**CYCLONE DAVIS SPEAKS  
AGAINST AL SMITH**

Last Thursday night on the courthouse lawn, Cyclone Davis, nationally prohibition speaker, addressed about 1,000 people from the bandstand on the courthouse lawn. Mr. Davis spoke in interest of the Anti-Al Smith Democrats, an organization formed for the purpose of defeating Al Smith, the Democratic nominee for president of the United States.

Mr. Davis was courteously heard, the sympathies of the crowd apparently being with him.

Tuesday of last week a local chapter of the Anti-Al Smith Democrats was formed here. Hon. Jno. W. Roberts was elected chairman, Rev. O. O. Moore secretary - treasurer. Committee were appointed by Mr. Roberts to take care of the speaking by Mr. Davis and to further the interests of the National Republican ticket hereafter. Cyclone Davis' address was broadcast by remote control by KGKB, the Goldthwaite Eagle's broadcast station.

**TROLLEY CARS SAFEST  
VEHICLES IN TRAFFIC**

Trolley cars are the safest vehicles using the public American Museum of Safety, as announced by President Arthur Williams of that Association in the recent presentation of the Anthony N. Brady Memorial medals to street railways for safety records. The number of accidents on electric street railways has been reduced by fifteen per cent, and only one of each 155,000,000 passengers carried during a year's time was injured fatally.

**APPRECIATION**

One year in your midst October 1st, 1928

As we meditate and strive to bring happiness and health to others, we are prompted to indulge in the spirit of thanks to our many friends and patrons of the past year, endeavoring in this way to show you, who have so loyally contributed to our success, our deep and sincere appreciation of your support and confidence.

Trusting and striving to be of greater service to God and humanity in the future than we have in the past.

In Christ's name, we thank you,

Drs. R. A. and MARTHA SWANGER.

**MAGNETIC DECLINATION  
IN TEXAS IN 1927**

The Coast and Geodetic Survey, Department of Commerce, has just made available a new particular value to surveyors of this state who are required to cover the lines of old surveys. The publication also contains the information necessary for testing compasses at the magnetic stations established by the Coast and Geodetic Survey, descriptions of which stations are given in full in the publication. With this publication, it is possible to find changes in the magnetic bearings at different locations in the State's time has elapsed. The use of this information for every degree of longitude and latitude makes it easy to find the correct values for any given place.

A copy of this publication may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C. by remitting fifteen cents and requesting a copy of Coast and Geodetic Survey Serial No. 417, "Magnetic Declination in Texas in 1927."

**JUDGE JONES' CHARGE  
TO THE GRAND JURY**

September 24, 1928.  
Gentlemen of the Grand Jury:

So many of you gentlemen it appears have been on grand juries before that it hardly seems necessary for the court to instruct you relative to your duty. However, in a general way you understand that it is your duty to investigate all law violations of the law that have been brought to your attention by the several officers of the court, and that are known to you personally.

The office of a grand juror is a serious one. It is an easy matter on the street to say that this man and that man ought to be indicted, yet it is a different matter when you are sworn in as an officer of the court, and required under the law to put your finger upon the testimony of the witness upon whose evidence you find a bill. You are not to be influenced by what the public thinks about the matter. The public means nothing to an official who is honest—he must think alone to the evidence and the law. If a grand jury found bills because some misguided witheburner wanted a bill through malice or through some other motive it would not be long before you would tear down your court houses, and scatter the stones to the four winds. That is what it means. In your courts alone is security. Of course there are those who will criticize, and abuse and lie, yet a public officer must take all this. He knows that public sentiment is a fickle thing; he knows that the bunch who murdered Caesar three days before would have crowned him king. A point I am making gentlemen, do your duty,—because it is your duty, and not to please some other person.

Just recently a young girl was found on the highway in a dangerous condition. In fact I am advised that she died. Investigate, this case thoroughly, and if there is testimony to support it find a bill, otherwise do not. You must have evidence legally admissible under the law. If you have it not then to find a bill would be a travesty on justice. It is merely passing the buck. Don't do that. This court house will be here long after we have passed over the river, and it is not to be said of you nor me that we played to the galleries. It is more pleasure to hear the earping criticism of fools and malcontents than to abide with a guilty conscience. If you do your duty, though you receive no applause for it, you yet have the sanctioning voice of an approving conscience. That is all you need, and will sustain you when the hour of trial comes.

Investigate all violations of the law and if you have the testimony have the nerve to do your duty and find a bill whether it pleases or displeases any man or set of men on earth on the other hand if the testimony is not there still be a man and stand up and say to all the world I am a man and have done a man's work in that I have refused to stultify my conscience by refusing to yield to the mob spirit.

When you have done this, you will feel through all your life that you have done well; that you have kept the faith, and performed the will of Him who sits upon the Clouds, and rides upon the storm.

LEWIS H. JONES,  
Judge Presiding.

**SOME REASONS WHY  
WE NEED A NEW  
SCHOOL BUILDING**

There are many reasons which suggest themselves to my mind as to why we should have a new school building. In the first place the old school building which has now been in use for nearly forty years, is worn, filthy and unmodern. Whatever the original cost of this old building might have been the community has certainly had "value received" for such expenditure. The building should be modernized. The architect says that the cheapest and best way to do this is to build a new.

In the second place, it is common knowledge that our present high school building has been overcrowded with pupils for the past three years; there is need for additional room for the high school.

If the new building is made large enough the eighth grade may be taken out of the high school building and combined with the sixth and seventh grades into a junior high school.

If we are to keep pace with progress and up to date methods in our schools, reorganization is necessary. According to the best authority, schools as large as ours and even smaller carry three units of organization. In other words, they are organized according to the 5-3-3 Plan. The first five grades forming what is known as the grade school, the next three grades forming the junior high school and the last three grades composing the senior high school.

Among the many other reasons that may be mentioned is the need of an auditorium; neither the school nor the town has an auditorium. No progressive community can long exist without one for human beings must have some form of entertainment; progressive high minded people require good entertainment, then why not, if possible, include in the new building proper space for an auditorium?

The Goldthwaite people, in my opinion, are as good as the best, I, therefore, believe that our children are entitled to first class school facilities.

Yours truly,  
D. A. NEWTON.

**QUINN LEWIS**

At high noon, Wednesday, September 19, 1928, at the home of the bride, Miss Bina Quinn became the bride of Mr. James Graden Lewis of Brownwood, Rev. O. O. Moore performing the ceremony.

The bride is the popular County Treasurer and has been faithful and efficient in her duties. She has a host of friends over the county who wish her well in her new sphere of activity.

The groom is a contractor with the San Antonio Construction Company and is located in Brownwood, Texas.

Mrs. Bina Quinn-Lewis will remain in Goldthwaite and continue to perform her official duties until her term expires January 1, 1928.

After January the first Mrs. and Mrs. Lewis will be at home in Brownwood, Texas.

The Eagle joins her many friends in wishing her all the prosperity she and her worthy husband deserves.

Dr. Osterhaut made a business trip to San Angelo last Sunday.

Chas. Frizzell went to Dallas last week.

**FIFTH CHEVROLET ALREADY BUILT**

For the second time in eight months, the pass-a-millionth milestone, Chevrolet Motor Company announced today that the fifth Chevrolet was produced at the Flint, Michigan, plant on September 8. The 4-mile car was built Jan. '11, quickly on the specification-wide reception (the present "Bigger model).

Entered in the arrival of the Godthwaiter was in response to the demand that has produced plants no day on a basis since the first error and has resulted in characterizing of new monthly firm records every month will be a record for the year produced to go well beyond the mark and will show more than a 1000% increase over 1921 when 77,565 cars were built.

The epochal five millionth was a standard coach and came off the line amid the cheers of a vast army of assembled mechanics who gathered momentarily to see the record-making model glide off the line under its own power. Exact schedule requirements did not permit of any ceremonies and a few seconds later the five millionth car became history, when number 5,000,001 was driven away.

It was pointed out that, whereas it had required a little more than ten years for Chevrolet to build its millionth car, the last four million were produced in a little more than five years, an indication of the

spectacular march that the Chevrolet Motor Company has made in recent years to attain its present position as the world's largest automobile manufacturer. It was shown, too, that since January 13, 1927, when the 3,000,000th car was produced a little more than 20 months had been required to produce another two million.

This record-breaking production program was in response to the greatest demand in the company's history. During the first six months of this year, 50 per cent of all automobiles sold in Chevrolet's price class were Chevrolets. This was an immense increase over 1927 when Chevrolet outdistanced all competitors by selling 40 per cent of all cars purchased in its price class.

In the light of the fact that Chevrolet production is geared to meet the demand, ranking company officials viewed the recent production achievement as a tremendous popular tribute from the motoring public. W. S. Knudsen, president and general manager, stressed the point that precision is the father of speed. He explained that to make such a record

possible it was necessary to adhere even more closely to precision manufacturing methods and to make the limitations even more exacting. The slightest inaccuracy in workmanship or inspection would

increase costs and slow production, he pointed out.

### Goldthwaite to Have Football Team

Goldthwaite High School will have a football team again this year. It probably will not be as good as it was last year, but we all hope it to be better. Coach Stringer is busy now training every afternoon with the boys.

There are from ten to fifteen men coming out every afternoon and of this number four are of last year's team. The team by Friday will be in excellent shape by next Friday, when they are expected to go to Cross Plains for the first game of the season. We are going to Cross Plains with the intention of beating the rival team.

### Tennis to Start Soon

There have been some preparation toward having several tennis courts for the boys and girls to play at the noon hour and after school for those who can come out and practice. We have prospects of a better tennis team than Goldthwaite has ever had. We hope to have several games before Friday.

### Basketball

Mr. Stringer called a meeting Friday at 12:35 of all girls who are going to play basketball the coming season. There were fourteen reported. We elected Minnie Cody as our captain. We also decided our team colors black and white for the suits. We are going to get over the best program that has ever been reported of this high school.

Our intentions are to start practicing as soon as proper arrangements can be made, which we hope will be next week.

Those coming out for basketball for this season are:

Jessie Neal  
Minnie Cody  
Maudy Bell Kirby  
Nellie D. Cooke

Mary Alice Weathers  
MaAdia Wilson  
Frances Page  
Estelle Doggett  
Ella Holland  
Irene Cortis

### PEP SQUAD

Frances Page was elected yell leader of the girls and her assistants are Annagene Johnson, Mary Alice Weathers, Kathleen Keese and Hildagene De Wolfe.

### ART AND CIVIC CLUB

An important affair in the late hours of last Wednesday afternoon, informal in nature, though of great interest, was the meeting of the Art and Civic Club in the home of Mrs. Jake Saylor, which makes the opening of club activities for the year.

Following a lengthy business session, Mrs. Kelly Saylor led the Federation program with each member taking part by quoting and commenting on different Federation notes. Mrs. Roy Rowntree then gave a report of the Bi-ennial at San Antonio which proved so interesting that each member was made to appreciate more fully the privilege of being a member with the great body of women who compose the National Federation of Women's Clubs.

In the final hour Master Lyman Saylor assisted his mother in passing napkins and serving refreshments consisting of a delicious ice course, with rosebuds as plate favors. In such an environment that this home presented it is no wonder that the afternoon passed so quickly with such a charming hostess.

### ATHLETIC ASSOCIATION

The athletic association was

organized last Friday during the chapel period. A leader was elected from each class and by the co-operation of the entire student body, we will have a pep squad of which to be proud.

The leaders of the various classes are:

Clarence Dney—Seniors.  
Seignor Jernigan—Juniors.  
Hardy McLary—Sophs.  
Wayne Locklear—Freshman  
Our entrance fee to the Athletic Association is 75c, with 25c dues each month.

### WELCOME TO G. H. S.

Each student of the high school students extend a hearty welcome to the students who are entering G. H. S. for their first year. We want you to feel welcome to the library books, class rooms, study hall and feel as one in the "old gang."

### CHAPEL PROGRAM

Miss Love Gatlin rendered the first chapel program last Wednesday for the season of 1928-1929. The program was as follows:

Reading—Luelle Bledsoe.  
Songs—Clarice and Annie Ashley.

### CHAPEL PROGRAM

Last Friday under the direction of Miss Spappington, a chapel program was rendered as following:

Song—Student body.  
Piano Solo—Kathleen Keese  
Songs—Leota Simpson, Annagene Johnson, Clarice Ashley, MaAdia Wilson, Bernadine Rudd and Myra Nell Johnson, accompanied by Leta Simpson on the piano.

"How much life insurance does your husband carry?"

"Hardly enough to be worth shooting."

### THIRD YEAR OF "GOLDTHWAITE HI TALK" STARTED

This is the third year that the pupils of Goldthwaite High School have published the School Paper known as the Goldthwaite Hi Talk. This paper has served a worthy purpose in many ways.

Our paper has furnished an outlet for pupil energy especially that energy which inclines one to write. It has given the school an opportunity to publish items of interest concerning the various school activities; football, basketball, baseball, and other major sports have had reporters who have done themselves much credit in reporting their different events.

Track and field events have also had opportunity to receive such publicity as was necessary for their proper encouragement.

Mr. Ernest Wilson, the editor of the Goldthwaite Eagle, is responsible for our having the privilege of editing this paper. We all appreciate the public spirit and kindness Mr. Wilson has shown toward the Hi Talk. Mr. Wilson has assured me that he will be glad to furnish space in his paper again this year. For this courtesy I wish to express my appreciation. May we have the best school paper we have ever had.

Yours sincerely,  
—D. A. NEWTON,

## FRESHMEN

We "Fish" have not organized, but we hope to do so before another week.

Forty-seven were enrolled the first day. Everyone got a good start and are well pleased with our high school work.

We are proud of our teachers and are trying to make them proud of us.

Through the co-operation of our reporting teacher, Miss Love Gatlin, we are striving to make this year the strongest eighth grade class Goldthwaite High has ever had.

As an example of our brilliance as a class, Joe Hill, who was not paying any attention last year when Mrs. Palmer was trying to teach him the principle parts of verbs, got up to recite in English class last Friday, and said, "bring, bring, bring."—Reporter.

## JUNIORS

The Juniors have not yet organized, but we intend to do that this week. We are all very anxious to get started off as we should. We are looking forward this year, as being our best year spent in Goldthwaite Hi.

By the co-operation of each student and teacher in high school we are going to strive to make this the most enjoyable year for the seniors as well as for other classes.

Our class consists of 37 real live students, each one striving to attain the highest goal possible.

We are looking forward to the ordering of our class pins, which is going to be attended to as soon as possible.

Miss Spappington will be the Junior sponsor.—Reporter.

## SOPHISTICATED SOPHS

Thirty pupils enrolled in the sophomore class the first day of school.

We have not organized yet so you will have to wait until next week to get the big surprise.

The sophisticated sophs are a peppy bunch this year and we intend to show it in our school work and games.

We have lots of new pupils this year, and we are doing our best to make them feel at home.

There is a great deal of talent in the student body as has been manifested in the good programs we have been having.

We are glad to report that Miss Hitchcock is going to be our sponsor.

—Reporter.

## SENIOR CLASS REPORT

There are twenty-eight students enrolled in the senior class. We hope to make this the most successful year in the history of this class.

Mr. Newton met with the Seniors September 18, for the purpose of electing officers for the coming year. The following officers were elected:

President—Leota Simpson.  
V. Pres.—Maudie Bell Kirby  
Secretary—Beatrice Hendry  
Treasurer—Marvin Spence Rudd.

Reporter—Bernadine Rudd.  
Mr. Miller met with the class September 19th and took the orders for the class rings.

May this be the happiest and most prosperous year in Goldthwaite High School.

—Reporter.

## WHY WE SHOULD HAVE A NEW SCHOOL BUILDING

From the students' standpoint, the building of a new high school building would be one of the greatest achievements in the history of Goldthwaite. For several past years the high school has been overcrowded and there are not

proper accommodations for the large enrollment. In the future conditions will be more complicated for this day of education. A new high school building with proper lighting, and ventilating conditions would be an insurance to the health of the students.

## GOLDTHWAITE EAGLES

The Goldthwaite Eagles will play Cross Plains Friday, September 28, 1928 at Cross Plains. This will be the first game of the season, and one which will test the strength of the new, inexperienced line-up which composes the Eagle squad.

Coach Stringer is working his recruits hard in an effort to get his recruits in shape for the game Friday. Much progress is being noted in the manner in which the boys are running signals, bucking line, and passing and punting the ball. In fact, Coach Stringer is very optimistic over the prospects for a winning team.

The Eagles promise to have a splendid backfield. The men of experience in Johnson, Evans and Harvey will work in the backfield. Evans appears to be ready to show football fans his best year on the gridiron. Then there is Johnson whose line plunging ability must not be overlooked. Johnson is one of the most consistent ground gainers the Eagles have had in many years. Harvey appears to be developing into a wonderful punter and will no doubt be of great value to the team in that capacity.

The remainder of the team will be composed of Howard Dney, Clarence Dney, Hollis Blackwell, Talmadge Head, Wayne Locklear, Edward Dalton, James Nickols, Shirley Nickols, Oran Laceywell, Frank Brown and Weldon Jones.

With a little backing these inexperienced boys will show you what they can do.
