EAGLES BOW TO RICHLAND SPRINGS

Line Plunges Are Feature of the Game

The Eagles were defeated last Friday at Fair Park at the hands of Richland Springs. Line plunges were the chief means of gaining yardage on both sides. The runs of Reed for Goldthwaite and the wonderful flying wedge interference of the Richland team were the characteristic features of the game. The final score was Richland 19—Goldthwaite 0.

No spectacular grandstand plays were made by the other team. The steady advance of Richlands line plungers through the Eagles weak defense netted her three touchdowns. Her only extra point was made on a pass.

The Eagles also, after a few attempts to pass at the first of the game, tried many line plunges which netted them several first downs and injuries to several men. As a whole, the game was a hard fight but a losing battle for the Eagles who were visibly out played by the opposing team.

The line up:
Linkenhoger—left end.
Rudd—left tackle.
Summy—left and right tackle.
Patterson—left tackle.
Cave—left guard.
Wheeler—center.
Carothers—right guard.
Rahl—right tackle.
Hester—right end.
Johnson—left half.
Reed—left half, quarter back.
Page—fullback.
Stephens—quarterback.
Evans—right half.

Injuries

In the first quarter Johnson had to leave the game. Stephens was put at quarterback and Reed

PEP SQUAD

The defeat of the Eagles Friday was not due to any lack of enthusiasm on the part of the pep squad. The girls belonging to the organization were everyone present and full of pep. They gave one yell after another, old and new, to encourage the team. They also furnished some music on a new and peculiar instrument. And even though the music sounded a bit like noise it served its purpose to show the boys of G. H. S that the girls are interested in their efforts to give us a good foot ball team.

The girls were dressed in uniforms of black with gold collars. Gold colored balloons were also used. During the half the squad marched on the field and gave their bugle song, "Goldthwaite Fight."

Plans have been made for the game Thanksgiving.

shifted to left half. At the second half Rudd left the game; Rahl was put at right tackle and Summy was shifted to left tackle. Near the end of the third quarter Patterson was substituted for Summy.

When Johnson left the game it was due to a fractured collar bone, which he received in a hard tackle. Page twisted his side again, which disabled him as far as throwing passes was concerned. Reed was knocked unconscious for a few moments in a fierce line plunge. Rahl received two broken ribs when he stopped a left tackle buck. Carothers got the ligaments of his leg strained in another of the enemy's line plunges. Cave got his shoulder injured. There were other minor injuries. The only injury of consequence to a Richland Springs man was a broken collar bone.

VALUE OF EDUCATION

Education means money. In the United States as a whole the average college graduate earns \$2,000 a year, the average high school graduate \$1,000, and the average elementary school graduate \$500.00.

Each day spent in school is worth \$25.00 to each pupil. This is more than the average boy or girl can earn by leaving school and going to work.

Does education pay? IT DOES.

GRAMMAR SCHOOL NOTES

Grammar school is observing Education and Book Week Nov. 7-13. Bro. Neal opened the campaign Monday morning.

He stressed the way to read books and the kind of books to read.

Miss Cave's room will give a book program Tuesday morning. Wednesday morning Bro. Dance will talk on books in the school. Friday morning Mrs. E. T. Fairman will talk to us.

The seventh grade will make book reports during the week. The fifth and sixth grades will make posters or write stories on their favorite books.

On Thursday afternoon the grammar school will have an Armistice program. Since we are to have a holiday we want to realize why we are having the holiday.

The English Literature class has presented the school with three books of "Twelve Centuries of English Prose and Poetry." This doesn't sound like a very large gift but these books are rather expensive. They are also very valuable, for they contain the best English poetry and selections from the best English novels and essays.

FAME OF PEP SQUAD SPREADS

A teacher in grammar school was giving out the spelling lesson. She asked a pupil to define the word "squab"

The pupil said that a squab was a pigeon. A little boy who sat across the room jumped up and said.

"It isn't either, cause they've got a squab over at high school. And it just yells n'everything. They call it a pep squab."

SENIORS BEAT JUNIORS

The prophecy that the eleventh grade girls would win the championship of G. H. S. for this season is beginning to be revealed. Tuesday at the noon hour, the Seniors played basket ball against the Juniors and the final score was Seniors, 12, Juniors 1.

The line-up:
Seniors: Wilson, goal; Shotwell goal; Daniels, center, Berry, center; Chesser, guard; Brim guard.
Juniors: Nickols, goal; Tellos, goal; Johnson, center, Harris center; Little, guard; Wheeler, guard.

Although the Juniors lost the game, we Seniors can say that they played a fine game, and that they are great sportsmen.

SENIOR REPORTER

CHAPEL PROGRAM

Dance—Joycelyn Frizzelle and Thelma Richards.

Friday morning Miss Kerfoot had charge of the program.

GRAMMAR SCHOOL CARNIVAL

The Grammar school carnival was quiet a success. We cleared fifty five dollars. We had several hundred dollars worth of fun.

We wish to thank the high school teachers and students for their assistance and support.

We want to thank Mrs. Walker and her expression class for their program at the opera house.

We appreciate the support and patronage given us by the citizens of Goldthwaite.

SPORT BRIEFS

Due to the several injuries received in the Richland Springs game, the Eagles probably will not have a line of first string men to meet Lometa Armistice. This fact, however does not lower their hopes nor lessen their enthusiasm for the game.

Reed who had been out of the line-up since the San Saba game made up for his lost time last Friday against Richland with numerous line plunges in which he gained in every instance. His total gain during the game was almost fifty yards.

So far this year the Eagles have won three games and lost three which gives them a percentage of 500. In order to raise this average they will have to win both of the remaining games of the season.

Last year the percentage for the whole year was 300, if they win both of the remaining games they will have a percentage of 625 for this year. This makes a general average of 463 per cent for the two years, which isn't so bad considering last year's team.

'Tis not the individual
Nor the army as a whole,
But the everlastin' teamwork
Of every bloomin' soul.
—Kipling.

ARMISTICE DAY

Armistice Day, November 11, is the anniversary of the final cessation of hostilities in the World War. This day has been set aside as a legal holiday in commemoration of the brave American soldiers who made the supreme sacrifice.

President Wilson said that Armistice Day is a symbol of the triumph of democracy over despotism, security from irresponsible monarchs and ambitious military leaders and the realization of ideals valiently struggled for.

America's Answer

By R. W. Lillard, written after the death of Lieutenant John D. McRae, killed on duty in Flanders January 28, 1918:

Rest ye in peace, ye Flanders dead,
The fight that ye so bravely led
We have taken up
And we will keep
True faith with you who lie asleep
With each a cross to mark his head.
So let your rest be sweet and deep
In Flanders fields.

Fear not that ye have died for naught,
The torch ye threw to us we caught,
Ten million hands will hold it high,
And freedom's light shall never die!
We have learned the lessons that ye taught in Flanders fields!

EIGHTH GRADE

We had a new pupil to start to school last Tuesday, Pearl Armstrong.

Minnie Carnes, one of the members of the Eighth Grade, moved to Mullin. We are sorry to lose Minnie, and we hope she will like her new school.

MILLER'S JEWELRY STORE for "Gifts that Last"

There's a story current, though strange it may seem
Of the great Kaiser Bill and a wonderful dream.
Being tired of the Allies, he lay down in bed,
And, among other things, he dreamed he was dead.
And in a fine coffin he lay there in state
With a guard of grave Prussians who mourned for his fate.
On leaving the earth, to Heaven he went straight,
Arriving up there, gave a knock at the gate.
St. Peter looked out, with a voice loud and clear,
Said, "Begone, Kaiser Bill, we don't want you up here."
"Oh, well," said the Kaiser, "that's rather unenvil,
I suppose, after all, I must go to the devil."
So he turned on his heel and away he did go
At the top of his speed to the regions below;
But when he got there, he was filled with dismay,
For, while waiting out side, he heard Old Nick say
To the Imps: "Now look here, boys, I'll give you all warning,
I'm expecting the Kaiser down here in the morning.
But don't let him in, there'll be no end of quarrels,
In fact, I believe he'll corrupt our good morals."
"Oh, Satan, dear frind," the Kaiser then cried,
"Excuse me for listening, while waiting out side,
If you won't admit me, pray, where shall I go?"
"Search me," said the Devil, "I really don't know."
"Oh, do let me in, I'm feeling quite cold,
"No, no," said the Devil, "Most certainly not,"
"Let me sit in a corner, no matter how hot."
And if you want money, I've plenty of gold."
"We don't admit folks here for riches and pelf,
Here is sulphur and matches, make a Hell for yourself."
Then he kicked William out and he vanished in smoke
And just at that moment the Kaiser awoke.
He sat up in bed in a terrible sweat,
And said, "That's a dream I shall never forget,

I wont go to Heaven, I know very well, but I never thought I'd be kicked out of hell."

VITAMINS IN CANNED PINEAPPLE

CAPTURING vitamins and keeping them is the greatest game of food scientists today. In the case of canned pineapple, sunshine captures the valuable vitamin and canning keeps it. After that the game is easy—any one can eat pineapple because pineapple is easy to eat.
Over there in Hawaii, whence comes our canned Hawaiian pineapple, great plantations of pineapple are spread out like a magic carpet in the sunshine of the tropics. There the fruit absorbs sunshine for eighteen months. Being an "air plant," it lives on air and sunshine, and sunshine scientists tell us is largely responsible for the presence of vitamin D. This particular vitamin is beneficial for children since the presence of it prevents rickets.
Other mysterious forces, which only Nature understands, are busy in the meantime capturing two other vitamins, found especially in fruits—Vitamin B and Vitamin C. The former is very essential for children because experimental shows that without Vitamin B young animals soon cease to grow and finally die.
Once captured, the next step is keeping these vitamins. Just as soon as the pineapple is fully ripened in the fields, it is rushed to the big canneries, canned quickly, so that even that most volatile of vitamins, Vitamin C, may have no chance of escape. Canned foods retain vitamins in greater amount than home-cooked foods, recent research at Columbia University has established, due to the intense heat used in the quick process of canning and certain conditions in the sterilizing process.

BARTON TO HEAD BAPTIST PROGRAM

Missourian Will Lead Effort to Increase Mission and Benevolent Budget

CHURCHES GIVE TOO LITTLE

Survey Reveals Low Standards Maintained by Many—Plans Are Laid For Improvement in 1927

To lead Southern Baptists in greatly increasing their budget for the support of missions, Christian education and benevolences, Dr. A. J. Barton of Kansas City, superintendent of Baptist work in Missouri for the past three years, and one of the most prominent men in the denomination, has accepted the position of general director of the Baptist Co-operative Program, and will move to Nashville, Tenn., to assume his new duties at once.

Southern Baptists are seeking to raise \$9,000,000 for the Co-operative Program during this convention year and Dr. Barton will seek to enlist the aid of every agency and church of the Southern Baptist Convention in the accomplishment of this task.

Man Served Denomination
To his new position Dr. Barton brings a wide denominational and public experience. He has held prominent pastorates in the South and has served as associate secretary of the Foreign Mission Board, field secretary of the Home Mission Board, general secretary of the Arkansas State Mission Board, and secretary of the Texas Baptist Education Commission prior to taking up his work in Missouri. He has also long been prominent in the cause of temperance. For sixteen years he has been

DR. A. J. BARTON
New General Director Baptist Co-operative Program

a member of the executive and legislative committees of the Anti-Saloon League of America, and during his incumbency as superintendent of the Anti-Saloon League of Texas he saw prohibition written into the constitution of that state.

Bringing the Baptist churches of the South to a higher standard in giving to the missionary, educational and benevolent program of the denomination, known as the Co-operative Program, will be the first and chief task to which the new general director will address himself.

According to a recent survey of the record of the Baptist churches of the South, compiled from the letters of the individual churches to their district associations for 1925, made by Dr. E. P. Alldredge, statistical secretary of Southern Baptists, 5,827 churches listed as co-operating with the Southern Baptist Convention, gave nothing to missions and benevolences last year. Other interesting information gleaned from this survey reveals that 12,319 other churches, or slightly more than one-half of the total number of churches, retained from 75 to 99 cents out of every dollar coming into their treasuries for purely local work; 1,656 churches apportioned from 67 to 75 cents, and 1,565 churches from 51 to 65 cents out of every dollar contributed to their own local work; whereas, only 501 churches in all the South gave 50 cents or more out of every dollar coming into their treasuries to missions and benevolences beyond the borders of their own communities.

The Southern Baptist Convention has established an ideal of a fifty-fifty distribution in that it is recommending to the churches that they endeavor to give half of all the money raised by them to the general work of the denomination, retaining the other half for their own local expenses.

Included in the plans of the Co-operative Program is an every-member canvass this fall in every Baptist church with a view to enlisting every member in making a subscription to missions and benevolences.

LARGE CROWD FROM VARIOUS PARTS OF THE COUNTY ENJOY PATRIOTIC PROGRAM

(The Tattler)

(By Special Tattler Reporter)
The Prairie School was the scene of one of the biggest celebrations that has occurred in Mills County in a long while. The occasion was the celebration of Nov. 11, or Armistice Day.

The school buildings, grounds, and booths were hung in honor of the day with red, white, and blue draperies. American flags were draped artistically over the buildings and the symbols of America, red, white, and blue were in evidence everywhere.

The spirit of the day was in the atmosphere and both the holiday spirit and the spirit of reverence were evident.

The crowd was estimated to be four hundred and Prairie gave each and every guest a hearty

and cordial welcome. Under the able supervision of Mr. Lee Burkett, the superintendent of the Prairie High School, the entire program was rendered without a flaw. The ladies of the community had exerted untiring effort in order to provide every comfort for their guests, and in this they did not fail.

Every person who visited the Prairie community felt that they were gladly received and each one went away with a grateful feeling of friendship for the citizens of that community.

The program was truly three fold in purpose. It was as Mr. Burkett stated to hollow Armistice Day to hear educational lectures, and to have a thoroughly enjoyable time.

Mullin Orchestra Furnishes Music for Armistice Day Program

Under the direction of Prof. W. R. Elliott the Mullin Orchestra furnished a complete musical program for the entire day.

The selections were well chosen as almost every number was patriotic, and well rendered. The orchestra deserves commendation for its noble spirit of service in cooperating with its sister community. Each member of the

orchestra was in excellent form and the true spirit team work was well exhibited. The program for the day is printed below:

1. America—By Audience and Orchestra.
2. Star Sprangle Banner
3. March.
4. March—Liberty Boys.
5. March—The Chariot.
6. Heavy Artillery March.

7. March—The signal.
8. Waltz—Spring Breezes.
9. March—Flag Day.
10. March—Down Main Street.
11. Song—Our Dear Old High School by entire orchestra.

T. N. BERRY DEAD

T. N. (Uncle Tom) Berry died at his home in the Payne Gap community last Sunday afternoon after an illness of several months. The remains were laid to rest Monday afternoon at the Pleasant Grove cemetery, Rev. Hugh Moreland conducting the funeral services.

Uncle Tom Berry was one of the Pioneer settlers in Mills county, he having resided in this county for more than fifty years. He settled some of the finest land in this section of the country—near Moline—and had added to his holdings until he was one of the largest land owners in the county before he divided his estate.

Mr. Berry was an upright gentleman, courageous for what he believed and his advice was respectfully sought by citizens of his section on matters of business or politics.

Mr. Berry was born in Alabama on August 14, 1844, being 82 years and three months of age at the time of his death. He moved to the Pleasant Grove section in 1875. He was married to Miss Mary Baley in 1866; and leaves eight children, 32 grandchildren and 26 great grand children, besides other relatives to mourn his death. The Eagle joins the many friends of the bereaved ones in offering them sympathy and condolence in this sad hour.

MRS. ROWNTREE ENTER-TAINS

A very delightful time was spent in the late hours of Wednesday afternoon when Mrs. Rowntree entertained Mesdames Harry Allen, Walter Fairman, Norma Frizzelle Walker, Bina Oquin, L. R. Conroe, F. E. Martin, W. E. Miller, Edward Geeslin, Jake Saylor and Carl Keese, members of the Art and Civic Club, and Mrs. E. B. Anderson in honor of her house guests, Mrs. Harvey Beauchamp of Lampasas and Mrs. J. Frank Kelley of Washington, D. C. As the club is at present studying child psychology, it was indeed a pleasure to have as guest of the afternoon Mesdames Roy Duncan, H. G. Lucas and Will Ellis from "The Child's Study Club" of Brownwood.

The outstanding feature of the day's program was an address by Mrs. Lucas, a noted Sunday school worker, on "The Spiritual

Training of Children." To attempt to review Mrs. Lucas' speech, trying to give a gist of what she really said, would be a travesty, spoiling, for those who were fortunate enough to hear her something they had thoroughly enjoyed, and perhaps, giving those not present a wrong impression. Mrs. Lucas' smile, the sparkle of her eyes and her wonderful personality which accompanied well chosen words and perfectly rounded sentences, as she told of personal experiences and the hopes and possibilities of our boys and girls would all be missing, but her speech was an inspiration to the Club and they hope to have her again.

Preceding the address, Mrs. Walter Fairman led the regular program for the afternoon, the subject being "Adolescence." Papers on the three periods, Early, middle and later adolescence were read by Mesdames Bina Oquin, L. R. Conroe and W. E.

Miller. A reading by Mrs. Walker and a book review by Mrs. Edward Geeslin were followed by a round table discussion on Child and Mother Problems, led by Mrs. Fred Martin. The program was closed by a beautiful quotation by the leader. After having partaken of delicious refreshments, consisting of turkey salad, cranberry jelly, stuffed olives, brown bread and butter sandwiches, hot tea and coffee, followed by an ice course, the guests bade each other and Mrs. Rowntree goodbye each declaring this to have been time well spent.—REPORTER.

Mrs. W. B. Jackson left Saturday night for San Antonio in response to a message that Mrs. Floyd Jackson was seriously ill. Late reports state that Mrs. Jackson is considerably improved, but not yet out of danger.

What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

Last Friday evening at six-thirty the B. Y. P. Believe me some of these folks can sure run, especially the elder ones. Our invited guests were Mr. J. O. McClary and family, Billy Bigham and Euna V. Brim, Earl Summy and Mina Steen, of Goldthwaite.
