VOLUME THIRTY-THREE

GOLDTHW' ITE, MILLS COUNTY. TEXAS, FRIDAY August 19, 1927.

NUMBER FORTY

The third annual Mills County Fair is a huge success from every standpoint. The attendance has been fine, hundreds are coming thwaite, visited here Sunday. from Mullin, Lometa and other John Soules has a new Chevronearby points, and of course, let coach. thousands of Goldthwaite trade territory folks are attending.

The exhibits are far superior to any exhibited heretofore and will compare favorably with any in Texas in point of quality. The exhibit hall, under the direction Chevrolet coupe. of County Agent W. P. Weaver, has attracted a steady flow of back from a visit with his wife's people throughout the first two family and friends in Madisondays of the Fair. A detailed ac- ville count of the exhibits will appear in the next issue of the Eagle.

The home talent programs both nights and huge fireworks display were all that could be desired in that class of entertainment and were well received by large crowds.

The races are well attended and some real horses are running. The Endy. race fans are more than satisfied with the way the horses are running. The race this afternoon has an exceptionally good string of horses entered.

The negro ball game attracted the biggest crowd ever to enter visitors. the grandstand yesterday afternoon and this huge crowd was well satisfied with the playing. community, is dead. #### SUNDAY SCHOOL LESSON

By Hight C. Moore SUNDAY, AUGUST 21, 1927 GOD'S PROMISE TO DAVID 1 Chronicles 17

GOLDEN TEXT-Thy throne, O God, is forever; And the sceptre of uprightness is the sceptre of thy kingdom. Hebrews 1:8.

Lesson Setting and Survey David was the greatest and best height of his fame and power he desired ardently to build an adequate temple to cultivate and cendom by a vigorous foreign policy unity previously unknown. He goal of his heart was the erection of a national sanctuary. He was THE LORD.

Lesson Text and Outline 1Chronicles 17: 1-12 I. THE DESIRE OF DAVID.

dwelleth under curtains.

DAVID.

I have ded with all Isreal, man of war and of politics and he spale to word with any of the could render greater service in judge of Isreal, whom I comd to shepherd my people saying, why have ye not built

EVELOPMENT OF

DAVID

servant David, Thus havah of hosts, I took thee the speepeote, from follow-, that thou shouldest er my people Isreal: ve been with thee r thou hast gone, and have cut off thine enemies from before thee; and I will make thee that are in the earth. 9 And a wall appoint a place for my people Isreal, and will plant them that they may dwell in their own place, and be moved no more; neither shall the children of wickedness waste them any more, as at first, 10 and as from the day that I commandeth judges to be over my people Isreal; and I will subdue all thine enemies. Moreover I tell thee that Jehovah will built thee a house. V. THE DESCENDANTS OF

DAVID. II. And it shall come to pass. when thy days are fulfilled that thou must go to be with thy fathers, that I will set up thy seed after thee, who shall be of thy sons; and I will establish his kingdom. 12 He shall build me a house, and I will establish his throne for-

Notes Aanlytical and Expository 1. THE PURPOSE OF THE KING. David was at the Zenith of his strength and ready for what he conceived to be the greatest task of his career. He had a faithful and capable advisor in Nathan the prophet, one of the truest and most trustworthy of the Hebrew counselors. He had built an elegant and commodious house of cedar for himself and his court, materials being brought form the Lebanon mountains under international agreement with Hiram, king of Tyre. He had brought up the ark of the covenant holding within it the Sinaitie tablets of stone and installed that wost sacred relic in his capial city. But the ark was under curtains as in the ancient days of wilderness wandering. Since Is-

real had long been settled in Ca-preparation than in realization. naan why should not the taber-nacle be succeeded by a great While forbidden to attain the

I can't. It goes against my grain to pad up list prices in order to give you a discount or a "long trade"-to make myself a good fellow at your expense.

I've been in the tire business for a good many years. I've watched the "bargain boys" and the "long discount" fellows come and go. Every year my business has increased.

Every year more shrewd tire buyers come to me for Goodyears-and they "stay put" and Goodyears. Doesn't it seem logical that Goodyears will prove the

best buy for you.

### THE TEXAS STATE FAIR TO HAVE BETTER AND MORE FIREWORKS

There will be plenof fireworks at State Fair of Texas this year, both day and night. The nanagement decided to drop the usual "spectacle" for the next show, Oct. 8 to 23, and to put into actual fireworks the money hitherto spent

on the pay rolls supers to act in these spectacles. Consequently, while there will ceded the fireworks were somewhat tame and only detained the crowds who were really desirous of seeing the fireworks and not the preliminaries. So the State Fair management is mak-

ing the new ex-periment, believing that by putting the cost of the "shows" into better and more fireworks, they will please a larger crowd please a larger crowd and give a really better entertainment.

forward to a banner year in Texas, for there been such a de-Texas as has developed this summer.

With all Texas learning the lesson that modern farming pays dividends when properly conducted with a second conducted with the second conducted with ducted, with examples on every hand of what others are doing in the line of advanced methods and with bumper crops and good prices in sight, the implement men evidently expect to do business on a grand scale this fall. Hence the demand which has made it necessary to add new space to Implement Row at Fair Park. It is hinted that several new devices of rather startling nature are to be shown by some of the exhibitors.

### ANNUAL BARNYARD GOLF CHAMPIONSHIP TOURNA-MENT AT STATE FAIR

If there are any hey are able to hold heir own with the kperts of other places in the State,

The State Fair of Texas will inaugu-rate its first annual Barnyard Golf Championship Tournament, at the big fair Oct. 8 to 23, "barnyard golf" being the fancy name that has been fastened upon the game

of pitching horseshoes.

The tournament will be held under the sanction and according to the rules of the National Horseshoe Pitchers' Association, which conducts all such tournaments at the large state fairs

in the north and east.

The champion who wins this tournament will be eligible to enter the National Tournaments next year, and

let us all hope he will bring the na-tional championship to Texas. The list of prizes and the rules under which the tournament will be held may be had by anyone interested by addressing a request to Roy Ruperd, Secretary State Fair of Texas, Dallas.

#### TEXAS A. & M. COLLEGE TO DEMONSTRATE COTTON GROWING AT STATE FAIR

Texas A. & M. College, which in the past has contented itself with an exhibit at the State Fair consisting of a model of the college grounds and buildings, will this year completely reverse itself and display one of the most interesting demonstrations that possibly could be arranged, it is anneunced from College Station.

It will make an exhibit which will monstrate every step in the cotton industry from the preparation of the soil for the seed right down to the time the finished cotton fabric is placed in the hands of the consumer.

### STATE FAIR OF TEXAS TO OPEN SIX NEW EXIT GATES

Six new exit gates from the grounds of the State Fair of Texas will make it possible to empty the grounds of all cars in from seven to ten minutes. even after the conclusion of the biggest football games, when the cars are thickest. At first but three new exits were planned, but engineers pointed out how and where additional

pointed out how and where additional openings could be made and used to aid the crowds in getting away. The former gates will be used for entrance only. No change has been made in those latter locations.

The directors of the State Fair of Texas coim that their efforts to give the pecupe of Texas this fall the best State Fair ever held has resulted in every individual department being improved 10 per cent over what it was last cear or any year in the past. Over a minion attendance is expected.

FARM AND RANCH LOANS Easy Terms—5 to 36 years
Dependable service, through the

### **AUTOMOBILE BUILDING AND** EXHIBIT HALL PLAN NEW FREE FEATURES

Dallas, Texas - (Special) - Confronted with the fact that the attractions at the State Fair of Texas, be no scenery, no parades or supers, no canvas palaces toppling down as in Pompeii, Tokio, the World War and such spectacles, there will be fireworks and a lot of them and all of the best and most brilliant sorts that money can buy. Many people complained that these "shows" which prepaid the fireworks were somewhat each will get its share of the million people expected to attend the fair, regardless of the pulling power of the other shows, exhibits and entertain-

The result of this will be a series of lisplays, entertainments and attractions in those two buildings which will make each one of them a fair in it self. The automobile men have plan ned several startling stunts devised to draw the rowds, while the commerors claim to have up their

sleeves a surprise attraction which will make their building the most popular on the grounds.

All this means more entertainment for the man who enters the gates. His only difficulty will be to find the time to see all that there is to be seen. There is no longer any doubt in the Implement and machinery dealers are evidently looking to be the greatest and the best ever held. There will be better agricultural exhibits, there will be the larges and most complete livesto mand for space on Implement Row at the State Fair of the State Fair of the State Fair of the front with plans to make a good show still better.

DAY EXCEPT SUNDAY

"When you come to the State Fair in October," says Otto Herold, director in charge of the Horse Department of that great show win-dow of Texas, "if it is horse racing have your fill this

and evening, and whippet or grey-lound races are new to Texas. There will be one of the best keese shows ever produced here, with famous exhibitors from all over America. There will be polo games beateen fast teams cities. Free "Ringside Seats"

the new three-quarter mile track and watch the races while scated in your own auto. If you are in the grand-stand, however, you will get a closer view of the whippet races and will see the Hippodrome show, on which we will spend many thousands of dollars for your entertainment.

"There will be 10 big-time acts, all of them new to Texas. And there will

be day and night fireworks, a famous band with several fine singers, plenty of clowns and everything the directors could think of to send you back home more than satisfied and with a feeling that the amusements at the State Fair were better than you had ever seen

### Just Tottering, So Weak

"I was in a bad state of health and was going through a critical time of my life," says Mrs. Ella Scarborough, R. F. D. 5, Dothan, Ala. "Several different things were recommended to me, but I did not get any real relief until I began to take Cardui.

"I was just as weak as could be. My legs were shaky, and often I would just totter around the house. I finally got so bad that I was in bed several weeks.

"It was then that I began to take Cardui. I kept it up for quite a while, and at last I regained my health. Cardui was certainly a friend to me in time of need.

"My health is splendid now, and I seldom have to use medicine, but I gladly say a word about Cardui whenever I find a friend going through the same suffering which I en-

### That Unproductive Period Cut Short

The job of making 8,000 new feathers is certainly an awful drain on a hen's system. Let's hope you are not one of those who figures that feed doesn't matter because the hens aren't laying. Wrong feeding now will add weeks and months to that unproductive molting period.

Now, more than at any other time, your hens need Purina Chicken Chow-

der an dmore of it. Chowder is the mash that will put on feathers in a hurry. Chowder will cut short the unproductive period and put your hens into laying when egg prices are high.

The cheapest ration frequently is not the most economical. The ration that wil cut short the unproductive period is the economical one. So get Chowder busy now-before and during the molt.

W. T. KEESE

#### Questions

1. My little boy does not like milk. How can I overcome this dislike? (Mrs. J. B. M., Bay City). 2. How can eancer be prevent-

ed? (J. D., Belton). 3. Which is the highest death rate in Texas, heart disease or tuberculosis? (Mrs. X, Henderson)

4. I have 3 children, and I find tering the system, and in this that none of them are registered. may also obtain immunity from We had a physician at each of these times and paid his fee promptly. As registration of births is part of a physician's duty, would I not have been justified in withholding such fees until my babies were registered? (Mrs. B.).

5. What foods are recommended for fat people? (Anxious).

6. If smallpox can be prevented, why do we hear of so many case scattered over the state and the

7. Should a baby be allowed to suck a pacifier (Mother).

8. Why is it that some children will take a communicable disease when exposed to it, and others will not? (Mrs. L, Plane).

Answers 1. A dislike for milk is often ac quired by children through having been given at some time, milk of bad oder or taste. It is the natural thing for children to like milk, and the first time a child refuses to drink his glass of milk, the mother should immediately find out the reason. The milk may be of bad quality, and if so, the child shows good sense in not lik sure that the next milk given him is of good quality, as if he once gets it fixed in his mind that he doesn't like milk, he will thereafter refuse any that is given him. Children are great imitators and oftne refuse milk, because some other member of the family does not drink it. Every child should drink a quart of milk each day.

2. There is no known prevention of cancer, such as used in prevention of smallpox, diptheria, and some other diseases. Cancer is a disease of middle or late life and this is one of the reasons why a person should have a health examination once each year after reaching this age. Cancer may be cured in the early stages, but in advanced stages, it becomes a more difficult problem.

3. More people died in Texas last year of heart disease than of any other disease.

3. The mothers of Texas can assist materially in putting Texas in the registration arta of the United States, if they will call their physicians and insist that their

children be registered. 5. Eat freely of cabbage, lettuet, tomatoes onions, turnips, greens, carrots, and other filling foods, Eat sparingly of meat, eggs, bread cereals, and other foods made from grain and grain products. Eat no desserts and no sweets of any kind. extreme dieting is not recommended for reducing overweight, as the body becomes nadernourished, and disease resistance diminishes. Proper physical erercise is the correct method of getting rid of excess fat.

6. The reason that smallpox exists at all is because people refuse to be vaccinated. In Germany, vaccination is compulsory at birth and again in early youth. During the last 10 years, there has been less than 40 cases of smallpox reported in that country, and these

were mostly tourists. 7. Mothers long ago learned that a baby should not be permitted to suck its thumb, but many have yet to learn that a pacifier is also harmful to the welfre of a

### THE BOYS' AND GIRLS' AGRICULTURAL CLUB PRIZES RAISED AT FAIR

Boys and Girls Agricultural Club work receives stronger recognition than ever, in the premium list just issued by the State Fair of Texas, a perusal of the list

only crops recognized by the big

fair have been corn and grain sor-ghums and the highest prize in any one class was \$8.00. This year the highest prize is \$10.00 and the other prizes are increased in proportion. Besides a sweepstakes prize of \$10.00 has been hung up in each class, making it possible for some boy or girl to win additional money and honors.

The State Fair officials this year have added three other crops to the contests, namely sweet potatoes, peanuts and cotton. In the latter class the officials put the boys and girls on the same footing as the grownon the same footing as the grownups, as far as prizes are concerned.
The cotton prizes, therefore, duplicate
those offered in the regular agricultural prize list and range from \$20.00
down to \$2.00, through ten grades.
The results will be, according to
J. A. Moore, superintendent of the
Agricultural department, tremendous
interest on the part of the Boys and
Girls Clubs and a much better show
of products than ever before offered.
Any boy or girl club member may
have a premium list for agricultural,

have a premium list for agricultural, home-demonstration work or pig and poultry club work by writing Roy Rupard, Secretary State Fair of Texas, Dallas.

### JUNIOR LIVE STOCK SHOW A NEW FEATURE AT TEXAS STATE FAIR

A complete junior live stock show will the State Fair of Texas this year, Oct. 8 to 23. The directors in line with

their policy of giving greater recognition than ever to the splendid work
that is being done by the Boys and
Girls Clubs throughout Texas, have
decided that from now on, all the animals, calves nigs lamb, ote as well

decided that from now on, all the animals, calves, pigs, lambs, etc., as well as poultry, etc., raised by the boys and girls, shall be exhibited under one roof, in a building of their own.

In the past these exhibits have been scattered through the different live stock pavilions on the grounds. Beginning this October they will be housed in a separate building adjacent to the boys and girls' club dormicent to the boys and girls' club dormi-tories, a more logical as well as a more convenient arrangement, it is admitted.

Dr. A. E. Flowers, superintendent of the live stock department is authority for the statement that the boys and girls' club exhibits at the 1927 State Fair will surpass anything ever shown in this line in the Southwest. This is all in accord with reports from other sources which point to the coming State Fair as a record breaker from every angle.

### PAVED MIDWAY TO GREET VISITORS AT STATE FAIR

If you happen to ick out a rainy day want to go through the Midway and take n the many shows

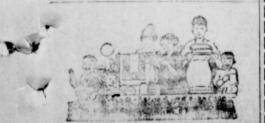

The fair management has built new Midway and has put down a hard surfaced roadway throughout its en-tire area. The rides will all be grouped together in the middle, it is said Around these will run the new road way. And on the opposite side from the rides the different tent shows will the rides the different tent shows will be lined up, facing the rides. The roadway, therefore, will be bottle or loop-shaped. The famous Morris & Castle Exposition Shows have been engaged for the next fair dates, Oct. 8 to 23, it is announced from Dallas, and these are said to be the very best on the road.

### WILL MORRIS, THE GREATEST CLOWN IN THE WORL

This man would be the next gov-ernor of Texas if pended upon the ability of the can didate to make out loud. Wil Morris can make louder and longe than any other in the No one

He is one of the merrymakers who will help to make the Hippodrome show, in front of the grand stand, at the State Fair of Texas next October the furniest and the best show ever engaged by the fair management for that purpose, it is claimed.
