A FORMER CITIZEN VISITS GOLDTHWAITE

Theophilus Fitz, an old Goldthwaite boy, accompanied by his wife and daughter, of Los Angeles, California, was in town several days visiting old friends and looking over the country with a view to making a "movie" picture of some of the territory in and around Goldhwaite. Mr. Fitz is now engaged in the manufacture pictures. He has a large studio Song of the Oriole. of motion pictures and talking in North Hollywood, where he and his associates are making pictures. His visit to Texas at this particular time, is for the purpose of arranging for the making of a ten reeler of the "Birth of Texas," which will be one of the great feature pictures of this year. It is possible that James Cruz, who made the famous 'Covered Wagon' production, will direct the Birth of Texas." H. O. Davis, formerly manager of the Universal Pictures Corporation, will be the general manager. Mr. Fitz, who is vice president and general manager of the Panophone Talking Pictures Corporation, will put sound and dialogue into the different scenes and sequences. He will, no doubt, be in Texas a great deal in the next nine months. West Texas will get considerable publicity as a result of the showing of this great picture.

While in the city Mr. Fitz and his family were guests of Mr. and Mrs. S. P. Sullivan. Miss Kathleen has just graduated from Stanford University and is greatly enjoying her visit to Texas, She was born in Dallas, but this is her first trip back home since she was an infant. Mr. and Mrs. Fitz are old students of Texas Christian Fisher, Mr. and Mrs. P. H. University, he being a graduate of the College of Music of that institution. Their courtship, engagement and marriage resulted from their association at T. C. U. They have a married son who lives in Califor-

Under the direction of the Art and Civic Club the nationally observed Better Homes week is being observed in Goldthwaite. A great deal of work has been done in the way of landscape gardening as well as on the interior and exterior of the homes. This work is only commenced this week and the Club fostering it hopes to have

it continued through the year. class. This will be given at the A number of business houses are co-operating in the movement and have some very attractive displays.

The Fairman Co. is making a display of home interiors, including living room, bed room, bath room and closet cleaning equipment. This is one of the most excellent and attractive displays put on in this campaign and those who can visit the Fairman store should do so.

The Texas-Louisiana Power Co. is also making a complete for him. HAIL - CROP INSURANCE - HAIL

Just remember that you might be visited by a hail storm this spring and a policy covering your grain crop would be worth three or four times the cost of the premium. You would collect the insurance without the trouble of harvesting, threshing and marketing, so let's get together and figure hail insurance. It might prove worth your time to do so. No trouble to figure your wants and your business is appreciated.

IN MEMORY OF MRS. BERNICE WHITT

The many friends of the best. Simpson and Whitt families 11, when the news came that Bernice had passed away. how we loved Bernice! Did we ever have a better friend than she? Such a young, sweet life always takes the best flower. But shall we grieve for Bernice? Yes, we can't help it, but for several years. Although as a valued patron. she had planned to be with her family longer and to raise her precious little girl, which she dearly loved, Bernice was taken sick at home, near Priddy, with the flu and pneumonia, will please at reasonable prices. She was later taken to Brownwood, where everything was done for her recovery, but she grew worse until the end came.

Bernice was a daughter of Mr. and Mrs. G. W. Simpson of South Bennett, who passed away several years ago. Shel was born April 25, 1900, was married to Berlin White September 6, 1919. To this union was born one little girl, who is now four years of age.

Mr. and Mrs. Whitt made their home in Port Arthur part of the time since their marriage. She leaves to mourn her loss, a husband and daughter and nine brothers, besides other relatives and a host of friends. She was the only girl in the Simpson family. She was laid to rest in the Odd Fellows cemetery, funeral services conducted by Elder I. A. Dyches, assisted by Rev. H. E. Moreland. The large funeral procession was an evidence of the friends she had made during her short stay among them.

"From lip to lip, the world grows old.

Shall the record of each word be told; And though we may not know where the grave is hid,

We know she lived by the good she did." (Written by request of the family)

WHAT DID IT

There'll be no recrets.

THE lubrication requirements of the present high speed motors are most exacting. With their fine adjustments, these motors will not operate efficiently with every oil. They require a lubricant which is made especially to to meet the particular conditions which they have created.

That's why it's most important to always specify the oil you want-and it will pay you well to insist always on a brand which has back of it the resources and experience of the Continental Oil Company. Then you will always be sure to get the right oil-in the grade made especially for your motor.

Ask for these brands at the better service stations and garages.
