VOLUME THIRTY-FIVE.

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JUNE 7, 1929.

NUMBER THIRTY

Department Raised the Grade Of the Goldthwaite Postoffice

It Is Now In Second Class

By reference to a communication of Postmaster Harrison it will be seen that on July 1 the grade of the Goldthwaite postoffice will be raised to the second class, making this the same grade as the other large towns in this part of Texas and one to two grades higher than most of the towns. Really, there is only one grade higher and that is the one given New York, Chicago, Dallas, Houston and other cities of similar size. The volume of business reported by the postoffice here is the reason for the raising of the class, and after July 1 this office will be under the jurisdiction of the civil service department. The postal authorities are not actuated by favoritism in these matters, hence this classification shows there are no better towns in this part of Texas than Goldthwaite.

A SMALL BLAZE

The blazing up of an oil stove in the kitchen of Mrs. Howard's residence known as the B. F. Geeslin place, near the Methodist church, about 3 o'clock Tuesday afternoon. Some damage was done to the wall on one side of the room, but no serious loss resulted. A fire alarm was turned in and the fire company made a quick response, but a young man in the home had presence of mind to turn off the blaze and throw water on the fire, which extinguished it before the fire engine reached the place. It was a narrow escape from a bad fire.

TRAINING SCHOOL

Don't forget our training school at the Methodist church to open Sunday, June 16, at 3 o'clock. Classes to fit all needs every evening at 8 o'clock. Competent teachers.

THE LIGHT PLANT WILL HOLD BIG RECEPTION TODAY

Many Visitors Are Expected

The Texas-Louisiana Power Co. has arranged for holding "Open House" in their store and plant this afternoon and evening from 3 o'clock to 9 o'clock. Invitations have been issued to the people of this and it is expected there will be section to attend the opening a great crowd. This is not a selling campaign and the guest list will not be confined to the patrons or even prospective patrons of the company, but the people of this entire section who are interested in electrical appliances or in the business enterprises of the town and county, calculated to be helpful in the matter of supplying service and adding to the commercial or industrial development and advancement of this section should be present.

There will be entertainment in the way of music and other modes, as well as light refreshments, which insures a pleasant occasion. There will also be on display and demonstration all of the electrical equipment provided for labor saving in the homes and business institutions as well as the many appliances making for the comfort and convenience of the house keeper. This is in no sense a selling plan, but is for the sole purpose of acquainting the citizens with the management of the company and the business system. Those who attend this party. Those who attend this grand opening celebration can be sure of an interesting as well as a pleasant time.

The Texas-Louisiana Power Co. is one of the big corporations of the South and owns light, power and ice plants all over the country, a dozen or more in this immediate section, including the plants at Hamilton, Hico, Gatesville, Ireland, Iredell, Carlton, Richland Springs, Clifton, Meridian and Valley Mills. The Goldthwaite plant was purchased Nov. 1, 1927, since which time the entire system has been re-built, including a modern and model power plant, the total investment here representing possibly \$150,000, and the improvements are still going on. An idea of the immensity of the plant and investment can be gained from the fact that at the time of the most extensive remodeling forty men were employed and a considerable crew is still maintained. The plant is a modern brick and tile structure, with stone ornamentation, with a floor space of 36x80 feet. The old plant of 150 horse power capacity was replaced with the newest and most approved machinery of 350 horse power capacity, so arranged as to provide for 2,000 horse power if desired or needed. The immense Fairbanks engines are provided with water cooling systems, making it possible to keep them in operation without stop or delay. In the rear of the plant is an atmospheric cooling system for the engines and two fuel oil tanks of ten thousand gallons capacity each.

All in all, this is indeed a most wonderful plant, especially to be located in a town of less than 30,000. The power this plant is capacitated to generate is fully three times that required of it at present, but the company has builded for the future and realizes that Goldthwaite is steadily growing and its institutions and industrial interests are expanding, and they have provided a plant equal to all demands for many years to come, as well as being able to give service now equal to that of any of the larger cities. In fact,

AIRPLANE SERVICE TO SAVE GRAIN

BENEFICIAL SERVICE

The rains of the past several weeks have made harvesting of small grain mighty slow work and, in some cases, farmers have been unable to get into their fields with harvesters. As a consequence much of the over-ripe grain has fallen down and can only be saved by a combine that will harvest and thresh it with one operation. The Fairman Company of this city has such a combine, but it was not in condition to run because of the lack of some parts. When the seriousness of the condition became apparent and clouds threatened more rain a phone call was made to the Harvester company at Dallas for the required extras, with instructions to send them by airplane. The needed parts were at once placed on an interurban car bound for Waco and the Fairman Company had an airplane at that place in readiness to meet the interurban and bring the combine parts to Goldthwaite and it was expected the plane would reach this place by 2 o'clock in the afternoon, but a mishap of some sort caused a forced landing near McGregor and the parts were brought on to Goldthwaite by automobile and the combine was put to work Thursday. This was indeed good service on the part of the Fairman Co. proving their desire to be helpful to their customers, even where heavy expense and supreme effort is involved. This is just one of the many good reasons for the big business attracted to the good firms of Goldthwaite and is one of the causes of Goldthwaite being recognized throughout this entire section as one of the best trading points to be found.

WEDDING AT HICO

A wedding of much interest occurred Sunday, June 2, when Miss Norma Frizzelle, daughter of Mr. and Mrs. Jo. Frizzelle, of this city, was married to Mr. Conrad Stolzenbach of Big Spring, Texas, at the home of the bride's sister, Mrs. Hugh McCullough, in Hico, at three o'clock, with Rev. Morton of the Hico Baptist church reading the ceremony.

The beautiful new home of Mr. and Mrs. McCullough was tastefully decorated in ferns, pot plants and cut flowers. The bride wore a lovely blue georgette ensemble with hat and accessories to match, and carried a beautiful bouquet of lilies and carnations. She was attended by Mrs. Mark Fairman of Goldthwaite as matron of honor and Miss Ima Ruth Kelly of Eastland as maid of honor and Miss Mary Florence McCullough of Goldthwaite as bride's maid.

All carried bouquets of pink and white carnations. Little Miss Mary Ella McCullough was ring bearer and carried both rings in beautiful white lilies.

The bride was given in marriage by Mr. Jim Frizzelle of Fort Worth. The groom was attended by Mr. Hugh McCullough, as best man, and Messrs. Julian Evans and Paul McCullough of Goldthwaite as groomsmen.

The beautiful and impressive ceremony was followed by a delightful buffet luncheon and the couple left for a short wedding trip immediately following. They will be at home after June 15th, in Big Spring.

MARRIAGE LICENSE

County Clerk Porter has issued marriage license since last report to W. W. Kirkpatrick and Miss Pearl Eiler, Francis Kyle and Miss Myra Kuykendall.

WEDDING AT HICO

Granville Barnett has returned from a protracted stay at Lubbock.

Ernest Strickland and family from Brady were shaking hands with old friends Saturday afternoon.

Misses Laura Virden and Edith Covington left Sunday for Denton to attend summer school in the Teachers college.

Mr. and Mrs. C. H. Ford left Thursday morning for a two weeks' visit with their children at Brownwood, Santa Anna and Abilene.

Miss Dorothy Harrison, who taught school in Harlingen the past session, returned home this week. She has been re-elected at Harlingen.

Mrs. E. T. Fairman is visiting relatives at Waco and will remain until some time next week, when her sister will sail for Europe to spend the summer.

Mrs. Wallace Gerald Brown, nee Gladys Harrison, arrived in the city Wednesday for a visit to her father, A. J. Harrison, and her brothers and sisters.

Miss Irma Harrison is attending the State Teachers College summer school at Denton and at the close of the term will go to Tennessee and spend the remainder of her vacation time with relatives.

Miss Garetta Little left yesterday afternoon for Lampasas to spend several days as a guest of Miss Dorothy Lee Frazier in a house party. The young ladies were fellow students in Southwestern University.

Miss Grace Patterson, who was a student in San Marcos college the past session, returned home last week-end for a short stay. She returned to San Marcos the early part of this week and was accompanied by her sister, Miss Louella and they will both attend summer school at that place.

MISS NORMA FRIZZELLE HONORED AT LUNCHEON

Mrs. Roy Rowntree entertained Wednesday, May 29th, with a luncheon and handkerchief shower at her home in compliment to Miss Norma Frizzelle.

A large bouquet of spring flowers, blending in harmonizing tints marked the center of the luncheon table in the dining room, with green tapers in silver holders at either end.

During the luncheon hour interesting talks were made by several guests. On behalf of the club, Mrs. Fred Martin extended to Miss Frizzelle our regrets of her departure from among us, and presented her with a box filled with beautiful handkerchiefs which carried with it the love and good wishes of each individual in the club.

Those who enjoyed the hospitality of Mrs. Rowntree were members of the Art and Civic Club, namely: Miss Norma Frizzelle, Mmes. Walter Fairman, Erde Martin, Frank Bowman, Jake Saylor, Carl Keese, W. E. Miller, Harry Allen, Kelly Saylor and Haynes Harrison.

CHILD DRINKS GASOLINE

The little 2-year-old son of Mr. and Mrs. Harry Welch drank some gasoline Wednesday morning, at the family home in the Center City community and for a time was very sick. As soon as it was discovered that the child had drunk gasoline he was placed in an automobile and rushed to Goldthwaite, a physician having been telephoned to meet them on the way. His condition was found to be quite serious, but by the prompt and swift action in getting him to a physician he was soon relieved and will soon be fully recovered from the effects of the accident.

ARCHIE HALL DEAD

Mr. Archie Hall died at his home in the Bull's Springs community Tuesday, after a short illness, and his remains were laid to rest in Richland Springs cemetery Wednesday. He lived in this county something like a year, having moved here from Richland Springs, where he was well known and stood high. He leaves a wife and some other relatives and they have the sympathy of all who know of their bereavement.

SENIOR ART AND CIVIC CLUB ENTERTAINS

The Junior Art and Civic club was honored with a party given by the Senior Art and Civic club last Friday evening at the Frank Bowman home.

The tables were placed for the ever interesting game of "42". Singing, which was rendered throughout the evening by a large number of guests, was enjoyed by every one present.

Refreshments were served after the completion of the games.

STOCK TO SELL

All stockholders in the Mills County Hunting and Fishing Club who are behind with their dues as much as a year are hereby notified that their stock will be sold at public auction in Goldthwaite on July 1, 1929. This notice is given that those who desire to pay their dues and save their interest in the club's privileges may do so before the date of sale.

BOARD OF DIRECTORS, Mills County Hunting and Fishing Club.

Mr. and Mrs. D. D. Kemper spent Sunday with Van Gotcher at Winchell.

Mrs. J. W. Kelley has been in Brownwood this week, visiting relatives.

Fred Turner and family of Bend visited Mrs. E. L. Pass last Sunday.

Chester Frazier and family spent the week-end with relatives at Rogers.

Miss Anna Lee Ashley entered summer school at Howard Payne last Monday.

Miss Hallie Lindsey of Lamesa is visiting her aunt, Miss Lura Yarborough in this city.

T. F. Toland and wife visited San Saba yesterday and were guests of W. T. Little and family.

Mr. and Mrs. Grover Dalton and children returned last Thursday night from a pleasure trip to Southern Texas.

Mrs. Roy Rowntree and little daughters are visiting relatives in Fort Worth. They accompanied her brother and wife home from a visit to them.

Gus Obenhaus, the more or less famous announcer for radio station KGKB at Brownwood, is visiting with friends here a few days, before going to south Texas to continue his vacation.

Mr. and Mrs. Ivan Barber and children have returned to their home in Brownwood. Mrs. Barber and little daughters spent several weeks with her parents, Mr. and Mrs. C. H. Ford.

Mrs. Ellie Hamilton of Star was a visitor in the home of Mr. and Mrs. F. H. Hamilton in this city the first of the week. She was enroute home from Winters.

Misses Jessie Mae Huffman and little sister, Aileen, have been visiting in San Saba, the guests of Misses Vivian and Nell Perkins. Miss Vivian Perkins returned home with them for a few days' visit.

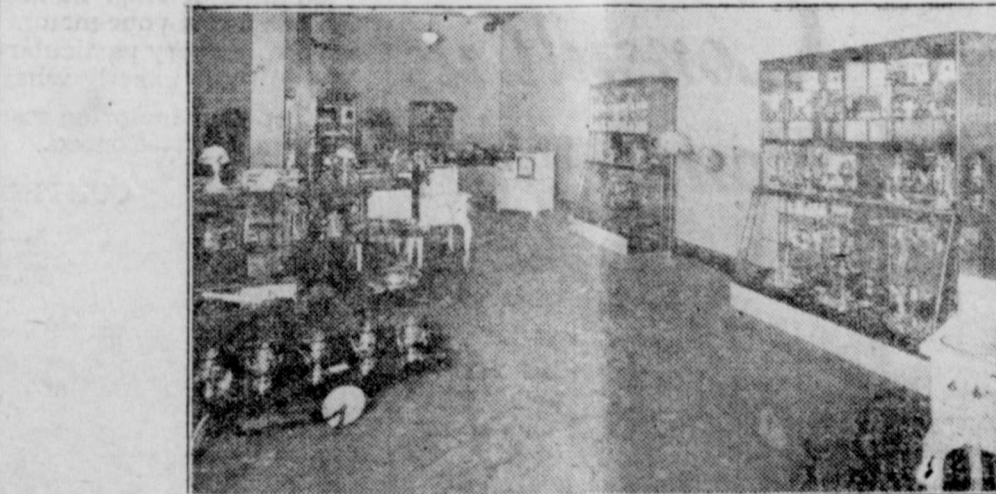

The Texas-Louisiana Power Co. this week took over the electric light business at Richland Springs and Joe Long, who was employed here for several years in the same line, has been made manager at that place.

Dr. Em. Wilson and his daughters, Miss Adiel and Maadia, returned Wednesday morning from Corpus Christi, where they spent several weeks in charge of the radio station. He went to Brownwood yesterday, but will be in his office here a few days before returning to Corpus Christi.

Mr. and Mrs. A. S. Templeton, who have been visiting Mrs. Templeton's sister, Mrs. Mark Fairman, left for their home in San Antonio last Friday, taking the three children of Mr. and Mrs. Mark Fairman with them for a visit. Mrs. Fairman plans a visit in San Antonio a little later.

C. L. Moore and family expect to leave about the middle of the month for Wetumka, Okla., where he has been transferred by the Southwestern Telephone Co. and will be district manager of that territory. Mr. and Mrs. Moore have made many friends here who regret their removal, but wish for them the best fortune in their new home.

Luther Rudd and his son Jack have bought the Buick Automobile business in Ballinger and are already in charge. Jack is in Ballinger and his father makes frequent visits to that city to look after the business, but still maintains his residence here and it is hoped he will continue to do so. Floyd Ligon, who was owner of the business, has purchased an interest in the same agency at Brady with Leg Jones and son and is now actively engaged in the business at that place.

We appreciate your business, call us for ice.—Texas-Louisiana Power Co.

Kelly Saylor made a business trip to Dallas the early part of the week.

C. T. Wilson and wife and Miss Leora Redman were visitors to this city from San Angelo Sunday.

D. D. Tate and family visited in Brownwood Sunday, returning home Sunday afternoon.

Miss Greta Little returned Saturday from Georgetown, having completed the work of the term in Southwestern University.

Judge and Mrs. J. C. Darroch returned to their home in Brownwood Monday afternoon, after spending a couple of days here, where he had legal business.

Mrs. Joe A. Palmer left for Brownwood Monday morning to enter Daniel Baker college for a special course, which will require the greater portion of the summer.

Our ice truck makes daily run by your residence. We have ice cards for your convenience. Let us add your name to our list of regular customers.—Texas-Louisiana Power Co.

Mrs. Evan McGuire was in the city last week visiting her father, Ellis Sevier, and uncle, Coley Sevier. She was accompanied by Mrs. Phillips and little son of Dallas.

Doggett Bros. of the Magnolia Service station have inaugurated a service car system for both long and short hauls. They give a twenty-four hours service—day or night—every day and every night. They are deserving of success.

Prof. Robert Weaver and wife of Waco spent the weekend here with her parents, Mr. and Mrs. W. M. Johnston, and other relatives. They returned to Waco Sunday evening and Prof. Weaver entered upon his duties in the summer school Monday morning.

District Clerk Jno. S. Chesser has received a communication from his daughter, Mrs. O. U. Daniels, of Tulsa, Okla., saying she and her children are enjoying a visit with Mr. Daniels' relatives in Long Beach, California. Mrs. Daniels was reared in Mullin and has a host of friends hereabouts.

Fern Hancock of Tahoka, Lynn County, accompanied by his daughters, Miss Velma and Mrs. Grace Heck and son Rodney Fern returned to their home Saturday, after spending several days with relatives and friends in the Trigger Mountain and Mullin communities. They like the Plains country very much, but still have a mighty friendly feeling for old Mills county and her people.

Mr. and Mrs. Claud Dickerson and Dr. Campbell were called to Cherokee Sunday morning on account of the serious illness of Mrs. Ben Lewis, who suffered from acute indigestion. She recovered sufficiently for them to return Sunday afternoon. Mrs. Lewis visited in Goldthwaite some months ago and has a great many friends here who regret her illness and hope for her complete recovery.

Friends here of Rev. W. G. Callahan and family have learned with interest and sincere regret that Mrs. Callahan is in a sanitarium in San Antonio and has undergone a serious operation. Rev. Callahan was pastor of the Methodist church here several years ago and was one of the most beloved pastors the church ever had, not only by the church membership, but by the general public, and his family is also held in high esteem.

INFORMATION FOR EAGLE READERS

On July 1, the postoffice at Goldthwaite goes up another step, to the second class. The force now serving the office automatically pass to the civil service division of the postal service and no examinations will be required, so far as it is concerned. I anticipate a civil service examination some time during the latter part of the summer to establish an eligible list to draw from in the case of vacation, sick leave or resignation of a regular employee, as I understand an eligible list is established in such cases that the postal administration may have the names and qualifications of prospective employees.

The service of the office will be somewhat changed and this feature should be kept in mind by the patrons of the office, to the end that their mailings may be handled with the usual expedition.

First, all out-going mail for the day should be deposited in the office by 6 o'clock p. m. This will give the dispatching clerk time to postmark, route, pouch and deliver to the messenger. At 7 p. m. dispatching clerk delivers both mails (north and south) to the messenger and closes the office until the following morning. No night mail will be received or distributed until the following morning.

With regard to Sunday delivery, my instructions are quoted literally. I am giving literal quotations to me by the First Assistant Postmaster General, to the end that the lack of Sunday service may be fully understood by the public. The following quotation marks:

"If it is the practice of your office to deliver mail to the general public on Sundays it must be immediately discontinued." These instructions are very positive and will, of course, be observed by the office. I hope the public will understand and will not insist on this rule being broken, as their insistence will be useless.

The reason for this is the 8 hour day, which this office is compelled to adopt and strictly observe. My instructions on this point are very emphatic. I am not permitted to work a clerk over eight hours out of ten during the week days and each hour served on Sunday must be compensated for by giving him a like

Lis Walker of Priddy was transacting business in the city the early part of the week.

F. N. Irwin has been having some trouble with his eyes the past few days and serious concern is felt for the final outcome. Mr. Irwin has a great many friends throughout this section and all are anxious about his condition.

Miss Stella Cobb came home Friday from Austin, where she attended the past session of the University. She and her sister, Miss Ruth, who has been teaching in San Saba county, left Sunday for Denton to enter summer school in the Teachers college.

number of hours off from his eight hour a day weekly schedule.

The office will open at 8 a. m. provided the morning mail has been received, separated and delivered to the postoffice boxes by that hour, otherwise the office will be opened as soon as mail is separated and placed in the postoffice delivery boxes.

If the train is later than 8 o'clock, which is sometime the case, the office will be opened at 8 a. m. and again closed upon receipt of the late mail until the same can be separated and delivered, when it will be opened again and proceed with the usual business. The office will close at 6 p. m. and after that hour no favors should be asked, as the office will positively not be in position to grant them, nor is it allowable to grant them under the schedule allotted this office by the department.

A nest of new boxes has been ordered by the lessor, Mr. G. W. Jackson, and will, if possible, be installed by July 1, so that patrons may have access to their mail on Sundays and holidays, by paying the current box rental fees, which, so far as I am advised, will remain at the present prices.

The lease, I understand, will not be affected, but will continue to run for the balance of the ten year lease term, which will be eight years from July 1, 1929. A. J. HARRISON, Postmaster.

Mr. and Mrs. L. E. Miller spent the first of the week with relatives in Austin. They reported the roads good and no rain on the way.

For prompt service, call us for your ice.—Texas-Louisiana Buy your ice from Texas-Louisiana Power Co. We guarantee service.

Miss Ruby Lee Dickerson returned Saturday from Georgetown, where she was a student in Southwestern University the past session.

D. L. Wheeler reports that the overflow and rains were of great benefit to his Johnson grass field, on the river. The overflow covered the bay and soaked the ground good, then the rain came after the flood receded and the Johnson grass was washed clean. Verily, all things work together for good, if we can only see it that way.

Charles Hicks, who has served as principal of the Stanton school for several terms and has been elected for another term, visited relatives here, the early part of the week and left for Austin, where he will attend summer school in the University.

The readers are urged to give close attention to the advertisements in this paper. Some important announcements are made and some great bargains are offered. It is a good habit to form to read the advertisements every week, for much valuable information will be gained thereby, as well as many bargains secured.

FELT BAD AFTER EATING

Four years ago, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, as I had not had such a good bowel movement as it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation. I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught. —Mrs. G. C. Leary, 163 North Alston Ave., Durham, N. C.

Worried Night after Night as health declined

"I SUFFERED frequently from nervous headaches, and I could not sleep well," says Mrs. Cora Hickory, R. F. D. 2, Hickory Grove, S. C. "I was thin and pale. I was so weak I could scarcely walk."

"I tried several remedies but nothing seemed to help me. Night after night I worried because I could see I was going downhill. I had my children to look after, and I was afraid of what would become of them if anything happened to me."

"I began to take Cardui. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

JOE COX DIES

Joe F. Cox, aged 49 years, prominent local restaurant man, died at his home, 2604 Crockett st., at 2:25 o'clock this (Tuesday) morning, following an illness of a week. No definite funeral arrangements have been made, but services will in all probability be held under the direction of the Masonic Lodge Wednesday afternoon.

Joe Franklin Cox was born in Lee County, Virginia, on February 5, 1880, and came to Texas and located in Montague County some 35 years ago. About 10 years later he came to Greenville and had lived in and near this city since that time, most of the time being in the restaurant business. At the time of his death he was a partner with Earl McBride in the operation of the National Cafe.

During his more than a score of years' residence in Greenville Joe Cox made and held hundreds of friends. His amiable disposition and fairness in dealing with his fellow man were qualities which marked him as a friend on very short acquaintance.

He survived by three sisters: Mrs. George Hill, Montgomery, Ala.; Mrs. Mattie Chapman, Beaumont; Mrs. W. E. Pardue, Goldthwaite, and two brothers, W. P. Cox of Temple, and C. B. Cox of Floyd.

He was a member of the Masonic Lodge.—Greenville Banner.

Mr. Cox was a resident of Goldthwaite several years and is kindly remembered by a host of friends in this city and elsewhere. He was a son of the late W. R. Cox and a brother of the late Jno. J. Cox, both of whom lived here and are well and kindly remembered. His sisters, Mrs. Mattie Chapman of Beaumont and Mrs. W. E. Pardue of this city also have many friends here who deeply sympathize with them in their bereavement.

COWS RETURNED MORE THAN THREE FOR ONE

One may prove anything with statistics, but cash on the barrel head, or rather in the bank, is much more convincing. A statement was published a short time ago that it did not pay to grow feed for dairy cattle on land that would produce a quarter of a bale or more of cotton per acre. That would mean, in the last analysis, that it would not pay to grow any thing on land of that character because we have before us a comparative statement showing that in Nueces county, where the cost of production is as low as anywhere in the South, a third of a bale of cotton per acre selling at 18 cents a pound lost to the grower \$2.72 per acre. We also have a report from the Bexar County Herd Improvement Association which shows that dairy farmers received \$3.44 in return for every \$1 worth of feed produced and fed. More than three for one ought to be an attractive proposition. If an acre of land will produce a half a bale of cotton per acre, then it is productive enough to yield a proportionately larger feed crop than the poorer land. If poor land will produce enough feed to make dairying profitable, then good land should proportionately increase the profits.—Farm and Ranch.

VACATION TIME

It is vacation time all the time for lots of people. We who win our bread in the sweat of our elbows can't help wonder how so many thousands of our fellow-citizens manage to slip through life on four rubber tires without ever seeming to miss a meal or break down under the burden of saving the country. In England there is a great howdy-do over the 1, 400,000 men and women who are out of work. In this country there are not less than 5,000,000. In England the unemployed are paid a weekly dole. In this country they are fed by ravens, or by some occult power not discernible to the working element. The children of Israel were nourished miraculously in the wilderness, not because they were children—the pictures show many of them with unmanicured whiskers—but because it was essential to prophecy that they get where they were going to. Is it equally essential that the tourists who trek past us every day get where they think they want to go? It may be. There may be a miracle in it. State Press is not one who believes miracles stopped suddenly. But if S. P., or any other hard working man, were to start out on a transcontinental tour with only four thin tires, a tattered road map, a family in khaki overalls and a complete trust in the great god gasoline he wouldn't last to Wichita Falls. Fortune has her favorites, and they ride upon air.—State Press in Dallas News.

Miss Mary Douglas Forehand is spending the week with relatives in Waco.

ENTERTAINMENT

Mrs. Sherwood Ford and Miss Lois Sullivan entertained a number of their friends last Saturday with an old time social, at the home of Mr. and Mrs. Ford.

The guests arrived about 8 o'clock and music from the Victrola was heard for a time, after which a number of games were played by enthusiastic contestants. At the conclusion of these Mrs. Ford, assisted by her sister, Miss Geneva Baxter of Lometa, served delicious orange ice and cake.

There was still another surprise in store. We were asked to assemble in the living room and music was furnished this time by real musicians. Mrs. Chetee Ford (formerly Miss Irene McMurray) and her brother, Ray McMurray, played the kind of music people like to listen to. These young people need no introduction to the musical public, because their reputations as star musicians have long been established.

All too soon the evening had advanced to a late hour, and the guests were reluctant to leave such delightful hospitality. Each one expressed themselves as having thoroughly enjoyed the occasion and requested a repetition of it in the future. A GUEST.

ANOTHER STATION ADDED

The Wilson family has added a third broadcasting station to their list by the purchase of the El Paso station, which will become a part of their system as soon as the necessary authority for the transfer can be secured from the Radio Commission.

PROF. HALLMARK DEAD

Prof. C. G. Hallmark, who taught school in Goldthwaite a good many years ago and is kindly remembered here, died at his home in Kenedy Tuesday of last week, after a long period of ill health. After leaving here about twelve years ago he located in Kenedy, where he served as superintendent of the school system of that city. He retired from the school service and took up the practice of law in Kenedy and continued to make his home there, where he prospered in his profession and had a wide acquaintance and legal practice in that part of the state. He also devoted considerable time and attention to church work and was lay leader for the West Texas Methodist Conference at the time of his death. He leaves a wife and married daughter and they have the sympathy of many friends here as well as elsewhere.

SUCCESSFUL SEEKERS SUCCEED

Most of the people who turn and give thought to Chiropractic Science do so with one or more basic motives urging them forward.

First in numbers comes those who are being forced out of the old routine by a vague, but very real and insistent unrest—a desire for a new vision of life, of its meaning and its possibilities. This primal motive is lost from view in the patient's progress; but I always notice that patients are always in a state of mental unrest when starting out on the chiropractic road to health, because of dissatisfaction of past and present conditions of living. Something more, something different, is desired, and they who continue with Chiropractic will, in sufficient time, find what they are seeking—Health.

Take Chiropractic First. There'll be no regrets.

JUNIOR W. C. MEETING

The Junior Woodmen Circle met for initiation of candidates Wednesday afternoon. We had a wonderful time, despite the rain, with 13 Juniors present and we secured one new member. The Juniors were served with ice cold pop, which each one enjoyed.

When you miss these meetings you will miss a great treat. We have Miss Thelma Richards as the efficient clerk of the order, and Miss Geneva Greathouse fills a very important office. Juniors come and fill your place. REPORTER

A New and Better Service For Mr. and Mrs. Goldthwaite

Open House

FRIDAY
JUNE 7
3 to 9 p. m.

—you're invited

celebrating Better Electric Service for Goldthwaite, we will hold OPEN HOUSE today, June 7, from 3 to 9 p. m.

"Home Managers" will come early, meet their husbands after work, and both will enjoy a pleasurable evening here. Plan now to attend. We want to know you better.

We have pledged ourselves to the giving of the best possible service to Goldthwaite. We shall always uphold that creed. The new store and the new plant are a part of that creed.

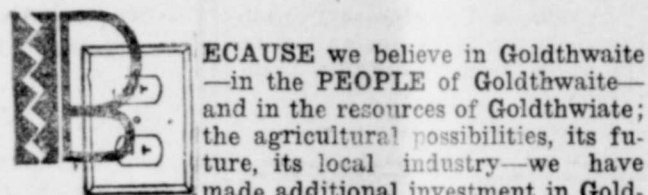

With the service store and power plant and distribution system our promise to offer more adequate electric service is fulfilled. To make this service as perfect as humanly possible is our ideal.

Come to the Open House Friday. We expect you—and we promise you will enjoy it.

The ENGINEER wants you to see the new plant

Our new power plant is ready and we want you to come and see how current is supplied to you so that you may have electric lights whenever you want them . . . so that you may always depend upon an adequate and uninterrupted supply of power, whatever your needs.

The Engineer wants to know you, and wants to show you how current is generated and converted into electric service for you. Won't you come?

BECAUSE we believe in Goldthwaite—in the PEOPLE of Goldthwaite—and in the resources of Goldthwaite; the agricultural possibilities, its future, its local industry—we have made additional investment in Goldthwaite with the completion of the new store and the power plant which will be ready in about two weeks. You have a new and better electric service, provided by your power company—your friend and neighbor. A friend and neighbor devoted to making your home happier and more comfortable. A fellow citizen striving to further the agricultural interests . . . making farms and dairies more efficient and profitable with electrification . . . thus making this whole region more prosperous and in addition to prosperity of Goldthwaite in particular as the trading center.

Thus the cycles of progress begins with electricity a strong motive force, increasing the prosperity of local industry and attracting new industries because of the prosperity already here.

Inspired by the desire to be of the greatest possible service, which finds its reward in seeing actual, tangible growth, prosperity, progress and comfort, it is our aim to perform our job so well that you will be proud to own us as your friend, your neighbor and your fellow-citizen.

We know that only when Goldthwaite grows and prospers can we hope to grow and prosper. It is just as true that Goldthwaite's growth would be hampered without abundant and reliable electric service. Realizing this interdependence between Goldthwaite and the electrical service company, ours is a policy of community building.

Pride in public service and a keen desire to make this service as perfect as humanly possible is the living spirit of your electric service company . . . may we have your cooperation?

Full Measure For Goldthwaite

BECAUSE of the rapid growth and prosperity of the Goldthwaite territory, we have opened the new, modern electric appliance store.

In this store it is our purpose to offer more than electric appliances. For we feel that our job is not ended when your home has been supplied with electric current. As we see it, it is also a part of our job to see that you get the full measure of better living into which electric appliances change electric current.

To do this we must be sure that every electric appliance—every toaster, percolator, washing machine, vacuum cleaner—or any other electric servant that you get from us, is suited

to do its work at a minimum expense to you.

That is why every appliance you will ever get from the Goldthwaite store will be tested and proven. Every "new wrinkle" in these appliances is thoroughly investigated before we bring it to you.

Electricity is our business. And all the trained men and women in our organization are working to just one end . . . to give you the greatest benefits from the current you buy.

To make it easier—you may buy these appliances on easy payments, with just a small sum down, and the balance in equal monthly payments with your statement for electric service.

We have had enough rain for awhile. Farmers are anxious to harvest their grain.

Miss Lucy Smith of Sherman is visiting her sister, Mrs. J. J. Cockrell.

Miss Mary Cockrell and Zora Lee Moreland have gone to San Marcos to attend summer school.

Sarah Howard is home for a few days.

Big Valley is represented at Center City Singing Convention by W. T. Kirby and family and Harry Oglesby and family.

Bedford Renfro filled his appointment at Rock Springs Sunday.

Harber Gillentine has leased his filling station to his brother, Noah. We are sorry to have the Gillentine family leave his community.

Curfew rang—Good night. FARMER.

SOMETHING NEW

There will be a 'sock supper' held at the Center City school building June 7, 1929, beginning at 8 o'clock. Each girl buys a pair of socks. She fills the sock with fruit and pins her name in the sock. The highest bidder gets the sock and finds his partner by the name written inside and by matching his sock also. After he has eaten supper with his partner, he receives the pair of socks or keeps.

The money is being raised for the purpose of sending two delegates from Center City 4-I Club to the A. & M. college the latter part of July.

We guarantee to furnish you delightful time!

Everybody come!

POWER PLANT RECEPTION
(Continued from Page 1)

A few weeks ago, when most of the light and power systems of the cities of the state were hampered or put out of commission by electric disturbances and wind storms, the Goldthwaite system moved steadily on, without the least interference or delay. This was one of the most severe tests the plant will ever be called upon to stand and since it passed through this trial without the slightest difficulty, the people

have a right to feel the utmost confidence in its stability.

The Texas-Louisiana Co. has also arranged a beautiful and well appointed display room and office in the business part of town and patrons are no longer required to go to the plant to make purchases, pay bills or transact other business. This office and display room was arranged and equipped at the expense of seven or eight thousand dollars, and is second to no show room in Texas, not excepting the large

cities, which proves the company's appreciation of its Goldthwaite patrons and its faith in the stability and progress of the town. Here can be secured every electric device for the factory, office, business house or home and it is all so arranged that a demonstration of its working can be had at any time. They have in the display a model kitchen equipped with all electrical appliances.

A force of employes is maintained here, trained and qualified to give prompt and care-

ful attention to every customer and every detail of the business. Mr. W. C. Barnett, local manager for the company, who is a native Texan and has had eight years experience in electrical work, is one of the most efficient and courteous gentlemen to be found in charge of the business of a public service corporation throughout the land. He believes in the doctrine that public confidence and friendship is worth as much to a business institution as its financial capital, and his constant effort since coming to Goldthwaite has been to impress upon the public, and especially the patrons of his company, that the Texas-Louisiana Power Co. is not here for the sole purpose of getting all it can and keeping all it gets, but is a business institution of Goldthwaite, ever ready and willing

to co-operate in every movement for the benefit of the town and country. He has taken part in every program offered for the betterment of Goldthwaite and Mills county and has made many friends for his company as well as himself. The people here are strong for the Texas-Louisiana Power Co. and they are also equally strong for the manager of the business, W. C. Barnett.

TERRACING STUBBLE LANDS

A summer campaign of terracing on stubble lands will be entered into by North Texas county farmers in co-operation with county agents and other agencies. Terracing programs are now being arranged at meetings of landowners, and beginning July 1, the work will proceed. The initial work will be done on the Hollandale farm near Dallas. A two days' school will be held at which various kinds of tractors, ditchers and other machines will be demonstrated. The subject will be thoroughly discussed by specialists at evening meetings.

The terracing of stubble land immediately after the grain has been removed has been advocated by Farm and Ranch for many years, and this publication and its staff will co-operate in the work. It is believed that the summer campaign will be an incentive to a continuation of the work next fall and winter.—Farm and Ranch.

(Mullin Enterprise)
The night of May 31 was the night on which the Grammar School program was rendered. It was well attended. Miss Nell Guthrie had the honor of being the valedictorian and Horace Blackman gave the salutatory address. These young people have been faithful students and have made a good race to reach the goal. They were addressed by Rev. Reynolds of the First Christian Church of Dublin.

The program ended the term of school. The doors closed to remain shut until the happy vacation is ended.

WEDDING BELLS RING

(Mullin Enterprise)
On the first day of June, Miss Beulah Smith and M. R. Wiley surprised their many friends when they were united in the holy bonds of matrimony in Brownwood.

The charming bride is the daughter of Mr. and Mrs. E. L. Smith of this city and has been the pleasant and efficient night operator at the Southwestern Telephone company here, until recently when she resigned and accepted a position with the same company at Brownwood. The groom was also reared in this city and holds a responsible position with a motor company in Brownwood.

Their many friends here extend congratulations and wish them the success they anticipate.

POISON IVY CURE

Poison ivy, the bane of the tourist's and picnicker's existence, has lost its terror before the onset of modern science. A cure that works in practically 100 per cent of all cases has been found in a common, cheap, non-proprietary compound used by a research worker of the United States Department of Agriculture, Dr. J. F. Cooper. The compound is potassium permanganate, and is applied by scrubbing a 5 per cent solution on the afflicted parts of the skin with a soft white cloth or a bit of cotton. In a short time the itching and burning stop, and recovery is rapid. The treatment leaves a brown stain on the skin, which can be removed, if desired, by washing in a 1 per cent solution of oxalic acid. The latter being poisonous, it should be kept out of reach of children.—American Journal of Pharmacy.

EXTRA VALUES IN NEW FORD SIZE TIRES

The Firestone 4.50-21 Balloon, specially built for new light cars, has the extra strength and longer mileage which comes from Gum-Dipping. Every cord is thoroughly saturated and impregnated with a rubber solution.

Firestone Gum-Dipped Ford size tires are made in a plant built exclusively for this purpose.

Firestone has a corp of engineers who work entirely on the development of 4.50-21 size tires.

Firestone operates a fleet of light cars to test only Ford size tires.

As a result, this tire is designed, constructed and tested to match every performance requirement of the new Ford.

Our price is right. Our service is complete. Come in!

CELEBRATES BIRTHDAY

Little Miss Aileen Huffman celebrated her ninth birthday with a party at the home of her parents, Mr. and Mrs. Robert Huffman on Monday evening from three to five. Many interesting games were played throughout the evening. The small guests were asked to the dining room, where they were served with delicious angel food cake, strawberry Jello and iced lemonade. Those present were: Gloria and Billy Ray Armstrong, Laura Helen and Sam Saylor, Willie Reta, Mary and Guelida Horton, Grace and Orville Huffman, Floyd and Glendon Kelly, Dorothy Eunice Morris, Laura Beth Kirby, Joie Doggett, Payne Stevens, Opal and Lyman Saylor, Mrs. Joe Huffman, W. A. Richards and A. B. Kelly, Misses Vera Doggett and Jessie Mae Huffman.

A GUEST.

TOO HOT TO EAT?

How often during the hot summer months you sit down to eat and get up without taking a bite? You say "It's too hot to eat."

When you have this feeling, you should eat summer candy. Candy is the most appetizing of the carbohydrates,—and carbohydrates are essential to a strong body and a healthy system. These carbohydrates stored up in your tissues give your system the necessary fuel for energy and activity, thus preventing your tissues from burning up. This last is the real reason for summer irritability and lack of appetite.
