

MOUNT OLIVE

The flu is still visiting in our community. We are hoping it will soon give way and the will be able to be up and going again.

Mr. Krempin's family are better at this writing. The last report of Mr. Dyches' family was that they are some better. We hope they will soon be well again.

Mr. and Mrs. A. B. Porter have been on the flu list this week.

Miss Jessie Neal spent the week-end with home folks.

Mr. and Mrs. Bob Harris and little son, Clinton, of Stephenville came in Saturday to visit his son, Orville Harris. They returned Sunday afternoon.

Mr. and Mrs. John Conner of the Gap spent Saturday night with her parents, Mr. and Mrs. Neal, Sunday.

Allen Harris and family of Pottsville visited Orville Harris, Sunday.

Miss Minnie Cody spent the week-end with home folks.

There was church Saturday and Sunday. The preacher could not be with us due to sickness in the family.

Mark Harris and family of Zephyr attended church Sunday and visited his sister, Mrs. A. N. Lee.

The young folks enjoyed a party at Sam Koen's Saturday night.

Mrs. Pittman of Zephyr attended church Sunday.

There was a program at the school house Friday night. A good sized crowd was in attendance.

Friday evening the Mount Olive basket teams went to Midway to play ball. The girls were losers and the boys were winners.

Melvin Doak attended the party at Mr. Koen's Saturday night.

Miss Alpha Cody spent Sunday night with Miss Maudie Neal.

Clarence Qualls, who is attending school at the Gap, is at home this week. He reports that school is fine.

W. C. Koen of Goldthwaite attended the program Friday night and spent Saturday night and Sunday at home.

Lester Harris of the Gap attended church Sunday. —A PUZZLE.

WHAT'S DOING IN WEST TEXAS

Baird is building a new brick structure on Market Street between Fourth and Fifth to house the West Texas Utilities Company. The Utilities Company will use it for an up-town salesoffice room. It will be furnished with the very latest in office equipment.

Plans are to start the preliminary survey for the new city lake for Hamlin within the next few days. The new lake will be north of Hamlin on the T-Diamond Ranch and will supply water for a town of 15,000 to 22,550 people.

A volunteer fire department is being organized in Junction.

THE TRENT STATE BANK

No business too large for us to handle, none too small to have every courtesy and attention. Goldthwaite, Texas

Thirty-five men will comprise the department, and will drill twice a month. The city is planning to buy a thousand additional feet of hose.

Construction work is progressing on the new fire and brick home of the Texas Furniture Company at Olney. The foundation and walls have been completed of the hundred feet front and one hundred feet extension to the back.

Bleachers intended to seat approximately 350 people have been set up at the Sul Ross College Gymnasium. They run the entire length of the west side of the building and are five tiers in height. They are portable and can be used at the gymnasium or at the tennis courts.

Snyder is to have a modern commercial airport, the 200 acre lot was recently purchased for \$50,000.00. It joins the northern city limits.

TRIGGER MOUNTAIN

The health in our community is improving but some are still having the flu.

Mrs. J. B. Lively and son George have the flu.

Quite a bit of building has gone on in our midst. Bud Oden has finished his nice new home and is now occupying it. J. Y. Tullos has made some improvements and L. E. Eubanks has built a new smoke house.

Mr. and Mrs. Lige Blackburn of Fort Worth are visiting his sister, Mrs. J. B. Lively.

Jimmie Lee Hoffman was taken to Brownwood Thursday night for a medical examination and treatment.

Friday night was our regular club night.

Bro. Leach preached for us Saturday night but was compelled to return home as soon as his infant son is ill with pneumonia. Our county Missionary preached for us Sunday night.

Well I have broken my resolution by not writing regularly, but "The Farmer's Wife," her husband and all the little farmers have had the flu.

NEED GLASSES?

Dr. Jones, the eye man, will be in Dr. Campbell's office on Saturday, Feb. 2, 1929. See him about your eyes and glasses.

THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County, Greeting:

YOU ARE HEREBY commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mills County, a copy of the following notice:

THE STATE OF TEXAS,

To all persons interested in the Estate of Elizabeth Stewart Deceased, J. W. Stewart has filed in the County Court of Mills County, an application for Letter of Administration upon the Estate of said Elizabeth Stewart Deceased which will be heard at the next term of said Court, commencing on the first Monday in March A. D. 1929, the same being the 4th day of March A. D. 1929, at the Court House thereof, in Goldthwaite, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

GIVEN under my hand and the seal of said Court at office in Goldthwaite, Texas, this the 12th day of January A. D. 1929.

L. B. PORTER, Clerk County Court, Mills Co., Texas. 2-8-29

FEED WHEY TO THE HOGS

Below is an account of the
 test made of whey as hog feed,
 and was taken from an address
 delivered by E. C. Damrow of
 Fondulac, Wis., at a Wisconsin
 cheese makers' convention.
 This illustrates the value of
 the by-product which those farm-
 ers who patronize the cheese
 factory may have for taking it
 home.

The following is from an exper-
 iment feeding of whey by a
 man who is considered by my-
 self and all who know him as
 an honest, conservative and re-
 liable man. There is no man of
 whom I have a higher regard—
 F. P. Baker, St. Cloud, Wiscon-
 sin.

Bought 8 seven-
 Weeks old Poland-
 China Pigs June 16,
 1928, at \$ 3.00 \$24.00
 Seed for one-fourth
 acre pasture, oats
 and rape 1.25
 Ground barley 10.25
 Flour Middlings 12.40
 Moiny feed 19.80 42.45

\$67.70
 The hogs were fed mostly
 whey and very little grain.
 Starting with 80 pounds of
 whey, which was increased to
 240 pounds daily in the last two
 months, or an average of 180
 pounds of whey, for 117 (3

months on 26 (days) days mak-
 ing a total of 3,360 pounds of
 whey.

The hogs were sold in less
 than four months of feeding,
 weighing an average of 196
 pounds, or a total weight of:
 1,584 lbs at 10 1-2c \$166.32
 Cost of pigs and feed 67.70

Net gain for pasture
 and whey \$ 98.62
 \$98.62 divided by 210 equals
 47c per hundred pounds of
 whey.

If the hogs would have sold
 for eight cents per pound the
 value of the whey would have
 been 27 cents per hundred.

The hogs know good whey as
 well as the little pigs know
 sweet milk. The whey tank was
 thoroughly cleaned every other
 day, except for one week, and
 the hogs soon voiced quite em-
 phatically a protest against
 such slop and insisted on good
 wholesome whey.

**DO YOU WANT TO ATTEND
 A BUSINESS COLLEGE?**

Realizing that a great num-
 ber of young people are depriv-
 ed of an opportunity of attend-
 ing a business college because
 of the lack of money, our Stu-
 dent Loan Fund Association
 was created for the express
 purpose of furnishing the nec-
 essary help for worthy boys
 and girls.

We have selected the Tyler
 Commercial College of Tyler,
 Texas as the college we can
 most consistently recommend.
 This is one of the oldest busi-
 ness schools as well as one of
 the most widely known for its
 thorough work and its success-
 ful graduates out in the world
 of business.

We have made arrangements
 with the Tyler Commercial
 College by means of which we
 can take care if a limited num-
 ber of young people through
 our loan fund.

If you are in good standing
 in your community and can
 furnish the best references, we
 shall be glad to help you. We
 have helped a number of de-
 serving young people in the
 past who are now independent
 wage earners and enthusiastic
 boosters of our Association.

We are especially interested
 in helping young men and
 young women who have been
 forced on account of financial

reasons to drop out of high
 school or college.

In order to receive help from
 this Association it is first neces-
 sary to clip the coupon attach-
 ed and mail it to us or to the
 Tyler Commercial College. We
 can then work out a plan where
 by you will be enabled to enter
 the College even though your
 funds are limited.

Clip out the coupon and mail
 it today either to Tyler Com-
 mercial College, Tyler, Texas,
 or to

**KAUFMAN PATENTS
 CHEESE PROCESS**

Another distinction has come
 to our cheese man, August H.
 Kaufman.

Mr. Kaufman and his bro-
 ther, now of Goldthwaite, have
 recently received letters pat-
 ent from the Patent Office at
 Washington for a new process
 for the manufacture of cheese.

The Kaufman brothers have
 been working on this proposi-
 tion for the past three years,
 and have recently gotten it per-
 fected, the papers having been
 received from Washington a

few days ago.

Mr. Kaufman's brother, Her-
 man H. Kaufman, is now man-
 ager of the new cheese factory
 at Goldthwaite; established
 several months ago. Both were
 reared at Plymouth, Wis.

This is not only a great thing
 for Mr. Kaufman, which we
 hope will make his fortune, but
 it is a great thing for Round
 Rock Cheese Factory as well.
 Any goods produced by an ex-
 pert, such as this prove Mr.
 Kaufman to be, will thereby
 be given a reputation and pres-
 tige which must increase its
 demand.

The following paragraphs,
 which give some information
 relative to the process, are cop-
 ied from the certificate of pat-
 ent, which Mr. Kaufman showed
 the Leader man Tuesday:

"This invention relates to a
 process of making cheese and
 is particularly directed to a
 process of making curd cheese.

An object of the invention is
 to provide a method of making
 curd cheese not providing any
 waste, but which utilizes all of
 the curds of the milk in a novel
 and effective manner.

"Further objects are to pro-
 vide a method of making curd
 cheese, which is solid and which
 may be carried out by the usual
 type of machinery in a simple
 and effective manner."
 —Round Rock Leader.

CENTER CITY BRIEFS

We are glad to report the health of our community very much improved. There are still a few cases of flu, but we think they will soon be out with us again. School is progressing rapidly. The students are trying to forget about the holidays and prepare for exams which will soon be with us. While playing basketball one day last week, Yvonne Welch bit her tongue. She says her tongue is better, but that her feelings are still hurting her. The ball girls went to Star and played ball Saturday. We don't know how they came out. The girls are working hard under Miss Fannie Lueky. They will soon be prepared to play match games with the surrounding communities. Let us boost these girls—tell them we are interested in them. Miss Pearl Casbeer, who is teaching school in Lometa spent the week-end with her mother. Rev. Thornton, the missionary, preached here Saturday night. Rev. Barr, the presiding elder, will preach Wednesday morning. Eula Bell Chappel and Joe Drake Carter visited in the Bass Cornelius home Sunday. Rev. Quinn of Brownwood filled his regular appointment Sunday. Owing to the fact that Mrs. Quinn was sick, he could not come until Sunday morning. We hope Mrs. Quinn will soon be well again. George Albert Mason of the Lake Merritt community was at church Sunday. Mr. and Mrs. Lee Watson and little son visited Mrs. Walton's little nephew, who is ill with pneumonia. Miss Fannie Lueky spent the week-end with home folks. Mrs. Monroe Geeslin has returned with his car from a shop at Waco. Cline Head and Mrs. Venable are sporting new Fords. Mrs. Lorena Langford's children and her sister visited in her home Sunday. Several from our community attended the M.H. club meet in town one day last week. Varnell Geeslin, Talmadge Head and Hollis Blackwell spent the week-end with home folks. —MARY GOLD.

DUNLOP OFFERS SURETY BOND TIRE PROTECTION

W. T. Keese, distributor of the celebrated Dunlop brand of automobile and truck tires, is enthusiastic over the "splendid business" of the year just passed, and states that prospects for this year were never better.

W. T. Keese, owner, in speaking of the outlook, said: "The Dunlop Company, being the pioneer of all rubber vehicle tire manufacturers and one of the best internationally known tire manufacturers in the world, has never permitted its products to be excelled if equalled by any other concern in quality, and has ever been on the alert to render the users a service in keeping with the high quality of these products."

"The most recent innovation is guaranteed service to the purchaser of Dunlop tires, by insurance to each tire purchaser or a bond made by the American Surety Company of New York. This surety bond is more than a guarantee, although a Dunlop guarantee is always good, and it covers almost everything that can happen to a tire. Under its terms, if a tire fails within 12 months it is repaired free. If it cannot be repaired, a new tire at reduced cost is given. For instance, during the first month a \$13 tire will be replaced for \$1, the second month for \$2, and so on. The surety bond covers practically every possible cause of failure, such as accident, collision, blow out, failure of alignment, stone bruise, road cuts, rim smash, side wall injuries, tube pinching, valve tearing, under inflation, etc. "Dunlop tires are the only tires covered by a surety bond because they are the only tires made strong enough and fine enough to stand a surety bond," Mr. Keese said. "Drop in to our place of business at your first convenience and let us show you these fine tires and explain to you fully what a bonded tire sale means."

Now is the time to look after your leaky roof with a guaranteed Asbestos Liquid coating. Ask your neighbor who used our material on his roof. Sold Exclusively by R. E. and WATSON ROSS Goldthwaite, Texas

everything that can happen to a tire.

"Under its terms, if a tire fails within 12 months it is repaired free. If it cannot be repaired, a new tire at reduced cost is given. For instance, during the first month a \$13 tire will be replaced for \$1, the second month for \$2, and so on.

The surety bond covers practically every possible cause of failure, such as accident, collision, blow out, failure of alignment, stone bruise, road cuts, rim smash, side wall injuries, tube pinching, valve tearing, under inflation, etc.

"Dunlop tires are the only tires covered by a surety bond because they are the only tires made strong enough and fine enough to stand a surety bond," Mr. Keese said.

"Drop in to our place of business at your first convenience and let us show you these fine tires and explain to you fully what a bonded tire sale means."

COULD YOU HAVE BELIEVED IT?

If you positively knew you could have \$500.00 cash, a thorough business training, a good position and seven months experience if trained in a Byrnes Commercial College against no cash, no job or experience if trained in another school, which would you choose? The answer is easy, but how are you going to convince yourself that a Byrnes Commercial College has these great advantages? Here's how: Ask three students that have graduated in the combined course of bookkeeping and shorthand in any other school if twelve months is not a fair average time to graduate in a school teaching Greek Shorthand and 20th Century Bookkeeping, then ask three who have graduated in a Byrnes Commercial College in the Famous Byrnes Shorthand and Bookkeeping if four and one-half months is not a fair average time to graduate. Also get the catalogues of other schools and Byrnes' and compare their course of Bookkeeping and Shorthand and time required with Byrnes. The Byrnes student graduates in four and one-half months. Time saved by Byrnes, seven and one-half months. Put the time at a low salary and you would have earned from \$500.00 to \$700.00, and by the use of the famous Byrnes Shorthand and Bookkeeping taught exclusively in Texas in the three Byrnes Commercial Colleges under the direction of the author, you have been given the most modern, thorough, practical training to be had in seven and one-half months less time, and you will have seven and one-half months valuable experience and a good position. Business men prefer Byrnes trained office help. Byrnes trained students are holding the most responsible bookkeeping, shorthand, secretarial, and accounting positions at the best salaries, in the large cities where business is found. If you can secure and hold the best

We now cover DUNLOP TIRES with this

SURETY BOND

NO tire guarantee ever offered can compare with this new Surety Bond, backed by Dunlop AND the American Surety Company.

It is blunt. It says: "Your tire will run perfectly for 12 months or we stand the bill."

No matter whether failure is due to accident, or collision, or blow out, or misalignment, or stone bruise, or road cuts, or rim-smash or side-wall injuries, or tube pinching, or valve-tearing, or faulty sec-in, or under-inflation. We will either repair it free of charge or you get a new tire at reduced price.

Of course, we offer this Surety Bond only with genuine Dunlop. They are the only tires that are built strong enough and fine enough to provide a Surety Bond, especially one as liberal and complete as this one. Come in and read a copy.

Dunlop's new Surety Bond is the only one of its kind.

W. E. WALKER SON WALKER Easy Payment Gladly Arranged

paying positions with four and one-half months training why spend twelve months in some school not permitted to teach the famous Byrnes system? Byrnes scholarships are sold under a money back guarantee. Get the Byrnes bookkeeping and shorthand in one-half the time and one-half the cost of others. Byrnes Colleges operate three free employment departments for the placing of all graduates. Write for catalogue today. Investigate, you are entitled to the best. Byrnes Commercial College, Dallas, Houston, San Antonio. H. E. Byrnes, President.

Business men prefer Byrnes trained office help. Byrnes trained students are holding the most responsible bookkeeping, shorthand, secretarial, and accounting positions at the best salaries, in the large cities where business is found. If you can secure and hold the best

NAILS AND STAPLES

Vol. No. 1. January 25, 1929. Num. Seven

Published in the interest of the people of Mills County by Barnes & McCullough.

Paul McCullough Editor

What are the odds on the ground hog hitting it this year

Many a farmer would have been better off if he would have bought more wire and lumber and less automobiles.

Skete Hudson says: "Your Nails and Staples" is a clever ad." Skete is wrong, it's a newspaper.

J. W. Boykin of Star is building a new residence on his farm.

Every farmer in the county should build a nice residence. Our county is as good as anybody's. Why not fix up and stay here the rest of our days.

If you don't believe it, ask E. E. Wilson. We compared our circulation lists one day and the number of subscribers are exactly the same.

The Baptist people are figuring on painting their church, which it badly needs.

A house that is needing painting is gradually burning and you just as well figure it that way, for it is a fact.

Let us stop the fire with Dupone

Badly Run-Down

"Six years ago, I was very much run-down," says Mrs. Olympia Knight of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health."

"I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while."

"It was astonishing how much I picked up. I slept better; my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Cardui until I felt perfectly well."

Cardui has been used by women for over 50 years. For sale by all druggists.

THE RECORD-BREAKING NEW NASH "400" More Powerful, More Economical Motoring in 1929 -- from the New NASH TWIN IGNITION Motor. HERE'S one sure way to make your motoring more delightful in 1929 -- drive a Nash "400", the car with the Twin-Ignition Motor! More power... greater, smoother speed... remarkable economy of operation -- these are new advantages now offered by Nash Twin-Ignition performance. In the development of this remarkable new motor, Nash has combined three great principles of motor design -- twin-ignition, high compression, and valve-in-head. In the air, this type of motor is winning the honors. A twin-ignition, high compression, valve-in-head motor carried Lindbergh to Paris, Byrd over the Pole, Goebel to Hawaii. Now, for the first time, Nash makes this more efficient, more economical motor design available to every motorist. Ask your nearest Nash dealer to give you a Nash "400" to drive. Compare what we say about the Twin-Ignition motor, with what the Twin-Ignition motor says to you! The New NASH "400" Leads the World in Motor Car Value. IMPORTANT "400" FEATURES -- NO OTHER CAR HAS THEM ALL. Twin-ignition motor, 12 Aircraft-type spark plugs, High compression, Headlight and Invejey shock absorbers, Solid disc brakes, Aluminum alloy pistons, New dash, New steering, Torqueflex suspension, Wheel rotation, Shock absorbers, 2400 cc. engine, 2400 cc. engine, 2400 cc. engine, Longer wheelbases, One-piece Saloon fenders, Clear vision front pillar posts, New Special Design front and rear bumpers.

**FRANK M. PATTON,
PIONEER CITIZEN, DEAD**

Mr. Frank M. Patton, aged 74 years, a life-long resident of Houston County, passed away at the home of his daughter, Mrs. A. S. Lockey, Wednesday morning, following an illness of several weeks. His parents came to Nacogdoches county in the early thirties, moving to Hickory Creek community east of Crockett in 1837, being among the first settlers in East Texas. He lived almost his entire life on a farm in this county, some two miles from where he was born. In 1884 he moved to what was then Brown county, later Mills, residing near Mullin, and served on the first jury ever empanelled in that county. In 1889 he returned to Houston county, where he has since resided.

F. M. Patton was an uncle of Mrs. J. W. Fisher and also related to the Duren family. He is the father of Hon. Nat. Patton of the State Senate. Many of the old settlers will regret to hear of the passing away of this good man.

MULLIN NEWS NOTES

Miss Inez Tyson of Brownwood visited her sister, Mrs. W. C. Preston, Sunday.

Mrs. Jarrett is very much improved and was able to be moved to his son's home at Brownwood. It is expected that he will soon be restored to his former health.

Raymond Ingram and Mrs. Ingram and the lovely little one were week-end visitors in the Mrs. J. W. Ingram home.

Ernest Chesser and family are living at the Oxley home-stand.

Mesdames W. C. Preston and J. W. Ingram were visiting in Goldthwaite recently.

Misses Tennie and Ellen Hays were guests of Mrs. Chas. Hays, Sunday.

R. T. Vaughn of Duren was transacting business in Mullin Tuesday.

Mrs. Rumely of Cleburne is a guest of Mr. and Mrs. J. L. Smith.

Mrs. John Henderson and children of Dallas came in on the Tuesday morning train for a visit with her parents, Mr. and Mrs. Alec Sanders.

Mrs. R. W. Hull of Killeen spent Tuesday with her parents. Elder E. W. McNeill has returned home from a trip to Rule and Abilene.

Jack McNeill of Fort Stockton is visiting his brother, E. P. McNeill and many old friends here.

Mrs. C. C. Hancock and Miss Alma Neill drove to Brownwood Tuesday afternoon to visit Mrs. M. C. Kirkpatrick.

Mrs. W. O. Kemp of Brownwood spent Tuesday with his parents, Mr. and Mrs. J. S. Kemp.

Mrs. Lambert of Big Springs and Misses Gilbreath and Brown of Evant and Kempner were recent guests of Mrs. L. J. Smith.

Olan Dellis of Trigger Mountain has a position since the first of the year with the First National Bank in Comanche.

Mrs. Peak of Lampasas spent Tuesday with her mother, Mrs. J. B. Applewhite.

Mrs. R. W. Hodges is at the home of Mrs. R. H. Young for this winter and in the spring she will visit her children.

Eph. Guthrie gave his mother a most delightful surprise Monday when he visited her. It has been several years since his mother had seen him. Eph. lives in West Texas.

Monroe Spinks has a very sick baby at the Will Calders

home. J. S. Johnson is among the sick folks this week.

A. J. McDonald is almost well again after a siege of the influenza.

Mrs. L. W. Clark of Brownwood is in Dallas visiting her sister, Mrs. Lively.

C. C. Hancock for Dry Goods Mrs. Lee Roberts has returned home, after a few days visit in Zephyr.

Mesdames J. Davis and F. E. Burkett received the message Friday that their mother, Mrs. W. G. Betenbaugh, was found dead in her bed early Friday morning at her home in O'Donnell. The ladies left immediately for O'Donnell.

Miss Mary Kemp is spending this week in Temple.

W. C. Scrivner recently installed a nice new Crosley radio at the home of Mrs. Bert Chesser.

Mrs. Lawrence McKinney is visiting in Zephyr this week.

Mr. and Mrs. Pickens Chancellor of Prairie spent Saturday with his parents, Mr. and Mrs. J. L. Chancellor.

Messrs Egbert and Lige Barnett and Jim Roddy of Hamilton attended the funeral of Mrs. J. A. Fletcher here Friday.

Miss Mary Kemp is at home from a long visit to relatives at Llano.

Mrs. L. L. Wilson is at May visiting her parents, Mr. and Mrs. John Burnett and convalescing from an attack of flu.

Gid Wallace and family and Mrs. Crouch of Brownwood spent the week-end with their parents, Mr. and Mrs. G. B. Wallace.

W. F. Kemp of Brownwood, formerly of Mullin, has been appointed trustee pending the settlement of the Piggly Wigg.

Mrs. T. A. Crockett and son Fletcher and Frances of Balingier returned home Sunday. Bert Fletcher and Miss Ruth

Martin of Maverick were here the latter part of the week at his mother's bedside.

Miss Estelle Duren of Brownwood was called home Friday on account of the death of her niece, Mrs. Amos Green.

Mrs. J. L. Farmer seemed slightly improved, the last report from the sick room indicated.

Mrs. Marvin Templin and daughter of Live Oak were recent visitors here. They expect to leave soon for California.

Mrs. M. C. Kirkpatrick has returned to Brownwood from a visit to Abilene. Her friends are expecting her home soon.

Baseom Templin has contracted with the bank or part of the Oxley farm and he is expected in from the West any day.

NOTICE WOOL AND MOHAIR GROWERS OF MILLS COUNTY

A number of mohair and wool growers of this county have arranged a meeting in the Chamber of Commerce rooms at Goldthwaite, Texas, at 2:00 p. m. Friday, January 25th to formulate a plan to sell this spring's clip of Mohair and wool. If you are interested in this move, be at the meeting at the time named.

—W. C. DEW.

MECHANICAL MAN IS ALMOST HUMAN

Roy J. Wesley of the Westinghouse Electrical Company has invented a mechanical man, which, it is reported, is almost human, being able through remote control to fly airplanes, sail boats, drive motor cars and act as a household servant. The inventor believes that eventually the Televox, as it is called, can be used to replace human workmen in various activities.

But the greatest value of the device ought to be social, not industrial. The aid which it could render husbands who wish to stay out late is obvious. As a substitute at dinner, committee, theatre and booze party engagements, contracted in moments, the perfected Televox would be a genuine blessing. Since the remarks of a person on such occasions are wholly mechanical, the conversation of the mechanical man undoubtedly be acceptable.

Science is wonderful. So many human functions are being taken over by machines that it is reasonable to suppose that in time the human race will be superfluous.

—Hamilton Herald-Record.

TONICS --

Many people are left in a "run-down" condition following the La-Grippe, Bad Colds and Influenza—then is when a Good Tonic is needed.

New tonics are being placed on the market daily and sold by high-powered advertising. We list below some preparations that are time tried and of proven merit.

—We Recommend—

Stearn's Tonic—Lyko—Tanlac—Scott's Emulsion—Admirine—Guatonic

For many years these Tonics have been successfully prescribed in the treatment of general and nervous exhaustion, simple anemia, mal-nutrition, loss of appetite and impoverished blood supply. Also for persistent coughs and colds.

TEXACO
GOLDEN
MOTOR OIL

THE TEXAS COMPANY
TEXACO PETROLEUM PRODUCTS

THE joyous voice of Spring and Sport and Swift Travel is calling! The purr of the perfectly lubricated engine is telling of Texaco Motor Oil wherever the long roads stretch!

Let your engine give you everything its designers intended!

Use the pure, full-bodied, heat-resisting lubricant . . . Texaco Motor Oil—clean, clear, golden!

H. B. JOHNSON, Agent

Don't just ask for "Motor Oil"

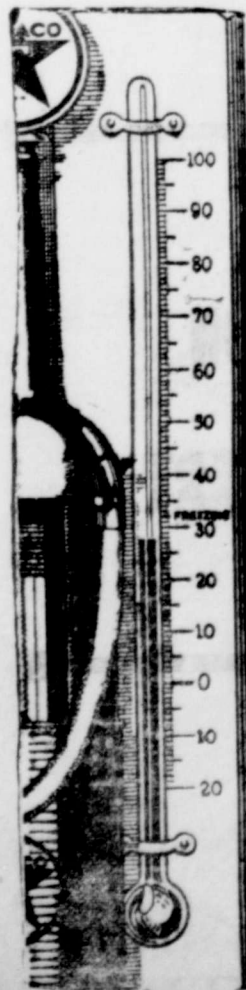

"Take-a-chance" oil in the engine sends many a good car to the scrap heap before its time has come.

That's why it is so important to use a full-bodied motor oil—a highly refined oil—like **TEXACO**, the clean, clear, golden motor oil.

We have the right grade for your car.

TEXACO MOTOR OIL

TEXACO SERVICE STATION

Starts better—Quicker

Give it an instant's notice—that's enough—and the new and better Texaco meets the spark a dry gas. Smoothly—surely—it starts even in freezing weather.

The NEW and BETTER
TEXACO
GASOLINE

FLOYD JACKSON

What has gasoline to do with lubrication?

Everything. The new and better Texaco Gasoline forms a Dry Gas. It burns completely. No "heavy ends" are left in the cylinders to dilute the oil film, break the seal, enter the crankcase and destroy the lubricating value of the oil.

The
NEW and BETTER
TEXACO
GASOLINE

E. M. INGRAM
MULLIN, TEXAS.

Is there any real difference in Gasoline?

We have the answer. Just drive up to the Texaco pump. Then notice how much better your engine performs. Better in pick-up, power, mileage and smoothness.

The new Texaco is decidedly different. Stop where you see the Texaco pump—

HIGHWAY GARAGE

You use the vapor—

but you buy the liquid

When you drive up to a filling station you ask for "gas." And correctly, too. It is the **gas**—the vapor of the gasoline and not the **liquid** which gives the power.

The better the gasoline—the better it vaporizes—and the more power it produces.

The new and better Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pep"—mileage.

Try Texaco today. There's a difference.

LOUIE KARNES
STAR, TEXAS.

The NEW and BETTER
TEXACO
FORMS A DRY GAS

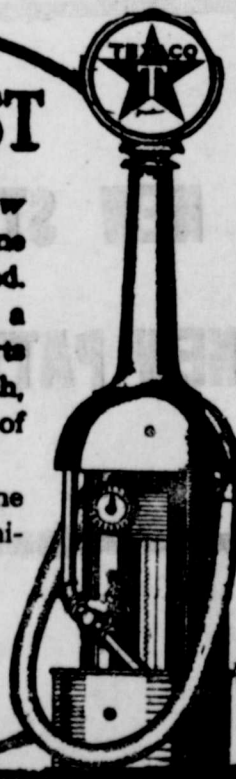

HIGH TEST

If you aren't using the new and better Texaco Gasoline now, it's high time you started.

In every particular it is a "high test" gasoline. Starts easily, responds like a flash, and is there with plenty of power.

Best of all, it is easy on the valves and forms a very minimum of carbon.

The NEW and BETTER
TEXACO
GASOLINE
FORMS A DRY GAS

Weatherby Auto Company

TEXAS JERSEYS HOLD THEIR OWN WITH THE NATION'S BEST

At the National Dairy Show held in Memphis, Tennessee, Texas entries placed in the money sixteen times.

Outstanding honors were won for the State by three exhibitors: the Santa Gertrudis Jersey farm, the Taft Ranch Jersey farm, and the Falfurrias Jersey farm.

Many of the National winners had just come from victory at the Southwestern Dairy Show held at the State Fair of Texas.

Competition at the National was keen and plentiful. Here were assembled representatives of the finest dairy herds on the continent, with blue blood tracing to the best ever produced on the Guernsey and Jersey Isles. The motherland never saw better Holsteins than paraded in the big ring at Memphis this year. The Brown Swiss were present in quality and numbers.

To Texas went the honor of having the grand champion Jersey cow, Imported Matilda's Belle. The preponderance of Lone Star placings in the Jersey classes was little short of sensational, and added greatly to the reputation of this State as the natural home of the world's finest Jerseys.

Although smaller than the National, the Southwestern Dairy Show at Dallas—the first exhibit of a newly organized association—scored a signal success and achieved praise from dairy breeders, judges and buyers from many parts of the United States. It is prophesied that, with the growing interest in the Southwest, the time is not far distant when the Dallas exposition will attract as many entries as the National. — Texas Opportunities.

CARD OF THANKS

We wish to extend our heartfelt gratitude to our numerous friends for their loving sympathy and kind deeds during the burial of our sister: Mirth. Especially do we thank the Methodist pastor, Bro. Kelley, and the pallbearers for the service; the choir for the beautiful hymns; and friends for the beautiful floral offering.

Elizabeth Cook.
Mr. and Mrs. Frieze and family.

THE FORD VALVES SAID TO BE OUTSTANDING IMPROVEMENT

The design and construction of the valves are among the most important elements of modern automobile engineering and manufacture.

The designers of the new Model A Ford gave special attention to these factors and the result is a valve which is remarkable for its durability, close fitting and resistance to the oxidizing or sealing effects of hot gases.

The valves in the Model A Ford are made of carbon chrome nickel alloy. They are first die-cast and then ground with remarkable accuracy to the desired size. The stems have mushroom ends to give larger wearing surfaces and quieter action where they come into contact with the push-rods. The carbon chrome nickel alloy made of metal of which they are made is particularly resistant to wear and to the sealing effects of hot gases which the valves must endure in their normal performance.

The Ford valve terminates in a cone over which slips a retainer, horse-shoe shaped, which holds the spring in place. As the cone head presents a large area to the tappet top, and as the valve foot is operating in oil, there is not the slightest risk of the valve end burning over and there is no necessity for an adjustment to be fitted at the top of the tappet.

The oil bath in the valve chamber provides a cushion between the valve foot and the tappet top, silencing it effectively. On the ordinary engine, the valve end is either slotted or drilled to take the cotter for the cap and the removal of metal in this process considerably weakens the valve at this vital point. The new Ford valve actually is strengthened at the foot. This is considered the greatest single advance in valve design that has yet been made in the internal combustion engine. It has produced and almost everlasting, trouble proof, one-piece valve.

The Ford camshaft also has been specially designed to function for smooth, quiet performance of the valves. The Model A cams are so designed as to permit the push rods to take up the clearance easily and not impart a blow to the valves, thus tending to quiet operation. The cams are wide-faced to

give long life and are shaped to insure silent operation of the valves.

NOTICE IN PROBATE

THE STATE OF TEXAS, To the Sheriff or any Constable of Mills County, Greeting:

YOU ARE HEREBY COMMANDED to Cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Mills, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

THE STATE OF TEXAS, To all persons interested in the Estate of Mary Straley, deceased, J. P. Straley has filed in the County Court of Mills County, an application for Letter Testamentary of the last Will of Mary Straley, deceased, which will be heard at the next term of said Court, commencing the first Monday in March A. D. 1929 at the Court House thereof, in the City of Goldthwaite, at which time all persons interested in said Estate may appear and contest

such application, should they desire to do so.

HEREIN FAIL NOT, but have you then and there before said Court this writ, with your return thereon endorsed showing how you have executed the same.

ATTEST: L. B. PORTER, Clerk County Court, Mills Co., Texas.

Given under my hand and the seal of said Court, on this the 18th day of January, 1929.

ATTEST: L. B. PORTER, Clerk County Court, Mills Co., Texas.

Fisher St. J. N. KEESE & SON Goldthwaite

Safety, silence and simplicity are features of the new Ford six-brake system

ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system.

This system gives you the highest degree of safety and reliability because the four-wheel service brakes and the separate emergency or parking brakes are all of the mechanical, internal expanding type, with braking surfaces fully enclosed for protection against mud, water, sand, etc.

The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture. A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels.

A further improvement in braking performance is effected by the self-centering feature of the four-wheel brakes—an exclusive Ford development. Through

this construction, the entire surface of the shoe is brought in steady, uniform contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent in operation.

Another feature of the Ford brakes is the ease of adjustment.

The four-wheel brakes are adjusted by turning a screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks."

The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

DAINTY SERVICE AND CHOICE FOODS That Make Eating Here a Delight

CHOICE food so appetizingly prepared seems even more delicious when served in the dainty and attentive manner our patrons are accustomed to here.

We're proud of our spotless kitchen and of our delicious home cooking.

—THE— ROYAL CAFE W. F. Brim, Prop

ROCK SPRINGS

It seems like we can't get to our Sunday School and U. work again. There have been several Sundays since we have met. The weather and flu have prevented us from going on.

Mrs. E. W. McNutt visited in the Grandfather McNutt home last Friday in the city.

W. A. Daniel and wife went to Junction last Saturday on business.

Grandmother Graham spent Saturday and Sunday in Big Valley with Mr. Will Dennard and wife.

Eugene McNutt happened to an accident Monday morning when he turned his father's car over and broke a wheel off. He escaped unhurt.

Landy Ellis and family, who live on the river, visited in the Stark home Saturday night.

KGKB was on the air Tuesday night with a good program.

Mrs. Lula Nickols spent last Tuesday with her daughter, Mrs. Joe Roberts, on the river.

Miss Nell Strickland of Temple is visiting in the Austin Cooke home this week.

Glenn Nickols is still wolf hunting every few nights. He kills plenty of time, but very few wolves.

Mrs. W. A. Daniel and Bille Ruth visited Mrs. Zona Robertson in Big Valley Monday afternoon.

Some are waiting for a good norther so they can finish killing their hogs.

—BUSY B.E.E.

R. W. HODGES DEAD

(Mullin Enterprise)

R. W. Hodges, age 81, died at his home the 16th of January. He was a pioneer citizen of Duren community and had a host of friends and relatives who will sadly miss grandpa.

He was a Christian for years sowing good deeds and kindness. The bereaved wife is very seriously ill and is left behind to mourn his going. He also leaves a number of children.

Brother L. A. Dyches and J. L. Jones conducted the funeral services and interment was at Duren. The Enterprise extends sympathy to the bereaved.

Joe Davis and wife have gone to housekeeping.

Herbert and Horace Cooke visited home last Saturday and Sunday.

Some of the young folks went to the show Saturday night.

Mrs. E. W. McNutt visited in the Grandfather McNutt home last Friday in the city.

W. A. Daniel and wife went to Junction last Saturday on business.

Grandmother Graham spent Saturday and Sunday in Big Valley with Mr. Will Dennard and wife.

ANNOUNCEMENT—

Mrs. Lewis Gartman and Mrs. Balke Forehand announce the opening of

THE HAT SHOP

in Gartman's Music store. Very latest styles, best quality, lowest prices. Buy your hat where you can hear the Latest Music while you shop.

PRAIRIE SCHOOL

I made a mistake in the number of new pupils last week which I wish to acknowledge and correct. We had six new students which made a total of 74. All new students are welcomed.

Practice for the county meet is progressing nicely, and we intend to show the people of Mills County just what Prairie can do when we try. As yet we do not know definitely how many will participate in the literary events, but we think there will be a good representation.

Some of the parents have made offer of \$10.00 to their children if they make A cards. We think the parents stand a good chance of paying off if the students keep up their efforts.

The Pompey basketball team came to Prairie Friday and played our teams. The score was Boys, 5-8; girls 23-0 in favor of Prairie. Come on, you boys and girls! You are doing splendidly and we are very proud of you.—REPORTER.

FOR SALE—Model A Ford Sport Coupe; A-1 condition; 5 new 6-ply tires. See JACK W. RUDD.

Mrs. Hammond Bodkin and Myrtle Harrison are leaving Sunday for market where they will buy the latest Spring and Summer Millinery, and attend the Style Show. They cordially invite your inspection on Saturday, February 2nd. (adv)

FOR RENT OR LEASE on Colorado River, 40 acres in cultivation, 40 pasture. 4-room house. Good lay for some one. Call at Eagle office.

LOST—A dinner ring with 3 diamonds. Lost somewhere between the Beauty Parlor and my residence. Please return to MRS. W. A. RICHARDS.

SEWING—I have natural talent for sewing, besides an extensive course and experience. See me at my house south of the school.—MRS. J. B. CASBEER. 1-25

FOR RENT—My residence is for rent, and I will sell my household furniture.—B. F. GEESLIN, Goldthwaite. 2-1-20
