VOLUME THIRTY.

GOLDTHWAITE, MILLS COUNTY, TEXAS, SATURDAY, JUNE 7, 1924.

No. FORTY.

REV. F. A. TIPPEN

Rev. F. A. Tippen, for two years pastor of the Goldthwaite Baptist Church, and pastor of the Baptist Church at Center Point, recently offered his resignation, which was reluctantly accepted at a conference meeting Wednesday night. Rev. Tippen has accepted the pastorate of the Baptist Church at Aspermont, Texas, beginning his duties the first of July.

Members of the Baptist Church as well as almost all of Goldthwaite and Mills County citizens will regret to learn of Rev. Tippen's decision to move to Aspermont. During the two years he worked here, his church has made great progress in every line. He was a continuous worker, a town booster, and a doer.

As a preacher Rev. Tippen ranks high, and as a writer on religious subjects he has no peer. Many Mills County citizens who were readers of his denominational paper, The Goldthwaite Messenger, are familiar with his clear, forceful style of writing. Rev. Tippen knew his subject.

With its June 6th issue the Messenger was discontinued. The subscription list was taken over by the Central Messenger, a Baptist district publication to be started July 1, and credits for the unexpired term will be allowed by that publication.

Rev. Tippen, who was also pastor of that church, will preach his farewell sermons at Center Point this evening and tomorrow afternoon. He will probably preach his farewell sermons for the Baptist Church here Sunday, also.

The conference appointed a pulpit committee, composed of D. H. Harrison, C. L. Stephens and Coley Sevier, who will possibly have a visiting preacher here the third Sunday in this month.

Rev. Tippen in his last issue of the Messenger had the following to say concerning the cordial relations between him and the Eagle:

Word of Thanks.

The pastor and editor wishes to express his deepest thanks to the Goldthwaite Eagle Publishing Company. They have shown us many favors that we shall never forget. The columns of the Eagle have been ours to use at will in the interest of the church work. They have served faithfully in publishing our bulletin. This number has been donated by the Eagle. We are sure that the business men and citizens will continue to help make the Goldthwaite Eagle one of the best newspapers in the state.

GOOD-BYE MILLS COUNTY BAPTISTS AND FRIENDS

The editor of the Goldthwaite Messenger and pastor of the Goldthwaite Baptist Church wishes to say good-bye to Mills County Baptists and to all the other people that he has labored with. He came to Mills County nearly 22 years ago as a bare foot boy. He grew to manhood in the Ebony community, trusted Christ and was licensed and ordained to the ministry by the Baptist Church in that community. Since then he has pastored four churches in the county in addition to work in Brown and San Saba counties. His first pastorate was at Pompey Creek at that time the youngest church in the county. Later he became pastor at Mullin. This church helped make it possible for him to finish Howard Payne College. His last work has been with Goldthwaite and Center Point. He has enjoyed the fellowship of the pastors and workers of the Mills County Association. It has been a pleasure for him to serve in this small way this association. No better people can be found on the globe. As it will not be possible for him to see all of you before he leaves, he is now saying good-bye to every one of you. He prays that God will bless you and give you a great year's work, and that he shall have the privilege of meeting all of his Mills County friends again in this life and especially in that life that shall know no more parting.

F. A. TIPPEN.

ROCK SPRINGS.

Editor Eagle:

The farmers are very busy hoeing and planting between showers. A goodly number from Rock Springs attended the singing convention at Center City last Sunday.

The following people were guests of Bro. Davis and family Sunday afternoon: Austin Cook and family, Mrs. Nickols and family, Florence Stark, Oran Hale, Oneta Traylor, Orville Hale, Jack Shotwell, Earl Hale, Alice Stark, Bill Anderson, and Ray Stark.

Miss Florence Stark came in Saturday night from where she has been teaching school the past term.

Lindon and Doris Davis from Praeter are visiting their grandparents, Mr. and Mrs. Chas. Stark. Mrs. Ciresles spent Tuesday afternoon with Mrs. Nickols.

Viola Stark and Estelle Shotwell visited Juanita Davis Saturday evening.

Love Gatlin came in last week from Denton, where she has been attending school. We are very glad to have our college students and school teachers back once more.

Elizabeth Nickols is spending the week in the city with Mrs. Phil Clements.—XX.

DEMOCRATIC CALL.

A meeting of the Mills County Democratic Executive Committee is hereby called to meet at the court house in Goldthwaite, Texas, on Monday, June 16, 1924, at 2:30 o'clock p. m., to determine order of candidates names on the primary ballot, make assessments against candidates for primary election expenses, to name sub-committee to make up the ballot and transact any other business that may require their attention.

All members are urged to be present.

According to my record, the following is a list of the names of said committee:

- JNO. W. ROBERTS,
Chairman Mills Co. Dem. Ex. Committee.

POLITICAL NOTICE.

All candidates desiring to have their names appear on the Democratic Primary ballot for county and precinct offices in Mills County must file their applications under oath on or before Saturday, June 14, 1924. Twenty-five qualified voters may file. Deposit of application in U. S. Mail by registered letter at any post office in Texas before 12 o'clock on the night of June 14 has been held to be lawful.

JNO. W. ROBERTS, Chairman, Mills Co. Democratic Executive Committee.

TEXAS COTTON FIGURES FOR PAST FOUR YEARS

R. M. Gordon & Co., Cotton Factors of Houston, have furnished the Eagle with the following figures, after a survey from 2144 bankers, farmers and ginners over the state:

Condition, May 23, of West Central Texas crop, 72 3-10 per cent. Increase in acreage 9 7-10 per cent.

For State: Average increase in acreage, 7 9-10 per cent; average condition, 73 per cent. Total estimated acreage for state, 15,164,143 acres. Indicated production per acre, 138 7-10 pounds.

The following is Texas production for the past four years:

- 1924 (estimated): 4,396,460 bales.
- 1923: 4,399,940 bales.
- 1922: 3,221,888 bales.
- 1921: 2,198,158 bales.

General Resume.

The crop is an average of eight days late compared with a normal progress and the major part is up to a fair stand. With few exceptions, reports indicate that the soil is saturated on account of the excessive rains which have occurred throughout the state, and dry warm weather is urgently needed; further continued rains in the immediate future may be regarded with apprehension, as the crop would suffer material damage from such a condition. There are considerable complaints of damage by grasshoppers and cut worms; very few complaints of the presence of boll weevil.

The scope of this investigation covers nine hundred and seventy-nine towns in practically every cotton producing county of the state, and the information upon which we have based our estimates is from sources which are considered most reliable.

WEDDING BELLS.

(Mullin Enterprise)

Miss Ruth Chesser and Mr. Daniel of Fort Worth were quietly married yesterday at the home of H. S. Casey in Brownwood.

Mrs. Daniel is a daughter of Mr. and Mrs. John S. Chesser of Mullin, and was raised to young womanhood here.

Mr. Daniel is employed as a mail clerk on the Santa Fe but is unknown in Mullin. The happy couple will leave Friday for Fort Worth where they will make their future home.

GENIE GRIFFIN DEWOLFE

Last week Mrs. Hill DeWolfe, known to all readers of the Eagle under her pen name of Genie Griffin DeWolfe, made the Eagle a short visit. Mrs. DeWolfe is now touring the country lecturing, in addition to contributing verse and special features to several magazines and acting as special correspondent of the Fort Worth Star-Telegram. Every once in a while Mrs. DeWolfe finds time to send the Eagle a verse selection. As readers will not doubt remember, her excellent poetry was featured on the front page for several years, during the extent of her stay in Goldthwaite, and its absence has been regretted by many who are judges and appreciative of good poetry.

Mrs. DeWolfe holds the distinction of being vice president of the League of American Pen Women, a member of the Publicity Committee of the Business and Professional Women, and a member of the Dallas Pen Women and Texas Women's Press Association, all organizations requiring their members to be actual authors or lecturers.

Despite the fact that Mrs. DeWolfe's every hour seems crowded with business, she has recently begun taking a correspondence course in the La Salle University Law Division. Her first papers were recently graded by the dean of that university and marked "A," the highest grade they give. She intends to take the full law course.

The members of the Eagle force as well as many other Goldthwaite citizens are proud of Mrs. DeWolfe and proud of her literary abilities.

NAZARENE CHURCH NEWS.

The Sunday School had a nice increase last Sunday, for which we are very thankful.

We were glad to see the large number Thursday night at mid-week prayer meeting. Every one seemed to enjoy themselves.

Services over the Sabbath: Sunday School 10 a. m., W. T. Keese, Supt.

Preaching 11 a. m. and 8:15 p. m.

Morning Subject: "Christ Lifted Up and a Look of Faith." The subject for the evening will be: "Man's Question and Answer."

A welcome always awaits you, at all services.
R. M. HOCKER, Pastor.

A HOUSE-TO-HOUSE HOSIERY PEDDLER

Called on one of our former clerks a few days ago. In talking to her he called her attention to the fact that merchants made large profits on Silk Hose, and asked her how much profit we made on \$1.25 Hose. Her reply was, "How much do you make on yours? Then I'll tell you." We handle the Best Brands made—Allen A. Everwear, Humming Bird, and Guarantee every pair. We are here to pay taxes to help support our schools, churches and everything that is for the Betterment of Mills County, and to make our Guarantees good on our goods. We have to have less profit than the peddler, for we sell other goods as well, and do not have to make all our profit on hosiery.

**WALTER C. WOODWARD
NOUNCES CANDIDACY FOR
STATE SENATS, 25TH DIST.**

Hon. Walter C. Woodward of Coleman County is a candidate for the State Senate from this the 25th Senatorial District, which is now composed of the following counties: Coleman, Runnels, Tom Green, Coke, Sterling, Irion, Schleicher, Menard, Concho, McCullough, Mason, Kimble, Gillespie, Mills, Brown and Comanche.

Concerning his announcement, one of the papers in the district said:

Announcement has heretofore been made of the candidacy of the Honorable Walter C. Woodward of Coleman, Texas, for the State Senate from this district. Mr. Woodward is well and favorably known not only throughout this Senatorial District, but throughout all of this part of Texas.

He is a native son of Coleman County, having been born at Coleman, Texas, on May 16, 1882, and has resided there all of his life. He was educated in the public schools of Coleman and later took a special course of law at the University of Texas. In addition, he read law in the office of Woodward & Baker and secured his license to practice in February 1903. He was immediately made a member of the firm, the style thereof being changed to Woodward, Baker and Woodward and continued his partnership therein until 1906, when he was elected County Attorney of Coleman County, holding that office two terms. In 1911 he was made an Assistant Attorney General during the administration of Jewell P. Lightfoot. Thereafter he returned to Coleman, Texas, in 1912, and formed a partnership for the practice of law with E. M. Critz, under the firm name of Critz & Underwood, which partnership is still in existence.

Mr. Woodward is the son of District Judge J. O. Woodward of Coleman, one of the most distinguished judges in Texas, a life long Democrat who has rendered distinguished service in the Democratic councils of this State since reaching his majority.

Mr. Woodward has had a bountiful experience in the practice of both civil and criminal law, and has been a leading attorney in many legal fights in civil and criminal cases in this part of Texas. His practice has been for many years very extensive, taking him to many parts of the State, and he is now regarded as one of the leading attorneys in this section of Texas.

He is a member of the Masonic Order including the Blue Lodge; Royal Arch Chapter at Coleman; Commandery at Brownwood; Scottish Rite Consistory at Dallas; a member of the Shrine of Hella Temple at Dallas and a Knight of Pythias Lodge. Mr. Woodward has been actively identified with these bodies since becoming a member thereof; he is also an active member and a steward of the First Methodist Church of Coleman, Texas.

During the late war Mr. Woodward devoted much of his time in all governmental enterprises, and throughout the war he was secretary of the County Council of Defense, Chairman of the American Red Cross Society in Coleman County. He took an active part in selling all issues of Liberty Bonds, War Savings Stamps and other war activities and delivered many addresses, working under the direction of the Federal Government and was an active "Four Minute Man" on public information. Mr. Woodward has been very active in political circles in this district, having been a member of the State Democratic Committee and has attended as a delegate practically every state convention since 1906.

He is a young man of marked ability, is well fitted by training, experience and disposition to render splendid service, not only to his district, but to the State of Texas at large. Mr. Woodward is not a crank on any subject, but is a broad-minded man and if elected to the State Senate, there

IN MEMORY OF J. T. PRATER.

If "to live in the hearts of those we love is not to die," then Mr. Prater is not dead. The philosopher said, "Call no man great till he is dead." Only then can a life be properly estimated. Each individual who knew Mr. Prater had his own estimate of him. This sketch is by one who knew him intimately through many years, one who feels a deep personal loss in his going. Of his childhood and early manhood I knew nothing; not with these am I concerned. It is the man in his developed relations to the business, social and intellectual world that I knew and admired and loved. As a business man, he was actuated by the highest, cleanest principles of honesty and integrity; as a member in society he was kind, courteous and considerate of others, always carefully and cheerfully according to others all was due them, and if in doubt, resolving the doubt in favor of his fellows; he had a cultivated mind and ever stood for the institutions where purpose was the intellectual and moral development of the people. He was a man of strong convictions on almost all important issues, and zealously defended his position without fear or favor of any. Though he could never boast great success in the financial world, his life was spent in the accomplishment of ends far above any money consideration.

He left no living son. Each of his five daughters is cultured and trained to fill with credit and ability positions demanding cultivated minds and hearts—a fact which shows that the ends he aimed at were higher than the selfish acquiring of wealth. He believed in his friends with a completeness that sometimes made him a victim of their designs. In his mere boyhood he espoused the cause of the South in the war between the States, and though he rendered cheerful obedience and loyalty to the reunited government, he cherished throughout his long life the ideals and the principles for which he and his compatriots in arms fought in the 60's.

He bore himself bravely and with good cheer over life's difficulties and sorrows even to the end of the way. His smile and kindly greeting will be sorely missed by those he was accustomed to meet along life's way—the old, the middle-aged and the children alike.

He was never a member of any church, but it is gratifying to his friends and loved ones to know that the last months of his earthly life were lived in the expressed hope of a happy reunion with "those he'd loved and lost awhile" where there'll be no more tears and no more partings. The soldier's ideal is to die in battle, full-armed. Mr. Prater did a full day's work the last day he lived on earth, slept the night, awoke on the Lord's day, spending only a few brief hours—these in thoughts and service of his friends, and as he bore a package to a friend in compliance with a last request, the Master suddenly whispered "It is enough, come home."

Loved ones tenderly bore his aged and tired body to its final resting place beside the loved companion of his years. Beautiful flowers, the last loving tribute of many, many friends, were piled high covering the double mound there. The world is sadder because of his going. But beneath it all is the happy consciousness that his life never harmed but always helped those he touched—kindly deeds that cannot die—while in restored youth he revels in the great eternal day with loved ones gone before. Genuine and marked was the grief and appreciation of him expressed by his Austin friends. Those who love him were not unmindful of this nor unmoved by it.

His many friends in and around Goldthwaite where he lived so long vied with one another in touching tributes to his memory.—A Friend.

It is no doubt that he will become from the very outset a leading figure in that honorable body.

NEW HOMES AND IMPROVEMENTS BEING MADE IN ALL PARTS OF COUNTY

Following the prediction made by the Eagle several months ago, there have been a great many houses built in Goldthwaite and surrounding territory this spring and summer and should crop prospects hold up to the present standard there will, no doubt, be many more.

It is well to note that the houses now being built are permanent and up to date in every respect. Especially are the country homes being built right. Heretofore it has been the prevailing idea throughout the country that just any house was good enough. A look at some of the houses just completed and nearing completion will change that idea. In the list of counties in Texas, the percentage of persons owning their own farms in Mills County is as high as any in the state, according to the 1920 census, and many farms will be improved in the near future as prices for farm products remain at the present levels.

Chas. Welch, who owns one of the finest stock farms in Mills County, near Center City, has in course of erection a modern, commodious, residence.

Mark McCasland, of the McGill community, is fast completing an up-to-date bungalow home.

T. L. Adams at Star is rebuilding and modernizing his home.

F. L. Shelton is now building a nice country bungalow.

Grover Dalton, assistant cashier of the Trent State Bank, has torn down his old residence in this city and intends to build a new one as quickly as possible.

J. D. Brim, who recently remodeled his home on Fisher street, is now giving it a new coat of paint.

J. A. Gillespie, secretary of the Mills County Chamber of Commerce, has built an addition to his home.

C. L. Stephens has had his old home south of the High School building torn down and plans are under way for a new and up-to-date residence.

J. N. Keese is having his old residence torn down and work will begin soon on a new stucco building.

G. H. Frizzell and family the first of this week moved into his new stucco residence, which has just been completed.

Irk Black has just recently completed his large country bungalow home east of the city.

Hear the Bells! Bells! Bells!

In the home of Rev. J. R. Davis last Saturday evening at seven o'clock, Woodie Traylor and Miss Mayme Robertson were united in holy bonds of wedlock, Rev. Davis performing the ceremony.

Mr. Traylor is the oldest son of Mr. and Mrs. J. M. Traylor. He is a man of ability and worth. He was raised in this county and was known and loved by a great host of people.

Mrs. Traylor his bride is the beautiful and highly accomplished daughter of Mr. and Mrs. T. Robertson of this community. She has many friends here and elsewhere.

Many friends will join the Eagle in offering their best wishes and congratulations. They will make their home in the Rock Springs community, where the groom is engaged in farming.

ALL-DAY SINGING, CENTER CITY LAST SUNDAY BROUGHT BIG CROWD

Last Sunday there was an all-day singing at Center City, with dinner on the ground. Several hundred people were in attendance. The church house was crowded to overflowing and many stayed at the windows and doors to hear the singing.

Exceptionally good singing, supplied by the choice voices of Mills County was heard. People were in attendance from every section of the county and from adjoining counties.

At the noon hour dinner supplied by the good ladies of the Center City community was spread, plenty for everybody. Several beeves were barbecued and there was coffee, cakes and pies left after every one had eaten.

The Center City citizens have not adequate housing room for a congregation of this size and efforts will be made to build a larger tabernacle there in the near future.

Many Goldthwaite people, including the Editor of the Eagle, were present at the singing and enjoyed it immensely.

BERRY-EVANS.

Last Monday at high noon Joe Evans and Miss Evelyn Berry, accompanied by Miss Myrtle Evans and Lindon Morris, drove to the residence of Rev. L. L. Hays and there were quietly united in marriage.

Mrs. Evans is the eldest daughter of Dr. C. C. Berry of San Saba, is a young lady of pleasing personality and graceful manners and undoubtedly has many friends in her home town.

Mr. Evans is the son of ex-Sheriff and Mrs. J. Everett Evans. He was reared in this county and is known and liked by almost every one. He is a young man of promising ability.

The happy young couple will make their home on the Evans farm, near Center City.

The Eagle joins the many friends here of Mr. Evans in offering congratulations and in welcoming his bride to Mills County.

FAULKNER-LAIRD.

At 3 o'clock last Sunday afternoon at his residence in the Center Point community, Rev. J. D. Long spoke the words which united Claud Laird and Miss Vida Faulkner in wedlock.

Mrs. Laird is a young lady exceptionally well liked by her friends and neighbors. She was reared in the Rock Springs community but she and her mother had been living for some time in the Center Point district.

Mr. Laird, a son of Mr. and Mrs. Bess Laird, is a young man who is admired by all who know him on account of his industry, sterling character and straight forwardness.

The happy young couple will continue to reside in the Center Point community.

The Eagle joins their many friends in offering congratulations and best wishes for a long and happy wedded life.

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor!

Mrs. N. B. Allen, Goldthwaite, says: "I was so bad off with kidney trouble I couldn't get out of bed without help. The pains I endured were severe and I had headaches that were so bad I could hardly see. It felt like pins and needles going through my head and I was so nervous I jumped at the least noise, and everything irritated me. I got so dizzy at times everything turned black in front of me and I had to catch onto something, as I was afraid I would fall. I had trouble with the action of my kidneys, which was irregular and my hands and feet swelled twice their size. I went through this suffering until I heard of Doan's Kidney Pills and got some at Clements' Drug Store. After I had finished the first box the swelling went down and my back started to get strong. My kidneys were regulated too and five boxes of Doan's entirely cured me."

Missionary Monthly Report.

May has been a good month in many ways. It has been reported by some missionaries that the people in the rural districts would not go to the school house services. I have been well pleased with the congregations in every community into which I have gone. I find that the people are anxious for religious services to be held in the various communities.

The missionary has arranged for four meetings thus far and several more to arrange. They are as follows: Midway in July; Chappel Hill in August; South Bennett in July; Live Oak in August. We have tried to arrange our meetings so as not to conflict with any other meetings that have already been set. We are to set the meeting for Lake Merritt next Sunday afternoon. The people in the Liveoak community said that they would build a good arbor for the meeting.

The missionary at present has nine different preaching places, which are as follows: Kelley school house, South Bennett, Plainview, Liveoak, Ridge, Ratler, Mt. Olive, Midway and Lake Merritt. As I view the mission work in Mills county it is very urgent and the field is indeed a mission field; a wonderful opportunity for thrusting in the sickle for the "grain is white unto harvest," and reapers are needed.

We haven't had any conversions this month that we know of, but have had a number of requests for prayer and the missionary is rejoicing over the prospects for some real revivals during the summer.

All of the churches in the association have pastors, and a finer set has never been found in any association. They are all enthusiastic in their work.

The missionary has visited in 12 homes; sold 24 song books; 24 W. M. U. books; two Bibles and one hand-book. Given away one testament and 300 tracts. Traveled 493 miles; preached 17 sermons and delivered one address.

SCHMICKLE-MARLER.

On Saturday evening, May 10, Aubry Schmickle and Miss Jennie Marler quietly slipped away from their friends and motored to Brownwood, where they were united in marriage, Rev. Smith performing the ceremony.

Mr. Schmickle is the son of Mr. and Mrs. Ottis Schmickle of Ballinger and was raised at that place but at present is holding a position in San Angelo. He is a young man of sterling worth, and one with a future before him.

His bride is the beautiful and accomplished daughter of Mr. and Mrs. S. A. Marler and was raised in Mills County, and has many friends here as well as elsewhere.

Shortly after the ceremony the happy young couple left for their home in San Angelo, taking with them the best wishes of a happy voyage on life's calm ocean and a hearty congratulation by their many friends.—X.

BANK CLOSING AFFAIRS.

The Goldthwaite National Bank, located at Goldthwaite, in the State of Texas, is closing its affairs. All note holders and other creditors of the association are therefore hereby notified to present the notes and other claims for payment.

W. E. MILLER, President.
Dated May 23, 1924.

Explanation.

The above is a mere form required to be published two months. As a matter of fact, our bank does not owe a dollar on notes. The Goldthwaite National Bank will be open for business during all the balance of this year and you need not be in any hurry about checking on your deposit only as you actually need the money.

The Goldthwaite National Bank has plenty of money to pay every depositor in full and then have more than one hundred thousand dollars left over in cash and resources.

Yours truly,
W. E. MILLER,
President.

Gained Ten Pounds

Mrs. George S. Hunter, of Columbus, Ga., says she suffered severely with female troubles.

"I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work. My... were irregular and I got very thin. I went from 126 pounds down to less than 100. My mother had been a user of

CARDUI

The Woman's Tonic

and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle up I began to improve. My side hurt less and I began to mend in health. I took four bottles in all during the last ten months. Cardui acted as a fine tonic... I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all and my... are quite regular. I know that Cardui will help others suffering from the same trouble."

Take Cardui.

SAYS KARNAK OFFERS HEALTH TO MILLIONS

Thousands of People Throughout the State are Now Praising the Sensational New Medicine For Benefits Received From Its Use.

Thousands of prominent people throughout the State are now praising the sensational new medicine Karnak. The demand for the preparation has exceeded all previous records, and as new tests of its powers are made, hundreds more are daily adding their endorsements to the thousands already given it.

In explaining the phenomenal success of the medicine, Mr. H. C. Thorburn, President of Standard Drug Products, Inc., recently said: "Before we secured the distribution rights for Karnak in this country we knew that it was a wonderful health-builder and were convinced that it would restore millions of people to the joys of health. Now the public has proved this for itself and people everywhere flock to the drug stores to get it and report benefits from its use that far surpass even their fondest hopes."

"You can tell after the first few doses of Karnak that you are being benefited in a natural, substantial way. These substantial benefits form the fundamental reason for the medicine's unprecedented success."

Mr. Thorburn briefly quoted M. Andre's theories on health and right living as follows:

"Poor health is an unnatural condition. Nature is always working to restore us and with the proper assistance will succeed."

"Millions of people drag through life feeling well only half the time, or weak, sick and miserable day after day with hardly enough strength to keep up, and not knowing where to turn for relief. They are victims of auto-intoxication and mal-nutrition. The vital organs are failing to do their work. The system is being poisoned with impurities that tear down the health, waste the strength and irritate the nerves. The vitality is being destroyed and their lives needlessly shortened."

"To all such people Karnak has proved a blessing."

"M. Andre's aim was to perfect a medicine that would embody all the corrective forces of Nature itself. How well he succeeded is shown by the thousands who are praising the new medicine everywhere it has been introduced."

"It is not unusual for people to say that Karnak has relieved them of troubles that had defied all other treatments for years. That is because Karnak helps the entire system regain its lost vitality, strength and resiliency and enables nature to reassert itself."

Karnak is sold in Goldthwaite by R. E. Clements.

The Bright Side

A Calendar Romance.

Our hero was the common sort, when all is said and done; He worked his head off daily and was out to get the **MON.** The reason for his diligence was commonplace, 'tis true— He tried to swell his salary so it would suffice for **TUE.** And maybe that's the reason why one day he lost his head, And falling on his knees, he cried, 'Oh, maiden, wilt thou: **WED?**' He may have thought this sudden, but it seemed not so to her; She lisped a quick acceptance and said forebly, "Yeth, **THUR.**" But when they went to keeping house he feared that he would die; For, oh, that modern maiden could neither bake nor **FRI.** She could not run a bungalow, or even run a flat, So on many sad occasions in a restaurant they **SAT.** But he forgave her everything—as man has always done, When she presented him one day a bouncing baby **SUN.**

Some Epitaphs.

Tom Jones has gone to heavenly heights; He tried to drive without lights. Jack Hays this busy life forsakes; He never would relin his brakes. Here's all that's left of Amos Bossing; He tried to beat it to the crossing. No more for Brown are earthly smiles; He took the curve at forty miles. Ted Small has gone to his abode; He kept the middle of the road. Here lies our friend, poor Tony Dix; For booze and gasoline won't mix. Jim Henry's friends are all bereft; He made a short turn to the left. Ben Gray is free from earthly pains; A rainy day—he had no chains. Poor Bill's beneath the sod, alas! He speeded up and tried to pass. Now Tom has joined the heavenly band; He tried to drive it with one hand.

What Man Wants.

A man can't live on love alone, A man can't live on thought; A man can't live on liberty No odds how dearly bought. All these are nothing to a man—I don't care what you say— Unless he manages to get Three good square meals a day.

A man can lose his pile entire

And never turn a hair; But if the ham and eggs are cold There's brimstone in the air. A man can lose his hair and teeth And friends, and still be gay If he is fixed so he can get Three good meals a day.

A man can wear a smiling face Above a broken heart; A man can grin and bear the pain When fondest hopes depart. The only thing that downs a man And puts him out to stay

Circulation.—Newspaper circulation brought about by schemes and clever ideas usually is unhealthy and a menace, according to speeches made before the International Circulating Managers' Association in session at Louisville this week.

Mrs. C. A. Hudson came up from Georgetown Monday and spent a while here with her son, Lewis Hudson, and family.

COLD STORAGE PLANT FOR COUNTY IS ASSURED

The necessary amount of stock has been sold and application for a charter has been filed with the state department for the gold storage plant for Goldthwaite. The cold storage plant will be capitalized for \$10,000—one-half of the stock having been subscribed by 20 business men of Goldthwaite and 56 farmers, they representing almost every section of Mills County. Roy Roundtree of Brownwood owns the other half of the stock.

Work will begin on the plant the first of next month and it is purposed to complete it by the first of October. It will be a 2-car freezing capacity plant and will easily care for the Goldthwaite territory.

This plant should mean thousands of dollars to poultry raisers within the next few years. The chief handicap for marketing of poultry at Goldthwaite has been the lack of adequate storage.

The Mills County poultry industry is assuming huge proportions and it is well that the marketing end should advance.

The Mills County Chamber of Commerce and the Mills County Farm Bureau are to be complimented on their efficient and wide awake efforts along this line, and especially is the public indebted to County Agent W. P. Weaver, and Floyd Ligon and Joe Palmer for their committee work in securing the subscriptions.

MARRIAGE LICENSES.

Since our last report County Clerk Elvis Morris has issued marriage licenses to the following couples:

Americans Aid in Wiping Out War Threat in Eastern Europe

Above is a bird's-eye view of Vilna, the city whose seizure by Poland after the world war created a situation that steadily threatened renewed conflict until the settlement recently effected by a League of Nations commission acting under the chairmanship of Norman F. Davis, former Under-secretary of State for the United States. In 1918 Arthur Bullard, noted editor, who served as Mr. Davis' assistant. Lithuania retaliated upon the Poles by closing the lower stretches of the Niemen river, the upper portion of which is partly in Poland, to all international traffic. A virtual state of war obtained for several years and last December the council of ambassadors of the allies, in despair of further action by themselves, turned the ugly dispute over to the League.

The Commission on which Mr. Davis served as chairman did not attempt to reopen the question of Vilna's seizure. Instead it convinced the Lithuanians that they were harming themselves by stirring commerce between the two countries and that international

opinion would not permanently permit the stoppage of what should in equity be an open waterway. The Lithuanians agreed to an autonomous government for the 150,000 inhabitants of Memel and the creation of a free zone around the port. In return they were granted sovereignty over the territory, which previously the allies had claimed, as it had been ceded by Germany at Versailles.

"Nobody was entirely satisfied with our decision," Mr. Davis said on his return to New York, "but both parties feared the censure of the world if they defied the findings of the impartial board set up by the League. I am happy, as an American, to have had a part in settling what was admitted to be one of the sorest quarrels in post-war Europe. The peoples participating in the League will never yield their sovereignty but it will become increasingly hard for any group of jingoists to lead a country into war in the face of peaceful and impartial mediation offered through a body representing the enlightened opinion of 54 nations."

Home of Revolutionary Patriot

The historic Page home in Danvers, Mass., from which Page, the first Revolutionary colonel of an Essex Regiment, and a captain of the American army, started forth with the Minute Men of Danvers for the Battle of Lexington. It was in this house, also, that Page organized the Minute Men of the town.

The house is also known as the "Tea Party House." Forbidden by her husband to serve the tabooed English tea in the house, Mrs. Page served it to a party of friends on the roof, thus keeping the letter if not the spirit of her husband's orders.

ANNOUNCEMENT.

On Sunday, June 15th, there is to be a Sunday School and B. Y. P. U. rally at the Big Valley Church. All of the B. Y. P. U.'s of Mills County are asked to meet the B. Y. P. U.'s of San Saba County. Also each Sunday School is asked to send a representative. It is also requested that each school and B. Y. P. U. bring lunches. Miss Ienz Ketchem, the Sunday School and B. Y. P. U. worker for San Saba and Mills counties desires to meet with the above mentioned B. Y. P. U.'s and Sunday School representatives. We also plan to have a sermon at the eleven o'clock hour. The missionary has conferred with some of the member of the Big Valley church and they say that they would be delighted to have such a meeting in their community. As missionary I hope to see a good representation of the Mills County Sunday Schools and B. Y. P. U.'s at this meeting. Let's do our best to show the San Saba workers that we are interested in the teaching and training of our young as well as the old people.

GOLDTHWAITE CIRCUIT.

Just a few words to let the readers of the Eagle know that the Goldthwaite Circuit organized by the M. E. Church South is still on the map, and is going forward.

For some time we have been working in various communities trying to decide on the best places for permanent work; and have just recently decided on the four communities as follows: South Bennett, Chappel Hill, Ridge and Ratler.

We have bought and paid for at each of those places lights and song books, also two musical instruments.

We organized our third Sunday School at Ridge last Sunday, also started a regular prayer meeting. We expect to organize the Sunday School at Ratler the fourth Sunday in this month. Have started five family alters. We are going over the top with all of our finance obligations, and never have to preach on money.

One good farmer on the work became so interested that he volunteered to pledge to give as much this year as the whole church paid last year.

Now the little success that we have achieved on the work is not due to my feeble efforts, but it is because the men that represent the other denominations that preach at the same places are really God called men, and are willing to put our churchisms second, and without compromising fight sin.

We are going to work together this summer in our meetings, and we have the assurance that the strongholds of sin in these communities will fall, just as the walls of Jericho fell, for we are going to obey the orders of him that never lost a battle.

Our first meeting starts at Ridge Friday night before the fifth Sunday in this month. The arbour and plenty of lights have been arranged for. We invite not only your presence but your prayers. H. E. MORELAND,
Pastor.

PYORRHEA.

There are many so-called cures for pyorrhea on the market, many of them almost if not entirely worthless—guaranteed to cure cases without other aid. The public should be very careful in selecting their mouth lotions, pastes, etc. Consult your Dentist and follow his instructions and you will be better off both from the standpoint of health and finance.

Advanced stages of pyorrhea can not be cured without extracting the teeth, and often times it becomes necessary to correct the sockets in order to effect a cure. Therefore it is necessary to consult your Dentist in its earlier stages if you expect to save your teeth.

The families of F. A. and C. D. Lane left Wednesday for their new home at Lamesa, Texas.

Elder Homer Davis, pastor of the Church of Christ of this city, returned Tuesday from Bethel, nine miles from Ballinger, where he has been holding a revival meeting, and reports a very successful meeting. Mrs. Davis has been visiting relatives near Wichita Falls during the meeting. Mr. Davis said they were glad to get back to the Goldthwaite friends.

Miss Lucille Gartman, who has been attending Baylor College, came in last Saturday night for a visit with home folks.

J. R. Carroll, candidate for Representative from Mills and Comanche counties, was in the city Thursday meeting the voters, and made the Eagle a call.

CONGENIAL CLUB.

The Congenial Club met with Mrs. Hudson Hamilton Friday evening, May twenty-third. The house was attractively decorated with beautiful cut flowers. Score cards with emblems of spring were passed, and the tables arranged for "42." The lady receiving high score was Mrs. M. H. Leverett; the gentleman was Dr. Campbell.

After several enthusiastic games of "42" the hostess assisted by Boyd Morris served a refreshment plate of ice cream and angel cake to the following: Messrs. and Mesdames E. T. Fairman, Henry Morris, M. H. Leverett, Dr. and Mrs. J. M. Campbell, Messrs. Elvis and Lendon Morris, Jim Livingston, Marvin Rudd, Claude Dickerson, Dumble Hamilton, William Cobb and Mesdames Chas. Rudd, V. L. Parker, Misses Mattie Johnston, Inez Lane and Myrna Miller.

Better buy you a home while you can and get a good one.—C. E. STRICKLAND, Brady, Texas.

FOR RENT—Nicely finished 4-room house. Water and electric lights installed. See Dr. Em. WILSON.

RAGS—Wanted clean, soft rags, suitable for wiping machinery.—CITY GARAGE.

MY REGISTERED Black Mammoth Jack and Purcheon Stallion will make the stand at the same old place 5 1-2 miles northwest of Goldthwaite, on the J. T. Jones farm. All care in handling mares, but not responsible in case of accident. Will pasture some mares.—H. W. DAVIS. p6-30

GIN BEING REPAIRED.

J. E. Greathouse has removed the old boiler at the gin and now has a new one on the siding at the station which will be installed as soon as the weather will permit. Mr. Greathouse is giving the gin a complete overhauling and expects to have as good a gin here as can be found in this part of the state by the opening of the season.—Mullin Enterprise.

Candler Loves Horses

Walter Candler, son of Asa G. Candler, the Atlanta (Ga.) millionaire, who is striving to develop the finest racing stable in the South, has just added 19 racing horses to his stable near Decatur, Ga., bringing the total of racing horses up to 60. Although many times a millionaire, Mr. Candler is a confirmed lover of horses. In the photograph is shown Mr. Candler driving "Bogalousa," one of his fine racing horses, on his own track at Decatur.

THE PECAN BELT HIGHWAY.

An effort is now being made to establish a new highway across this part of the State, to extend north from San Antonio to intersect the Bankhead Highway at Eastland.

This is one of the important roads now under consideration by the Highway Commission. It is proposed to touch the following towns: Fredericksburg, Llano, Cherokee, San Saba, Goldthwaite, Mullin, or Priddy, Comanche, DeLeon, Desdemona and Eastland.

This road when established will soon become a popular route owing to the beauty of the scenery, the fine fishing and bathing afforded by the many rivers and creeks, and the fact that it will afford a direct route from the Panhandle and plains country to the Gulf and Rio Grande Valley.

It will traverse the finest pecan producing region in America, and it is proposed to name it The Pecan Belt Highway, the scenic route.

A distinctive name that means something will help to give publicity to the pecan industry.

The Pecan Growers Association to meet in Fredericksburg will be asked to sponsor the name.

A picture of the pecan would be an appropriate road marker.

FIRST BOTTLE OF TANLAC BROUGHT HER RELIEF

AUSTIN LADY SAYS SHE NOTICED IMPROVEMENT FROM VERY FIRST.

"After all Tanlac has done for me I could not do otherwise than praise it," is the appreciative statement of Mrs. R. R. Slack, highly esteemed resident of 305 East 3rd St., Austin, Texas.

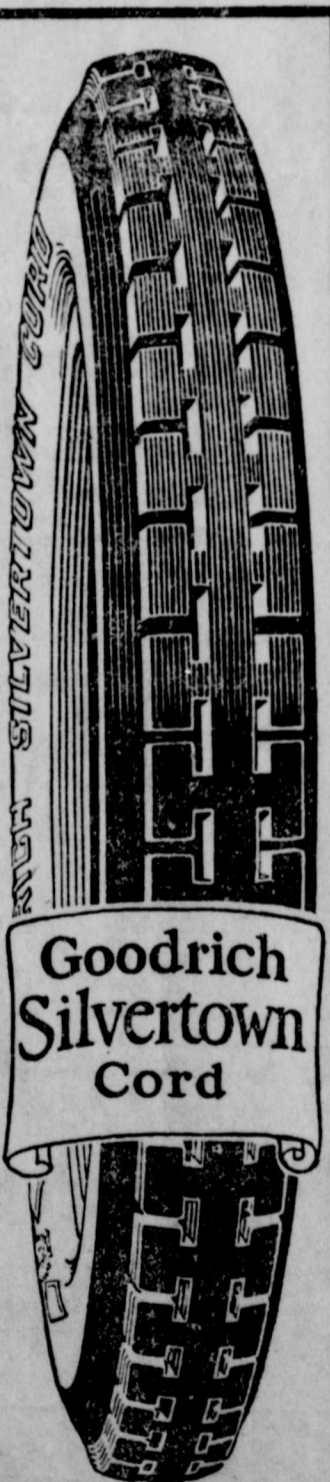

"My experience with Tanlac began four years ago. At that time I was suffering from indigestion so bad I could hardly endure it. I was troubled with gas, heartburn, dizzy spells and, in fact, about all the disagreeable symptoms that come from a disordered stomach. I only weighed 97 lbs., and was so thin, weak and nervous that life was miserable.

"My very first bottle of Tanlac

brought good results and six or seven bottles corrected all my troubles and left me feeling fine. Again, following an attack of flu in March of this year, I resorted to Tanlac and Tanlac Pills and they soon had me feeling all right again. Tanlac gives me a good appetite, steadies my nerves, brings refreshing sleep, and keeps my whole system in fine condition. Tanlac and the Tanlac Pills have done for me what nothing else would and my appetite is unbounded."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

[From London Opinion.]

"I believe I've got America. I hear a persistent chewing sound."

**SEEING WHAT
YOU LOOK FOR**

By **THOMAS A. CLARK**
Dean of Men, University of
Illinois.

I DON'T believe I ever found a four
leafed clover in my life, though I
lived for years in the midst of clover
fields. I knew a girl once who could
reach down into any stray bunch of
grass and pick out a half-dozen four
leafed clovers with unerring accuracy
I suppose the explanation is that she
was looking for them and I was not.
The same thing is true with refer-
ence to other experiences in life. The
man who is looking for trouble finds it
at every street corner and at every
cross roads. The sensitive soul who
is watching out for slights and per-
sonal grievances is invariably reward-
ed by finding them at his elbow.
"You hurt my feelings by what you
wrote the other day," an acquaint-
ance said to me.
"How is that?" I asked.
"Because you used my follies as an
illustration."
"But I did not," I replied. "I did
not have the least idea that what I
said would apply to you." She was
simply looking for personal thrusts,
and she found them.
A good deal of our unhappiness
comes from grievances, or slights, or
troubles, or disasters that we have
looked for—that we have ferreted out
and forced out of cover. If we had
gone ahead cheerfully and happily we
should have passed them by unob-
served.

I know people who see no good in
each other because they are constant-
ly looking for evil; who turn every
word and intonation and suggestion
and unconscious act into something
that is vindictive and calculating.
Each finds a subtle irritating double-
meaning at every word or suggestion
that the other utters, and all because
he is looking for it.

The opposite of this is true. There
is a sort of unsophistication that does
not see vulgarity or deceit or evil of
any kind; that knows nothing of un-
faithfulness, or disloyalty, or cause
for depression and discouragement be-
cause it is not expecting them; it is
not looking for them.

A young friend of mine had recent-
ly been with a crowd in which there
had been considerable drinking.

"I hope you were not too shocked
by the drinking," I said to him. But
he really had never seen it; he did not
know about it; it had made no impres-
sion on him because his thoughts had
been above it—he had not been looking
for it.

The world in which we live is a very
real world; it is full of pain and pleas-
ure, of faithfulness and deceit, of truth
and falsehood, of the sweet and the
bitter, the vulgar and the refined, the
beautiful and the ugly, but the reality
is largely within us. We see what
we're looking for.

Good Times With Your Gulbransen

It's your night to entertain! Your home is the place, and everybody's
coming! Here's where you even up with those friends for all the good times
they've shown you!

Gulbransen music—a whole delightful program of it—arranged concert
style. There's an idea for you! What more enjoyable entertainment could
you offer—what better fun could anybody ask—than to hear you play a well-
chosen, well-rendered group of Gulbransen selections as the big feature of
your party!

To help you conduct these and other affairs, to aid you in planning your
programs, you should have our new 64-page de luxe book, "Good Times With
Your Gulbransen." This, in one compact volume, is a complete digest of just
what rolls to use for every purpose. It lists and classifies over 1,000 different
compositions—selected by musical authorities and artists—each according to
its fitness for the particular occasion.

"Good Times With Your Gulbransen" is a text-book on musical enjoy-
ment and entertainment. A veritable gold mine of information for the music
lover. It is one of the most interesting and valuable books on music ever is-
sued. Every present and prospective owner of a Gulbransen Registering
Piano—every one owning or about to own an ordinary player-piano—should
have it and study it and keep it. A copy is yours for the asking. Send for it

COMMENCEMENT EXERCISES OF SHARYLAND SCHOOL

The following clipping will be of interest to the readers of the Eagle, as Prof. and Mrs. Arthur Smith are both well known here.

The graduation program of the Sharyland Schools was rendered at the Wimodausis Club House, Thursday evening, May 15th. Bad weather caused a delay which prevented the program starting at 8 o'clock, as was planned.

Many exclamations of thankfulness and praise were heard on every side for the work done by the Sharyland teachers. All pupils showed every indication of being thoroughly instructed in all their studies. Special mention should be made of Prof. and Mrs. A. D. Smith, who have charge of Central school and who have been untiring in their efforts to bring out the highest tests of efficiency in their pupils. The proof of their success was unquestionably demonstrated at the commencement.

It is to be regretted that some of the teachers are retiring this season. However this community is very fortunate in that Prof. and Mrs. Smith will continue with their services in the fall; the professor will have supervision of both North and Central Schools. The new Sharyland High will be completed when school convenes.

Do Not Consider Fruit Trees A Luxury, But A Good Investment And A Necessity

FRUIT IS THE ONLY PRODUCT OF THE SOIL THAT HAS NOT FALLEN IN PRICE DURING THE LAST THREE YEARS. THERE ARE NOT HALF AS MANY FRUIT TREES IN THE SOUTHWEST TODAY AS THERE WERE TEN YEARS AGO. WHEN COTTON WAS HIGH, FARMERS FORGOT ALMOST EVERYTHING BUT COTTON. THE POPULATION AND DEMAND FOR FRUIT HAVE INCREASED, WHILE THE NUMBER OF BEARING ORCHARD TREES HAS DECREASED. FRUIT HAS, THEREFORE, NECESSARILY BROUGHT HIGHER PRICES AND PAID ENORMOUS RETURNS, AND WILL CONTINUE TO DO SO FOR MANY YEARS.

A ONE-CROP COUNTRY WILL ALWAYS SUFFER. A FARM THAT PRODUCES MANY CROPS, INCLUDING FRUIT, RAISES POULTRY, WITH OTHER LIVE STOCK IS ALWAYS PROSPEROUS.

FORMULA FOR GRASSHOPPER CONTROL.

By R. R. Reppert, Entomologist.

- Wheat Bran—25 pounds.
- White arsenic or Paris green—1 pound.
- Lemons or oranges—6 fruits.
- Lowgrade cane or sorghum molasses—2 quarts.
- Water—2 gallons.

Mix the bran and poison thoroughly while dry. Dilute the molasses with the amount of water as named. Squeeze the lemon juice into this diluted molasses, then grind the rind of lemons with a meat chopper and add this also to the liquid. Now mix the liquid thoroughly with the poison bran mixture. After an even mixture has been obtained, add more water and mix, until a mash is obtained so that after being squeezed in the hand, it readily falls apart.

Grasshoppers feed in the morning, and as the bait loses its attractiveness when dry, it should be applied so as to be as moist as possible at this time. It will therefore be best to put it out about sunrise. Provided the ground is not so hard and dry as to remove the moisture during the night, it may be put out late in the evening in case the area to be treated is too extensive to be quickly covered in the early morning. The mixture should be scattered, as if sowing seed by hand, or any type of seeder capable of distributing it. The amount given in the formula should cover above five acres.

Where the hoppers have become distributed over the cultivated field, the entire area should be sown, and the application repeated in a few days if necessary. If the hoppers are found to be advancing from pasture lands, distribute the mash in front of their line of march for a distance of a couple of hundred yards, keeping also the margin of the pasture land treated daily until the danger of damage has passed.

The mixture should be made exactly as directed, leaving out no part. Where the infestation is general, community action is recommended. The materials should be provided in large quantities, and a large amount of mixture made up at a central place late in the evening, or better, well before daylight in the morning. Each farmer will then take his portion and apply immediately.

MULLIN BOY MAKES A TRIP THROUGH WEST.

(Mullin Enterprise.)

Lawrence Hays left Mullin Tuesday for Brownwood where he expected to leave at once with the Geological Class of the Howard Payne College for a 10 weeks trip north through the Rocky Mountain States to Canada then south through the Pacific States down into Mexico.

This is indeed a real treat for a young man to get to make a trip like this under the supervision of capable teachers, and we are glad that a Mullin boy can have the advantage of this privilege.

PASTOR TIPPEN RESIGNS.

At conference Wednesday evening the pastor of the Goldthwaite Baptist Church tendered his resignation to accept the pastorate of the Baptist Church at Aspermont. He loves the Baptists of Goldthwaite and Mills County and all other Christian people and those that are not Christians. He lacked just a few days of serving two years, having begun his work here July 15, 1922. His successor no doubt will be called in the near future. The pulpit committee is D. H. Harrison, C. L. Stephens and Coley Sevier. They had a meeting Wednesday evening and are planning to have a visiting preacher by the third Sunday. The pastor possibly will preach his farewell sermons Sunday. All the people have an invitation to hear him.

The work for the past two years has been blessed in many ways. It has not all been easy sailing, but many things have caused the pastor and church to rejoice together. There have been about fifty additions to the church by baptism alone, several of these being young men that the pastor taught. The intermission between Sunday School and preaching was discontinued, and a residence of eight rooms has been rented to care for the Beginners and Primaries. After a long campaign of enlistment and education the budget system was adopted and actually put into operation. Most of the indebtedness of the parsonage has been paid. No church in this or any other association has done a better part by associational missions. All the pledges to the 75 Million Campaign have not been paid, but the church has been loyal and will continue to do its best for the denominational work. The Senior B. Y. P. U. has become possibly the liveliest in its history. Several study courses have been taught by the pastor. With the right cooperation among the membership and the leadership of a good man of God the church should do greater things in the future.

F. A. TIPPEN.

Airplane Crash.—Crashing together in the air at 10 o'clock Thursday morning at San Antonio two Kelly Field airplanes and one pilot were dashed 1,300 feet to the earth, their machines falling on a Mexican boy who was chopping cotton and burying him in the earth. One of the pilots and the boy were instantly killed. The other pilot jumped from his plane and was saved by the parachute on his back. The planes were going 100 miles an hour when the crash occurred.

Germs to Help Run Engines by Producing Gas Fuel

Methane, one of the gases used for motor fuel, is being produced in commercial quantities in India with the aid of germs that convert a mixture of sewer sludge and sawdust into various compounds of which the gas forms an important part. The tiny creatures are cultivated in airtight tanks kept at a warm temperature. They multiply rapidly and by working on the mixture produce acetic acid and carbon gas as well as methane. Marsh gas, frequently found in stagnant pools, is largely the result of their presence and causes decay and fermentation of vegetable matter. Banana stems and skins have been found to yield as much as 81 per cent methane when acted upon by certain kinds of germs.

Raised Chair for Children Fits Theater Seats

Shaped to fit snugly into a theater chair, a raised seat for children has been constructed, enabling the child to look at the performance without standing up or

climbing upon its mother's lap. The front side of the lower frame is extended so that it provides a foot rest, and the top is wide enough to allow the small occupant to curl up when reclining. The contrivance is easily adjusted or removed by an usher and does not mar the theater seat.

"Sand Shoes" of Wire End Strain of Travel

Made of stiff wire, and larger than the soles of the boots to which they are strapped, "sand shoes" are used by the military forces in Syria, in making long marches over the shifting deserts. These meshed foot protectors distribute the weight over a greater area and give the wearer a better purchase in walking, thus doing away with much fatigue and strain. They operate on the principle of the snowshoe of the cold regions.

Radio "Dot" Spans Ocean at Speed of Light

Recent experiments show that radio messages can be acknowledged and checked almost simultaneously with the sending. The tests were conducted over the aerial loop between New York and Warsaw, Poland, a circuit of 8,500 miles. The operator at the control center in America instructed the European representative to tie up his receiving station with the transmitting station. A "dot" was then sent out and made the complete circuit from New York to Warsaw and return while the foreign operator was manipulating his key. The Polish operator was then instructed to leave his key and the "dot" raced twenty times around the circuit at a speed of 186,000 miles per second before dying away because of electrical disturbances.

Preventing Pump from Freezing

As an ordinary pitcher pump in good condition does not allow the water in the suction pipe to run down, the water is subject to freezing during winter. To pre-

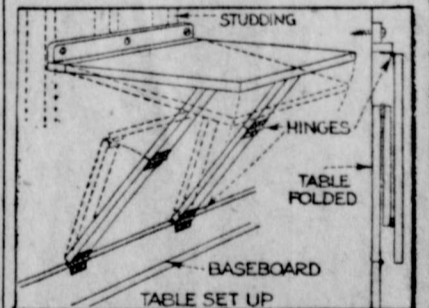

vent this, the vacuum chamber is tapped directly under the check valves, for 1/8-in. drain cock, which when opened destroys the vacuum and releases the water. When the cock is closed the pump works as well as ever.

Five Thousand Fed at Once at Electric Barbecue

Four steers weighing about 2,000 pounds each were roasted in an electrically heated pit in the West recently, the meat being served to 5,000 persons. With the temperature automatically controlled, it required 24 hours to cook the beef thoroughly. The improvised oven was 32 feet long, 4 feet wide and 6 feet deep.

A Folding Kitchen Table

In a small kitchen, where space is at a premium, a folding table of the type shown in the drawing will be greatly appreciated. The table top is 1 by 30 by 48 in. in dimensions, and is supported by two braces of 1 by 2-in. stock. Two 4-ft. lengths of 1 by 2-in. material are screwed together at right angles and fastened to the wall by long screws driven into the studs. The table top is then hinged to the lower member as shown. The braces are 3 1/2 in. long, and are cut and hinged so that they will fall into place automatically when the table top is lifted.

To fold this handy table it is only necessary to strike the joints of the braces with the knee or hand, while holding the table top to prevent it from "slamming." There are no legs to sweep around with a table of this type, and the braces do not prevent a chair from being drawn up close to the table.

The House-to-House Canvasser Fools You With Trick Demonstrations

WE HAVE JUST LEARNED THAT CLEVER AGENTS OR SLICK CANVASSERS REPRESENTING CERTAIN HOSIERY MILLS OR BROKERS ARE GOING FROM HOUSE TO HOUSE OFFERING 3 PAIRS OF ORDINARY SILK HOSIERY FOR \$4.00. THE YARE INDUCING WOMEN TO BUY BY SLICK, SMOOTH SALESMANSHIP AND APPARENTLY SENSATIONAL DEMONSTRATIONS IN A SINGLE HOSE.

WE SELL HUMMING BIRD SILK HOSE—A BETTER SILK STOCKING—
FOR LESS MONEY!

The Girl Who Wears Humming Birds

knows real hosiery satisfaction—the luxury of pure soft silk from knee to sole—the strength of high-grade lisle at tops, heels and toes, form-fitting smoothness everywhere—a price easily within her means.

Beware These Trick Tests!

(1) "NAIL FILE TEST"—CANVASSER TAKES A NAIL FILE, STICKS IT DOWN INSIDE THE STOCKING, AND DRAWS IT UP THE HOSE TO SHOW IT WILL NOT CATCH OR TEAR THE SILK. THIS IS SIMPLY A TRICK—HUMMING BIRD HOSE WILL STAND THIS TEST.

(2) "FULL TEST"—THE SOLICITOR HAS YOU TAKE HOLD OF ONE END OF THE STOCKING AND PULL AGAINST HIM WITH ALL YOUR MIGHT TO SHOW THE STRENGTH. HUMMING BIRD HOSE WILL STAND ALL THE PULLING YOU CAN PUT ON THEM—EVEN A "TUG OF WAR." HUMMING BIRDS WILL NOT TEAR.

(3) "FRESH STOCK"—AGENTS CLAIM THAT THEIR HOSE ARE SHIPPED FRESH FROM THE MILL, THEREFORE WILL WEAR LONGER. THIS IS MORE "BUNK." HUMMING BIRD SILK HOSE ARE PURE DYED, AND WILL NOT WEAKEN NOR DETERIORATE WITH AGE. WE ARE PREPARED TO BACK UP THIS STATEMENT THAT HUMMING BIRDS WILL WEAR LONGER THAN ANY OTHER SILK STOCKING MADE.

(4) "GUARANTEE"—THE "BELL RINGER" GUARANTEES HIS SILK STOCKING TO GIVE SATISFACTION; BUT HE GETS YOUR MONEY AND WHERE IS HE TOMORROW? WHAT IS HIS GUARANTEE WORTH? WE GUARANTEE HUMMING BIRDS TO GIVE COMPLETE SATISFACTION, AND WE ARE RIGHT HERE EVERY DAY IN THE YEAR BEHIND THE GUARANTEE. ALSO, HUMMING BIRD HOSIERY MILL IS BACK OF OUR GUARANTEE.

THREE PAIR HUMMING BIRD HOSE, ALL COLORS, \$4.00 — (GUARANTEED AS ABOVE STATED).
