REVIVAL MEETING AT CHURCH OF CHRIST IS AT- TRACTING LARGE CROWDS

The revival meeting which began at the Church of Christ Tabernacle in this city Friday night of last week has been a success from every viewpoint. Large crowds have been attending every night and the morning services have had good attendances.

Elder E. S. Fitzgerald, of Weatherford, one of the leading evangelists for the Church of Christ in Texas, has been in charge of the services, and his earnestness, delivery and forcefulness have been highly commended by all who heard him.

The singing, under the direction of Prof. Acuff of Grainger, Texas, a composer and singer of note, has been exceptionally good, and some of the best voices in Mills County have been serving in the choir.

The meeting will probably close with Sunday night's service. The interest in the services has been growing each day, and extra large congregations are expected to be in attendance today and tomorrow.

Every one is invited to be present at the few remaining services of the meeting—this morning at 10 o'clock, tonight at 8:15, and Sunday morning and Sunday evening.

ROCK SPRINGS.

Our plate of refreshments of late has consisted of hot dry, sultry weather with no rain.

Mr. Maloy Stacy and family of Snyder, Mrs. Fred Crowder and daughter of Winters, Mr. Albert Hunt and family of Big Valley, Mr. Joe Roberts and family of Goldthwaite, Mr. J. T. Robertson and wife of Rock Springs visited in the Nickols home Sunday.

Mr. and Mrs. T. P. Bailey and baby from Fort Worth came in Sunday afternoon for a short visit with Mr. and Mrs. Chas. Stark and family.

Mrs. Lula Gatlin and Miss Love visited Mr. and Mrs. Orby Woody in Goldthwaite last week.

Mr. Bill Cankie of Goldthwaite spent the week end in our community.

Juanita Davis and Oneta Traylor exchanged visits Sunday.

Miss Inez Lane spent the week with Eula Nickols and family.

Walter Robertson and family from Breckenridge are visiting J. T. Robertson and family.

Mr. J. H. Hale and family spent Sunday with Mr. Hale's father, who lives at Seallorn.

Mr. Neal Miller and son from Coleman spent last week with Mr. J. M. Traylor and family.

FINANCIAL STATEMENT GOLD. PUBLIC SCHOOLS AT END OF 1924 TERM

Indebtedness carried over maintenance fund	\$ 500.00
Teachers Salaries, term 1924-25	14,220.00
Janitor's Salary	750.00
Insurance on buildings	80.00
Coal	375.00
Repairs on stoves, buildings, etc., and minor expenses (estimated)	450.00
Sinking Fund and interest to pay school bonds	1,350.00
Taking census, assessing and collecting, approx.	250.00
Total indebtedness and estimated expenses for term	\$17,870.00
Income.	
Local Tax	\$7,585.12
State Tax—392 Scholastics at \$12	4,704.00
Estimate 50 transfers-in	600.00
Tuition, approximately	1,500.00
Total Income	\$14,389.12
Shortage, \$3,480.88.	

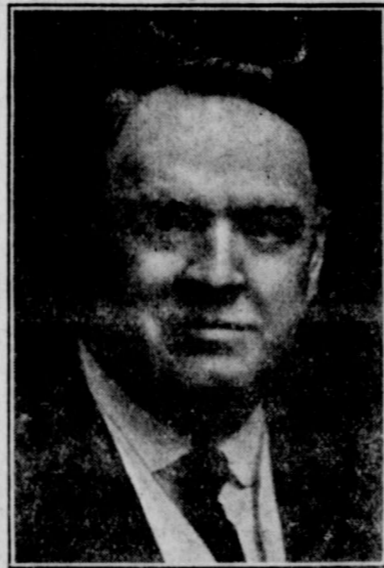

A part of the shortage occurred by lowering rendition. The foregoing shortage will have to be made up some way, either by raising the rendition on all assessments approximately 25 cents on the hundred dollars or putting on another 25 cents on the hundred dollars valuation, bringing the total amount up to \$1 on the hundred dollars valuation for school purposes.

In view of the fact of the present shortage, and the further fact that there are several districts in Mills County that have put on the maximum school tax of \$1 and all over the state the assessment is being raised to \$1, the Chamber of Commerce and the Parent Teachers Association both have gone on record favoring a raise to the maximum of \$1 on the hundred dollars valuation of property. And whereas, the School Board received a petition of over twenty qualified voters—property owners of Goldthwaite Independent School District—memorializing the said School Board to order an election for the purpose of voting on the raise; at a meeting held Tuesday, June 24, 1924, the Board ordered an election to be held in Goldthwaite on July 30, 1924, to ascertain if the patrons wanted the school finances raised in that way.

The Board has the authority to raise the rendition to the required amount, but preferred to let the majority of the patrons say in what way they wished the matter handled. The Board believes there will be less friction by raising the assessment by vote to \$1, than by raising the rendition on practically all the property holders. Either way will raise the required amount.—By Order of the School Board.

REV. JOSEPHUS LEE TO CONDUCT REVIVAL AT METHODIST CHURCH

Rev. Josephus Lee, pastor of the Methodist Church here and an evangelist of state-wide note, will begin a summer revival at his church Sunday, July 6th. This revival is expected to be the greatest ever held by the Methodist Church here.

REV. JOSEPHUS LEE

Dr. Lee had requested that the church supply him with an evangelist for the revival, but the church, recognizing his ability and his influence with the citizens of Mills County, requested that he conduct the revival.

W. C. Dew, Superintendent of the Sunday School and in charge of the choir at the church, will have charge of the music and singing and the best music and some of the best voices in Mills County are expected to supply the lovers of music with the treat of their lives.

A cordial invitation is extended by Rev. Lee and the members of the Methodist Church to every one to be present throughout the services and to take part in them.

BAPTIST CHURCH.

Rev. L. S. Richardson of Brownwood, Texas, will preach at the Baptist Church Sunday morning, June 29, 1924.

WORLD'S NEWS IN BRIEF.

Mysteries Cleared—Euzebe Vidrine, whose execution for the murder of a man in Louisiana was set for Aug. 8, has written a book in prison in which he admits the killing of two other men. When the book was finished he wrote the governor of Louisiana that he was ready to die.

SOLDIER BONUS APPLI- CATION BLANKS RECEIVED HERE FIRST OF WEEK

Post Adjutant of the American Legion Dumble Hamilton this week received from the War Department a large number of soldier bonus blanks, addressed envelopes and instruction sheets to be used by Mills County ex-soldiers, sailors and marines to make out their applications for the benefits of the Soldiers Compensation Act passed by the last session of Congress.

The blanks have been turned over to County Clerk Elvis Morris, and can be had by any ex-soldier, sailor or marine in the county who will call there for same. Mr. Morris has offered, free of charge, to assist or give information to any one who needs assistance in filling out his blank, and also offers the use of ink pads for the purpose of taking finger prints. Should Mr. Morris become crowded in this work, other ex-soldiers of the city have offered their help.

Ex-soldiers who desire to fill out their blanks here in town should bring their discharges along to get the desired dates, organization, etc., but they do not have to be sent off. Widows, mothers or other benefactors of veterans who have died should also make application at once for benefits of the act.

The War Department requests that all applications be filled out and sent in as soon as possible in order that paid-up insurance policies may be mailed out to all veterans immediately after next January 1, when the provisions of the law take effect. The blank has to be personally signed by the applicant in the presence of two witnesses, who also sign it as such. Full printed instructions, together with an addressed envelope will be furnished with each blank. The June 6th issue of the American Legion Weekly also contains the instructions.

The compensation which is being offered veterans is in the form of a 20-year endowment policy. In other words, veterans are given an insurance policy for an amount based upon the length and the kind of service they rendered the government, the premiums on which are paid annually by the government. These policies average around \$1000 for each veteran.

In cases where veterans have died their benefactors will be paid on January 1, the full amount of the compensation policy. The policies also provide that beneficiaries of policy holders are to be paid the full amount of the policy in case of the death of the veteran after the policy has been issued.

Provision has been made for loans on the policies after they have been in force for two years. As high as 90 per cent of the cash value of the policy may be borrowed by the veteran holding the policy.

GOLDTHWAITE LIGHT & ICE COMPANY BEGIN CON- STRUCTING NEW PLANT

A carload of new Black Diamond pine posts which arrived in this city this week marks the beginning of the work on the Goldthwaite Light & Ice Company's new light and power plant. Within the next few days \$1,000.00 worth of new outside wire will arrive.

It is the intention of the company to change their current from the present 220 D. C. to 110 volts alternating current within the next few months. This change will require the expenditure of thousands of dollars and will give Goldthwaite current and power equal to any in Texas. Goldthwaite has outgrown the capacity of the present plant and the demand of additional electrical power requires and justifies the action taken by the Goldthwaite Light & Ice Co.

New posts, new wire, and new generative dynamoes will be required and installed. The current will leave the plant with 2300 volts and be stepped-down at suitable places to 110, thus assuring even and sufficient current to the furthestest houses from the plant, a condition impossible with the present equipment.

Edward Geeslin, manager and part owner of the Goldthwaite Light & Ice Company, is to be commended for his progressive work, as the future of Goldthwaite depends to a great extent on the cheapness and reliability of its power and light facilities.

COME BACK HOME.

Some people living outside of Mills County seem just at this time to be quite solicitous about our religious, moral and political welfare. Every mail brings to some citizen proffers of aid. Some grand klip-of-klip of the klap-of-klaps of the kream of kosh-kosh wants us to put up some financial support, and have our names enrolled among the one khalf of the one khalf percenters kA-merry-kans. This act on our part will make us eligible to approach the throne of the imperial vizard of an invisible power, who will send his krip-krap shooters to our protection.

Protection from what? Negro domination (there has not been a negro in Mills County for 30 years). Protection from the insolence of Jews (there is not a Jew in the county). Protection of womanhood! Ah, that's where the insult comes in. Have the good mothers, sisters and daughters of our country found it necessary to cry about for aid from aliens? Have our fathers, husbands and sons failed in their duty to their loved ones? The cowardly seekers after your good dollars are liars when they insinuate that such a condition exists among us.

The patriotic people of Mills County, men and women alike, when approached by these cowardly slanderers, should tell them to go to and go at once. Their like is not needed here. The few misguided men who mingle among us—if any—who in a moment of mental aberration possessed themselves of robes and masks should meet in some secluded spot and hold a klo klalm, erect an altar, dedicated to their folly, place robe and mask thereon and touch the match. The scent of tar will linger for a time, but Mills County people are generous and much can be forgotten. Come home.

EX-SHERIFF ANDERSON GIVES TANLAC CREDIT

A.R.
ANDERSON

MAN WHO HELD PUBLIC OFFICE OVER 27 YEARS SAYS MEDICINE RESTORED HIS HEALTH AND STRENGTH 5 YEARS AGO AND HAS HELPED HIM KEEP WELL.

"I said a lot in praise of Tanlac some six years ago, but not half enough in view of what it did for me," is the high tribute paid the famous medicine, a few days ago, by Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, who resides at 1505 Austin St., Houston.

Mr. Anderson is unquestionably one of the best known and most popular men that ever held public office in the "Lone Star" state. After serving as deputy sheriff of Harris county for 12 years, Mr. Anderson was elected chief of police of the City of Houston. He had occupied this office but a short time when the sheriff of Harris county died and Mr. Anderson was then appointed by the Commissioners Court to serve out the unexpired term of sheriff. He was honored with re-election as sheriff seven different times and served the people in this important office 15 consecutive years.

In 1912 Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this city. Speaking further of his experience with Tanlac, Mr. Anderson said:

"Before taking Tanlac I was all run-down and had no appetite. I had the worst form of indigestion and could not eat fried foods or pastries at all. I suffered all the

worst sort of neuralgic pains and nothing seemed to help me only in a temporary way, until I took Tanlac.

"Then I read the statement of a Georgia sheriff, who had been relieved of troubles like mine, I just felt like I couldn't go wrong by taking Tanlac, and it has done even more for me than I expected. I felt better after the first bottle and the complete treatment of six bottles made a new and different man of me. I never felt better in my life than I did after taking Tanlac. And although five years have passed since Tanlac straightened me up, my health has continued good and my stomach as sound as a dollar to this good day. I am glad to endorse Tanlac because it does the work and does it well."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

TO TEACH EXPRESSION.

Mrs. Norma Lee Walker and Miss Flora Wilson are now in Dallas taking an advanced course in Expression and Public Speaking under the world famous teachers of the Boston Currie School of Expression. They will return and instruct classes in both Expression and Public Speaking during the 1924-25 term of the Goldthwaite Public School.—Adv.

HEALTH HINTS.

Investigators have catalogued almost every human ailment under the head "Focal Infection." The results of their findings show that over 50 per cent of diseases are directly caused by mouth infection. Other sources of infection are: The tonsils, head sinuses, intestines, etc.

Focal infections cause articular rheumatism, stomach troubles, kidney disease, and heart infections. Other troubles follow in their wake.

If you are ailing the first and most sensible thing to do is to find out the cause. As 50 per cent of ills are traced to mouth infection, it should have immediate attention. All mouth infection should be cleared up, as removal of ulcerating teeth, treatment of Pyorrhea, etc. If the cause of the trouble is due to mouth infection, a clearing up of this should give nature a chance to cure the ailment.

WORLD'S NEWS IN BRIEF.

35 Negroes.—Thirty-five negroes were injured, 3 probably fatally, when a floor of the negro church in Fort Worth fell 12 feet to the ground Monday afternoon, they being assembled to attend a funeral service.

Texans.—More than 2,000 Texans who were in New York this week to see the Democratic convention were trying to get seats at the convention Monday.

Recovering.—Samuel Gompers, president of the American Federation of Labor, has been in a New York hospital since last Wednesday due to a breakdown caused by overwork. He is now improved.

To Map State.—An aerial map of Texas costing nearly a half million dollars will be made by Kelly Field, San Antonio, pilots in the near future. Airplanes will fly over every square mile of the biggest state in the union taking photographs. It will take a year to make the picture map.

Street Duel.—As the outcome of an argument over a garage bill, two men fought a duel on the main streets of Fort Worth last Sunday. One used a shotgun, the other a revolver. The garage owner was hit and carried to the hospital.

Also But Not Likewise.

In the course of his testimony, a negro witness made frequent use of the two words "also and 'likewise'."

"Here, you," at length demanded the opposing lawyer (who tho not a judge was called "Judge" by courtesy), "Just what do you mean by using the words 'also' and 'likewise' as you do? Do you see any different between them?"

"Yes, sah, I think I does," answered the witness.

"Well, then," returned the lawyer, "explain the difference to the court."

"Yas, sah! Well, it am lak this His Honor there on de bench, he am a judge—ain't dat right?"

"Of course!" shouted the law-

yer, "but what of it?"
"Well, sah, you am a judge 'also' but not 'likewise'."

Had Dieted 16 Years

"What the newspapers have said about Karnak is not half good enough. The medicine has freed me of sixteen years suffering and I would not be without it if it cost twenty-five dollars a bottle."

This is the emphatic way in which Mr. George Magness, 208 1/2 North Presa St., San Antonio, expresses his opinion of the sensational new medicine which is causing such wide-spread comment throughout the country.

"When I began taking Karnak," continued Mr. Magness, "I had been on a diet for sixteen years, so you can realize what the medicine has done for me when I say that I now eat as I please, never have a particle of trouble afterward, and have gained eleven pounds in weight."

"I suppose I had as bad a case of chronic trouble and all run-down condition as any man in Texas. I could not eat even the lightest kind of food without suffering for hours with gas, biliousness and indigestion. I finally fell off to only 150 pounds and got so weak I would actually stagger when I walked. I hardly knew what a good night's sleep was and would get up every morning with pain and soreness all through my body and my back so stiff I could hardly straighten up."

"But it's a different story with me now. I eat three hearty meals a day, sleep eight or nine hours without scarcely turning over and

feel fine and strong in every way. If anybody wants to know about Karnak, send them to me. It is as different from other medicines as night is from day."

Karnak is sold in Goldthwaite by R. E. Clements.

PECAN WELLS.

Editor Eagle:

I will write a few lines to let you know that Pecan Wells is a live. We have Sunday School every Sunday at 2 o'clock and singing after school is out. Have good attendance. Bro. Hays preaches every third Sunday and always has good crowds, with everybody glad to see him.

We have two of our school boys attending the Goldthwaite school, Mr. Jack Sparkman and Mr. Jim Green.

We had visitors Sunday from Desdemona, Mr. Lawson Kemp and family. Mr. Johnnie Kemp and family and both boys and families came home to see their father and mother. Foster and Ellen Kemp, Mr. John Merrell and family from McGirk, a daughter of Foster and Ellen Kemp met her brothers at their old home and had a real nice time. It makes old folks happy for a gathering like that.

Corn and cotton are doing fine out here. Need some rain. Have had some light showers. The grasshoppers are not very bad over in these mountains, but we are dreading the boll weevil.

Johnnie Newton and Will Tully will be in here with their thresher next week. We have been reading the Eagle to see when the county agent, Mr. W. P. Weaver, was going to call the boys together, but have not seen it yet. Suppose he is busy killing grasshoppers.

Mr. Bob Black was out learning his wife to drive the car; called on Mrs. Kemp Sunday and paid her a visit.

Mrs. Hiller an old settler and a dear friend of all, was out at Sunday School Sunday.—X.

\$54,000,000 CASH IS RAISED BY BAPTISTS

RETURNS ON 75 MILLION CAMPAIGN REPORTED TO CONVENTION—\$21,000,000 MORE NEEDED.

NEW PROGRAM PROJECTED

Dr. C. E. Burts of South Carolina Named General Director—Dr. McDaniel Heads Convention.

Dr. GEORGE W. McDANIEL, New President Southern Baptist Convention.

Up to May 1 Southern Baptists had contributed in cash on their 75 Million Campaign, the five-year program for the extension of their general missionary, educational and benevolent work, the sum of \$53,832,852.79, leaving a total of \$21,167,147.21 to be raised between now and the end of 1924 if the original goal of \$75,000,000 is attained, it is announced by the general headquarters.

When the status of the Campaign was reported to the Southern Baptist Convention at its recent session in Atlanta, the Conservation Commission was instructed to lay plans to complete the raising of the \$75,000,000 by the close of the present calendar year in order to clear the way for another forward program that will claim the support of the denomination during 1925.

Dr. L. R. Scarborough, general director of the Campaign, has been called back to Nashville to lead in the task of raising the \$21,000,000 additional needed to complete the Campaign goal. He will undertake with the assistance of the various state and associational boards, to effect an organization that will enlist every Baptist church in the South, representing a combined membership of 3,500,000, in a definite share in the completion of this forward program.

Approximately 6,000 messengers from every state in the South attended the Atlanta session of the Convention and the entire body voted unanimously to get behind the effort to raise the full amount of money needed to complete the Campaign.

Where Money Came From

Here are the sources from which the \$54,000,000 collected so far on the Campaign has come: Alabama \$2,429,331.08; Arkansas \$2,022,747.90; District of Columbia \$256,257.91; Florida \$883,408.96; Georgia \$4,873,524.26; Illinois \$629,736.03; Kentucky

CANDIDATES! CANDIDATES! EXPENSE ACCOUNTS.

All candidates must file their first statement of campaign expenses not earlier than June 26th nor later than July 1st.

A second statement must be filed not earlier than July 6th nor later than July 17th. The third and final expense account of the first primary must be filed not later than August 5th.

The law requiring candidates to file these expense accounts applies to all candidates alike, no matter what office they are seeking. Candidates who fail to file their itemized expense accounts with the County Clerk at the proper times are subject to indictments and fines.

Future Program Authorized

At the same time Southern Baptist forces will be completing their 75 Million Campaign they will be launching the next program to follow the Campaign. At a session in Nashville the Commission on the future program designated it as "The 1925 Program of Southern Baptists" and elected Dr. C. E. Burts of Columbia, S. C., as general director, and Frank E. Burkhalter, Nashville, publicity director. The canvass for subscriptions for the 1925 budget, which will be for at least \$15,000,000, will be taken in the local Baptist churches the week beginning November 30.

Dr. George McDaniel of Richmond, Va., is the new president of the Southern Convention. Actions by that body include the taking over of the Southwestern Baptist Theological Seminary at Fort Worth, Texas, decision to defer for a year any action looking to a reorganization of the work of the general boards of the convention, instruction to the Education Board to continue negotiations looking to recovery to the Baptists of George Washington University at Washington, decision to give larger consideration at next year's session to the interests of the country churches, and the adoption of a vigorous protest, which will be forwarded to the president and secretary of state at Washington, against the persecution of Baptists in Russia and Rumania.

A HOME WEDDING.

(Mullin Enterprise)

A pretty home wedding of the week was that of Miss Ruth Kirkpatrick, daughter of Mrs. Carrie J. Kirkpatrick of this city, and Mr. William Travis Gilmore of Brownwood, Texas, which took place at the home of Mrs. Kirkpatrick Sunday, June 22nd, with only relatives and intimate friends present.

The Methodist Episcopal church ceremony was read by Rev. Walker.

Miss Carrie Kirkpatrick, sister of the bride, sang "Until" as a prenuptial song, while Mrs. Chas. Hancock played Flower Song, to the strains of which the bride and groom entered the sitting room where they were united in marriage.

The bride wore a handsome gown of brocaded beige crepe with

accessories to harmonize, her shower bouquet being of pink bride's roses.

Mr. and Mrs. Gilmore left immediately for a motor trip to Corpus Christi and will make their home, after a few days, at 401 E. Depot St., Brownwood, Texas.

Mr. Gilmore is the son of Mrs. W. T. Gilmore of that city.

Teachers Compete For Scholarships To Be Awarded Fifty Leaders In Child Health Education Methods

HEALTH EDUCATION IN TRENTON, New Jersey.

The American Child Health Association is doing a valuable work in conducting a nation-wide contest among school teachers to develop the best possible practice for teaching health to school children. This is the opinion of Dr. Lee K. Frankel, second vice-president of the Metropolitan Life Insurance Company, whose organization is co-operating in the program.

More than sixty cities have entered the contest with from twenty to 200 teachers enrolled from each. They are to be judged on the year's classroom work for improving the children's health, teaching them the simple elements of hygiene and good health habits. The Metropolitan has donated \$25,000 for fifty scholarships of \$500 each for the successful competitors.

"For years we have sought standards of good school health work," said Dr. Frankel. "Here and there the work of a teacher stands out because she has a special talent for it, or more often because she is keenly interested in her own health and the importance of health work in general. The problem is to demonstrate her

credited university and round out their theories so they can make their methods available to other teachers. Only in some such manner can adequate standard practice for health teaching in schools be developed."

The scholarship contest is open only to elementary school teachers and the junior high school. It is for the work done between December 1 and May 15. The awards will be made in June. The competing teacher's attention to her own health will be one criterion on which she will be judged.

The program is under the direction of Courtenay Dinwiddie, Miss Sally Lucas Jean and Miss

PLAYING THE HEALTH GAME.

11,379 PERSONS KILLED AT RAILROAD CROSSINGS.

Do you know that in six years 11,379 persons were killed and 30,522 injured at railroad crossings in the United States? Eighty per cent of the accidents at such places involve occupants of automobiles.

In this country there are over 256,362 railroad highway crossings. To eliminate all of these now is not only a financial but a physical impossibility. A conservative estimate of the cost is \$19,000,000,000. Eliminations are being made, and will continue as rapidly as circumstances will permit, but the net result cannot be changed materially as there will be additional crossings as new lines are built.

The immediate remedy is for every driver to "Cross Crossings Cautiously." The railroads are again engaged in a "Careful Crossings" campaign, and are making every effort to see that all employes concerned give special attention to the proper performance of their duties in that connection. But if crossing accidents are to be reduced to a minimum, similar precaution must be taken by the general public.

According to Isaiah Hale, safety superintendent of the Santa Fe Railway, this can be accomplished if automobile drivers will observe the following simple rules:

Slow down when approaching a railroad highway crossing; a train look both ways and listen to ascertain if a train is approaching.

Be particularly careful where there are two or more tracks, because of trains moving in opposite directions.

Exercise good, conservative judgment at crossings; keep car under control.

Take the safe course; if in doubt, stop before reaching track.

SMITH FORCES OUTVOTE McADOO AT CONVENTION

New York, June 26.—The forces of W. G. McAdoo lost the first test vote of this Democratic National Convention here late today when the delegates voted 555 1-2 to 516 to adjourn until 10:30 a. m. Friday. A night session had been proposed. The convention managers of the candidacy of Governor Al Smith opposed it.

Following is a list of nominations for president in the order in which they were nominated:

Oscar W. Underwood of Alabama, Joe T. Robinson of Arkansas, William G. McAdoo of California, Governor Alfred E. Smith of New York, Willard Saulsbury of Delaware, David F. Houston of Missouri, Senator Samuel L. Ralston, Governor Jonathan M. Davis of Kansas, Governor Albert C. Ritchie of Maryland, Senator W. N. Ferris of Michigan.

Man ymore nominations are expected. A bitter fight is believed to be brewing over the Ku Klux Klan question when the platform committee makes a report.

Sheep and Goat Raisers—The Sheep and Goat Raisers' Association of Texas concluded its ninth annual convention at San Angelo Thursday afternoon, chose T. A. Kincaid of Ozona president and selected Brad, for the next meeting place.

Heat Wave—A New York dispatch says severe heat which prevailed over a dozen states last week took a toll of 48 lives and caused more than 100 prostrations. Ohio and Pennsylvania were the heaviest sufferers.

THE TRUTH OF AN OLD ADAGE.

'Where a sheep puts down its foot, there gold springs up' is verified by the experience of many Mills County farmers. Only this week five carloads of wool were shipped from Goldthwaite in one shipment. This was only a small part of the annual wool and mohair crop. These items, wool and mohair, bring to the stock farmer the easiest money he handles. Besides the fleeces, bringing in cash twice, there are the lambs and muttons to be considered. Attention to sheep, as they are now handled without herders, is largely the work of the children. There are now more sheep owners in the county than ever before, though the number of sheep is probably less than forty years ago, when there were large herds requiring constant attention. The cow pasture can be made sheep proof by the addition of two wires. Add a few head of good sheep and watch your bank account grow.—XX.

SUNDAY SCHOOL PICNIC.

South Bennett Sunday School enjoyed a picnic at the Bayou last Friday, where H. E. Moreland responded to a promise to the little folks in getting a certain number to join the Sunday School.

There were about 60 in number. While they were having a good time, about 10 o'clock Mrs. Moreland strolled away and to their surprise had a bountiful lunch for them consisting of sandwiches, pickles and cold drinks. Time came too soon for them to go home, wishing for another such good time.

M. W. A. NOTICE.

Notice to the members of the Goldthwaite Camp of M. W. A.: As I will be in my office but very little for the next two months, I will suggest to those that are accustomed to handing their insurance money to me to leave it at either bank, and I will collect and receipt for same in time to keep your insurance in force.—H. HEED THE WARNING.

Many Goldthwaite People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Pills are for the Kidneys only. There is no better recommended remedy.

Goldthwaite people endorse Doan's Pills. Ask your neighbor! Mrs. W. A. Richards, Goldthwaite, says: "I was troubled with a sore and lame feeling across the small of my back. When I stooped it was hard for me to straighten, as my back was

weak. I had headaches and nervous spells and the action of my kidneys was irregular. I felt tired out in the morning. I got a box of Doan's Pills at Clements' Drug Store and am glad to say they cured me. I highly recommend Doan's to sufferers of kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Richards had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—7-5.

Cloche Continues to Be Fashion's Favorite

That Madam Fashion is not fickle, is evidenced in this little cloche, for this bonnet-like type continues to be her favorite. THOMAS J. RENFRO

The Mills County candidate for Representative, stands for:

An adequate school system for Texas. Texas must advance from 34th to a place in keeping with her population, wealth and resources.

Equalization of Taxes. The total eleven billion dollars worth of property in Texas should be taxed, instead of one third of the total property valuation as it is now taxed.

Progressive and aggressive highway system. The state should accept all federal aid possible and place every rural community in reach of a good road.

Government aid in agriculture. The state, acting through its agencies, should help find, establish and maintain an adequate marketing system for Texas products.

Voters of Mills County, vote for a home candidate, who will always fight for better schools, better roads, tax reforms, clean government, economical administration and a square deal for everybody.

Tax on Telephone Messages Repealed

The new tax law signed by the President June 2nd, which becomes effective at midnight, July 2nd, repeals the tax on all toll messages.

After midnight July 2nd your long distance account will be reduced by the amount of the tax and will very materially reduce the expense of your long distance calls, because the tax on a \$1.00 message, for example, equaled 10% and ran as high as 33 1-3% on a message costing 15 cents.

The telephone companies have for several years suggested the repeal of this law and we are, therefore, pleased to announce at this time the removal of this tax. All telephone companies have felt that the high tax on short haul messages curtailed this class of business not a little, and we hope the removal of the tax will in turn stimulate the use of our service on all classes of business, but the short haul in particular.

SORE MOUTH ON HORSES.

To the farmers and stockmen of Mullin and surrounding country: I have made a very thorough investigation of the epidemic of mouth disease in your community. Now this disease is wide spread. I have inspected horses from Llano to Mullin; however, I found more talk than disease. But I found a few with a very sore mouth, which yield to treatment very readily, and I would suggest that you thoroughly wash the mouth out with a 1% permanganate of potash one time a day and touch up the raw surfaces with tr john and glee-line, equal parts. Take them off grass! don't feed any hay, but give plenty of a soft wheat bran mash. I think if you will do this you will stop your troubles.

FARMS FOR SALE.

Within five miles of Goldthwaite, we have five good farms for sale, ranging in size from 140 to 240 acres. Each tract is a bargain and can be sold at a fair price and on liberal terms.

Twelve miles out we have a 1000 acres stock farm, more than fifty acres in cultivation, two small homes, plenty of timber (some pecan) and spring water.

We are offering an excellent farm and pasture on the waters of Lampasas river. Will sell on easy terms or exchange for like property convenient to grade country school.

A few city homes are on our list at prices that should interest any one wishing to buy. If you wish to sell Mills County property call on and advise with us. We know values and you know us.

Ask us about a fine river farm ten miles from town; 500 acres in cultivation now and 200 more tillable, one and one-half acres of river front, plenty of timber, some of it bearing pecans, good barns, etc. This has some fruit and berry land which we can sell in small tracts.

We are offering the Roach farm two miles southwest of town, all good land and well improved. This tract contains 230 acres and for while will be on sale at reduced price. Only \$1000.00 cash payment required.

If you want a place on long time payments we can show 168 acre tract, 45 in farm, small house, well, windmill, etc. \$500 or good trade, balance ten years.

For a small stock farm you can not beat this: 540 acres eight miles from Goldthwaite, on state highway and convenient to grade school; good home, farm, timber, etc. A bargain and on very easy terms of payment, 8% interest.

Our office is over the Rexall Store, where you will find desk room to attend to your correspondence, etc. Come in; you are welcome.—THE CLEMENTS CO

Your Conversation
"TANTALIZE"
Tantalus was a Greek king, the son of Zeus, who was accused of betraying certain valuable secrets. The gods punished him by giving him an undying hunger and an eternal thirst. They placed him in a lake whose waters reached just to his chin. Over his head grew fruit which constantly reached from his grasp. To the unfortunate Tantalus we owe our word "tantalize," a verb meaning to tease or torment.

Progress of Nation Measured By Improvement in Its Homes Says U. S. Specialist in Housing

Wholesome homes are a primary source of strong individual character and of national progress. Because of this, the Better Home in America movement is trying to reach every American family, paying particular attention this year to families of moderate means, and extending the educational benefits of the campaign to the rural sections of the country. Dr. John M. Gries, chief of the Division of Building and Housing of the U. S. Department of Commerce, and a director of the Better Homes organization, says on this subject: "A nation's progress can be measured by the improvement it makes in its homes, for the homes are the visible and enduring product of the efforts of its people, and from them come the men and women who make the nation. Hence the better the home the better should be our future citizens. 'Better Homes' does not mean merely better built houses, but it means better design, better equipment, better light and air, and more

comfort—a place where the family has every opportunity for developing its best qualities. We all want better homes, but some do not know how to make them, and others think they cannot afford them. The Better Homes movement helps communities to find out and to demonstrate what constitutes a good home, and how a commonplace home can be made into a better home at a minimum expense."

Mrs. Charles Schuttler, a member of the Advisory Council of Better Homes in America, formerly was chairman of the Women's Division of the Federation of Farm and Home Bureaus. Mrs. Schuttler says:

"The American Farm Bureau Federation and the American Country Life Association both are vitally interested in seeing the farm home approach the ideal of prosperity, peace and stability that it must attain to make it attractive to the type of people that our country needs on its farms. That is the source of our deep interest in the Better Homes movement."

Crystal Sets May Hear London Stations

It certainly would be a great surprise to many radio listeners to receive London broadcasting stations on their crystal sets. However, this and other dreams of imaginative radio fans may soon be realized when the new transmitting apparatus invented by Guglielmo Marconi, the radio wizard whose inventions made radio communication practicable, is perfected. This signal piece of construction work in the radio field, which is based on extensive experiments conducted by the inventor and his colleague, Mr. C. S. Franklin, promises to revolutionize completely the present methods of long-distance transmission. The gist of the new invention, according to Mr. Marconi's announcement at a recent meeting in London, over which he presided, is that the radio waves are concentrated in the form of beams that can be projected in any desired direction. In this way all the power can be sent in one direction, thus intensifying the strength of the signals considerably over unheard-of distances, and the electrical energy required for such directional transmission is much less than the amount otherwise used. Marconi also stated that in his recent experiments with the new method he communicated with St. Vincent, on one of the Cape Verde islands, located approximately 2400 miles from England, with much less power than otherwise used to span this distance, and receiving the signals much more clearly, and that he was led to believe that owners of crystal sets in America would soon be able to receive London broadcasting stations. The new method may also be used to guide ships through fog.

When a wooden post or brace is to be set on a smooth concrete floor, it often becomes a problem how to make it stand securely without the danger of slipping. If two or three 1/2-in. holes are chiseled in the concrete and nails driven into the bottom of the post, until about 1/2 in. of the head end is exposed and in such a position that they will project into the holes in the concrete, the post will not slip.

Ties Baby Buggy on Cane to Replace Pushcart

Fitted on the end of a walking stick, a small baby carriage has been invented by a father who got tired of using the ordinary pushcart. When not in use, the carriage folds up flat so that it can be carried readily. It runs on two wheels, the fabric being stretched over a collapsible frame.

Bird Songs Like Human Talk According to Naturalist

Study of the sounds made by birds is urged by a scientist who declares their utterances resemble human talk. He said that these songs or one-syllabled calls, have inflections of pitch and emphasis closely resembling the same phenomena in the speaking voice and that at times the whistles, chirps or twitters, resemble human words. The building up of a dictionary of bird sounds with reference to their pitch, intensity, speed, form, expression and timbre was urged.

Serum to Dissolve Cancer Tested by Doctors

After ten years of study and experiments, two Vienna physicians have announced that they have found a sub-

stance which dissolves cancer cells. In healthy persons they found that the blood serum is able to carry away the growths. The vital fluid of the victims of the disease, however, lacks this power. After many tests, a culture was made that is said to dissolve the malignant cells. It is declared to be an organic acid, the formula of which is carbon, 42; hydrogen, 76; oxygen, 7.

Discouraging Broody Hens

Hens may be completely discouraged from wanting to set by placing them in sacks and hanging these on the clothesline, as shown in the drawing. This method usually effects a cure in about three days, and even the most stubborn hens will yield in four days. The sacks should be as thin as possible to allow free circulation of air. Common burlap sacks, loosely woven, are excellent for this purpose. A New Hampshire farmer who used this method instructed his children and the hired help to give the sacks a swing every time they passed under the

line to make it still more uncomfortable for the hens.

When a considerable portion of the bark around a wounded tree is knocked off the tree is very apt to die. This can usually be prevented, however, by dressing the wound, that is, by cutting down the ragged edges and giving the exposed portion a liberal application of melted paraffin.

STREET-JUSTICE WEDDING WAS OUTSTANDING SOCIAL EVENT OF THE WEEK

(The following clipping from a Lubbock newspaper will be of interest to many Mills County friends of Miss Lucille Street, who was married to Arley Minton Justice of Marshall last Saturday morning.)

The marriage of Arley Minton Justice and Miss Lucille Street took place Saturday morning at nine-thirty o'clock at the home of the bride's parents, Mr. and Mrs. J. C. Street, 1416 Avenue L.

Tall baskets of white Peonies and rose pink gladiolas against a background of ferns formed an altar. Preceding the ceremony Miss Edith Carter sang "I Love You Truly," accompanied by Miss Huff at the piano and Miss Meador on the violin, who also played the wedding march from Lohengrin.

Mrs. DeLoach Martin, sister of the groom, was matron of honor; she wore a powder blue georgette with cream lace trimmings and carried an arm bouquet of rose pink gladiolas. She was followed by Misses Mildred and Laura Street, sisters of the bride and maids of honor.

Miss Mildred Street wore apricot georgette trimmed in cream hand made lace and carried pink gladiolas. Miss Laura Street wore orchard georgette over pink and carried pink gladiolas. Pretty little Miss Robert Elizabeth Littlepage scattered rose petals in the path of the bride. She wore a pink accordinn pleated georgette with tulle and flower trimming.

The bride entered with her father and was met at the altar by the groom, who was attended by his father, W. C. Hart, as best man.

The bride was lovely in flesh georgette with silver lace trimmings. She carried a shower bouquet of bride's roses and lilies of the valley.

An impressive ring ceremony was read by Dr. Jennings, pastor of the First Christian Church. The Flower Song was softly played throughout the ceremony.

A most elaborately decorated wedding cake was cut in the dining room and individual ices were served to relatives and friends.

The bride is a very accomplished young lady and a graduate from the State University and has taught in Marshall for the past three years.

Mr. Justice is the only son of Dr. and Mrs. W. G. Hart. He is a very successful young business man and is manager of the Triangle Motor Company of Marshall.

Mr. and Mrs. Justice left immediately for a trip in their car. On their return to Marshall they will be in their new home the groom has built and furnished for the bride.

Among the out of town guests were Dr. and Mrs. W. G. Hart of Marshall, parents of the groom; Mrs. DeLoach Martin, of Dallas, sister of the groom; Mrs. Robert V. Littlepage, and little daughter of Goldthwaite; Mr. and Mrs. Robert Hines from Lometa and Miss Thelma Asbury of Tulia.

DR. P. H. CHILTON'S CANDIDACY ENDORSED BY COMANCHE COUNTY VOTERS

Dr. P. H. Chilton of Comanche, candidate for State Representative from Mills and Comanche County, is recommended to the citizens of Mills County by his supporters and friends of Comanche, who ask Mills County people to give him a consideration of their vote, as they feel that he is the man for the place.

Dr. Chilton has resided in Comanche County for a period of forty-nine years and has practiced medicine in that county for thirty years. He has never offered for public office before, but has held valuable assignments under both the State and Federal government, being at one time first assistant superintendent of the Southwest State Insane Asylum at San Antonio, and was connected with the Federal Public Health Service in the capacity of quarantine officer.

Dr. Chilton's supporters feel that his varied experience along these lines, as well as business experience generally, qualifies him well for the office he seeks, and solicit the support of the people based upon his fitness alone and not upon personal prejudices or the possible faults or shortcomings of any opponent.

Dr. Chilton favors the strict enforcement of all laws, and favors the repeal of laws that the courts are negligent in enforcing, from the fact that it teaches the people to disrespect all laws. (Political advertisement.)

Good Times With Your Gulbransen

It's your night to entertain! Your home is the place, and everybody's coming! Here's where you even up with those friends for all the good times they've shown you!

Gulbransen music—a whole delightful program of it—arranged concert style. There's an idea for you! What more enjoyable entertainment could you offer—what better fun could anybody ask—than to hear you play a well-chosen, well-rendered group of Gulbransen selections as the big feature of your party!

To help you conduct these and other affairs, to aid you in planning your programs, you should have our new 64-page de luxe book, "Good Times With Your Gulbransen." This, in one compact volume, is a complete digest of just what rolls to use for every purpose. It lists and classifies over 1,000 different compositions—selected by musical authorities and artists—each according to its fitness for the particular occasion.

"Good Times With Your Gulbransen" is a text-book on musical enjoyment and entertainment. A veritable gold mine of information for the music lover. It is one of the most interesting and valuable books on music ever issued. Every present and prospective owner of a Gulbransen Registering Piano—every one owning or about to own an ordinary player-piano—should have it and study it and keep it. A copy is yours for the asking. Send for it—now. Gulbransen-Dickinson Company, Chicago.

WALTER C. WOODWARD, STATE SENATE CANDIDATE, IS NOT A KLANSMAN

I submit the following affidavit, which is self explanatory.
The State of Texas—County of Coleman.

BEFORE ME, the undersigned authority, on this day personally appeared Walter C. Woodward of Coleman, Texas, and who is the identical Walter C. Woodward who has heretofore announced as a candidate for the State Senate from the 25th Senatorial District and he being by me duly sworn, states the following facts:

I have never at any time or place expressed any desire or made any application to join or become a member of the Ku Klux Klan, or any similar organization. I have never attended any meeting of any kind or class of the Ku Klux Klan, or of any similar organization, neither have I ever attended any lecture given in behalf of the Ku Klux Klan or of any similar organization. I have never joined the Ku Klux Klan, or any similar organization. I am not now and I have never been a member of the Ku Klux Klan, or any similar organization and I have no intention or expectation of ever joining the Ku Klux Klan or any similar organization. I am not the candidate of the Ku Klux Klan or any organization. Neither has any member of the Ku Klux Klan, so far as I know, ever approached me to become a candidate for the State Senate, but I am a Democrat who believes in the strict enforcement of the laws, the purity of the ballot box and an open visible government in Texas, controlled by the Democrats and by no other organization, secret or otherwise.

The only organizations of which I am a member are: Methodist Church, Masonic Lodge, which includes the Blue Lodge, the Chapter, the Commandery, the Scottish Rite and the Shrine. I belong to the Knights of Pythias, the West Texas Chamber of Commerce and the local Chamber of Commerce and last, but not least to the great Democratic Party which I sincerely hope and trust will oust the Republicans from power and restore a Government "of, for, and by the people" and sweep from office every bribe taker, corrupt individual and political rascal who holds office or controls office holders.

IN TESTIMONY WHEREOF, witness my signature at Coleman, Texas, this the 7th day of June, A. D. 1924.

WALTER C. WOODWARD.
Sworn to and subscribed before me, the undersigned authority, by

Walter C. Woodward of Coleman, Texas, this the 7th day of June, A. D., 1924. L. EMET WALKER.

Do Not Consider Fruit Trees A Luxury, But A Good Investment And A Necessity

FRUIT IS THE ONLY PRODUCT OF THE SOIL THAT HAS NOT FALLEN IN PRICE DURING THE LAST THREE YEARS. THERE ARE NOT HALF AS MANY FRUIT TREES IN THE SOUTHWEST TODAY AS THERE WERE TEN YEARS AGO. WHEN COTTON WAS HIGH, FARMERS FORGOT ALMOST EVERYTHING BUT COTTON. THE POPULATION AND DEMAND FOR FRUIT HAVE INCREASED, WHILE THE NUMBER OF BEARING ORCHARD TREES HAS DECREASED. FRUIT HAS, THEREFORE, NECESSARILY BROUGHT HIGHER PRICES AND PAID ENORMOUS RETURNS, AND WILL CONTINUE TO DO SO FOR MANY YEARS.

A ONE-CROP COUNTRY WILL ALWAYS SUFFER. A FARM THAT PRODUCES MANY CROPS, INCLUDING FRUIT, RAISES POULTRY, WITH OTHER LIVE STOCK IS ALWAYS PROSPEROUS.

W. E. POPE, CANDIDATE FOR GOVERNOR OF TEXAS, TO SPEAK HERE JULY 5

W. E. Pope, of Corpus Christi, candidate for governor of Texas, will speak in the district court room at the court house at three o'clock next Saturday, July 5, in the interest of his candidacy.

Mr. Pope will bring a message which he thinks the people of Texas will do well to listen to, and every one is invited to attend.

REUNION DATES SET; JULY 22, 23, AND 24

Dates for the U. C. V. Reunion have been set for Tuesday, Wednesday and Thursday, July 22, 23, and 24.

For amusements a carnival company has been procured.

While only a general outline of the program has been worked out, there will be speaking by prominent public men, including various candidates. In fact, every candidate, both men and women, will have a chance to speak.

There will be a call meeting of the U. C. V. this afternoon for the purpose of working out the final details.

CROPS IN FINE SHAPE.

According to reports from all over the county cotton and corn crops as well as the feed crops are in fine shape. Most of it is clean and still holding up well. A rain, while not absolutely necessary at this time, would be of benefit to all the crops — especially corn.

The small grain harvest is now in full blast and a few more weeks of fine weather will see the finish of this crop. Prices of oats and wheat are high and the yield per acre is good. Reports on oats indicate that the yield will run from 35 to 50 bushels to the acre.

While there is not a very large acreage in grain this year, almost every one had a small patch. The high price, ranging around 50c per bushel, will cause the bulk of the crop to be sold, thus placing thousands of dollars into the hands of the farmers at the time of year when ready money is most appreciated.

The grasshopper menace is almost over with, with very little damage done, and the boll weevil is not expected to do much damage as long as the weather stays dry and hot.

Mills County has for the past several years been blessed with fair crops and the county is now in excellent shape financially.

FORMER MULLIN CITIZEN DIES.

(Mullin Enterprise)

Jack Casey died June the 20th after having undergone an operation for appendicitis at a local sanitarium in Beaumont, Texas. His remains were shipped to Mullin Sunday morning and his body was laid to rest in the Oakview cemetery Monday evening at 4:30 p. m., Rev. J. G. Walker, pastor of the Methodist Church, conducting the funeral service. Many and beautiful were the floral offerings.

Mr. Casey was born in Mississippi and moved to Texas when a small boy. He spent his boyhood days in and around Mullin.

He served his country in France during the world war and since that time has been a traveling salesman for Morris Packing Co., with headquarters at Beaumont. He leaves his mother, Mrs. H. C. Hart, of Mullin and three brothers, Ernest Casey of Galveston, Frank Casey of Houston and Walter Casey of Voetoleville, Calif., all of whom were present at the funeral.

STANDING BY PRINCIPLES

By THOMAS A. CLARK
Dean of Men, University of Illinois.

It's a test of character for a young fellow to stand by his principles, especially if they are of that old-fashioned kind that have respect for self-control and religion. Worthington found it so when he went to work for the first time in the city. He had come from the country and he was still old-fashioned in some ways. It took nerve to say his prayers while some unregenerate sinner giggled, or to start off for church or Sunday school while the other fellows were either in bed or sitting around in their pajamas reading the Sunday paper. It wasn't easy always to admit that he didn't smoke or to refuse approval when a smart young clerk cracked a vulgar joke, and, as I said, it was a test of character and a test which too many flunk.

Every one admires the man who stands by his principles even when he is loath to admit it. If he laughs or makes light of your respect for religion or your regard for a clean tongue and a clean life, it is merely to bolster his own weakness or to test your sincerity. He respects you if you stand and despises your weakness if you lack the courage of your convictions.

When Jimmy Hunter "got religion" during one of the evangelistic campaigns conducted at his college years ago, he knew perfectly well that he'd have to say his prayers openly. When he thought of what "Butch" Wheeler, big, blasphemous and agnostic, would say and do, his heart sank, but he stood by his principles and knelt down by the bed in the dormitory, his body trembling and his lips dumb. Somebody laughed. But it was "Butch" who thundered out, "Be quiet. Jimmy's doing what he thinks is right, and what some of us, perhaps would be better off if we did. If any man interferes, he'll wish he hadn't." And quiet reigned.

If there were 50 men or women with force and with moral and religious backbone, they could revolutionize almost any community—even this one, in fact. It isn't necessary to talk or preach much. All that is needed is to go ahead and lead your life quietly, cleanly, conservatively, without shame and in accordance with the principles you know are right. It's example that counts most.
