## FARM FACTS AND FANCIES

(By W. P. Weaver, County Agent)

### THE POULTRY SHOW

The Mills County Poultry Show to be held at Goldthwaite November 30 to December 2 should engage the interest of every grower in the county.

The poultry show has been an annual event for six years. It has contributed in no small way to the progress made in poultry production during that time.

A comparatively small per cent of the growers have contributed to the success of the annual exhibit. We hope to see a greater number take part in the coming event. The Chamber of Commerce has donated to cover the expense of the judge, this making the show possible.

Poultry is the most important cash crop of Mills county—cotton being essentially a "credit crop." Why not place more emphasis on this basic industry by supporting the show?

It might be well to say that only members of the Mills County Poultry Breeder's Association will be allowed to exhibit. Membership may be taken and entries made at the show room November 30 or December 2. Members will be privileged to exhibit stock for sale in the show room, but non-members will not be allowed this privilege.

Regular premiums will be paid on each variety of Standard Bred chickens as follows:

Best pen, \$2.00, \$1.00, Ribbon.

Best cock, \$1.00, 50c, Ribbon.

Best hen, \$1.00, 50c, Ribbon.

Best cockrel, \$1.00, 50c, Ribbon.

Best Pullet, \$1.00, 50c, Ribbon.

For the greatest number of qualified entries by a Mills County Exhibitor: One exhibition coop valued at \$7.50.

The following premiums will be paid on turkeys:

Trios, \$2.00, \$1.00, Ribbon, Ribbon.

Singles, \$1.00, 50c, Ribbon, Ribbon.

The officers of the Association are: R. F. McDermott, president, L. E. Booker, vice president, Mrs. C. M. Burch, secretary, M. H. Leverett, superintendent of the show.

Walter Burton of Arlington, widely known A. P. A. judge will judge the show December 2.

The event has been given more publicity than formerly and it should be the best exhibit ever held at Goldthwaite.

An article on selecting birds for the show room with special reference to disqualifications and defects will appear in this paper next week.

Ask the secretary for a catalog and premium list.

GET READY FOR THE SHOW

### PECAN EXHIBIT

The Mills County Pecan Growers will stage an Exhibit in connection with the Poultry Show, November 30 to December 2. The following prizes will be given:

Least number to the quart, \$2, \$1.

Best quart all round native, \$2, \$1.

They will be based on size, per cent of kernel, flavor and cracking quality.

Budded:

Best quart Eastern variety, \$2, \$1.

Best quart Western variety, \$2, \$1.

An expert has been secured to judge the exhibit. Entries will be restricted to Mills county growers. Exhibit jars will be furnished free and exhibits retained and placed in the Mills county exhibit.

Entries must be made before 10 o'clock a. m., Tuesday, November 30, or left at any time with W. P. Weaver, R. F. McDermott or any of the county officers.

### DO YOU WANT TO BUY A HOG?

There is a surplus of feed and a scarcity of hogs in Mills County. Many farmers are in the market

## REV. E. P. NEAL RETURNED HERE FOR ANOTHER YEAR

At the conference at San Angelo of the West Texas division of the M. E. Church South, it was decided to return Rev. E. P. Neal to Goldthwaite for another year. Goldthwaite citizens are glad that Rev. Neal will be returned here, as he has made a host of friends whom would have regretted to have seen him leave. All pastors in Mills county were returned for another year.

At the conference a redistricting placed Mills county in Llano District instead of the Lampasas District.

## BIG VALLEY

Editor Eagle:

This is my first letter for quite a while. Farmers have been very busy this summer making this high priced cotton and other valuable products on the farm that we have not had time to report regular, but as we have turned over to the speculators, we can come right along through the winter months and advocate cutting down acreage of cotton, also diversification, the panacea for all the ills the farmer falls heir to.

I feel if the man in town who gives out free advice to the farmer would shut up, also the national government would keep hands off, we farmers would solve our own problems.

We have been accused of laziness, also overproduction, under production, and now we are even blamed for the low price of cotton. I am sure we are to blame, but as long as we overproduce wheat, oats, cattle, hogs, wool and cotton and in fact all the necessities of life, why should the fellow who does not produce anything complain? For out of the abundance of our farm products he can have good pieking. The farmer and the man in town are not entirely ruined for we will live over this and readjust ourselves to conditions and live on, some getting rich, while others get poorer.

Our little Big Valley is moving along all right. People are happy and contented trying to serve God the best they can.

Preaching Sunday by Brother Newton of Brownwood. The people all seemed to have enjoyed all the services. Will have preaching again the second Sunday in November. Prayer meeting every Wednesday night.

The B. Y. P. U. had their annual Halloween party at the home of Mr. and Mrs. J. J. Cockrell Friday night. The spooks were there a plenty. All had a good time.

Miss Mary Cockrell, who is teaching at Center Point, visited home folks Saturday and Sunday.

Mr. Moreland and family, Mr. Buckhammon and family visited in the home of T. P. Reed Sunday.

Ab Sykes and family visited his father Sunday.

Dixie Webb and family visited in the Valley Sunday.

Miss Langlitz was visiting in the Valley Saturday and Sunday.

Miss Inez Johnson of San Saba was visiting her parents Sunday.

Our school is doing fine under the principalship of Eric D. Roberson and his efficient helpers.

Very glad to know we are going to get \$14.00 instead of \$11.25, for the maintenance of the free schools of the state.

The citizens of Big Valley are rejoicing over the good prospects of Mills County to become an oil field. We hope Big Valley will be the center of the pool.

If this don't find the waste basket will try again soon.—FARMER.

Mr. and Mrs. Virgil Jackson of Lometa spent Sunday here.

Mr. and Mrs. E. T. Fairman spent last week end in Waco.

Miss Agnes Newton from Georgetown spent last week end here with her parents Supt. and Mrs. D. A. Newton.

Mr. and Mrs. Kelly Saylor spent last Sunday in San Saba.

## Lampasas Badgers Defeat Eagles in Queer Contest by a Score of 7 to 5

### EAGLES MAKE FIRST TOUCHBACK OF SEASON

#### Badgers Score in Last Ten Seconds of the Game

The Goldthwaite Eagles took a defeat of a queer and most unusual type last Friday at the Fair Grounds in Lampasas. The Eagles made all of their scores in the first quarter, including the first touchback of the season. The Eagles outplayed the Badgers, playing in enemy territory all during the game, only to have them score in the last ten seconds of the game. The score was chiefly due to a misunderstanding among the officials and a blocked punt which Lampasas recovered on Goldthwaite's one yard line.

The Eagles kicked to start the game under a threatening sky. It had been predicted that the weather would halt the game. The Badgers played a defensive game, punting whenever they got the ball. After several exchanges in the possession of the ball, Lampasas came up with it on her own three yard line. She attempted a punt, which Hester blocked, and the Lampasas fullback was downed before he could return the ball across the goal line. This made the first touchback for the Eagles this season.

Several minutes of play followed without a score on either side. After a long pass, Page to Hester, and a right end run, the Eagles came into a position on the eighteen yard line, directly behind the goal. Hester kicked a field goal by a margin.

The Eagles kicked and in the second play Page was knee'd in the side and had to leave the game

Johnson was put at right end and Hester shifted to full back. The second and third periods passed scoreless. All of that part of the game was played in Badger territory.

In the last quarter the teams were still playing on a dry field, and the Badgers began a vicious offensive attack. There were several arguments and the rule book was often consulted. With two minutes to play Lampasas attempted a pass which crossed the goal line. The Eagles took the ball on the twenty yard line. Hester attempted a punt. The punt was blocked, and Lampasas recovered on the one yard line. They carried the ball over on the third down, and before the men could get to their feet time was called. The extra point was made as an after-piece.

The line-up:  
Linkenhoger—left end.  
Kudd—left tackle.  
Cave—left guard.  
Locklear—center.  
Rahl—right tackle.  
Hester—right end, fullback.  
Johnson—right end.  
Holland—left half.  
Page—fullback.  
Stephens—quarterback.  
Evans—right half.

The Eagles have three more games scheduled, all of which will be played at Fair Park.

Richland Springs, Friday, November 5.

Lometa, November 11. (Armistice Day)

Hamilton, Wednesday, November 24. (Day before Thanksgiving)

Walter Glyn Saylor spent Sunday in San Saba.

### CHAPEL PROGRAM

Monday morning Mr. J. C. Darroch spoke for us. The subject he chose was "You" Mr. Darroch said:

"You are rather a complex piece of machinery you have a physical being and a mental being." He pointed out that every one is in school for the purpose of discovering himself. Not one person out of ten, really does discover him self however.

The two phases of you are equally important. You have to develop your physical body if you have a strong mind. If the foot ball boys didn't develop their minds along that line they would never accomplish what they started out to do.

The length of human life is lengthening reaching out a little. The nature of mentality is composed of three phases, feeling, thought and action. The emotional power of intellect is very important for you have to have feeling before you can impart it to others.

Can you go down the street with your eyes open and really see what is going on? If you can you have developed the power of observation to a great extent. Most of us look but we don't see. The faculty of observation can be trained if you get full benefit of every thing that is around you. Mr. Darroch suggests that we begin developing that observation now.

One has to think. A student must think about his lessons at other times save the regular class period. We are here to develop the power of observation and thought. A kodak is the only thing that can take an instant everlasting picture. Train your mind to approach the kodak as closely as possible.

The proper study of mankind is man, because you have to deal with men, and the measure of

success is how well you study and know your fellow men. You can not understand other men unless you understand yourself. We are all human beings and respond to the same things.

You have to have the will power to get up and 'Hit the ball' or your thoughts won't do you any good. Have a definite goal in mind and work toward that goal, the day before Thanksgiving, is to know yourself. If you really want to make success in life, Mr. Darroch says, I want to implore you to use part of your time to discover "you."

Henry Ford developed his idea of using gasoline in a cheap motor car and that idea has developed him.

### SPORT BRIEFS

Why is it that every time the Eagles make an extra good play some one is called off-side? In the San Saba game Evans intercepted a pass and ran for a touch down, but Goldthwaite's left tackle was called off-side, so the play did not count. Linkenhoger did the same thing in the Burnett game. However, it was Burnett who was off-side. Last Friday when Lampasas was making her mad rush in the last quarter, she threw a pass on the fourth down, which crossed the goal line. It should have been Goldthwaite's ball on the twenty yard line. Lampasas was called off-side however, and the down did not count. They made first down the next try.

This year the Eagles have done just the reverse of what they did last year. Last year they either tied or lost almost every game they played. This year they have won three out of five and tied one. Does this circumstance predict any thing for the Richland Springs game today? Last year the Richland eleven beat the Eagles 56 to 0 at Richland. What will the Eagles do at Goldthwaite this year?

In the first game of the season the Eagles beat Lometa, 31 to 0 away from home. What will they do Armistice Day, with the big crowd watching them?

The Eagles will play Hamilton the day before Thanksgiving November 24 at Fair Park. This was arranged in order that the boys might have Thanksgiving as a holiday instead of a work day. This will enable them to see college games that day.

The three most important games scheduled for that date are Howard Payne vs Simmons, State vs A. and M. and T. C. U. vs. S. M. U.

### JUNIORS FIRST VICTORS IN INTER-CLASS BASKET BALL

The team will be taken largely from the Junior and Senior classes.

ALICE TERRY ANTONIO MORENO MARE NOSTRUM

MORE THAN YEAR SPENT IN PRODUCING MARE NOSTRUM

Rex Ingram can always be depended upon to bring something worth while to the screen. With "Mare Nostrum" (Our Sea) his latest production for Metro-Goldwyn, which will be shown at the Dixie Theatre next Wednesday, Thursday and Friday, this youthful director has again delivered a hundred per cent. It is a powerful modern drama produced and directed by a master craftsman.

Ingram took his entire company to Europe and spent more than a year producing the famous Blasco Ibanez story on the original locations described by the noted author in his book. The picture has the continental atmosphere and its pictorial beauty is beyond description.

Alice Terry and Antonio Moreno share honors with Ingram and Ibanez in the success of "Mare Nostrum." In the featured parts of this picture they give the most delightful and convincing performances that have ever been witnessed on the screen.

Miss Terry has always been an interesting screen personality in the queenly roles she has enacted in previous pictures. In "Mare Nostrum" she rises to new height as an actress.

Jno. C. and Roy Hiels of Fort Worth spent a few days here last week.

IN MEMORY OF EARL WEBB

How true are the words "in the midst of life, we are in death." No one thought when Earl Webb bade good-bye to his wife and babies at noon last Wednesday, returning to work for the afternoon that it was the last time they would hear his loved voice or see his loving smile, but it proved to be so sadly true.

He had only worked three hours after leaving his house when he was struck by a falling piece of derriek timber and his life instantly crushed out.

He was born February 21, 1891, at Rule, Arkansas, but moved to Mills county with his parents several years ago, where he grew to useful young manhood. He was married to Miss Ora Gotcher of Goldthwaite, November 18, 1922. To this union were born three sons, Earl and Burl the two-year-old twins who had already learned to look forward to Daddy's coming, and their hours of play with him, and little Kenneth, the baby who will never remember the father who loved him so much.

Earl was converted in a revival at Center City a few years ago, and upon this conversion and the Christian life which was the result of it, the hope is built by his heart-broken wife, father, mother sisters and brothers of some time meeting Earl where tears, heartaches and sadness are not known. The sympathy of the entire community goes out to the little wife and babies, whose sorrows

and responsibilities seem almost too heavy to be borne, to the devoted father and mother, Mr. and Mrs. F. D. Webb, whose very thought seems to be for their children, and the two brothers, Paul of San Antonio, and Fred of Shreveport, La., and the five sisters, Mrs. E. M. Steele, of San Angelo, Mrs. Walter Reed of Lometa, Mrs. Henry Murphy of Brownwood, Mrs. Chas. Frizzell, of Goldthwaite and Miss Ruby Webb of Dallas, who realize so keenly that they are now a broken family. To these sorrowing ones we can only say there is but one place to find comfort and that is at the feet of Him who said: "Let not your hearts be troubled." A FRIEND.

A Hallowe'en and mask dance  
 was given at the home of Mr. and

 and was witnessed by one of the  
 largest crowds ever remembered.  
 The dance was in favor of the

 were asked to remove their  
 masks. Some were masked in  
 Hallowe'en costumes. Later the  
 dance was enjoyed by all. Those  
 masked were Lonnie Elkins, Al-

# Recreating the Vanished West

Sometimes only one car will do! Out in the motion picture sanctuaries of California, where money, genius and picturesque country unite to provide romantic and thrilling screen stories, the automobile is handed most strenuous assignments.

The motor car frequently gives its star performance behind the screen—unknown to the millions of movie goers, who are often unaware of the vital contribution which the automobile has made to the taking of the picture.

When the motion picture director sets out to make a western film, the transportation department is confronted with the gigantic task of getting the entire company with all their paraphernalia out to the great open spaces.

Use of motor cars and trucks has made possible filming pictures in backgrounds that have the authentic atmosphere of the Old West. Year by year, motion picture men declare, it is becoming necessary to go farther afield to secure new and unspoiled scenic effects.

Hal Roach, of the studios which bear his name, recently established a permanent camp at the Big Horn ranch near Moapa, Nev., as a headquarters for the use of his production companies when engaged in making western pictures.

A marked absence of roads is one of the chief beauties of the surrounding country from the standpoint of the directors but the transportation department found it very difficult to establish communication to many of the localities chosen, where the dry bed of sand was the best possible substitute for a highway to be found.

"After various types of motor vehicles had been tried," says Hal Roach, "A Chevrolet truck was purchased. It proved so completely satisfactory that four more were added and the fleet of five has since, time and again, proved its ability to go anywhere and back again through the roadless desert around the Big Horn Ranch.

"For personal transportation I invariably use a Chevrolet. On my first trip to the Big Horn ranch, I set out in a larger car. In the first heavy sand encountered the larger car tore out the rear axle and I finished the trip in a Chevrolet.

"Now many of the other executives of the Roach studios employ Chevrolet for their excursions into the country where men are men and automobiles must be real cars."

**A LOVING MOTHER**

Last Saturday evening Nov-  
ember 6, in the South Bennett  
community mother Hill, calmly  
and peacefully fell asleep in  
Jesus arms.  
Though having passed her 73rd  
years, Mother Hill professed faith  
and characters that adorn  
beauty—a christian womanhood.  
She had a deep religious experi-  
ence. Mother Hill professed faith  
in Christ and joined the M. E.  
church and lived a faithful christ-  
ian life. Her influence was such  
that of her children and husband  
were following in her foot prints in  
obedience to Christ's command.  
Mother Hill leaves to mourn her  
husband and six children  
sisters and a host of  
and neighbors. Their  
relatives living in Arizona, and  
Mexico were unable to reach  
her before she crossed  
to those we extend our  
sympathy in their great  
trying hour but there is  
to look to but the loving  
which death all things for

Funeral service was con-  
ducted by Rev. H. E. Moreland  
at 10 o'clock, Sunday, Nov. 7,  
at the home of Mrs. Hill. Burial  
in the City cemetery. The  
service which mother Hill  
is shown by the many  
which followed her to her  
resting place, this being  
the largest funeral pro-  
ceedings seen in a great while.  
There were many flowers laid on  
the new-made grave.  
Mother is gone we cannot call  
her back.  
But as the days and hours go  
by we can meet you mother over  
there.

**What Is a  
Diuretic?**

People Are Learning the Value of Occa-  
sional Use.

EVERYONE knows that a lax-  
ative stimulates the bowels. A  
diuretic performs a similar function  
to the kidneys. Under the strain of  
our modern life, our organs are apt  
to become sluggish and require assist-  
ance. More and more people are  
learning to use Doan's Pills, oc-  
casional, to insure good elimina-  
tion which is so essential to good  
health. More than 50,000 grateful  
users have given Doan's signed rec-

**IT'S ALL IN THE STATE OF MIND**

If you think you are beaten, you are;  
If you think you dare not, you don't;  
If you think you'd like to win, but you think you can't,  
It's almost a "cinch" you won't.  
For out in the world you find  
Success begins with a fellow's will  
ingness,  
It's all in the state of mind.

Full many a race is lost  
Ere a step is run,  
And many a coward fails  
Ere even his work's begun.

Think big, and your deeds will grow,  
Think small, and you'll fall behind.

Think that you can and you will;  
It's all in the state of mind.

If you think you're outclassed,  
you are;

You've got to think high to rise;  
You've got to be sure of yourself  
before.

You can ever win a prize.  
Life's battles don't always go  
To the stronger or faster man;  
But soon or late the man who wins  
Is the fellow who thinks he can.

**Watch Elimination!**

Good Health Depends Upon Good Elimination.

**RETENTION** of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

(The Mullin Enterprise)  
Friday night at 2 o'clock, if earth seems at peace, death called Mrs. Stockton like a candle going gently and quietly, apparently without pain. She was gone to the glory land, her life was dedicated to the Christian walks and duties of a true follower. She was entered at Oak View cemetery Saturday afternoon, Rev. L. J. Van, officiating. She leaves a husband, sister, many friends, who will always remember her example of Christian fortitude and bravery. Never a word of complaint, though often tears came from excruciating pain during an illness of two years. Now she has gone to rest where there is no pain or tears. Sweetly resting in the arms of the Savior.

**In Memory of Will H. Trent**

Will H. Trent was one whom any man might justly be proud to call friend. Upright, dependable, generous, truly a Christian, ever loyal to his church and every worthy cause. He was an inspiration for good to every one with whom he came in contact. He was no coward, for he met the grim reaper with a smile, and though he had so much for which to live and it seems he was cut off in the very prime of his usefulness, he took what the fates ordained with the calm dignity and submission so characteristic of him.

Our friend is gone. The happy hours and close association which it was our pleasure to enjoy are only memories—but sweet memories that will always live in our hearts. We are glad we were privileged to be his friends and we feel we are better by having known him, and though we "Long for the touch of a vanished hand And the sound of a voice that is still," We know when we come to the end of the trail he will be among the first to greet us with his hearty handshake and bid us welcome to the place where we

never have to say good bye to our loved ones. To his beloved companion we would say: "That when through patient toil you reach the land Where tired feet with sandals loosed may rest, When you shall clearly see and understand, Then you will say, "God knows the best."
