VOLUME THIRTY-FIVE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JUNE 23, 1929.

NUMBER THIRTY-THREE

Plans For Mills County Fair and Races Have Been Perfected

Managers At Work In Departments

An attractive catalog and premium list of the Mills county Fair is just off the press and copies are available at any business house in Goldthwaite or at the office of R. L. Steen, secretary; W. P. Weaver, county agent; and the Eagle office.

A get-together meeting of the department managers was held in the county agent's office on Monday morning to plan for the big event. Dr. J. M. Campbell reported that applications were in for all the stalls and arrangements were being made uptown for others. He says the races will out rank those of other years.

R. L. Steen, director in charge and Henry Rahl, manager, are already collecting curios and relics and are determined that his department will be well worthy of inspection. Lend them any interesting relic you have.

O. H. Yarborough, director in charge, and Mrs. Roy Rowner, manager of the woman's department, are working to make this a wonderful exhibit. Articles may be left at Mr. Yarborough's store at any time and he will have them placed and returned to the store and kept for the owners' convenience.

Dow Hudson, director in charge, and Mrs. Marvin Rudd, manager, of the Fine Arts and Crafts department, solicit all lovers to co-operate in making this exhibit what it should be. If possible, bring your exhibit to the hall the first morning of the fair. If that's not convenient, leave it at Hudson's store and Mr. Hudson will lace and care for it until you all for it.

R. E. Clements has completed arrangements for the entertainment of the ex-Confederate soldiers, their wives and widows of old soldiers for the three days of the fair. Mr. Clements urges every citizen to assist in trying these guests of the fair on and from the grounds and helping make their reunion enjoyable.

Mrs. Nora Berry will stage the usual local talent entertainment the first night of the fair in honor of the old soldiers. Mrs. Berry has entertained the old heroes annually for several unions and every one looks forward with pleasure to this feature, which brings out the largest crowd of the fair.

The county agent, manager of Community and Agricultural exhibits, solicits farmers of the county to help make these departments commensurate with agricultural progress of the county. Exhibits in this department may be placed not later than 2 p. m. the first day.

S. P. Rahl, superintendent, S. P. Sullivan, manager of cattle division; Luther Rudd and Joe Jurtis, managers of Sheep and Goats department, are completing a livestock pavilion for bulls, Jersey cows, sheep and goats. Owing to limited accommodations and the local demand for stalls, this department will be restricted to Mills County exhibitors. Call for blanks and make entries by July 15th. All livestock, except a class of grade Jersey cows, must be registered or young animals subject to registration. An interesting livestock show is in prospect.

The Ray Gray Shows have the contract for the carnival attraction, which means plenty of clean entertainment every day and night.

Visitors the second night will be treated to an hour of old fiddling, and the last night to a thrilling display of fireworks.

TWO FAST BALL TEAMS HAVE INTERESTING CONTEST

Priddy Matched With Goldthwaite

The newly organized Goldthwaite baseball team started the season off on the right track Sunday by drubbing the Priddy nine, 15 to 3. As the score indicates, Goldthwaite had the upper hand all the way, but the Priddy boys have a well balanced team that is fighting every inning of the game and can be counted on to make a good game at any time. The home team showed the large crowd that they had the hitting power, hitting with men on the bases with a regularity never seen by a club here in several years. Holding the Priddy team to a small score was due to the superb pitching of Hud Hamilton and Linkenhoger, who relieved Hamilton in the 7th inning. Paul Hudson had his old steam and from the looks of things it must have been breaking as of yore. Linkenhoger, who took over the pitching duties in the 7th to give his arm a workout, also pitched a nice game. The boys got careless, however, in the latter innings and let three runs come over, due to errors of omission and two solid hits. There wasn't much fielding display by the local boys, there being only four balls hit to the infield all afternoon. When Linkenhoger went to the box, Barnett replaced McLean behind the bat and handled that position like a veteran. Barnett is a new addition to the baseball team here and beyond a doubt will strengthen the team to a great extent, having a good arm to the bases, a nice hitter and fast on the paths. Linkenhoger at first base can always be counted on to do more than his share in the hitting line and in this section. High spots in the hitting department in last Sunday's game was a homer by Wilcox with the bases loaded, and a parked ball by the third baseman, Bill Page, with two runners aboard.

Goldthwaite this year has the best chances for a good baseball team that they have ever had, a nine that will hold their own with any team they play. The merchants have helped the cause along by buying the suits for the team, realizing a good team to be a betterment to the town not only as an advertising venture, but as a source of pride of the citizens of Goldthwaite.

They are going to play some good teams and it is the duty of the people to support them. Every afternoon will find them at Fair Park practicing and improving rapidly in the finer points of the game. The next game will be with Hamilton, next Sunday in the Hamilton ball park. Hamilton will return the game the following Sunday here on the home field. Be there, enjoy a good game and support your team. F. A. N.

EATON-SHARP

Last Sunday at 3 p. m. in the First Baptist church of Goldthwaite, in the presence of the bride's sister and her husband, Mr. and Mrs. Enlow of Goldthwaite, Mr. Clyde Eaton and Mrs. Gladys Sharp of Mullin were united in marriage, the pastor of the Baptist church officiating.

CEMETERY MEETING

Mrs. E. B. Anderson, president of the Goldthwaite Cemetery association, requests a meeting of the association at the Court House Monday afternoon at 5 o'clock.

CONFERENCE ATTRACTS A LARGE DELEGATION

A Wonderful Day At Castel

Last Tuesday morning a large crowd gathered at the Methodist church to go to Castel to the West Texas Methodist District Conference. It was a beautiful day, and the drive was wonderful.

Upon arriving at Castel at about 9:30 o'clock, we had a few minutes before the services began. The Junior Choir, under the direction of Mrs. John Berry, opened the service by singing "My Faith Looks Up to Thee," after which James and Weldon Jackson played "Have Thine Own Way, Lord" as a duet. The Junior orchestra played several numbers, which were greatly enjoyed. The ladies sang several numbers, which were appreciated very much. Bro. Draper preached at the 11 o'clock hour on "Endowment fund for the old ministers who have given their lives for the sake of the gospel."

Dinner was waiting us on the ground, and such a feast we had not seen in a long time. The Junior Choir was asked to sing again in opening for the afternoon session. Mrs. Berry is doing a wonderful work in training these boys and girls. She is broad-minded enough to look down thru the years of time and realize that all too soon they will have to take up the responsibilities of life—that the boys and girls of today will be men and women of tomorrow, and she is giving her life that they may be trained for their life's work. We as mothers and fathers appreciate every effort that she puts forth, for we realize that it is a great work, and a great responsibility.

To please the children, Mrs. Berry decided to take them to see the "Enchanted Rock" on their way home. This trip was enjoyed by every one. This is a beautiful place with the most beautiful scenery and clear spring water that anyone would wish to see. Each one thanking Mrs. Berry for the trip, we started for home. A GUEST.

Friday, July 5th, and take the full course of ten days. Otherwise attend as much as possible.

ASHBY-GRAVES

Miss Brownie Graves, daughter of Mr. and Mrs. W. A. L. Graves and A. B. Ashby of Rockdale, were married at 8:30 o'clock Saturday evening at the home of the bride's parents.

The ceremony took place before an improvised altar of cut flowers and graceful palms, with the Rev. W. D. Bills of Waco, pastor of the Church of Christ there, officiating. The bride was gowned in flesh colored georgette while her bouquet was a shower of pink carnations and sweetheart roses.

Proceeding the ceremony, Mrs. L. F. Craig and Thomas Reeves sang "At Dawning," accompanied by Mrs. W. M. Yater. Mrs. R. E. Bowen played Lohengrin's Wedding March when the bride and bridegroom entered.

Only relatives and intimate friends witnessed the ceremony. Following a short wedding trip, Mr. and Mrs. Ashby will be at home at 214 Roseborough Avenue.

Out-of-town guests for the wedding were Mr. and Mrs. Kelly Saylor of Goldthwaite, Walter Weathers of Houston and Mrs. B. F. Leggett of Fort Worth.—San Antonio Express. The bride spent a part of her girlhood here, where she was quite popular with the younger set, and she has visited relatives here frequently since the family moved to San Antonio. All of her friends here join in extending congratulations and good wishes.

NEW THEATRE OPENING

The new theatre building has been completed and is one of the most modern and best arranged in Texas. In fact, there are none better in the larger cities, excepting in size. The Harris building has been entirely overhauled, the front torn out and re-arranged, the interior walls decorated, the floor given the necessary incline and every detail given attention. Not only does the building present a pleasing appearance, both inside and outside, but the interior arrangements are for the comfort and pleasure of the patrons. The most approved and comfortable opera chairs have been placed in position and the lighting throughout the building is just right. Mr. Pence has spared neither labor nor expense to install everything necessary to give Goldthwaite a first class play house and those who have inspected the arrangements are delighted with them. The name of the theatre has been changed to The New Melba and plans have been perfected for a grand opening tonight with one of the best programs obtainable. One of the pleasing features about Mr. Pence's plan is that he has not increased the price, while greatly improving the service and equipment. There is a steady movement toward providing everything of the best for Goldthwaite and the Melba Theatre is well in the front in the movement.

MASONS INSTALLED

On last Monday night, June 24th, the following Masonic officers were duly installed into their respective offices: In the Royal Arch Chapter No. 244:

Palmer, royal arch captain; James Rahl, treasurer; Lewis Hudson, secretary; Robt. L. Steen, master 3rd veil; Julian D. Evans, master 2nd veil; C. M. Burch, master 1st veil; L. R. Conro, guard.

In the Blue Lodge: S. W. Smith was installed worshipful master; D. A. Newton, senior warden; Fred M. Stephens, junior warden; James Rahl, treasurer; Lewis Hudson, secretary; L. R. Conro, tiler; John Raymond Little, senior deacon; William Foster Brim, junior deacon; C. M. Burch and L. R. Conro, stewards.

HORSES POISONED

Rube Osborn had the misfortune to lose both of his gray horses last Saturday and it is said the death of the horses was caused from eating Johnson grass cut from the railroad right-of-way that had been poisoned. The loss is quite serious, to Mr. Osborn, as it was his work team.

BAPTIST CHURCH

One hundred and sixty four was not bad for a Baptist Sunday School on a hot day like last Sunday. The Sunday School and preaching services are holding up remarkably well. Let's remember that those of us who are at home, if necessary, put forth a little more effort than usual to keep our church work going. Remember our services next Sunday. Rev. W. A. Thornton will preach at the 11 o'clock hour and Bro. Stripling, pastor of the Mullin Baptist church, will preach at the evening hour. Brother Geo. Jackson will have charge of the prayer meeting next Wednesday night.

East Texas people are getting ready for their annual picnics which start about the first of July and continues for about two months. Plenty of water-melons, peaches and fryers are in evidence.

Next week's notes will be largely news of this section of the country. Have not gotten my thinking faculties to work properly yet in regard to this section.

This writer noticed in last week's Eagle where two gentlemen from our little town went fishing and caught two Bass weighing 12 pounds each. However this statement was not made in the presence of a Justice or a Notary. One of the gentlemen informed us that the editor of the Eagle was responsible for this statement getting into the paper. Regardless of who is responsible for this statement I think the two fishermen and the editor should attend a few prayer meetings. Going to prayer meeting will not make men catch larger fish, but it will have a tendency to make them use honest scales in weighing their fish. But this is the time of year for fishing and Harvey and Burch have won the loving cup so far this season.

G. C. IVINS, Pastor.

After a continuation of about three weeks hard work, the farmers of Big Valley are practically up with their work. It has been a long, hard task to master the weeds and grass, but each farmer has met his task with determination and can boast of work well done. Thelma Casey of Mullin spent Saturday and Sunday with Joy Doak.

Several of the young people of Big Valley attended the party at Joe Davis' Saturday night. Mr. and Mrs. Griffin Radican of Dallas are visiting Mrs. Radican's mother this week.

Mr. T. P. Reed, who has been visiting relatives in Runnels county, returned Saturday. We missed him during his absence and are glad indeed to have him with us again.

A large crowd attended the prayer meeting Sunday night. We had a very responsive service. I feel sure that all who were present received a blessing from the service. FARMER.

METHODIST CHURCH

There will be the usual Sunday School worship at which all members are expected and visitors are cordially welcomed.

There will be no night services as the pastor is assisting in a meeting at Mullin. There should be no "let up" in going to church because of this absence. Your pastor would be glad to have you drive up to Mullin tabernacle and join with him and the good Mullin folks in worship there. Or if you desire to stay in town you are urged to hear Bro. Stripling at the Baptist church, or if you desire something different and unusual, drive down to Lometa and hear "Buddy Jeff" Smith, our own blind evangelist, who begins a meeting down there Sunday. May blessings attend you wherever you worship. Pray for our meeting at Mullin.

S. D. LAMBERT, Pastor.

WINNING HORSES

Mills county puts out winning race horses, as well as the best of everything else. Yesterday Rahl & Woody received the information that their 2-year-old filly, Freddie Baskin, won first money on the track at Sonora, in a race with ten entries. This was the mare's second race, the first having been run at Breckenridge. She is a Mills county product, having been foaled here two years ago.

Clabe Locklear's horse, Harry M., tied for first money in a race at Sonora and the other Mills county horses have been giving a good account of themselves.

This is a sample of the class of races that may be expected at the Mills county fair, for all these horses will be here, in addition to a number of other already in training on the track at the fair ground.

PROCLAMATION

To the Citizens of Goldthwaite, Texas:

By virtue of the authority vested in me as Mayor of the City of Goldthwaite, I hereby call upon all citizens of our town to begin and engage in a clean-up campaign, the first week in July. I particularly call your attention to the rank growth of weeds on many premises and vacant lots. These furnish a breeding place for mosquitoes and all kinds of malaria. In addition to that, they are unsightly and detrimental to the appearance and value of our property.

I also call your attention, especially those who operate restaurants, markets and grocery stores, to the fact that it is a violation of the law to throw, place or put any dead animal or part thereof, or any vegetable matter, on any street, alley sidewalk or vacant lot in said city, or to permit any of your employes to do so. Unless attention is given to this matter, prosecutions may result. I suggest that you get substantial metal cans for this purpose, with convenient covers, and place them where the scavenger can haul the contents off each day. He will be given orders to place the cans back for your further use.

The condition of many toilets and cess pools in the business district is revolting, and these must be cleaned up and kept clean, or closed permanently.

Now let's work together for a clean, sanitary city. This will prevent the spread of disease, make our property much more attractive, and result in the mutual benefit of all. Without a sewer system here, it is indeed difficult to keep the business section clean, and only by mutual co-operation and vigilant attention, each man to his own premises, can this be done.

Witness my hand this the 24th day of June A. D. 1929. J. G. BODKIN, Mayor of the City of Goldthwaite, Texas.

THE NAZARENE REVIVAL

We regret very much that the date of our revival is to conflict with the Fair and the old soldiers' reunion, but it cannot be helped now as our date was set and the evangelist secured last year. And we shall do our best under the circumstances.

The date is July 14-28, including three Sundays. Evangelist Charlie Robinson is to be the preacher. He is not only a preacher, but a singer and music writer, and will have with him some good singers in some special songs. We invite every one to attend the meeting, and especially those who sing, we give you a special invitation.

The meeting will be held at the church. Don't forget the date, July 14 to 28, second, third and fourth Sundays.

WILL H. LYNN, Pastor.

T. E. L. CLASS

Tuesday evening, June 18th, Mrs. G. C. Ivins and C. L. Stephens were hostesses to the T. E. L. class and a number of visitors. This meeting was held in the home of Rev. and Mrs. G. C. Ivins on Fisher street. Cheerfulness was the subject discussed. Especially was the devotional interesting and educational. Another phase of the subject was discussed and gave us food for thought when one of the members discussed "Cheerfulness, and its meaning."

After such programs as this we are discovering new talent. What have you to give? It is amazing how many contributions we can make. They work like magic; efficiency plus enthusiasm plus talent plus love is invincible; these foretell victory. A MEMBER.

THE GOLDTHWAITE EAGLE

The Reid Auto Supply Company was destroyed by fire Saturday night at De Leon at a loss of \$40,000. The blaze originated in a washroom. For a time the flames shot high, and fire departments from Dublin and Gorman went to assist the DeLeon department. Six new cars and twenty-four customers and used cars were destroyed.

At Huntsville early Thursday, O. C. Wells, convicted murderer of a filling station operator in Coleman County, executed his crime in the electric chair at the State penitentiary. Wells, who lost all hope for executive clemency when Gov. Moody announced he would take no action on a plea made late Wednesday, two hours before his death issued a bitter statement against the Governor.

Contracts for 162 new airplanes for the Army Air Corps, involving an expenditure of approximately \$5,000,000, were awarded a few days ago by the War Department. Ninety of the planes, a new pursuit type, were ordered from the Boeing Airplane Company of Seattle, Washington. Of the remaining 72 planes, 41 will be Curtiss observation planes and twenty-eight will be Curtiss attack planes.

Conditions at the State reformatory at Granite reflected in a story told by Riley Turner, youth of Tulsa, who was an inmate of the institution, forms the basis of an investigation by a special committee from the Legislature named by the speaker of the House Saturday. The institution has the distinction of being under the supervision of a woman, Mrs. George Waters as warden, the only woman warden in the United States.

Dallas bankers and business men Sunday expressed grief over the sudden death in Los Angeles Saturday night of J. Dabney Day, 57, president of the Citizens National Bank in Los Angeles and formerly vice president of the City National Bank in Dallas. Mr. Day had been active in banking activities in California, his outstanding achievements there being his work as chairman of the cotton committee of the Los Angeles Chamber of Commerce, which formed a 4,000,000 pool among Los Angeles banks to shield cotton farmers of the Salt River Valley in Arizona from financial ruin.

A "Doughboy Day" is to be held in Groesbeck City Park July 26 by the Groesbeck American Legion Post, which has invited every town in Central Texas to send a "Doughboy Sweetheart" to take part in a beauty pageant to be a feature of the day. The girl selected as the "Doughboy Sweetheart" will unveil the new bronze "spirit of the American Doughboy" statue to be erected on the court house lawn Armistice Day.

An impromptu court of inquiry, set up by city and county officials was told by physicians that hydrogen sulphide gas caused the death of two children and illness of sixteen persons in El Paso. A joint meeting of the City Council and County Commissioners' Court was held to question doctors, chemists and refinery and natural gas officials to determine the cause of the tragedy and to attempt to prevent its recurrence.

COTTON EXCHANGES SHOULD BE REGULATED

The future markets of cotton in the United States are operated almost without restraint or supervision by the Government. No outsider knows of the deals which advance or lower the price of cotton; no one knows how many million bales are sold short, and no one can control the manipulations on the part of the speculators and gamblers. To remedy these defects and to make possible the publication of information regarding operations on exchange which affect the growers and consumers of cotton, Congressman O. H. Cross has introduced a bill very similar to the grain future act and asks its passage.

The grain futures act, if strictly enforced, would greatly reduce the amount of gambling on the grain exchanges and prevent violent fluctuations. This act has been reviewed by the United States Supreme Court and held to be valid. Therefore it would be valid if applied to cotton.

While the grain futures act has never proved to be of large value to the producers of grain, it is because of the most liberal interpretation of its measure by the administration officials. It is hoped that in case cotton growers are given a similar act, public sentiment will force a more rigid adherence to its provisions. As it now stands, neither producers nor manufacturers of cotton can use the exchange as a place to sell or buy the staple. Manufacturers do not even hedge their purchases and producers are forced to market on the basis of the chalk marks on the exchange boards. The activities of the exchanges are more than 95 per cent gambling.—Farm and Ranch.

REDUCING COMPETITION

The old saying, "Everybody for himself and the Devil for the hindmost," is no longer applicable in big business, but it still goes on the farm. Big business, through associations and federations; has reduced competition, cut overhead costs and rendered a service even more satisfactory and complete than before.

Within recent months the number of concerns manufacturing farm machinery has been greatly reduced through the trading and purchase of stock which brings several large factories under the control of one organization. Only recently the public was informed of the organization of the United Tractor and Equipment Corporation. This organization brings together outstanding manufacturers of tractors and farm equipment. Through this organization many tractors and machines will probably be eliminated because they are practically duplicated by other members of the corporation. Thus the cost of manufacture and distribution will be lowered and, we hope, the cost to the farmers will also be reduced.

In the agricultural industry there has been but little effort to decrease overhead, except in the purchase of labor-saving machinery, and very little effort to increase the quality of products. Farming, indeed, is an occupation or a business in which everybody is for himself. The day may come, however, when a half dozen or more owners of small farms will organize a corporation, throw in their lands and equipment for their value in stock and operate along modern business lines.—Farm and Ranch.

EBONY YOUTH BADLY HURT

Cecil Crowder, son of Mr. and Mrs. G. E. Crowder of Ebony, Texas, is in the Medical Arts Hospital here suffering from serious internal injuries sustained late Wednesday afternoon when a Ford touring car in which he and two other boys were riding overturned near Ridge, about 3 or 4 miles west of Ebony. Neither of the other boys was injured.

According to information received at the hospital today, Crowder was driving in company with Alvin and Jack Atkinson, also of Ebony, to a friend's home near Mullin when the gasoline lever suddenly became caught, making it impossible for him to control the car, which ran into a deep ditch and turned completely over. Crowder was first taken to Mullin where he was treated, when it became known his injuries were serious, he was brought to Brownwood by his parents.

Hospital authorities said he was suffering from a dislocation of the spine, a broken collar bone, and several internal injuries.—Brownwood Bulletin.

ANOTHER CALL EXPECTED

A special from Austin says that it is going to be a long, hard Summer for the Legislature. When the present session ends July 3, a third session will be called. At least such is the plan of Governor Moody, who intends to take to the stump when this session closes and arouse the people of Texas for utility regulation legislation. After his tour the third assembly will be called to Austin. That will make four times at the bat this year for the 181 members.

While the Governor has made no public announcement of his utility campaign and third special session, various legislators said the plan had been decided upon.

The bill, of which Senator W. C. Woodward is the author, provides for a commission of three to regulate the utilities, each to receive a salary of \$10,000, and sets up the machinery for operation of the commission. Municipal owned plants are exempted. Telephone, telegraph, electric light and power and gas are included in the measure.

Other subjects, action on which may fail at this session, may be brought up at the third. This probably would include prison relocation, and income tax for, with the time growing short and the Robison investigation under way, there is little chance for any major legislation except the appropriations, gasoline tax and registration fee.

PLANS COMPLETE FOR GREAT JULY 4TH CELEBRATION

A report is made to the Eagle that Lampasas Post 277, the American Legion, has completed plans for the biggest July 4th celebration ever held in this section. An outline of the program for the day is as follows:

At 10 a. m. the State-wide Legion Drum and Bugle Corps contest will take place. Following the contest at noon comes a big barbecue which will be served in Hancock Park. Then at 1:30 a harness race will be witnessed from the grandstand in the Lampasas Fair Park with the Rodeo following. At the conclusion of the Rodeo a baseball game will be played.

And to complete the day one may dance to the tuneful melodies of Micky Rathbone's Virginians, in the hall of the new hostess house at Hancock park. And, too, we might add that Hancock Amusement Park will be officially opened under its new management the night of July 3rd, with a dance, Micky Rathbone's Virginians furnishing the music.

It is interesting to drive out
and watch them. The Fair is
only about three weeks off.

The sight of sore gums is
sickening. Reliable dentists of-
ten report the successful use of
Leto's Pyorrhoea Remedy on
their very worst cases. If you
get a bottle and use as directed
druggists will return money if
it fails.

**Advantages of the Prompt
Payer**

You'll realize a greater satisfaction in good credit
through prompt payment of bills than you would re-
ceive from a many figured bank balance.

And beyond that satisfaction your credit standing
will be of greater worth, for just as truly as credit moves
the wheels of commerce, so also is it true that the home
is more efficiently operated by charge accounts.

Any person pursuing any of said occupations, within the City of Goldthwaite, Texas, without first having applied for and obtained a license, shall be deemed guilty of a misdemeanor, and on conviction, shall be fined not less than the amount of the occupation tax assessed, and not more than two hundred dollars.

Sec. 2. All such taxes so levied, except the occupation tax, shall be due and payable on the first day of October, A. HE GOT THE MONEY

Press reports tell us of a young farmer living near Sweetwater who is believed to have found the latest way to avoid the high cost of marrying under Texas' new "Gin marriage law."

About three weeks ago the young man borrowed \$25 from a local bank to help him pay some bills that were overdue. He insisted he would need no more this summer. However, he returned for more.

"My cotton needs chopping" he explained, "and I've had a pretty good proposition come up."

"What's that?" the banker asked.

"Well, I've a chance to marry a pretty nice girl, but we haven't the money to pay for my physical examination, license and preacher. It will take about \$25, but she has promised to help me chop the cotton if I can get enough money to get married on."

The young couple got the money, and filed three days' notice of intent to wed.

FIELD NOTES BY THE MISSIONARY

It seems that it is now time for all preachers except the Missionary to take a vacation. Brother Leech is on his vacation and I supplied him at North Bennett and Liberty on Saturday and Sunday. Of course that is one of the great needs of a County Missionary—to fill vacant places. The only regrettable thing about it is when the pastor takes a vacation a good number of his members do the same. Rev. Ivins of Goldthwaite is now on his vacation and I am asked to fill his pulpit on Sunday morning. I hope that too many of his members will not be on a vacation at that hour.

Remember that our Workers' Conference meets at Mullin on July 8. Everyone is invited to be there. W. A. THORNTON.

and ordinances of the City of Goldthwaite; and all taxes not paid on or before the 31st day of January, A. D. 1930, shall be deemed delinquent and the same when collected, together with the above penalty of ten per cent, shall be apportioned among the several different funds, and the city tax collector, shall by virtue of his office, levy upon, seize and sell said property, real and personal, for payment of taxes thereon, according to law.

It is further ordained and provided, that taxes levied here-by, if not paid on or before the 31st day of January, A. D. 1930, shall bear interest at the rate of six per cent per annum from the first day of February A. D. 1930, until paid.

IN MEMORY OF AUNT EVE WELCH

On Thursday morning, June the sixth, we stood around the bedside of Aunt Eve Welch begging for her life. Occasionally we would look out upon a world clothed in wondrous beauty, the expression of God's love and power. The sky was clear save for a few fleecy clouds of purest white that served only to enhance the glory of the serene blue that lay behind them. In the near-by tree tops birds were chanting a sweet melody of fare-well to dear Aunt Eve. Then, a moment later, an angel passing by, in response to the signal of our Heavenly Father, stooped and sweetly carried Aunt Eve away.

All was done to save her earthly life, but alas! the Heavenly Father said "It is enough, come up higher," and took her out of her suffering to be with him. And now, as our hearts were made sad, Heaven was glad.

Aunt Eve lived a beautiful life. For several years she was confined to the bed, but she was always so cheerful and bore her afflictions so patiently. Sometimes she would wonder why she had to suffer, but she would always say, "It's all for the best." She loved her friends and wanted them at her bed side. She appreciated all that was done for her.

To know Aunt Eve was to love her and while we are lonely without her, we have the sweet assurance that the Lord received her, and that where she is we can go—where there will be no more good-byes and partings never come.

"There are loved ones in glory Whose forms we often miss. When we close our earthly story,

Will we join them in their bliss? We can picture happy gatherings, Round the fireside long ago, And we think of tearful partings

When they left us here below. One by one their seats are emptied

One by one they go away. Now the family is parted. Will it be complete some day?

ONE WHO LOVED HER.

Here's Why Firestone Tires Hold All Records

THE PICK of the long staple cotton crop is bought by Firestone experts in the primary cotton markets. It is shipped to Firestone's own cord fabric mills—the largest in the world—where it is first twisted into tiny threads. These threads are then tightly twisted into ply yarns, and three of these are twisted in the reverse direction into cords of fish-line strength. Exactly the right number of twists are carefully determined to secure the greatest strength and elasticity.

Not satisfied with cords of superior strength and elasticity, each individual cord is Gum-Dipped—a patented Firestone process in which every cord is submerged in a vat of pure liquid rubber gum—where every single fiber of every cord is saturated and completely covered with rubber. That's why Firestone Gum-Dipped Tires give most miles per dollar and hold all world records for speed, safety and economy. Your size is in our stock—come in. We save you money and serve you better.

PAUL McCULLOUGH, Editor

Up to the hour of going to press, as we editors always say, we have never met a man who follows his own advice. Have you?

Doctor: "What you need, my dear young lady, is a little sun and air."
Patient: "How dare you! I am not even married."

If there is anything you think Nails and Staples should publish, send it in. This being an editor is a heavy responsibility. HELP!

F. Stegmoller of Priddy has insufficient room in his store, and as a result is making an addition. Bob Swindle is doing the work.

In California
Pat: "I call your daughter Sun Maid."

Mike: "Sure, and fur what raisin?"
Pat: "She's the first girl my Sun Kist."

Lon Bledsoe is always buying something to improve his place. He is building a granery now.

Fourth of July is just ahead. Jim Cockrum knows a gate that won't sag when he sees it. He's using a Can't Sag gate out on his place.

When we are celebrating, let's think now and then, what's it all about.

Mrs. Hoyle: "Is your husband a member of any organization?"
Mrs. Doyle: "Yes, home brewers' union."

Tom Toland vs. "Dr. forefathers fought for liberty, but a lot of it, and fun was taken away both for the kid and us men, when they made the 4th. Safe and Sane."
