ANOTHER LETTER FROM BEN ZERN

June 22, 1928

DEAR FRIENDS

As soon as I get the hang of it, I think I am going to like this of writing job.

As I understand it, the idea is to get some people to send and things to the Modern Farmers for cleaning and processing. My stepmother says that's exactly the understanding, too.

For action's sake, bring on it! Or telephone and Modern Farmers will call. The number is 49.

I don't want to beg for business, but I would like to make a showing. You know how it is.

BEN ZERN

P. S. You could do me some good by telling the boss you like his of writing.

For John Foster and children and mother are visiting with relatives in Fort Worth and Dallas this week.

OBITUARY

On Friday, June 8, 1928, the mortal body of J. J. Forehand was lowered in the narrow grave in the Goldthwaite cemetery.

On the previous day at five p. m. He had died in a sanitarium at Brownwood from an unsuccessful operation for appendicitis. He was attacked by this disease while working on a pipe line near Coleman. He at once started for Brownwood but his condition became serious before he could receive medical attention. In the presence of his younger brother he underwent the operation and for a few days appeared to be doing nicely when suddenly he grew worse and it was discov-

ered that another operation was necessary. This was done, but proved fatal and death claimed its victim.

J. J. was born July 30, 1907 in the Neighbors Creek community and was reared to young manhood in and near Goldthwaite. In appearance he was a handsome young man and stood more than six feet high. He was of a pleasing manner and possessed a magnetic disposition. Those who knew him best loved him most.

He professed faith in Christ and stated before he passed away that he was at peace with God.

His funeral services were appropriately conducted by Rev. Ira Dance, pastor of the Goldthwaite Baptist Church. To

pay the last tribute of love and honor to him were present at his funeral his parents, Mr. and Mrs. Blake Forehand, his grand parents, Mr. and Mrs. H. G. Forehand, and Mr. and Mrs. Charlie Karnes, one grandmother Mrs. Sarah Miller, two brothers, Forest and Karnes, two sisters, Pauline and Agnes and a host of other relatives and friends. The beautiful floral offering betokened the esteem in which he was held and the many heart-strings that were touched and vibrated with grief at the death of one so young and tender; one whose mature life had just bloomed into young manhood.

We stand in perplexity and awe when one so promising is so suddenly snatched away.

But we can only submit to the just will of our Heavenly Father even though our empty hands are aching to hold on to the loved one and stay the conqueror, Death.

In our grief we can only lift our hearts to the great Healer of all infirmities of soul and body and accept the offered consolation that comes from no other source.

"He never rose to wealth or fame,
He simply lived and simply died.

But the passing of his name
Left a sorrow far and wide,
Not for Glory he'd attained,
Nor for what he had of pelf,
We're the friends that he had gained,
But for what he was himself."

—One Who Loved Him.

Now, no matter what the weather—
Take a Kodak

No longer can you regard a Kodak merely as a fair-weather companion. Modern Kodaks get the picture, no matter what the weather—even in driving rain! For modern Kodaks have faster lenses—lenses that admit plenty of light and allow proper exposure.

This Spring, in all your jaunts, take a modern Kodak along with the assurance that you will get every picture when it happens.

Let us show you the modern Kodaks and explain their exceptional picture-making ability.

The Verdict Of Numbers

Most people know what they want. They may not get it at first.

Experience is often a bitter teacher.

But in the end they get the best—in tires, as in other things.

Among the baffling claims of rival manufacturers and the alluring inducements of price cutting, special discounts, and "deals," the judgment of numbers stands out undeniable.

It goes straight home:

More people ride on
GOOD YEAR
TIRES than on any
other kind

Goodyear popularity is securely founded on the belief of millions of motorists that Goodyear makes The World's Greatest Tire.

The great army of motorists have tested Goodyears thoroughly—driving over 75,000,000,000 miles last year.

And Goodyear leads every other tire maker by thousands in volume made annually.

Goodyear used 168,000,000 pounds of rubber last year—Fifty per cent more than any competitor.

Our Goodyear Service is of the same high quality as the tires we sell. We make it our business to see in every way possible that you receive 100 per cent service from your tires.

You'll find that we are an expert, courteous and friendly establishment.

Won't you get acquainted with us and with The World's Greatest Tire—soon?

Today
NASH presents a
New and Finer Motor Car

New Twin Ignition Motor
New Salon Bodies

"The three new Nash Series, which are being introduced everywhere today, achieve the ambition of my manufacturing career.

"They represent an entirely new type of motor car, priced moderately, but offering you all the beauty and quality and performance heretofore exclusive to very expensive automobiles.

"To create such a car we had to develop an entirely new type of design and invest over \$2,500,000 in dies and machinery alone.

"Both the Salon bodies and the high compression motors which power these new models exemplify the most radically modern advancement in body craftsmanship and engineering.

"Naturally space precludes the full listing of all features but I do want to draw your attention to a number of the outstanding attractions such as:—

"—Twin ignition, high compression, Bohnalite aluminum alloy pistons

with Invar-struts, 7-bearing crankshaft with hollowed crankpins, Bijur centralized chassis lubrication, Houdaille and Lovejoy shock absorbers, Biflex-Nash bumpers and bumperettes, chrome plating over nickel for all exterior metal ware, double-drop frame, one-piece Salon fenders and longer wheelbase lengths.

"This new-type engineering of the '400' motors makes them by far the best performing cars I have ever built.

"I don't think anyone will ever want to use all the speed and power they deliver.

"Equipment is absolutely complete at the factory list price and you need buy no extras except a spare tire.

"If my judgment is worth anything you will find it well worth while today to examine this new automobile development with the greatest care."

SPEED RECORDS MADE WITH ETHYL GASOLINE

A distinction of contribution several of the best known speed records goes to Ethyl Gasoline. General Motors Research Laboratories developed its fuel and General Motors now affiliated with the company marketing it.

Driving along Daytona beach at 207.9 miles an hour Captain Malcolm Campbell set a new world's speed record for automobiles. About the same time, Frank Lockhart and J. M. White made unofficial records. Previously Major Seagrave had set the record at 203.7 miles an hour.

Each of these men rode with Ethyl.

Your car's performance will be increased by the use of Ethyl Gasoline. You will get more power to negotiate tough hills and heavy roads; you will have greater flexibility. Greater fuel economy will eliminate "knock" and reduce vibration.

Conoco Ethyl on your tank and enjoy the difference.

Throw Heavy Burdens on the Kidneys.

OLD kidneys put extra burdens on our kidneys. When the kidneys slow impurities remain in the blood are apt to make one tired and weak, headaches, dizziness and a nagging backache. A common sign is scanty or burning secretions. Joan's Pills, a stimulant diuretic, ease the secretion of the kidneys and aid in the elimination of waste uric acids. Are endorsed by users everywhere. LOST Time from Work

Mr. Albert Garland, of Somerset, Ky., recently said: "I used to work in the mines, but lost quite a bit of time on account of sick spells I had. I would get to having a bad taste in my mouth, and a very dull, tired feeling and ache."

"My mother told me to try Black-Draught, which I did, and after a few doses I felt much better. Now I take it as soon as I feel the least bad, and I don't get down. I certainly can say that it has done more for me than any other medicine I have ever taken."

"I never get without Black-Draught. If I go on a visit, I take a package along in my suitcase. My health is better now than it has been in years."

Black-Draught is prepared from medicinal roots and herbs, of highest quality. Price 25c. Try it.
