LIONS CLUB ANNOUNCES PREMIUM LIST

Requirements To Win Are Shown

The Lions Club has offered premiums for well kept premises, flower boxes and other beautification of homes. The committee has outlined the following schedule:

1. Best kept and most attractive premises, including walks, garage, drive ways, out buildings, back lots, lawns, flowers, etc. \$15.00.
2. Second best kept and most attractive premises, as above. \$7.50.
3. Prettiest flower boxes, most attractively arranged. \$5.00.
4. Prettiest flower beds, including all kinds of flowers, judged according to location and arrangements. \$2.50.

Only one prize to one place or household.

A committee from the Lions club will inspect the premises and surroundings from time to time and award the premiums in accordance with the decision rendered.

T. E. L. CLASS MEETING

The T. E. L. Sunday school class of the Baptist church held its monthly meeting Tuesday afternoon, March 18, in the hospitable home of Mrs. W. P. McCullough.

Mrs. E. B. Anderson was in charge of the very interesting program that was rendered by members of the class. The subject discussed was: "Our Christian Influence," which was opened by Mrs. D. D. Kemper reading the scripture lesson and offering excellent comments and followed with prayer led by Mrs. Priddy.

Papers containing beautiful and profitable thought were read and discussed by Messdames L. B. Ashley, J. M. Campbell, O. L. Langlitz, C. D. Bledsoe and W. P. McCullough.

The duet by Mrs. C. D. Bledsoe and Mrs. E. B. Anderson was enjoyed by all. Also a reading by little Miss Mary Ella McCullough was much appreciated.

The program having closed, the president called for a short business, in which the heads of several committees of the different phases of the work gave interesting reports, which were indorsed by the class and plans for future work were discussed.

Mrs. Ben Forehand was elected reporter, after which the social hour began and was pleasantly spent in merry conversation and the laughable game of "bird." Delicious cake and hot chocolate was served by the hostess and Mary Ella McCullough.

Time to adjourn prematurely came and the party was forced to break away, leaving their hostess with the hope of an early return of another such an event.

LOCAL MATTERS OF GENERAL INTEREST

Trustees Are Elected In All Districts

Every school district in the county, both independent and common schools, will elect trustees on Saturday, April 5. In some cases a majority of the board will hold over, while in some cases a majority will have to be elected and in other instances an entire board will be voted on at that time.

Four members of the Goldthwaite school board will have to be elected at this time, the terms of Messrs. D. O. Simpson, J. C. Faulkner, F. F. Henderson and J. A. Hester expiring, while Messrs. O. H. Yarborough, A. M. Hunt and W. M. Johnson are hold-overs, their terms not expiring until next year.

It is important for every patron of every school to go to the polls on Saturday, April 5, and vote for the trustees to have charge of their school. Those who fail to vote in this election will have not right to object to any action their school board may take, since they did not trouble themselves to go to the polls, but left it to the other voters to make the selections. Again, the board is entitled to the endorsement and co-operation of the patrons in this matter. The position of board member is purely a patriotic and self-sacrificing place and those who discharge the duties should at least have the satisfaction of knowing they have been selected by a majority if not a unanimous vote of the patrons of the school and those interested in its success.

Make arrangements to vote in the trustee election April 5.

BETTER COTTON SEED

One hundred and twenty-five Mills county farmers are taking better cotton seed from the car-lot subscribed for some time ago. Separate ginning privileges will be provided for cotton grown from this seed. These are the best Mebane seed and state certified.

This successful work for better cotton is the result of many years effort by those interested in better farm practices. Mills county farmers fully realize that better cotton on fewer acres of the best soil, together with a proper balance of feed and food crops, will go a long way to solve the agricultural problem.

Above all, acreage planted to cotton should be greatly reduced. The warning has been sounded and it is hoped that our farmers will give heed.

Plant better cotton on fewer acres of your best soil. X. X.

PREACHING AT RATLER

We had two fine services at Ratler last Sunday. They set the first Sunday in July to begin their revival meeting and voted for me to assist them.

The Ratler people are indeed a great people and I am expecting a real good meeting. There is such good fellowship between the different denominations that we can easily expect a real good meeting. I will preach there the third Sunday in each month until after the revival meeting.

W. A. THORNTON.

A FULL HOUSE

A representative of the Anti-Saloon League lectured in the Methodist church Monday night and displayed several interesting pictures. His lecture was well received and his collection was very satisfactory, aside from the pledge cards given him for future contributions.

A BUBBLE MUSICAL

At school auditorium, Tuesday 7:45 p. m., March 25, by piano pupils of Mrs. John Berry, assisted by Mrs. Lester Berry.

Orchestra Selection—Henry Cryer, director.

Clown Dance—Junior group.

Duet, Bumble Bee—Laura H. Saylor, Virginia Rudd.

Song and dance—Nattie Berry.

Chorus and dance, Gingerbread Man—Juvenile group.

Duet, Chop Sticks—Edwin Dickerson, Billy Saylor.

Dixie Trio—Harold Yarborough, Woody Saylor, Clark Hudleston.

Song and dance, Bo Peep—Margaret Bigham, assisted by Peggy and Nattie Berry.

Reading, selected—Lester Moreland.

Cornet Solo, Selected—Harmon Frazier, accompanied by Woody Saylor.

Trio, Rainbow Fairy—Florine Woody, Elaine Stephens, Jaunita Rudd.

Tap dance—Peggy Berry.

Barnyard Frolic—Farmer, Woodie Saylor; Lamb, Wallace Johnson; Hen, Lester Moreland; Dog, Wm. Todd; Horse, Ed Soules; Cow, Billy Saylor; Hog, Clark Hudleston; Duck, Ed Dickerson.

Saxophone Solo—Welborn Jackson; Piano Harold Yarborough.

Trio Humoresque—Connie Trent, Sara Fairman, Mary Clements.

Cornet Solo, Dixie Darling—J. N. Baily; Piano—Ima Bailey.

Trio Narcissus—Mary Trent, Floye Dickerson, Jerry Hester.

Piano Quartet—Elizabeth Dalton, Geneva Greathouse, Daphne Evans, Charline Brim.

Duet, Diana—Mary Trent, Billy Weatherly.

Bubbles.

BIRTHDAY DINNER

Last Sunday, March 16, was a very pleasant day for friends and relatives of R. H. Oglesby, who met at his home in honor of his birthday.

A feast was prepared consisting of most everything good to eat. The birthday cake, made by Mrs. A. N. Oglesby, was beautifully decorated with candles. Not only was it beautiful, but very delicious, as she always knows how to make them taste just right.

The day was spent in pleasant conversation by the older ones, while the children played and gathered their first spring flowers.

Those who enjoyed this occasion were: Mr. and Mrs. Tim Davenport and little daughter of Nabors Creek. Mrs. Hartman, Steve Ezzell and family of Graham. Mrs. Sena Ezzell, W. V. Linn and family of San Saba. A. N. Oglesby and family, W. H. Oglesby, J. M. Oglesby and family of Center City and R. H. Oglesby and family.

Late in the afternoon we bade them goodbye, wishing for Harry many more such birthdays.

ONE THERE.

WOOL AND MOHAIR

We hear all sorts of reports as to how the Wool and Mohair Association is going to let Draper & Son take the growers product away from him and sell it at a loss, but it's funny that you do not consider that, we advance you 33c and 43c per pound, when we ship a car, which is now quite some above the market on the street. What is the matter with the present market; we note that the quotations in Boston market is still around 50c and 63c and yet the market in most of the cities of Texas is now around 25c or 27c. Think this over, Mr. Wool and Mohair man. The present marketing association was organized by the Government for your benefit, all profits from the sale of wool or mohair goes to you and the only requirement is for you to bring in your products and permit the association to handle it. Your contracts simply read that you sell and the association buys all of your wool and mohair and pays you an advance price at present of 33c and 43c and you have that much, no matter what your mohair sells for after it reaches the markets of the world. There is no comeback to this proposition and you receive more than the local market price for your mohair.

New what are we doing around other parts of Texas as regards the handling of mohair. In Del Rio last week over 2,000,000 was signed over the association. In San Angelo nearly a million pounds was turned over to the association. Five cars have been shipped to date from Uvalde and the net returns is around 50c. New Mexico and Arizona have each an organization and have more than 2,000,000 signed up. Are we, around this place, better posted than these people, or have we just more sense than to let the Government help us secure a fair price for our products.

Just figure this out for your selves and watch the results.

R. F. McDERMOTT, Sec.

BIG VALLEY

The weather is about to nip our noses again.

Evlyn Nelson was a weekend visitor from Georgetown.

Patte Cokrell visited Lorraine Dewey Saturday night.

Homer and Howard Weaver made a visit to Dallas Sunday.

Miss Cleola Swim was at home Sunday.

Big Valley called Bro. Forester, the pastor, for another year.

There was a chorus practice at J. J. Cokrell's Monday night.

Mrs. Brim visited her daughter, who is one of our teachers, Sunday.

Mrs. Ed Barington and baby of Abilene are visiting her parents, Mr. and Mrs. Robt. Long.

Hugh Dennard entertained Bro. Forester Sunday.

Our commissioner and his force of workmen are putting the roads in excellent condition.

Farmers are well up with their work, ready for a rain.

Euna V. Brim, Evlyn Nelson, Flora Weaver and Floyd Weaver visited Mt. Olive Sunday.

FARMER.

COOKING SCHOOL

The Cooking School, under the auspices of the Texas-Louisiana Power Co., is in progress at the company's display room and is attracting large audiences at each demonstration. Mr. W. C. Barnett, local manager for the company, assisted by his office force, has provided every accommodation for the comfort and pleasure of those attending the school.

Mr. D. W. Charnichael, range specialist, looks after the display in the cooking department, while Miss Fannie Mersman gives the demonstrations in cooking, which delight her audiences and cause a great deal of favorable comment.

The school will close today and those who have not attended the sessions the past two afternoons should be sure to attend today.

BIG STILL CAPTURED

Sheriff C. D. Bledsoe, Deputies E. O. Priddy and R. V. Littlepage and Constable Lee captured the largest still ever seen in this country Monday night, a few miles northeast of Caradan. The capacity of the still is said to have been 200 gallons and from the looks of it there is not much doubt it was that large. There were 22 empty barrels, six empty kegs, two 10-gallon kegs of whiskey and 700 pounds of sugar mash. The still was located in the shinnery, about six miles off the public road, altho there were roads running to it. It was equipped with a Coleman gas burner and copper coils and has the appearance of a real distillery. There was nobody at the place at the time of the raid, which was about 1:30 a. m., but two warrants have been issued and are in the hands of the officers.

CHURCH OF CHRIST

Four well attended services occupied last Sunday at the Church of Christ, Bible study, two preaching services and the young people's class. Another fine audience at prayer meeting sixty-eight were present. We are delighted with the interest which is manifest at all these services. If you are not attending these services, why not begin now? Bible study at 10 a. m. Preaching at 11 a. m. and 7:30 p. m., each Sunday. The young people's class at 6:30 each Sunday. We desire to surpass all previous attendance next Sunday. Be with us if possible. Let the motto of each member be, bring one.

E. S. FITZGERALD.

MOVING TO BALLINGER

W. F. Brim, who has owned the Royal Cafe here for several years and made a success of the business, has purchased a cafe in Ballinger and will move to that place on April 1. He already has charge of the Ballinger business and Mrs. Brim has gone there to look after it, while he winds up his business at this place. Mr. and Mrs. Brim are fine young folks and have endeared themselves to a large circle of friends here who part with them with sincere regrets, hoping for their unlimited success in their new location.

METHODIST CHURCH

In order to start something, I am asking all the preachers of the town to meet with me at my study on next Monday morning at 10 o'clock to consider things that may concern us in our work of the town, and in the hope that it will terminate in a Ministerial Association. Preachers outside of town are not barred, whether pastors or lay preachers. Come on if convenient. You may help us.

Last Sunday morning our audience was very good. At night not so good. Judging from the interest shown in these services both services were helpful. Brother Barr gave us a good message Sunday night. I regret that we had no larger audience for him. Folks we must pray and work, and work and pray to enable our church to fulfill its mission. There is no time for quitting when the great issues are at stake. We are looking for the hundred per cent homes in the Sunday school. How many will we be able to report? Will yours be one? Maybe some of you are sick. I once read of a formula that is said to be a sure cure for 'Sunday sickness.' It is assured to never fail. Here it is. On Sunday morning rise at six, use plenty of fresh water on the face, eat a plain hearty breakfast, then mix and take internally, a dose composed of equal parts of the following: Will, push, energy, determination, self-respect, respect for God's day, respect for God's book, respect for God's house. Mix these ingredients together well and add a little love to make it sweet; repeat the dose every three minutes until Sunday school time, unless relief comes sooner. If the day is stormy an external application of overshoes, rubber coats and umbrellas will be helpful. (Set) Please report any failure of this formula in its efficacy there may be a premium on such an oddity.

Special music and a young peoples sermon with a service full of life will feature Sunday evening at 7:30. The morning service will start at 10:50 and will be a great occasion. Sunday school starts at 9:45 and will return to you ample for effort invested. Will yours be a 100 per cent home? Please bear in mind every service is a revival service at our church till after Easter. This includes Wednesday evening when a sermon will be preached as at the morning hours of Sunday.

Monday night Dr. Morrow delighted a large audience when speaking on Law Enforcement. His message was worth while. I believe I am safe in saying that one half of the audience are not regular church goers. This is a desperate situation. To you I say that you are welcome here this is God's house and built for your service. Secure the ingredients and mix and take for the cure of such condition as per direction in this article. The preachers of this town stand ready to help you in any and every hour of need, regardless of weather or darkness of the night. If a preacher was in a hard place wouldn't you help him just a little bit? Your pastor, no matter to which church you belong, is in a desperate condition and is unable to get out of it without your help. Help him, do not fail him in this time of need. The help for which he is yearning is your presence at your place in church and Sunday school at all the services next Sunday. God bless you, my brother, my sister, if you only knew how great the need, I know you would be right at your place.

Yours in His service,
S. D. LAMBERT.

THE GOLDTHWAITE EAGLE

Enjoys Best Health In 25 Years

Five thousand people in Malaga, P. I., were rendered homeless by a fire that swept a part of the residential portion of that city last Friday morning.

Meetings are being held at various places in the state with a view to securing a reduction in cotton acreage the coming season. Farmers have learned by experience that there is in reality more money in a small cotton crop than in a big one, both in the aggregate and in clear profit.

Armed with the necessary requisition papers, Sheriff Weisiger, of Victoria left for Detroit, Mich., to return Thomas R. Stowe, 49, former Texas ranger, and his wife, Vera Lee Smith Stowe, 22, in connection with the slaying of Alvin Marshall, 27, farmer on May 5, 1928. Stowe was under indictment for murder, and a charge of accomplice to murder was filed against his wife by the Sheriff before his departure.

Prof. Harlow Shapley, director of the Harvard Observatory, has announced receipt of word from the Lowell Observatory at Flagstaff, Ariz., of the discovery there of the ninth major planet of the solar system. The planet, as yet unnamed, is beyond Neptune and probably larger than the earth, but smaller than Uranus. Dr. Shapley hailed the discovery as one of the most important in astronomy since that of Neptune in 1846.

A man who was reported to have frozen to death near Marshall during the severe cold spell in January, has appeared in that city and denies the report. There was a pathetic story published at the time saying that the frozen man's dog had taken a position near the body and would not allow it to be approached and officers were forced to kill the dog. This proved another case of mistaken identity, as the man's dog is still close at his heels.

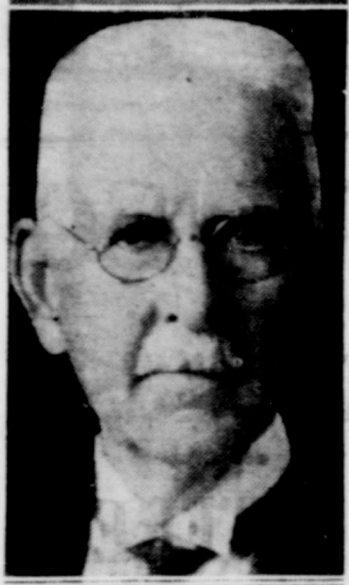

The Governor's suggested plan for the purchase of property adjoining the Alamo on deferred payments was defeated in the House last week when the bill authorizing purchase at not to exceed \$850,000 was ruled out on a point of order raised by Representative Homer DeWolfe. He claimed the bill was violative of the constitutional prohibition of pledging the credit of the State. Speaker Barron passed the matter to the House and it was sustained by 64 to 41, and the bill was killed.

For the first time in history of crime in China, kidnaping gangs operating in the International Settlement are abducting the daughters of wealthy Chinese and holding them for ransom. Had a crime of this sort occurred a few years ago, the parents of the abducted child, especially the father, would have been rather pleased over having the burden of a daughter removed so easily. Today, however, the sentiment is almost the reverse. Since the National Government decreed a year ago that girls have the right to share an inheritance, fathers and mothers regard their daughters in the same light as sons.

DAVID S. BEEKMAN

"At the age of 79 I am still active in business and I attribute my entire present good health, energy and vitality to the benefits I derived from Sargon. I actually believe this wonderful medicine has added years to my life.

"For five years my health had been failing steadily. My nerves were all to pieces, and I hardly knew what a sound night's sleep meant.

"Since taking the Sargon treatment I feel as well and strong as I was 25 years ago. I have a fine appetite, sleep good and constipation, biliousness and dizzy spells are all things of the past." David S. Beekman, 528 Kearney St., San Francisco, California.

Sargon's aim is not mere temporary relief, but new and abundant health. Don't experiment—profit by the experience of others.

Sargon may be obtained in Goldthwaite at Clements' Drug and Jewelry Store.

LAY ON THE LEATHER

Goldthwaite Eagle: No more prisoners will be admitted into the main penitentiary at Huntsville or any of the prison farms "until the normal capacity of the system is reached," the State Prison Board decided by unanimous resolution.

This thing, this subject, which the Eagle handles with such nonchalance, almost caused a fistieuffian conflict in the Legislature a day or two ago. One member said the warden was still taking the wanderers in, while another said he wasn't. One word led to another until intervention was employed by noncombatant members. Leaving all that to one side, this column not wishing to project itself into an imbroglio, is it not a matter for shame that in the supposedly civilized State of Texas the penal institutions are so full the prisoners have to reduce by dieting in order to make room for themselves? We often read criticisms of our courts, by critics who say the criminal laws are not enforced. Their error is self-evident. Our penitentiary and most of our jails are playing to standing room. If the courts are not functioning efficiently we must believe the jail birds fly into durance of their own accord. This is hardly believable, because all who are in are trying to break out. Such congestion as faces our gaolers today should be reduced. It can be reduced not by making courts less severe, but by changing the mode of punishment. In other words, let the whipping post take some of the pressure off the penitentiary. It is done in many countries which claim a higher culture than they grant us. There has risen among us a type of youthful criminal who rather glories in a convict's career. He wants to be considered hardened, but instead of hardening him with a prison sentence why not toughen him with the leather? No hijacker, no persistent bootlegger, no amateur yeggman or burglar

SAFETY MOVEMENT

One of the finest things about the development of our industrial and mechanical civilization is the progress made in the safety movement. Millions of Americans work in factories filled with complicated and potentially dangerous machinery. Yet the death and accident rate is decreasing. One reason for this is the progress made in the guarding of machinery. But of far greater importance have been the successful efforts of industrial and insurance executives to educate employes in safety principles and ideals. It is a proven fact that safety is not something to be applied extraneously. It comes from within. It is the result of ceaseless care. It is the result of an educated mental attitude on the part of the worker. We can look forward to a time when industrial accidents will be rare. In direct contrast to this splendid situation is the automobile accident problem. The death and injury toll from this cause continues to mount. Carelessness and recklessness are almost rules of the road with thousands of Americans. Automobile accidents will be curbed when motorists follow the example of industrial workers, and heed simple, commonsense principles of safety.

ELECTION NOTICE

Notice is hereby given that an election will be held within and for the City of Goldthwaite, Texas, on the first Tuesday in April, A. D. 1930, same being the 1st day of April, A. D. 1930, for the purpose of electing the following officers, to-wit:

A Mayor; Two Aldermen; City Secretary and Attorney; Treasurer and Tax Assessor and Collector.

Given under my hand this 4th day of March, A. D. 1930. (Seal) H. G. BODKIN, Mayor of Goldthwaite, Texas.

wants to be whipped. So it might be as good for the soul as it is bad for his body that the lash be applied.—State Press in Dallas News.

OUTLINE OF SERMON

By W. A. Thornton March 9, at Star

I. Paul's charge to Timothy to preach the word. Tim. 4: 2.

(a) Paul is now an old man and near the end of his earthly career.

(b) He endeavors to impress the young preacher of the importance of preaching the word of God.

II. The time would come when people would not stand for sound doctrine.

(a) Would select teachers that would turn to fables.

(b) In 30 years as a preacher I do not recall to mind of a conversion under a sermon started with a joke.

(c) We preachers will do well to leave off joking and confine ourselves to the old book.

III. Paul declares he fought a hard fight, but he kept the faith and is now ready to be offered.

(a) Five times he received 40 stripes save one for preaching the word.

(b) Twice he was beaten with rods.

(c) Ship-wrecked 14 days and nights, without the light of sun, stars or moon.

(d) Fought with beast.

IV. He is not in peril with false brethren.

(a) For Demas has forsaken me and departed unto Thessalonica, Crescens to Galatia, Titus unto Dalmatia; only Luke is with me.

(b) I believe the thing that caused Paul the greatest grief on earth was the thought of men deserting him, whom he had loved and trusted.

(c) I believe the most dangerous man is the man that fails you in the crucial hour.

(d) Paul urges Timothy to hurry to him for he needs more than one friend as he goes to his execution.

Come To The Free Cooking School

MARCH 19, 20 and

A PROMINENT Home Economics expert brought here by your power company will conduct the cooking school. She will discuss your every-day kitchen problems with you.

She will tell you how to plan interesting, balanced meals. She will tell you how really pleasant cooking can be. She will show you how to cook foods better—meats richer and juicier—cakes fluffier and better flavored. She will teach you how to bring out the utmost flavor of the foods you cook... how to eliminate the heat and discomfort that used to mark the preparation of a meal.

She will show you how to attain kitchen freedom, and at the same time cook more delicious, more healthful meals! How to be as dainty and fresh at the end of the day as you are at the beginning.

She will make every minute of the school thoroughly enjoyable. Be sure to come and

Attendance

On the last day of the school a Westinghouse electric clock will be presented. Perhaps the one to receive it!

FUNERAL AT SAN ANGELO

A special from San Angelo last Saturday told of the death of a relative of Goldthwaite citizens. It said:

"The funeral of Mrs. Bessie DeWolfe West, 49, wife of W. A. West, San Angelo ranchman was held in San Angelo Saturday. Besides her husband and two grown sons, Glenn and Merton, she leaves four sisters and two brothers, Mrs. W. H. Kirk of San Angelo, Mrs. John Blamer of Johnstown, Ohio, Mrs. J. H. Saylor of Goldthwaite, Texas, and Mrs. W. A. Powell of Fort Worth; Hill DeWolfe of Fort Worth and G. H. DeWolfe, ranchman near Christoval. She was an aunt of Representative Homer C. DeWolfe of Goldthwaite."

Friends here of the family extend sympathy.

BIRTHDAY CELEBRATION A HAPPY SURPRISE

A most delightful surprise birthday party and luncheon was tendered Mrs. Sallie Harris, pioneer citizen of Indian Gap, on the occasion of her 72 birthday, which event occurred Thursday, March 6th.

Visiting at her farm near Indian Gap, Mrs. Harris was decoyed to the home of her daughter, Mrs. O. K. Barker, to find a number of friends and relatives who greeted her heartily. A magnificent birthday cake with 72 candles was made by Mrs. Harris and each guest received a candlestick as a souvenir of the occasion. Delicious refreshments were served to the guests by Mrs. Barker and it was altogether a very happy milestone in the life pathway of this most estimable lady.

Mrs. Harris is the mother of 13 children, eleven of whom are living. There are 51 grandchildren, and 25 great grandchildren. Present on this occasion were her daughters, Mrs. J. O. Swindle, Mrs. W. W. Martin, Mrs. W. M. McAnelly, Mrs. O. K. Barker and her daughter-in-law, Mrs. H. H. Harris and a number of friends.—Hamilton Record-Herald.

required nine months and twenty days to do the job and the returns showed 1,300,000 "valiant men that drew the sword."

Thin, Pale, Weak

"I HAD been through a bad spell of sickness which left me very weak," says Mrs. Virginia Spruce of Stapleton, Va. "I was pale and felt lifeless, and my strength did not return. I spent most of my time on the bed. I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have had headaches, which would hurt me until I could hardly see. "Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

Take Theford's Black-Draught for Constipation, Indigestion, Bloating. 1 cent a dose.

STATISTICS ON FLIRTING

If you want to stay single, then flirting is the best thing for you. If you would rather get married, then be studious. This seemingly paradoxical advice to the young issued from the Southern California branch of the American Eugenics Society, after it has examined questionnaires sent to 500 married couples. The question, "Where did you meet your future mate?" disclosed that only two of the 500 marriages resulted from flirtations. Over 100 of them followed meetings while pursuing educational courses. The next most likely

NEED GLASSES

Then go to Miller's Jewelry Store, where you can fit yourself perfectly and save money with near and distant-vision glasses. place to find a husband or wife was the home of mutual friends. Then, in order, came business, recreations and the church. Only one-half of 1 per cent married after meeting in a dance hall. The last type of marriage, in the opinion of Mrs. J. I. Seamans, matron of a dance hall, occurs when a boy or girl who has protection and care, but who for some reason is at outs with society, patronizes the dance halls.

Class Taxation Increases

Ninety-six times as much money was required from automobile owners to pay gasoline taxes in 1929 as in 1921; and the increase in 1929 was 47 per cent over 1928. While in 1921 gasoline taxes amounted to \$4,700,000, last year they reached the amazing total of \$449,731,000, according to reports from 35 states to the American Petroleum Institute and estimates from 13 states. In a number of states the gasoline tax increased almost 100 per cent last year, and in none did it decrease. Gasoline is taxed in every state in the union

CREDULOUS MAN

For all his veneer of twentieth century sophistication, man is still pretty much a credulous and unreasoning animal. Right now he is fascinated with the idea that the curse of the ancient Pharaohs has reached across the centuries and struck down within the last week, two men who were very remotely connected with the invasion of Tut-Ankh-Amen's tomb. Nine men are with taxes ranging from two to six cents a gallon, or from 18 to 33 per cent of the retail price. This is believed to be the largest direct sales tax imposed on any commodity.

Give us a trial with your kodak films. Each film given special attention. Twenty-four hour service. Studio west side of square. now supposed to have feared their lives as a result of this invasion. Two of them have met death by their own hands. One of these was the father of the secretary of one of the discoverers of the tomb. Now a workman, lettering exhibits in the British Museum, has been suddenly stricken. We are reminded that it was promised some time near the dawn of history, that "death shall come on swift wings to him that toucheth the tomb of a Pharaoh." Minneapolis Tribune.

COMPARE VALUES BEFORE YOU BUY AN AUTOMOBILE

Low charges for distribution of the new Ford save you at least \$50 to \$75 in addition to the many savings in making the car

THESE are days when every dollar counts. The period of reckless spending is over. People are going back to the good old-fashioned principles of thrift and economy. Value is again being carefully considered.

Nowhere is this more important than in the selection of an automobile. For the purchase of a car represents a considerable investment. It should not be decided on hurriedly, but only after analyzing every important factor that concerns cost, value and performance. The time to do this is before buying—not afterward when it is too late.

ON THE basis of cost, performance and the actual comparative worth of every part, the new Ford is a value far above the price you pay. It is made of better materials and with greater care and accuracy because of the recognized efficiency and economy of Ford manufacturing methods.

The value of these methods is known and understood by millions of people. It is not generally realized, however, that these same principles of efficiency and economy are applied also to every step in the distribution of the Ford car. The low cost of selling, financing time payments, etc., means a direct saving to you of at least \$50 to \$75 in addition to the money saved by Ford economies in making the car. Here are three reasons why this is so.

(1) The Ford dealer does business on a smaller margin of profit because of the greater number of

cars he sells. His discount or commission is the lowest of any automobile dealer. The difference in your favor, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

(2) The Ford charges for financing are low.

(3) No expensive extra equipment is needed when you buy a Ford. The car leaves the factory ready for use. The f.o.b. price includes a Triplex shatter-proof glass windshield and an extra steel-spoke wheel, in addition to four Houdaille double-acting shock absorbers and fully enclosed four-wheel brakes. Any accessories you may wish for your individual taste are sold considerably below the usual prices. None of these charges for selling, financing or accessories is marked up or increased to cover a high trade-in allowance on a used car.

Get all the facts, therefore, before you buy and figure out just what you are getting for your automobile dollars. Go beyond the f.o.b. price and find out how much more you pay the dealer than the dealer pays at the factory. Analyze the used-car allowance. Compare all charges—item for item—value for value.

WHEN you do this you will have a new appreciation of what the Ford Motor Company and Ford dealers are doing to keep down the cost of Ford cars. You will also know why it is possible to put so much real value into the new Ford and still retain the low price. The money you pay goes for value in the car. It is not wasted in excessive costs in manufacturing or selling.

FORD MOTOR COMPANY

MULLIN NEWS

NEWS NOTES CLIPPED FROM THE MULLIN ENTERPRISE

COMMENDS OUR SCHOOL

It has been my privilege to visit your city on three different occasions in an official capacity as a representative of the State Department of Education and I have passed several pleasant hours with your citizenship. Though impressed by the enterprise and thrift of the town at large, I have always been especially gratified at the school spirit which your community manifests.

I have visited more than a thousand schools in Texas and of them all the Mullin High School stands out among comparatively few that I regard as the best. In the last three years it has been raised to the status of a first class high school with a nine months' term.

Its financial administration is little short of marvelous. Supt. Scott has the most thorough and complete method in handling this important phase of the schools business that I have ever seen. His manner of supervision, class organization, and direction of student activities rank in the first class, and would do credit to a city school system.

I wish to commend the school board for its loyalty and unstinted devotion to the school and its interests.

The P. T. A. has rendered invaluable aid in this splendid work and is deserving of the highest praise.

With all good wishes for the continued success of your progressive and constantly advancing school, I am,

Sincerely,
JOHN LEE SMITH.

METHODIST CHURCH

We read in the Proverbs: In the morning sow thy seed and in the evening withhold not thy hand. This exhortation comes to all of us. There can not be a big crop unless the seed is sown on the land. Everyone recognizes this fact. In the spiritual realm, the principle holds true. There must be good seed sown in the hearts of men. The church allows co-operative effort. Each one is under obligations of some kind, then let us take our places at the services Sunday. This is a good time to put new life into our efforts.

We hope to have special music and other attractions at our services next Sunday. Come and pray for the meeting.

Very sincerely yours,
THOS. M. MITCHELL.

FAMILY REUNION

Dr. and Mrs. R. H. Jones, Miss Annie Laurie Petsick and Miss Laura Nelson spent the week-end with Mr. and Mrs. 'Happy' Shelton of Ft. Worth. Vernon Jones, student in Technological college at Lubbock and R. E. Brewster of Port Neches met Dr. and Mrs. Jones in Fort Worth and they had a most pleasant reunion.

Uncle Joe Cannon's Story

"I am reminded of old Bill Devine out in my district. Devine was on his way home from a political rally, and his skin fairly oozed alcohol. Passing through a field he kicked up a rattlesnake which emitted a warning. Bill drew himself up with dignified solemnity, eyed the reptile with lofty contempt, and said: 'Strike, darn you; you will never find me better prepared!'—The Purrow.

20 Per Cent Untenderable

Foreign growers of cotton are increasing the length of staple and improving grade. In the United States we are traveling in the opposite direction. The cotton crop of 1928 showed about 14 per cent of a staple less than 7-8 inch. The crop of 1929 was 20.4 per cent untenderable on account of staple. In Texas, once noted for its good staple and cotton of splendid spinning quality, we suffered a loss of more than 25 per cent in 1929 because that much of our crop would not be accepted on any contract. What business could survive if more than a quarter of its production cost more than it could be sold for? Is it any wonder that our cotton farmers are flat broke and wondering just how soon the Federal Farm Board will come to their aid?

Speaking of Federal aid, we might just as well understand that the Farm Board is only going to help those who show a disposition to help themselves and if we continue to produce untenderable cotton we will continue to receive the short end of the price. Furthermore, if we continue to create a surplus of any product, prices will drop to low levels despite any effort to market co-operatively. Any article is relatively valuable according to the amount available and the demand there is for it.—Farm and Ranch.

HUGE LOSS FROM FIRE

Should the fire losses for January be repeated each month through the year, the total loss in 1930 would be over a half billion dollars. Put to constructive use this enormous sum would build a road 40 miles long at a cost of \$25,000 a mile, with sufficient left to develop 100-foot lots on both sides and provide for each lot a house costing \$7,000, furniture costing \$3,000, a \$1,000 garage and a \$1,000 car. Fortunately January is often the worst month of the year for fire losses. Also the \$42,344,035 reported by The National Board of Fire Underwriters for January, 1930, is five per cent less than for the same month in 1929. As a matter of fact, losses have decreased slightly each year from \$561,980,751 in 1926 to \$422,215,128 in 1929, but even the latter figure is many times too large. It represents property values that have gone up in smoke and the destruction of raw materials that can never be replaced. Such a huge fire loss should be sufficient warning to Americans to handle fire with care and to build their homes and business structures so that they will not be an easy prey to fire.

L. P. Greer and family of Brownwood visited in the J. H. Potter home Sunday.

THE GOLDTHWAITE EAGLE

A. Wagner of Priddy looked after business in the city the first of the week.

Frank Taylor looked after business in Lometa the early part of the week.

Mrs. Wesley Smith of Dallas came in last week-end for a visit to relatives.

Be sure to call for Bill's famous Brick Chili. The only original. Bill's Cafe.

Gaylord Mullan and Jeff Lowrie of Dallas spent Sunday with relatives in this city.

W. W. Tippen, the Lometa banker, was a visitor to this city the early part of the week.

If you want used furniture, see Cryer, west side of square. He has bargains. 10-11-1f

F. P. Young was here from Hanna Valley the first of the week, looking after business matters.

Mr. and Mrs. W. C. Dew and Mrs. R. M. Thompson were visitors to Brownwood last Friday afternoon.

You have heard that money talks and it sure has a loud voice at Archer Grocery Co.

W. T. Little was over from San Saba the first of the week, visiting relatives and looking after business matters.

Judge and Mrs. E. B. Anderson visited relatives in Brady Saturday and he looked after legal business in that city.

Mrs. Hardin Tobin of Rock Springs has been in the city this week visiting her parents, Mr. and Mrs. W. A. Bayley.

J. F. Merrill, one of the prosperous ranchers of the Shive section, looked after business in this city last Saturday.

J. D. Nix, whose home is in the Chappel Hill community, was one of the appreciated callers at the Eagle office Saturday.

Time changes all things, so will Chiropractic change your physical condition for the better. Chiropractic will bear close investigation. It's the survival of the fittest.—There'll be no regrets.

I. O. Harvey and family now occupy the residence opposite the Methodist church, corner of Reynolds and Fourth streets.

District Attorney Henry Faylor was here from Belton last Friday morning to attend the examining trial of Leonard Van Zandt.

Mr. and Mrs. S. P. Sullivan and Mr. and Mrs. D. A. Trent returned Saturday night from attending the Fat Stock show at Fort Worth.

Richard Slack, manager of the shoe department for the Grisham-Robinson Company of Brownwood, was among friends in Goldthwaite Sunday.

W. C. Barnett and wife and Miss Mina Steen attended a district meeting of Texas-Louisiana Power Co. managers at Meridian Friday evening, returning home that night.

Matress Factory Running Again—Bring in your Matress Work. Will only run every other month, on account of power being so high.—J. C. EVANS, Postoffice Street.

There were more people in town Saturday than had been here at one time in several weeks. The merchants appeared to be doing a rushing business a good part of the day.

Leonard Vanzandt, who was held in jail here for several days, following the shooting of Leonard Witt last week, gave bond in the sum of one thousand dollars to await the action of the grand jury, and was released Saturday.

Chiropractic removes the cause of disease. Yes the cause of fevers, stomach disorders, headaches and even epilepsy, and insanity. Yes it has done it for Mills county folks. There'll be no regrets.

Dr. Em Wilson and wife and two daughters, Misses Adeil and Charline, arrived from Corpus Christi Saturday night and have been visiting here and in Brownwood and San Angelo this week. They have a great many friends hereabouts who are indeed glad to meet with them.

BAPTIST CHURCH

Several took this pastor at his word about our home coming and are looking after their Sunday visiting, and other things that must be done on Sunday, getting ready to be present on the fifth Sunday. However, it might be a wise idea for some of our members to come the next two Sundays, in order that they may be able to find their places on the fifth Sunday. Now don't anyone think for a moment that we did not have a good Sunday school Sunday and a splendid congregation, for we certainly did. But it would have been larger if you that stayed away had come. Let every person that is loyal to our Sundry school get busy, and if you are not loyal, why get loyal. It will take the best that is in every one of us to reach the goal our Superintendent has set for that day. Someone said that the goal was impossible. That we did not have people enough in town that went to Sunday school to reach it. That is exactly the reason that we ought to reach it. Listen, we have in our town approximately two thousand people. About one-fourth of this number attend Sunday school and preaching services. Where are the others? Those who do not come to church services do not do so because they have anything against the church. They don't come because they are possessed with the sin of indifference. That happy-go-luck attitude has been the ruin of more people than any other one thing. This preacher would not say for a moment that a man is "bad" because he doesn't go to church but he will say such a person will miss many joys that he would otherwise have. Numbers will read these notes who do not go to church and Sunday school. I want you to stop right now and ask yourself this question. "Why don't I attend services on the Lord's day in the Lord's house?" Doubtless some of you who are reading these lines and who do not go to church will be called into the presence of God before this year will have passed. Your family will want some preacher to stand by the side of your casket and say words that will assure them that you have gone to a land of rest. How comforting it is, when we bury our loved ones, to know they have been loyal to God and to His church, thereby signifying that they are children of the King, and have entered into a more abundant life.

The pastor and his wife were entertained in the Ashley home last Sunday. Not for lunch, as most "civilized" folk would say, but with a real dinner. Some one in that home knows exactly how to prepare a Sunday dinner for a hungry preacher. Many thanks. We will come again.

This pastor is exceedingly interested in the young people. He would not be worthy of being called a preacher if he was not. We are anxious that our young folk attend church on Sunday night, and on making inquiry we find that if some of them go to church they go to another town. We want to make our services just as interesting as possible on Sunday night, for no other reason than to have the young people as well as the older folk to worship with us. Certainly we have a number of young people at every service, but there are some that we do not have and we always miss them, and if they are not going to other churches we want to remind them that we expect them to worship with us.

It is to the advantage of any young man or woman to be church goers. It will better prepare them for life. The world is looking for young men and women to be leaders. Now only are they looking but they are calling for young men and women who have ability to assume leadership. When a young man or woman applies for a position, about the first questions that are asked, are they Christians? Do they go to church and Sunday school? They may not be asked those questions directly, but those questions will be asked someone that knows them. This writer received a letter the other day from a chairman of a school board, who resides in

The remains of Mrs. Wm. J. Bryan were interred in Arlington cemetery at Washington, D. C., by the side of the grave of her distinguished husband, a few days ago. She died in California several weeks ago, while visiting in the home of her daughter.

another county, asking about a teacher who resides in this county, and among the many questions that were asked, here are two of them. "Is that teacher a Christian? Does that teacher go to church?" Now young people, this may be silly to you, but if you stop and think for one moment, it won't be.

If I were not concerned about young people I certainly would not take time and space to write the above lines. I would not go into their places of business and give them a special invitation to worship with us. But I am interested in their welfare. I think we have one of the best groups of young people to be found anywhere. They are much better than some of our old "nestors" who are always criticising them. The thing that I am trying to do is to get them to see their opportunities, not only for the development of mind and body, but also for the development of Christian character. And young folk, the best place on earth to develop Christian character is at the church.

The pastor announced that services would begin at 7:45 p. m., but some think that too late at the present time, so we will begin during this month at our regular time, 7:30 p. m. We are going to begin on time as we usually do, and get out on time.

Just for a change, all you fellows that have not been going to church, try it out next Sunday.

G. C. IVINS, Pastor.

Constipation Troubles

"I HAVE used Black-Draught as a family medicine for a good many years," says Mrs. Sallie Laugh-run, of Hunt-dale, N. C. "I have found it an excellent remedy for constipation and the troubles that follow it. I have suffered frequently from gas pains, and when I am bothered that way I begin at once to take Black-Draught. Relief follows quickly. I give Black-Draught to the children when they are constipated, and it is not long until they are running around again."

Thousands of others have reported good results from the use of this purely vegetable medicine. Insist on the genuine Thedford's Black-Draught for CONSTIPATION, INDIGESTION, BILIOUSNESS. WOMEN who need a tonic should take CARDUI. Used over 50 years and still the same.

War Time Wounds Healed, Martial Note Pleases

EDWARD NELL, JR.

The beauty of the music, a sweet-to-mild face, the easy ways of other days. That's the beauty of the music, a sweet-to-mild face, the easy ways of other days. That's the beauty of the music, a sweet-to-mild face, the easy ways of other days.

Audiences Again Want Pageantry of Mars, Say Producers

New York City.—"The war time wounds are healed, and Americans are once again clamoring for the pageantry of Mars. The lure of gold braid, bright colors and martial tunes, again supplies the great stage thrills." So say producers, who keep their fingers on the pulse of the nation's emotion. They base their conclusions upon the overwhelming, overnight success of the season's most striking production, "The Silver Swan," a Viennese military operetta of pre war splendor and Merry Widowish tunefulness. The operetta tells the story of a masquerading Countess and a

Viennese Captain who meet at the Silver Swan Inn. The story introduces dashing Hussars, and officers of the Emperor's Guard, in boots and spurs and colorful uniforms, set to speak of lovely ladies in crinolines and Hungarian Court Costumes. Edward Nell, Jr., who plays the dashing Captain Richard, is considered by producers as great a find as the operetta. He was born in Indianapolis, graduated from Purdue University, and came East to sing at Holy Trinity Church. His singing of the song "Cigarette" has received so much comment, that both he and the song have become Broadway's favorites. The melody of "Cigarette" carries with it the pageantry of European Court life before 1914, and gives the younger generation a picture of a magnificence that is gone forever.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Mills County, Greeting: You are hereby commanded to summon Geo. E. Gray by making publication of this Citation once in each week for four successive weeks previous to the return day here of, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the 1st Monday in May, A. D. 1930, the same being the 5th day of May, A. D. 1930, then and there to answer a petition filed in said Court on the 10th day of March, A. D. 1930, in a suit, numbered on the docket of said Court No. 2300, wherein Ethel Gray is Plaintiff, and Geo. E. Gray is Defendant, and said petition alleging:

Now comes Ethel Gray, who resides in Mills County, Texas, hereinafter called the plaintiff, complaining of Geo. E. Gray, whose place of residence is unknown, hereinafter called the defendant; plaintiff represents to the court that she is an actual bona fide inhabitant of the State of Texas, for a period of time of more than 12 months before the filing of this petition and that she has resided in Mills County six months next preceding the filing of this suit. Plaintiff alleges that on or about the 24th day of December, A. D. 1923, in Mills County, Texas, she was legally married to the defendant and that during the time she lived with defendant there was born to them two children, Adelia Gray, a girl, age 5 years, and Elmer Gray, a boy, age 4 years, and that the defendant without cause or provocation voluntarily left and abandoned the plaintiff for a period of time of three years, to wit on or about the first day of January, A. D. 1927, with the intention of permanent abandonment. The plaintiff prays the court that the defendant be cited to appear and answer this petition and upon final hearing hereof plaintiff prays for judgment against the defendant, that said marriage between the plaintiff and the defendant be dissolved and held null and void, and that she have the care and custody of the children aforesaid, and for such other and further relief that she may be justly entitled to in law or equity.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Goldthwaite, Texas, this 10th day of March, A. D. 1930. (Seal) JOHN S. CHESSER, Clerk, District Court, Mills Co. A true copy I certify.

C. D. BLEDSOE, Sheriff of Mills County. By E. O. PRIDDY, Deputy.

LOMETA

Milton McLean and Miss Alma Elliott were united in marriage last Sunday afternoon at 6:30 o'clock at the Methodist parsonage, Rev. L. C. Matthis reading the ceremony. Both Mr. and Mrs. McLean have lived in Lometa for a number of years.

At a meeting of the School Board Albert H. Conradt was re-elected to serve as superintendent of the Lometa Public School for the coming scholastic term of 1930-31, which will make his fourth consecutive year as head of the Lometa school.

Carlton Smith with five other students of Lometa High School was in a wreck early Wednesday morning when the Whippet sedan in which they were riding was turned over tearing the top off and mashing all of the fenders. The accident occurred on the highway five miles out toward the Red Bluff bridge on the San Saba road.—Reporter.

BROWNWOOD

Funeral services were held Wednesday at Del Rio for Ewell Seitz, about 45, former Brownwood citizen, who died Monday at his ranch near Del Rio. Mr. Seitz is survived by his wife and an uncle, P. M. Seitz of Brownwood.

The trial of Lloyd Champion charged in district court with robbery with firearms in connection with the robbery of the First National bank on March 13, 1929, of \$8,500, has been set by District Judge E. J. Miller for trial on April 7.

An inspection of the county jail Thursday morning failed to reveal any further clues of an attempted jail break. The inspection was made as a precaution against a recurrence of a discovery Wednesday afternoon when about 25 bolts were found filed from the cell occupied by C. A. McNeal.

In addressing the grand jury impanelled Monday morning, District Judge E. J. Miller of the 35th judicial district court especially scored the violation of state and national liquor laws. He declared that liquor violation consumed half of the court's time and that the situation could be changed with the co-operation of the court and the citizens of the country.—News.

HAMILTON

Rev. R. W. Bynum, Hamilton county Baptist missionary, is engaged in a revival meeting at Elida, New Mexico, where he was formerly pastor for three years.

The sacred beauty of home environment gave an especial charm to the scene on last Tuesday evening, March 11, when Miss Alma Blakely, daughter of Mrs. Fannie Blakely, became the bride of Bradford Dean Corrigan.

Judge P. M. Rice read the impressive marriage ritual that united in holy wedlock J. C. Stubbs and Miss Elnora H. Enger, of the Stanford Valley country, on last Wednesday morning, March 12, at eleven o'clock.

On Saturday, March 8, Mrs. C. Ising was made especially happy by the reunion in her comfortable home near McGirk of her children and grandchildren in celebration of her 71st birthday. A sumptuous dinner was partaken of and enjoyed by everyone present on this happy occasion.

At about 9:30 o'clock last Tuesday morning fire was discovered to be burning in the ceiling and roof of a room in the center of the residence of Ollie Strickland in the north-eastern part of the city. The volunteer fire company respon-

AUTOMOBILE ACCIDENTS

In the opinion of L. H. Hutcher, statistician, Wisconsin Board of Health, it is possible to operate automobiles without killing or seriously injuring anyone. Mr. Hutcher points out that carelessness, criminal indifference, drunkenness and physical defects are responsible for a large part of our serious accidents. Carelessness, indifference and drunkenness are legally punishable offenses. The fact that many motorists violate one or another of them, cause accidents and go unpunished, is a biting indictment of our traffic codes and their enforcement. Physical defects could be offset by passing of strict laws requiring periodical inspections of a motor car to determine its condition. The most tragic thing about our yearly accident toll is that it represents an unnecessary waste of life. Accidents don't "just happen." There is generally some definite cause behind them that can be removed.

ded quickly to the alarm and with the assistance of other men of the town removed the furniture from two rooms and soon had the fire extinguished. However, the flames had gained such headway as to seriously damage the roof and ceiling of the home, and smoke and water ruined the walls so that a complete renovation is necessary before the residence is again in livable order. Mr. and Mrs. Strickland had started to Fort Worth and were on the hill just beyond the stock pens on the old Hamilton-Hico road, when looking back they saw the smoke and flames forming from their home. When they reached their residence, however, the fire was under control.—Record.

AGAIN KONJOLA GIVES PROOF OF AMAZING POWER

Ten Years Of Rheumatism Are Ended When New Medicine Is Given A Chance

MRS. G. H. COLEMAN

What cheer and encouragement are to be found in the many victories of Konjola, the new and different medicine of 32 ingredients. Take, as a typical example of Konjola at work, the case of Mrs. G. H. Coleman, R. F. D. No. 3, Ft. Smith, Ark. Imagine her happiness when she was able to say:

"When I look back and think how I suffered from rheumatism and kidney trouble for ten years I can hardly believe that I am well and happy as I am today. And all this glorious change is due to Konjola. For ten years I endured awful agonies. At times the pain in my limbs was so severe that I could not get around. Every night I was up many times, and the loss of sleep and rest told on my general health. A friend urged me to try Konjola, and what good advice that proved to be. In four weeks I was without a sign of rheumatism, and my kidneys were as good as ever. No wonder Konjola is the most talked of medicine in America. It should be in every home throughout the land."

Konjola is sold in Goldthwaite at Hudson Bros. Drug Store, and by all the best druggists in all towns throughout this section.

A CARD SYSTEM

The Eagle management has adopted the plan of notifying subscribers by a card system at time their subscriptions will or have expired. This plan was made necessary by some of our friends objecting to having their names dropped from the Eagle subscription list without notice. Under the new plan, two weeks will be given between the mailing of the card and dropping the name. The card asks if the paper is wanted and it would seem reasonable that a subscriber ignoring the notice does not want the paper. It is sincerely hoped that every one receiving a card notice will at once renew their subscription. Incidentally, there is only a few more days of the special offer of the Eagle and Semi-Weekly News for \$1.75.

GERMOZONE
Keeps Chickens Healthy

GERMOZONE three times a week in the drink destroys disease germs taken in with the food or water—Keeps the crop pure and sweet—Corrects and prevents diarrheas and bowel troubles.

Talkies Drawing Many Great Actors From Legitimate Stage

GEORGE JESSEL

George Jessel Sings Famous Ballad in New Sound Picture

New York City.—George Jessel, who is retiring from what moving pictures drove us to call "the speaking stage," in favor of "the talkies," is one of those who is glad the shadow actor has been given a voice.

"Synchronized pictures," Jessel says, "have broadened the field from which screen talent may be selected. Your singing actor may be a pantomimist and able to express all that any other pantomime artist can portray, but that is only a part of his talent, a part of his expression.

"Heretofore, the singer on the screen has been an incomplete artist. He has been as handicapped as that one-armed paper hanger you hear a lot about. He has been a shadow without the substance that gave him animation."

Jessel has the highest respect for pantomime, but, he maintains, "The voice is the vitality of the actor, the life of the portrait. A pantomime performance needs a musical accompaniment as badly as passing the plate in church needs an offertory. The spoken performance is its own music."

George Jessel has never given a stage performance in which he has not sung. He is one of those people who can sing a song with his heart right out of you. With sound and shadow synchronized, the scope of the movies is widened, and a new thrill is given the audience. Jessel's first singing and talking feature production is, "Lucky Boy," a Tiffany-Stahl picture in which the star wins his audience by his singing of "My Mother's Eyes," one of the great ballads of the day.

Chevrolet announces

A NEW SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

- 1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.
- 2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.
- 3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.
- 4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.
- 5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations!

In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

Chevrolet cars range in price from \$495 up, f. o. b. factory, Flint, Michigan

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County, Greeting: **YOU ARE HEREBY COMMANDED** to summon Josie Crawford by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the 1st Monday in May, A. D. 1930, the same being the 5th day of May, A. D. 1930, then and there to answer a petition filed in said Court on the 17th day of March, A. D. 1930, in a suit, numbered on the docket of said Court No. 2302, where J. W. Crawford is Plaintiff, and Josie Crawford is Defendant, and said petition alleging:

Now comes J. W. Crawford, who resides in Mills County, Texas, hereinafter called the plaintiff, complaining of Josie Crawford whose place of residence is unknown, hereinafter called the defendant. The plaintiff represents to the court that he is an actual bona fide inhabitant of the State of Texas for a period of time of more than 12 months, before the filing of this petition, and has resided in Mills County for six months next preceding the filing of this suit. Plaintiff alleges that he was legally married to the defendant in Erath County, Texas, on or about the 20th day of December, A. D. 1887, and they continued to live together until on or about the 4th day of January, A. D. 1929, in Lubbock County, Texas, when he was forced to abandon the defendant on account of excessive cruel treatment. Defendant often cursed and abused the plaintiff and applied to him the vilest and most abhorrent epithets, without cause or provocation whatever on part of plaintiff.

Plaintiff alleges that the defendant's action and conduct toward him generally are of such nature as to render their further living together as husband and wife insupportable. Wherefore, the plaintiff prays the court that defendant be cited to answer this petition and upon final hearing hereof the plaintiff prays for judgment against the defendant dissolving the marriage relation between the plaintiff and defendant, be held null and void and for costs of suit and for such and further relief that he may be justly entitled to in law or equity.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. **GIVEN UNDER MY HAND** and the Seal of said Court, at office in Goldthwaite, Texas, this the 17th day of March, A. D. 1930. (Seal) **JOHN S. CHESSEB,** Clerk, District Court, Mills Co. A true copy, I certify. **C. D. BLEDSON,** Sheriff of Mills County.
