MILLS COUNTY CHEESE AND BUTTER COMPANY TO BEGIN OPERATIONS NEXT TUESDAY, NOVEMBER SIXTH

7628 BALES OF COTTON GINNED TO YESTERDAY

Until late yesterday afternoon there had been 7628 bales of cotton ginned in Mills County, according to figures furnished the Eagle by the different gins of the county. The crop is practically all out.

BUSINESS HOUSES TO CLOSE NOVEMBER 12

Our places of business will be closed Armistice Day, November 12th.

—Retail Merchants Ass'n.

NOTICE

Our factory will be working next week, and we will be prepared to take your milk on Tuesday morning, the 6th of November.

We will appreciate your making a special effort to get in touch with the man who will make your route and arrange to deliver milk to him so he can make the delivery to the factory by 10 a. m. as no milk will be taken that day after the time noted, and each day thereafter except Sundays, we will be working.

We earnestly solicit your patronage, and hope we can make this line of business profitable to farmers and milk producers of this county.

—Mills County Cheese and Butter Company.

Mr. and Mrs. S. P. Sullivan spent last Sunday in Temple, visiting Mrs. Will Trent.

Mrs. Claude Dickerson and little son visited home folks at Cherokee last Sunday.

Mr. and Mrs. S. McCrasty of Brownwood, were guests of Mr. and Mrs. Ivins, Tuesday.

BAPTIST CHURCH

All services at the Baptist church Sunday were well attended. Crowds overflowed the main auditorium, and a number had to go to the balcony. This is what ought to happen every Sunday. It's true that our Methodist friends worshipped with us Sunday, and we were happy to have them, but we have enough people in our little city to fill every church in town every Sunday, and then would have enough left to look after the affairs of the town. I know that all of our people work (and man ought to work and need rest and recreation, and ought to have it. The most favorable place for man to find this on the Lord's day is at the house of God. Suppose that we all try it for a month and let's begin next Sunday. This message is for those who do not go to church. I wish that all people loved the Lord and would attend His services every Lord's Day, if not more.

Remember that our Sunday school begins at 10 o'clock and our preaching services at 11 o'clock. You will find a hearty welcome awaiting you. We will not have any service Sunday night. I want every Baptist to go to the Methodist church and let's help give our Methodist pastor the right kind of reception into our midst.

Don't forget that we will observe Sunday, November 11, as the Tenth Anniversary of the signing of the Armistice. We will have an appropriate service. The reason for not announcing the program is that we are waiting for future developments. We extend an invitation to every ex-soldier in this county both those of the last war and the war during the 60's.

—G. C. IVINS.

FINE RAINS FALL OVER THIS SECTION

During the first of this week a cold snap, terminating in a nice rain relieved the drought of several weeks duration in this section. Grain had begun to suffer and a freeze without rain would have badly damaged the greater portion of it. Now, however, the winter pastures will be fine and several thousand dollars worth of feed will be saved farmers in this vicinity.

T. E. L. CLASS MEETING

On Wednesday evening, October 24, the T. E. L. Class met in the beautiful home of Mr. and Mrs. A. E. Evans on College Heights to enjoy its social and business meeting. Mrs. Evans and Mrs. J. M. Campbell were the hostesses.

The following program was listened to with keen enjoyment:

Subject—Faith.
Roll Call—Bible quotations.
Song—My Faith Looks Up to Thee.
Devotional—Read by Mrs. Ivins, reading part of the 11th chapter of Hebrews.

Prayer—Mrs. J. B. Parks.
Paper: How We May Pray With Faith.—Mrs. Ashley.

Paper: What are some of the conditions for the growth of faith.—Mrs. Horton.

Paper: Nothing can produce faith as long as we are consciously disobedient.—Mrs. Langhitz.

Duet: The Old Rugged Cross.—Mrs. Anderson and Stephens.

Talk: Work.—Mrs. Evans. Benediction.

We were delighted to have as our guest of the evening, Miss Florence McCullough of Austin. Our class loves old mothers. Something in their quiet grace speaks the calm of a Sabbath afternoon, a knowledge in their deep unflinching eyes that far outstretches philosophy. The class is planning on helping some unfortunate in our town.

MARRIED

(The Mullin Enterprise)
Last Friday afternoon Miss Mae Claridy of Mullin and Mr. Allen Cheney of Dublin were united in marriage in Goldthwaite. It was a surprise to a number of the bride's friends.

The groom has a position in Ballenger where they expect to make their future home.

KEMP-FEATHERSTON

Mr. H. H. Kemp of Hamilton county and Mrs. Ezzet Featherston of Mills county were united in marriage at the Baptist parsonage Saturday at 2:00 p. m., Rev. G. C. Ivins performing the ceremony.

Misses Wilcox and Ruth Wheeler, students of John Tarleton College at Stephenville, spent the past week-end with their parents here.

Horace Taylor spent last Sunday in Brownwood in the Daniel Hill Billies' training camp. He claims to have gathered all the latest

THE SPLENDID RECORD OF A MARRIED WOMAN AS TARLETON STUDENT

King A. Childress who has long been employed in the Empire office, was such a smooth beau several years ago, he succeeded in convincing his sweetheart they ought to get married without further delay. The young lady contended for time to complete her education but King outtalked her, but with the understanding that she would resume her studies later on.

And now Mrs. Childress is a student in Tarleton, one of the most studious, the Empire infers, since she made the highest grade in senior English under Miss Mahan in the recent preliminary examination for the past six weeks, scoring 92. Mrs. Childress also made, in biology 90 and in education 94. Passing grade being 70, this good student deserves the congratulations her friends are showering upon her.

The Empire is pleased to recite incidents of this kind, hoping it may be an incentive to other young people to never give up their intention of getting an education, as long as there is a possible chance.

Mrs. Childress, who was formerly Miss Ada Morris of Goldthwaite, is a working member of the Methodist church and has been since her childhood days. She is also active in the work of the West Side Civic Club and the Parent-Teachers Association—Stephenville Empire.

KGKB TO BROADCAST ELECTION RESULTS

Radio Station KGKB, the Goldthwaite Eagle station, will be on the air next Tuesday night, broadcasting all available results of the national election. Great interest has been manifested in this election and KGKB will make every effort to keep those interested informed of the latest results. Be "with us" Tuesday night.

MERRY WIVES CLUB

Everything was suggestive of Hallowe'en at the delightful party of last Thursday evening when Mrs. Foster Brim and Mr. and Mrs. Dow Hudson were joint host and hostesses in the pretty Dow Hudson home on Fisher Street to the Merry Wives Club. The home was lavishly decorated with all the signs and symbols of the season, witches riding broomstick steeds, ghosts peeping at one from the corners, bats, black cats and goblins appearing on draperies and wall space, with pumpkin Jack o' Lanterns, shedding weird gleams over the array of silhouetted figures. Bright orange cosmos supplied the flower contrast.

Fifteen games of "witches" were played. High score prizes went to Mr. and Mrs. Chas. Frizzell as club members and D. H. Harrison as guest. Kelly Saylor proved that he was not in good practice by winning the booby prize.

The final pleasure was the partaking of the delicious "Hallowe'en refreshments," served in two courses to the following club members and guests, Mesdames and Messrs. L. E. Miller, Bob Steen, Jr., D. H. Harrison, Chas. Frizzell, Walter Fairman, Roy Rowntree, Kelly Saylor, Tom Toland and C. M. Burch.

GOLDTHWAITE AND MILLS COUNTY SHOULD BE PROUD OF THIS NEW MILLS COUNTY DAIRY PROJECT

The Mills County Cheese and Butter Company, a stock company whose president is W. C. Dew, president of the Trent State Bank, and whose stockholders are local farmers, ranchmen and business men, will open its doors for business next Tuesday.

This opening should mark a milestone on the road to independence for hundreds of Mills county folk. This on the face of it, would sound like an extravagant expression—but the possibilities for producing milk profitably in Mills County are excellent, the climate, topography and vegetation combining to make dairying profitable.

The Mills County Cheese and Butter Company is the result of the determination of W. C. Dew that the money placed in to the Texas Cheese and Butter Company should not be lost on account of their failure. Mr. Dew and others saw the possibilities of converting the cheap grass and feedstuff into

milk and saw that the only practical method of supplying a satisfactory market was to install a plant for manufacturing cheese and other dairy products.

An expert cheese maker from Wisconsin has been in Goldthwaite for the past few weeks supervising the installation of machinery and he states that everything will be in readiness by next Tuesday.

Farmers Should Cooperate.

Everything necessary for manufacturing cheese is now available except the raw product—milk. For two reasons every man in this section who can should help supply this. First, it is a very profitable method of disposal—50¢ per pound the year round for butterfat; second, loyalty to a home industry and to those who placed their money into the project for the purpose of upbuilding of the country.

Let's all see to it that sufficient milk is furnished the cheese factory.

SPEAKING AT THE COURTHOUSE ON SATURDAY NIGHT

Next Saturday night Hon. H. Bascom Thomas, former speaker of the House of Representatives, will speak from the bandstand on the courthouse lawn next Saturday, November 3rd, at 7:30 p. m.

Mr. Thomas is a well-known speaker and will clearly set forth the facts in the present presidential campaign. Be sure to hear him.

Albert M. Hunt was real sick the first of this week.

Hurley Wilcox was a San Saba visitor last week.

ASHLEY WEATHERS SERIOUSLY HURT IN FALL FROM TREE

Ashley Weathers fell about thirty feet from a pecan tree to the ground yesterday afternoon about 3:30 o'clock and broke his back. He was rushed to a sanitarium at Brownwood, where it is hoped that he can be benefitted. At present he is paralyzed below the waist and in very serious condition.

Miss Palma Alma Lee, bookkeeper for Texas-Louisiana Power Company, has been transferred to the office at Meridian, Texas.

BIG VALLEY

The last of October has arrived and with it some cold, rainy weather. It also brings with it the night when goblins are free to roam the world and witches and black cats and ghosts are about. So, folks, you better watch out or,

"The goblin's 'll get you if you don't watch out."
Several in our community have been on the sick list. Included on the list are Mr. and Mrs. Ben Dong, M. G. Buckhannon and Mrs. Isaac Weaver. Miss Evelyn Nelson, who is attending school at Georgetown, spent the week-end with her parents, Mr. and Mrs. Walter Nelson.

Mr. G. A. Buckhannon and family went to Brownwood Saturday. Miss Esther had some dental work done.

Mr. and Mrs. Emmet Mohler were visiting his parents, Mr. and Mrs. Matt Kyle, this week. Melvin Doak and Miss Mary Cokerrell left last Thursday for San Marcos to see their sisters. They stopped in Austin and visited with their cousin, Mason Altman. They returned on Saturday and report that the San Marcos girls are doing fine.

Mr. and Mrs. Hugh Nelson

motored to Georgetown Friday after his sister, Mrs. Evelyn Nelson.

Are You Overdoing?

Overwork Throws a Heavy Burden on the Kidneys.
OVERWORK, rich foods and stimulating drinks put extra burdens on our kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one languid, tired and achy, with dull headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions.
Use Doan's Pills. Doan's, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor.

DIZZY Lost Appetite

Mr. M. F. Pink, of Harrisburg, N. C., says: "It must have been fully twenty-five years ago that I began taking Black-Draught regularly.
"I was in town one day, and while talking to a friend I stooped over to pick up something. When I straightened up, I felt dizzy. I spoke to him about this and how I had not felt like eating.
"My friend told me to take some Black-Draught. I knew my mother had used it, and so I bought a package. When I got home, I took a good, big dose, and the next night, another. In a few days I felt much better.
"A good many times I have had this dizziness and a bad taste in my mouth, or head aches, and then I take Black-Draught and get better. I do not have to take it very often. We buy from five to seven packages a year." Try it!

The new Buick is the new Style

Men and women on every street-- in every city and town-- are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day.

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher! Sweeping into the market at a time when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—
A mode of body-symmetry—of size and magnificence—of soft contours instead of straight lines—of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world! And as the weeks have passed—and the full significance of Buick's achievement has become apparent to the public—enthusiasm for this car has swelled and grown to unprecedented proportions! Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

**IN ACCORD WITH THE
SPIRIT OF THIS AGE**

The science of Chiropractic
has, during the last twelve
months progressed by leaps
and bounds. In all lines of en-
deavor to promote the health
and welfare of the human race,
theories that at the beginning
of the Twentieth Century
would have been condemned as
being impractical and fantas-
tical, are now accepted as ac-
tual facts. Chiropractic could
not stay at a stand-still; it was
bound to move upward and
upward. Twenty-five years of
investigation and research
were bound to discover new
facts and new conditions, to
cause new decisions to be
made, and the end is not yet.
The "last word" in Chiroprac-
tic has not yet been spoken,
but at this time, the beginning
of the second quarter of the
Twentieth Century, we can
safely say that this Health

Science is more firmly estab-
lished than ever. 28 states in
the Union have given it legal
recognition. "Are the law-mak-
ing bodies of these 28 states
WRONG in giving Chiropractic
established laws governing
it?" If so Texas is RIGHT.
But if these 28 states' law-mak-
ing bodies investigations
found that Chiropractic was
an exact science and worthy of
legal recognition. "Texas is
WRONG." Though Chiroprac-
tists are not worried about
Texas, as we all know Chiro-
practic is here to stay, because
it is built upon a firm founda-
tion which cannot beshaken. As
the most satisfactory drugless
Health Science in the world it
has no peer, and by those who
who have learned in the school
of experience, it is accepted as
such.

est investigation before con-
demnation and "There'll Be no

WHEREVER Summer traits may lead

Swift, eager smiles—smooth, soaring mastery of the hills—all the keen satisfaction of driving a car that fairly out-performs all its past records, is yours with the *new and better* Texaco Gasoline.

For the *new and better* Texaco is a true product of modern science—a gasoline formulated and produced to meet exact, scientific specifications, and available everywhere.

With the *new and better* Texaco, the action of the carburetor alone is sufficient to vaporize it completely. At all engine-speeds it forms a dry gas, free of every trace of wetness, a perfectly blended mixture of gasoline vapor and air, it flows freely and swiftly from carburetor to spark. Combustion, whatever the compression, is smoothly progressive and complete.

Wherever you are — wherever you go — this summer you can enjoy the advantage of the *new and better* Texaco Gasoline. It is sold at all pumps displaying the Texaco Red Star with the Green T.

WET
A wet gas is an atomized mixture of gasoline vapor with liquid drops of raw gasoline. These drops, resisting the action of the spark, make starting difficult and cause an uneven and sluggish power-flow.

DRY
The *new and better* Texaco Gasoline vaporizes completely. It forms a dry gas—a perfect mixture of gasoline vapor and air which responds immediately to the spark, providing a never-flow of power from all cylinders.

You buy the LIQUID but you use the VAPOR.

Don't just ask for "Motor Oil"

"Take-a-chance" oil in the engine sends many a good car to the scrap heap before its time has come.

That's why it is so important to use a full-bodied motor oil—a highly refined oil—like TEXACO, the clean, clear, golden motor oil. We have the right grade for your car.

You use the vapor—

When you drive up to a filling station you ask for "gas." And correctly, too. It is the *gas*—the vapor of the gasoline and not the liquid which gives the power.

The better the gasoline—the better it vaporizes—and the more power it produces.

The *new and better* Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pop"—mileage.

TO THE TEACHERS OF MILLS COUNTY

The Interscholastic League for Mills County was organized on October 6. This should be an unusually bright year for the league.

The schools are beginning to get under way with the different divisions of work. May I suggest that now is a good time to start training for the different league activities. Sometimes this matter is overlooked at the beginning of school and the pupils miss much of the benefit which comes from proper practice under direction from the start.

We should be interested in both the athletic and literary events of the league work, but more especially in the literary, spelling, arithmetic, debating and declamation; this is true because all schools can not have teams properly trained in athletics, but every school may have a team in spelling and arithmetic and some special pupil in declamation.

Let's all join in with enthusiasm in order that we may have the best year possible in the University League work. Send your fees to the University Interscholastic League, Austin, Texas.

Yours truly,
D. A. NEWTON,
Director General.

SOPHISTICATED SOPHS.

They gave us our report cards Friday and you should have seen the looks of woe that spread over the faces of some of the pupils. All in all I don't think there were many F's on the report cards.

I think the Hallowe'en carnival given by the Parent-

Teachers Association went over big, at least it seemed that way to me.

Accompanying you will find an honor roll of the Algebra 9 class.

Duets—Mrs. Sullivan and

Mrs. Fred Martin, accompanied by Mrs. Mark Fairman on the piano.

The program was enjoyed by all.

EAGLES TIED UP WITH GATESVILLE

The Eagles played their fifth game last Friday and had won two out of four played. It was a chance for them to take the majority of the games in their favor, but at the end of the game they broke fifty-fifty by tying up with the Gatesville Training School with a score of 6 and 6.

The game was a hard fought affair from the beginning but Ducey plunged through the line for a touchdown in the first five minutes of play. It was along the last half before the Eagles let the Gatesville boys score on them, but they also succeeded in making a touchdown.

The same team will meet the Eagles on the local field today. We expect this to be one of the best games of the season and hope the people will come out and support the home team.

The Eagles line-up was:
C. Ducey—left end
C. Head—left tackle
W. Jones—left guard
E. Dalton—center
E. Smith—right guard
J. Welch—right tackle
T. Harvey—right end
H. Ducey—quarterback
P. Johnson—left half
M. Evans—right half
H. Blackwell—fullback.

FRESHMEN

We received our report cards Friday morning. The grades were fairly good.

Lucille Bledsoe entertained a number of Freshmen and their friends Saturday night with an interesting Hallowe'en party. The guests entered an exciting room called the "chamber of horrors," after which several snappy games were played. The guests were served with crackers, chili and punch.

Lucille: "I think Frances needs glasses."

Thelma: "Why?"

Lucille: "I saw the boy she fell in love with at first sight."

Elaine: "I forgot my bathing suit at the park and had to write for it."

Tessie: "You should have sent a stamped envelope along to return it in."

LAKE MERRITT

There has not been many happenings in this community lately but we will send in a few items.

Mr. Kemp of Indian Gap and Mrs. Ethel Featherston motored to Goldthwaite Saturday and were united in marriage. The people of this community wish them a long and happy wedded life.

Mr. and Mrs. Wallace Leverett and Burton Leverett and Ellis Stuck motored to Brownwood Sunday to visit Mr. and Mrs. R. V. Leverett. Mrs. Leverett is in the hospital at Brownwood and last report she was doing as well as could be expected. We all hope she continues to do well and is soon out of the hospital.

Mrs. Charlie Brown and Gladys and Tommie Fuller called on Mrs. J. M. Booker a while Saturday night.

Miss Meilisa Featherston visited Goldthwaite High, Friday. Several from here attended the Hallowe'en festival Friday. It was worth the money. You should have been there.

Mr. and Mrs. Dave Green and children motored to Lometa Saturday, visiting.

Miss Gladys Brown called on her sister, Mrs. Douglas Robertson, awhile Thursday afternoon.

Mr. and Mrs. W. L. Stuck called on Mrs. J. M. Baker for awhile Sunday morning.

Miss Irene Featherston is

visiting her aunt in East Texas a few weeks.

Miss Marie Stuck spent the day Sunday, with Miss Gladys Brown.

C. J. Brown and Tommie Fuller called on Mr. Soules Sunday morning on business.

Mr. Green and Brooklyn Maxie chatted with Mr. Morris for awhile Sunday morning.

Mr. and Mrs. Douglas Robertson and children spent the day with C. J. Brown.

Miss Doris Oden spent Friday night with Miss Florence Oden.

Evelyn Robertson has been on the sick list the past few days.

A few of the young people attended the party at Will Rose's Saturday night.

Mr. and Mrs. Grady have been picking cotton the past week.

Mr. and Mrs. J. D. Ryan and Mrs. Ethel Featherston was in the city shopping Thursday.

Mr. and Mrs. V. L. Stevens called on J. D. Ryan and family Saturday.

Miss Alice Cunningham called on Mrs. Featherston Tuesday.

Troy Brown spent Sunday in the home with Brooklyn Maxie.

Mr. and Mrs. J. D. Ryan, Mr. and Mrs. V. L. Stevens and daughter spent Sunday with Mr. and Mrs. Grover Price and family.

As this is all the news I will sign off—PAT.

G. N. HARDEMAN DEAD

G. N. Hardeman, who for several years had lived in Goldthwaite in the Western portion of town, passed away last Saturday at 5:00 p. m. The funeral was conducted at the Baptist church Monday by

Rev. G. C. Ivins, pastor of that church. The remains were laid to rest in the Odd Fellows' cemetery.

Mr. Hardeman was born May 17, 1851, at Atlanta, Georgia. He was married to Miss Isabelle Mankin February 14, 1878. To this union was born five children. He was married to Miss Victoria Whitby on June 26, 1898. To this union was born six children.

The Eagle joins the many friends of the bereaved ones in offering them the greatest measure of condolence in this sad hour.

OWEN SMITH DEAD

The remains of Owen Smith, son of Will Smith, were brought to Goldthwaite and interred in the North Brown cemetery last Tuesday. Owen was patching a tire on his car near Bowie, Texas, when a passing car hit him, resulting in his death.

Owen, with his father, lived in Mills County, in the North Brown community, up to a few years ago, when they moved to West Texas. He will be remembered by many friends in that section, who will offer sympathy to the bereaved ones.

SCRATCH MY NAME

A copy of the general election ballot that appeared in the Goldthwaite Eagle of October 26th shows my name as a candidate for County Chairman. This was done without my knowledge or consent and I hereby request that the voters cancel my name when they prepare their ballots.

Electing a county Chairman is purely a partisan affair which was attended to in the July Primary as the law provides that it should be done. There is no law authorizing the placing of a candidate's name on the general election ballot for County Chairman.

JOHN W. ROBERTS,
Chairman Mills County Democratic Executive Committee.

O. S. DENMAN DEAD

O. S. Denman of the Be community died Sunday, October 28, after an illness about three years. He was 82 years of age. He was buried at Bethel Monday, Elder A. Dyches conducting the funeral services.

Mr. Denman was 52 years of age and was a member of the Baptist church. He leaves wife, four children and two brothers, Frank and George Denman, and one sister besides other relatives to mourn his death. The Eagle joins the many friends in offering condolence to the bereaved ones.

"Welcome!" That's what America has said to the Twin-Ignition Motor

FROM the very day of the introduction of the new Nash "400", keen public interest has surrounded the new Twin-Ignition motor—

People everywhere are telling other people that they've never driven a car with so much sparkle and enthusiasm in its action—

—Or one that is as smooth and quiet at every speed, clear up to the top—

—Or one that needs so little gasoline.

Twin ignition, with high compression in the valve-in-head motor means more power, more snap, more speed,

using ordinary gasoline, and less of it. Before you buy your new car, come in. We'll give you the key to a Twin-Ignition-Motored "400". You take it out, and take a ride. That's all we ask!

*In the first three months following the "400" introduction "400" sales were nearly 75,000 cars, 14,000 more than the total of the best previous July, the best previous August and the best previous September in all Nash history.

ART AND CIVIC CLUB

Everything was suggestive of Hallowe'en at the delightful party of Wednesday afternoon when Mrs. Fred E. Martin was hostess to the Art and Civic Club and a number of friends. The house was lavishly decorated with all the signs and symbols of the season. Witches riding broomstick steeds, bats and black cats and goblins appeared on draperies and wall spaces. Pumpkin Jack O' Lanterns shedding weird gleams over the array of silhouetted figures. Bright orange and brown marigolds with red and bronze chrysanthemums supplied the flower contrast in the suite of rooms where six tables of players assembled. The same black and orange theme was used in the game accessories and refreshments.

In the games Mrs. L. R. Conroy proved her skill by receiving the greatest number of punches.

At a late hour a menu of bread and butter sandwiches, chicken salad, cheese toast, olives, pickles, potato chips, hot coffee, cake and apricot whip was served to the following guests: Mesdames Roy Rountree, F. P. Bowman, L. R. Conroy, Jake Saylor, Haynes Harrison, Harry Allen, Karl Keese, W. E. Miller, Walter Fairman, C. M. Bureh, Mark Fairman, E. D. Stringer, D. A. GOOD POSITIONS AWAIT YOUNG PEOPLE WITH BYRNE TRAINING

You can get premium salaries for your services if you are properly trained to do well that which the business man wants done. Business demands thoroughly trained help at all times and over thirty thousand "Byrne trained" men and women fill these demands. You may have equal salaries, out of employment, but really what are they qualified to do? Can they go into the business office and take the manager's dictation or keep his books and do the hundreds of other details without his close supervision? If they can't they are not properly trained and are not wanted.

When you have finished your course in Byrne Commercial College, you stand prepared to start out on your new career, we do not merely hand you a diploma, shake your hand and wish you luck—not us. We want you to be a success and a credit to us and yourself.

We operate an employment department solely for the benefit of our graduates and absolutely free. This department keeps in close touch with business concerns, offices and banks and not only in the city but throughout the Southwest, and we have former graduates with a large percent of them

and many of them are now employers themselves who prefer Byrne trained help. We do not only get you the first position but help you to advance from time to time. Byrne training is received in half the time and at half the cost of others. The Famous Byrne systems, which we control enable us to save you this time. Byrne training is forever back of you by Byrne service.

For free catalogue giving information, fill in and mail this coupon to H. E. Byrne, President, Byrne Commercial College, Dallas, Houston or San Antonio.

Special Attention To Car Load Lots

G. H. FRIZZELL
East Side Square

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

- Inspection Service at 500, 1000 and 1500 miles:
- Check battery
- Check generator charging rate
- Check distributor adjustment
- Check carburetor adjustment
- Check lights
- Check brakes
- Check shock absorber adjustment
- Check tire inflation
- Check steering gear
- Change engine oil
- Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by expert, trained mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean peace of mind and money saved every mile you drive.

HEART OF TEXAS CLUB FORMED AT TARLETON

Stephenville, October 29 — The students from Mills, San Saba and Lampasas Counties who are attending John Tarleton College have organized a club known as the "Heart of Texas Club." This is a social organization; and it is also educational in that students have an opportunity to develop themselves speaking for their club and to learn something about parliamentary procedure. Clubs of this kind are encouraged by the officials of the college because it is known

that a certain amount of club activities is desirable in student life.

At the last meeting of this organization the officers for the year were elected as follows:

Ambyr Toliver, Mullin, President.

D. T. Briggs, Lampasas, Texas, Vice-President.

Wilma Wheeler, Goldthwaite Secretary-Treasurer.

John Cox, Moline, Reporter.

100,000 dairymen can't be wrong!

Here's the plan used by 100,000 dairymen to make extra money.

1. Raise all the feed you can (legume hay when possible).

2. Use just enough Purina to supply what your own feed lacks. Read the directions in the bag.

3. Take a moment to figure out your present milk and feed costs before you start on Purina.

4. After feeding Cow Chow for a season, figure up your costs again. If Purina does not make more money — don't feed it!

Farmers who have learned that it pays to figure production costs stick to Purina year after year. We will be glad to show you why the next time you drop in. Better still, phone for our Purina service man to get out to your place the next time he is in town.
