

OIL WELL

Rapid progress is now being made on the Robertson No. 1 oil well, 5 miles west of town. All other leases in this county have been forfeited, according to information furnished the Eagle. The owners of this well are optimistic over the prospects

EFFORT BEING MADE TO GET UP LEASE IN SOUTH PART OF COUNTY

Elvis Morris, Sam Rahl and others, in connection with certain parties from California are making an effort to secure 15,000 acres of land in the southern part of the county for drilling purposes. It is the intention of the operators to drill two wells on the block, should it be secured. It is said that the California parties who will drill the well are financially able to drill as many holes as they desire, and that they are likely to thoroughly test that section should they get the lease.

R. V. LITTLEPAGE HAS HIS CAR STOLEN SUNDAY

Last Sunday night R. V. Littlepage's Chevrolet Coupe was taken from in front of the Baptist church, during the services. The alarm was given by Mr. Littlepage as quickly as he discovered the loss and a search was instigated by the sheriff's department. No trace of the car was found Sunday night, but Monday morning it was discovered that the Greathouse gin had been entered and a pinch bar taken, with which entry was forced to the Magnolia storage tanks south of town and a quantity of gas and oil taken. As Mr. Littlepage had had very little gas in his car, and from the tracks it was ascertained that the stolen car had gone towards Lometa. A posse scoured that section of the country, but had about given up the hunt when Mr. Littlepage, who was in a car with Deputy Sheriff E. O. Priddy, saw his car pass—driven by a couple of Goldthwaite boys who had been missing and towards whom suspicion had been turned—and immediately gave chase. He quickly overtook the car and captured one of the boys, the other ran off into the woods, but came back into Lometa during the night and gave up to the officers. The two boys confessed to the theft and are now in the jail here. Mr. Littlepage's car was not damaged in any way.

HOTEL SAYLOR MAKING EXTERIOR IMPROVEMENTS

Jake Saylor, owner of the Hotel Saylor, is having the outside of the hotel stuccoed. The improvement in looks is remarkable. Mr. Saylor states that he intends to put plate glass in the front of the bottom floor in the near future and possibly face the bottom story with brick.

Homer Rowlett is sick at this writing.

Tom Perkin's family have the measles. We hope they will soon recover.

ROBERTSON NO. ONE IS NEARING THE PAY LEVEL

Drilling on the Robertson No. 1 well, being drilled by the Smith interests five miles west of town, has been retarded considerably during the past two weeks on account of cave-ins necessitating casing the hole to the bottom and frequent re-setting of the casing.

While the Eagle was not able to ascertain the exact depth of the well, it is certain that it is around 1700 feet, at which depth the oil showing should be encountered, according to the rate of incline estimated from the logs of the other wells drilled on the Bayou. And should there be any oil at this depth, for which the operators and drillers have great hopes, it should be encountered in the next few days. However, the drilling will be very slow hereafter, in order that no promising structure may be missed.

The Eagle will acquaint its readers immediately with the glad news, should oil in paying quantities be struck.

George Washington

1732 - 1799

LET US pause next Tuesday to honor the memory of that handful of men whose untiring struggle against great odds brought victory to a weak nation and laid deep the beginnings of our happiness and prosperity. Let us remember with reverence the man who forsook all wealth, ease and influential friends to lead his countrymen in the war for liberty: George Washington, American.

SPRAY FOR SAN JOSE SCALE

All trees infested with scale should be sprayed immediately with a preparation of Lime Sulphur. Regular treatment with mixture will save trees from this pest. Infested trees that are not effectively treated soon die. Directions for treatment will be furnished by the County Agent.

FIDDLER'S CONTEST

A fiddlers contest will be held at Star February 19. All are invited. Prizes will be given to first, second and third best players. Admission 10 and 15 cents and all the proceeds will go for prizes for the fiddlers. The contest will open at 7:30 sharp.

CENTER POINT

We will try to send in some of the latest happenings.

Our Sunday school and League was not very well attended Sunday on account of bad roads.

The singing at J. D. Fallon's Sunday night was attended by a large crowd and everybody reported a fine time.

J. W. Spinks is on the sick list this week.

Mrs. J. O. Taylor and children spent the week-end with her mother, Mrs. J. S. Wesson of Goldthwaite.

Our school had a Valentine Box Monday afternoon, which was enjoyed by all the pupils except two "Jelly Beans," Vernon McWhorter and Albert Spinks, and they lost their "hearts."

Lessie Shelton is back in school this week; she had been absent quite awhile on account of a sprained foot.

Coley Stephens, Amos Shelton and Virgil Doggett, also Misses Malta Shelton and Vergie Mae Taylor visited Miss Mary Spinks Sunday afternoon.

Alex Hornsby visited Jessie Shelton, Sunday afternoon.

Miss Lillie Conner and Floyd Runnels visited school Monday afternoon.

Grandma Queen is back home after a two weeks stay in Star.

Coley Stephens and Virgil Doggett took dinner with Amos Shelton Sunday evening.

Mr. and Mrs. John Edlin visited in the Fallon home Sunday afternoon.

Some from this community went to the oil well Sunday.

Miss Julia D. Fallon spent Sunday night with Leona Newman.

Our Community Club will meet Friday night, February 18. Our school pupils will render a program.

We will have Sunday School and League at the regular hour Sunday and also church at 3.00. Everybody come to Center Point; you will always be welcome. —DUMB DORA

47,000 EGG INCUBATOR BEING INSTALLED HERE

Mr. and Mrs. C. A. Eacott are having a huge incubator—of 47,000 egg capacity—installed at their poultry farm south of town. This is one of the largest and most modern incubators made and the cost runs into thousands of dollars. Mills county is destined to be one of the leading poultry raising counties of the State, and the foresight of Mr. and Mrs. Eacott in preparing for this rapid increase in this profitable line, should result in their reaping the rich rewards which are sure to come.

This incubator, with Mr. and Mrs. C. M. Burch's 12,000 egg capacity machine, Mr. D. D. Kemper's battery of small machines, the hundreds of individual incubators and the thousands of hens, who are doing their part now, will assure Mills county a source of income the year round that runs into hundreds of thousands of dollars now and should reach the million mark this year.

G. H. FRIZZELL CONTRACTS 100,000 POUNDS OF WOOL

G. H. Frizzell has contracted 100,000 pounds of the Spring wool clip to be delivered about May 25th., at prices ranging from 33 to 35 cents.

Mr. Frizzell estimates that there will be 400,000 pounds of wool sheared in this county this Spring.

REV. E. P. NEAL ATTENDS CONFERENCE

Rev. E. P. Neal left Sunday night for San Antonio where he will attend a meeting of The Conference Sunday School Board of which he is a member. While there he will attend the Conference Sunday School Training School which will be conducted at the Travis Park Methodist Church.

Reverend Neal will return in time to fill his pulpit next Sunday.

WESLEY WORKERS

The Methodist Parsonage was the scene of a merry party on Tuesday, February 8, when Mesdames Neal and Ross and Misses Gatlin and Whately were hostesses to the Wesley Workers Sunday School Class.

The reception suite was attractively decorated to represent the season, and from each booth refreshments appropriate to that season were served cafeteria style during the evening.

A number of contests furnished the merriment and as a final diversion, several games of "42" were played.

A refreshment plate of brick ice cream and cake was served at the close of the games.

TEXAS ALMANAC REVIEW

The Texas Almanac and State Industrial Guide for 1927, published by the Dallas Morning News, has just come from the press. It contains many new features in addition to complete revision and bringing up to date of all statistics on such general subjects as crops, live stock and minerals. A large folded general commercial map of Texas is included with the volume, showing counties, and towns and railroads, including new and tentative lines, and the reverse side a revised highway map of the State.

In addition to keeping up-to-date figures upon matters of general commercial and political interest, it is the purpose of The Texas Almanac annually to devote a considerable portion of each volume to original matter. Among the new features in the volume this year are a list of native Texas trees by common and technical names, with location of growth indicated; location and length of all Texas rivers, bayous and creeks of twenty-five miles or more in length; latitude and longitude of all Texas towns for which observations have been made; summary of the bills and amendments recommended by the Educational Survey Commission; complete review of tax remission to counties and cities by the State Legislature, showing amounts of property valuation involved, names and addresses of principal poets, novelists, playwrights, short story writers, historians, musical composers, sculptors and painters of Texas, Texas libraries with numbers of volumes, land holdings, power development and other subjects.

Complete and up-to-date information is given also on population, State, district and county officials, public schools, universities and colleges, manufacturing, agriculture, live stock, minerals, railroads, highways and motor vehicles, utilities, banking, insurance, election results by counties in 1926, reclamation and irrigation, vital statistics, State Government finances and hundreds of other subjects. It is a complete encyclopedia of Texas, carrying latest available facts and figures on practically every field of information.

GOODYEAR'S NEW BALLOON TIRE
for FORDS AND CHEVROLETS**

Goodyear has developed a tread which matches the Goodyear Balloon Carcass—made of SUPERTWIST CORD.

It is the famous Goodyear All-Weather Tread scientifically redesigned for Balloon Tire use.

The sharp-edged diamond-shaped blocks are placed in a semi-flat design. They grip the road, they retain their usefulness longer than any non-skid tread offered heretofore.

Long, slow, even tread wear is assured as opposed to the "cupping" and uneven wear so noticeable in many other Balloon Tires.

And with these advantages of traction, non-skid and long wear, this new tread is perfectly quiet and does not produce vibration.

Let us show you this new tire, 29x4.40 for Fords and Chevrolets. A wonderful tire for winter driving!

TRIGGER MOUNTAIN NEWS

Editor Eagle:

We are all rejoicing over the beautiful sunshine, after so much rain and mud.

We had a real nice attendance at Sunday school and B. Y. P. U. Brother Hays was able to attend Sunday School. We were all glad to have him with us. After Sunday School he made a very interesting talk, which everyone enjoyed.

Mr. and Mrs. Walter Oden and family visited Mr. and Mrs. Elmer Berry and family Sunday, and were present at the birthday dinner given by Mrs. Berry for her Mother, Mrs. J. D. Carroll.

Mr. and Mrs. J. D. Nix and family visited in the W. E. Garner home Sunday.

Those who visited Mr. Cunningham Sunday were Mr. and Mrs. Arthur Bryant and family, Mrs. Hensley, Mr. and Mrs. Jess Tullis, and Inez Calaway.

Earl Nix spent Sunday with Dan Calaway.

Mrs. J. P. Dellis and family and Miss Smith and Miss Egly took dinner with T. S. Dellis and family Sunday.

Mr. and Mrs. M. T. Harmon and family visited in the J. H. Long home Sunday.

There are several cases of Scarlet Fever in the Lake Merritt Community. We hope it doesn't come over in this part of the county.

We had a Valentine Box at the Trigger School house Monday afternoon. There were many lovely valentines and a good, short program was rendered. There were several visitors present. They were Mrs. J. P. Dellis, Mrs. Geo. Lewis, Mrs. Jess Tullis and Mrs. Bill Dellis and Mrs. R. E. Davis. The young folks present were Fred Reynolds, Truman Vaughn, Misses Inez Calaway, Alice Cunningham, Belle Reynolds, Vera and Ella Vaughn, Irene Tullis, and Loraine Calaway.

Before the valentines were given there was a very interesting contest between the pupils and some of the visitors. Miss Smith had them take a pencil and paper, and then had the write the word "Valentine" at the top of the page and see who could make more words out of the letters in "valentine". She gave them ten minutes to work on the contest. When the ten minutes were up

it was found that Miss Blanche Dellis had made more words than anyone else. She was presented with a lovely valentine by Miss Smith.

Mrs. George Lewis visited Mrs. J. P. Dellis one day this week. Mrs. Hensley left for her home in Lampasas, Tuesday night, after

several days visit with her daughter, Mrs. R. E. Davis. Well as this brings Trigger up to the minute in the news, will ring off.—KATYDID.

DEATH'S VISIT

(The Mullin Enterprise)
News has been received here by Mr. and Mrs. A. S. Bradley of the death of their son A. S. Brad-

ley at his home in Arizona. Young Bradley spent about two months here with his parents the last fall. He had been in bad health for several months and had hoped the change of climate would improve his health, returning home just before Christmas he continued to grow worse until the final call came on February 8, 1927.

The Enterprise extends to the parents and other bereaved, sympathy in their sorrow. Below will be found a letter from the sister of the deceased, Mrs. Alva Moreland, to her parents.

Tuesday P. M.

My Dear Ones:

This is a very sad time for me. I arrived at 3:00 A. M. today.

From what Bessie told me, it

was a blessing that Bessie went as he was suffering so until an hour or two before he passed away. He just went to sleep and slept on into death, a very peaceful way for a person sick like he was to go. Do wish you could both see him. He looks so peaceful and sweet, just as natural as if asleep and looks so much better than when I saw him last. His casket is a dark blue brocade cloth lined with white silk. Everything very plain, but very nice and just what Bessie would like I know.

The funeral is to be at 4:00 o'clock this P. M. (Bessie also got a water proof and rust proof vault to put the coffin in). He has on a dark blue suit with a little black bow tie. Looks just like he always did when he was dressed up. Know you both would feel

better if you could only have seen him. I only regret that I did not know he really was so I could have come a few days sooner.

Take good care of yourselves. Will write again real soon.

All my love

Your girl,

Alva.

CAR ACCIDENT

(The Mullin Enterprise)
Sunday afternoon Royal Ethridge and Mr. Champion of Ridge while trying to avoid meeting another car on a bridge, four miles out of Brownwood on the Bangs road, ran their car off the bridge. The car turned over and caught the occupants under it in such a manner that they were unable to get out. Several cars passed over

the bridge before they could make any one hear to come to their rescue. When they did it was found that both parties were badly hurt. They were carried to a Brownwood sanatorium where it was found that Mr. Ethridge's shoulder was broken in two places. Mr. Champion fared better having no very serious bruises and will be able to return home soon.

FALL 15 FEET IN A DITCH

(The Mullin Enterprise)
On the return trip to Dallas last week, John Burleson and his sister, Mrs. Roscoe Holland, had the thrilling experience of Mr. Burleson's new Buick plunging into a fifteen foot ditch. A bridge had been undermined by the re-

cent rains and gave way. One fender of the car was torn off, a few bruises and much mud were the damages. Fortunately none of the occupants were injured and they proceeded on to their home in Dallas.

JOHN O. BAIRD

John O. Baird, brother of Mrs. Mildred Parson of Praireux, died suddenly at Salsm, January 13th. He is survived by two brothers, Harry of Hugoton, Kansas and Oran of Medford, and three sisters, Mrs. George Nowell of Goldthwaite, Texas and Mrs. J. T. Jackson of Clinton, Oklahoma.

The above was taken from the Medford, Oregon, Mail Tribune, will be of interest to those readers who remember the Baird family. John was the youngest son of Rev. and Mrs. J. C. S. Baird, deceased, and grew to manhood in this county. He was converted in a meeting at Big Valley, when but a boy, and joined the Baptist Church there.

He served eleven years in the U. S. Army. The last three years of his enlistment he spent in China, returning from there and receiving his discharge in San Francisco two years ago. He made a record for honorable service and of a clean, upright life.

Soon after his return to civil life, he began to entertain delusions that different members of his family were in great peril, sometimes imagining that they were dead, the victims of poison administered by an imaginary enemy.

A few weeks ago, he became convinced that his sister, Mrs. Parsons, was in great danger and hurried to Oregon to save her.

When he arrived there his pitiful condition was discovered and he was given the best of attention. But he died January 13. He was buried from the home of his sister, Mrs. Parsons.

He visited his friends in Mills County recently and it was noted that his mind was impaired.

While in China he received an injury to his spine while engaged in a baseball game, and it is thought that this brought on his mental trouble.

Sickly, Peevish Children

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by HUDSON BROS., Druggists

Pains disappeared

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed." Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength.

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

"MISS CARRIE"

Is there another name of mortal that so stirs the hearts of the people of Mills County? Is there another name that brings such sweet and precious memories?

"Miss Carrie E. Hurdle, born May 1, 1888, Married to Hammond G. Bodkin, June 23, 1907, Died, February 8, 1927"

Brief may be her epitaph, and brief were the years she lived as man views the span of life, but, "When the One Great Scorer comes

To write against your name, He writes—not what you won or lost,—

But how you played the game,"

Into the years she lived she crowded a wonderful amount of cheer, comfort, service, usefulness and love. In the nearly twenty-one years she worked for the public she touched more lives than ever did any other woman in the county; and never man went from her presence, but he felt that he could be a better man by knowing her; and never woman poured out her troubled soul, but went away comforted.

Miss Carrie, as we all loved to her, was not a member of any church, but she served God, as He loved to be served,—by serving others. She lived her religion every day, striving to emulate her "Beloved Master" by "Going about doing good". "Service" was her creed, and she continually practiced it. "Others" was her motto, and for others she gave her life. She loved the work of her gentle Master, and for it she gave her very best.

Her pure, kind, and loving spirit has returned to the bosom of God, and her good deeds are stamped upon a thousand human hearts.

"From lip to lip, the world grows old,
Shall the record of each good deed be told;
And though we may not know where her grave is hid,
Men will know that she lived by the good she did."
—Emily Anderson.

MEMBERS SHOULD ORDER PLANTING SEED NOW

Realizing the condition of the Farmers of Texas and their desire to get better planting seed, the Executive Committee, in session January 28th, reduced the price of our seed to \$1.50 per bushel DELIVERED.

There are many farmers among our members who want good planting seed, and we have made this reduction in order that they may obtain the seed they want at a price they can pay for them. There may be cheaper seed on the market, but not the quality.

The following varieties may be had through our Field Representative in each county: Lone Star, Mebane, Rowden, Belton, Sunshine and Cash. All these seeds come in three bushel sacks prepaid to your station at \$1.50 per bushel. Six bushels the least order accepted. See your field representative now and order before the supply is exhausted.

Best of the "Gold Standard" of the Farm World!

CHICAGO, Ill.—“What is there about the dairy business that puts butter on a ‘gold standard’ of quality and value,” asks the Research Department of the National Association of Farm Equipment Manufacturers, and then goes on to answer its own question after a year’s surveying of the dairying nations of the world and the economic factors that are working towards higher production and greater profits for the farmer.

“There is less gamble in dairying as practiced by the American dairyman for one thing,” says the Research Department. “Take the feed and water supplies of the dairy cow, and they are more certain than

those for any other class of live stock. The silo guarantees a feed supply whether frost cuts short the corn crop or not, and those farmers owning their own ensilage cutters and tractors or gas engines to furnish the needed power, can fill at the right time to get the best feed from the crop while saving 40 per cent more than those farmers harvesting only the ripe grain in the ear form.

“Then there is the feed grinder, which all cow testers and state dairy leaders are urging their members and farmers to utilize to cut the cost of the grain feed rations that has been taking hundreds of millions in cash out of the dairy

farmers’ pockets for the freight and extra profits to those handling them after they leave the farm in coarse form. Here again the gas engine runs the home grinder, permitting the preparation of home-grown balanced rations that are at the minimum cost.

“Ventilation systems, swinging stanchions, drinking cups for each cow, feed and litter carriers and trucks, milking machines and separators, scales, machinery to provide the contented cow with her hay ration in winter, as well as other equipment, all help improve the conditions surrounding the production of milk, as well as serving to cut the production costs.”

Mrs. E. L. Pass returned home last Saturday night from Bend, where she spent several days at the bedside of her sister Mrs. R. L. Sutton, who has been very sick.

Mrs. E. L. Schultz spent last week with her daughter Mrs. W. W. Taylor of the Live Oak community.

MR. AND MRS. J. M. LEARD CELEBRATE GOLDEN WEDDING

On Friday, December 24, Mr. and Mrs. Jesse Mercer Leard celebrated their Golden Wedding anniversary at their home near Bowersville. Before her marriage, Mrs. Leard was Miss Margaret I. Johnson, of Redwine community in Hart County.

To this union were born six children, Myron R., of St. Petersburg, Fla.; Leel, of near Bowersville; Claude J., of Hartwell; Payton A., of Amarillo, Texas; Lizzie, of Canon, Ga. Only four of the children could be present. Payton A. and Mrs. Perkins could not come. Twelve grandchildren are descendants from this union. Only seven of these could be present. The other guests were: Mr. and Mrs. Ben P. Johnson and son, Seab, Mr. and Mrs. F. M. Johnson, Mr. and Mrs. Fred Holland and two children, Mrs. B. C. Tensley, of Hartwell, Mrs. L. L. Leard and Clifford Hill.

Mr. Leard figures his wife has laundered his shirt 2,600 times, made his bed 18,250 times, and cooked for him 54,750 meals during his married life.

The guests were served a delicious dinner of vegetables, turkey with trimmings, cake, etc. The center-piece consisted of a huge cake decorated with wedding bells and the dates 1876-1926. All ate to their satisfaction and left wishing the happy couple to live to celebrate their Diamond Wedding.

Only two of the guests attended the first wedding in 1876, Mr. B. P. Johnson and Ross Hilliard. The above is a clipping clipped from The Hartwell Sun, of Hart

SCHOOL DISMISSES FOR MRS. BODKIN'S FUNERAL

School was dismissed at 2:30 last Thursday because of the death of Mrs. Carrie Bodkin. The staff of The Goldthwaite High Talk offers sympathy to the Bodkin family.

FORTY-TWO PARTY

On the evening of January 29, Miss Pauline Dalton entertained a few of her friends with a forty-two party. The guests played five games of progressive forty-two. After that the tables were removed, but the pleasure was not all over. Several songs and musical numbers were rendered, Garetta Little sang several songs accompanied by Rubye Lee Dickerson. In the latter part of the evening an attractive plate of refreshments was served. Violets were used as plate favors.

Those who enjoyed Miss Dalton's hospitality were Tom Clark Graves, Ernest Linkenhoger, Eloise Kyle, Paul Johnson, Rubye Lee Dickerson, Walters Hester, Mina Steen, Omer Rudd, Rachel Johnson, Jack Locklear, Elizabeth Nickols, William Glenn Yarborough, Garetta Little, Jim Bob Pool, and Bernadine Rudd.

Bad weather prevented the athletic events from progressing this week as we had hoped they would. Lost time will be made up as soon as the sun shines.

Clarence Cave missed several days of school this week on account of illness.

Mrs. Sullivan expected Mr. Cameron Marshall of Brownwood to sing for the student body, but because of the bad weather he was unable to be present. We hope Mr. Marshall will come and sing for us in the near future.

THE YOUNG IDEA

Some great man has said that in learning an assigned lesson, each pupil has a slightly different idea of the contents. We are beginning to believe that since we read the following gems from exam papers:

"The Saxons were a lazy and glutinous race."
 "Wordsworth saw in the French Revolution a new error of happiness."
 "The Magna Carta occurred in the reign of King John. The barons compelled him to sing it."
 "Lack of indiscretion was Stephen's greatest personal enemy."
 "Although Henry was not outwardly offended with Cromwell, after he had made him a baronet he sent him to the block for being a nuisance."
 "Wolsey was a great, daring and bold warrior. Some of his chief victories were the capture of Quebec, the battle of Waterloo and the battle of Trafalgar Square." (Student appears to have made the cardinal a composite of Wolfe and Wellesley, with a dash of Nelson.)

CHAPEL PROGRAM

Wednesday morning, February 2, Brother Dance talked to the student body. The subject he chose was closely related to "Memory", a subject he discussed some time ago. The subject was "Imagination."

Brother Dance said that every student has many uses for an imagination. For instance, on examination the student tries to picture or imagine the verse he memorized, or the geometry problem that he worked on the board. Imagination is the ability to picture things in your mind.

Imagination, in olden times, was called inspiration. It has been said time and time again that poets were born and not made, that teachers, lawyers, doctors and artists were born and not made. This is, according to Bro. Dance, not so. A man can do anything if he tries hard enough. Any man may acquire an efficient imagination. There are four things you must do. First, you've got to treasure up a great deal of experience. You come in contact with a great number of things in your daily work; look at these things, for this is the material of which an imagination must be built. Another thing, you have to take

AMERICAN LITERATURE CLASS SERVES LUNCH

Friday noon, February 4, the first section of the American Literature class served a delicious lunch in the basement of the High School Building. The net gain was twelve dollars. This class intends to use this money to buy pictures for the English room. The pictures will be selected and placed on the walls at an early date. This is the first step in our campaign for beauty and neatness in our class room.

definite pains to store up these experiences. You have five senses. All things familiar to you are imagined by your five senses. Make your images of objects and sensations. Third, you must make an effort to recall these experiences. If you do not, they are made in vain. Last you must combine these experiences you have had. If you make these mental images combine, you will have a great imagination.

Bro. Dance left this last admonition: "If you haven't got an imagination, don't blame it on your creator, blame it on yourself."

NATIONAL DEPARTMENT OF EDUCATION

That idea of a National Department devoted to the education of children and young men and women is violently fought by those who want to have in their own hands the profit and the privilege of forming the minds of the young. We have departments of Agriculture, to take care of the young pigs, calves, and colts. We have departments to protect the growing crops from insect pests and other pests. We ought to have a great national educational department to promote the education of children and keep from those children the pests of ignorance, prejudice, and religious hatred and superstition. —CHICAGO AMERICAN.

A DECLARATION OF WAR IN VALENTINE DAY — ITS ORIGIN

Miss Inman's Caesar class has divided into two sections. One represents the Germans, and the other section represents the old Romans. The two sides have declared war as in olden times, and each side is striving diligently to overcome its opponent. They are not using the weapons employed by the old Romans. Their weapons consist of their ability to read and translate Caesar. The victorious faction, at the end of four weeks, will wear the colors of the victor. We are looking forward to a very scrappy session within the walls of G. H. S.

INDOOR TRACK MEET

Friday night the Sophomore class was entertained at the home of Mr. and Mrs. D. D. Tate. As the regular track meet is soon to be held, the hostess thought it a good idea to give the sophomores some training in track events.

After a hand shaking contest in which Marvin Spence Rudd drew the lucky number and was awarded the prize, we divided into two schools. One was Pole Cat and the other Seallorn. A teacher was selected for each school and yells were given; then the contest started.

Some of the contests were broad jump, high jump, one mile foot race, thirty yard dash, relay race, declamation and numerous others. Paul Johnson won first place in broad jump, for he had the broadest grin. Herbert Cooke won the mile foot race for his feet measured the longest. The entire list of winners is too long to be included. Pole Cat won the loving cup, however for she had the most points at the close of the contests.

After a few more games were played, refreshments consisting

of hot chocolate and pecan pie were served.

The guests then bade their hostess good-bye, declaring that they had had a wonderful time and felt that they were prepared for the Mills County Track Meet.

PAYNE GAP

Eagle and Readers: This most wonderful and beautiful weather we are having at this writing makes everyone feel so good and happy, and the farmers are all ready for plowing.

Our regular writer for the Payne Gap community is gone away from home and I'm going to see that I fill up the space with the news I send in to The Eagle and its readers.

Everyone in our community this week is doing fine, no one on the sick list and we are proud to say that our community is doing so nicely and we hope that it will keep on progressing.

Mr. and Mrs. Conk Erwin and two daughters, Beth and Mary Louise, took dinner with Mr. and Mrs. J. G. McMurray, Sunday.

Mr. and Mrs. Red Arrowood and Mary Alice spent the afternoon with Mr. and Mrs. Elzie O'Neil of Moline community, Sunday.

Ray McMurray spent Sunday night with Monroe Jordan.

Mr. and Mrs. Johnnie McMurray spent Sunday afternoon with Mr. and Mrs. Arthur Hunt.

Jack and Fred Hunt stayed all night with Johnnie McMurray.

Mr. and Mrs. Henry Duncan spent Sunday afternoon with Mr. and Mrs. Arthur Hunt.

Miss Irene McMurray is spending this week with Mrs. Nanie Woodall of Goldthwaite.

There will be church at Payne Gap school house Sunday at eleven. The services will be conducted by Bro. O. O. Newton of Evant.

There will be another old Fiddling contest at Star this time Saturday. Everybody go, and those that are musicians take them along and see who gets the prize. —COWBELLS.

Cara Nome Beauty Treatment

The desire to possess a clear and attractive complexion is in the heart of every normal woman and by spending ten minutes a day the desire can now be realized through the famous Cara Nome Beauty Treatment.

First Process:

Cara Nome Cold Cream is strictly a cleansing cream and used to remove from the pores of the skin, face powder, rouge, dust and other impurities.

Second Process:

Cara Nome Skin Cream, by building up the tissues of the skin, gives health and beauty to the complexion. To be used at night after using the Cold Cream and acts as a skin food.

Third Process:

Cara Nome Astringent awakens an immediate quickening of the skin's activity. It dries up all excessive oil, closes the pores and keeps the skin firm.

Fourth Process:

Cara Nome Vanishing Cream, which is a non-greasy cream and is absorbed at once by the pores, leaving a smooth, velvety surface. It acts as a perfect base for the face powder.

Fifth Process:

Cara Nome Face Powder appeals irresistibly to the most critical. Its texture in each tint is wonderfully soft, blending and clinging.

INTERSCHOLASTIC LEAGUE MEET

(The Tattler)
The last issue of The Tattler carried the news item that the Interscholastic League Meet of Mills County will be held in Mulford March the 25th and 26th.

We are to accredit the County Executive Committee with selection of this place. It is a credit to the town, community and greatest of all to the school, to have the County Meet held in our town. So often people do not realize the real value of this occasion and it may be well to attempt to describe, for the benefit of those interested in school activities, just what the League is and briefly indicate the service it is rendering.

The League was organized in 1910 with contests for debating teams among twenty-eight affiliated schools. It was gradually merged into a League, including track and field events, under the administrative head of what was then the Extension Department of the University of Texas. It began offering to all public schools organized interschool contests, using the county as a unit for determining championship. Allowing the county winners to go to the district meet. The State provides accommodations to those winners when they go to the meet, the winners being highly honored.

Many new events, all including some part of school activity, have been added to the schedule, which at first only had the debating teams. Some of the events which were added the last few years through the typewriting or stenographic contests, music memory, the Three R's contest, one-act plays, the five-events track for one and two teacher schools exclusively, extemporaneous speeches, essay writing, story telling, arithmetic contests and exhibits.

The Interscholastic League membership has increased greatly, approximately 5,000 public schools sent their membership fee in 1926 for the different contests which the organization offers. It holds two meetings each year, one at the State Teachers meeting and the other at the state Interscholastic League meet. At these meetings, new rules are made for new legislation to fit the wishes of the public schools.

The schools of the county elect their own officers. This is usually done at the county Teachers Institute. The most skillfully administered meets develop great community gatherings. It is up to the county officers to arrange these meets. Each year hundreds of teachers spend much time and energy for Interscholastic League meets. It is these county leaders who have made the League a great success in Texas.

The County Executive Committee plays the most important part in the management of the meet and are really responsible for its success. The following is an article taken from the Interscholastic Leaguer:

"The County Executive Committees constitute the backbone of the Interscholastic League. If they function properly, the League is a success; in those counties where the county committee does not function properly, the League work is a dismal failure. The county, if it has not already done so, should have a meeting as soon as possible after the holidays and settle the time, place and program of the county meet. This information should be published in the county papers so that all the member schools may be advised. Each director should study the rules of the particular division, and settle in advance by correspondence with the State Officer. Judges should be secured in advance; a definite schedule of rooms for literary events should be made out for distribution to contestants and teachers at the meet. Track and

field equipment should be ready among all schools, and creates great enthusiasm, which would otherwise be impossible.

We, as the student body, faculty and The Tattler staff, pledge our united support in every way to make this meet, to be held in Miss Petsick has been ill with "flu" for the past week. She was absent from school Monday.

In short, the success of a meet depends in large measure upon the ability of the committee to look after details."

The executive committee consists of the teachers who are teaching in different sections of the county.

The Interscholastic League is of great advantage in many ways. It produces a friendly rivalry

Stop-Look-Listen!

American railroads are the safest in the world to ride on. They are safer than any other kind of transportation. But you can make them even safer by being more careful. The welfare of yourself and family may be involved.

- The railroads are making a vigorous effort to reduce accidents.
- Won't you help?
- You can help in many ways and especially by observing these ten don'ts.
- ~ ~ ~ ~
- DON'T cross railroad tracks, either walking or driving, until you stop and look in both directions, whether view is obstructed or not.
- Stop—look—listen!
- DON'T try to cross tracks in front of an approaching train. It pays to wait.
- DON'T cross a track after a train has passed, until you have made sure no train is coming from the opposite direction.
- DON'T walk or stand on railroad tracks. If compelled to walk in railroad yards, avoid walking between the rails of any one track. There is usually room between the tracks.
- DON'T let your children play around railroad tracks or trains. Teach them to play elsewhere.
- DON'T get on or off a non-passenger freight train, or crawl under it.
- DON'T attempt to get on or off a moving passenger train. Wait until it stops.
- DON'T be careless when stepping on or off a standing passenger train. Watch your step.
- DON'T stand on platforms of passenger cars. It is safer inside.
- DON'T place hand or arm in an open window. The window may close unexpectedly.
- Two-thirds of all railroad accidents are incurred by persons going on railroad tracks without stopping, looking and listening.
- You share in the responsibility for these accidents.
- Your co-operation means greater safety.

SOME THOUGHTS ABOUT THE BIBLE

(The Dallas News)
 "Thy word is a light unto my feet and a light unto my path."—Psalm exix, 105.

The Bible is the Living Book of the Living God, the Eternal Book of the Eternal God.

The Bible is one continuous story, one complete whole, harmonious in its teachings, complete in its purpose, glorious in its blessed influence.

Besides the inherent, self-evidencing testimony of the Bible itself as to its authorship, besides its uniqueness of subject-matter, language and phraseology, there are the testimonies of men worthy of credence.

The Bible, someone has impressively said, is "God in print."

It is His truth, His thought, His will, His revelation, His prophecy concerning Himself and the creation.

It is these recorded in symbols, letters, forming words, emblems of thought, made through the agency of men chosen for that purpose.

It proclaims His law, imparts His wisdom, breathes His love.

The Bible proves itself by itself. Its general harmony is proof of its inspiration.

The testimony of a few men worthy of credence as to the New Testament, about which skeptics have tried to cast suspicion and doubt is given here:

We are told by scholars that a hundred years before the Council of Nice, which some assert got together the New Testament, Origen quoted 5745 passages from the books which compose it; that Tertullian, A. D. 200, made over 300 quotations from the Gospels and Epistles; the Clement, A. D. 194, quotes 380 passages; that Irenaeus, A. D. 176, quotes 767 passages; that infidel writers like Celsus, A. D. 150, and Porphyry, A. D. 304, quoted scores of passages as we have them in the New Testament now.

There are said to be nearly 1,200 manuscripts of the Old Testament extant, all agreeing substantially with each other.

The Bible takes up and analyzes human nature, dissects human motives, purifies human thought; points out all our weaknesses and tells how to overcome them; it recognizes our sorrows and puts a song of gladness into human hearts; it warns of our troubles and perplexities and tells how to prevent or disentangle them; it anticipates our weaknesses and tells us where to go for strength.

It is the apothecary shop of spiritual medicaments which heal and soothe and console. It pours the balm of spiritual truth into the broken heart; it fortifies and strengthens encourages and inspires.

Man without the Bible would be altogether material-minded, and material mind is void of sentiment, intelligence, emotion, affection, and all the finer attributes which come of the study of God's Book.

Without spirituality man becomes a beast, and without the Bible he would soon become without spirituality.

Through God's Book, the Bible, His children may know who He is, and what He is; what His will is; they may know who they are, and their destiny. They may have their duty to Him and their fellows. They may know His will concerning them.

The Keystone of Civilization
 "Is not my word like as a fire? saith the Lord, 'and like a hammer that breaketh the rock in pieces?'"—Jeremiah xxiii, 29.

The Bible is the keystone in the arch of civilization, governmental jurisprudence and the social structure.

If it be discarded or rejected the arch must collapse, with ensuing ruin and destruction.

When the Bible is cast into the

junk heap the beginning of chaos is upon us.

Confusion wretchedness and woe unutterable must of necessity follow. Sin and beastliness indescribable must inevitably pervade the earth.

The Bible is the pillow upon which the heads of millions of God's saints and heroes have rested as they were passing over to the great beyond. His martyrs have held it to their bosoms while they awaited the creeping flames, or the twisting of the thumbscrew, the agony of the stocks, or the stealthy steps of wild beasts which were to tear them in pieces at the command of pagan monarchs—martyrs for God, His Christ, and His Word.

It explains the principle as to life and death, and makes them simple and glorious.

Its teachings, warnings, wisdom, commandments, admonitions and adjurations are adapted to the needs of individuals and Nations, past, present and future.

It is a great spiritual symphony, prepared by many composers and played by many musicians.

It is a continued story by various authors about forty of them, written under diverse circumstances, during about 1,500 years, but all in through and one accord and concord.

It is a symposium comprising contributions from men in tune with the Divine thought, will and plan.

The Bible is God's Word, pure, unwilted, sweet and comforting. It has the power possessed by no other book because it IS the Word of God, "quick and powerful."

It is the Book of wisdom, instruction, advice, information, comfort, consolation. All the other books from all the libraries of earth can not offer its consolation and comfort in the hour of trial, especially death.

It is the only professedly recorded account of the creation defining and describing God that is worthy of notice; the only one which has the ring of words and recognized power as having come from a source higher than man.

The Bible contains everything man needs to know as to this life here and hereafter.

There is nothing mediocre in the Bible. It all has the eloquence

of God's own emphasis, and God is not a practical joker.

The Bible is the Book of Hope, the treasure house of eternal riches, the casket of life's jewels, the spiritual rainbow of promise.

It is the Great "I Am" Speaking
 "In the beginning was the Word, and the Word was with God, and the Word was God."—John I, I.

We realize when reading the Bible that it is God speaking to us.

In it He says everything that it is necessary for Him to say.

It informs us of our history and of the history of other creatures and all created things, from the beginning to the present, and tells us what is to be the end of all.

It tells of reward for good and punishment for evil; of the promises that He is sure to fulfill.

It is an unerring guide to happiness temporally and eternally. To those who are earnest and sincere He will give understanding. If we pray as did the Psalmist, "Open thou mine eyes, that I may behold wonderful things of thy law," we shall learn what we want to know.

The Bible is the Greatest of All Literature

It contains the profoundest philosophy, most perfect system of ethics, science, logic and jurisprudence. Indeed its teachings and commandments are the basis and ground work of all human law.

After searching through all other books we find all that they contain worth knowing, and vastly more, in this storehouse of wisdom and truth.

"Welcome, dear Book; in thee heaven's manna lies;

Thou art the great elixir rare and choice;

The key that opens too all mysteries;

The World in characters, and God the Voice."

"Search the Scriptures."

Amazing, indeed would be the transformation in things terrestrial if men and women would only heed the admonition to "Search the Scriptures."

It is astounding to learn from your own investigation by inquiry or men and women just how few read the Bible, even casually!

If men KNEW more about

GOD, they would DO more about GOD.

But the idea appears to be with most men that all they have to do to find out about Him is to go to church. That is only one helpful way. The principle and most effective way is to "Search the Scriptures! And that means also to STUDY them.

Men do not know more about Him because they do not give enough attention to His Word.

It is by studying it they learn what He has to say, and it is from this that we can learn about Him best.

Men are too much concerned about the "things of this world to give much time to those of the next. And this is just what the Adversary wants them to do. He wants them busy, but not with the study of the Bible.

The Book itself warns about this particular thing. In fact, it warns about everything that man should give attention to, and his sufferings are due to the fact that he either hasn't studied the Bible enough to know these warnings, or else goes along head strong and willful, ignoring or defying them.

The reading of no other book has the effect on one that the reading of the Bible has. Meditation upon its promises gives peace when nothing else will or can.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of **Doan's Pills**—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

DOAN'S PILLS 60c

Stimulant Diuretic to the Kidneys
 Waterbury, Conn. 750, Buffalo, N. Y.

And the world needs people who will READ the Bible and live it, and not so much those who want to re-WRITE it!

Its wisdom is as applicable to every day life as it was at the beginning, because it deals truly with Truth, with the great economic, moral and spiritual principles of life and being. It is as new and adaptable to man's needs now as thousands of years ago.

Take the Bible out of the world, and spiritual darkness unutterable would prevail.

When it is taken out of the individual life, darkness prevails there also.

The Bible is "The Word of God which liveth and abideth forever. A glory gilds the sacred page, majestic as the sun;

It gives a light to every age; it gives, but borrows none.
