Ulysses Jarrett has accepted a position in Henry Martin's dry goods store.

H. G. Bodkin went to Waco Wednesday to look after business matters for his firm.

W. E. Harper went to Moody the first of the week to look after his farming interests.

Misses Lucile and Laura Street left Tuesday for Austin to enter the State University.

A. F. McGowan of Rock Springs was among those who attended the Bell county fair the first of the week, having purchased a concession for the occasion.

It pays to patronize your home merchants. Read their advertisements and you will be convinced they are selling goods as cheap as the mail order houses and you see the articles you buy before you pay for them.

W. W. Westerman brought the Eagle a stalk of tobacco this week that is indeed a sight. It is about five feet tall and the top is filled with blooms and seed. Mr. Westerman has grown tobacco here for several years and says it matures well in this climate.

The pay-in-advance, stop-when-out plan of the Eagle appears to be pleasing to almost everybody. A few don't like it and take it as a "reflection," but most everybody realizes it is a business way to do and is for the benefit of the patron as well as the publisher.

Frank Anderson, who was carrier on rural route No. 1 for several years, came in from Atascosa county last Friday night for a visit with friends. His home is fifty miles south of San Antonio, but he was greatly damaged by the storm of two weeks ago. He and his father lost the greater part of their cotton crop besides other crops, as a result of the heavy wind, which stripped the cotton stalks clean.

**C. E. CLUB**

On Friday afternoon, Sept. 19, Mrs. G. N. Atkinson was hostess to the Central Embroidery Club. The pretty home was a most inviting place upon this occasion and the welcome extended was a most cordial one. After the work, which usually occupies the attention of these industrious plyers of the needle, Mrs. Atkinson announced that we would have a short program. Several musical selections were rendered by Mrs. D. L. Lanford and Miss Lillie Martin. Mrs. Rich kindly sang and Mrs. Earl Clements read James Whitecomb Riley's Ride. Another interesting feature of the afternoon was a delicious refreshment plate consisting of salad, olives, midget pickles, bread and butter sandwiches, individual cakes in the club colors and iced tea.

The guests, other than club members were Mesdames S. T. Wells, Marvin Rudd, G. W. McClellan and Mrs. Rich of Temple. The club will meet in regular session on the afternoon of Oct. 3, with Mrs. Jim Cockrum, XX.

**SPONSOR FOR VETERANS**

Miss Athene McGarrity of Brownwood has been selected as maid to the Sponsor for Fort Worth to the United Confederate Veteran reunion at Atlanta, Ga. Miss McGarrity will leave on Tuesday, September 30, for Beaumont where she will meet her aunt, Mrs. L. B. McDonough, who is sponsor from Fort Worth, and after a short visit they will leave for Atlanta. Miss McGarrity will visit in Columbus, South Carolina, before returning home—Brownwood Bulletin.

Miss McGarrity is a sister of Mrs. Tullos of this place and has a great many acquaintances and friends who are pleased with her selection.

**MEANING OF FIGURES**

Some of the Eagle subscribers do not understand the figures printed with the address on their paper each week and it is, therefore, necessary to explain: The first figure represents the month. An example: 1 represents January, 2 represents February, 3 represents March and so on to 12 representing December. The second figure represents the day of the month. An example: 1-1 means January 1, while 1-2 means January 2 and 1-3 means January 3. This goes thru the entire month, as 1-30 means January 30. The third figure means the year. An example: 1-1-20 means January 1, 1920; 2-5-20 means February 5, 1920, and so on thru the months, days of the month and years. Therefore, one's subscription is paid to the time indicated by the figures printed on the label each week. If the figures opposite the subscriber's name are 12 25 19 they show that the subscription is paid to December 25, 1919. Subscribers are requested to notice their figures in order that there may be no mistakes or misunderstandings for our subscription books are in conformity with these figures.

George Clements, Frank Cave and William Thompson left Monday for Austin to enter the State University.

**ODEM, TEXAS**

Editor Eagle:

I will give you a description of the tropical storm that hit the Gulf coast country the 14th. of September.

Corpus Christi is the worst hurt, where were at least 500 people drowned in the high water from the Gulf. There were from nine to twelve feet of water over the business part of town. Big timbers from the S. A. & A. P. railroad floated across the bay to within three miles of Odem. There were about 150 bodies found by searching parties from Odem, White Point, Sodville, Taft and Portland and about 100 that were fortunate enough to get a hold of drift and float across. One old man 70 and one old lady 60 and one little girl 7 years old came across without a scratch. Wreckage of every description can be found along the bay.

The wind did less damage here. There are not six wind mills standing. Barns and other buildings were blown to the ground, but no lives lost here as was reported. The storm lasted 30 hours.

ROY E. KIBBEY.

J. S. Rider and family have moved from Gregory to Sansom, Uvalde county, and order their address on the Eagle changed to that place.

comes into your home. The wizardry of Edison furnishes you with years and years of entertainment produced in a superior way that none but Thomas A. Edison could accomplish.

## EDISON'S NEW DIAMOND AMBEROLA

Among the large number of phonographs and "talking machines" on the market, the genius of Edison makes the Amberola stand out as the One perfect instrument for your home.

Thousands of families in the U. S. A. have purchased phonographs hastily, without careful comparison—and as a result they are repenting their choice at leisure.

You can safely trust the phonograph that has been perfected by the greatest inventor of the age. Choose the Amberola, and you will never regret your selection. The longer you possess an Amberola, the more you will appreciate its marked superiority over ordinary phonographs and "talking machines."

Its marvelous, pure Tone will afford perpetual delight to yourself, your family, your friends. No

**FREE TRIAL**  
In Your Home

We will place an Amberola in your home for a 3 DAYS' TRIAL which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we will send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you DO want it, we'll arrange terms of payment to suit you.

Plenty of stock salt.—Lanford & Miller.

For Sale—Five second hand Ford cars.—Ford Garage.

Colon Conroy arrived the first of the week from Cape Gerardeau, Mo., for a visit to his aunt, Mrs. Matt Roach.

Mrs. Rankin of Fort Worth is in the city visiting her daughter, Mrs. Edward Geeslin, and family. Mrs. Geeslin and children will accompany her home for a visit.

Miss Eloise Crawford of San Marcos, a graduate of the State University, arrived Tuesday to take a position as science teacher in the Goldthwaite public school. This completes the corps of teachers and everything is moving along nicely in the school with the enrollment constantly increasing.

Friends here of John Scott, jr., have received with pleasure the announcement of his approaching marriage to Miss Lillian Murrell, which is to be solemnized at the home of the bride's parents in Temple on Friday, Oct. 3. John is mighty popular with the people of Goldthwaite. He spent the greater part of his childhood here and as a young man was employed in some of the business houses at this place and was later engaged in business on his own account for a time. He is a most worthy young man and numbers his friends by his acquaintances. The young people will make their home in Dallas.

### A SCHOOL SPIRIT

To the Patrons of the Goldthwaite School.

I wish at this time to express to the patrons of our school my appreciation of the interest and support you have already shown in many ways in helping to make the school as near what it should be as possible.

This is only our second week of work this year, yet the excellent school spirit is very noticeable, not only among the patrons, but among the children also. At the opening of the school, I made an appeal to the patrons and children of the school not to take part in any more social affairs than possible during school nights and to see the way you have answered my appeal is certainly very gratifying and encouraging to those who are putting forth every effort that you may have the most efficient school possible.

I believe that all are universally agreed that there has never been a time in the history of this country when it was so obvious that the proper education of our boys and girls is so fundamentally important as today, regardless of sacrifice or cost. The great principles for which this nation gave the best blood, the lessons to be gained by the great struggle through which we have just passed, with all its difficult peace adjustments, must, in the last analysis, be kept alive and taught in every American home, largely by the public schools of our country.

Education at one time consisted mainly of the study of a few text books, but today we know that this is a very minor part, or should be at least, of a real school program, for the purpose today is the preparing of boys and girls for the real problems of life, to fit them to become the most efficient men and women possible, to enable them to see that it is theirs to serve. A child's education can in no wise be classed as complete, unless it includes that which prepares him for real citizenship. As stated above, the great principles for which we fought in the recent World War, the perplexing peace problems, disputes between capital and labor, our foreign relations, and the kindred other topics are yet to be lived out and solved by the coming young men and women of this country.

The real thoughtful educators of today are pointing out to us that, if we are to learn anything from our war experiences, mere book knowledge must not be all that is taught the child, but that our boys and girls should also be taught that real citizenship includes service as well as protection and duties as well as privileges.

These are some of the things we are trying to do for the children of this community and for which we so earnestly ask your help.  
T. L. PRICE, Supt.

County Clerk Lane has issued marriage license to E. J. Rives and Miss Martha McWilliams, Willie M. Roberts and Miss Effie Henderson, Henry Adeock and Miss Mellie E. Merrell.

Mrs. R. L. Steen returned yesterday morning from a visit to relatives in Hamilton.

Fay Reed and his mother, Mrs. T. P. Reed, returned yesterday from Kerrville, accompanied by his sister, Miss Velma, who has been in the sanitarium for some time and is much improved.

Beginning Friday, Oct. 3rd, the Civic League will start a Clean-up Campaign to last ten days and they ask the co-operation of the whole town. Should frost fall and the growth of weeds decay, it will prove a serious menace to the town in the way of influenza and typhoid fever. This is done in accordance with Dr. Goddard's State Health Office Warning.—Reporter.

### ART AND CIVIC CLUB

The Art and Civic club met Wednesday afternoon, September 18, at the charming home of the president, Mrs. R. M. Thompson. An interesting and instructive music program was rendered. Good papers, solos and piano music made the afternoon pass only too quickly.

After the program—the hostess and her daughter assisted by Mrs. J. C. Darroch served delicious salads with bread and butter sandwiches and iced tea to the club members and a few guests.

**AN ANNOUNCEMENT TO PEOPLE WHO READ**

Beginning with the month of October, the Southern Book exchange, Austin, Texas, will publish a monthly booklet, "Books of the Month," for free distribution to all persons requesting to be placed on their mailing list.

"Books of the Month" will have listed in it all the new books of each month, the ten best sellers of the previous month, reviews on all publications, together with publisher's notes. An excellent medium is furnished for keeping in touch with current literature.

It is hoped that persons not having access to a first class book store or library will be benefitted most by "Books of the Month," though the booklet is an excellent guide in selecting new books from the library or from your dealer's shelves. All books listed in "Books of the Month" are supplied by the Southern Book Exchange.

Send your name and address on a postal today and you will be placed on "Books of the Month" mailing list.

J. W. McAlexander has information regarding a recent accident to her niece, Mrs. M. at Trazewell, Va., last in which the lady came near being killed. She was driving on the railroad track when her car was struck by a passenger train and badly wrecked. Had the presence of mind to get to the tonneau of the car thereby escaped instant death. Mrs. McGill is one of the healthiest and most prominent ladies in that section of Virginia and the newspapers give space to the account of the accident.

**IT! SUBSTITUTE FOR NASTY CALOMEL**

your liver without making you sick and can not salivate.

Druggist in town—your doctor and everybody's druggist need a great falling-off in the calomel. They all give the reason. Dodson's Liver Tone is its place.

Calomel is dangerous and people are getting sick while Dodson's Liver Tone is safe and gives better results. A prominent local druggist says Dodson's Liver Tone is guaranteed by every druggist to sell it. A large bottle is sent, and if it fails to give relief in every case of liver disease and constipation, you will be asked for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, safe for both children and adults. It is powerful at night and wakes you fine; no biliousness, sick stomach, acid stomach or constipation. It doesn't gripe or inconvenience all the next day. It is the next best thing to calomel.

**HOLDUP IN HOUSTON**

The following account of a holdup in Houston Tuesday night was read with interest here by the many friends of Mr. and Mrs. J. D. Brown, who were among those held up. The Chronicle gives the following account of the robbery:

As W. A. Moore, owner of a drug store at 1719 Houston Avenue, formerly Siadous' drug store, was counting his day's cash receipts preparatory to closing at 10:40 last night, two strangers unmasked, quietly walked into the store. One approached Mr. Moore and the other, J. D. Brown, drug clerk.

"Throw up your hands," commanded the man who had approached Moore. But Moore, busy counting money, did not even glance up to see a pistol leveled at him. He supposed it just the jesting remark of some young man who had walked into the store. The second man had a pistol leveled on Brown and soon Moore heard Brown say:

"Mr. Moore you had better throw up your hands," and about that time Moore was struck on the side of the head with a pistol. Brown also received a blow or two on the head. While this was going on, three young men and Mrs. Brown, wife of the clerk, walked into the store, not suspecting a holdup was in progress. The two men lined up these persons and one of the men kept a pistol leveled at them and the clerk while the second forced Mr. Moore to open the safe. They took what money was in that and one cash register. They obtained between \$400 and \$500 about \$50 of which belonged to the government, Mr. Moore said. There is a postoffice sub-station in the store.

After one of the men had obtained the money, he backed out the rear door and ran. The other remained in the store several minutes and made his victims keep their hands above their heads. Then he left by the front door, turned the corner and went in the same direction that his partner had gone. As he fled, a young man of the neighborhood jumped on him and pulled off his jumper, which had evidently been purchased just before the holdup.

The Mexican government, or what purports to be a government, has notified the Dallas fair management that no exhibit will be made by that country at the fair, because of Governor Hobby's speech at El Paso in which he said he favored American intervention in Mexico. This may be the reason of the greasers deciding to make no exhibit, but our guess is they have nothing to exhibit. As to the statement by the Governor, he certainly has the right idea and until this country takes a firm stand and establishes a stable government in Mexico they will have no government other than the rule of tribal chiefs and brigand leaders. Certainly the Americans have suffered enough by the depredations of the cactus outlaws and it would be an affront to the visitors to the fair to have an exhibit from Mexico.

Surgeons agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Sold by R. E. Clements. (adv)

## KINDERGARTEN DEPARTMENT

By the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association.

By MRS. ELVIRA HYATT

Punishments should never inflict in anger, but should rather be the natural consequence of the wrongdoing itself. Nature teaches her laws in this way. If you go too near a fire, you are burned; if too much indigestible food is eaten, sickness results and if you drop a fragile glass it will break. No one ever questions the justice of these inevitable consequences, nor will a child ever resent a punishment which he feels to be the result of his own heedlessness or wrongdoing. To quote Miss Harrison, "A child readily realizes that scattered toys must be gathered up, that soiled clothes must be changed, that tardiness brings a loss of opportunity, that money foolishly spent by him will not be re-supplied by the parent, that teasing or tormenting the younger brother or sister causes a loss of the society of the mistreated one, that petulance on his part brings silence on the part of the mother, that recklessness when on the street causes loss of liberty."

In families where several children play together too much can not be said in favor of the quiet hour, a time when each child shall be entirely alone, undisturbed by others. If the children are too old for a daily nap, they can be given some quiet occupation or play, such as looking at picturebooks, drawing with crayons, cutting out pictures with blunt-pointed scissors, making scrapbooks, modeling with clay or plasticine or stringing beads or buttons. With older children and with babies, too, poise and self-control are gained in the silence and the wise mother will give herself as well as the children this hour of rest.

It is a mistake to allow the children to play with a dozen toys at one time. Children can easily be taught when very little to select and play with one thing at a time and to put it away in its place before another is taken. Even in a crowded apartment it is possible to fit up a box or shelf where each child can have a place for his own treasures.

Toys which develop the imagination are better than intricate mechanical toys and elaborately

dressed dolls. Next to a ball the very best plaything is a set of blocks, which is capable of being transformed into anything desired, from a train of cars to a pigeon house. Give a boy of 5 a hammer, some nails and a few pieces of wood and see what he can make—the results are often surprising. Children love to create and the toys which they have made themselves will give a more lasting pleasure than the usual elaborately plaything bought readymade.

The occupations of the grown-ups have great attractions for children. A few simple regular duties should be given them every day. Work is one of the greatest means of spiritual development. Friedrich Froebel says that a child's offer to help should never be refused. To be sure the mother may at first find it far more of a hindrance than a help, but children of 4 or 5 can learn to dress and undress themselves, wipe the dishes, dust the chairs, help make beds, carry small pieces of kindling, empty scrap baskets, water plants and help in many other ways.

If the mother's spirit is right, children will always love to help. Children are little reflectors and soon catch the spirit of cheerful, willing work. If they see work done complainingly what wonder if they also begin to feel badly used when asked to perform some simple, helpful service—and to look upon work as a disagreeable hardship.

# STAR SIFTINGS

By Our Regular Correspondent.

The "Butter-milk" debating society have just concluded their debate, after about six months arguing. Resolved: The dipping of milk cows will cause milking to be a flying visit. Affirmative winning and the negatives now considered as enemies of the community.

During the electrical and rain storm the home of Frank Soules was struck, scattering parts of brick from the flue, ripping off a few shingles, also produced a slight attack of "goggle-eye" on red. No other damages.

J. W. Bradley is a mumps convalescent at the home of John R. ...

Martin Barnes is attending the bedside of his sick mother near Goldthwaite.

J. E. Perkins, J. C. Wells and B. Fincher were a trio business boosting team from McGirk Saturday.

Mrs. Will H. Adams, after recovering from an attack of yellow jaundice, left Thursday (week) for Yuma, Arizona, from where she will go to Ijo, her future home.

Esteen Hamilton has started the bicycle fever with his pretty steed. Hurry up you "cot."

Cris Manning, who has been seriously ill, is doing nicely.

Mrs. Eugene Phelps, who came to account of the serious illness of little Nina Paine, returned to her home in Fort Worth Wednesday eve. Little Nina is considered out of danger.

Henry Peck makes it very near "finishing touch" to his splendid farm on Bennett by purchasing a tractor. This places Peck in the lead on this important farm question. More of the progressive farmers are considering the purchase of a tractor and we predict the "front line" prosperity for the Star district.

Arthur Teague has leased the Hawkins place for the coming year and has moved his family. He will devote his time to freighting business—Star to Goldthwaite.

It is a most pleasing fact—Mr. Campbell, one of McGirk's prosperous and progressive farmers, has bought the C. B. Poe residence and will move to Star. Mr. and Mrs. Campbell are extended a hearty welcome by all. Campbell has leased his farm. We regret to place on the list again, little Wilma McLand—acute tonsillitis.

Arthur Beal gave home folks a surprise by returning in Beaver county, Oklahoma.

Mr. and Mrs. J. C. Fields attended the young folks to a good party Wednesday night—attendance.

Mr. Hamilton and Cyrus Fields determined on a full smoke by importing a fine flock of pigs. (?) Also we must mention Jim Goodnight's "pork destination," if his sack of pigs become endless on one end and his fine little swine and them home. Last year it was hogs and no feed, now it is no hogs. We must get hogs and we are doing it.

Houston Cornelius of McGirk leave next Monday to take

advantage of Hamilton's educational facilities.

A short illness of Mr. and Mrs. James Wright caused Mrs. John Clifton to go to their aid for a few days. She has returned and reports them on the cheerful list.

"Aunt" Mollie Queen of Vista is an enjoyable visitor with friends and relatives this week.

Fred Shave was a mule shipper to Abbott, Texas, from Goldthwaite.

Frank Soules kept his name from the stranger list by paying us a visit this week—the first since July.

We do not know whether Lant Adams thinks the specific gravity of water has increased because his large tank collapsed, but we do know it means a new tank.

We will have our welcome cards printed, gilt edge and perfumed—again we write a great big welcome. Ben Cox has purchased the Will Hawkins home and will move to Star at an early date—School advantages.

Horace Webb has rented the John Waddill place (rock house) and will move in the near future.

Henry Rudolph has rented section No. 2, of the Jim Campbell place at McGirk.

G. J. Carroll buys the Rex Clifton cotton acreage east of Star and Rex is free to accept—an offer.

The obituary, etc., on Johnnie Carter's departed canine will appear in next week's issue—if it doesn't rain.

Wm. Johnson, one of our successful stockmen, made a "scoop" deal the past week by buying the Riley Lee herd of stockers.

Harley Williams is booked to move to the P. O. Harper farm, vacating to Archie Adams, who will try "lonesome" farming—Walter Seims also will try the lonesome act by taking charge of the Seims-Ward farm on "Broomweed" avenue.

B. Slaughter, who has been away for nearly a year, came in home from the Ranger oil fields the first of the week.

A letter from Dallas announces the serious illness of Mrs. John Hunt. Many friends here hope to hear of an early recovery.

Wm. Jones, one of McGirk's highly esteemed farmers, was a business visitor Wednesday.

Mr. and Mrs. John D. Fifer are rejoicing over the arrival of a "brand new" baby boy, who called for his name Wednesday week. His name will be Wilbur Edison.

Mr. Harley Williams is wearing the first bale badge for this season—just one month later than last year's first bale.

Mrs. J. Z. Roberts, who has been quite ill for the past week, has about recovered her normal health.

Elder J. S. Hall of McGirk was a Thursday visitor to Star.

Quit Manning of the U. S. marine service, arrived at home from New York this week on a thirty day furlough. Enjoying the home visit with him are his sisters, Misses Pearl and Maggie of Dallas.

Judging from reports there will be lots of cotton to pick hereabouts.

### SOLICITING COMMITTEES

By reference to the last week's issue of the Eagle it will be seen that a committee of men was appointed for each school district in the county to aid in the Salvation Army campaign beginning Sunday. The men named were requested by the county chairman to select a committee of ladies to assist them and it is supposed and hoped they have all complied with the request.

The following compose the Goldthwaite committees. It is planned to have a contest between these two committees to see which can secure the greater amount of contributions for the Salvation Army:

Men's campaign committee—W. L. Jones, D. L. Lanford, W. H. Linkenhogger, Neal Dickerson, J. H. Saylor, Edward Geeslin, E. J. Weatherby, T. L. Price, A. D. Smith, E. B. Anderson, W. C. Dew, J. C. Street, Revs. G. A. Henderson, T. A. Lampton, M. A. Darby, W. M. Speck, J. W. Kelley and W. G. Callihan.

Ladies campaign committee—Mesdames W. M. Johnston, Walter Fairman, Claude Eacott, Carrie Palmer, L. R. Conro, J. A. Gillespie, W. E. Miller, J. H. Randolph, A. T. Pribble, Fred Martin, W. H. Trent, Chas. Rudd and W. L. Jones, Misses Lawrence Thompson, Sue Nora Berry, Kate Palmer, Lora Hudson, Emma Harrison and Shellye Mayberry.

W. T. Forehand and wife left yesterday for Knickerbocker, where he will engage in ranching. They have a host of friends here who regret to part with them and wish them the best of fortune in their new home.

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite postoffice as second class mail matter.

R. M. THOMPSON - - Editor.

It can not easily be judged how the people of the cities visited by President Wilson and Senator Johnson view the League of Nations controversy, as both speakers had immense audiences and there was much evidence of enthusiasm in the crowds upon the occasion of the speeches.

There was something of a riot in Drumright, Okla., Monday as a result of a strike by telephone operators. A "picket" near the telephone exchange was clubbed by a policeman and the quarrel was taken up by oil field workers who disarmed the chief of police and had things their own way until soldiers and officers were summoned.

The treasury department has given warning of the discovery of a new counterfeit \$20 bill, issued in the name of the federal reserve bank of New York. The likeness of Grover Cleveland and the border on the note are solid black, when the genuine has fine cross lines and the treasury number on the counterfeit note is printed in black, when the genuine is printed in blue ink.

The requests for free space in the newspapers grow with each succeeding season and it is indeed wonderful to see the amount of literature received at a newspaper office with request for free publication. Even the government departments send in large amounts and every drive imaginable is planned on the basis of free advertising, notwithstanding the newspapers are bearing their full share of the increased cost of supplies. The Eagle's waste basket is filled with this literature every day and still it comes.

The statement is often heard that "things will never be the same again" and to a large extent the statement is true. The conditions that existed prior to the war with regard to labor prices and the cost of living will never perhaps reach the same level, but it is indeed a question requiring the most careful thought to forecast just how far every-day affairs of the world will be permanently affected. No thinking person can imagine that the present chaotic conditions can long continue. With prices of the common necessities soaring with no reason for the increase and with many suffering for the want of supplies that are held for unreasonable prices and unreasonable profit, every business and every industry is on an unstable basis.

The strike of the steel workers under the jurisdiction of the international union became effective Monday and the result may be long drawn out, but the final outcome will be watched with interest by the public. This bids fair to be a struggle to the death between an arrogant and overbearing organization of workers—men who care nothing for the welfare of the outsider or the corporation who pays their wage, all they want is more and more, with never a thought of where it comes from or whether or not their employers are driven into bankruptcy by the excessive wages. On the other side is one of the strongest corporations in the world—one that has amassed millions in profits on investments in steel and in labor of its employees. Both sides are, therefore, strong and a devil-of-a-care have either for anybody but themselves. It is difficult, on account of politics and politicians to handle the big combines of either capital or labor, so the best thing to do is let them fight it out. Of course, there will be some smaller companies involved and some smaller interests injured, but the big fight is the point of interest.

In counting the cost of govern-  
ment control and operation of  
railroads, it has been usual to  
strike the difference between net  
income and the amount which the  
government is obligated to pay to  
the owners for the use of their  
property. It is an easy method,  
which probably accounts for its  
popularity. But that it falls  
much short of measuring the  
cost of government control and  
operation is shown by the message  
sent to the Railroad Commission  
by Mr. Herbert, president of the  
Cotton Belt. Mr. Herbert de-  
clares that the physical condition  
of that road has deteriorated to  
a degree that makes it unsafe at  
several points in this state. This  
has resulted, as Mr. Herbert says,  
from the failure of the govern-  
ment to make adequate ex-  
penditures for maintenance work,  
the excuse for this failure being  
as much of this work to be done  
as needed to be done. The case  
of the Cotton Belt is hardly ex-  
ceptional, or if at all, only in de-  
gree. Most of the railroads  
have suffered in like manner un-  
der government control and op-  
eration. It is a part of the gov-  
ernment's obligation, a provision  
of its contract with the owners,  
to return the roads in as good  
condition as they were when it  
took control of them. Hence the  
undetermined cost of doing this  
must be added to the deficit be-  
tween net income and the amount  
it is obligated to pay the owners  
for the use of them to get the  
total cost of government control  
and operation. The deficit alone  
is at the rate of only a little less  
than half a billion dollars an-  
nually, and to this huge sum must  
be added a good many million  
dollars to restore them to the  
physical condition they were in  
when the government took con-  
trol.—Dallas News.

"The Store of Goldthwaite"

### The Goldthwaite Eagle

Saturday, Sept. 27, 1919

J. V. Coekrum left Thursday night for Plainview to look after business matters.

20 per cent off, sale on ladies' skirts and dresses. — Yarbrough's Cash Store.

At a business meeting of the Civic League yesterday afternoon Mrs. Walter Fairman was elected president; Mrs. J. M. Arnold, secretary; Mrs. J. H. Randolph, treasurer.

J. F. Giles returned the first of the week from Des Moines, New Mexico, where he visited relatives and looked at the country. He sold his thresher there and expects to ship it in the near future. He reports Cicero Jones doing well in that country and J. W. Hill, who is visiting there, is well pleased.

L. E. Miller this week purchased from A. J. Harrison the building on Fisher street now occupied by Faulkner & Rudd and Stephens & Walker. He made the purchase as an investment and has no intention of occupying the building with his own business. Mr. Miller, like everybody who understands conditions here, realizes that Goldthwaite property is a mighty safe investment and pays good returns.

### DISTRICT COURT

Grand Jury Adjourned—Jury Docket Next Week

District court convened in this city Monday morning at 10 o'clock. Judge F. M. Spann being absent in New York, looking after business matters, Judge W. H. Browning of Lampasas occupied the bench. The court was only in session two days this week and no cases were disposed of in that time, but next week will be jury week and it is likely several cases will be called. The jurors are to appear Monday morning.

The grand jury adjourned Tuesday afternoon, after being in session only a few hours and returning nine bills, two charging felonies and seven charging misdemeanors. This was no doubt the shortest term a grand jury ever held in the history of the county. Another remarkable feature was that only one bailiff was used. Walter Doggett served as bailiff for the term and was the only one selected.

Following citizens constituted the grand jury: B. F. Geeslin, foreman; J. S. Beck, W. P. McCullough, Jas. Rahl, R. C. Johnson, A. E. Weathers, G. W. Jackson, M. E. Archer, F. A. Leininger, W. H. Williams, C. F. Cornelius, J. A. Holland.

### A REMARKABLE MEMORY

A special from El Reno, Oklahoma, tells of a man of most remarkable memory. It says: "L. B. Troop, a brakeman for the Frisco between Enid and Thomas, was put through a remarkable memory test at Thomas Saturday. Motor cars were lined up on the main street and Troop was led up one side of the street and down the other, taking mental note of the license tag, number and make of each car. He then wrote a list of license numbers in the order in which the cars were parked.

Fellow railroad men say Troop has been known to duplicate as many as 6000 records from memory."

### FATAL ACCIDENT

Henry Ivey of Mullin was the victim of gas explosion at the Desdemona oil field last Saturday afternoon and was so badly burned that he died that night.

Mrs. Ivey was summoned immediately to her husband's bedside and reached him before he died. She found him rational and he remained in that condition until a short time before he died. His remains were carried to Mullin where they were interred Monday afternoon, a large congregation of sorrowing friends attending the sad service.

Mr. Ivey was a son of Mr. T. R. Ivey of Mullin and lived for several years in that community and was married a few years ago to Miss Gladys Templin, who survives him.

To the sorrowing wife, parents and other relatives the hearts of the people go out in sympathy.

### LARGE RELIEF FUND

The relief fund sent from here to the flood sufferers amounted to \$700, which was extremely liberal as compared with other towns and counties of equal population.

After issuing a proclamation to the people last Saturday, Mayor Trent appointed Misses Rosa Johnston, Lucile Street, Sue Nora Berry and Lawrence Thompson as a soliciting committee and they spent Saturday afternoon soliciting for the storm sufferers and met with a liberal response to the call. The amount contributed to the solicitors and that paid to Mr. Dew amounted to \$700, which he at once forwarded to the proper committee at Corpus Christi.

Mills county people can be depended upon to do the right thing every time.

N. S. Edens arrived from Port Arthur yesterday to look after business matters. He is doing well in his new home and is not yet ready to return to Mills county.

## CORPUS CHRISTI

Editor Eagle:

Having almost run my feet off, looked my eyes out and listened to the distress stories of those who were in the storm, I feel like it will be a relief to turn away from all these and write something more of the disaster so that those away from the scene may read.

Relief trains are beginning to come in with provisions, clothing, soldiers, trucks, fruits and anything that can add to the comfort of the distressed. The Red Cross, Uncle Sam and the good people of Corpus Christi are doing their level best to make everything pleasant and comfortable for the tourists as well as those residing here. The homes of the people that were not damaged have been thrown open and a welcome hand extended to the strangers within their gates. If people go away and say aught against the hospitality, human tenderness and love for their fellows of the Corpus Christi citizens, they should be severely reprimanded. We believe a divine Father will remember these good people and speedily lift the cloud now overhanging them, for He can surely say, "Inasmuch as ye have done it unto these, ye have done it unto me." God bless them and bring peace, happiness and prosperity to them and their once beautiful, but now storm stricken city.

I wish it were possible for the writer to speak to the people from ocean to ocean and lakes to gulf and contradict any unkind statements that may go out against the kind, untiring, unselfish, big hearted people of Corpus Christi. Other cities are sending in clothing and provisions to the managers of the Red Cross, who are distributing to those who were losers by the storm. While it will take time to overcome these damages, yet we can't see why this once beautiful city may not be rebuilt and restored to its former beauty.

Some remarkable instances have pushed their way among the many happenings, one of which was a white pony made his way up the steps and remained on the second floor of the Williams hotel until the storm subsided, but when he was led down the steps he slipped and sprained his ankle. A cow was discovered on the stairs of a gallery and for two days refused to descend by the steps and was fed and milked on the upstairs porch. A block and tackle was rigged up and Mrs. Cow lowered to the ground.

There are tourists with all sorts of money taking their places in line with all classes of people to be fed. It is nothing unusual to see women and girls with overalls on. Many first came out with just their bathing suits, one man with white hose and shoes and overalls, another who needed overalls, and in the same chowline was one of the wealthiest men in the city with one leg of his blue serge pants above his knee and the other dragging the ground, ran his dirty hand down into his pocket and took out a door key and said, "Good folks, look here, this is all we have left." There are armed guards on every corner to demand our passes and if we haven't one we hoof it for home or to some place where they issue passes. A gaunt looking pedestrian was greeted Thursday night by a command to halt and who goes there. "Halt, hell!" was his answer. "I am on my way home to get my last Sunday morning's breakfast." One Mexican was caught rummaging through a trunk which he had broken open, a soldier shot him through the hand, arrested him and now he and his family are in jail. The trunk belonged to my brother's wife. More than 1500 houses went down in North Beach where we were located. You can imagine the sights along the shore of the bay miles away, where all this debris was blown and lodged. Pictures and hearsay can never portray what the eyes can see. There is hardly a stock of goods in the city but what is badly damaged and many of them completely washed away and nearly every business house with all the factories are badly damaged and the city without lights. All kinds

### VICE-PRESIDENT THOMAS E. MARSHALL:

"The Salvation Army recognizes the nature of men and understands that eternal punishment preached to a soul crying out for potatoes is unavailing. The first thing to do is to restore the physical nature of the man and then the intellectual and the spiritual may be touched. The Salvation Army is a great power for good and all men who hope for the uplift of the human race should by word and pen and pocketbook assist it in its onward march."

### CAMPAIGN OPENS

The campaign for funds to assist the Salvation Army in its work begins tomorrow. It is intended to give every person an opportunity to assist the noble work of workers for Christianity and humanity and to that end the Sunday School superintendent is requested to take a collection Sunday morning in their school. Get as many names as possible who will pay \$1 each and send their names to the school. Also take a hat collection, in order that those who are not able or willing to contribute as much as \$1 can have opportunity to contribute such amount as they see proper. Every member in the county is also requested to take a collection similar to that taken by the Sunday School superintendents, being careful to send to me the names of all persons who pay \$1 to the

should require no argument to impress upon everyone the importance of the work being accomplished by the Salvation Army. These workers are first line where their aid and services are needed. In the Johnson flood, in the San Francisco earthquake and even at Corpus Christi in the recent storm we the Salvation Army giving aid. Let us remember the facts and by our financial support make it possible for them to continue their good work which can not increase it.

Yours truly,

## 5,000 Helpless Orphans in South Are Asking the Privileges of a Home

Baptists Are Providing For That Many, at Present in Fifteen Institutions  
But as Many More Are Waiting For Admission—The 75  
Million Campaign Plans to Meet That Need.

A Group of Boys and Girls in the Tennessee Baptist Orphans Home near Nashville who are being cared for and trained for useful lives.

Does your heart go out to the worthy boy and girl bereft by the Grim Reaper of father and mother, and left alone in the world without the fostering care of those to whom they are naturally most dear in the world?

Then you will understand why Southern Baptists have established orphanages in fifteen states, are caring for 5,000 such children in those homes and training them for useful lives in the world.

But the need is far greater than the ability of these institutions to meet it. While five thousand children are being cared for in these orphanages, there are on the waiting list of these institutions fully five thousand more equally worthy, fatherless and motherless boys and girls who want the privileges which these orphanages afford but which must be denied them for the present because there is no room with which to shelter more of them.

So when the Baptist 75 Million Campaign was launched for the enlargement of the work of the denomination along general lines in an effort to meet growing spiritual needs in the homeland and throughout the world, the sum of \$4,700,000 was apportioned to the orphanages, this sum to cover a program of five years, as the \$75,000,000 sought in the campaign will be raised in cash and five-year pledges during Victory Week, November 30-December 7.

In the homes that have been provided for the orphans facilities are provided for giving regular schooling of the same character that is afforded in the public schools, beginning with the kindergarten and continuing to the tenth and eleventh grades in the

high school. This work in the school room is supplemented, however, with practical training along industrial and other lines. For instance, the boys are given courses in practical farm work on the farms which have been purchased and are operated by the homes livestock production, carpentering tinwork, plumbing, laundrying, and the like, as well as courses in business for those who show special adaptation for that line of work.

The school room work for the girls is supplemented with the study of music, domestic science, stenography and the like. Large attention is given to the religious life of the children, also, and this is given emphasis in the daily chapel services, and in the Sunday School and preaching services on the Sabbath.

The orphan children respond readily to the opportunities and privileges afforded them and there have gone out from these institutions a number of the most useful men and women in the various states. While taking pride in the accomplishments of the boys and girls who are in the homes at present, as well as those who have gone out from there to make their own way in the world, the superintendent and teachers are saddened by the fact that there are so many other helpless children who ought to be aided but cannot be by reason of the limitations of the homes.

Enlargements are necessary for all of the fifteen orphanages fostered by Southern Baptists which are located in the following states: Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

DELCO-LIGHT was designed and built by men who were raised in farm homes—who experienced the discomforts and inconveniences of farm life—and who set out deliberately years ago to develop an electric plant that would provide city advantages for rural communities.

They were the same men whose engineering talent had made DELCO Starting, Lighting and Ignition Equipment for automobiles the standard of the world—

They knew electricity—and they knew the needs and limitations of farm life—

They know that an electric plant to give service in a farm home must be simple, so that it would not get out of order and require complicated repairs—

It must be easily operated and require little attention—

It must be very economical in operation—

It must be built to stand hard usage and it must last indefinitely—

It required five years to develop a plant that would measure up to these specifications.

There were five years of hard engineering effort back of DELCO-LIGHT before the first plant was put on the market three and a half years ago.

Today DELCO-LIGHT is furnishing the conveniences and comforts of electricity to more than Seventy-five Thousand farm homes.

It is providing an abundance of clean, bright, economical electric light for these homes. It is furnishing power to pump water, operate washing machine, churn, separator, vacuum cleaner, electric iron, milking machine, and other small machinery.

And everywhere it is demonstrating its wonderful efficiency—and actually paying for itself in time and labor saved.

The large number of new subscribers added to the Eagle's list the past few weeks is encouraging in the extreme, for it proves not only that our work is appreciated, but that the policy of stop-when-out is approved. Many people object to a paper that comes on and on after once a name is enrolled.

Tom Montgomery and family came in Sunday night from the Corpus Christi country, where they made their home for several months. They were in the storm of two weeks ago, altho they were far enough away from the coast to be out of danger of the water, but wind did great damage to crops and buildings. The many friends of the Montgomery family are mighty glad to have them home again.

The city of Ballinger has set a good example to the rest of the country by adopting an ordinance forbidding mendicants plying their trade on the streets of that city. People in need of assistance are required to make known their needs to the local charity organization, which means that traveling beggars will not stop at Ballinger. There is no reason in allowing these professional mendicants to prey on the charitably disposed people of any community.

## EVERYBODY'S RED CROSS

Membership in the Red Cross, slightly paraphrasing the words of President Wilson in connection with a former appeal to the people of the country, is the spirit of humanity in terms of action. The World War developed the humanitarian spirit of America on lines that made it an inspiration to all civilization. No single agency can serve to better advantage in preserving the fruits of that inspiration to the rest of mankind than the American Red Cross. That is one of the reasons why the membership should be kept at the high level, which it reached at the close of the war.

This year may be said to mark the crucial period with respect to the future greatness of the American Red Cross. Keeping up the spirit at this time means an inspiration to those who are to follow us and will lead to practically automatic registration in connection to Roll-Calls in the years to come. The task of combating reaction or indifference, due to the relaxing of war-time enthusiasm, should be found easier by reason of the dual incentive to continuance of interest—the necessity of providing for the administration of immediate relief in places made wretched by the war, as well as the inauguration of the general peace-time program in behalf of human welfare at home and abroad.

The Red Cross belongs to all the people; and it should be everybody's in letter as well as in spirit. Membership is the key. The spirit is omnipresent—and the heart responds when the mind understands. If the campaign workers see to it that there is full understanding, success will be sure to follow.

Roll-Call drive, Nov. 2 to 11.

### SHALL WE NEGLECT?

Time and again the Eagle has been asked what progress is being made toward erecting a monument in honor of Mills county soldier boys who gave their lives in defense of their country in the World War, but so far the information sought has not been available. The Eagle knows, or believes truly, that the people of this great county will be unwilling for the memory of those gallant boys to go unmarked, especially when many other counties are honoring their soldiers in that way. Mills county was among the first, if not indeed the first, to suggest the plan of erecting the monument by popular subscription and the sentiment of the people was enthusiastic in favor of the move. The time for circulating the subscription list and beginning the work is now and the people who are to do the paying are ready. No urging will be necessary and no argument need be advanced. With this condition confronting us, shall we neglect the duty we owe to the memory of our young heroes who sleep in France?

### DISTRICT COURT

A Very Light Docket And Short Term

Very few terms of district court in Mills county have been as light as the present term. No cases were disposed of last week and the grand jury was in session only a few hours. This week two days were consumed in the trial of some civil cases and the jury for the term was dismissed Tuesday afternoon and Judge Browning, acting district judge, left for his home in Lampasas Tuesday night. He will return Monday to close the business of the term and sign the minutes.

A few cases on the docket were continued and the term of court has attracted very little attention.

The jury commissioners are J. R. Clark of Mullin, Wm. Biddle of Center City and J. S. Livingston of Goldthwaite.

### OCTOBER DAYS

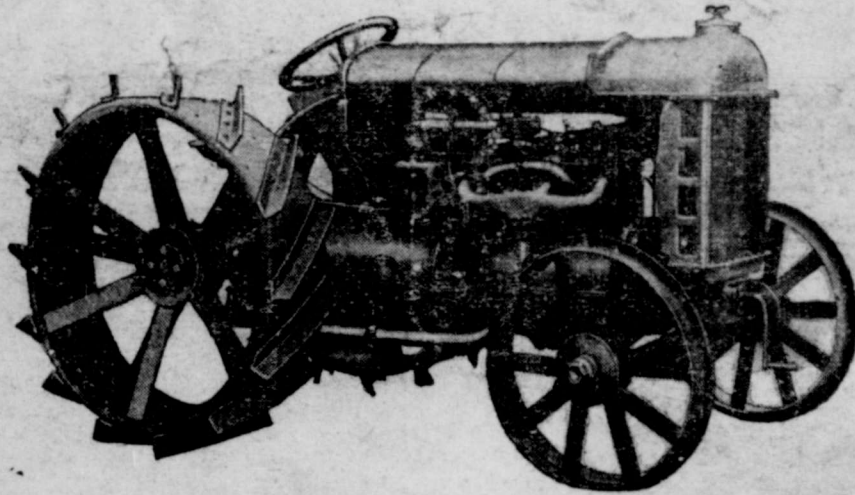

Comes October, the time of Autumnal triumph, the most glorious season of all the year. In the early morning there is a welcome sting in the air that revitalizes the system for the day's routine. The sky in October is as blue as polished amethyst and the sun takes a bath in purest gold every morning just before he swings open the gates of Day and comes forth to trail his robes in burnished gold over land and sea. It's the time of the rich-hued golden rod, it's the season when the land is redolent of the fragrant sorghum molasses as it ripens and sputters in the evaporator, it's the time when the rutabaga sends forth its rich foliage and gives the world a wealth of succulent turnip greens. There's a tang in the air that puts a taste in our mouths for persimmon beer and 'possum. It's to be a green October this year, for the rains have given a wealth of foliage and vines and millions of fall flowers are softly blending into Autumn's golden haze. Welcome, ever welcome, our royal month, October.—J. H. Lowry.

### A BIRD OF A SHOW HERE SOON

# 13 MILLION WHITE PEOPLE NOT SAVED

THIS IS ONE OF THE PRESSING STATE MISSION PROBLEMS IN THE SOUTHLAND.

## THE SITUATION IS OUTLINED

Baptist 75 Million Campaign Has Apportioned \$11,000,000 To Be Employed During the Next Five Years in Meeting Need.

Within the eighteen states comprising the territory of the Southern Baptist convention are 13,000,000 white people who are not only not identified with any church, but who do not claim to be christians, according to information gathered by the Baptist 75 Million Campaign. To try and reach these people with the gospel is one of the aims of the campaign and to meet the problem the state mission organization in the various states will set themselves. To help these organizations in meeting that problem the sum of \$11,000,000 has been apportioned from the total of \$75,000,000 that is sought for all purposes, and during the next five years the state mission forces will seek to reach these millions of people right here at home with the gospel and enlist them in some phase of christian work.

According to this same source of information, it is learned that there are 3,391 towns and villages in the South with a population of 200 or more in which there are no Baptist church organizations or no Baptist houses of worship. Inasmuch as these towns influence more or less the surrounding territory an effort will be made to reach them and the territory surrounding them during the five-year program of the Baptists, it is announced.

There are seventy-four county seats in the South without a single Baptist church or meeting house, it has been ascertained by the campaign headquarters. By reason of the large number of public officials residing there, and the large number of people who go there from every section of the county to attend the sessions of the various courts, pay their taxes and he like it is regarded that the county-seat towns are of especial importance and it is hoped that before the next five years have passed there will be an active Baptist church in every county-seat in the South.

Engaged in the work of state missions at present are 1524 missionaries, and while this may seem like a reasonable number, when the vast territory to be served is considered it has been found that fully 1,000 extra men and women are needed at once, for in addition to reaching the people who are not christians there are many weak, struggling churches which need assistance and whose members need development. In the several states of the Southern Baptist convention, for instance, there are 2,000 churches with a membership of many thousand which give but very little to any interest of the denomination and which are doing but very small things for the uplift of their communities.

In addition to these very weak churches, many of which have no pastor, there are in the various states a total of 19,688 churches which have preaching services only once a month, 3,000 churches which have services only once a month, and only about 2,200 full time churches. Part of the \$11,000,000 apportioned for state missions will go to the strengthening of the weak churches and the bringing of them to full-time pastorates where possible.

Leaders in the campaign have sought to care for every interest of the denomination in the \$75,000,000 that is asked in cash and five-year pledges during Victory Week November 30-December 7, when the final drive will be made, but they recognize that the future development of the church depends in a great measure upon the development of the churches at home which is the peculiar task of state missions.

**RALLY DAY**  
Sunday, Oct. 5, will be Rally Day or Every Member Present Day at the Methodist church for both the Sunday school and church services. All members of the church and members of their families are especially urged to attend these services and friends of the church and those who have no other denominational ties or obligations are invited to come and worship with us. The Sunday school begins at 9:45 and church services at 11 o'clock. Come and be with us.

A day will come when the only battlefield will be the market open to commerce and the mind opening to new ideas. A day will come when bullets and bomb shells will be replaced by votes, by the universal suffrage of nations, but the venerable arbitration of a great sovereign senate, which will be to Europe what the Parliament is to England, what the Diet is to Germany, what the Legislative Assembly is to France. A day will come when a cannon will be exhibited in public museums just as an instrument of torture is now and people will be astonished how such a thing could have been. A day will come when these two immense groups, the United States of America and the United States of Europe, shall be seen placed in presence of each other extending the hand of fellowship across the ocean.—Victor Hugo.

A most disgraceful riot occurred at Omaha, Neb., Sunday night when the mayor was mobbed and would have been murdered but for the timely arrival of police officers, who cut the rope and let him down after he had been hanged. It was thought at first he would die as a result of the murderous attack, but he has recovered. The court house was burned and many of the records were destroyed. The mob was intent upon hanging a negro who had assaulted a young white woman and became incensed when the mayor counseled with the sheriff in an effort to prevent the lynching. It is claimed that the mob was composed mostly of boys and young men, altho a few older men took part. The negro was delivered to them by other prisoners in the jail in an effort to save their own lives and he was hanged and riddled with bullets.

Rev. M. A. Darby and family have arrived from Thorndale and are now comfortably domiciled in the Baptist parsonage. They have a hearty welcome to the city.

Rev. J. R. Davis of Rock Springs has bought from J. W. Allen the residence at the corner of First and Hutelings streets, opposite Mrs. Keel's home, and will move into it at once, in order to give his daughter the benefit of Goldthwaite's excellent school.

The Eagle's good friend, Mr. W. W. Johnson, of North Brown was in to see us Saturday and told of the killing of two very large rattlesnakes near his place a few days ago. The reptiles were discovered in a pasture by George Mason's boys and with the help of Mr. Johnson's boys they were killed. One had 18 rattles and Mr. Johnson is confident it was larger than the monster killed by the drillers at the mine ranch some weeks ago.

Dwelling houses to rent are at a premium in this town and the one is at hand when a large number of new dwellings are necessary to accommodate the influx of population. Goldthwaite's reputation as a desirable place of residence has gone forth and are now reaping the benefits. New good rent houses will prove a paying proposition and will be beneficial to the town.

### SALVATION ARMY

The Honor Roll, as published in this week's paper, is practically the result of the first day's campaign. The sweetest Christian spirit prevailed among all the active workers of the contesting committees. Another noticeable feature was the high regard and the many complimentary remarks the public had for the Salvation Army. In fact, it was hard to decide which class was the happier, the "solicitors" or the "contributors."

I wish to express my personal gratitude to every active worker of the committees and urge you all in the name of humanity and Christ to do your best during the remaining days of the campaign that Mills county will not fail to meet its obligation in this worthy cause.

According to previous announcement in this paper, it is our intention to have printed on the Honor Roll the name of every person who contributes one dollar or more. However, we wish to take this opportunity of expressing our sincere appreciation and thanks to those who gave less than a dollar, as well as those who gave a dollar or more.

If for any reason a mistake should happen to occur in this Honor Roll, please be kind enough to call my attention to it that it may be corrected.

In conclusion, I ask all the committees to put forth your best efforts in finishing the campaign. Send me, as soon as possible, the amount and name of each donor that I may turn the money over to the treasurer so he can remit it to headquarters.

Yours truly,  
W. E. MILLER, County Ch'm'n.

### THE SHADOW OF DEATH.

Mrs. Mellie Sykes, wife of Mr. James Sykes, died at the family home in Brownwood Thursday morning at 9 o'clock and her remains were brought to Goldthwaite on the evening train and carried to Big Valley for interment in the cemetery at that place, the sad services being held yesterday afternoon.

Mrs. Sykes was a daughter of Mr. A. J. Alvis and was reared in the Big Valley community, where she continued to reside until a few years ago, when the family moved to Brown county. She leaves a husband and five children, besides a number of other relatives and a host of friends to mourn her death.

### CHURCH SERVICES

We will have services at the Church of Christ Sunday at the usual hours. All who will attend will be welcome.

W. M. SPECK, Minister.

Cotton receipts at this place have reached the 1000 mark and indications are that the increase will be rapid from now until the end of the season.

Mr. Jones of Corpus Christi is here and expects the arrival of a carload of apples from New Mexico today. He will sell them at \$2.50 per bushel and the amount realized over first cost and freight will be given to the Corpus Christi storm sufferers. Circulars will be issued announcing the arrival of the car.

D. Hartman and Miss Ruby Long were married at the residence of Rev. Jo H. Frizzell in this city Thursday night, Rev. Frizzell officiating. These young people live in the Big Valley community and belong to two of the county's best families. They have a host of friends who unite in extending congratulations and good wishes.

The cotton exports for the month of August are almost double the figures of last year, according to the government report.

It is reported that Mexico has notified the United States that hereafter American flyers over the cactus territory will be fired upon. It was good of them to make the report in advance, for their practice has been to fire without warning.

The railroad strike in England, which became effective last Friday night, was far more serious than any similar "tie-up" experienced in this country. Even sailing of vessels for ports on the English coasts were canceled on account of the far-reaching effect of the strike.

In England all clocks were set back one hour Sunday. In America the hands are not to be turned backward until the last Sunday in October, but thanks be to the persistency of the United States senate there will be no more tampering with the time pieces of the country in an effort to add an hour to the day or make more sunshine.

President Wilson became ill on his speaking trip thru the west and was forced to cancel a number of his appointments and return to Washington, where it is said he must rest for several weeks. The strain under which he has labored almost since his second inauguration has been indeed severe and there is no wonder his health is showing the effects.

Chairman Mayfield of the state railroad commission made a trip to St. Louis this week to confer with Regional Director Bush of the federal railroad administration on the congested condition of railroad traffic in western Texas and the abominable service being given the public.

A request has been made to Governor Hobby to station state rangers in Wichita county to preserve order and prevent lawlessness. The district judge has made the request on the recommendation of the grand jury, but local officers are said to oppose the move.

Governor Hobby's statement in reference to the refusal of Mexico to send an exhibit to the Dallas fair on account of his speech at El Paso in which he announced that the United States should intervene in Mexico, was in line with what the Eagle had to say about the matter last week. He recites some of the exhibits the cactus republic could make, such as a reproduction of some of the scenes of Mexican outrages along the border, or a panorama of the bandits carrying large sums of money as ransom for American citizens. The only way to get around the governor's argument in this matter is to abuse him. No system of reasoning will prove him wrong.

There is a great deal of what is commonly known as "chimney corner law" quoted over the country by the common run of citizens—law which never existed and could not be enacted into a binding statute, but it is seldom officials, especially federal officials, are found attempting to enforce this character of law. There was an exception to this, however, at Dallas recently when an organization's flag was displayed on a pole above the American flag. An officer very promptly ordered the flags transposed and so sure was he that he was correct in his position that he appealed the matter to the authorities in Washington, when he was informed that "it has always been a custom to display the American flag above other flags, but there is no law requiring it."

### SHERIFF'S NOTICE OF ELECTION

The State of Texas—County of Mills.

Notice is hereby given that an election will be held on the 11th day of October, 1919, at Center City school house in common school district No. 18, of this county, as established by an order of the Commissioners Court of date the 15th day of May, 1888, which is of record in book 1, page 71, as changed February 14, 1894, which is of record in book 1, page 533, as changed February 10, 1897, which is of record in book 2, page 155, of the minutes of said court, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School fund apportioned to said district and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding 50 cents on the \$100 valuation of taxable property in said district for said purpose.

J. M. Geeslin has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the commissioners court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this state and county and are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor taxation for school purposes shall have written or printed on their ballots the words: "For School Tax." And those opposed to such taxation shall have written or printed on their ballots the words: "Against School Tax"

Said election was ordered by the county judge of this county by order made on the 12th day of September, 1919, and this notice is given in pursuance of said order.

Dated the 12th day of September, 1919. J. EVERETT EVANS, Sheriff, Mills County, Texas.

**THE BEST TEST**

Is The Test of Time

Years ago Mrs. D. G. Womack  
of Goldthwaite told of good re-  
sults from using Doan's Kidney  
Pills. Now Mrs. Womack con-  
firms the former statement—says  
there has been no return of the  
trouble. Can Goldthwaite peo-  
ple ask for more convincing testi-  
mony?

"I suffered a lot with my back,"  
says Mrs. Womack. "Sometimes  
the aches and pains extended in-  
to my shoulders and in the back  
of my neck. My feet and ankles  
also got badly swollen and fre-  
quently I noticed specks flutter-  
ing before my eyes. A person  
recommended Doan's Kidney Pills  
to me, so I got a box. I could  
see in a short time that my back  
was stronger and the other trou-  
bles were lessened." (Statement  
given April 26, 1915.)

On May 20, 1919, Mrs. Womack  
said, "Although I haven't had  
any more need for Doan's Kidney  
Pills, which cured me, my opin-  
ion of them is the same as it was  
when I first gave my statement."

Price 60c, at all dealers. Don't

**CHANGED THEIR CLAIM**

When the secret treaty of Lon-  
don was made, Italian statesmen  
had no thought of demanding that  
Fiume be awarded to Italy. Then  
and for a long time afterward,  
the statesmen, politicians and  
people of Italy recognized the  
claim of the Jugo Slavs to that  
port was superior to theirs. But  
later, for the purpose of serving  
political enterprises of an im-  
perialistic kind, Italian statesmen  
put a claim to Fiume and, as a  
means of persuading the peace  
conference that they were con-  
strained by an irresistible popu-  
lar demand, they sedulously and  
systematically propagated the  
idea that Italy's moral right to  
Fiume was so exalted that it  
would be a betrayal to those who  
had died in Italian uniform not  
to insist that it be awarded to  
them. There was no popular  
demand for Fiume at the time  
they made the decision to claim  
it, but so fertile was the Italian  
mind to that idea that under the  
cultivation of the politicians it  
soon came into existence and now  
it has become so overwhelming  
that, although Italy would be  
glad to cancel its claim to Fiume,  
it fears to do so. Now the wind  
which its politicians sowed has  
become the whirlwind that threat-  
ens its destruction, for it is  
plainly evident that the Italian  
government is restrained from  
challenging the rebellion of D'An-  
nunzio by the fear that he will  
turn the masses of the Italian peo-  
ple against it. Victor Emmanuel  
reigns, but D'Annunzio rules.—

Mrs. J. W. Edwards, who has been dangerously sick for several weeks, is reported much improved.

Walter C. Moorland arrived at home Wednesday morning on a thirty day furlough. He was a member of the expeditionary forces in France and was in several important battles, but fortunately was uninjured. He has enlisted in the regular army and will be stationed at Little Rock, Ark., for some time. It is indeed interesting to hear him tell of his experiences in the war and his observations in the foreign countries.

Joe Cherkas, a prominent merchant of Sealy, spent Wednesday in this city prospecting for a business location and was so favorably impressed that he leased the Everly building on the west side of the square, next to the postoffice, and will at once open a dry goods store therein. His nephew will be in charge of his Goldthwaite store, which he hopes to get ready for business by next Saturday.

### A LEOPARD CANNOT CHANGE ITS SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

### MR. PROGRESSIVE FARMER

April, 1883, I started Farm and Ranch. I believed then, although their number in Texas was not very numerous, that the progressive farmers and livestock breeders would patronize a real farm and livestock paper, serving faithfully their interests at all times. I was not disappointed in my conclusions.

Many who became subscribers with that first issue have continued to read Farm and Ranch without missing a number. I value very highly their continued loyalty and faith in Farm and Ranch and leave it to them, and to the many who have since become patrons and friends, to say if I have kept faithfully my promise to make the paper a powerful, consistent supporter of the best interests of the people whose patronage I have asked for and received.

Farm and Ranch was, at first, published only once a month, later twice a month. Now it is a big illustrated weekly. It has been at all times clean, interesting, instructive and reliable. In these I know I have not at any time failed.

Now, after thirty-seven years, always personally on the job, it is my ambition to have every man in Texas, who has faith in farming in its different branches, become a subscriber to Farm and Ranch.

Send me your subscription and if, after reading Farm and Ranch each week for three full months you are not satisfied that you are getting even more than full value for the subscription price, write me and I will return the full amount immediately.

You who do not know Farm and Ranch, I refer to your neighbor who is already a subscriber.

On my proposition—your money's worth or every cent of your money returned—I ask your subscription.

The subscription price of Farm and Ranch is two (\$2) dollars for three years—156 copies. No subscription is taken for less amount and time.

Please send your subscriptions directly to Yours faithfully, FRANK P. HOLLAND, Publisher, Dallas, Texas.

P. S.—I want a responsible, active representative in every locality. Write me for my special proposition.

### WEIGHING CHARGES

Editor Eagle:

Will you allow me a little space in the columns of the Eagle for a few remarks?

First, I would like to know who set this price of 50c per bale that the farmers are having to pay for weighing, marking and placing on depot platform on each bale of cotton that he sells in Goldthwaite?

Second, if the present public weigher at Goldthwaite was elected by the people, why was it necessary for the commissioners to appoint him to the office? The 36th legislature gave us some good laws relating to weights and measures, defining the duties of public weighers etc., but I can not find where the said legislature said a word about what public weighers should charge for their service. Now, as the farmers at Hamilton are getting by with only a charge of 20c per bale and we are being charged

50c per bale at Goldthwaite—well it leaves a wide margin for discussion. JNO. M. HARRIS, Caradan.

Emil Vaughan Scaffir

While this tiny lad is ringing the bell he holds in his hand, Uncle Sam is working for him. The lad, only 18 months of age, is Emil Vaughan Scaffir of Beaumont. He is the son of Mr. and Mrs. Alex Scaffir and the grandson of Mrs. Eva Vaughan.

Shortly after Emil was born, \$1,000 worth of 1918 War Savings Stamps were bought for him and his parents and grandmother have now added \$1,000 worth of the 1919 issue of War Savings Stamps to them, so the bell-ringing baby belongs to the Treasury Department's W. S. S. \$1,000 Savings Club for both years.

War Savings Stamps and the new \$100 and \$1,000 Registered Treasury Savings Certificates are ideal gifts for every one and especially for children of tender years. The baby does not understand that he is being given a present, no matter what it is—his little mind cannot grasp it. But when he becomes older and is told that Father and Mother, Grandmother or Uncle John gave him a Registered Treasury Savings Certificate or \$1,000 worth of War Savings Stamps or smaller amounts in the same securities, he will appreciate the gift far more than if it had been some toy which he had already destroyed.

The new \$100 and \$1,000 Registered Treasury Savings Certificates may be purchased for the baby and registered in his name and will thus be a reminder to him in years to come that, although young, he helped finance the Government when it was in need of help. Stake your children for the future! An investment in Registered Treasury Savings Certificates or War Savings Stamps means a college education or a start in business. **Sipe Springs Oil Money Is Going into Safe Investments.**

Bringing in of new oil wells at Sipe Springs, Texas, naturally brought large amounts of money to many of its inhabitants and a goodly portion of this has already been invested in Registered Treasury Savings Certificates, which have just been put on sale by the U. S. Treasury Department. The State Bank of Sipe Springs and three individuals each bought a \$1,000 Certificate on the same day. On the first of August, enough \$100 and \$1,000 Registered Treasury Certificates were held in Sipe Springs to represent \$6 invested by every man, woman and child in the town and the surrounding township. This money is now safe, is earning interest for its owners and can be turned into cash, with the interest, if desired. The new Registered Treasury Savings Certificates can be gotten from banks and first and second class postoffices, so can Government War Savings Stamps.

Surgeons agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Sold by R. E. Clements. (adv)

Mrs. W. R. J. Newton of McGirk was an appreciated caller at the Eagle office one day this week and presented us with a dozen large and beautiful sweet peppers, which were grown in her garden. They are indeed delightful and the thoughtful kindness of this good lady is certainly appreciated. We learned from her with regret that Mr. Newton's health has not been good of late, but we trust he will soon be strong again.

Col. Geo. W. Hall shows are not claiming to be the largest, but they have made an inevitable record for themselves by the sterling worth of their performance. In addition to their wonderful trained wild animals, they have secured the very best of lady and gentlemen performers of international reputation and a host of funny clowns. The performance goes with speed and perfect system. Acts follow each other rapidly and the program is made up entirely of big feature acts, making this show now rank among the very best. Don't forget the date—Oct. 8—afternoon and evening. (adv)

## KINDERGARTEN DEPARTMENT

By the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association.

BY MRS. LENORE R. RANUS

The play instinct is inborn in all children the world over; it is nature's own method for developing the senses, the muscles and all bodily growth. Play is even more than this; it is the outlet of expression of the child's inner life. Many faults as well as virtues may be discovered while watching children at play. Perhaps a mother will find that her child is selfish or rude and it is easy to discover a generous disposition and a good temper in the course of a play-hour.

Games are the expression of the play-spirit and toys are the instruments necessary for the expression of this activity of child-life. As a farmer needs garden tools to do his work, so a child needs toys for his play—or work, which play really is to him. And if toys are not provided ready-made, he will invent them, in order to be able to express his play-spirit.

All play depends upon the physical condition of the child. A normal healthy child plays all the time, is easily interested in his toys and as he grows older invents games with them. If a child plays but little, cannot easily be interested in his toys, will not play alone and is cross, look first to his physical condition, then begin a course of training or directed play. Start with a suggestion, "Why not build a high steeple?" or "Make mother a train of cars with your blocks." Often, especially in the case of an only child, if mother can enter into the play-spirit and play hide-and-seek or march and sing or even build with the blocks, it is such a treat and often a real help in promoting a readiness to play alone when mother must go back to her work.

Almost every child wants to help mother sweep, dust, make beds, wipe the silver or run errands. Make play out of the work and yet let the little one feel he is really doing something. With tiny babies too little even to walk, a mother can make play out of work. Have the high chair or the bassinette or carriage in the room where you are working and keep baby busy with toys. For instance, if you are working in the kitchen, let the baby have a big spoon, clothespins, tin covers or anything new

and safe, but always keep these things for the kitchen. If he is allowed to have them all the time they soon lose their interest and he becomes restless and unhappy.

A sense of newness, even with old toys, makes them desirable to a child. Children need change and variety because their power of concentration is not fully developed. This is the plan I use with my own little girl. Her box of dominoes, her nest of blocks and her box of building blocks (composed of sixteen cubes) I keep on a shelf in a closet out of sight. I also keep some picture books and toys out of sight. Then when the time comes, as it does so many times a day, when Little Girl says, "What I do now, muvver?" I go to the closet for a surprise. If I give her the blocks, it is always with a suggestion for making something with them. She now comes to me and asks for "a s'prise, muvver." When she tires of the blocks I have her pick them all up, ready to put away before she can have another "surprise." Sometimes, days at a time, she does not ask for a surprise and then when I do bring out the dominoes, for instance, she is as delighted as if they were brand new. Her dolls I separate in groups. If she has four, I put away two and at the end of a week I bring out these two and put away the two she has been playing with. If you follow this plan with all toys grouping them and keeping one set put away, you will always keep the little ones interested and happy.
