JUNIOR B. Y. P. U. PARTY

On Friday night, October 17, Bro. and Mrs. Darby kindly entertained the Junior B. Y. P. U. with a party. We were ushered in by our president, Reginald Lanford. We were then asked to write our names with our left hand. After which we were served to candy. After the crowd had arrived Mrs. Anderson announced that a program had been arranged and the following program was rendered:

Piano solo—Ellen Archer. Reading—Irene Atkinson. Solo—Caddy Mayberry. Piano solo—Lela Strickland. Reading—Reba Yarborough. Piano solo—Emily Anderson. Special music—Mrs. Lanford. Talk—Bro Darby.

After several games were played refreshments were served. The time for departure came too soon.

Those present were Reba Yarborough, Caddy Mayberry, Lucile Miller, Emily Anderson, Irene Atkinson, Alta Kemper, Willie Mae Dougherty, Norma Philen, Mary Lee Farris, Bethel Baker, Oma Benningfield, Opal Benningfield, Gladys Bayley, Tennie Harrison, Leona Dwiggin, Lela Strickland, Irene Thornal, Ellen Archer, Vivian Glover, Pauline Harper, Mrs. Alice Anderson, Reginald Lanford, Verne Glover, Earl Gardner, Johnny Harper, Jack Rudd, Leon Baker, Robert Steen, Norman Jackson, Raymond Little, Paul McCullough, Lawrence Lanford, John Jackson, Alvie Taylor and Mr. and Mrs. Lanford. REPORTER.

A FINE PRICE

The price at which cotton is selling is indeed encouraging to the farmers and everybody else. The Eagle editor saw one farmer receive a check for \$279 for one bale of cotton this week and it is possible that others sold equally as high and perhaps higher.

J. C. Street and G. H. Frizzell made a business trip to San Saba one day this week.

J. C. Faulkner and wife are the proud parents of a fine boy and his name is Charles Shults. He arrived Monday.

J. W. Head, one of the good men of Center City community, looked after business in this city the first of the week.

J. M. Arnold returned to his duties as Santa Fe agent at Sweetwater Sunday night, after a visit to his family in this city.

Wm. Biddle and W. W. Head were two of the prominent men of Center City who transacted business in this city Monday.

Rev. J. W. Kelley went to eastern Texas the first of the week in search of cotton pickers to gather the crop on his farm on the plains.

Wilfred Duncan of Odem, son of our good friend, Mr. T. J. Duncan, has been here this week visiting friends. We are glad to know the family is getting along nicely and still remember their Mills county friends.

R. J. Edmondson, one of the leading men of the Hanna Valley section and an appreciated friend of the Eagle, was a pleasant caller at this office Monday and renewed his subscription. He stated that he and some of the other farmers in his section had not yet threshed their grain.

Mrs. Georgia Reed, sister of Mrs. L. B. Porter, died at her home at Los Angeles, Cal., on Oct. 14, and her remains were interred at Socorro, N. M. Mrs. Reed and her daughters visited her sister and family in this city a good many years ago and at that time made many friends who remember her kindly and were grieved when the announcement of her death came.

RED CROSS SUNDAY

Sunday, November 2nd, will be observed by churches throughout the United States as Red Cross Sunday. Clergymen of all denominations will co-operate by devoting all or part of their Sunday services to Red Cross. A patriotic service appropriate to the observance of Armistice Day should be arranged. Appropriate sermons should be preached in the churches, with special programs morning or evening and at young people's services. Mass meetings might be arranged to be in charge of the American Legion or other organization of returned soldiers.

An outline program suggesting appropriate observance of the day is available. Copies of this pamphlet will be supplied to Chapters for distribution to all clergymen. Union services are suggested for the smaller communities.

Arrangements should be made for display of posters and other Red Cross material at the entrance to the church or the Sunday school rooms.—Director.

JUNIOR B. Y. P. U.

Leader—Irene Atkinson. Song—"When Millions Come Pouring In." Song No. 168. Scripture reading by leader. Prayer—Bro. Darby. Piano solo—Paul McCullough. Reading—Maggie Webb. Duet—Reginald Lanford and Jack Wells. Piano solo—Raymond Little. Reading—Norma Philen. Solo—Caddy Mayberry. Piano solo—Tennie Harrison. Chalk talk—Mrs. Darby. Talk—Mrs. Anderson. Benediction.

TOO MUCH RAIN

The common complaint in this country is that we are having too much rain. The same condition prevails in all sections, as far as the Eagle can learn.

Joe Taff came in from Dallas Wednesday to visit friends and look after business matters.

W. S. Bart, driller for the Production company, made a trip to Brownwood Wednesday to have some part of the drilling machinery repaired.

H. A. Sykes, one of the leading citizens of the Big Valley country, looked after business matters in this city the early part of the week and made the Eagle an appreciated call.

Goldthwaite has a civic league that has been doing effective work in getting the town to put on a clean-up campaign. Weeds and other rubbish are being piled and burned. Other towns should follow the good example.—Central Messenger.

A case of particular interest in this section was that of S. P. Brown at Fort Worth this week. Brown was formerly a Methodist preacher and at one time was pastor of the church at Hamilton. He shot and killed his son-in-law in Fort Worth some months ago in a difficulty growing out of the son-in-law having cursed Mrs. Brown. He plead guilty to manslaughter and was given a five-year suspended sentence.

There were three freight wrecks between Goldthwaite and Lampasas from Saturday until Tuesday, delaying passenger and freight traffic. The east bound passenger train, which arrived from Brownwood Sunday morning at 8:50, remained here until 5:30 in the afternoon, waiting for the wreck to be cleared away and the west bound passenger train due here Sunday morning at 7:40 did not reach here until 8:30 that night. Trains have nearly all been late for some time, owing to so much rain and the bad condition of the road-bed.

It is announced from Washington that immediate steps are to be taken by the railroads to secure increased freight rates. This is not a surprise when it is known that the brotherhoods are preparing another demand for increased wages.

We prove the test of your cream and give you the privilege of inspection---Clardy & Benningfield.

The coal miners of the country are to strike Nov. 1 unless their demands are granted by the operators before that time. The demands they make are indeed modest. They only want an increase of 60 per cent in pay, a five day week and six hours per day. This is just one indication of the unreasonable demands of labor organizations which are dominated by big headed leaders who are paid fat salaries from the union treasuries. In most cases the individual workman would not care to strike and would recognize the injustice of the demands made by the well-fed leaders and agitators.

FAREWELL RECEPTION

The farewell reception in honor of Brother Callihan and his family, held at the Methodist church Thursday evening, was largely attended, notwithstanding the inclement weather and the muddy condition of the streets. There were representatives of several denominations there to express regret because of the departure of the esteemed pastor and his family and to wish them every good fortune in their new home at Runge. A program of music, readings and speechmaking had been arranged, at the close of which Mr. W. C. Dew, in most appropriate language conveying the hearty appreciation of the members of the Methodist congregation, presented a beautiful set of silver knives and forks to the guests of honor. Brother Callihan made a short talk at the close of the program evincing the appreciation of himself and family for the honors and the present as well as for the many acts of kindness and courtesy of the people of the entire town during their stay at this place.

HAPPY HEARTS

Mr. Robt. C. Scott and Miss Minnye Weatherall of Vernon were married at the home of Mr. Lewis Hudson last Saturday afternoon at 3:30 o'clock, Rev. Henderson, Presbyterian minister, officiating and only the members of the Hudson family witnessing the ceremony.

Mr. Scott is one of the popular salesmen in Miller & Son's drug store and his bride is a stranger to most Goldthwaite people, but she has a hearty welcome to the city and to social circles.

Mr. and Mrs. Scott are at home at Mrs. Annie Little's residence on Fisher street.

BAD ROADS

The mail carriers are certainly having their troubles now-a-days, the same as the balance of us and perhaps in a double portion. The condition of the roads is such that they are frequently unable to make a full "round" and there seems to be but little hope of a betterment of the condition.

WILL THEY ORGANIZE?

Vice-President Marshall, in an article published in the New York Times says that the great unorganized middle class is bound to be heard from if conditions of living get too hard for them. Professional and business men, farmers, clerks, stenographers and other office workers, teachers, ministers---all are affected by rising costs and they haven't any unions to help them---as yet.

Mr. Marshall believes that members of the middle class will rise in their might if present inequities continue. "Unless the clamor for special legislation to enforce individual or class rights ceases" they will say, "we too are going to be a class demanding to be heard and cared for."

If the unorganized masses should really reach the point where they felt it necessary to do so, they could form an association that would outnumber considerably all of the labor organizations.

Already steps to this end have been taken in England, as a result of the railroad strike. In one town in the south of England, physicians declined to serve the men who had ceased to serve the public. Citizens' unions have been busy enrolling men for emergency work to keep food supplies moving and electrical plants in operation.

The American middle class is as good-natured as it is long-suffering, and it is safe to make the prediction that no one will do any large-scale organizing among such people until the provocation is very great. The country is likely to steady down and get to work on a sane and sober basis within a few months, thus sparing the need of a defensive organization. But should actual need arise, let no one doubt the will and strength of purpose that would be found ready---Waco Tribune.

MOVED TO MEXICO

J. F. Giles and family left the first of the week for their new home in Des Moines, N. M., carrying with them the good wishes of a host of friends in this county.

SPEND \$20,000,000 UPON EDUCATION

SOUTHERN BAPTISTS PLAN MUCH LARGER PROVISION FOR ALL THEIR INSTITUTIONS.

WILL AID RURAL SCHOOLS

Success of 75 Million Campaign Will Mean Strengthening of Educational Forces All Along the Line in Next Five Years.

Of the total sum sought in the Baptist 75 Million Campaign, \$20,000,000 will go to Christian education.

But the educational program of the Baptists will not stop there. It proposes to lend itself to the creation of a public sentiment that will result in more efficient public schools in the territory of the Southern Baptist Convention, especially in the rural districts. In this connection it is pointed out that 37 per cent of the total elementary scholastic population of the nation is found in the South; that the rural scholastic population of the South is 77 per cent of the whole; that only one-sixth as much money per capita is expended on the education of the children of the South as on the children of other sections of the country; that only 37 out of every 1,000 pupils in the South enter high school as against 87 from other sections; and only 10 from the South enter college as against 21 from other sections.

Distributed throughout the territory of the Southern Baptist Convention are 142 educational institutions, including academies, colleges, universities, seminaries, and missionary training schools for women. These have a total enrollment of 18,000 annually, but all of them are crowded, greatly in need of larger facilities in every way, and many of them must have an endowment if they are to meet the demands made upon them. It is in sup-

plying these needs that the \$20,000,000 apportioned to Christian education will be expended.

To these institutions the denomination is looking for its trained leadership to help carry forward the work of every line contemplated in the 75,000,000 campaign. In Texas alone there are 700 pastorless Baptist churches, and probably the same proportion holds in the other states. It is hoped the campaign will call out 5,000 volunteers for ministerial and missionary work and these institutions will be asked to equip these young men and women for their work.

Last year, reports show, over 6,000 students in these institutions took voluntary courses in Bible and mission study; nearly 4,000 of them attended student prayer meetings; ministerial students pastoring churches raised more than \$80,000 for church benevolences and led more than 10,000 people to profess Christ. The campaign hopes to result in enrolling 35,000 young men and women in Baptist schools within the next five years.

The South wide institutions that will benefit from the campaign include Southern Baptist Theological Seminary and Women's Training School at Louisville, Ky.; Southwestern Baptist Theological Seminary and Women's Training School at North Worth, Tex.; Baptist Bible Institute, New Orleans and Gro Theological Seminary at Nashville, while aid will be given to every Baptist institution of learning in all parts of the convention territory, and to Baptist colleges that will be established in Arkansas, Florida, Louisiana and New Mexico, alone one somewhere in the region of palmetto mountains yet to be definitely located.

BAPTIST CAMPAIGN COMES CHEAPLY.

Expense in raising the \$75,000,000 sought by the Baptists of the South in their 75 Million Campaign will amount to considerably less than one per cent, Dr. L. R. Scarborough, general director, announces. This includes the expenses of both the general headquarters and the eighteen state headquarters. This is probably the lowest overhead expense in the history of large money-raising efforts in this country.

THE WEARY WAY

Daily Becoming Less Wearisome To Many In Goldthwaite

With a back that aches all day. With rest disturbed at night. Annoying urinary disorders. 'Tis a weary way indeed. Doan's Kidney Pills are especially for kidney trouble.

Are endorsed by Goldthwaite citizens.

Mrs. H. E. Moreland, S. Parker st., says: "A good many years ago I was troubled with my kidneys and bladder. At times I could hardly rest, as the pains across my back were so severe. I was also troubled with headaches and had such spells of nervousness that I couldn't rest at night. The action of my kidneys was irregular and mornings I had a tired, languid feeling and hardly felt like doing anything. I heard of Doan's Kidney Pills and got some at Clements' drug store. I can highly recommend Doan's, for they took all the hurting out of my back and regulated my kidneys. I am glad to say I haven't had the least return of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moreland had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (ad)

MR. KIRBY DEAD

Mr. W. S. Kirby, lovingly called "Uncle Bill" by his host of friends here and elsewhere, died at his family home in this city Wednesday afternoon at 5:30 o'clock, after having been confined to his bed for a long time on account of feebleness. He was 76 years of age and had made his home in this section most of his life, where he had friends.

He leaves an aged wife, one son and one grandson here, besides a large number of other relatives. Another son, Mr. Will Kirby, lives in Arizona and was unable to reach here in time for the funeral, which was held at the old Senterfitt cemetery, near Lometa, Thursday morning.

To the bereaved family the Eagle and their other friends extend heartfelt sympathy.

ROCK SPRINGS

Editor Eagle:

Well, here comes little Violet with her budget of news once more. She has been absent for quite a while, but a poor excuse is better than none, so here goes. All of this fall she has been helping to gather the fine crops of the year except when she was trying to keep her head dry.

Health of our community is real good at the present. Some few of our neighbors have had colds.

Rain! Well, I should say so. Mills county is getting to be like a part of the tropics in that it has a shower every day. Such damp weather has damaged a great deal of our cotton and much more will be damaged if it doesn't clear up.

This has certainly been a busy year for Rock Springs and our work certainly has not been in vain. Everything has been a success if we can only get these fine crops gathered. Help is rather scarce.

R. W. Stark of Hoyt, Okla., was here last week. His father, Mr. J. T. Stark accompanied him home for a few weeks visit.

Joe Roberts, Mrs. Jno. W. Roberts and Miss Mary Nickols attended the Dallas fair the latter part of last week.

The party at Cleve Perry's last Saturday evening was enjoyed by all.

The young people enjoyed a singing at T. Robertson's last Sunday evening.

Next Sunday is the day set by the Baptist church of this community for the purpose of calling a pastor. We hope to see all the members present.

Mr. Ernest Haggan returned from Belton one day this week. Miss Wagie Traylor and Miss Florence Stark, who are attending school at Goldthwaite, were home visitors Saturday and Sunday.

We still have Sunday school and wish everyone would come and help to make it a better Sunday school.

Mr. Virgil Mahan returned to the training camps last week after a visit to home folks.

We don't know when our literary school will begin as our teacher resigned a few days ago. VIOLET.

We are expecting a bunch of prospectors from Eastland and Stephens counties to arrive here most any day. List your land with us if you want to sell.—Charles-McClellan Abstract Co.

To these institutions the demand is to help carry forward the work of every line contemplated in the 1920-25 campaign. In Texas alone there are 700 pastorless Baptist churches, and probably the same proportion holds in the other states. It is hoped the campaign will call out 2,000 volunteers for ministerial and missionary work and these institutions will be asked to equip these young men and women for their work.

Last year reports show over 6,000 students in these institutions took college courses in Bible and mission study; nearly 4,000 of them attended student prayer meetings; ministerial students pastoring churches raised more than \$50,000 for church benevolence and led more than 10,000 people to profess Christ. The campaign hopes to result in enrolling 30,000 young men and women in Baptist schools within the next five years.

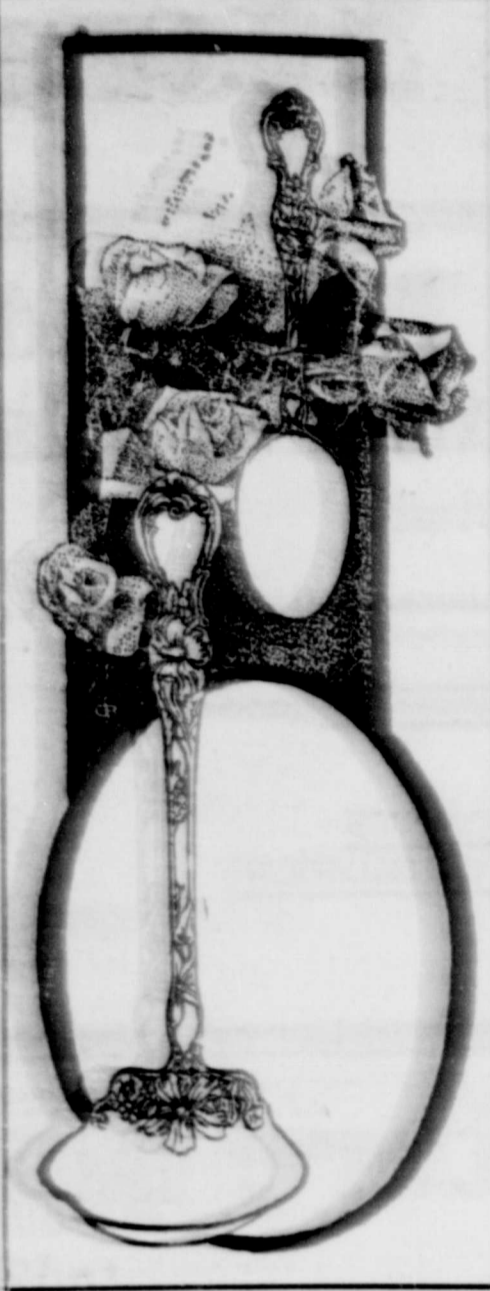

The South-wide institutions that will benefit from the campaign include Southern Baptist Theological Seminary and Women's Training School at Louisville, Ky.; Southwestern Baptist Theological Seminary and Women's Training School at North Worth, Tex.; Baptist Bible Institute, New Orleans and New Theological Seminary at Nashville. Write and will be given to every first institution of learning in all parts of the convention territory and to Baptist colleges that will be listed in Arkansas, Florida, Louisiana and New Mexico, also in some where in the creation of public high mountains yet to be lately located.

BAPTIST CAMPAIGN GOALS CHIEFLY.

Expense in raising the \$75,000,000 sought by the Baptists of the South in their 75 Million Campaign will amount to considerably less than one percent, Dr. L. H. Scarborough, general director, announces. This includes the expense of both the general headquarters and the sixteen state headquarters. This is probably the lowest overhead expense in the history of large money-raising efforts in this country.

EASES A COLD

WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery. The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

THE WEARY WAY

Daily Becoming Less Wearisome To Many In Goldthwaite

With a back that aches all day. With rest disturbed at night. Annoying urinary disorders. 'Tis a weary way indeed. Doan's Kidney Pills are especially for kidney trouble.

Are endorsed by Goldthwaite citizens.

Mrs. H. E. Moreland, S. Parker st., says: "A good many years ago I was troubled with my kidneys and bladder. At times I could hardly rest, as the pains across my back were so severe. I was also troubled with headaches and had such spells of nervousness that I couldn't rest at night. The action of my kidneys was irregular and mornings I had a tired, languid feeling and hardly felt like doing anything. I heard of Doan's Kidney Pills and got some at Clements' drug store. I can highly recommend Doan's, for they took all the hurting out of my back and regulated my kidneys. I am glad to say I haven't had the least return of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moreland had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (adv)

MR. KIRBY DEAD

Mr. W. S. Kirby, lovingly called "Uncle Bill" by his host of friends here and elsewhere, died at his family home in this city Wednesday afternoon at 5:30 o'clock, after having been confined to his bed for a long time on account of feebleness. He was 76 years of age and had made his home in this section most of his life, where he had friends. He leaves an aged wife, one son and one grandson here, besides a large number of other relatives. Another son, Mr. Will Kirby, lives in Arizona and was unable to reach here in time for the funeral, which was held at the old Senterfit cemetery, near Lometa, Thursday morning. To the bereaved family the Eagle and their other friends extend heartfelt sympathy.

ROCK SPRINGS

Editor Eagle: Well, here comes little Violet with her budget of news once more. She has been absent for quite a while, but a poor excuse is better than none, so here goes. All of this fall she has been helping to gather the fine crops of the year except when she was trying to keep her head dry.

Health of our community is real good at the present. Some few of our neighbors have had colds.

Rain! Well, I should say so. Mills county is getting to be like a part of the tropics in that it has a shower every day. Such damp weather has damaged a great deal of our cotton and much more will be damaged if it doesn't clear up.

This has certainly been a busy year for Rock Springs and our work certainly has not been in vain. Everything has been a success if we can only get these fine crops gathered. Help is rather scarce.

R. W. Stark of Hoyt, Okla., was here last week. His father, Mr. J. T. Stark accompanied him home for a few weeks visit.

Joe Roberts, Mrs. Jno. W. Roberts and Miss Mary Nickols attended the Dallas fair the latter part of last week.

The party at Cleve Perry's last Saturday evening was enjoyed by all.

The young people enjoyed a singing at T. Robertson's last Sunday evening.

Next Sunday is the day set by the Baptist church of this community for the purpose of calling a pastor. We hope to see all the members present.

Mr. Ernest Haggan returned from Belton one day this week.

Miss Wagie Traylor and Miss Florence Stark, who are attending school at Goldthwaite, were home visitors Saturday and Sunday.

We still have Sunday school and wish everyone would come and help to make it a better Sunday school.

Mr. Virgil Mahan returned to the training camps last week after a visit to home folks.

We don't know when our literary school will begin as our teacher resigned a few days ago. VIOLET.

BAPTISTS PLAN VIGOROUS WARFARE UPON TUBERCULOSIS IN THE SOUTH

Sanatorium at El Paso, established for this purpose, will get financial aid from 75 million campaign—educational propaganda to inform people how to combat plague will be conducted.

Administration building of Southern Baptist Sanatorium for treatment of tuberculosis patients, located 4500 feet above sea level.

Do you know that tuberculosis is more prevalent in the South than in any other part of the country? That the death rate from tuberculosis here is 14.2 per cent greater than the nation as a whole, and greater than in any civilized nation on the globe with the exception of China? That more than 150 people a day, or 50,000 a year, die in the South and Southwest from this dreaded disease? That there are within the territory of the Southern Baptist Convention 1,000,000 persons actively infected with the great white plague and an equal number have inactive infection? That the money lost to the South each year from tuberculosis is \$175,000,000? These startling facts were brought to the attention of the Southern Baptist Convention at its session in 1916 and a resolution was at once adopted to try and check the spread of the disease and provide relief as far as possible for those already infected with it.

As a result of this movement there was established in the high, cool, rare atmosphere of El Paso, Texas, the Southern Baptist Sanatorium which is to minister to as many patients as possible and to disseminate information throughout the South and Southwest, the information that will result in checking the further spread of the disease and enable those who have contracted it to obtain immediate cures by proper methods of living.

With the active assistance of the business interests of El Paso a modern sanatorium, located upon a beautiful tract of 143 acres on the side of Mt. Franklin, at a height of 4,500 feet, was opened for the healing of the people, and through the Baptist

75 Million Campaign this institution will receive \$500,000 for the erection of additional buildings and \$500,000 for an endowment that will enable the sanatorium to minister to those indigent patients who are unable to pay for treatment.

That there is an imperative need for an institution of this character is shown in the fact that all institutions in the South and Southwest for the treatment of tuberculosis have a total capacity of only 8,757 beds, or one bed for only one person out of every sixty in this section who are afflicted.

Everything connected with the Baptist Sanatorium is modern and of the very best, but its present equipment is far too small to cope with the demands that are made upon it. Of the improvement fund that is to be provided, \$500,000 is available already and architects are already designing new buildings worth \$450,000. These will be constructed just as rapidly as possible.

While the sanatorium is being operated by the Baptists, it will be open to the people of all creeds and no creed. Due to the crowded conditions, however, it is necessary that arrangements be made in advance by communicating with Dr. H. F. Vermillion, superintendent, at El Paso.

The sanatorium is under the general supervision of the Home Mission Board of the Southern Baptist Convention, and in addition to treating patients who have already contracted tuberculosis, it will seek, through a campaign of publicity, to so inform the people of the South and Southwest on the nature and prevention of this disease that the alarming death rate from the white plague can be immediately lowered and finally reduced to the minimum.

HORSES IN RAILROAD WRECK

Travis Locklear had his four race horses enroute to the San Angelo fair when the wreck came between Lometa and Goldthwaite Thursday night. Mr. Locklear was in the car with the horses. He says he knew when the car left the track and went onto the ties. The cars were dragged for quite a distance before they turned over. He might have jumped out, that is he had plenty of time, but it was dark and he could not tell where he would be jumping, so he decided to stay with the horses and take chances. When the car turned over he found an opening through which he crawled out, but the horses were cooped up in the car for four hours before they could be rescued. They then got some axes and chopped a side out of the car and took the horses out that way.

Davis and four other good racers were in the shipment. They were so bruised up that he brought them back home. Fortunately none of them were killed.—San Saba News.

ASLEEP IN JESUS

Miss Ruth Weathers, the 13-year-old daughter of Mr. and Mrs. S. T. Weathers, died at the family home in this city last Saturday night at 9 o'clock, after a few days illness with tonsillitis.

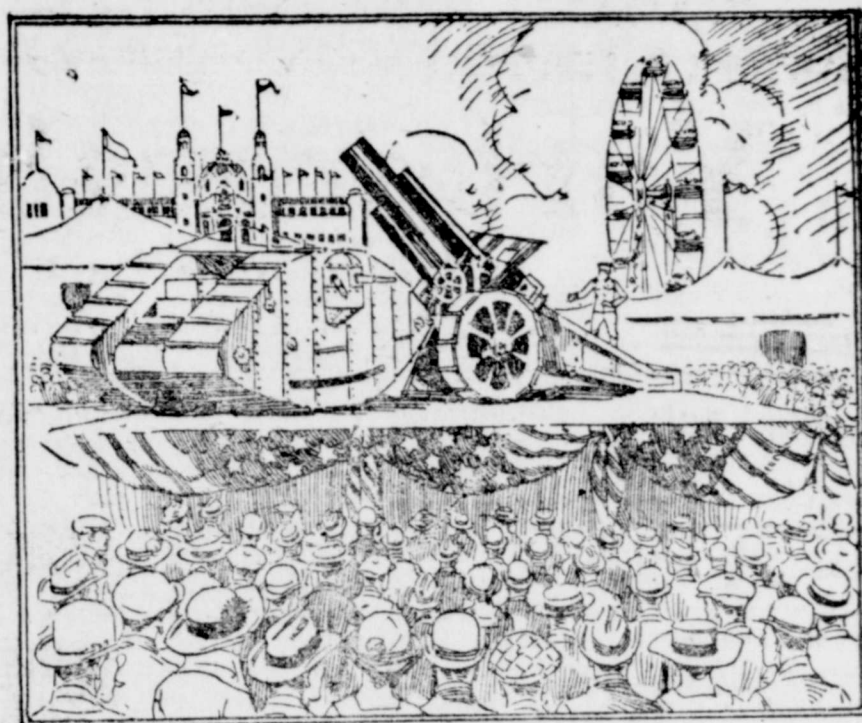

She was given skillful attention and careful nursing by physicians, loved ones and friends, but her young life could not be saved and she fell asleep to wake in a clime where sickness and death do not come. From the time of the first announcement of her illness she was the object of anxious inquiry and hope for her recovery, but when the announcement was made that her pure young life was ended there was universal sorrow among those who knew her and words of sympathy for the bereaved parents and other relatives were heard throughout the circle of their acquaintanceship. The funeral services were held Sunday afternoon and a large congregation of sorrowing relatives and friends assembled at the cemetery for the sad services.

There is a contest on between Oklahoma City and Tulsa, Okla., and Wichita, Kan., for the establishment of a branch federal reserve bank.

Continued rains over the cotton growing belt have caused heavy loss to the cotton growers, but this will be overcome in a measure by the increase in price.

As a protest against the open shop policy of many of the employers in Beaumont almost all trade unions in that town declared a strike this week.

Among the laws enacted by the special session of the legislature and becoming effective this week is the Dean prohibition act, which is claimed to be the most drastic law on the subject ever enacted. It is indeed a "bone dry" law.

A highwayman operated in the business part of Fort Worth a few nights ago and made such a rich haul that he carried his partner with him the next night and they also secured considerable coin and jewelry. The police and other officers were unable to locate the robbers.

The Texas Cotton Palace opens at Waco today and continues thru Nov. 9. The first day will be Press Day and a great many of the newspaper people will be there and others would like to be there to enjoy the hospitality of the management of the Cotton Palace and see the big sights.

Southern Newspaper Publishers association, in session at Nashville, Tenn., this week, endeavored to evolve a plan whereby print paper can be conserved. It was stated that the demand for paper was far greater the past few months than had been anticipated and the outlook was for a far greater demand.

The department of justice has informed manufacturers of beet sugar that 10 cents per pound to the wholesaler is considered a fair price for their products and that a price in excess of that would be considered a violation of the food control act. Prior to this notice the price to wholesalers had been 9 cents.

The federal food control is blamed by the president of the Federal Refining Co. for the high price of sugar. He claims that last year the public was charged twenty-two million dollars more for sugar under government direction than would have been charged in an open competitive market.

A bankers convention at St. Louis this week issued a warning to the country against wild and unreserved speculation. They say the idea of getting rich quick or receiving immense profits from investments has become a craze and that many fraudulent and hazardous offerings are being made throughout the country by unscrupulous people and combinations.

The head of the great Steel Corporation steadfastly refuses to arbitrate or have dealings with the strikers or their leaders. He says the company will deal with their employes as individuals and those who have grievances can make them known, but had nothing for a combination of strikers. He very properly declared in favor of an open shop, stating a well known and universally recognized fact that an employer should have the privilege of employing and dismissing his employes without the aid and influence of some walking delegate and without the necessity of bringing on a strike or walk out in his establishment. Sam Gompers was very much aroused and "worked up" over the declaration, for he had doubtless hoped for a surrender to his strikers by the steel corporation.

Plaintiff alleges that on to-wit: the 1st day of October, A. D. 1919, he was and now is lawfully seized and possessed of the three tracts of land hereinafter described, holding the same in fee simple, and described as follows:

1. A part of the Thomas Utley 640 acre survey in Mills county, Texas, patented to him by Patent No. 363, Vol. 1, dated March 17, 1852, and described as follows, to-wit: Beginning at the original S. E. cor. of the said Thomas Utley survey; thence N. 390 vrs. to a st md for cor in E. line of said survey; thence S. 71 W 1750 vrs to corner; thence S 19 E 390 vrs. to corner in S line of said survey; thence N 71 E 1750 vrs to the place of beginning.
2. The Southern Pacific Railway Company survey No. one (1), Certificate No. 16-88, Abstract No. 749, patented to John T Smith by Patent No. 296, Vol. 34, dated Aug. 23, 1887, for 619 8-10 acres of land.
3. The William Dunbar 640 acre survey patented to him by Patent No. 756, Vol. 8, dated Jan. 17, 1855, less 35 34-100 acres out of the southeast corner of said survey conveyed by J S Livingston to R W Barr by deed dated Feb. 8, 1908, recorded in Vol. 38, page 336, of the deed records of Mills county, Texas, to which deed and the record thereof reference is here made for more particular description of said land herein excepted, and that on the day and year first aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiff therefrom and still unlawfully withhold from him the possession thereof to his damage in the sum of two thousand (\$2000.00) dollars.

Plaintiff further alleges that he and those whose estate he has, claiming to have good and perfect title to the above described tracts of land now has and has had peaceable the land claimed, and open, notorious and adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the defendants cause of action accrued, and before the commencement of this suit, and of this he is ready to verify.

And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming the same under deeds duly registered in the office of the county clerk of Mills county, have had peaceable, continuous and adverse possession of the land and tenements claimed and described herein, cultivating, using and enjoying the same, and paying all taxes thereon for a period of more than five years next after the defendants cause of action accrued, if any, and before the commencement of this

wife, Elizabeth Kelly, Charles Harper, R M Day and the unknown heirs and legal representatives, legatees and devisees of each and all of the last above named parties, deceased, are defendants, and said petition alleging this suit is brought as well to try title as for damages, and alleges substantially as follows:

Plaintiff alleges that on to-wit: the 1st day of October, A. D. 1919, he was and now is lawfully seized and possessed of the three tracts of land hereinafter described, holding the same in fee simple, and described as follows:

1. A part of the Thomas Utley 640 acre survey in Mills county, Texas, patented to him by Patent No. 363, Vol. 1, dated March 17, 1852, and described as follows, to-wit: Beginning at the original S. E. cor. of the said Thomas Utley survey; thence N. 390 vrs. to a st md for cor in E. line of said survey; thence S. 71 W 1750 vrs to corner; thence S 19 E 390 vrs. to corner in S line of said survey; thence N 71 E 1750 vrs to the place of beginning.

2. The Southern Pacific Railway Company survey No. one (1), Certificate No. 16-88, Abstract No. 749, patented to John T Smith by Patent No. 296, Vol. 34, dated Aug. 23, 1887, for 619 8-10 acres of land.

3. The William Dunbar 640 acre survey patented to him by Patent No. 756, Vol. 8, dated Jan. 17, 1855, less 35 34-100 acres out of the southeast corner of said survey conveyed by J S Livingston to R W Barr by deed dated Feb. 8, 1908, recorded in Vol. 38, page 336, of the deed records of Mills county, Texas, to which deed and the record thereof reference is here made for more particular description of said land herein excepted, and that on the day and year first aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiff therefrom and still unlawfully withhold from him the possession thereof to his damage in the sum of two thousand (\$2000.00) dollars.

Plaintiff further alleges that he and those whose estate he has, claiming to have good and perfect title to the above described tracts of land now has and has had peaceable the land claimed, and open, notorious and adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the defendants cause of action accrued, and before the commencement of this suit, and of this he is ready to verify.

And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming the same under deeds duly registered in the office of the county clerk of Mills county, have had peaceable, continuous and adverse possession of the land and tenements claimed and described herein, cultivating, using and enjoying the same, and paying all taxes thereon for a period of more than five years next after the defendants cause of action accrued, if any, and before the commencement of this

suit, and of this he is ready to verify.

Plaintiff further alleges that the exact nature and extent and character of the defendants' claim to the above described three tracts of land is unknown to him.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ with you return thereon, showing how you have executed the same.

Witness, Etta Keel, clerk of

the District Court of Mills county. Given under my hand and seal of said court at office in Goldthwaite, this the 17th day of October, A. D. 1919.

All Her Friends Come To See
What Tanlae Did For
Mrs. Lynch.

"I wouldn't take a fortune for
the good Tanlae has done for
me," said Mrs. A. F. Lynch, of
164 Central street, Galesburg,
Ill., recently.

"I suffered from stomach trou-
ble for about five years," she
continued, "and hadn't been able
to eat a regular meal for several
years and during this time I suf-
fered awfully with cramps, dizzy
spells and terrible throbbing head-
aches. I was often troubled with
gas on my stomach that bloated
me up so I could hardly breathe.
I also suffered with my kidneys
and was so constipated that my
condition alarmed me at times, for
I just didn't seem to be able to
get any relief from this trouble.
I was never free from a dull,
aching pain across the small of
my back and got so weak and
rundown that I was laid up for
as much as a week at a time.

"Tanlae has done me a wonder-
ful amount of good. I eat three
meals a day now and am never
troubled with indigestion, bloat-
ing or headaches. My condition
has improved so I can do all my
housework. I am perfectly well
in every way and people who
have heard about my recovery
come to see if all they hear is
true and it doesn't take me long
to convince them of the facts."
Tanlae is sold in all leading
drug stores. (ad)

which it gave me relief," writes Mrs.

lowing notice:
The State of Texas

To all persons interested in the
welfare of Henry Wade Ivy, a
minor: T. R. Ivy has filed in the
county court of Mills county, an
application for Letters of Guard-
ianship upon the person and es-
tate of said minor, which said ap-
plication will be heard at the
next term of said court, commenc-
ing on the first Monday in Decem-
ber, A. D. 1919, the same being
the 1st day of December, A. D.
1919, at the court house thereof,
in Goldthwaite, Texas, at which
time all persons interested in the
welfare of said minor may appear
and contest said application, if
they see proper to do so.

Herein fail not, but have you
before said court, on the said
first day of the next term thereof,
this writ, with your return there-
on, showing how you have exe-
cuted the same.

Given under my hand and seal
of said court, at office in Gold-
thwaite, this the 6th day of Octo-

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

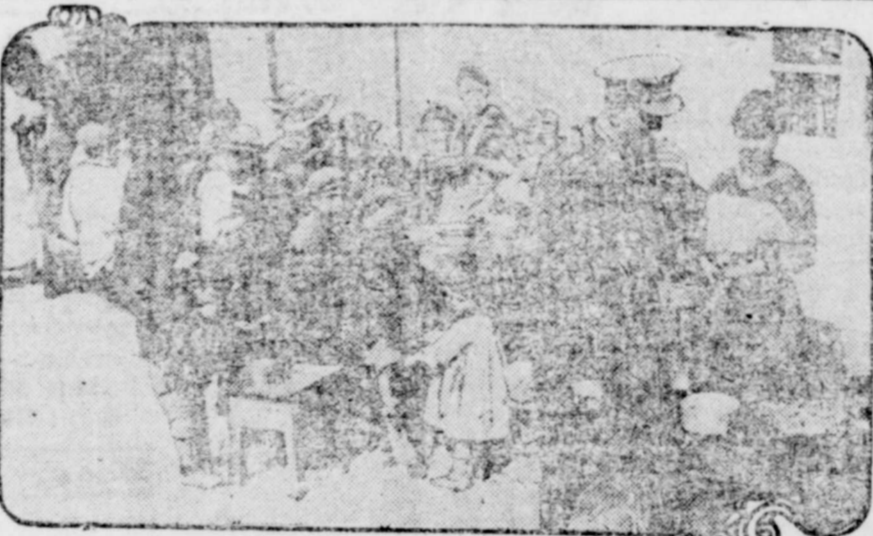

Recreation in Hospitals.

The American Red Cross conducts its recreational work in hospitals through trained men and women, introducing a multitude of recreations suited to the handicaps of the men. The accompanying view of a hospital ward shows in operation a moving picture projecting machine, developed by a Red Cross recreational director, which throws the pictures on the wall so that the men do not have to stir from their cots.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

In Italy.

Arriving at one of the most critical stages of the war, when the Teutons were forcing the Italian army back to the Piave, the American Red Cross rushed emergency relief from Paris and revived the drooping spirits of the whole country. In addition to furnishing rations and comforts and medical attention to the fighting men, the American Red Cross instituted 42 soup kitchens, 36 children's hospitals, 10 children's dispensaries, 14 artificial limb factories, five homes for refugee children, 10 rest stations for refugees. This photograph shows a group of Italian refugee children being fed by the American Red Cross at one of the numerous relief stations.

COAL STRIKE

The threatened coal strike is not only scheduled for an unfortunate time, but it is dedicated to extravagant purposes. What the miners promise if their demands are not accepted is inconceivably cruel to the country.

What their demands comprehend is all out of reason to what other workers receive and are doing. A six-hour day, with five-day week, in the mining industry would be taken as a signal for similar reductions in all other fields. This would mean nothing short of industrial revolution. A 60 per cent increase in pay for miners would give all other classes of labor a reasonable excuse for regarding present rates as wholly unfair. The attitude of no concessions, which the miners have assumed, is doing much to bring them, and with them other branches of organized labor, into disfavor.—Chronicle.

The Chicago Old Clothes Society was organized by clerks in the city hall of that city with "chapters" in each of the principal departments of the municipal government. The object is to glorify the wearing of patched, frayed or shiny suits, soft collars, resoled shoes and revived neckties as a means of combating the high cost of living. The society is said to have had its inception in an Associated Press dispatch from London relating the perturbation of fashionable English tailors over the growth of "old clothes leagues" in the British metropolis.

W. W. Reynolds was here from the Live Oak community yesterday and told of a destructive hail at his place Thursday afternoon. Other farmers east of town report loss from hail at that time.

INDICATION OF PROSPERITY

One of the indications of prosperity in this city and the surrounding country is the immense increase in the mail that comes to the postoffice and is disbursed thru the office direct and by the carriers. While there are four mail trains each day, the early morning train from the east brings more than the other three and frequently there are twenty-five to thirty sacksful of that mail—a float load. Patrons of the postoffice have some idea of the heavy work this places upon Mr. Clements and his assistants and they wonder that such a volume of business can be handled in a day with the small force allowed for the work. In fact, the task can only be accomplished by long hours overtime and continuous labor. This immense business, however, proves to the postoffice department, railway mail clerks and others informed that good old Mills county is prospering and is well up with much larger counties in the matter of mail distribution.

Answering A Question ?

Does it pay to buy where you can always get just what you want and at the right price? YES, MOST ASSUREDLY IT DOES.

Can you always get what you want at Miller's Drug Store? Yes, they keep a complete stock of everything in the drug line. Medicines of all kinds and everything necessary for the sick room. They are prepared at all times to take care of any emergency. They have on hand, complete stocks of diphtheria antitoxin, serums, vaccines, lagrippe and influenza remedies, cold remedies, etc. They are also prepared to take perfect care of your doctor's wants in the way of filling all prescriptions and supplying them with anything they may need to treat any and all ailments. Your doctor can get what he wants at Miller's Drug Store, so can you, and our prices are most satisfactory, with the best of service. Come to Miller's Drug Store, where you can get it. (adv)

THE SOCIAL SHAKE-UP

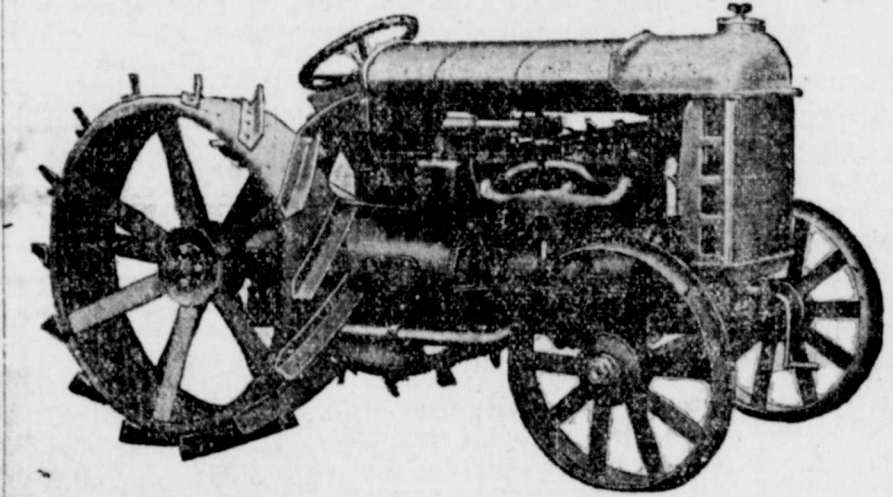

We have heard much from some Englishmen about the influence of the great middle class in their country. Recently we have begun to hear of the interests of our own middle class, so-called, ground as it has been in recent years between the upper and the nether millstone. It would be hard to define accurately middle class, who belongs to it and who does not. We have been accustomed to regard it, however, as enjoying less of the pleasant things of life than those who have all sorts of money at their command and yet having more within its reach than many thousands. Earning power is an important factor in determining who is of the middle or any other class.

Classes are in flux just now. These times are witnessing a social shake-up. If machinists, carpenters, shipyard workers, blacksmiths and, generally speaking, men who know a trade and a great many who do not, are not, taken as a body, the middle class who is? Look at the advertisements under male help wanted. The man who dons overalls is worth twice as much these days, apparently, as the army of men who sit at their desks in immaculate collar and white shirtleeves. He is the man who can the better afford to have well-kept lawns, a brightly painted house and some of the other accessories of undisguised comfort. The bookkeeper, clerk, secretary, stenographer, and all that gallant crew, are contemplating this revolution wonderingly. What has struck the world?—Newark Evening News.

TEMPLIN MEMORIAL

Rev. J. T. Weems of Mullin was here yesterday meeting his friends and looking after business matters. He is working hard on a plan to build a new and modern Methodist house of worship in Mullin and the progress he is making gives him encouragement. There is a plan to place a memorial window for the lamented Rev. G. W. Templin in this building, the general public being given an opportunity to contribute to a fund of \$1000 for that purpose. There will be hundreds of people here and elsewhere who will be glad of an opportunity to make a contribution to this fund, for no more consecrated man ever lived than Brother Templin and no man ever held a higher place in the estimation of the people, regardless of religious beliefs or denominational affiliations.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. NEIGHBORING NEWS

Items of Interest Culled From The Local Papers

LOMETA

Will Page combined business and pleasure and made a trip to Dallas this week.

Thought to be the largest pecan deal ever made individually was consummated this week when Henry Stallings purchased 350,000 pounds of pecans from the growers in the Bend country on the Colorado river. The pecans are being delivered as fast as gathered and stored in the Stallings' warehouse and when loaded the shipment will make approximately twelve carloads.

The old milk cows that have promenaded the streets and sidewalks of lovely Lometa for several years had better enjoy the freedom of traversing the crowded thoroughfares in the business district during the next few days, because they will soon be compelled to view the exciting scenes of the city through the cracks in the cow pen fence. And, too, the herd of hogs that have participated in the pleasures to be derived from wallowing the mud holes in the streets and alleys will have to grunt in disgust to accept their ideas of being cooped up in a pig pen.—Reporter.

HAMILTON

Clarence C. Crews of the Crawford Advance was here Wednesday to attend the funeral of his mother, Mrs. S. H. Crews, whose death occurred Tuesday.

Walker Ligon and family have moved to Goldthwaite, where he will be employed in the McKinley Bros. & Jones' store. We trust they will find a pleasant home among the good people of that prosperous little city. We hate for them to leave Hamilton.

At the meeting of the commissioners court this week Judge Joe H. Eidson notified the court that it was his intention to file his resignation with them to take effect on the 30th of this month, so that they might be considering the matter of the election of his successor on that day, when a special meeting of the court would be held for that purpose.—Herald.

LAMPASAS

The fine attendance at the revival meeting of the Baptist church Tuesday night was a splendid indication that the meeting is taking hold of the people. Brother Sid Williams gave them a lesson from "Jonah and the Whale."

The public is requested not to stake cattle, horses or other animals on the Methodist and Baptist church lawns. The church lawns should be kept in a neat condition, but with such practices as this it is impossible to do so, and furthermore, the church lawns are not pastures for stock of any kind.

Word was received Wednesday morning by Tom Richey and his sister, Mrs. Reynolds, that their mother, Mrs. R. J. Richey, of Austin, had sustained a broken member by falling down the stairway at her home. Her arm was broken between the elbow and shoulder and while it is not necessarily a serious wound, it will be some time before Mrs. Richey will have use of the arm.—Leader.

CONSTIPATION

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise. Sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter. Sold by L. E. Miller & Son. (ad)

A FAIR TEST

It is important, of course, to get a fair test of your but it is also a good idea to TEST THE DEALER—see that you get all that your Cream is worth in the market. That is the kind of test we like. We represent

Metzger Bros. of Dallas

which justifies the statement that we are prepared to pay the price at all times and give a liberal cream test. If you are a patron of our business, we appreciate you and want you to continue. If you are not a customer—we want you.

Chas. O. Stark, one of the Eagle's young farmer friends of the Rock Springs community, this week sent us a sample of his sweet peppers grown in his garden and they were delightful. There were seven on one limb and they were big ones. They were fine and we certainly appreciated the kindness and thoughtfulness of Mr. Stark.

A really good home orchard is a great asset for any farm. Good fruits are a splendid food and they promote health and help us to avoid doctors' bills. But good home orchards do not happen; they are the result of intelligent careful effort. Good trees from a good nursery, varieties suited to our particular soil and climate conditions, pruning, spraying and proper fertilization are among the essentials. If you haven't a good orchard, get ready now to make one; if you have an orchard already, make your plans now to make it better.—Progressive Farmer.

If the affairs of the State and Nation are not being conducted as they should be, the blame must rest upon the voters of the Nation. Our government was founded by some of the wisest men who have lived in all history. They founded a government that they believed would endure forever. They considered the government as being an institution managed by the people through their representatives and an institution to which they must contribute and not draw from. It should be borne in mind that we can get nothing from the State or National Government that we do not put into it. If we draw from the government for roads, for internal improvements, for educational bureaus, we must pay for them. If we have less government expense we must ask less of the government, for after all what we are receiving is but what we have asked for. If we have improvement in the affairs of the government we must improve in our attitude as voters.—Comanche Chief.
