GOLDTHWAITE, MILLS COUNTY, TEXAS, SATURDAY, MARCH 10, 1923.

NUMBER TWENTY-SEVEN

Saturday, March 17, Goldthwaite's Trades Day

DAREDEVIL DYANSHINE IS SECURED TO GIVE FREE HIS THRILLING STUNTS

Elaborate preparations are being made by the business men of Goldthwaite for their big first annual Trades Day and Dollar Day, which is to be observed on Saturday, March 17, with all the merchants co-operating in order to make it one of the biggest days of its kind ever held in Mills County.

Arrangements have been made to have Daredevil Dyanshine on that day to stage two of his most defying exhibitions. Daredevil Dyanshine has been in the city and looked over the streets and buildings on which he has to work. He says that he will stage one of the most thrilling exhibitions ever witnessed by the people of Mills county, his only trick being that there is not a building high enough for his morning exhibition. Daredevil Dyanshine is well known internationally as a stunt performer of everlasting fame and endurance.

In the morning he is going to show himself to be strapped inside a regulation strait jacket and drawn by his feet to the top of the court house and while hanging head downward he will endeavor to make his escape in three minutes' time. In the afternoon he is going to allow himself to be placed inside a regulation strait jacket and laid on the ground 20 feet behind an automobile, on his back. He will then be dragged down the street at the terrific rate of sixty miles an hour while he makes his escape. During this wild drive Daredevil Dyanshine uses nothing to protect himself outside of a pair of khaki breeches which are re-enforced in the seat, a khaki shirt and nothing on his head. He rolls over and over during his trip, arriving at the finish without a scratch. It doesn't seem possible that a thing of that kind can be done without serious injury to the party being dragged, but Daredevil Dyanshine arrived here with press notices from all over the country showing that he has staged that exhibition just as he advertised it.

Daredevil Dyanshine has been in the stunt game ever since he was ten years old, his first exhibition being the old stunt of jumping from an old gas bag balloon with a parachute. Since then he has performed fourteen different exhibitions that defy death a hundred times.

Arrangements are being made to have a local car and local driver with a reputation of recklessness to do the driving on that day. In fact Daredevil Dyanshine says he wants the most reckless driver that can be found in Mills county as he wants him absolutely to make the speed of fifty miles an hour or sixty if he can get it and after making that statement if the driver fails to get the speed it will not be his fault. So if there is any driver in Mills county who cares to drive Daredevil Dyanshine down the street and has a high power car, submit your name and make of car to the office for Daredevil Dyanshine's approval on the morning of March 17.

Preparations are also going to be made to have special sales in the town on that day, in fact every thing will be done to make

it a big day for everybody so don't fail to be there. Start making preparations now to come to town next Saturday.

ITEMS FROM STAR.

Health of our burg is very good at present. Some few colds yet. Mr. Bascom Goode is in Star again, after an absence of four months. We are glad to have him with us.

Born to Mr. and Mrs. O. N. Hamilton, Saturday, Feb. 24, a girl.

Born to Mr. and Mrs. Dick Jeske, Monday, Feb. 26, a boy.

Mrs. Ben Hurdle closed her music class here last Wednesday, Feb. 28. We regret very much that we can't have Mrs. Hurdle with us all the time, as she is the life of good singing, and of which no service is complete without.

All seemed to enjoy the preaching services Saturday night and Sunday at 11 a. m., as we have been rained out or rather rained in for the past few Sundays. It is always good to hear the gospel message brought to us by Bro. McKinney, as he presents it in a most effective way. THE SANTA FE COW, SOW AND HEN SPECIAL TRAIN

Every Mills county farmer, farm woman, boy and girl should attend the demonstrations to be given at Goldthwaite and Mullin on Saturday, March 17, by the Texas State Agricultural College, in co-operation with the Santa Fe Railway Company.

A survey of the state's industrial conditions shows that during the depression of the last year or two, farmers who kept a few milk cows, some brood sows and a bunch of chickens did not feel the hard times so keenly as did those who confined their operations mainly to crop growing. Farmers are urged to come to the train prepared to ask questions.

The speakers from A. & M. college will be leaders in their respective departments—Prof. Evans, dairying; Prof. Ward, hog raising; Miss Murray, poultry raising.

J. D. Tinsley, agricultural agent of the Santa Fe, will be in charge of the train, which will arrive in Goldthwaite at 8:30 a. m. and remain two hours. The train will reach Mullin at 11 a. m.

All club members are cordially invited to inspect this train. A special meeting will be held for poultry members by Miss Murray and for pig club members by Mr. Ward.

Club members are requested to assemble at the station before the arrival of the train so their meetings may be held at once. Come early and make a thorough inspection of the entire exhibit. We seldom have the opportunity to see eleven ears of livestock, poultry and modern equipment.

The young people not interested in "Trades Day" or the "Dollar Day" offerings of the merchants will be entertained free by Dyanshine's famous death-daring feats. Remember the date, Saturday, March 17.

W. P. WEAVER,
County Agent.

night to Prof. Carr and quartette. They were greeted by a large audience and we felt that we were well paid for the time. They will sing for us again Tuesday evening, March 6.

The Goldthwaite Eagle:

Dear Editor: Find enclosed \$1.50—keep the Eagle coming another year, as it keeps us posted about the people of Goldthwaite and Mills county, as nothing else does, and am glad to see the Eagle keeping up with the best weekly papers of her sister counties. SCHOOLS ARE ALLOWED TO RUN FULL TERM BY THE \$3,000,000 APPROPRIATION

Superintendent W. E. Cantrell of the Goldthwaite Public Schools has received the following letter from S. M. N. Marrs, State Superintendent of Public Instruction:

To County and City Superintendents:

The Legislature has passed an act appropriating three million dollars to supplement the available school fund for the year 1922-23. The State Board of Education has declared a supplemental apportionment of three dollars which, added to the former apportionment of ten dollars, will make the per capita apportionment of the state available school fund for 1922-23 amount to thirteen dollars.

The restrictions placed upon this supplemental fund are as follows:

"The funds herein appropriated shall not be used for school year 1922-1923 for any purpose except to extend the school term for the year 1922-23, and no part of the funds herein appropriated shall ever be used for the purpose of raising salaries.

"Persons guilty of violating the provisions of this act, upon conviction shall be fined in the sum of not less than \$50.00 nor more than \$100.00, and provided further that each and every separate act shall constitute a separate offense."

Certificates of this apportionment will be mailed to the depositories as soon as practicable and the funds will be paid from time to time as the cash is available. It is my opinion that we may expect, under reasonable conditions, the payment of the full thirteen dollars by September 1, 1923.

fine shape and the woods now are beginning to look green. Most of the farmers here have their land broken. Not much small grain planted. A big acreage will be planted in cotton. All kinds of stock are wintering well. We are expecting cattle to sell a little better than they did last year. Sheep, what we have, could not have wintered better. An excellent lamb crop is expected and wool will no doubt bring around 50 cents per pound. Most all the farmers have a beautiful supply of high-grade chickens and turkeys free of disease and doing fine. With the winter months about over and with a good season in the ground beautiful and always welcome spring will soon spread out her rosy wings and we all are forgetting the past in anticipation of a prosperous 1923 and higher prices for everything the farmer and stockmen raise in the future.

Respectfully,
F. S. GRAY.

You must be here next Saturday. We say this advisedly. For next Saturday will be the banner day of the year, combining as it does Trades Day, Dollar Day and the Santa Fe and A. & M. College special train and big free attractions.

The Santa Fe Railway Company, in conjunction with the A. & M. College, is running an eleven car Cow, Sow and Hen train, which will stop here Saturday morning at 8:30 and remain until 10:30, spending two hours here. There are things of interest to every farmer, poultryman and stock raiser in these eleven cars; the best kinds of cattle, hogs and poultry, compared with the scrub kinds, and experts to show you how to judge them. A trip thru the cars alone will be worth your time.

At 11 a. m. or immediately after the poultry train pulls out, Daredevil Dyanshine will make an escape from a strait-jacket, after he has been pulled to the top of the court house, and while hanging in mid air, head downward. At 4:30 in the afternoon he will pull off what is known as the death drag. Being firmly bound and hog-tied and then fastened feet foremost to a powerful car, he will be dragged down Fisher street at the full capacity speed of the car, and make his escape while the car is in motion. Daredevil Dyanshine was secured by the business men of the city at a cost of over \$100.00 for that day for the entertainment of the people, and his thrilling stunts are well worth seeing.

In addition to these attractions, some of the merchants have made some of the most sensational price reductions ever offered at this time of the year, as an added inducement to come to town on that day. The careful buyer can save many dollars on that day by carefully reading the ads in this issue and buying from the merchants who have made the reductions.

The public square and the court house lawn will be at the disposal of those who want to "swap." No matter what you have of value bring it in and swap it for something you want from curryscombs to cultivators, chickens to horses.

At a very enthusiastic meeting of some twenty-five of the most progressive business men of the city at the court house Friday night of last week, it was decided to organize a chamber of commerce or similar organization here. A preliminary organization was formed, with L. E. Miller, president, and Lon A. Gillespie, secretary. A committee composed of L. B. Walters, W. C. Dew, T. F. Toland, J. H. Randolph, J. A. Hester, and L. E. Miller was selected to draw up the plans for the organization. This committee has been studying the plans of successful organizations of similar nature throughout the country and will be ready to report at another meeting some time next week.

Functioning as a temporary organization, the business men decided to pull off the Trades Day here next Saturday, and that they entered into the occasion with enthusiasm is proven by the number of attractions and money saving opportunities offered.

Come early and stay all day.

Costs You Nothing

Have this wonderful new Aladdin coal (kerosene) mantle lamp demonstrated in your own home. You don't need to pay us a cent unless you are perfectly satisfied and agree that it is the best oil lamp you ever saw.

Twice the Light On Half the Oil

Recent tests by the Government and noted scientists at 25 leading Universities prove Aladdin gives more than twice the light and burns less than half as much as the best round wick, open flame lamps on the market. Thus the Aladdin will pay for itself many times over in oil saved, to say nothing of the increased quantity and quality of pure white light it produces. A style for every need.

\$1000.00 Will Be Given

DR. HUGH P. SMITH, NOW DECEASED, WAS FIRST PHYSICIAN IN COUNTY

The first physician to make a permanent location in Mills county was Dr. Hugh P. Smith whose made the Big Valley neighborhood his home. He came from Louisiana in 1875. After Goldthwaite was established, he built the home now occupied by Ed. Thompson.

The first physicians at Goldthwaite were Drs. T. J. Pugh, J. E. Holden, J. A. Morris and J. M. Nickolson, all of whom came here in the fall of 1885. Dr. Pugh was, however, the first on the ground, as he came before the lot sale and made his home at a boarding tent. All of the above except Dr. Pugh are now deceased. He resides at Hearne, Texas. Some of the early transient doctors were Dr. T. H. East at Williams Ranche, Dr. Dodd at Center City, Dr. Montgomery at Blanket Creek, and Dr. Sullivan who had his home on the head of North Brown Creek.

Up to 1875 it was out of the question to call a doctor for every trivial ailment. Home remedies such as the wild herbs afforded had to be relied upon, and as for nurses the good mothers were the whole reliance.

At one time a man was desperately ill at Williams Ranche. A cowboy was sent to Belton, more than ninety miles, for a doctor. By making one change of ponies he made the trip in twenty-four hours. The doctor answered the call in like time. The boy, exhausted with his efforts, came in later and as he expressed it, "missed the funeral."

Once it became necessary to amputate a limb. A surgeon from Comanche was called, not by telegraph or telephone, but by the wireless of that day—the cowboy.

Many were the hardships endured by the afflicted in those days. Many went to premature graves for the want of medical treatment that can now be had by the assistance of the phone and auto in a very few minutes.

Are we duly thankful for the blessings of our day? XX.

SCALLORN BASKET BALL TEAM.
Scallorn basket ball girls and boys motored to Payne Gap last Friday evening, and played two interesting games. Dutch Smith, captain of the boys' team, called his men on court at 3:15 o'clock. The first 20 minutes the game was 4 to 0 in Payne Gap's favor. The last 20 minutes the game was 8 to 4 in Payne Gap's favor. Hurrah for Barney, he made the score of 4. Payne Gap sure has some good players.
Next came the girls' team. The captain, Miss Carlita Black, called her players on court. She asked Miss Vannie Laughlin and Lee Crawford to guard, Dixie Laughlin and Hazel Black, center players, and Muriel Linkenhoger and Carlita goal throwers. The first 15 minutes the game was 14 to 1 in Scallorn's favor. The last 15 minutes the game 18 to 1 in Scallorn's favor, although Payne Gap players had not had very much practice, so you can't blame them for not winning. We enjoyed being with Payne Gap very much. Hope they will come soon to visit us.—Scallorn Basket Ball Team.

CARD OF THANKS.
We wish to express our deepest gratitude to all who, in any way, contributed to the comfort of our loved one in his last sickness, and for the sweet words of sympathy after his death.
We especially want to thank Drs. Brooking and Campbell and Miss Fern Herrington, who did all in their power to keep him with us.
We are grateful for the beautiful flowers.—Mrs. W. D. Rudd and Children.

Art and Civic Club.

On Wednesday, March seventh, Mrs. Bina Oquin was hostess to the Art and Civic Club and a number of guests at the pretty home of Mrs. Kelly Saylor on Fisher street.

St. Patrick's Day coloring was carried out in all the decorations. On entering, the guests were served with delicious fruit punch of a greenish tint.

Papers on Salt Lake City by Mrs. Walter Fairman and St. Patrick's Day by Mrs. Clyde Hudson were both interesting and instructive. In addition to the regular program, a well rendered Irish reading was given by Miss Ruby McCrary.

Tables were then placed for forty-two. At the close of seven games, it was found that Mrs. V. L. Parker scored high as guest and Mrs. Clyde Hudson as club member. Each table was supplied with chocolate bon-bons.

Elaine Oquin and Walter Glen Saylor passed refreshing punch during the afternoon.

The refreshments consisted of green cherry whip and white cake with Shamrock favors.

The club members and following guests enjoyed the hospitality: Misses Georgia Frizzell, Mattie Johnston, Ruby McCrary, Lura and Velma Oquin, Mesdames C. M. Burch, Duke Clements, Holland Frizzell, M. Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago... I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

CARDUI

The Woman's Tonic

and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that, ... when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."

If you are weak and suffering from womanly ailments, Cardui may be just what you need. Take Cardui. It has helped thousands, and ought to help you.

SOCIETY and Club

Merry Wives Club.

On Tuesday of this week, Mrs. Owen Yarborough was hostess to the Merry Wives Club. "Wearin' of the green" was everywhere in evidence, as St. Patrick was the saint the hostess had chosen to honor.

The dining table bore green and white runners with shamrock wreaths, as did also the piano. Pretty cut glass baskets of roses added their bit to the harmonious setting.

After 10 games of "42," Mrs. Edw. Geeslin was found to hold high score. The shamrock figured in the game table appointments, napkins, etc. Most tempting refreshments, chicken sandwich, bread and butter sandwich, tuna salad, olives, pickles, hot coffee, orange whip and white cake decorated with a shamrock and a St. Patrick hat were served in two courses by the hostess, assisted by Mrs. Neal Dickerson and Walter Glen.

The guests, Mrs. Mark Leverett and Mrs. Clyde Hudson, added much to the pleasure.

Mrs. D. A. Trent will entertain the club March 20—Reporter.
