VOLUME THIRTY-FOUR

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JANUARY 20, 1928.

NUMBER ELEVEN.

TWENTY RACE HORSES TRAINING AT FAIR PARK

About twenty race horses are being trained on the half mile oval race track this spring under the management of Clabe Locklear. These horses are from Houston, Galveston, Novice, Lampasas and other points as well as some of Mr. Locklear's own string.

One horse, Harry M, won ten races from October first to November 10th.

Another, Bracket, won first place in the highly competitive races in Old Mexico.

One horse, Winning Bird, owned by Weaver of Galveston, was imported from England.

New tops have been put on the stables and it is contemplated that several new stables will be built in the near future. Mr. Locklear estimates that about \$20000 per month is spent here for feed for these horses. He turned down several offers from surrounding town to train in their stables.

\$29,000-00 WORTH OF FENCE SOLD FOR ONE RANCH

E. T. Fairman closed a deal the first of this week with the Yates interests, present owner of the Green ranch, about 25 miles southeast of San Saba in San Saba county, to place wolf proof fence around this ranch, at a cost of more than \$29,000.00. About 105 miles of the finest fence will be used and Mr. Fairman estimates that about 5 months time will be required to complete the fencing.

HAMMOND-SHELTON

Miss Malta Shelton and Ray Hammond were united in marriage, January 14th. Rev. Dance of Goldthwaite said the words that made this happy young couple man and wife.

Mrs. Hammonds is the daughter of Mrs. Kate Shelton of the Center Point Community, and has a host of friends and childhood schoolmates that wish her the best in life.

Mr. Hammond has made the Center Point Community his home the past three years.

The bride was dressed in bridge flat Crepe dress, with coat and hat to match.

We extend congratulations to Mr. Hammond for winning this beautiful young lady as his wife.

May they enjoy a happy and full life together is the wish of their many acquaintances.

TRIGGER MOUNTAIN

Most all of the sick folks are well on the road to recovery.

Mr. and Mrs. George Lively are visiting Mr. and Mrs. J. B. Lively, this week.

Sam Maxwell of Eastland is visiting his uncle, Mr. W. S. Cunningham.

Earl Tullos has returned home after spending some time in West Texas.

Clarence Vaughn and Dan Calaway, who are working on the highway near Stephenville, spent the week-end with home folks.

Miss Evelyn Hampton spent the week-end with Miss Ruby Cave in Goldthwaite.

The party at Bud Oden's was well attended Saturday night.

Mrs. J. P. Dellis and Mrs. E. L. Curb spent Monday afternoon with Mrs. W. E. Garner.

Mr. and Mrs. J. W. Roberts and baby are spending this week with his brother near Lometa.

Mr. and Mrs. V. T. Stevens gave a birthday dinner Sunday in honor of Mrs. Stevens and her father.

MERRY WIVES CLUB

Mrs. J. H. Randolph entertained the Merry Wives club and a few guests last Tuesday afternoon at her home on East Fisher Street.

In bridge Mrs. Walter Fairman won high honors as club member and Mrs. Earl Fairman as guest.

The next meeting will be held with Mrs. Kelly Saylor Jan. 31. —REPORTER

LAKE MERRITT 4-H PLAY

The Lake Merritt 4-H Club Boys and Girls rendered the play, "Aaron Slick From Pumpkin Crick," Saturday night, January 7.

The characters were introduced by Mr. Stuck, which were as follows:

Aaron Slick, a county hick—Tommie Graves.

Mrs. Rosy Berry, a widow—Gladys Brown.

Sis Riggs, a tomboy—Marie Stuck.

Wilbur Merridew, a speculator—Burton Leverett.

Gladys Mae Merridew, a city girl—Mabel Graves.

Clarence Green, a poet—Elias Stuck.

The Girl in Red—Florence Oden.

Each character certainly rendered their part well and produced a general laughter throughout the play.

We certainly appreciated the music furnished by the Goldthwaite band, also the piano solo by Miss Pauline Dalton.

The donations which amount to \$1380 will pay for our new curtains and the expense of the lights.

Here's hoping the boys and girls will give us another entertainment in the near future.

This is one of the liveliest clubs in the county and we are sure we will hear from them again.—X.

Mrs. Roy Rountree underwent a double operation at a Temple Sanitarium Tuesday morning. At last report she was doing nicely.

TEXAS FARM AND HOME SPECIAL

Operated by the Santa Fe Railway in Co-operation With Texas A. & M. College

The Texas A. & M. College will present the entire program. The principals and the subjects they will discuss are as follows:

Dairying—J. A. Clutter and A. L. Darnell, Dairy Husbandry Department; J. L. Thomas, Extension Service.

Livestock Farming—D. W. Williams, Animal Husbandry Department; Fred Hale, Texas Agricultural Experiment Station; G. W. Barnes and E. R. Eudaly, Extension Service.

Field Crops—J. S. Mogford, Agronomy Department; D. T. Killough, Texas Agricultural Experiment Station; E. A. Miller, Extension Service.

Home Making—Miss Mildred Horon, State Home Demonstration Agent; Miss Bess Edwards, Assistant Home Demonstration Agent; Miss Altee Smith, Miss Gertrude Blodgett, Miss Juanita Sprott, Miss Jennie Camp, Miss Helen Swift, Miss Minnie Mae Grubbs, Miss Sally Hill, Miss Myrtle Murray, District Agents.

Boys' and Girls' 4-H Club Work—S. C. Evans, State Club Leader.

Special Announcements

The train will stop near the Santa Fe station in each town, according to their schedule. The train will be in Goldthwaite Monday, February 6, 1:30 p. m. to 5 p. m.

Meetings will consist of a series of short lectures, after which the visitors will be invited to board the train and see the exhibits provided by the A. & M. College for demonstration purposes. The exhibits will include beef cattle, dairy cattle, hogs, sheep, poultry, crops and soils and one car will be devoted to home making and boys' and girls' club work.

The lectures will be given from a specially built flat car, equipped with an electrically controlled voice amplifier. The train will be electrically lighted for night meetings.

A cordial invitation is extended to everyone to be present, especially women and children, and farmers are urged to come prepared to ask questions. Boys and girls interested in 4-H club work and vocational agriculture will be special guests.

Make this meeting a community event.

UNION PRAYER MEETING

January 23rd at 3 o'clock at the Presbyterian Church.

Leader—Mrs. Al Dickerson.

Assistants: Mrs. Jno. Keese, Mrs. Linkenhoger, Mrs. Irvin, Mrs. Pribble, Mrs. Darnett.

HENRY TAYLOR ANNOUNCES

Henry Taylor, for the past five years county attorney of Bell County, authorizes the Eagle to announce his candidacy for District Attorney for the 27th Judicial District, composed of Mills, Lampasas, and Bell counties, subject to the action of the Democratic primary.

Mr. Taylor was born and reared in Bell county. He was admitted to the bar and began the practice of law ten years ago at Temple. He served in the late World War during the conflict. Just 34 years of age, Mr. Taylor intends to make an active campaign during the next few months and will be in Mills county quite a bit and will, undoubtedly, make an effort to become acquainted with the folks here.

During the time he has held the office of county attorney, Mr. Taylor has assisted in the prosecution of practically all the criminal cases tried in Bell county, and by virtue of this and his careful law training should be fully competent to fill the office of District Attorney in a satisfactory manner.

Mr. Taylor solicits the votes and influence of Mills county citizens.

REIDE M. HAYNES ANNOUNCES

Reide M. Haynes of the Ebony community authorized the Eagle to announce his name as candidate for commissioner of Precinct No. 4, subject to the action of the Democratic primary in July.

Mr. Haynes moved to Mills county November 27th, 1889, and has lived here practically all the time since. He is well acquainted with the citizens of Precinct 4. He held the office of commissioner fourteen years ago for on term and did not try for re-election. He is a practical road man and is familiar with the duties of commissioner.

Mr. Haynes states that he believes in apportioning the road money on the different roads according to the amount of taxes paid by the different communities and if elected, intends to do this.

Mr. Haynes solicits the votes and influence of his friends in Precinct 4.

MORE CHURCH DON'TS

Don't stay away because you think the church doesn't need you; never did the church need more and better men.

Don't stay away because you don't need the church; the fact is, all men need Christ and at the church is a good place to meet him.

Don't stay away because you are rich; for we offer you the eternal riches of his grace.

Don't stay away because of the children; the boy and girl who eats at your table should sit by you at church.

On last Sunday we had quite an increase in our congregation both morning and evening, and a larger attendance at Sunday School.

And if the "stay at home" and "don'ts" don't begin coming soon you may have to take a little more.

The "Trial of Faith" will be the subject next Sunday.

STAR GIRLS WIN OVER GOLDTHWAITE GIRLS

30—20

Friday, January 13th, the Goldthwaite girls left the high school building at 2:30, anxious to get to Star with the determination of winning a basket ball game.

The game was started and going very well by four o'clock. The game started off seemingly in favor of Goldthwaite. Four scores were made before Star scored but our luck changed. Several subs were carried along. The line-up for first quarter from Goldthwaite was: Maadia Wilson and Ethel Bohanan-Forward.

Mary Algee Weathers and Wilma Wheeler- Guards.

Blanch Fisher and Elizabeth Nichols center. At the end of the first quarter the score was 10-4 in Star's favor. Francis Page was put in Elizabeth Nichols place to jump center. At the beginning of the half Maadia Wilson was knocked out and Essie Mae Brim was run in as a forward.

At the last quarter the score was 28-12 still in Star's favor. Blanch Fisher was then put in as forward and Essie Mae Brim as running center. Several goals for Goldthwaite were made during the last quarter bringing the score up to 30-20. Star has a team of good sports each of the Goldthwaite girls really enjoyed playing even if we did get beat, but we don't mind losing to a team that has such a crowd of good hearted girls as Star has.

WEINER ROAST

The Christian Sunday School class enjoyed a Weiner roast and the Bridge no. 10 on Friday night. We assembled at the church house at seven o'clock, boarded a truck and was off for another good time.

A big bon-fire was built and after playing several games every one enjoyed the eats. Those present were: Billie Stephens, Mary Alice Weathers, Earnest Linkenhoger, Alma Locklear, Ralph Grant, Maadia Wilson, Eris Ritchie, Ruth Cornelius, J. E. Bohanan, Wilma Dennis, Homer Erwin, Doris Oden, Segnor Jernigan, Belva Obenhaus, Charles Erwin, Essie Mae Brim, Maleum Jernigan, Hazel Faulkner, Ethel Bohanan, Clarice Ashley, Beatrice Henry and Mr. and Mrs. Earl Hale.

VICTORIES FOR EAGLES

The Goldthwaite Eagles defeated Mount Olive Friday evening in a basket ball game. The final score was: Eagles 34, Mt. Olive 9. The game was the first one to be played this season except two games played with the Goldthwaite Ringers, in which the Eagles were successful in winning also.

This game brought out some fine playing qualities in several of the Goldthwaite players, Barton McPhearson for one, who is making a fine center player for the team.

DEBATE IN AMERICAN LITERATURE CLASS

The American Literature class held an interesting debate in class last Friday morning, the subject of which was,

"Do Women Lose The Power To Think Earlier Than Men?"

The affirmative side of the proposition was debated by Robert Brown, who acted as both speakers for that side.

Frances Page and Leona Taylor debated for the negative side. Mr. Stringer, Billie Stephens and Odessa Morris acted as judges.

Both sides established many good points, but the final decision was made in favor of the affirmative.

42 PARTY

On Thursday afternoon, January 5, Misses Ruby Lee Dickerson and Rachel Johnson were joint hostesses at an afternoon social in the Dickerson home. The guests were met at the door by the two charming hostesses and ushered into the living room which was beautifully decorated with white and yellow chrysanthemums. After all of the guests had arrived, tables were placed and distinctive tally cards, bearing a landscape motif in blue, green and yellow, were distributed. The appropriate table markers designed by Willie Mae McGowan (Mrs. Joe Bailey Karnes), also carried out the color scheme of blue, green and yellow. After several exciting games of 42, beautiful embroidered table covers were laid and a refreshment plate consisting of vanilla frappi, cakes and mins, in tiny blue and yellow baskets was served.

At 5:30 we bade our hostesses good-bye, assuring them that

theirs was one of the most delightful parties of the season.

Those who enjoyed the hospitality of Misses Dickerson and Johnson were Myra Nell Johnson, Grace Patterson, Doris Oden, Frances Page, Frances Louise Geeslin, Leota Simpson, Bernadine Rudd, Aileen Wilson, Gareta Little, Pauline Dalton and Elouise Kyle.

THE PUPILS VIEW OF EACH DAY OF THE WEEK

I can't tell why, I never could but always on Monday I feel, you can't tell how I feel it seems it must be Sunday.

By Tuesday, well by then you know

I am a trifle brighter, But, oh, the lessons—Don't you think they should be lighter?

By Wednesday noon, I'm quite glad

And take my daily rations of work and food with fortitude and quiet resignation.

And welcome Thursday, when it comes, with—not exactly gladness.

Yet with firm conviction that to waste an hour is madness.

But, ah, when Friday comes Though sums go wrong what matter.

I am so glad, I am as mad as Alice's mad hatter.

EAGLE CAGERS DEFEAT LAKE MERRITT CAGERS

In a practice game last Friday, the Goldthwaite High

School Eagles defeated the Lake Merritt team 24-8.

The game was slow and uninteresting to the spectators, who were shivering in below freezing weather.

McPhearson was high point man for the Eagles, having successfully made 13 points. Price was high point man for Lake Merritt with 6 points.

The Eagles showed up well considering the temperature and the fact that they were playing in enemy territory, on an outdoor court.

A GARDEN LOVE LETTER

Dearest Cucumber:-

Do you carrot all for me? My bleeding heart beats for you. My love is as soft as a squash, but strong as an onion. You are a peach with you radish hair and turnip nose. You are the apple of my eye and if we canteloupe, lettuce marry, for I am sure we would make a happy pear.

Your sweet honey,
Sauer Kraut.

THE HURRY ELEMENT

Where will all our hurrying

finally find us? Someone has called this the "age of flying feet that get nowhere." This seems to be true here in our own Goldthwaite High School.

We have three long minutes between; yet about half of us have to rush madly to class in order to get there on time. We stop to talk to our friends until one minute before classes pass, then we have to knock down several innocent students in order to get to class on time.

Our themes and notebooks are often good examples of the 'hurry element,' we give about five or ten minutes to them, and when they reach our teacher the teacher always thinks that someone has handed in a paper of fly tracks by mistake.

Probably all of us have been guilty of seeing a good show and thinking we could get our lessons before class. Then, of course we had them—not!

The High School boys gave a band concert on the Court house lawn last Thursday night. A large crowd attended.

We are proud of the rapid improvements made by our boys.

A large crowd including several High School students enjoyed a party at the Jernigan home Saturday night.

Give or take. The Collector approached a man sitting in the pew and held out the collection plate.

"I never give to missions," whispered the man.

"Then take something out of the box, sir," whispered the collector, "the money is for the heathen."

CHEVROLET

Wildfire enthusiasm kindled throughout the country last week when the new Chevrolet line for 1928 went on display took particular account of the many mechanical innovations embodied in the new car.

Thousands who viewed the new car noted that the ride was increased and smoother and more beautiful, also that the mechanical features had been developed to a measure heretofore unknown in the low price class.

Outstanding developments in the engine and chassis that received wide-spread endorsement were the increased speed and power of the new car, easier steering, four wheel brakes of new design, shock absorbers, springs marking an advance toward riding comfort, and engine performance.

The last mentioned feature was achieved by the constance alloy "invar strut" pistons which make for smoother, more efficient motor performance. Further contributions toward this end were gained by raising the compression ratio and by stepping up the valve lifts. Through these changes maximum power is developed.

Other changes in the engine are the addition of a breathing system to eliminate the annoyance of engine fumes; a new two-port exhaust, and a silence engine enclosure.

The four wheel brakes are of non-locking design -- the product of Chevrolet laboratories plus the facilities of general Motors laboratories and proving grounds. Front brakes are two shoe unenergized internals while the rear brakes are the energized external, self wrapping type. Front and rear brakes have been proportioned to prevent side drag or pull. Each Brake has an individual adjustment at the wheels, while "stops" have been provided to make the adjustment process especially easy. Easy initial pedal application throws the front brakes into action. More pressure throws front brakes harder into action and also brings the rear brakes into full play so that it is impossible to slide the rear wheels on dry pavement by using full pressure but not the front wheels.

The effect of this, according to Chevrolet engineers is to get uniform wear on brake lining.

The springs also are of extraordinary interest. Realizing that all uncomfortable spring action is the result of rebound after striking a bump, Chevrolet engineers set about to increase the friction of the springs and thus check the rebound.

This end was achieved by equipping the springs with special rebound checks. Two checks are on each spring located half way between the spring shackle and the spring end. These rebound checks are inverted bow shaped steel leaves assembled under high pressure against the top of the spring leaf, the ends pressing against the top of the leaf, increasing the resistance.

So much has the spring friction been increased by this new device that the car is said to ride 50 percent better than with the old type springs. The rebound checks also offer greater resistance to bumps.

Greater ease of steering was made possible by adopting a ball bearing worm and gear steering mechanism, including ball bearings in the steering knuckles, and by increasing the steering ratio from 8 to 9.5 to 1. The four inch increase in wheel base contributes greatly to the riding quality of the car, with less pitching and better road holding ability.

The front axle has been enlarged and strengthened to accommodate the new bake attachment. A fan shroud has been added for more efficient cooling, and a host of other details combine to make the Chevrolet for 1928 the best performing, most efficient and dependable the company.

NABORS CREEK

Everyone in his community is up and able to visit again. There has been two cases of chicken-pox, but they are improving rapidly.

Mrs. R. H. Friez and daughter were visiting in the Burdette home Saturday afternoon.

MRS. JOHN H. MOORE

Mrs. John H. Moore was fatally wounded when she fell from a car traveling about 20 miles an hour at Fort Worth January first. Death resulted January 13th and the remains were brought to Goldthwaite and entered in the cemetery at South Bennett January 15th at three o'clock in the afternoon. Services were held by Rev. O. O. Moore, pastor of the Methodist church here, at the graveside. Services were also conducted at Fort Worth by Mrs. Moore's pastor.

Mrs. Moore was formerly Miss Minnie Karnes and was a daughter of Mrs. Noah Karnes of the Live Oak community and was reared in Mills county. She and her husband moved from this county about 20 years ago.

Mrs. Moore was 48 years of age. She leaves a husband, one daughter, Mrs. Clevis Gable of Fort Worth, and one son, Noah Moore of Mexia, Texas, a mother, Mrs. Noah Karnes and several brothers and sisters, all of whom attended the last sad rites.

The Eagle joins the friends of the Karnes and Moore families in offering the bereaved ones sympathy in this sad hour.

SUNDAY SCHOOL LESSON

SUNDAY, JAN. 22, 1928

Subject:
JESUS AND THE LAW
Mark 2:18 to 3:6

So long as Jesus attracted little attention the Pharisees, among whom were the religious leaders of the nation, could afford to ignore him, but now that the multitudes were crowding to his ministry they felt that the time had come for action. It was natural that they should hate Jesus. As leaders of the people they had long enjoyed undisputed authority. Their word was infallible. Rotten to the core, they despised the spirit of the law which condemned them, and sought to cover their hearts by a strict adherence to the letter. They made clean the outside of the platter. Not only were the doctrines of Jesus opposed to theirs, but his career was opposed to theirs also. It was easy to see that his popularity was increasing at their expense. If things continue as they had begun—if that Galilean peasant was allowed to roam over the country, spreading his pernicious doctrines and turning the heads of the people—what would become of their doctrines and influence? Many scholars believe that this question was brought up in a council of the hierarchy at Jerusalem, and that it was decided that for the preservation of their own laws and their own influence they would silence him. And they would silence him the only way that true prophets could be silenced. This explains the presence of the scribes who were now continually dogging his footsteps in Galilee. They were practically detectives sent out

to watch his movements, and to gather material for a bill of charges which would justify his arrest.
The Lesson Text
Authorized Version (2:18-22; 3:1-6).—(18) And the disciples of John and of the Pharisees used to fast: and they come and say unto him, Why do the disciples of John and of the Pharisees fast, but thy disciples fast not? (19) And Jesus said unto them, Can the children of the bridechamber fast, while the bridegroom is with them? as long as they have the bridegroom with them they cannot fast. (20) But the days will come, and then shall they fast in those days. (21) No man also seweth a piece of new cloth on an old garment: else the new piece that filled it up taketh away from the old, and the rent is made worse. (22) And no man putteth new wine into old bottles: else the new wine doth burst the bottles, and the wine is spilled, and the bottles will be marred: but new wine must be put in new bottles.
(Ch. 3.) And he entered into the synagogue; and there was a man there which had a withered hand. (2) And they watched him, whether he would heal him on the sabbath day: that they might accuse him. (3) And he saith unto the man which had the withered hand, Stand forth. (4) And he said unto them, Is it lawful to do good on the sabbath days, or to do evil? to save life, or to kill? But they held their peace. (5) And when he had looked about on them with anger, being grieved for the hardness of their hearts, he saith unto the man, Stretch forth thine hand. And he stretched it out: and his hand was restored whole as the other. (6) And the Pharisees went forth, and straightway

took counsel with the Herodians, how they might destroy him.
Golden Text—Think not that I came to destroy the law or the prophets; I came not to destroy, but to fulfill.
The Lesson Story
The Pharisees were engaged in one of their many fasts, and the disciples of John, who seem to have adopted the fasts observed by the Pharisees (whom the Pharisees encouraged thereto by the ascetic John or not is not known), were fasting also. Some of his disciples, noticing that the disciples of Jesus were not fasting, came to him about it. They could not understand why it was that he who claimed to be a new teacher—come God to teach the will of God more perfectly should not require his disciples to observe the fasts. Jesus answered in effect that we do not expect the "sons of the Bridechamber" (i. e., the special friends of the bridegroom) to fast while the bridegroom was with them. It While the Master was with them it was a time for rejoicing—fasting—a sign of sorrow—would come when he went away. Then he used a familiar of grafting upon his religion—a life of spiritual freedom—the burdensome ceremonies of the old Jew law. To do this would be as fatal as to piece an old garment with new material (apparently the reference is to unshrunk material), which in shrinking would tear the old or to put new wine (in process of fermentation) in old wine-skins, which are the fermentation preceded, would break the old skins.
Not long afterwards as Jesus and his disciples were passing through the field of grain (probably barley), the disciples pulled a few ears of the grain and after rubbing them in their hand to get rid of the

chaff, began to eat them. In this they done only what the law of Moses allowed, and what anyone—rich or poor—would have done on any other day. But it happened to be the Sabbath, and the rabbis had declared that plucking the ear was a sort of reaping, and that rubbing them in the hands was a sort of threshing, and, therefore, he who did such things on the Sabbath day broke the commandments and was worthy of death. While Jesus did not eat the barley himself, it was easy for the Pharisees, who in the crowd, to hold him responsible for his disciples' conduct, and their eyes flashed with indignation against him as they demanded, "Why do they on the Sabbath day that which is not lawful?" Jesus accepted the responsibility.
It was easy to see sin in the conduct of those they despised; he would call attention to a similar case in which one of their own favorites figured. What Jew ever thought that David sinned by entering the tabernacle on the Sabbath day, and eating the shewbread which was not lawful for him to eat? And what Jew was ever so bold as to declare that the priests in the Temple sinned by attending to their duties on the Sabbath? What was lawful for the servants of the Temple was lawful for his servants, for he was greater than the Temple. "But," he added, "you would never have looked at it in such a light if you had realized what was meant when he said he would have mercy rather than sacrifice. Your whole system of Sabbath rules rests on false basis. You look on the outward appearance—God looks on the heart; you are concerned about man-made institutions—God is concerned about man; you think man was made for the

Sabbath—God made the Sabbath for man.
The Pharisees saw their opportunity and seized it: henceforth the sabbath question should be kept to the front.
It was perhaps on the same Sabbath that he "went into his synagogue." (The Authorized Version of Luke says, "on another sabbath"; but the passage may be translated simply, "on a Sabbath.") In the congregation there was a man whose hand had been withered by paralysis. The Pharisees were there also. Mathew tells us that they ask Jesus, "Is it lawful to heal on the Sabbath days?" that they might accuse him. He saw the trap, saw their hypocrisy, and he burned with indignation. Commanding the man with the withered hand to stand up, he said, "It is lawful to do well on the Sabbath day"; and suiting his actions to his words (he could always do that!) he restored the withered hand, though he knew the act would eventually cost him his life.
This so incensed the Pharisees that they immediately went and held a consultation to devise plans for putting him to death.
Mrs. A. G. Weston accompanied Mrs. Redford to Goldthwaite Sunday where she will visit in the home of Dan Westerman.
FOR SALE—Young black leghorn hens for sale prices reasonable.—MRS. T. J. CLENDENEN.

FAREWELL ENTERTAINMENT

In order to make the last impressions of Goldthwaite full of joy and happiness, Mesdames J. V. Cockrum, D. D. Tate and Floyd Jackson entertained in the Jackson home, honoring Mr. and Mrs. M. P. Leverett, before their departure from our midst.

The entire house was artistic in the season's most colorful decorations. The yuletide spirit was so prominent that one was really expecting Santa Claus to appear with his pack no his back.

Those enjoying the hospitality of these genial hosts were Mr. and Mrs. Walter Fairman, Claude Eacott, W. E. Miller, C. M. Burch, Tom Toland, Tate, Cockrum, Floyd Jackson, Mrs. W. B. Jackson and Mrs. Kate Page.

After a few jolly games of "42" were played, covers were spread for a delicious refreshment course consisting of hot coffee, salad, olives, sandwiches, fruit cake stuffed with dates, and whipped cream cherries.

The guests took their departure at a late hour, after bidding their hostess good night and wishing the honorees all kinds of good cheer, good luck and happiness in their new home.

K. T. O. BANQUET

On Friday evening, January 6, members of the K. T. O. Club celebrated the first anniversary of the organization of the club with a banquet at the Royal Cafe. The guests were met at the door of the cafe at 7:30 and were ushered into the beautiful white dining room of the Royal Cafe by the efficient head waiter, Clyde Locklear. The very interesting place cards, designed by Garetta Little were caricatures of the club members and their guests. The dinner consisted of fried chicken and gravy, fruit salad, potato salad, peas and toast, while for dessert baked apples and ice cream were served. After dinner speeches were made by Ernest Linkenhoger, Bill Yarrowborough and Miss Garetta Little, president of the club.

Those present were, club members: Garetta Little, Pauline Dalton, Ruby Lee Dickerson, Elouise Kyle, Rachel Johnson, Frances Page and their guests: Bill Yarrowborough, Carlos Patterson, Paul Johnson, Milard Evans, Ernest Linkenhoger, Eugene Dickerson.

This is leap year and, as one of the boys said in his speech, "The K. T. O. girls have made a splendid start."

A new automobile so sensational as to electrify the nation!

With marvelous new Fisher bodies offering all the distinction, beauty and luxury for which Fisher craftsmen are famous! With performance that is a revelation to owners of even higher priced cars! With 107-inch wheelbase—four inches longer than before! With four-wheel brakes—and many additional mechanical achievements!

And... prices that demonstrate again Chevrolet's ability to provide the utmost in modern motoring luxury at the lowest possible cost!

The engine of this great new car is of the improved valve-in-head design. With alloy "invar strut" pistons... specially designed hydro-laminated camshaft gears... mushroom type valve tappets... and a complete new steel motor enclosure—it provides a type of motor operation so thrilling that it must be experienced to be appreciated!

Coupled with this thrilling acceleration and speed is a

type of riding and driving comfort almost unbelievable in a low-priced car. Four inches longer than the previous Chevrolet chassis... swung low to the road... and with four semi-elliptic shock absorber springs—the Bigger and Better Chevrolet holds the road with a surety that is simply amazing, and rides in perfect comfort at high speeds over the roughest stretches of highway.

And never before was a low-priced car so easy to drive—for the worm and gear steering mechanism is fitted with ball bearings throughout... even at the front axle knuckles.

All these spectacular new mechanical advancements are, of course, in addition to the host of notable features that Chevrolet has previously pioneered in the low-price field.

Come in and see this latest and greatest General Motors achievement! Learn why it is everywhere the subject of enthusiastic comment—why everywhere it is hailed as the world's most luxurious low-priced automobile.

THEREFORE, I will, on the first Tuesday in February, 1928, same being the 7th day of February, 1928, at the Court House door at Goldthwaite, Mills County, Texas, offer for sale and sell to the highest bidder for cash the above described lands and will apply the proceeds to the payment of said judgment in favor of the said D. E. Askew and J. H. Forgey, aforesaid.

WITNESS MY HAND this the 28th day of December, 1927.

C. D. BLEDSOE, Sheriff, Mills County, Texas

MILLS COUNTY

Mills County lies 300 miles from the Gulf of Mexico at an average altitude of 1500 feet and has the Colorado river for its southwest boundary. One third of the area lies east of the Cow House range on the Brazos water shed while the west part is drained by the Colorado and Pegan Bayou, its largest northern tributary. There is much variety in the soils, from the alluvial river bottom land to black waxie of the prairies. The post oak land which was once classed as the southern part of the west "Cross Timbers" constitutes a large part of the farm land and is underlaid with clay, and the "rotten lime stone" on the higher land is quite productive. The surface of the country is rather broken and not more than fifty per cent tillable.

All crops grown in central Texas do well here. Cotton was long considered the money crop and really still holds that rank, but a larger acreage is now sown in wheat, oats and barley than is planted to cotton. Two hundred car loads of surplus corn were produced in the county last year, while the sorghum grains are sown for home use. There are two commercial hatcheries in Goldthwaite and the poultry industry is assuming large proportions.

A careful estimate shows that Mills County shipped one fourth of the turkeys produced in Texas last year, the value exceeding one quarter million dollars.

Fruits and vegetables are grown for home consumption only, but melons of fine quality are trucked to points with profit.

Honey and pecans bring much money to our citizens which is considered "velvet" as these require so little attention. Sheep and goats are found on more than one third of our farms and ranches, and the lambs and kids can be sold at the pens to neighbors who are getting into his profitable branch of stock farming. Every farm is now supplied with well graded cattle, and though there are no large herds will well approach the number when this was a cattle country. Large quantities of cream are sent out daily.

We have no merchantable timbers, but fuel supply will last many years yet. In fact if well conserved will not be exhausted. Our most valuable timber is the pecan as the nuts afford a source of income to the

farmers who own river or creek land.

Some years ago a number of irrigation plants with steam power were in operation on our streams, but as a rule they did not prove profitable and were permitted to fall into disuse.

A few tracts of fifty acres and less have recently been watered by gasoline power and have been satisfactory to their owners as no great investment is necessary. There are not any plans for enlarging on this method of irrigation.

Only one lake of importance has been impounded in the county. It is known as Lake Merritt and is the property of the Santa Fe Railroad. There are no hard surface roads in Mills County, but two well built graded roads cross the county seat: The Roger J. Mills Highway, Waco to Brownwood and the Pecan Belt from Kerrville to Wichita Falls. Another such road extends from Goldthwaite to Lampassas. In all making a total of ninety miles.

The Pecan Belt Highway is almost an air line from Wichita Falls to Fredricksburg where it connects with the Spanish Trail into San Antonio and will no doubt become the Military Highway from Ft. Sill to Fort Sam Houston, should the Government decide much to be necessary. The first well marked road through the county was made by Col. Robert E. Lee who in 1857 moved his regiment of troops from Indianola to Fort Phantom Hill. Our citizens are proud of the fact that much good work in road building has been done and that, too, without a bond issue.

There has never been any mining activity in the county, though for the past eight years numerous efforts to find oil have been made with slight showing in two wells. Work is progressing at one place only. There are traditions of rich abandoned mines, but all such should be classed a myth.

The Gulf Colorado & Santa Fe has served our transporting needs for forty two years. It now has as rivals two bus lines with connections for all near by cities. There are also two trucks engaged in freighting from an to wholesale centers.

There is not an established and well sustained health resort in the county. People who have lived here half a century modestly admit that the whole county is an all-year-round health resort that needs no assistance of the arts of man.

FAREWELL ENTERTAINMENT

In order to make the last impressions of Goldthwaite full of joy and happiness, Messdames J. V. Cockrum, D. D. Tate and Floyd Jackson entertained in the Jackson home, honoring Mr. and Mrs. M. F. Leverett, before their departure from our midst.

The entire house was artistic in the season's most colorful decorations. The juletide spirit was so prominent that one was really expecting Santa Claus to appear with his pack on his back.

Those enjoying the hospitality of these genial hosts were Mr. and Mrs. Walter Fairman, Claude Bacont, W. E. Miller, C. M. Burch, Tom Toland, Tate, Cockrum, Floyd Jackson, Mrs. W. B. Jackson and Mrs. Kate Page.

After a few jolly games of "42" were played, covers were spread for a delicious refreshment course consisting of hot coffee, salad, olives, sandwiches, fruit cake stuffed with dates, and whipped cream cherries.

The guests took their departure at a late hour, after bidding their hostess good night and wishing the honorees all kinds of good cheer, good luck and happiness in their new home.

K. T. O. BANQUET

On Friday evening, January 6, members of the K. T. O. Club celebrated the first anniversary of the organization of the club with a banquet at the Royal Cafe. The guests were met at the door of the cafe at 7:30 and were ushered into the beautiful white dining room of the Royal Cafe by the efficient head waiter, Clyde Locklear. The very interesting place cards, designed by Garetta Little were caracures of the club members and their guests. The dinner consisted of fried chicken and gravy, fruit salad, potato salad, peas and toast, while for dessert baked apples and ice cream were served. After dinner speeches were made by Ernest Linkenhoger, Bill Yarborough and Miss Garetta Little, president of the club.

Those present were, club members: Garetta Little, Pauline Dalton, Ruby Lee Dickerson, Elouise Kyle, Rachel Johnson, Frances Page and their guests: Bill Yarborough, Carlos Patterson Paul Johnson, Milard Evans, Ernest Linkenhoger, Eugene Dickerson.

This is leap year and, as one of the boys said in his speech, "The K. T. O. girls have made a splendid start."

A new automobile so sensational as to electrify the nation!

With marvelous new Fisher bodies offering all the distinction, beauty and luxury for which Fisher craftsmen are famous! With performance that is a revelation to owners of even higher priced cars! With 107-inch wheelbase—four inches longer than before! With four-wheel brakes—and many additional mechanical achievements!

And... prices that demonstrate again Chevrolet's ability to provide the utmost in modern motoring luxury at the lowest possible cost!

The engine of this great new car is of the improved valve-in-head design. With alloy "invar strut" pistons... specially designed hydro-laminated camshaft gears... mushroom type valve tappets... and a complete new steel motor enclosure—it provides a type of motor operation so thrilling that it must be experienced to be appreciated!

Coupled with this thrilling acceleration and speed is a

type of riding and driving comfort almost unbelievable in a low-priced car. Four inches longer than the previous Chevrolet chassis... swung low to the road... and with four semi-elliptic shock absorber springs—the Bigger and Better Chevrolet holds the road with a surety that is simply amazing, and rides in perfect comfort at high speeds over the roughest stretches of highway.

And never before was a low-priced car so easy to drive—for the worm and gear steering mechanism is fitted with ball bearings throughout... even at the front axle knuckles.

All these spectacular new mechanical achievements are, of course, in addition to the host of notable features that Chevrolet has previously pioneered in the low-price field.

Come in and see this best and greatest General Motors achievement! Learn why it is everywhere the subject of enthusiastic comment—why everywhere it is hailed as the world's most luxurious low-priced automobile.

MILLS COUNTY

Mills County lies 300 miles from the Gulf of Mexico at an average altitude of 1500 feet and has the Colorado river for its southwest boundary. One third of the area lies east of the Cow House range on the Brazos water shed while the west part is drained by the Colorado and Pecan Bayou, its largest northern tributary. There is much variety in the soils, from the alluvial river bottom land to black waxie of the prairies. The post oak land which was once classed as the southern part of the west "Cross Timbers" constitutes a large part of the farm land and is underlaid with clay, and the "rotten lime stone" on the higher land is quite productive. The surface of the country is rather broken and not more than fifty per cent tillable.

All crops grown in central Texas do well here. Cotton was long considered the money crop and really still holds that rank, but a larger acreage is now sown in wheat, oats and barley than is planted to cotton. Two hundred car loads of surplus corn were produced in the county last year, while the sorghum grains are sown for home use. There are two commercial hatcheries in Goldthwaite and the poultry industry is assuming large proportions.

A careful estimate shows that Mills County shipped one fourth of the turkeys produced in Texas last year, the value exceeding one quarter million dollars.

Fruits and vegetables are grown for home consumption only, but melons of fine quality are trucked to points with profit.

Honey and pecans bring much money to our citizens which is considered "velvet" as these require so little attention. Sheep and goats are found on more than one third of our farms and ranches, and the lambs and kids can be sold at the pens to neighbors who are getting into his profitable branch of stock farming. Every farm is now supplied with well graded cattle, and though there are no large herds will well approach the number when this was a cattle country. Large quantities of cream are sent out daily.

W. R. J. NEWTON DEAD

W. R. J. Newton died at the family home near McGirk Monday, January 15th. His remains were laid to rest in the family cemetery there Tuesday, Elder I. A. Dyches conducting the funeral services.

Mr. Newton was 80 years, 5 months and 9 days of age at the time of his death and had lived on the family home near McGirk for more than fifty years. He was one of the best loved and respected citizens of that community, being looked upon as the leader in spiritual

and practical Christianity matters. He was at the time of his death and had been ever since early childhood, a member of The Church of Christ.

Mr. Newton leaves ten children living to mourn his death. All were present at the bedside. The Eagle offers condolence to the bereaved ones.
