O. E. SCHOW PLACED IN CHARGE OF LIGHT PLANT BY NEW OWNERS

The Texas-Louisiana Power Company has placed O. E. Schow in charge of the plant here and he has kept everything working smoothly. Mr. Schow is an affable and obliging young man and apparently knows the electrical business from the ground up. He has been a resident of Clifton, Texas, for many years and held a position with this company at that place. Mr. Schow states that his company will build an up-to-date electrical shop in the near future and that extensive improvements will be made in the plant here to better serve the people until the high line is put through. Mr. Schow is anxious to become acquainted with Mills county folk and to identify himself with the town. Goldthwaite will welcome him as a citizen.

L. R. CONRO MAKING IMPROVEMENTS IN THE SAYLOR & PARK GARAGE

L. R. Conro, owner of the building, is making considerable improvements in the Saylor & Park garage. This building is being enlarged considerably, concrete base run around and a double wall put on the north. The fastly increasing business of Saylor & Park demands additional floor space every few months and they have kept Mr. Conro busy the past two or three years adding to the building.

T. E. L. CLASS MEETS

Tuesday evening, November 15th, the T. E. L. class of the Baptist Sunday School met in the home of Mrs. Charley Rudd on South Hutchins Street to enjoy the business and social meeting, which is always an evening pleasure and inspiration to this class of enthusiastic workers. Mrs. C. L. Stephens, our efficient Secretary, read as devotional, the 13th chapter of First Corinthians, which was exceedingly fitting at this time as the class planned and are looking forward to remembering the shut-ins of our home department, also of the town with suitable gifts for the Christmas times. We are at this time remembering a family in our midst who has sickness in the home with a pounding, also a box of beautiful flowers was sent to our friends and members who are in the sanitarium. An explorer and writer said, "friendship is the best thing one gets out of life," and we as a class enjoy the friendly spirit that prevails among us and invite our members who are not in regular attendance to be with us on next Sunday. Mrs. Rudd, assisted by Mrs. Howard Sullivan, the guest of the evening, served a tempting refreshment, consisting of delicious cake and chocolate. —REPORTER.

Mrs. George Gartman of Lampasas spent Wednesday afternoon in Goldthwaite.

TO THE EAGLE AND MY FRIENDS

A word to you all to let you know somewhat my appreciation of you and that you may know of my Love for Mills County and her citizenship. It is not possible for me to tell you anything that you do not already know as I have to the present time spent my entire life with you, the best people a person could be allowed to associate with. I wish to ask that you as the citizenship of Goldthwaite give to my successors the same hearty cooperation and Good will that you have given me, for it is only with these that anyone can give the service you need and demand. I am sure that in my turning my interests to another you will be benefitted thereby, as it will take considerable capital to finance the future of the Goldthwaite Light and Ice Co., and these parties have shown their desire to invest in the future of Goldthwaite. The Texas Louisiana Power Company, under the efficient district manager R. W. Porter intends to give you good service with lower rates than you now have, also to build a large Ice Factory in Goldthwaite and assist in every way to help the citizenship of Mills County. A word about my new home. I have been in Brady one month, have had plenty to do and to think about. I am liking my work fine have a good crew of men to work with and the general citizenship has treated me royally since I have been here, the city of Brady is known as the friendly city and they certainly live up to the name. We are living in two rooms at present but hope to have our house by the end of the week, and I am beginning to have hopes of being able to keep Mrs. Geeslin and the boys with me, as for awhile it looked very doubtful and for my sake don't insist too much on their staying in Goldthwaite. To each of you who have stood by me and born with my faults giving an encouraging word or smile I want to express my sincerest thanks. May God bless you and continue to keep you in one big family forever.

ENTERTAINMENT

One of the most attractive entertainments in the social circle of recent date was an Armistice affair given Tuesday evening of last week by Messrs and Mmes D. G. Barnett and C. A. Eacott at the Eacott home on South Reynolds, to a few friends. Messrs and Mmes Eacott and Barnett with the honoree, Mrs. Edward Geeslin, ushered the guests who were ushered to a punch bowl, over which presided Misses Sue Nora Queen and Grace Evan, in a very gracious manner. The color scheme of red, white and blue was used in the decorations, which were very artistically arranged and Old Glory gracefully propping around about and with cut flowers added beauty and gaiety to the occasion. A bugle call was sounded calling each one to his place and a number of games of forty-two were played and as a signal of progression, a bugle call or a national or patriotic air was rendered on the Edison. A very beautiful and delicious plate of refreshments was served and a small silk flag on a metal pole was given as plate favors, which was found floating from the top of a tall dessert dish which added attractiveness to the plate. The guests were: Messrs and Mmes J. H. Randolph, W. E. Miller, Walter Fairman, Floyd Jackson, Mark Leverett, W. P. McCullough, T. F. Toland, W. D. Marshall, R. E. Clements, J. M. MICAH CHAMPIONS THE OPPRESSED

GOLDEN TEXT—He that showed thee, O man, what is good and what doth Jehovah require of thee, but to do justly, and love kindness, and to walk humbly with thy God? Micah 6:8

Lesson Setting and Survey
Micah, apparently of humble origin, was a native of Moresheth-gath, a little town lying off toward the Palestine plain. The period of his activity was during the reign of Jotham, Ahaz, and Ezekeial. Though both kingdoms were outwardly prosperous to the untrained eye, yet there was perceptible prophetic vision a sad and swift decline. Perhaps near the close of his ministry the prophet, from notes of his public utterances, wrote out his book declaring divine judgment, national guilt, and Messianic blessing. The clearness of his forecast is strikingly exhibited in the destruction of Samaria and in the birthplace of our Lord.

Lesson Text and Outline
I. FIRST WORD OF THE PROPHET: WOE (Micah 2.)
Woe to them that devise iniquity and work evil upon their beds! when the morning is light, they practice it, because it is in the power of their hand. 2 And they covet fields, and seize them; and houses, and take them away: and they oppress a man and his house, even a man and his heritage.

II. FIRST WORD OF JEHOVAH: BEHOLD (Micah 2.)
3 Therefore thus saith Jehovah: Behold, against this family do I devise an evil, from which ye shall not remove your necks, neither shall ye walk haughtily; for it is an evil time.

III. SECOND WORD OF THE PROPHET: HEAR (Micah 6)
Hear ye now what Jehovah saith: Arise, contend thou before the mountains, and let the hills hear thy voice. 2 Hear, O ye mountains, Jehovah's controversy, and ye enduring foundations of the earth; for Jehovah hath a controversy with his people, and he will contend with Israel.

IV. SECOND WORD OF JEHOVAH: TESTIFY (Micah 6)
3 O my people, what have I done unto thee? and wherein have I wearied thee? testify against me. 4 For I brought thee up out of the land of Egypt, and redeemed thee out of the house of bondage; and I sent before thee Moses, Aaron, and Miriam. 5 my people, remember now what Balak king of Moab devised, and what Balaam, son of Beor answered him; remember from Shittim unto Gilgal, that ye know the righteous acts of Jehovah.

V. FIRST WORD OF ISRAEL: WHEREWITH (Micah 6).
6 Wherewith shall I come before Jehovah, and bow myself before the high God? shall I come before him with burnt-offerings, with calves a year old? 7 will Jehovah be pleased with thousands of rams, or with ten thousands of rivers oil? shall I give my first-born for my transgression, the fruit of my body for the sin of my soul?

VI. THIRD WORD OF THE PROPHET: GOOD (Micah 6).
8 He hath showed thee, O man, what is good; and what doth Jehovah require of thee, but to do justly, and to love kindness, and to walk humbly with thy God?

VII. THIRD WORD OF JEHOVAH: SMITTEN (Micah 6)
9 The voice of Jehovah crieth unto the city, and the man of wisdom will see thy name: hear the cry of the rod, and who hath appointed it. 10 Are there yet treasures of wickedness in the house of the wicked?, and a scant measure that is adiminable? 11 Shall I be pure with wicked balances and a bag of

deceitful weights? 12 For the rich men thereof are full of violence, and the inhabitants thereof have spoken lies, and their tongue is deceitful in their mouth. 13 Therefore I smitten thee with a grievous wound; I have made thee desolate because of thy sins.

WHY?

Why should the street leading to the schools in Goldthwaite be the most poorly kept streets in town?

Why should weeds be permitted to grow along the streets leading to the schools, and why should rubbish be allowed to collect along this thoroughfare.

Nearly 500 boys and girls go along this street each day; they are the money and intellectual assets in this community; besides each are dear to some mother's heart. Think—

MRS. J. J. VIRDEN

Mrs. J. J. Virden died at the family home in the southwestern portion of town last Saturday night at 8:20 o'clock. Death resulted from a stroke of paralysis. Mrs. Virden had been in ill health for several months. The remains were laid to rest in the Pleasant Grove cemetery, Rev. O. O. Moore, pastor of the Methodist church here, conducting the services. Mrs. Virden leaves a husband, J. J. Virden, and eight children and eight grand-children, all of whom had visited her at a family re-union the day before her death and all of whom were at the funeral. She was a native of Illinois but moved to Texas in 1877 and had lived in Mills county since 1880, in the Pleasant Grove section until about seven years ago, when she and her family moved to Goldthwaite. Mrs. Virden was 62 years, 4 months and 17 days old at the time of her death. She had been a member of the Methodist church for several years. The Eagle extends sympathy to the bereaved ones in this dark hour.

One Can't Feel Well When Kidneys Act Sluggishly.

THE part played by the kidneys and their importance to bodily health should be clearly understood. Sluggish kidneys do not thoroughly cleanse the blood of poisonous wastes. Such impurities are apt to make one dull, tired and achy with often a nagging headache, drowsy headaches and dizziness. A common warning of imperfect kidney action is scanty or burning excretions. **FORMER STUDENT OF
MRS. CARRIE PALMER
WRITES FROM JAPAN**

Following is a letter received by Mrs. Carrie Palmer from J. S. Oxford, principal of Palmore Institute, 23 Kitagasa, 4-Chome, Kobe, Japan:

Sept. 26, 1927.
Mrs. Carrie Palmer,
"Somewhere in Texas."
U. S. A.
Dear Mrs. Palmer:

For several months I have had your name on my list of persons to whom I wanted to write, and not long ago my wife's sister, Mrs. Chas. Lewis, wrote me that you had been in her home. She did not say whether you were living near her or whether you were still living near Goldthwaite, so I am going to send this to Mrs. Lewis and ask her to put the correct address on it and mail it to you.

My, how time changes things! Forty years ago last July and August I had my first experience in school. Old Tilton school house by the big live oak was the place and you were the teacher. As I remember now I did not take things very seriously that summer, for up to that time life for me had been only play, and I indulged in that to the full. However, impressions were made upon my mind those few weeks which will ever be almost as vivid as when they were first made. The small boys and girls with whom I played have grown to be grizzled men and matronly women with boys and girls of their own and some of them with grand children.

I'm sure you would like to hear something about us personally. Ruby and I were married on the 24th of August, 1910, and left the next night for Japan, where we have been ever since with the exception of two visits to the United States. But before coming to Japan I had taught two years in a mission school in Santiago, Chile, South America. I have been in school work all the time in Japan, having been principal of Palmore Institute for the last fifteen years. Wayne Hemp joined us when we were in Los Angeles, Cal., two years ago. He is a wonderful little fellow, just past two now and as full of life and fun as anybody could be. I am enclosing some kodak pictures which will give you some idea as to how we look, and the changes, in personal appearance at least, which the past forty years have wrought in your little pupil. I am getting rather gray and am somewhat heavier than I ought to be for my height, otherwise I suppose anybody who had ever seen me would recognize me as being the same person they saw twenty, thirty, or forty years ago.

A brief account of other members of our family might be of interest to you. As you know, Sister died in 1894—just 33 years ago today. My mother, to whom I owe more than everybody else, died five years ago. Pa is now living at Turnersville. Bud is a doctor and lives in Floresville, 30 miles south of San Antonio; Sid is with a business firm in Brownwood; Tom is in the drug business in Elkhart. Alice is the wife of a farmer and lives near McGreager; Vela's husband died two years ago and she taught school last year at Flat, near Leon Junction. My youngest brother, Henry, was lost in the Tuscania disaster, off the coast of Scotland. Time has wrought many changes in our family and we have been together very little since I went away to college in 1899. The path of duty, as I have seen it, has led me farther afield than the rest, though the others are pretty well scattered over the state of Texas. It begins to look now as if we are here "for keeps," and to us Japan is home. We love the Japanese people and they are kind to us. They are the most teachable people I have ever had any dealings with and I know of no place that I would rather be than right here. While at home two years ago the Mission built us a nice house which adds much to our comfort.

The war situation in China and the financial panic in Japan last spring have kept things pretty much upset in this part of the world for the past several months. Nobody seems to know what is going to be the outcome of the China situation and we are almost as uncertain about the financial predicament of Japan. Some Missions and missionaries lost heavily in the bank failures last spring, but fortunately our Southern Methodist Mission lost nothing.

Well, I might just keep on writing indefinitely, but perhaps this is enough for this time. It would be a very great pleasure to me if our paths could cross again, but that hardly seems possible. You are now in the evening-time of life, and as you look back over the years I hope you can see and feel that your labors have not been in vain. I know you have written your name on the hearts of many here and there, who will rise up and call you blessed. I do not believe in laying flowers on the graves of the dead, but feel that we ought to do all we can to make the lives of the living bright and happy and let them know that we love them while they are with us. To that end I send you my love from across the sea and want you to know that I am grateful.

Sincerely yours,
JIM OXFORD.
BIG VALLEY

The weather prophets of Big Valley have certainly been fooled this time. They have been predicting blizzards since the last of September and it is still pretty weather. If you ask Mr. Griffen what he thinks about the weather he will say, "You had better enjoy this pretty day. It's the last one we will have in quite awhile."

Ben Forchard and family were in the Valley Sunday visiting with Mr. Griffen and family. Will Duey and family spent Sunday with J. C. Moreland. We were glad to have all the boys and girls who have been away teaching at other places back with us Sunday. Melvin Doak and Miss Mary Coekrell, who are teaching at Mount Olive, spent the week-end at their homes. Wilma Miller, who is teaching at Live Oak, came in for a short visit. Pattie Coekrell, who is teaching at Center Point was at home. And Lorraine Duey, who is teaching at McMellen spent the last week-end with her parents. We are proud of these young teachers and glad to have them back with us.

Alfred Johnson and J. C. left Monday morning for West Texas. Mr. and Mrs. D. G. Barnett and Joe spent Sunday in the J. J. Coekrell home. Mr. and Mrs. Loy Long and Mr. and Mrs. Floyd Sykes were visiting in the Valley last Sunday.

Mr. Denard was very unfortunate Sunday night. His barn burned and the fire destroyed all his winter feed. When the fire was discovered it was too late for anyone to get anything out.—GIRLIE.

RATS THAT DESTROY THE MELODY

Eph. 5:18,19. Some months ago the press dispatches from Paris, France, brought this story: "The famous organ in the Trocadero—Said to be worth \$125,000—is in danger. This

magnificent instrument, the third finest in France, is suffering from old age. Five men could blow it at one time, but today it takes ten men to provide the necessary power. Many of the pipes are out of use because rats nest in them." Nesting rats spoil the melody, Sin does the same in the human heart. The rats of sin must not be allowed to nest in our thoughts or desires or affections, or the sweet music of the Spirit will be banished. A clean heart, that seeks to be a blessing to others, will set all the joy bells ringing and all the melody reverberating.

A STRIKING CLOCK

Mark 16: 15. "Your clock seems to be on a strike," I remarked to the attendant at the desk in the telephone office. I had looked up to note the time and saw the clock was not running. "Yes it is on a strike," the young woman replied; and added with some feeling, "I don't like to have it that way. I don't like to have a thing stopped that ought to be running!"

Her indictment of the striking clock intensified my own

Goldthwaite Texas

perception of the incongruity of the tickless timepiece, "a thing stopped that ought to be running." The strike was a sin against the very nature of the clock. Her protest was he inevitable outcry of Kosmos against Chaos, of Life against Death, of fidelity against treachery: "I don't like to have it that way."

I came away thinking of the other things stopped that ought to be running. I thought of the Church of Christ, halted and inert and forgetful of its Lord's Great Commission. I thought of the many churches whose chief aim appears to be 'to keep up the services,' when they are appointed to carry light and love and life throughout their communities. I thought of those dumb followers of Jesus who never tell anything about him, as uncommunicative as the clock with motionless hands. I thought of the missionary stations in heathen lands hampered or abandoned for lack of funds from the home churches. I thought of the high stacks of

Bibles and Testaments shelved and waiting for the menas of releasing and broadcasting the Word of God. And, finally, I thought of Him whose Body the Church is, and of his own dis-appointment at our stagnation. I almost thought I heard him say of his blood-bought Church, with sorrow in his words: "Yes it is on a strike. I don't like to have it that way. I don't like to have anything stopped that ought to be running."

TERRELL SAYS CONSPIRACY TO KEEP PRICE OF COTTON DOWN

George B. Terrell, Commissioner of Agriculture, gave out the following statement today concerning production, supply and price of cotton:

"Figures don't lie, ut liars make figures." In order to keep the record straight, as Hugh Nugent Fitzgerald would say, the production, consumption and carry-over cotton is hereby given:

Total production of cotton, 1926, 17,911,000 bales.

Domestic consumption for year closing July 31st, 1927, 7,202,724 bales.

Exports for the same year, 11,183,938 bales.

Total exports and consumption, 18,386,662 bales.

It is seen by these figures that consumption and exports were greater for the year than the total crop which was the largest ever made in this country. Consumption is now keeping pace with last year's figures.

The total crop for this year as now estimated by the Government is 12,678,000 bales, which seems to be a conservative estimate. According to Government figures there was held in consuming establishments and public storage July 31, 1927, 3,295,004 bales which, added to the present crop, makes 15,973,004 bales, as the total supply which is 2,413,658 bales less than the domestic consumption and exports for last year. Nobody believes that domestic consumption will decrease, but there may be some decrease in exports.

Government figures secured from questionable sources, which are disputed by high authority, show a carry-over in foreign countries of 4,604,996 bales and it is claimed that this carry-over in foreign countries will lessen exports, but there was some carry-over in foreign countries from the 1925 crop, and there is a carry over every year, and must be, to guard against a short crop like this, to keep the mills from closing down. In spite of the carry-over from 1925, the exports for the last year have been the largest in history, due in a great measure to improved conditions in Europe and especially the unprecedented buyings by the mills of Germany. The government has failed to give the grade of the carry-over cotton, which is the most important factor in the cotton situation, and it is held up as a big surplus to keep the price down.

It is a well known fact that this cotton has been accumulating for several years and consists of a great

deal of low grade cotton which is untenderable on contracts and much of it cannot be used by the mills without changing their machinery especially to use such cotton. The breakage and wastage in spinning this kind of cotton is so great, and the character of goods made from it so inferior and low in price that the majority of the mills will not use it. These facts have been studiously kept from the public.

HOW PRICES ARE KEPT DOWN

Parading a big surplus before the public has deceived many people and the Government has either wittingly or unwittingly aided in this bear raid by not giving the grade of the carry-over and by using figures from interested sources which are not justified in official reports, or justified by good faith towards the farmers. No only this, but the statement was given out authoritively that present indications pointed to lower cotton prices, while every indication pointed to higher prices, and higher prices had already come by reason of the short crop, and increased consumption.

The cotton gamblers seized upon these government statements as an excuse to keep the price down until the cotton leaves the farmers' hands—they then expect to put the price up and reap the benefits of the higher prices on spots and continue the constant fluctuations so necessary for the existence of the exchange.

Every indication points to higher prices in the future, but it is impossible to tell how soon higher prices will be realized, as gamblers control the cotton market. They could put the price up this year easier than they can keep it down, and started out to do this and had put it up to 25c for cotton of good quality after the short crop had been reported. Since the prediction of lower prices by the Secretary of Agriculture, followed by his large carry-over estimate, there seems to have been a conspiracy framed up to rob the farmers, as the price has continued to decline without any real cause.

These conditions would seem to justify a thorough investigation of this whole matter and the abolishment of the gambling feature of the exchanges, and all agencies that are used to depress prices of the farm products."

—GEORGE B. TERRELL,
Commissioner of Agriculture
