order. Who said I am not a ladies' man? (In time of flood.)

Corpus Christi along the bay and lowlands is almost a complete wreck. Thousands of people are homeless. I have read about such storms and have seen pictures of the wrecks, but neither of these have ever equaled the experience of being right there while it was putting on. I got four good messes of fish before the performance began. If you should ever desire that I try another to get to tell you about I most emphatically beg to be excused.  
H. C. COBB.

SCHOOL OPENING Enrollment Large and Outlook For Successful Term

The public school opened Monday and Supt. Price reports the enrollment has reached a total of 364, which is especially large for the first week. Many pupils can not enter for a few weeks, on account of the crops and other conditions and it is confidently believed by those in position to know that the total will reach fully 500 in a few weeks.

There were formal opening exercises at the auditorium yesterday morning, at which time a number of patrons and well-wishers of the school assembled with the pupils and were addressed by Rev. W. G. Callihan, Elder Speck and Judge Weaver.

Following is the enrollment by grades and the name of the teacher in charge:  
1. Miss Erma Harrison, 39  
2. Miss Rosa Johnston, 23.  
3. Miss Evelyn Northington, 48.  
4. Miss Fannie Jackson, 34.  
5. Miss Katherine Palmer, 46.  
6. Miss Maud Mitchell, 38.  
7. Prof. Arthur Smith, 31.  
8. Miss Lura Miller, 39.  
9. No teacher secured, 27.  
10. Miss Lora Hudson, 15.  
11. Mrs. Winnie D. McElroy, 24.  
Prof. T. L. Price, superintendent, left last night for Austin to secure a teacher for the ninth grade and it is expected the vacancy will be filled by Monday morning.

MARRIED IN DALLAS

Ray Hamilton Skaggs of Winters and Miss Catherine Mickleby of Dallas were married at 7 o'clock last night at the manse of the first Presbyterian church, Dr. William M. Anderson officiating. After the first of next week the couple will be at home at Winters.—Dallas News, Sept. 19.  
The groom is a son of Mr. J. M. Skaggs and spent several years of his childhood in Goldthwaite, where he has many friends and well wishers who extend hearty congratulations to him and his bride.

J. A. Kinard, assistant director of the state department of agriculture, will be in Goldthwaite Saturday, September 20, and will deliver an address to the farmers at the court house at 3 p. m. Mr. Kinard is an interesting speaker and will have some valuable information to give the farmers in regard to cotton conditions and how to obtain the best price for their present crop.—X

We will prove our appreciation of your grocery trade.—Baker & Wells.

No. 6092 REPORT OF THE CONDITION OF THE Goldthwaite National Bank

Fine razors, shears and pocket knives at the Racket Store. (ad)

The Eagle is not sent on credit to anybody. The rule applies to everybody. Frequently it becomes necessary for us to drop the name of some mighty good man from the list in order to remind him of the pay-in-advance rule. It is not a matter of questioning the credit of anybody, for we have dropped the names of men worth thousands of dollars, but it is a question of being true to the rule and treating every man right and alike.

Take her a box of those ice cold chocolates from Miller's drug store. They handle three of the best lines of chocolates made, Nunnally's, Whitman's and the California Chocolate Shop chocolates, put up in genuine California red wood boxes. Our chocolates are always fresh. We keep them in refrigerator case which insures their freshness. (ad)

Latest in picture molds.—Racket Store.

Kill the cotton worms. Get the poison at Miller's Drug Store. (ad)

No danger of our being prosecuted for profiteering.—Yarbozough's Cash Store.

Mrs. J. W. Edwards, who has been dangerously sick for a week or more at her home in this city, was reported somewhat improved yesterday.

C. C. Saylor and wife returned Thursday evening from Temple, where Mrs. Saylor had been in the sanitarium for an operation for appendicitis.

Our candies are kept in refrigerator case and our chocolates are firm and fresh at all times. Take her a box of chocolates from Miller's drug store. (ad)

Let us frame that picture.—Racket Store.

## The Goldthwaite Eagle

Published Every Saturday

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite postoffice as second class mail matter.

R. M. THOMPSON - Editor.

The Eagle appreciates the courtesy of the Bell county fair management in the presentation of a season ticket to the annual entertainment. An interesting program has been provided for the occasion, which includes a Press Day with speech making and the like.

The taxable value of Texas property has increased \$80,000,000 the past year, notwithstanding large sums have been invested in government bonds and Thrift Stamps that are not taxable. The immense output of the oil fields is credited with the greater amount of the increase.

The regularity with which Mexican outlaws murder and rob Americans, both in Mexico and along the border, is alarming and makes us wonder what the end will be and when it will come. Maybe so our government will take a firm stand one of these days and cause old whiskers and his nation of outlaws, brigands and lousy vagabonds to realize that they can not depeadate at will upon American people.

The state pure food and drug department filed 438 cases for violation of pure food laws, during the fiscal year which closed Aug. 31, and secured 366 convictions, or more than double the number of the preceding year. Total fines collected were \$15,028.35, according to the annual report filed with the governor. The department destroyed 520,000 pounds of food found to be unfit for human consumption during their investigations. Inspectors visited 695 towns and 6,333 places during the year; while chemists made 4,906 analyses. Included in the material destroyed was 20,190 pounds of ground pecan shells for use in the adulteration of coffee, according to the report.

A United States senator said recently, "No set of men should have the power to endanger the welfare of all the people of the nation, whether they represent capital or labor." In this he hit the keynote of the great problem that confronts America today. Combination of capital to secure the maximum in development of the resources of the nation is wholesome. But combination of capital to endanger the peace and welfare of the whole nation is and should be unlawful. Combination of labor to secure reasonable wages and working conditions is wholesome and necessary, but combination of labor to endanger the lives and welfare of the one hundred and ten million people of the nation ought not to be permitted. A grave situation confronts the nation. The greatest men and the greatest minds of the world are needed to solve the problems—Comanche Chief.

State Press of the Dallas News differs with the Eagle over the suggestion that the reduction in the cost of living would be a pleasing condition. He argues that high prices make for prosperity and on the basis of his argument the higher the cost of living the more the people prosper. Conditions will not bear him out, however, in his theory. The high prices are beneficial to a certain class—the trusts and organizations of labor, but the small business men and the unorganized laborers, the average citizen, if you please, suffer from the high price of necessities. This principle is recognized by President Wilson when he says the ratification of the peace treaty and league of nations will have a tendency to reduce the high cost of living and it is recognized by the organizations of citizens who are striving to combat the high prices and force them down to a reasonable basis.

## NEIGHBORING NEWS

### Items of Interest Culled From The Local Papers LAMPASAS

A rumor is out that it has been discovered that the Regency well, commonly known as the Young well, is standing 1,300 feet in oil.

The regular session of the public school will open September 22, 1919, and continue full nine months. The faculty consists of sixteen of the very best teachers.

The case of the state vs. J. E. Odiorne, charged with the theft of cattle, was called in district court at Lampasas Monday morning and upon recommendation of the district attorney was dismissed from the docket.

W. W. Skelton came down from Ranger last Saturday to spend Sunday with the family and reports the Estep & Skelton business firm as getting off right foot foremost in the big oil town.—Leader.

### LOMETA

D. A. Tate, who resides on the W. T. Moore farm near Bend, brought the first bale of this year's cotton to Lometa Tuesday.

The city "Dads" are formulating ordinances whereby Lometa is to be cleaned up, and before they finish it is hoped that they will also manage in some way to get the milk cows, horses and hogs off the streets.

The work on the building which is to house Lometa's new light plant was begun Monday and is being rushed to completion. The structure is being erected on the property that was formerly occupied by the Lometa Cedar Company.

Lee Hufstutler is thanking his "lucky stars" that he was not seriously hurt Saturday when he accidentally got the end of a rope wrapped around his neck that had a horse tied to the other end. But miraculously the rope came loose from around the horse's neck before Mr. Hufstutler was dragged far and as a result he is only badly burned about the neck and face.—Reporter.

### COMANCHE

Percy Howard this week suffered the misfortune of being kicked by a Ford, breaking his right arm in two places.

Last Saturday the bankrupt stock of groceries formerly owned by Dexter Walling were sold at public auction, the stock being purchased by H. E. Moore for a consideration of \$500. The stock, including fixtures, invoiced at \$671.45.

Comanche received her first bale of new cotton last Saturday afternoon, September 6, and was brought in by Postmaster E. T. Wyatt of Gustine, who in addition to serving as postmaster of Gustine has also raised a large crop of feed stuffs and cotton this year. The bale weighed 445 pounds and was bought by Sherwood McDonald at 29 cents per pound.

The spread of the anthrax epidemic in this county has been rapid during the past ten days and several farms are now under quarantine against the disease. The epidemic was first noted in the far eastern and northeastern portions of the county line, but last week it appeared between Blanket and Brownwood and reports were received of illness resembling anthrax among livestock in other sections of the county.—Enterprise.

### HAMILTON

Monday morning at 6 o'clock Miss Fay Poston and Travis Franks were quietly married at the home of the bride's parents, in west Hamilton.

The first bale of cotton for the season was sold in Hamilton last Saturday at 30.65 and premium of \$44.50 was paid by the citizens here. The bale was raised by S. A. Joiner.

Tom McKinley, jr. came in last Friday from a year's stay in the Marines. He was a little behind the other Hamilton boys in getting home, but has been having a very hard time since the armistice was signed. He had to undergo surgical operation before he left France and was operated on again after he reached the States, the trouble being caused from an abscess.

It was almost by a miracle that Albert Lane and some other

parties that were in his machine shop Sunday morning were not instantly killed.... A large acetylene gas tank, which is used by Mr. Lane in welding, exploded sending pieces of the tank and fire out through the roof of the building, some of the fragments landing as far as 50 yards from the building. The trouble was all caused by the safety valve failing to work properly, which

was supposed to "pop off" when a sufficient amount of pressure was in the tank.—Herald.

### OIL! OIL!

When you need kerosene, gasoline or lubricating oil I will appreciate your trade. Prompt delivery and good goods at the right price. C. E. STRICKLAND At Estep's Second Hand Store.

### MARTIN'S SCREW WORM KILLER

Kills worms, keeps off the heals wounds, 6 oz bottle. Your money back if not absolutely satisfied. Ask your dealer.

Soap dyes at Miller's store. Here you will find the color of dye you want, it where they have it. Miller's.

The Velvet tin is twice as big as shown here

## "No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?

'Cause Velvet is brought up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will shore mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. See, taste, smell, feel the "real tobacconess" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

Liggett & Myers Tobacco Co.

**GOLDTHWAITE EVIDENCE FOR GOLDTHWAITE PEOPLE**

The Statements of Goldthwaite Residents Are Surely More Reliable than Those of Utter Strangers

Home testimony is real proof. Public statements of Goldthwaite people carry real weight. What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's a Goldthwaite statement.

And it's for Goldthwaite people's benefit.

Such evidence is convincing. That's the kind of proof that backs Doan's Kidney Pills.

A. B. Lane, prop. of grain store, says: "I have used Doan's Kidney Pills off and on for a good many years and have always derived benefit from their use. I bend over a whole lot and it kind of weakens my back a great deal and I am nervous. The action of my kidneys is sometimes too free. I take Doan's Kidney Pills, which I get at Clements' drug store, when I feel this way and always get good relief."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lane had. Foster-Milburn Co., Mfgs., Buffalo, N.Y. (Advertisement)

**THE BEST ADVERTISEMENT**

The best advertisement any merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. Milburn, Prop., Guion Drug Store, Guion, Ark. "We have sold Chamberlain's Cough Remedy for years and have always found that it gives perfect satisfaction." Sold by L. E. Miller & Son. (ad)

**FOR LEASE**

My farm 9 miles north of Goldthwaite; 400 acres, 150 in cultivation, 2 houses—Mrs. M. J. Taylor. For information, address Gordon S. Taylor, Brownwood, Texas, Box 62. (adv)

Lots of new dress goods and trimmings just in.—Yarborough's Cash Store.

**DANGER OF INFLUENZA**

The state health department has issued warning that there is danger of an epidemic of influenza the coming winter similar to that of last winter and urges every precaution. Especially is it urged that all sanitary laws and regulations be strictly observed and the public be extremely careful to prevent the spread of the dreadful disease.

In discussing influenza and the precautions to be taken the Dallas News very properly says: "It can hardly be thought that medical science is well armed for making war against influenza. The store of tested and specific knowledge is meager. From last year's experience something has been learned concerning the treatment of those stricken. The death rate, we believe, was much smaller toward the end of the epidemic than it was in the beginning. But little if any progress seems to have been made toward the solution of the problem of prevention and of the problem of arresting its spread. Congress was asked several months ago to make an appropriation for this purpose, but it has not done so; and of course it is not likely that, from an appropriation made at this late day, results would be forthcoming in time to be of service in a campaign so near at hand. Into that campaign we must go armed with only such hypothetical ideas and notions as have come from unorganized and somewhat casual investigations. However, the fact that we are so ill prepared to make such a war is not a reason why we should not fight with such weapons as we have or can improvise."

**DESPONDENCY**

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once. Sold by L. E. Miller & Son. (adv)

**Why have your winter tailoring done NOW?**

In the first place, there is a monetary advantage, because

A newspaper special from Tybertown, Miss., gave an account of the death of an old negro whose age was 106. The item was especially interesting to Mr. D. S. Warner, for he knew the negro in years gone by. When Mr. Warner was a young man the aged negro lived near the Warner home.

Relatives here of Harmon Lowrie were informed of his marriage to Miss Vera Smith of Stamford in New York City on Wednesday. He and his bride are attending Columbia University and will not come to Goldthwaite until the end of the school term. Harmon is a son of Dr. S. A. Lowrie and was reared here where he has a host of friends who join in extending congratulations and good wishes.

**DON'T FORGET TO DEPOSIT YOUR COTTON AND GRAIN CHECKS OR MONEY WITH THE NATIONAL BANK**  
We have Plenty of Money to Loan when you need it.  
W. E. MILLER, President.

**SALVATION ARMY CAMPAIGN COMMITTEES**

W. E. Miller, county chairman, Robert Weaver, vice-chairman; R. M. Thompson, publicity chairman; D. H. Harrison, treasurer.

The magnificent war activities of the Salvation Army, which have been and are highly praised by our soldier boys overseas, have certainly opened the eyes of all to the splendid spirit of service which has always animated these militant Christians.

As the editor of "Stars and Stripes," the official mouthpiece of the soldiers, so highly puts it: "We used to think of them as a little bunch of folks standing on a corner holding a meeting, beating a drum, but we know them better now. Wherever there is a need, at that place, without any blaring trumpets or publicity, their hands are busy doing practical service for humanity."

Christian people and all who believe in the Salvation Army way of practical service are asked to aid in the effort to raise funds for Salvation Army relief and institutional work. Each community is asked to raise only a small amount per capita.

The next best thing to doing Christian service is to help someone else to do the work. Thousands who are living in places like Mills county, where opportunities for this kind of service are not favorable, can join the Salvation Army work by contributing to and securing contributions for this good and noble cause.

It is my earnest desire as county chairman to reach every community in Mills county and give the people a chance to contribute to the great Salvation Army that has done so much and will continue to do so much for the upbuilding of humanity.

I, therefore, appoint as a Starter Committee for each community all school trustees in that community. To this Starter Committee I wish to add and do hereby appoint every teacher, every Sunday School superintendent and every preacher as a member of this committee in his respective community. These trustees, teachers, superintendents and preachers in each community will form the Men's Campaign Committee for their community.

Please get as many members of this Campaign Committee together as soon as possible and organize and appoint a captain to take the lead in your campaign. As you are better acquainted with the leading women of your community, will ask the Men's Campaign Committee at your very first meeting to appoint a Ladies' Campaign committee to be composed of as many members as the Men's Committee and to have the ladies meet as soon as possible and organize and appoint a lady captain for their committee.

The names of the most successful campaign committee in each community will be printed on the Honor Roll and the name of every person who contributes one dollar will also be printed on the Honor Roll. No person will be asked to give more than one dollar. However, any amount from a nickel up will be appreciated.

On Sunday, September 28, we ask that every Sunday School and every church in Mills county take up a collection for the noble and worthy cause of the great Salvation Army. We ask every Campaign committee to see to this collection and to follow it up during that Sunday and during campaign week, beginning September 29, with a solicitation from every person you can, so none may be slighted or excused in this great work and God will surely bless your noble efforts.

I wish I had the names of all

persons appointed above, but the names of the trustees are all that are available this week. So we print them below that they may get busy at once to have everything organized and ready for the campaign.

In conclusion, I wish to appoint every soldier boy in Mills county a booster to tell your kind-folks and friends about the great and noble work the Salvation Army has done wherever you have been. Very truly,

W. E. MILLER,  
County Chairman.

Texas, or to C. M. Head, Center  
Texas.—A. R. Watson.

Doctors agree that in cases of  
burns, bruises and wounds, the  
best treatment is most important.  
An efficient antiseptic is applied  
promptly, there is no danger of in-  
fection and the wound begins to heal  
fast. For use on man or beast,  
this is the ideal antiseptic, and  
the best agent. Buy it now and be  
prepared for an emergency. Sold by R.  
Caseville, Chamberlain's Remedy  
Company. (adv)

The meeting of newspaper pub-  
lishers in Seranton, Pa., this  
morning sounded a very timely warn-  
ing to publishers regarding the  
future of the paper and the care with  
which the reserve stock should  
be handled. The newspaper busi-  
ness is in a very precarious con-  
dition at best. It is not now a  
matter of the price of blank  
paper so much as it is a difficulty  
to obtain it, while the prospects  
for the future are indeed de-  
pressing. Some change must  
come and come speedily, else the  
newspapers and many of the  
larger ones will meet with  
ruin. If any publisher be-  
lieves those who send out these  
warnings are unduly alarmed he  
had better wait and see and he  
will not have long to wait.

## \$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From  
Baptist 75 Million Campaign For  
Work Among Negroes, Foreign-  
ers and Other Projects.

While \$20,000,000 of the \$75,000,000  
to be raised in cash and five-year  
pledges by the Southern Baptists be-  
tween now and December 7th will go  
to foreign missions, \$12,000,000 will be  
devoted to missions at home. It has  
been officially announced. Home mis-  
sions is regarded by the Baptists as  
quite as essential as foreign missions,  
the larger sum being set aside for the  
latter cause by reason of the larger  
field to be covered—practically the  
entire world.

DR. B. D. Gray,  
Secretary of Home  
Missions for the Southern Baptist  
Convention.

"Twelve million dollars is a large  
figure when compared with what we  
have been doing heretofore," Dr. B. D.  
Gray, corresponding secretary of the  
Home Mission Board at Atlanta, de-  
clares, "but it is very reasonable in  
comparison with our ability and small  
in comparison with the needs of the  
Home Mission fields."

Setting forth the particular obli-  
gation which confronts America since  
the war has transferred the center of  
education from Europe to this coun-  
try, Dr. Gray says: "This brings a  
new day of opportunity and responsi-  
bility to our people. Our schools and  
colleges must be strengthened and en-  
dowed. They must be made thor-  
oughly Christian in fact as well as in  
theory. In this way we are to counteract  
the vicious ideals of Germany and her  
allies in the world war. Our youth  
must be trained on proper lines as to  
religion and ethics. This can be done  
best in our denominational schools."

Some of the educational institutions  
fostered by the Home Mission Board  
are the forty mountain schools, serv-  
ing 3,000,000 residents of the South  
living in mountainous territory where  
public high schools are lacking. Fully  
\$10,000,000 could be used to advantage  
in strengthening the equipment and  
teaching force of these schools, it is  
estimated, so great is the need.

Another demand of the home field  
is the 4,000 church organizations in  
the South which need assistance in  
the erection of suitable houses of wor-  
ship, while more pressing still is the  
problem created by the presence in  
the South of 10,000,000 negroes. Speak-  
ing of the negro problem, Dr. Gray  
says: "They are of more vital con-  
cern to us than any hundred millions  
of people anywhere else in the world.  
Socially, politically, economically and  
religiously they constitute our great-  
est task and we neglect them at our  
own peril as well as their infinite loss.  
Racial relations are tense and the sit-  
uation calls upon Southern Baptists  
for a worthy program in behalf of the  
religious uplift of our brothers in  
black. We must lead them in sane  
missionary and evangelistic work and  
likewise in the development of their  
religious life on sane and helpful lines.  
We need a large company of the best,  
wisest and strongest negro evangelists  
and teachers who shall help us to lift  
up their race and make them worthy  
and worth while as Christian citizens."

That work among the foreigners in  
the homeland offers the best and most  
economical opportunity for missionary  
labors among them anywhere, is the  
declaration of the Home Mission lead-  
ers. These foreigners are in the  
fields, mines and factories and are a  
vital part of our civilization. This  
work among the foreigners not only  
gives them the Christian religion, but  
makes them more contented and bet-  
ter American citizens, it is pointed  
out.

Great hopes for the future of the  
churches in the South are held out in  
the enlarged program of evangelism  
and enlistment which the Baptist 75  
Million Campaign will make possible.  
The Home Board hopes to win from  
200,000 to 500,000 people in the South  
who are not Christians during the pe-  
riod of the campaign.

It is a pleasure for us to sell Primrose flour for we know the customer gets good value and will be pleased.—Baker & Wells.

Mrs. Roy Conro and family received the glad information by wire Wednesday that her relatives living in Corpus Christi were safe. The message stated, however, that they had suffered severe financial loss as a result of the storm.

We have an enormous stock of galvanized iron roofing. Fine to cover barns and granaries. Let us sell you.—Barnes & McCulough.

W. G. Welch came in from Sterling City this week to look after business matters. He reports conditions in the west encouraging and he and his family are well pleased so far. He has located all but about twenty of the sheep he lost in the weeds on the way out.

Rev. M. A. Darby, the newly elected pastor of the Baptist church, writes the church officials that he will be here to fill his pulpit at the Sunday services. He has been unable to secure a car in which to move his furniture and, therefore, can not move his family here until next week.

If it is a magazine, or a daily paper, or a semi-weekly paper, or a stock journal, or an automobile journal, or any other kind of newspaper that you want, see me. I can give some attractive club rates and will appreciate your business.—Duke Clements.

In many respects the record Congressman Blanton has made and is making in congress is to be commended and is endorsed by his constituents, but he is not politic in his actions or diplomatic in his management, which makes opposition to measures proposed or advocated by him. A legislator has to secure the support of other legislators before he can accomplish much and by his course Mr. Blanton has not drawn to himself the support he needs to accomplish desired results. In other words, he appears to be losing out with the other members of congress.

We have Plenty of Money to Loan when you need it.  
W. E. MILLER, President.

**CHURCH WORK TO BE STRENGTHENED**

Special Effort of Denomination Along General Lines Will Be Enlarged And Made Stronger As Result Of This Campaign.

Every general interest fostered by Southern Baptists will be strengthened and enlarged through the success of the Baptist 75 Million Campaign which is now well under way, and which will reach its climax in the final drive to secure this sum in cash and subscriptions during the eight days of November 30 to December 7. A period of five years will be provided for the final payment of these subscriptions but for the campaign to succeed, the sum of \$75,000,000 must be subscribed within the eight days. Many have expressed the belief that the subscriptions will run to \$100,000,000.

At a meeting of the Executive Committee of the Southern Baptist Convention the \$75,000,000 to be raised was apportioned among the general inter-

J. H. Anderson, Wealthy Knoxville Merchant, Who is Chairman of the Campaign in the Baptist 75 Million Campaign.

ests fostered by the Convention, as follows: Foreign missions, \$20,000,000; home missions, \$12,000,000; christian education, \$20,000,000; state missions \$11,000,000; ministerial relief, \$2,500,000; orphanages, \$4,700,000; and hospitals, \$4,125,000.

The apportionment of this sum among the several states within the territory of the Convention has been announced as follows: Alabama, \$4,000,000; Arkansas, \$3,200,000; District of Columbia, \$200,000; Florida, \$1,000,000; Georgia, \$7,500,000; Southern Illinois, \$1,200,000; Kentucky, \$6,500,000; Louisiana, \$3,325,000; Maryland, \$750,000; Mississippi, \$3,850,000; Missouri, \$2,925,000; New Mexico, \$250,000; North Carolina, \$6,000,000; Oklahoma, \$2,250,000; South Carolina, \$5,500,000; Tennessee, \$4,650,000; Texas, \$16,000,000; and Virginia, \$7,000,000.

Here is what this big sum of money will help Southern Baptists do for the Master, as set forth by the Campaign Commission:

"It will equip more adequately and multiply manifold the 1,029 missionary workers of the Foreign Mission Board, and the more than 2,000 Home and State Board Missionaries.

"It will enlarge and raise to a better efficiency the 132 Baptist schools in the South.

"It will go far towards meeting the expanding needs of the Southern Baptist Theological Seminary and the Women's Missionary Training School in Louisville, Ky., the Southwestern Baptist Theological Seminary and Women's Training School in Fort Worth, the Baptist Bible School in New Orleans, La., a Theological Seminary for the Negroes, and will provide a first-class college for boys and girls of the mountain region.

"It will increase greatly our hospital service to the sick, open wider our arms to the orphans and provide a strong support for our aged ministers of the gospel.

"It will put Southern Baptists in position to assume a considerable share in the reconstruction of war-torn Europe and embrace many of the marvelous opportunities for service which thrust themselves upon us from all parts of the world, at home and abroad."

While \$20,000,000 of this sum will go to foreign missions and thus be expended in carrying the gospel and its blessings to other lands, the remaining \$55,000,000 will be expended at home in building up home missionary, educational and benevolent institutions and projects, of which there are a number in every state within the boundaries of the convention.

SHERIFF'S NOTICE OF ELECTION

The State of Texas—County of Mills.

Notice is hereby given that an election will be held on the 11th day of October, 1919, at Center City school house in common school district No. 18, of this county, as established by an order of the Commissioners' Court of date the 15th day of May, 1888, which is of record in book 1, page 71, as changed February 14, 1894, which is of record in book 1, page 533, as changed February 10, 1897, which is of record in book 2, page 155, of the minutes of said court, to determine whether a majority of the legally qualified property-taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School fund apportioned to said district and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding 50 cents on the \$100 valuation of taxable property in said district for said purpose.

J. M. Geeslin has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the commissioners court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this state and county and are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor taxation for school purposes shall have written or printed on their ballots the words: "For School Tax." And those opposed to such taxation shall have written or printed on their ballots the words: "Against School Tax."

Said election was ordered by the county judge of this county by order made on the 12th day of September, 1919, and this notice is given in pursuance of said order.

Dated the 12th day of September, 1919. J. EVERETT EVANS, Sheriff, Mills County, Texas.

EX-PRESIDENT WM. H. TAFT:

"I am thoroughly in sympathy with your work. I believe you reach people who are not reached in any other way. I believe that your experience in dealing with the slums of great cities and your practical methods of charity are of the widest usefulness and I am glad to testify to my high appreciation and admiration of those who are in charge of the Salvation Army and the great good they have done."

**ANNOUNCEMENT**

### ★ STAR SIFTINGS ★

By Our Regular Correspondent.

Our "Specialists" on health, cough, hair and "toad frog" expansion are working hard to have a report ready for next week.

Well, we are lead to the idea that swearing or the "cussing" habit is the best thing that has ever put on the market for "quick growth" into manhood for a twelve-year-old boy, that it will keep a boy in good health, establish a bass voice without undergoing the embarrassing feminine-male change of voice and put a growth of "shinnery" hair in his face that will give the barber the measles and gap any and all razors in Mills county and as to the indications of breeding (?)—research is unnecessary, for it shows an inclination to a very high respect for the ladies—and in this age of "timeless progress" we are having this research made for the benefit of suffering and happy humanity, securing men for good roads work, farm work and good husbands. The report will be interesting and newsy, for we may give the names of the boys making the greatest progress from the use of this lip, hair and bone grower.

Our physicians report the following on the sick list: Mr. and Mrs. Martin McCasland's (McGirk) little girl, Wilma—acute indigestion, Miss Vada Roe—(later) would not get sick, Mr. and Mrs. Roy Paine's little girl, Nina—typhoid symptoms. Little Wilma is recovering and we hope little Nina will escape an attack of typhoid.

We do not believe that Jim Campbell, watching the fish in the clear water pass his grub worms by, got fretted and punched a hole in the bottom of Bennett trying to run them out on the bank. Mrs. Campbell, Miss Bina Weathers of Goldthwaite and Mr. and Mrs. John Wells (McGirk) were assistants on this pleasure trip first of the week.

Mr. Ike Moore of Pottsville is the guest of friends and relatives.

### Worn Out?

No doubt you are, if you suffer from any of the numerous ailments to which all women are subject. Headache, backache, sideache, nervousness, weak, tired feeling, are some of the symptoms, and you must rid yourself of them in order to feel well. Thousands of women, who have been benefited by this remedy, urge you to

TAKE

## Cardui

The Woman's Tonic

Mrs. Sylvania Woods, of Clifton Mills, Ky., says: "Before taking Cardui, I was, at times, so weak I could hardly walk, and the pain in my back and head nearly killed me. After taking three bottles of Cardui, the pains disappeared. Now I feel as well as I ever did. Every suffering woman should try Cardui." Get a bottle today. E-68

Mr. John Cox and Miss Eula Campbell have returned from their visit to B. S. Cox at Sweetwater and report some hope for his recovery. The sanitarium physicians had no remedy and as a last hope they have him under the treatment of a chiropractic operator. He is a paralytic from a diving accident.

The chief county tickless inspector is given a cordial invitation to visit Star and inspect our clean, dip worn and almost milkless milk cows. We are anxious to have them wearing the "free" ribbon.

Mr. Jerry Flatt, who lately sold his farm near Star, has bought the Key place, eight miles east of Goldthwaite and will move after his crops are harvested.

Deputy Sheriff John Clifton is suffering with infected eyes, something like hay fever—hopes for an early recovery.

W. M. Whitt of Cherokee, Texas and his son, Oscar, and family of San Saba are the week end guests of Mr. and Mrs. J. E. Perkins.

Mr. and Mrs. John Waddill gave the young folks a royal time last Friday night week—Music and ice cream.

The residence of Mr. Tom Emby is nearing completion and will be one of the noticeable homes on the Star-Goldthwaite road.

Mr. and Mrs. Jim Slaughter of Dallas are the appreciated guests of friends and relatives, expecting to return home today.

Mr. and Mrs. Ollie Hamilton were one day visitors to Jonesboro, taking Grandma Hamilton, who will remain for a visit with relatives and friends there and also at Gatesville.

Sorghum! Sorghum! The finest and plenty to spare.

Mr. T. Fincher has rented the R. C. Campbell farm on lower Bennett. Mr. Ben Cox, present occupant, has not fully decided on future arrangements.

Home ground meal is again the order of the day, with a drouth stricken mill busy again.

Henry Cornelius comes around as a representative of good health, prosperity and happiness from the McGirk district.

Our effort to please the many Star teachers caused us to get mixed. Mrs. Sam Perkins will teach the McGirk school instead of Miss Katharine Burney.

Virgie and Arthur Arnold, with their friends, were home strangers, boosting the friendly and business crowds last Saturday.

Miss Ollie Price, an esteemed and popular teacher of Evant, will be assistant to Prof. Goodnight with the Hurst school.

Talk about renting a house in or near Star—all taken and more coming who will be taken care of in some way.

Alvin Lee is the guest of his uncle, Milford Lee, and the visit is an aid to the healing of that broken arm.

Albert Henry has an unlimited part of our sympathy—a carbuncle.

Delbert and Howard Faulkner are visiting the home of Fulton Henry from Goldthwaite.

Mr. and Mrs. Ben Cox with J. C. and O. Z. (the Sifter's first prize little friends) were Goldthwaite visitors Thursday. The boys acting as special messengers delivering the delayed Star Siftings.

Mrs. Zula Livingston, under the tormenting influence of a cuspid or bicuspid, visited Goldthwaite Saturday, making the

trip an extended visit with relatives and friends.

Mr. Jim Burris and mother of Fairy, also Mr. Rob Carter of Hico, have returned home after a pleasant visit with Mr. and Mrs. Seth Waddill and Mrs. Waddill is now a Fairy visitor at the Burris home. Seth—?

The Moline gin company proves to be Luther Garrett, Wiley Cook and W. T. Mathis and means success.

Dr. Snodgrass requested an individual telephone number, so just call twenty sick. (26)

Prof. Ira Neighbors will be in charge of the Fairview school for the coming term.

O. C. Knowles, one of our east side progressive farmers has added registered Shorthorns as an aid to success. Also his ad in this issue of the Eagle will be worthy of your notice.

Mr. Steve Weathers and little son Jim were Sunday visitors in the home of R. C. Campbell.

Mrs. Eliza Campbell, accompanied by her daughter, Mrs. Ethel Blacklock, of Fort Worth, returned to her home at Blackwell Sunday. Also Mrs. Amanda McDonald of Temple, a sister, who came to be with her, has returned home. Friends and relatives regretted their departure.

A business trip to the home of James Wright, an east end farmer and stockman, was a surprise to your correspondent. Mr. and Mrs. Wright have battled thru the drouth and by good managing should be pleased with their success. A fine herd of registered Durham milk stock, beautifully located home, a well of the very best water, windmill—yes, and those prize laying chickens—and the crowning happiness of this successful home are two of the sweetest and prettiest children—boy and girl—another pleasing fact, this is only one of many such homes around Star.

Persistent rumor has it that John Hunt and family, who moved to Dallas several months ago, will return to Star. "So be it." We can just see Miss Minnie Ruth and Bettie Marie breaking out of harness to get back to good old Star and Mills county. Then we knew almost that Mrs. Bettie Paine would not remain away from Mills county very long. A welcome awaits them.

Mr. and Mrs. Will Stephan have the assurance of the Star people and community that every aid and courtesy were eagerly given during the illness and death of little Ruth. They would have been glad to have done more could it have been possible, for we know they appreciate to the fullest the help and sympathy extended them. We owe this to each other.

Martin Barnes and family have suffered an attack of the mumps and reports are that all are well again.

#### OFFICE OPEN

We have opened our office in J. V. Coekrum's oil exchange office, next to Baker & Well's store, and urge all who know themselves indebted to us to call and settle before Oct. 1. This is important. Don't forget. COCKRUM & RUDD.

#### EX-PRESIDENT WM. H. TAFT:

"I am thoroughly in sympathy with your work. I believe you reach people who are not reached in any other way. I believe that your experience in dealing with the slums of great cities and your practical methods of charity are of the widest usefulness and I am glad to testify to my high appreciation and admiration of those who are in charge of the Salvation Army and the great good they have done."

## The New Mattress Factory

Is now in operation with an expert mattress maker and good machinery that pulverises the cotton the same as when first ginned. The machine blows the cotton into the tick in one solid bat, giving you a mattress of solid comfort and still more. I carry a full line of plain and Art ticking and will save you money on same. Prices ranging from 20c to 50c per yard.

### All Work Absolutely Guaranteed!

Considering the high price of labor and material and the limited purchasing value of money now being one-half and in some instances one-fourth what it was before the war, I am forced to make the following prices in order to get by:

Making New Mattress Per Work Only.....	\$3.00
Renovating And Making Over Old Tick.....	\$3.00
Pillows, Pads, Child's and 3/4 Mattress Made at Reasonable Prices	

Above prices do not include ticking. The total price of your mattress is governed by the grade and price of ticking used.

It takes 10 yards of ticking for a standard sized mattress. If you furnish your own ticking, better let us do the making. If you are not an expert you might not be pleased with the job.

DON'T FORGET to pick out shucks and excelsior before sending Combination Mattresses to be made over. This will save you expense. Better take measurement of your bed in order to get mattress right size, unless your bed is standard size—4 ft. 6 in. wide by 6 ft. 6 in. long. Wood beds especially and some iron beds vary from standard size.

### We Only Guarantee Work Done by Us

We buy old mattresses that are in good condition and all cotton.

Please Remember All Work Strictly Cash.

Factory next door to Evans' furniture store.  
Thanking you in advance for your patronage.

726 Busch Bldg., Dallas, Tex.

Cotton White is the best flour made now.—Archer Grocery Co.

#### BIG VALLEY SCHOOL

The trustees of the Big Valley school have abandoned the idea of erecting a stone school building in time for the fall term of school, but they will erect three wooden buildings at the site agreed upon for the stone building and will be ready to open school the first Monday in November, which will be the third day of the month. They will use the school building near the Big Valley store and the Center school building in the construction of the three new buildings, which are to be of uniform size and a teacher will be employed in each of the buildings.

## The Goldthwaite Eagle

Saturday, Sept. 20, 1919

R. M. THOMPSON - Proprietor.

### W.S.S. Pay Your Pledge

When you have visitors or know any other local items phone or tell the Eagle.

No use to worry about "something for dinner." Just get a nice roast, sausage and bread at the market. (ad)

Prepare now to own a home. Barnes & McCullough sell everything to build anything. (adv)

The companies we represent are old lines and reliable.—Darroch & Clements.

For Sale—Seed rye and Nicaragua wheat. Write or phone—J. D. Bryan, route 1.

During the war it was patriotic not to build. Now we can best show our patriotism by building—Barnes & McCullough, we sell everything to build anything.

Take Hurbine for all disturbances in the bowels. It purifies the bowel channels, promotes regular movements and makes you feel bright, vigorous and cheerful. Sold by R. E. Clements. (Advertisement)

Our candies are kept in refrigerator case and our chocolates are firm and fresh at all times. Take her a box of chocolates from Millers' drug store. (ad)

Yellow complexion, pimples and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver, which is torpid. Hurbine is a powerful liver correctant. It purifies the system, stimulates the vital organs and puts the body in fine vigorous condition. Sold by R. E. Clements. (ad)

For Sale—My farm five miles northeast of Goldthwaite; 90 acres in the tract, 35 or 40 in cultivation. Will sell at a bargain.—J. C. Fulton.

Swellings of the flesh caused by inflammations, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying Bal-Jard's Snow Liniment. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Sold by R. E. Clements. (adv)

Mrs. B. L. Dillingham left for her home in Austin on Monday night's train, after a visit to her sister, Mrs. L. E. Miller, in this city. Mr. Dillingham came for a visit also and went from here to the western part of the state to look after real estate interests and joined his wife here Monday night for the trip home.

When the bowels feel uncomfortable and you miss the exhilarating feeling that follows a regular movement of the bowels, a dose of Hurbine will set you right in a couple of hours. If taken at bedtime you get its beneficial effect after breakfast next day. Sold by R. E. Clements. (adv)

## CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

## SEES FIRST WELL DAY IN TWENTY-TWO YEARS

Mrs. Altenburg Says Tanlac Is One of Greatest Blessings Of Life

"I am so grateful for the good Tanlac has done me I consider it a privilege to make a public statement so that other sufferers may learn how I was relieved of nearly a lifetime of suffering," said Mrs. J. D. Altenburg, wife of a well known stone finisher, 4213 Simpson street, Dallas, Texas, recently.

"When you consider that I have been a sick woman these twenty-two years," she continued, "it seems hard to believe that I have been relieved in less than three months, and any medicine that would do that should be praised the world over. Twenty-two years ago, when I was a sixteen year old girl, I had a severe attack of typhoid fever, that left me with a serious stomach trouble that has made my life miserable ever since. My food lay in my stomach like lead and wouldn't digest. I suffered from terrible headaches and had a feeling of weakness—a sort of sinking away—hard to describe. My nerves were shattered and at times I couldn't bear to have anybody in my sight, anyone speaking to me or just moving about the room would irritate me so I'd almost break down and cry. Not a single week passed in all that time that I was not sick in bed and often I was totally unfit to do a thing. I fell off until I was dreadfully thin and about the first of this year I was so weak and run-down my condition was really pitiable and I could look forward to nothing but a life time of misery and disappointment. I was forever trying all sorts of medicines in the hope of finding one that would give me the blessing of health, but nothing did me any good till I started on Tanlac.

"It was about the first of April that I began taking Tanlac and in a little while I felt I was getting better. I gained in strength and weight and my friends could see it in my face and soon they began to tell me how much better I was looking and, really I haven't felt so well as I do now in fifteen years. I have felt no discomfort since I began taking Tanlac and very seldom have a headache, my stomach has toned up and I digest my food with ease and I have gained all of eight pounds. I am getting stronger all the time and I can now do many kinds of work that I have not been able to do in years. My improvement has been the talk of the neighborhood and I believe that Tanlac is one of the greatest blessings I ever had, for I feel that I am going to be a well woman for the first time in more than twenty years."

Tanlac is sold by all leading druggists. (adv)

## Notice to Debtors and Creditors Estate of Oddie Griffin, Deceased

The State of Texas—County of Mills.

To those indebted to, or holding claims against the estate of Oddie Griffin, deceased: The undersigned, having been duly appointed administrator of the estate of Oddie Griffin, deceased, (late of Mills county, Texas) at a regular term of the county court of Mills county, Texas, to-wit, on the 19th day of June, 1919, hereby notifies all persons indebted to said estate to come forward and make settlement and those having claims against said state to present them to him at his residence at Regency in Mills county, Texas, where he receives his mail.

Dated this the 10th day of September, 1919.

HENRY L. EGGER,  
Administrator.

## JUST WHAT SHE NEEDED

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them." Sold by L. E. Miller & Son. (Advertisement)

## THE FALL TRADE

The high price of everything the people have to buy makes it necessary for them to be careful to make no mistake in buying supplies. Especially is this true in the purchase of the fall bills for family use, for in almost every line a heavier supply is necessary for fall and winter than for the spring and summer. All dealers are anxious to secure the fall bill for the family and mail order houses and foreign dealers are extremely active at this time. It behooves the purchaser to stay close to the home dealers now, for the home people could not afford to overcharge them or misrepresent the goods, besides the home dealers are nearby at all times to extend every accommodation desired and to aid in keeping the prices within reasonable range. It is a safe plan to read the advertisements of the home merchants carefully, make out a bill of the articles desired and then have the bill filled by the home dealer.

## MARRIED IN BIG VALLEY

Editor Eagle: Mr. George Bohannon and Miss Bertha May Cox were married at the home of the bride's parents in this community on the evening of August 30, Rev. G. A. Jarrett officiating. They are popular young people and their friends here and elsewhere join in extending congratulations and good wishes. Mr. Bohannon was a soldier in the World War and reflected credit upon the colors and his services were appreciated by his home county. The bride is a daughter of Mr. Sam Cox and is a lovely young lady.

WELL WISHER.

## A BIG BEET

Mr. B. S. Leonard of Big Valley brought to the Eagle office a few days ago the largest beet we have ever seen. It measures 26 inches in length and is 20 inches in circumference at the largest place. It weighs 12 pounds and appears to be good for food. This beet was grown in Mr. Leonard's garden from seed supposed to be of the ordinary kind. All of the beets grown from the package of seed were small except this one, but it certainly made up for the rest of them.

## ATTENTION.

Does your car need it? If it's your motor, our years of automobile experience has told us it's needs.

From the old one lugger, that stuck in the mud, to the twelve's and the twenties of the world's greatest aviation motors wrecked in battle, we have helped them in time of need.

We understand and can repair any part of your car.

If it's a tire you need, we have it. Try us and see.
