CHADWICK WELL NEAR THOUSAND FEET DEEP

The well being drilled near Chadwick is almost 1,000 feet deep with rapid progress being made. At 770 feet a showing of gas and oil was encountered, but the drilling was not stopped to test that sand.

Work on the Robertson No. 1 well six miles west of town is progressing very slowly. During the past week a line broke, delaying a couple of days, but drilling has begun again and the well is near 2500 feet deep.

Mrs. Karnes is the daughter of Mr. and Mrs. A. C. Langlitz of this city and for the past few months has been attending Draughtons Business College in Abilene, where she made a host of friends by her charming manner and lovely disposition. She will be remembered here by her friends through out the county as she was for several years a valued saleslady at the Yarborough store.

Mr. Karnes is also well known here. He is the son of Mr. and Mrs. F. M. Karnes, who live near Goldthwaite, and he is a young man of sterling qualities and splendid ability. He has been in the oil business in north Texas for several years.

GRASS HOPPERS AND COTTON FLEA HOPPERS

Grasshoppers are appearing in sufficient numbers to menace crops in some parts of the county. It is generally thought that poison bran mash will effectively control these pests. Farmers are advised that the Mills County Farm Bureau has a limited supply of black strop molasses and arsenic on hand.

The cotton flea hopper can be controlled by the application of sulphur put on the plants by a duster.

Last year Henry Cryer invented a machine for applying sulphur fumes to the plants. This not only killed the flea but all other insects whatever kind. Other farmers will try out the machine this season.

THE REVIVAL

Goldthwaite Methodist Reporter

Rev. Frank M. Neal of Amarillo, Texas, will be here with his singer to begin our revival meeting the first Sunday in July. Bro. Neal is one of our general evangelists and has met with great success in revival work. But let us keep in mind that evangelists do not carry revival around with them. If we are going to have a revival in which the church will be strengthened and lost souls born into the Kingdom, it is because the members of the church feel that the success of the meeting depends largely upon them and are praying for revival, first in their own hearts and then in the hearts of others. Let us not wait until the evangelist gets on the ground and make it necessary for him to spend a week getting the church ready for the revival. Let us begin now to get the burden on our hearts and pray for our lost friends and loved ones and speak to them about their spiritual interests.

Mrs. Jack Dennard and little daughter of McCamey are here visiting in the home of Mr. and Mrs. Sam Frizzell.

WORMS IN POULTRY

Worms in turkeys and chickens caused losses totaling thousands of dollars to Mills County farmers last year. A general infestation has again appeared and if control measures are not promptly applied, the losses will be higher this year.

Farmers can ill afford to suffer loss this year. Get busy and dose the fowls. Worms are not hard to control. However, young fowls after serious infestation will never make normal development.

There are many preparations that will rid your flock of worms. Ask your druggist for a guaranteed remedy and give it now.

Miss Vivian Campbell who has been attending State University, is home for her vacation with her parents, Dr. and Mrs. J. M. Campbell.

Frizzell has bought 185,000 lbs of wool, paying an average price of 34c; 90,000 pounds of mohair, paying an average of 57c; and has contracted for 65,000 bushels of oats at 40c, 100,000 pounds of wheat at \$1.25; 50,000 pounds of barley at 60c. SHERIFF BLEDSOE AIDS FEDERAL OFFICERS IN MAKING LIQUOR ARREST

Sheriff Carl D. Bledsoe helped federal prohibition officers arrest a man at Mullin last week alleged to have had intoxicating liquor in his possession for the purpose of sale.

The sheriff's department here had secured all the evidence in this case and could have made the arrest, but Mr. Bledsoe very wisely thought that it would be foolishness to get the case on the docket of our court and let it add up needless expense from year to year.

PRIZES OFFERED FOR BEST VOICES

National Radio Audition Open to Young Singers in This Country.

America's future generation of vocal stars will be disclosed to the world this Fall as another of the wonders due to radio. Every young man or woman with the gift of song, whether from country, town or city, will have an equal chance.

A nation-wide quest for the best young singers and the opening of the door of opportunity to them has been undertaken by the Atwater Kent Foundation, an institution established for scientific and educational purposes by A. Atwater Kent, the Philadelphia radio manufacturer and sponsor of the Sunday night grand opera hour, broadcast over a network of thirteen stations.

The Foundation has announced plans for a "National Radio Audition," to find by competition the best undiscovered voices in the United States. Prizes aggregating \$17,500, with tuition for a musical education in certain cases, are offered as follows:

The two winners of first place in the National Audition—a man and a woman—will each receive a gold

A. Atwater Kent, President of Atwater Kent Foundation, which opens door of opportunity to undiscovered vocalists.

decoration, \$5,000 in cash and two years' tuition in a leading conservatory.

Winners of second prizes will each receive \$2,000 in cash and one year's tuition.

Winners of third prizes will each receive \$1,000 and one year's tuition.

Winners of fourth prizes will each receive \$500.

Winners of fifth prizes will each receive \$250.

Musical, civic and women's clubs in each community in each state will be invited to hold local contests to select the best young man and best young woman singers of their towns. These winners will then be certified to a state audition, which will be broadcast by a radio station in each state. A state winner of each sex will be chosen and will receive a silver medal.

The next step is a district audition. The young men and women who have won state honors will be taken to a central broadcasting station in one of five districts, where an audition will be broadcast to select the two winners—a young man and a young woman—from that district.

The two winners in each district will receive gold medals and the ten finalists thus selected will be taken to New York for the final National Audition, to be broadcast over a national network of stations. All expenses of contestants in the district and final auditions, including railroad fare, hotel bills, entertainment, etc., will be paid by the Atwater Kent Foundation.

The spirit and purpose of the National Audition are indicated in a statement by A. Atwater Kent, president of the Foundation, who said:

"The discovery of one of those rare voices, of which each generation produces a very few, seems to me an event of profound national importance. Even when such a voice could give pleasure to only a few thousand people in a year it was a national treasure. Now that millions may enjoy it on the same evening through the medium of radio, such a voice has become priceless.

"The National Radio Audition, supported by the Atwater Kent Foundation, is an undertaking to search the entire country for beautiful voices and to offer these singers an opportunity for full development, recognition and reward."

The principal qualifications for contestants are as follows: Must not be over 25 years old; must never have been associated with a professional theatrical or operatic company; must never have been a paid principal in any concert held outside their own states; must declare in intention to follow a musical career and must be free from theatrical musical contracts.

This limitation permits choir singers to enter the auditions, even though they may have received financial compensation for singing in churches. Other groups from which entries are anticipated are students in musical schools and locally prominent singers in high schools and colleges. Musical organizations in each state are also afforded an opportunity to participate.

Miss Mary Helen Cockrum returned home last Friday from Denton where she has been attending C. I. A.

Mr. and Mrs. Ethel Weatherby and children of Brownwood visited here last Sunday.

Shorty Newcomb and Arthur Bird have been spending most of their nights in Lometa, Texas, during the past week.

PETER DELIVERED FROM PRISON

PRISON

Acts 12:1-17

GOLDEN TEXT—Many are the afflictions of the righteous; but Jehovah delivereth him out of them all. Psalm 34:19.

Lesson Setting and Survey

Herod Agrippa I, nephew of Herod the Great who sought to kill the infant Christ, was "king" over Palestine the last three years of his life (41-44 A. D.). To please the Jews he persecuted the church at Palestine probably on the pretext that the disciples accepted Christ as king. The first blow fell upon James, son of Zebedee and brother of John, who was slain not by Jewish stoning but by Roman martyrdom. This so delighted the Jews that Peter was next thrown into prison, but he miraculously escaped, as told in our lesson today.

Lesson Text and Outline

Acts 12:5-17

I. INTERCESSION OF THE CHURCH.

5 Peter therefore was kept in prison; but prayer was made earnestly of the church unto God for him. 6 And when Herod was about to bring him forth, the same night Peter was sleeping between two soldiers, bound with two chains; and guards before the door kept the prison.

II. RESCUE BY THE ANGEL.

7 And behold, an angel of the Lord stood by him, and the light shined in the cell; and he smote Peter on the side, and awoke him, saying Rise up quickly. And his chains fell off from his hands. 8 And the angel said unto him, Gird thyself, and bind on thy sandals. And he did so. And he saith unto him, Cast thy garment about thee, and follow me. 9 And he went out, and followed; and he knew not that it was true which was saw a vision. 10 And when they were past the first and second guard, they came unto an iron gate that leadeth into the city; which opened to them of its own accord; and they went out, and passed on through one street; and straightway the angel departed from him. 11 And Peter was come to himself, he said, Now I know of a truth, that the Lord hath sent forth his angel and delivered me out of the hands of Herod, and from all the expectation of the people of the Jews.

III. REPORT TO THE PRAYER MEETING.

12 And when he had considered the thing, he came unto the house of Mary the mother of John whose surname was Mark; where many were gathered together and were praying. 13 And when he knocked at the door of the gate, a maid came to answer, named Rhoda. 14 And when she knew Peter's voice, she opened not the gate for joy, but ran in, and told that Peter stood before the gate. 15 And they said unto her, Thou art mad. But she confidently affirmed that it was even so. And they said, It is his angel. 16 But Peter continued knocking; and when they had opened, they saw him and were amazed. 17 But he, becoming unto them with the hand to hold their peace, declared unto them how the Lord had brought him forth out of the prison. And he said, Tell these things unto James, and to the brethren. And he departed and went unto another place.

Notes Analytical and Expository

I. DELIVERANCE FROM PERSECUTION was the divine task in Peter's rescue. As the target of Herod's second blow at the apostolic body, Peter was arrested and lodged in prison. Since Passover was in progress and he did not wish to ruffle the surface sensibilities of the Jews by execution, Herod kept Peter in Prison, expecting to put him out of the way as soon as the feast was over. Meantime, Peter's expected Martyrdom brought members of the church at Jerusalem to their knees in fervent prayer that his life might be spared. Still, when it seemed his last night on earth had arrived, Peter lay bound with chains to the two soldiers guarding him; he was confined in a cell before which armed sentries

stood; and there seemed no possibility of escape from a prison whose locked gates were strongly guarded and whose walls were impenetrable.

2. DELIVERANCE BY MIRACLE was the divine method in Peter's escape. It was probably between three and six A. M. when the fourth guard of soldiers was attending Peter that the delivering angel came. Amid the light of his presence the angel smote the sleeping Apostle and raised him up. Thereupon the chains fell off his wrists. Then at the angel's word, he dressed himself and followed his deliverer, leaving the iron gate which opened of itself, ceeding together a block from the prison walls when the angel disappeared. It took Peter a little time to realize that he was actually at liberty and not in a trance. Then he knew he was out of the hands of Herod because he was in the hands of God.

3. DELIVERANCE THROUGH INTERCESSION was the divine partnership in Peter's freedom. Anticipating the execution of Peter, many disciples were spending the night in prayer at the house of Mary, the mother of John Mark, a relative of Barnabas, and doubtless a well-to-do member of the church at Jerusalem. Possibly Barnabas and Saul were present in the prayer-meeting that night. Thither Peter went as soon as he realized that he was at liberty. He knocked at the street entrance to gain admittance. A maid-servant named Rhoda (or Rose) answered his call; but when she recognized his voice she was so overjoyed that without opening the door, she rushed within and reported the presence of Peter. At first they thought Rhoda insane, and that the spirit

of Peter was haunting them. Meanwhile, Peter kept knocking and at last the door was opened and the little group filled with ecstatic amazement at the answer to their prayers. Motioning for all to be quiet and not to attract the attention of any soldiers who might be on the prisoner's tracks, Peter told his story in brief and asked that these things be told to their brethren. With great joy they must have heard the welcome news.

DELIVERANCE FOR SERVICE safety. Immediately Peter departed was the divine purpose in Peter's ed from the house of Mary and doubtless also the city of Jerusalem through his destination is not specified. He had to flee and flee quickly, or his life would be the forfeit. Later we find him at Antioch. He reappeared also in Jerusalem after Herod's miserable death. And his missionary labors took him to distant points in the Roman Empire.

The Lesson of the Lesson
Follow Duty Through Danger
(1) The Duty of Work. "Peter therefore." James fell at the post of duty. Peter was at work when arrested and hurled into prison.

They would not stop in the midst of peril. Be faithful in the face of danger.

(2) The Duty of Endurance. "Was kept in prison." Often danger is divinely averted; but sometimes it must be endured. Good soldiers must endure hardness and temptations.

(3) The Duty of Intercession. "Prayer was made earnestly of the church unto God for him." Of course Peter prayed for himself. But also his fellow Christians fell on their knees in devout entreaty on his behalf. And prayer prevailed. Beyond question we can help each other by prayer.

(4) The Duty of Trust. "Peter was sleeping—an angel of the Lord stood by him." See Peter sound asleep in shackles! His sleep in Gethsemane was that of

physical exhaustion; but in prison it was that of spiritual repose. He had committed all to God.

(5) The Duty of Obedience. "The angel said unto him." Four or five distinct commands the angel gave him. Did he remonstrate or hesitate on account of his fetters? No for a moment. Obedience to each command gave strength to meet the next.

(6) The Duty of Escape. "They went out." Foolhardiness in the face of danger is criminal. There is no virtue in needless suffering. Die for principle, if duty demands it; but live for principle if God opens the way.

(7) The Duty of Realization. "When Peter was come to himself." Are we not often dazed at our deliverances? Even so, let us not forget that God had a hand in them. Recognize his Providences.

Acknowledge his goodness. Honor him.

(8) The Duty of Report. "He came unto the house of Mary." Peter was not a man to slink away to safety without letting his associates know their prayers were answered. He told the good news himself. He sent word to others. Magnify God's goodness.

(9) The Duty of Joy. "She opened not the gate for joy." Rhoda was overcome with joy. So was everybody at the house of Mary. And Peter was certainly happy. "Count it all joy when ye fall in to manifold trials."

(10) The Duty of Perseverance. "Went to another place." The spare life of Peter was put to good use. His field widened, his ministry deepened, and his work went on. Preservation of life fulness.

WANTED—LEADING LADY WITH PERFECT ANKLES

In selecting the girl to play opposite him in his latest comedy "That's My Baby," Douglas MacLean set a new standard and incidentally turned Hollywood top-sy-Turvy in his search.

In addition to beauty and ability, the two constant essentials, MacLean insisted that his leading lady have the most perfect ankles to be found in the film capital.

After a search that extended over a period of many weeks and involved tests and tryouts for dozens of applicants, the choice finally fell to Margaret Morris, one of the most recent additions to the family of long-term contract Paramount players.

In "That's My Baby," playing Monday and Tuesday at the Dixie Theatre, she portrays the girl whom MacLean is forced to find and identify by her perfect ankles. That the comedian does is a foregone conclusion but how he does it and the complications that he becomes involved in when he is made the custodian of a strange baby while trying to woo the owner of the ankles, furnishes the screen with one of the most uproariously funny comedies the current season has produced.

ROCK SPRINGS CLUB

The Community Club of Rock Springs met Friday, June 3. The choir sang two songs as the first part of the program. Then O'Leta Daniel gave an excellent reading. This was followed by old-time music by Mr. Wilmet Webb, violin; Ray Stark, violin and guitar; Mrs. J. W. Roberts, piano; and Florence Stark, mandolin.

At the suggestion of Mr. Weaver, we then voted to have a community fair, and Mr. Weaver made a very interesting talk on the Community Fair and the County Fair.

The president appointed J. T. Stark chairman of the Men's Department of the Fair Exhibits, and Mrs. Jno. W. Roberts, chairman of the Women's Department. Under the Men's Department are the following committees: Cotton and wheat, J. T. Stark; Grain, Sam Self; Fruit, Marion Robertson; Forage, Bob Webb; vegetables, Mrs. J. C. Stark. Under the Women's Department are the following committees: Plain Sewing, Mrs. Ben Forehand; Fancy Sewing, O'Leta Daniel; Girl's Sewing, Alice Stark; Cooking, Mrs. W. A. Daniels; and Canning, Mrs. J. F. Davis.

The president asked for reports from the committees. Mrs. J. F. Davis reported the canner was ready for everybody's use. The ladies met at Mrs. Sam Self's one day and canned beans. Mrs. Davis and Mrs. A. E. Davis offered to help anyone with their canning.

On account of the busy time the meetings were changed to a month apart, making the next one July 1.

Mental Tests Show Young Workers Need Further Schooling, Declares Executive Who Trains Thousands

The number of juvenile job seekers who are unable to pass a simple educational test based on the three "R's" is illustrated by the records of the Supervisor's office of the Prudential Insurance Company for the past year. These show that approximately one applicant in every nine seeking employment at the home office of the company in Newark, N. J., had to be rejected because he or she did not measure up to the simple educational requirements. These figures are based on the results of the effort being made to induce parents to keep their children in school.

In commenting on the situation, William W. Van Natta, general secretary and chief of personnel, said: "The tests require but a rudimentary knowledge of arithmetic, spelling and geography. While we prefer to get young men and young women who have had some high school work, the tests are arranged so that the average boy or girl with a grammar school education should be able to pass them. Inability to do so is certainly evidence, in our opinion, that they are lacking in the essentials necessary for satisfactory work and could not be trained for the higher positions to which the men and women in the ranks are eligible.

"The close of school sends a small army of boys and girls looking for jobs. If the family is in positive need of the small earnings of these young people and the work does not injure their health one can hardly make objection. But for a parent to permit the boy or girl who perhaps is tired of school or finding study a little too difficult, to leave school and continue in such a job as may be open to him or her, is to allow that child to hang a toll-bar around his neck that will weigh it down all his life.

"Educational standards are being raised in every line of life. It is a realization of this fact which has prompted thousands of parents to take out of their children the educational opportunities they have planned for them, though death or financial reverses might so deplete the family income that it could no longer supply the funds."

MODERN UTILITIES MAKE EVERY TEXAN A GIANT

Public services such as the telephone are the result of engineering and the development of machinery that enables one man—or even a child—to accomplish tasks that without such service, would require many persons.

One true measure of a community is the character and extent of its telephone service and the degree of co-operation between the people served and the people serving.

The most complete understanding of the public character of this service is the best assurance of full co-operation for the benefit of the community.

Run-Down gave out easily

"My health wasn't any account at all," says Mrs. H. L. Cayton, of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down, sure enough.

"Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength.

"Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better, and I did not give out nearly so quick. I took several bottles and I felt lots better.

"Two years ago I decided to take it again. It built me up and made me feel like a different person. It is the grandest medicine for women that I know anything about."

SOCIAL EVIL EXPOSED IN "DAMAGED GOODS"

Speaking plainly on a subject that needs the plainest kind of speaking in order to drive home its lesson, the film version of the "Damaged Goods," will be the much-discussed problem play, season's most unusual attraction at the Dixie Theatre, Wednesday and Thursday, June 15th and 16th.

Though "Damaged Goods" rips the glamor and glitter from many follies of the day, exposes the social evil in all its wickedness, it is dignified, scientific and a necessary, if terrible, warning. No less an authority on civic welfare work than Mrs. J. D. Taylor of Parent-Teachers' Association, has the Los Angeles Federation of the declared: "It is my belief that everyone ought to see 'Damaged Goods' and there is no doubt in my mind that the time is coming fast when such plays will be deliberately fostered for their protective value."

There will be a special show for women only at matinee, and men only at night.

Bridal Tea for Miss Anderson.

Miss Emily Anderson of Goldthwaite, whose engagement to Mr. Ed. B. Gilliam, Jr., has been announced, was honored with a beautiful musical tea on Friday when Mrs. J. N. Weatherby entertained at the home of Mrs. Boon.

The home was handsomely floralled with an array of spring blossoms in the living room and roses and gladioli in the music room. In the dining table day lilies and daisies featured. The daisy motif was featured on the lace covered dining table on which all receptacles were of crystal. The center piece was a crystal basket filled with daisies about which smaller crystal receptacles of daisies were arranged, with a semi-circle formed of the chosen blossoms at either end. Mrs. Vida Y. Robnett seated at the table served the ices. A plate of dainties was passed.

On the porch a beautiful hand-painted register, the handwork of Martha Looney, received the names of the guests. The register with handsome silver sticks were presented the honoree.

Beautiful Party for Bride-to-be

The Goldthwaite Country Club was the scene of a beautiful bridge party on last Thursday afternoon when Miss Lilla Harvey entertained honoring Miss Emily Anderson, whose marriage to Ed. B. Gilliam Jr. of Brownwood will take place the fourteenth of June.

The guests motored to the club about three o'clock and met informally on the spacious veranda. Miss Harvey introduced Miss Anderson, Mrs. E. B. Anderson, and Miss Josephine Gilliam, Sue Gilliam, Mrs. Jesse Turner, Mrs. Station Pauns and Miss Albertine Smith, of Brownwood. After being presented to the honoree, a refreshing beverage was served to the guests from an attractive punch table, beautifully banked in greenery and slender stems of red cypress. Miss Mildren Stephens, Anna Lee Ashley, Mrs. Fred Martin and Miss Bernadine Rudd assisted in serving iced punch.

Dainty bride tallies marked the places for six tables of bridge. At the conclusion of the games Miss Anderson was presented with two lovely gifts from the hostess and her mother.

The Country Club lends itself most delightfully for entertaining. On this occasion Miss Harvey chose the stately red cypress for the predominating tones in the floral decorations. Ferns in shade of lovely green were banked in and around the natural rock fireplace, and in the stone niches were seen crystal baskets filled with the red blossoms. Gracefully hanging baskets completed the setting for this unusually delightful party. Miss Anderson has been complimented with numbers of social courtesies both here and in Brownwood since the announcement of her engagement on May the ninth. None, however, have been more enjoyable than this pretty party.

A salad and ice course was served to about thirty friends of the honoree. Each plate was marked with a long stemmed American Beauty bud. During the refreshment course little Margaret Bigham entertained with several interesting readings.

Mr. and Mrs. W. A. Cook and family of Mexia are visiting in the Emmett Evans home, near Center City.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

You can find plenty of tire dealers who'll be glad to dicker with you, tempt you with all sorts of "special" deals.

I can't. It goes against my grain to pad up list prices in order to give you a discount or a "long trade"—to make myself a good fellow at your expense.

I've been in the tire business for a good many years. I've watched the "bargain boys" and the "long discount" fellows come and go. Every year my business has increased.

Every year more shrewd tire buyers come to me for Goodyears—and they "stay put" and Goodyears. Doesn't it seem logical that Goodyears will prove the best buy for you.
