GOLDTHWAITE, MILLS COUNTY, TEXAS, SATURDAY, JUNE 30, 1923.

NUMBER THIRTY-THREE

GOLDTHWAITE'S THIRD TRADES DAY TO BE NEXT MONDAY, JULY 2, 1923

Goldthwaite's Third Trades Day will be next Monday, July 2. In addition to the thirty-three cash prizes, totaling \$100.00, which will be given away to the lucky holders of the tickets, there will be music furnished by the Goldthwaite Band, athletic stunts, etc., for the amusement of the crowd in the afternoon.

Some of the merchants are offering special Trades Day bargains for that day—a list of which will be found in the different advertisements in this issue. Read them carefully. You want to be here Monday anyway, so why not select the things you need—see where you can buy the cheapest and take advantage of the savings.

Great success was reported by the merchants who offered special inducements last Trades Day. This is as it should be. When a merchant goes to special trouble to arrange a series of bargains and also divides his profit, appreciation should demand that he sell enough of that article to partially reimburse him for the reduced percentage of profit.

WORLD'S NEWS IN BRIEF.

Grass Hoppers.—A dispatch from Bangs says the citizens witnessed a grasshopper flight Tuesday afternoon, the swarm going northward. The hoppers were visible for more than thirty minutes, millions of them being in the swarm. Reports from farmers near Bangs state the hoppers are eating the leaves and fruit from their orchards, and also eating the stalks and ears of corn.

Dynamite.—Carefully arranging his own bier in his back yard at Eastland Wednesday, James W. Hartney, 65, reclined on it with a stick of dynamite and lighted fuse placed on his stomach, over which he folded his arms. His body was scattered over a half-block, practically every member being torn.

Sheet Pests.—The elimination of the blow worm and screw fly, fatal enemies of sheep and goat production in Texas, is forecast by experiments conducted by the Agricultural and Mechanical College in Sutton county, according to a paper read before the Sheep and Goat Raisers' Association at Del Rio Wednesday by Prof. R. H. Jones.

Shot.—C. R. Nugent, 36, was shot three times Tuesday afternoon with a shotgun and died at the sanitarium at Jacksonville later. John Nugent, a brother, was arrested after nightfall Tuesday and lodged in jail charged with the crime. No bond was allowed him.

Negro to Hang.—Roy Mitchell, Waco negro, must hang for murder of Mrs. Ethel Denecamp near Waco on Jan. 19, the Court of Criminal Appeals at Austin Wednesday having overruled the defendant's motion for rehearing.

Milt Good.—The case of Milt Good, charged with the murder of W. D. Allison, was called at Lubbock Wednesday afternoon, right on the heels of the Tom Ross case, which went to the jury Tuesday.

104 Degrees.—The thermometer stood 104 degrees at Henrietta and Toluix, Ariz., Monday, making them the two hottest places in the country.

O. R. JACKSON BUYS THE DIXIE THEATRE

Last week O. R. Jackson of Bangs bought the Dixie Theatre business from Foster Brim and took charge of the theatre immediately. Mr. Jackson, a brother-in-law of Santa Fe Agent G. S. Schwartz, is an experienced motion picture man thoroughly acquainted with the manner in which a theatre should be run and the pictures which will suit the patrons.

Mr. Jackson will give his entire attention to the picture show business, thus assuring the spectators the best service and most up-to-date pictures. He will shortly begin showing every night.

That he will make a success of the business is a foregone conclusion.

SURPRISE PARTY GIVEN MRS. SULLIVAN.

The members of the Wesley Workers S. S. Class, with a few invited friends, met Wednesday afternoon at the Goldthwaite Inn and went from there to S. P. Sullivan's residence for a surprise party for Mrs. Sullivan, teacher of the class.

We arrived at 3:30 and found Mrs. Sullivan gone, but she soon came in surprised and wondering what wind blew us there.

Several games were played and music rendered by Mrs. Haynes Harrison and Miss Ruyel Keese. In addition to this the class heard short discussions from the retiring president, Mrs. Jno. M. Beck, and the incoming president, Mrs. E. T. Fairman.

Refreshments were served by Misses Lucille Conro and Ruby McCrary to the following: Mesdames S. P. Sullivan, Virgil Jackson, E. T. Fairman, Chas. Frizzell, Haynes Harrison, Morris, Nat McGirk; Misses Mary Lou Renfro, Ruyel Keese, Zola Cryer, Willa Wilson and Ruby Webb.—Reporter.

MEN'S BIBLE CLASS.

The Men's Bible Class of the Baptist Sunday School is a real class and has a live wire for teacher. Every one that is not attending some other class is most cordially invited to come and spend their Sunday mornings with us. If you love to talk come. Our teacher will give you ample opportunity to air your views and opinion, and if you prefer to listen the class will entertain you during the recitation period. No dragging in this class. It is full of pep and everything we do has a kick in it.

Next Sunday, June 24th, is the time for the annual election of officers, so we most earnestly urge the old members and sincerely invite the new ones to be present, and speak out or else forever hereafter hold your peace.

Place Names

WILLIAMS RANCHE.

The first settlement in the present limits of Mills County as assume the proportions of a village was made at Williams Rancho. This was in Travis County at that time, but became part of Brown County in 1856, and a part of Mills County in 1887.

This settlement from the first became the center of the stock business for a large territory and took the name Williams Rancho from John and Annie Williams who with their four sons, James D., John, George W. and William L., located there in 1855. The Williams family was from Tennessee originally but had lived a few years in Missouri just prior to coming to Texas. Welcome Chandler, his family and slaves, and a family named Fowler came at the same time and a cluster of log cabins soon appeared near the springs which attracted them to the spot.

These springs, which flow the largest amount of water of any in the county, form a branch which empties into Mays Creek. Chandler and Fowler did not long remain with the settlement but the slaves who took the Chandler name became permanently located and were useful as laborers, cow boys and Indian fighters.

The Williams family, father and sons, probably exercised a greater influence in controlling frontier conditions than any other family who settled in the county.

This settlement was attacked only once by the Indians, and that was in 1874. The enemy appeared just west of the village where they made a demonstration on horseback.

Fortunately, a number of the men were at home, among them the three Chandler negroes. They defended themselves with some long range guns which had only recently been acquired, and the savages were driven off without loss of life.

For twenty years San Saba was the nearest post office, but the office of Williams Rancho was established in 1887, and was supplied from Brownwood by pony service once a week.

ROY CONRO AND FOSTER BRIM BUY GARAGE AT WINTERS; MOVE THERE

The early part of last week Roy Conro and Foster Brim closed a deal with parties at Winters in which they bought one of the best garages at that place.

Mr. and Mrs. Brim have engaged rooms and removed there, while Mr. Conro will board there for some time or until he can procure a residence.

Messrs. Conro and Brim are both well known mechanics of Goldthwaite, Mr. Conro having until recently been the owner of the City Garage and Foster Brim being connected with the Brim & Simpson Garage. Both have had many years' experience in that line of work and are well able to take care of the mechanical end of the business.

They will handle the Chevrolet motor cars there, Mr. Conro especially having specialized here in repairing that make of car.

That they will make a success of the business there is no doubt, for their record here testifies to their business ability.

CORPUS CHRISTI, TEXAS.

As no one seems to be offended at the silence of your old South Texas scribe and no one asking his whereabouts, if you will give him half a chance he will shed his linen and come at you with the best he has in his shop.

Those who went away on their vacations were all glad to get back to Corpus to be fanned by the breezes as they come to us from across the briny deep. Many of the farmers are standing on tip-toe over the prospects of a good cotton crop, while others who were not so fortunate in getting rain enough at the proper time are looking down their noses. There has been so much new land planted to cotton that the lack of rain will leave the planter with the sack to hold. The onion, cabbage, lettuce, radish, cantaloupe and cucumber crops are almost things of the past, but the water-melons, plums, figs, berries, peppers, pumpkins, tomatoes, etc., are doing their part toward encouraging those who raised them. I bought cantaloupes this a. m. at 10 and 20 cents per dozen. At this price those of us who live on short rations use them for fillers, thereby curtailing table expenses.

I was agreeably surprised last Sunday after church when Mr. Gillespie from Goldthwaite came up and spoke to me. I knew his face but I couldn't place him until he told me he was from Goldthwaite. His wife, and sons were with him at services both morning and night. It is always a pleasure to meet any of the good people from Mills county. I have wondered why more of you don't come to Corpus. We have people from all parts of Texas, Oklahoma, Arkansas, Kansas, Missouri, California, Tennessee, Alabama, Mississippi, Louisiana, Iowa and other places who seem to enjoy their visits here. If you come in your cars they have camping grounds upon north beach close to the finest bathing beach in the U. S. There are generally vacant houses that can be rented if you prefer being in a house. Hundreds of people come prepared to camp and sometimes the beach resembles a real tent city, the inhabitants of which reside from 2 to 3 days to months. It is surprising how many people are on the road in cars, out for pleasure, sight-seeing, prospecting and a jolly good time. We are glad to report that many of them attend S. S. and church, which is appreciated by our church going people of all denominations, and gives us a chance to exercise our gifts at handshaking. To our great sorrow and loss as the First Methodist Church, death claimed one of the most wonderful natural handshaking, entertaining, making you feel welcome men that I ever saw on the job. When he was able to go he was there on time to shake the hand of every man, woman and child who entered the church or S. S. The Book of Books records the saying of a good man in the centuries gone by, "A good name is rather to be chosen than great riches." This could truly be said of this good man. May some boy or young man gifted along this line catch the inspiration and use his gifts for the good of others.

Best wishes for the success and happiness of all who read.

D. E. McKenzse Gains 31 Pounds by Taking Tanlac

"The Tanlac treatment not only ended my troubles entirely but also built me up thirtyone pounds in weight," said Dave E. McKenzie, 115 W. South 4th St., Bonham, Texas.

"For over seven years I had indigestion so bad everything I ate would feel like lead in the pit of my stomach and cause awful pains. Gas would form, bloating in my gut tight as a drum and cause my heart to palpitate until I would often have to get out of bed at night to keep from smothering. I lost my appetite, fell off in weight and got so weak I couldn't do a bit of manual labor. Tanlac gave me a splendid appetite and put my stomach in order right at the start, and soon I had regained all my lost weight. Ever since then I've been feeling fine and can do a man's work every

day without getting overtired. Tanlac is the best stomach medicine made."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

CONFIRMED PROOF.

Residents of Goldthwaite Cannot Doubt What Has Been Twice Proved.

In gratitude for relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Goldthwaite, who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Goldthwaite kidney sufferers.

Mr. W. M. Womack, Goldthwaite, says: "I suffered with my back and at times the aches and pains extended into my shoulders and in the back of my neck. My feet and ankles also were badly swollen and frequently I noticed specks fluttering before my eyes. A friend recommended Doan's Kidney Pills to me, so I got a box. In a short time my back was stronger and the other troubles were lessened." (Statement given April 26, 1915.)

On May 20, 1919, Mrs. Womack said: "Although I haven't had need for a kidney medicine my opinion of Doan's Kidney Pills is the same as ever."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Womack had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—6-30.

The Beginners and Primary departments made a splendid start last Sunday in the building across the street. Things never looked brighter for the little folks. They have a chance to do some real work. We invite mothers to visit these departments, and see how things are being carried on. If you will see that your children get to the building, the teachers will see that they get across the street to the church without being in any danger.

We hear good things about the B. Y. P. U. last Sunday evening. There is no reason why we should not have one of the liveliest B. Y. P. U.'s in the state. We can if we will. Everybody should boost the young people's work. Coley Sevier is making a splendid president and deserves our support. Get into the union and help him push her up the track. We are getting hungry to preach to the Goldthwaite people again. We are doing our best in the meeting at Center Point this week. Some of the Goldthwaite people have been attending the meeting. We are anxious for more of you to come and help us out over there.
