**L. H. LITTLE, PROMINENT MERCHANT, DIED HERE LAST FRIDAY NIGHT AT 10 O'CLOCK**

It is with great regret that we announce to our readers the death of one of the pioneer citizens and for many years one of the most prominent business men of Goldthwaite—L. H. Little. Mr. Little had been in bad health for several months, gradually growing worse; he had been carried to sanitariums and treated by specialists, but in spite of all that could be done for him, he passed away Friday night, August 27, at about ten o'clock. At the time of his death there were at his bedside his wife and all his children.

Burial was at the Odd Fellows' cemetery here at 4 o'clock Saturday afternoon, the services having been conducted at the family residence by Rev. W. R. White, former pastor of the First Baptist church, assisted by Rev. Darby.

All funeral arrangements were conducted by Bodkin-Fairman Co. In honor of the great esteem with which his fellow townsmen held Mr. Little, many of the stores closed during the afternoon. The pall bearers during the last sad rites were:

- Will H. Trent.
- E. B. Anderson.
- B. F. Hurdle.
- Dr. J. M. Campbell.
- Jno. Burnett.
- Walter Fairman.
- Honorary pall bearers:
- J. D. D. Berry.
- Joe Curtis.
- L. E. Miller.
- Cas. Ridd.
- J. V. Cockrum.

Mr. Little was born in Rusk county, Texas. His parents died when he was a baby and he lived with his aunt at Timpson, Texas, until grown.

Mr. Little came to Goldthwaite in January of the year 1900 and immediately went into the dry goods business with Tom Little. In about one year he bought out the interest of Tom Little and organized the firm of Little & Sons, with only one store, here at Goldthwaite.

As the years went by Mr. Little prospered greatly in his business on account of his fair dealing and friendliness, and as his sons grew to manhood they were, one by one, taken into the firm and first a branch house at Hamilton and then one at Lometa was established until now Little & Sons have three big stores and six stockholders.

Mr. Little leaves a wife, Mrs. Angeline Little, and seven children: Mrs. T. P. Toland, wife of the manager of the store.

Will Little, manager of the store at Hamilton.

Mrs. W. H. Walton, wife of the manager of the store at Lometa.

Mrs. G. A. Swain of San Antonio.

Miss Adeline Little.

Lewis Little.

Mrs. D. Albert Trent.

He also leaves one brother, G. W. Little of Dallas, and three sisters, Mrs. E. W. Parker of Brownwood, Mrs. Harris Parker, Aip, Texas, and Mrs. Dr. Parker of San Antonio.

Mr. Little was known and admired by nearly everybody in Mills county and they were all grieved to learn of his death. The Eagle joins them in extending sympathy and consolation to the bereaved ones.

MRS. HENRY MARTIN, Pres.

**SOME THOUGHTS ON OUR COMING SCHOOL SESSION**

Monday, Sept. 13, our school opens, already our teachers are arriving for the institute, and parents and pupils are thinking and talking school.

No other institution or business, save the church and the home, can be of so much importance to us as our school, for there, aided by church and home, we take the boys and girls of today and fashion them into the men and women of tomorrow. To be a successful man or woman, the pupil must learn to control self and the aim of the present administration will constantly be to put boys and girls on their own honor and have them manage themselves; i. e., to have them governed from within by their own consciousness of right, aided by enlightenment by the teachers; rather than from without by the commanding and restraining authority of their teachers. This free exercise of conscience in judging, willing, and acting will certainly eventuate in stronger and more beautiful characters.

The school board have done their best to secure the most competent teachers with the funds at their disposal. Let us hope that they have made no mistakes in their selection of teachers and let us all—pupils, parents, and teachers—work harmoniously and vigorously for "the noblest cause mankind can have at stake"—the freedom of our boys and girls from ignorance and the fitting of them to take their places in the onward march of American and world civilization.

The writer wishes to thank former Supt. Price for courtesies and information about the former management of the school; the good women of the town for interest and kindnesses shown and the good men as well, and the editor for the opportunity of writing this brief notice. Later, as time permits, more may be written.

Let our school and life motto be Cicero's expression, "Nothing is good enough as long as there is anything better to which we may aspire."

ISAAC H. HUGHES, Supt. Schools.

**MARRIED AT BELTON.**

The Eagle has received the information that Miss Maud Hartman and Clifford Elder were married at Belton Thursday afternoon.

Miss Hartman is a daughter of F. L. Hartman, a prominent farmer of the Big Valley community. She had been attending the Baylor College at Belton for the last few years. She is a young lady of culture and refinement and has a large circle of admiring friends in the Big Valley community and in this county. Miss Hartman was reared in Mills county.

Mr. Elder is a son of Mrs. Elder of the South Bennett community, but he now has a nice position with a railroad company at Dallas. He, with his mother, moved to Mills county four or five years ago from Bell county. They first lived in the Big Valley community. He has many friends in this county.

The young couple came in Thursday night for a visit to homefolks and other relatives before going to their home, which will be in Dallas.

The Eagle joins the many friends of this excellent young couple in extending to them best wishes for a long and happy married life.

**B. Y. P. U. INSTITUTE AT THE FIRST BAPTIST CHURCH IN GOLDTHWAITE CLOSED AUG. 20**

The B. Y. P. U. Institute at the First Baptist church of Goldthwaite, conducted by Mr. O. J. Chastain and Miss Lucy Sprecher of Dallas, State B. Y. P. U. secretaries of Texas, closed Friday night, August 20. We had an average attendance of about seventy and the institute was in every way a great success. Mr. Chastain taught a course for seniors and Miss Sprecher for juniors.

We believe that our young people now have a greater vision and better understanding of B. Y. P. U. work and we hope to have the greatest Young People's Union in the history of our church. We greatly appreciate the beautiful spirit of co-operation shown by our young people and a number of the fathers and mothers in making the institute a great success. Mr. Chastain and Miss Sprecher are conducting an institute at Abile, Texas, this week.

M. A. DARBY, Pastor.

**BELL COUNTY FARMERS ENLIST IN AMERICAN FARM BUREAU**

Belton, Texas, Sept. 1.—More than five hundred farmers are pledged to the Bell County Farm Bureau which has completed a three days drive in a small portion of the county, eighty per cent of all farmers solicited having joined the organization which now has nearly a million and a half members in 31 states of the union and in more than half the counties in the United States.

The Bell county drive is to continue for several weeks until every farmer is seen and if the present percentage is kept up the final membership will be in the neighborhood of 2,500 members.

Texas farmers have already been saved millions of dollars through the American Farm Bureau's defeat of the Nolan bill, which would have taxed all farm values over \$10,000 one per cent annually. Bell county farmers regard the \$10 membership fee as a small item compared with the benefit already received. For example, it is stated that a man owning a farm valued at \$40,000 would have had to have paid \$500 extra tax a year if the American Farm Bureau had not stepped in with its million and more members and defeated the bill while it was before congress.

It is stated that this same bill is coming before congress again and that the Farm Bureau is going to have another fight to defeat it for all time. The Bell county farmers are lining up almost one hundred per cent with the Farm Bureau to get the benefit of the organization in fighting those measures which mean loss of money to the farming class.

John Orr, a farmer in Dallas county, is the president of the Texas Farm Bureau, and C. O. Moser is the secretary. Both men expect to make the Texas organization second to none in the United States.

**CITIZENS OF GOLDTHWAITE ARE REQUESTED TO MEET THE TEACHERS SUNDAY NIGHT**

The committee in charge of the reception of more than 250 teachers who will be here to attend the institute next week request that every person who has a car and who can conveniently do so, meet the teachers at the train Sunday night and Monday morning. This is the least we can do to show our hospitality to the visitors. All arrangements for entering for the teachers have been completed and more homes have been thrown open to them than are necessary. This goes a long way to show the visitors that Goldthwaite is not lacking in the true Western spirit of hospitality.

Let's give the teachers the time of their lives—that they will long remember Goldthwaite.

SAM FRAZIER.

At Rogers, Texas, August 11, 1920, at 3 o'clock in the morning, our dear friend and brother passed to his eternal reward.

From early manhood his life had been devoted to the service of Christ, and his family. In the varied relation of husband, father, friend and neighbor he proved himself true, and day by day he manifested the transforming of the spirit, proving to the world the truth of the profession he has made.

Bro. Frazier moved to Mills county in 1902 from Rogers, and in 1917 moved back to the old home community near Rogers. He was 69 years old the 3rd day of last February. He leaves a noble, Christian wife and several children, who are honored, respected citizens in the communities where they live.

He was a member of the Christian church for 32 years, loved God and his neighbors and his motto was "Do unto others as you would have others do unto you."

About three years ago Bro. and Sister Frazier spent the last night of their stay in Mills county in our home in this little city, and while sitting around the table avowed our love for each other and spoke of our unbroken friendship since our first meeting a number of years ago.

Bereaved, don't weep. We cannot recall the loved one to earth again, but we may so live as to go to him on the other shore. Remember God lives and His will be done. Farewell, dear brother, until all the weary watchers shall have found rest.

THE LEAGUE OF NATIONS MEANS THOUSANDS OF EUROPEAN GRAVES FOR AMERICAN BOYS AND BILLIONS OF TAXES FOR AMERICAN TAXPAYERS.

Editor Eagle:—As this is an off week for me in defending myself against the attacks of our mutual friend, Mr. McDermott, I will try to defend what appears to me to be the good old American attitude towards entangling alliances.

In the first place our opponents say we must enter the League of Nations in order to keep out of European wars; that we must guarantee the integrity of the territory of each member of the league against outside aggression in order that each member of the league may have the mutual protection of all the members.

Now this proposition very clearly sets forth the logic that we must tie in with all European members of the league if we want to keep our boys out of Europe hereafter, or in other words, according to the new logic we are asked to follow, we must tie in to Europe if we want to keep out of Europe.

This is entirely a new logic and one I have been entirely unable to fathom; that the way to keep out of a thing is to tie into it.

This idea of course is based on the hypothesis that the combination will be so strong that no earthly combination of nations will dare to challenge it—a principle of force after the kaiser's own idea when we follow it to its logical conclusion. But, says the objector, we will take in the whole world, all nations will become members of our league and then we will control the world because we will all be under the same compact, will have ratified the same reciprocal agreements and be bound to each other by the same covenants. Now this might look good to us if we had not experienced the past.

Listen for just a wee bit until I tell you something many of our writers and speakers on this subject have not yet mentioned.

After the United States had gained its independence, formulated and adopted the constitution, elected its president and set up its government, it was generally predicted in European countries that Americans would never fight among themselves—the fighting within of such a federation of states, bound together with such mutual interests, with such a strong combination of mutual covenants and agreements all lodged in a single power, known as a federal government, with checks and balances to fully protect the interests of each member state against wrongs or encroachments by other members of the federation, could never fight among themselves. To back up these predictions, they pointed to a people who had gained their independence through the most trying and discouraging conditions, who entertained for each other the warmest citizen fellowship, although they hailed from most all white races of the globe; yet in America they had reached a common brotherhood, held like ideals and had gained their common independence fighting side by side, sharing each other's few good fortunes and many hardships—in fact, it looked like they were, and indeed they were, knitted together as closely as any people had ever been knitted together before, and those who predicted that Americans would never fight among themselves had every assurance that their predictions were safe.

But were they? We are sorry to say they were not; for a generation had hardly passed until this country was plunged into one of the bloodiest wars that had been witnessed by mankind up to that time.

Then the same nations predicted that Americans would never quit fighting, but they did. So we find that men's predictions about wars, up to the present, have not been worth the paper they were written on.

Now, when men predict that a loose international contract, so feeble in its own construction that it does not, for any purpose, supersede the fundamental laws of a single member of the international combination, will and can prevent international war, his prediction is completely discredited before it is uttered.

highly-civilized, civilized, and semi-civilized nations together in an international compact prevent war among those nations, when a combination of highly-civilized states like our own, bound together by a strong super constitution to which they had all sworn allegiance, failed to prevent war among us?

The trouble with all of these combinations is within and if every nation of the world should join the league it would not lessen or minimize the trouble within, but would only multiply it and if war would eventually result from the troubles within the League (and they are much more likely to result from within the league than from without), the bigger the league the bigger the war to follow.

I do not fear the wars outside the membership of the league half so much as I fear the wars inside the league; for if the league is ever a reality the incubation of the greatest war of history will be started. We will have to cope with ignorance, intrigue, jealousy, superstition and suspicion and the more closely we are associated with these undesirable attributes of our fellowman, the more likely we are to have trouble with him.

If we had ratified the covenant as President Wilson wanted, we would today have possibly two hundred and fifty thousand more American boys on European soil than we have and ere long we could add to the seventy thousand American graves in Europe another thirty thousand, breaking the hearts of thirty thousand more American mothers and adding to the burdens of the American taxpayer some three or four billion dollars, while the fury in Europe goes merrily on!

But the League of Nations, to which we are asked to contribute billions of money and thousands of American lives, what has it done either to stop or prevent wars? Nothing. Only week before last when every one looked for action from this league, which we are told has been ratified by twenty-nine sovereign states, Poland, a member of the league, cried to her sister members for succor when her territorial boundaries had been overrun by external violence and her very national existence was threatened and she had every right to expect action by her sister members under article ten of the league; none heeded her call but France, England sulked in its tent and the others made no reply. Yet Mr. Cox asks us to burden the American taxpayer with billions of dollars and stake thousands of American lives on an international agreement that twenty-seven nations out of a total of twenty-nine repudiated on its first call for a liquidation of their voluntarily assumed obligations.

The American mother or father who votes for Mr. Cox and his Wilsonized league votes for billions of tax burdens for the American people and thousands of European graves for American boys. If you love your country or if you love your boy, vote for the freedom of your country and for the same liberty for your boy that his father enjoyed. His father never had too much liberty but he had more than your boy will have if the League of Nations is ratified as brought from France by President Wilson.

EVERY COUNTY IN SOUTHWEST TEXAS WILL BE REPRESENTED AT SALVATION CONVENTION

San Antonio, Aug. 28.—Every county in Southwest Texas will be represented by three or more delegates at the state convention of the Salvation Army advisory boards, which will be held in the St. Anthony Hotel on Wednesday, September 8. Already more than 150 acceptances have been received by J. H. Savage, president of the state advisory board.

Besides several addresses, the reports of each county as shown in the confidential studies now being compiled by the county advisory boards will be presented at the convention and a program of service outlined that will be carried out faithfully by the various boards in co-operation with the Salvation Army.

The county advisory boards in Texas represent a constituency of more than 1,000 of the leading men and women in this state, who are devoting a considerable portion of their time in an effort to alleviate social distress in the community in which they reside.

Discussion of the needs of the state as applicable to the Salvation Army will form an important feature of the convention and the business and professional experience of the men comprising the state and county advisory boards will be at the service of the Salvation Army in this respect.

### A TALK WITH A GOLDTHWAITE MAN.

Mr. D. Y. Fox of Goldthwaite Tells His Experience.

There is nothing like a talk with one of our citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Goldthwaite man:

"My kidneys first bothered me by causing me to suffer with my back," says Mr. Fox. "Then I had rheumatic pains in my limbs and arms. My kidneys at times acted irregularly. As these ailments came on me I used Doan's Kidney Pills, getting them at Clements' Drug Store, and they always relieved the rheumatic pains and backache and corrected the kidney action. As a rule, I have Doan's in my house, for I know I can depend on them."

#### Relies on Doan's.

Mr. Cox gave the above statement April 26, 1915, and on May 20, 1919, he added: "I am a strong believer in Doan's Kidney Pills and am never without a box. When my kidneys feel a little sluggish, I always take a few with fine results. I feel the same about Doan's now as I did when I gave my previous statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 9-11

### SAN SABA PEAK.

(Correspondent.)

Editor Eagle:

Well, as I have never seen any news from this part of the country, will give you a few dots.

Miss Tidy Brister visited Miss Frankie Tyson the last of last week. The party at Mr. Fay Dales' was very much enjoyed by a large crowd last Saturday night.

Quite a few of the Peak folks enjoyed the tacky party and dance given by Mr. and Mrs. Ferd Sullivan of Cedar Knob Monday night of this week.

Henry Crawford is seen among our midst quite often of late. Wonder what the attraction is?

Mr. Dale and family are going off on a cotton-picking soon, but will return in a few weeks to gather his own crop.

Miss Nora Ward is visiting in the home of Mrs. Waltrip of Goldthwaite this week.

Little Miss Elva Waltrip spent last week visiting little Miss Beulah Ward. Miss Frankie Tyson is visiting Miss Tidy Brister of Seallorn this week.

Well, as it looks very much like rain today, will be going. If this is seen in print, will come again. YYY.

### VAN LANE.

As we look back over our gone-by days and thoughts come fresh to our minds of other times when our dear friends were with us and now have gone, not to return to us again, death leaves a streak of sorrow behind.

One we shall call by name is Van Lane, and the grim monster Death has taken him from our midst, some two years ago. Van, as we old comrades always called him, was a Southern gentleman of the highest standard; was born and raised on the east side of the Mississippi River and later came to Texas. He was here when the great war between the states came up. He at once espoused the cause of the C. S. A. and enlisted in the service of the Southern States at Lampasas with the Texas boys. He, during the four years that he spent in the army, saw plenty of service under Tom Green and other Southern generals. He took part in almost all the battles that were fought on this side of the Mississippi River. One that he often spoke of was the battle that he was in at Miligan Bens, La., where he and a few of his comrades took shelter behind the Mississippi river levees in close range of the billies; and as they came off the boats they put it to them just as fast as they could load and shoot, being so close that almost every shot had effect. He was also in the battle of Mansfield.

After the war, in 1866, Van Lane was the first white man to settle on the Hondo River in New Mexico at the present site of Roswell, where he lived for eighteen months. He moved from there to Texas and was in the Texas Ranger service. He moved to Mills county before the county was organized.

JEFF DAVIS CAMP U. C. V.

Capt. S. M. Carothers left Monday morning for Belton, where he will visit his son, Holland Carothers, for several days. He will then go to Waco to visit his brother, S. E. Carothers. From Waco he will go to San Antonio for a visit with his son, Moore Carothers. He will meet the Goldthwaite boys in Houston, on the morning of October 5, who will attend the national Confederate reunion, October 5 to 8, inclusive. Captain Carothers contemplates spending the winter in San Antonio, but will return here next spring to meet his old friends.

#### Lest You Forget.

## End Your Gate Troubles with "Can't-Sag" Gates

Cost Less  
Last Longer  
Look  
Better

No more heavy, tumble-down, sagging wooden gates. No more bent and twisted gas-pipe gates. Put up "Can't-Sags"—made of an ideal combination of iron and steel bolted securely together—no screws or nails to pull out. When closed and latched, the "Can't Sag" gate is securely locked at both ends—stock can't break through to destroy growing crops.

### Can't-Sag a Fraction of an Inch

In order to sag even a quarter of an inch, 45 bolts and 8 pieces of angle steel would have to bend. You know that is impossible. Yet, this ideal gate costs less than the old-fashioned kind. Thousands are in use on large and small farms everywhere. Drop in and see these gates when you are in town.

**CORPUS CHRISTI.**

Editor Eagle:

Time is moving onward and his answer is "No, no" when you ask him to stop. Since my last letter I have been down in the Rio Grande Valley, looked across the river into Mexico, traveled perhaps 150 miles in an auto and saw some of the wonders of a real Texas southern climate. Hundreds of thousands of acres of land now turning over to the owners the second paying crop of this year's growing. The valley is settling up very fast and at present rate in five to eight years it will be a proposition to get transportation to put what they produce on the market. Oranges, grapefruit, lemons, figs, bananas, dates are some of the fruits they grow, and second to none in the United States. I saw cotton making a bale to the acre planted on land that had already made paying crops of onions, potatoes and cabbage; corn yielding as high as 75 bushels to the acre. Nearly every farmer is planting out orchards and many of them building nice modern residences. Land selling from \$300 and up to \$1500 per acre. The cane, kaffir corn, millet, alfalfa and other feed stuff does fine and nearly every farmer has more or less of these put up for feeding their stock. They were planting cabbage, potatoes and onions for their early deliveries in January. Their fruits will soon be marketable. There is something growing and being marketed every month in the year. New towns are springing up every few miles, some of which seem to be growing about as fast as the crops on the farms. The tillable land is nearly all under irrigation. Canals and smaller ditches with great pumping stations are furnishing water to keep the crops growing and the fruit trees blooming and bearing. Some of the towns not over two or three years old are building substantial brick and concrete business buildings, nice up-to-date residences with churches and school buildings that will compare with towns anywhere. We went on train from Corpus to Harlingen, where we were met by 10, 5 and 7-passenger autos that gave us a much better sight seeing trip than we could possibly get from the train. We were sure enough, sight seers and saw something interesting every minute of the trip. Those entertaining us were land boosters and of course showed us the cream. The prospectors we were with were all from Oklahoma and we think quite a few bought property. Your scribe had special invitation to make the trip at a cost of only \$5, which included railroad and auto fare, eating, sleeping, cold drinks, candy, etc., and without placing myself under any obligation to buy land. Some one may be interested in this description of a great trip; if so you are perfectly welcome and if not interested you can go somewhere, dig up something better and tell about it, in your way, to the Eagle readers.

Very truly,  
H. C. COBB.

### PAT M. NEFF OF WACO DEMOCRATIC NOMINEE FOR GOVERNOR—MAJORITY OF 100,000

Election returns of last Saturday's run-off election show that Pat M. Neff of Waco was nominated as the Democratic candidate for governor by a majority of about about 100,000 over J. W. Bailey, his opponent for the nomination in the run-off primary.

The race all over the state got pretty hot last week and Mills county had her share of the heat; however, it can be said to the benefit of the level-headedness and gentlemanliness of the citizens of the county that there were no fights nor heated words spoken—everything passed off smoothly and the crowd which had collected in town to get the earliest report was very good natured, joking all the time.

The fact that Mr. Neff won by such an overwhelming majority of the number of votes cast—100,000 out of a total of 450,000—leads the people to believe that Senator Bailey is a back number politically in Texas. It is very improbable that he will survive the assault with enough strength to come back as a public political character.

The results of the election in this county, as reported last Saturday night, are:

WORLD'S NEWS IN BRIEF.

Shipments.—Consigning of Tex-  
 wool to market centers in the  
 and East has virtually ceased,  
 dispatch from San Angelo. The  
 are confident better prices  
 will.

Gov. Cox, at a lun-  
 chon in New York last Satur-  
 day, reiterated charges that the Repub-  
 lican were raising a \$15,000,000 "cor-  
 ruption fund" and said further revela-  
 tions would be forthcoming.

—A strong effort is to be  
 made by the citizens of Sonora, Sutton  
 to obtain the early completion  
 of the branch line of the  
 City, Mexico & Orient railway  
 from San Angelo to Sonora, a distance  
 of 100 miles, a dispatch says.

Convict.—An escaped negro  
 was captured in Fort Worth  
 last Sunday morning, after the  
 escape of more than fifty revolver  
 men between the negro and a special  
 constable, in which the negro was  
 killed.

Booze.—Many additional men  
 in the department of justice will be  
 sent to Texas for the purpose of  
 stopping the whiskey traffic in the  
 state, it has been announced. It is said  
 that purchasers of whiskey will be given  
 a severe penalty.

Liquor.—A dispatch from  
 Mexico City says much liquor is  
 being brought across the Mexican bor-  
 der in skin containers on burros,  
 and that mescal and tequila can  
 be bought near the border for \$10 per  
 barrel, while whiskey is twice as high.

Rebel.—Pedro Zamora, who  
 was named a Mexican town and  
 named off British and American sub-  
 jects, has been advised by Francisco  
 to surrender to Mexican officials.  
 He recently surrendered himself and  
 to the Mexican federal govern-  
 ment.

Dead.—The Romagne, Sur  
 and Belleau Woods cemeteries in  
 Dallas have been approved by the sec-  
 retary of war as the permanent rest-  
 ing place of 30,000 American soldier  
 and land adjoining the cemeteries  
 has been purchased to prevent encroach-  
 ment upon the cemeteries.

Dispute.—One of the great-  
 est struggles the United States  
 has ever known will develop from the  
 Oklahoma boundary dispute now  
 pending in the United States Supreme  
 court. The Texas assistant attor-  
 ney general, The United States, Ok-  
 lahoma and Texas claim jurisdiction  
 of the oil lands involved.

Report.—The Democratic nom-  
 ination of Governor Cox, was given the o. k.  
 by the organized labor's non-partisan poli-  
 tical campaign committee's report, the  
 first of its kind ever issued, which was  
 made public Monday. The report was  
 prepared by Samuel Gompers, president,  
 of the vice president and secretary  
 of the American Federation of Labor.

**Woman Lady Was Sick For Three  
 Years, Suffering Pain, Nervous  
 and Depressed—Read Her  
 Own Story of Recovery.**

Rock, Ala.—Mrs. C. M. Stegall,  
 living here, recently related the fol-  
 lowing interesting account of her re-  
 covery: "I was in a weakened con-  
 dition. I was sick three years in bed,  
 suffering a great deal of pain, weak-  
 ness, depression. I was so weak,  
 I couldn't walk across the floor; just  
 to lay and my little ones do the  
 work. I was almost dead. I tried  
 everything I heard of, and a number of  
 doctors. Still I didn't get any relief.  
 I couldn't eat, and slept poorly. I  
 thought if I hadn't heard of and taken  
 Cardui, I would have died. I bought  
 several bottles, after a neighbor told me  
 it did for her.

"I began to eat and sleep, began to  
 gain my strength and am now well  
 and strong. I haven't had any trou-  
 ble since. . . I sure can testify to the  
 fact that Cardui did me good. I don't  
 think there is a better tonic made,  
 and I believe it saved my life. It  
 has done for me what nothing else  
 could. For over 40 years, thousands of wo-  
 men have used Cardui successfully,  
 and the treatment of many women  
 has been saved. It is a wonderful  
 medicine. It is good for all ailments  
 of the female system. It is a  
 safe and reliable medicine. It is  
 sold in all drug stores. It is  
 sold in 25c and 50c bottles. It is  
 sold by R. E. Clements.

# The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for  
 sensational sales and offered at ridicu-  
 lously low prices, do not attract  
 careful buyers.

They are far more concerned with  
 what they get than with what they  
 pay because they know that in the  
 end it is performance and not price  
 that delivers actual tire economy.

The popularity of Goodyear Tires, of  
 the 30 x 3-, 30 x 3½- and 31 x 4-inch  
 sizes, is based on the fact that they  
 deliver exceptional mileage at exceed-  
 ingly low cost.

If you own a Ford, Chevrolet, Dort,  
 Maxwell or other car taking these  
 sizes, go to your nearest Service Sta-  
 tion for Goodyear Tires and Goodyear  
 Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure  
 Fabric, All-Weather Tread..... \$23.50  
 30 x 3½ Goodyear Single-Cure

Goodyear Heavy Tourist Tubes cost no more than the price  
 you are asked to pay for tubes of less merit—why risk costly  
 casings when such sure protection is available? \$4.50

## THE STATE OF TEXAS.

TO THE SHERIFF OR ANY CONSTABLE OF MILLS COUNTY—GREETING:

You are hereby commanded to summon Thomas W. Howell, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 27th judicial district; but if there be no newspaper published in the said 27th judicial district, then in a newspaper published in the nearest district to said 27th Judicial District, to appear at the next regular Term of the District Court of Mills County, Texas, to be holden at the Court House thereof, in Goldthwaite, on the fourth Monday in September, A. D. 1920, the same being the 27th day of September, A. D. 1920, then and there to answer a petition filed in said Court on the 26th day of August, A. D. 1920, in a suit, numbered on the Docket of said Court, No. 1919, wherein Bulah Howell is plaintiff, and Thomas W. Howell is defendant, and said petition alleging that Bulah Howell, who resides in Mills County, Texas, is plaintiff, complaining of Thomas W. Howell, whose residence is unknown, hereinafter called defendant, and for cause of action, plaintiff represents to the Court that she is an actual bona fide inhabitant of the State of Texas, and has resided in said county of Mills for at least six months next preceding the filing of this suit, that on or about the 17th day of August, 1916, plaintiff was lawfully married to defendant, then a single man by the name of Thomas W. Howell, that they continued to live together as husband and wife until August 20th, 1918, when by reason of the cruel and harsh treatment and improper conduct of the defendant towards plaintiff, she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and wife.

Plaintiff alleges that during the time she and defendant lived together as husband and wife as aforesaid, that she was kind and affectionate to her husband and managed her household affairs with prudence and economy and at all times treated her said husband with kindness and forbearance.

That plaintiff and defendant lived together about 12 months, peaceably and agreeably, but defendant on or about March 10th, A. D. 1918, began a course of abuses towards this defendant and cursed and abused her and called her vile names and made an effort to whip this plaintiff. That the defendant refused to provide food and raiment for plaintiff and their child, or contribute in any way to their support, and that the residence of the defendant is unknown, that plaintiff has not heard of his whereabouts for more than one year.

Plaintiff alleges that defendant's action and conduct towards her generally are of such nature as to render their future living together as husband and wife insupportable.

Wherefore, premises considered, plaintiff prays the Court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relation, for the care and custody of the child Winfred H. Howell, and that her maiden name be restored to her, for the cost of suit and for such other and further relief, special and general, in law and in equity, that she may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Goldthwaite, this the 26th day of August, A. D. 1920.

ETTA KEEL, Clerk, District Court, Mills County, Texas. A true copy, I certify: J. EVERETT EVANS, Sheriff, 9-18. Mills County, Texas.

Miss Velma Lee Hale, of Oklahoma, left Thursday night for her home, after spending a week visiting Miss Annie Laurie Daniel in this city.

Frank Cave, who has been attending the University of Texas, arrived home yesterday morning, after the close of the summer term.

## "COULD SHOUT FOR JOY," SHE STATES.

Illinois Woman Is Happy Over Her Restoration to Health.

"I am so happy. I feel like shouting for joy and I simply have to tell everybody I meet what Tanlac has done for me," said Mrs. W. Knebell, of 619 Matthew St., Peoria, Ill. "Just a short time ago I was such a perfect wreck that I saw no hope of enjoyment in life," she continued, "and today I haven't a trouble of any kind."

"Even as a girl I was never strong and healthy and as time passed new troubles set in. Every bite I ate hurt me and I would have severe cramps, gas formed and pressed around my heart so bad I had to fight for breath. My kidneys caused me to have backache until I thought it would drive me distracted and if I tried to stoop over my back felt like it would break in two and even the weight of my clothes hurt me so much I had to have them made so their weight was all on my shoulders. When I tried to sweep the floor or cook a meal I became so weak and dizzy I had to lie down, and my nerves were so shattered I could hardly ever sleep at night. This was my condition for twenty long years—not one day, but every day, and I could never get any pleasure out of life."

"When you go this way year in and year out and then find a medicine like Tanlac it just seems too good to be true. My appetite is now splendid and I eat heartily three times a day without a bit of trouble afterwards. My kidneys never bother me any more and the pain in my back has disappeared entirely. I never have dizzy spells now and my nerves are so steady I sleep all night long like a child. I am so strong that I do all my housework and never get tired, and I am so happy over my splendid health that I can hardly contain myself and I will never be able to praise Tanlac enough."

Tanlac is sold in Goldthwaite by all dealers.—Adv. 9-4

### A Grateful Letter.

It is in trying conditions like that related below by Mrs. Geo. L. North of Naples, N. Y. that proves the worth of Chamberlain's Colic and Diarrhoea Remedy. "Two years ago last summer," she says, "our little boy had dysentery. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passed from one convulsion into another. I sent my husband for a doctor and after he was gone thought of a bottle of Chamberlain's Colic and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived he was out of danger. Sold by L. E. Miller & Son.—Adv.
