Lions Club Holds Very Interesting Meeting

Flower Yard Prizes Offered By Club

The Lions Club members and their wives enjoyed a banquet at the Goldthwaite Inn Monday night and it was indeed one of the most delightful entertainments of the kind ever planned for the club. The crowd was just about right for the dining room and the spread was equal to any ever prepared by Mrs. Page, which is equivalent to saying it was all that could have been desired.

Supt. E. D. Stringer of the Goldthwaite High school, who is president of the club, was in charge of the meeting and several matters of business were given attention.

A committee was appointed to formulate plans for the beautifying of home yards in the city and a decision was reached to offer three prizes; First, \$10 for the best kept flower yard and premises; second, \$5 for second best flower yard and premises; third, \$2.50 for prettiest porch boxes.

It was arranged to have a landscape gardener come here and give instructions and assistance to those interested, the service to be without cost to those who desire such assistance.

The secretary was instructed to take up with the railroad company the matter of flooring the railroad tracks at street crossings. This is done in many places and there is no reason for the street crossings here to be over the rough tracks. The opinion was expressed that the railroad would have the crossings built if the application was pressed.

Another matter to be taken up with the railroad company is the free delivery of freight in the business part of town. This matter was held in abeyance on report that the railroad company was already considering such a move.

Upon application of Prof. R. H. Mayfield, the club agreed to sponsor the boys activities of the public school, under the direction of Mr. Mayfield.

FISH SALES PROHIBITED

A law that has been enacted by the present session of the legislature, and is now in effect, prohibits the taking of fish from streams for sale. This is not far reaching in effect, for very few people in this county fish for the purpose of marketing their catch. Yet, it is well to remember that the law is to be observed.

Hold Pecan School Here Last Week

The report of the Pecan school made by O. G. H. is so complete that nothing can be added worth of interest, further than the omission of credit to Mr. Weaver, county agent, for the success of the meeting. All of the speakers gave him much praise for his untiring efforts and the benefits of the meeting, while some who had attended many meetings stated this was the best and most beneficial they had ever attended. All of this is due to the untiring work of Mr. Weaver and he may be sure the people of Mills county appreciate what he has done and what he is doing to advance every interest of this county and to bring every resource out. Mills county is proud of her farm agent and he is entitled to a good share of the credit for this county not reaching the degree of depression suffered by most of the other counties.

SELF CULTURE CLUB

Mrs. J. M. Campbell was hostess to the Self Culture club March 26. Liliacs and ferns placed in cut-glass bowls carried out an attractive color scheme of orchid and green in the beautiful living room of Mrs. Campbell's. She met her guests with that generous hospitality that always characterizes Mrs. Campbell on such occasions.

Mrs. John Berry, our president, called the club to order. Business of the club was carefully and speedily care for. A list was made of names of those who had planted trees in honor of George Washington, the father of our country. We think the club registered at least 100 per cent in planting a tree, we are pleased to call George Washington.

The meeting was turned over to the leader, Mrs. E. B. Anderson. The subject for the afternoon was American poetry since 1900. Each performed their part of the program well. During the time we were entertained by instrumental music by Mrs. Berry and Miss Ruby Lee Dickerson. We appreciated Miss Ruby Lee as a visitor, also the two associate members.

After the program we enjoyed a social hour in which our hostess, assisted by her charming daughter, Miss Vivian, served a delicious salad course.

We are looking forward to the day when this lovely home will be opened to the Self Culture club again. REPORTER.

ROMANCE OF THE REAPER

The demonstration of the McCormick-Deering reapers and the illustration of the development of grain harvesting, to be held at the Fairman company's store on Monday, April 20, is being much discussed and a large number of people will be attracted. A moving picture of the workings of the reaper's development will be presented and a model of the first reaper constructed will be shown. It is indeed a wonderful development from the first model to the perfecting machine now in operation and this will be interesting to those who are not growers of grain, as well as to farmers.

There is to be a noon lunch served to visitors and it will be a great day for all who attend. All interested parties should charge their minds with the date—April 20.

SCHOLASTIC CENSUS

The scholastic census for the Goldthwaite district shows a decrease of 28, unless some have been overlooked and are reported to the enumerator, Mrs. Bowman, or to F. P. Bowman's office in the next few days. The total is 436, as against 464 for last year. There are a few children yet to be listed, but it is not likely the last year's total will be reached.

All of the districts in the county have not yet reported to Judge Simpson, hence no authentic statement can be made as to the number in the county. It is necessary for the reports to be made in time for Judge Simpson to prepare his rolls for the state department before the close of the month, in order that the county may receive its apportionment of the school fund from the state.

INTERMEDIATE G. A.

The Intermediate G. A.'s met Monday, April 6, at the Baptist church. The G. A. planned for a sun rise breakfast for Saturday morning. The G. A. program committee also planned a program to be rendered next Monday.

Topic: They that turn many to righteousness.
Hymns—Tell Me the Old, Old Story and I Love To Tell the Story.
Prayer—By leader.
Devotional—Deacara Shaw.
Special music—Jesus Is All the World to Me—Leader.
Hymn—If Jesus Goes With Me.
What Price Missionaries?—Geneva Sparkman.
What kind of people are Missionaries?—Hope Crews.
How Missionaries tell the story—Virginia Bowman.
G. A. Hymn, followed by prayer.

CITY ELECTION

The city election was a very quiet affair, as there was no contest and the voters and citizens appreciate the services of the gentlemen now constituting the city's official family and are glad for them to retain the offices as long as they will accept them. In Tuesday's election only three aldermen were to be elected or re-elected and only 13 votes were polled. Those elected are W. P. McCullough, Joe A. Palmer and Neal Dickerson. The hold-over aldermen are S. P. Sullivan and Sam Rahl.

ART AND CIVIC CLUB

On April 2, the Art and Civic club and a few friends were delightfully entertained by Mrs. Haynes Harrison. With "Music" the subject, Mrs. Frank Bowman, the leader and balmy spring weather, all together, a pretty setting for the following program:

Music sweetening and refining—Mrs. Walter Fairman.
Duet—Mesdames Martin and Bowman.
Music appeals to all—Mrs. W. P. McCullough.
Solo—Spring Awakening—Mrs. C. A. Ecott.
Music is universal—Mrs. L. R. Conro.
Music inspiring—Mrs. Jacob Saylor.

When all was said and done, each one realized more than ever before that "Music" is the art divine. All living creatures respond to it. They sway to its rhythm. They answer its calls. It matters not whether produced by roaring oceans or murmuring brooks; whether in the tepee of the savage or the mansion of the aristocrat, in the cottage of the peasant or palace of the king; whether in heathen temple or Christian cathedral—it soothes and comforts and delights. It feeds the starving soul, pours balm into the broken heart, gives courage to the fearful, makes the weak strong. No grasping individual can ascertain sole ownership over it. No monopoly can control it. It is one of God's blessings that man cannot deny to his brother. Divine wisdom has glorified music and given it as a blessing, consolation and delight to man.

EASTER EGG HUNT

An Easter egg hunt was given at the home of Mrs. Bert Galloway Monday evening, honoring Miss Juanita Rudd, who has served so faithfully as reporter for the Little Moon G. A. She will enter the Intermediate G. A. Monday and we know she will be a faithful worker through that G. A.

About twenty-five of the G. A.'s were present Monday and all had an enjoyable time. Now let's all be present at our meeting Monday and bring up our parts.

A DAILY FREE

The Eagle has perfected arrangements whereby the Houston Daily Chronicle for forty days can be given as a premium with each subscription to the Eagle, either new or renewal. This offer is only good for a few days and can not be held open long. Just pay \$1.50 for the Eagle and get the Chronicle for forty days free. If you want the Chronicle alone for forty days the Eagle will take your subscription for fifty cents. This is just 1 1/4 cents per copy.

MUST SIGN LETTERS

A nice letter from Caradan had to go to the waste basket this week, because we didn't know who wrote it. The name of the writer will not be published, but the editor must know who does the writing. This rule is so well established it should not need repeating.

BIG VALLEY

Good Friday, beans are planted, Easter clothes have been on parade. Now spring surely will stay with us.

Mr. and Mrs. Joe Barrington visited her parents, Mr. and Mrs. Robert Long, and other relatives over the week end.

Last Saturday was trustee election. The Big Valley district elected Ben Long. His past record as trustee is endorsement enough that he will serve well.

Miss Flora Weaver entertained with a 42 party Thursday night. Easter favors suggested the season.

Miss Brim, one of our school teachers, treated the Sunday school Sunday to a pretty and impressive program, rendered by her pupils.

Lower Valley Sunday school indulged in an old time egg hunt and lunch Sunday afternoon. Then had singing in the evening.

LIVE OAK

For various and sundry reasons unknown to you and desired to be forgotten by us, we did not reach the office in time to see you last week, but if you will listen to us now we will endeavor to make up for our non-appearance.

First let me mention our trip to Lometa the fifth Sunday in March. The Bethel League was represented with fifteen of us at the Heart Of Texas Epworth League Union Meeting at the above mentioned place and time, and we are bringing the next union meeting to Bethel. It will be the fourteenth of June, and we want everybody to come to the best union meeting at the best place among the best people anywhere.

Mr. and Mrs. Jess Pearce and children of Coleman, Mrs. Virginia McGirk and daughter of Goldthwaite, and Mr. and Mrs. Will Moreland visited in the Featherston home Sunday.

Mr. and Mrs. Lee Parker, R. A. and Dick Parker, and Jack Hill returned from Nebraska early last Sunday morning. Their friends as well as their home-folks were glad to see them again.

Judge and Mrs. Roy Simpson and Mr. and Mrs. Q. U. Tomlinson attended a barbecue in Briggs Easter Sunday.

SOUTH BENNETT

There were sixteen present at Sunday school Sunday. This was not much of a crowd, but we have a good lesson with only a few.

T. J. Harrison visited in the Amos Herrington home Wednesday.

Mesdames M. L. Casbeer and Bina Ogden were visitors in the J. M. Stacy home Friday night. Amos Herrington hauled two loads of wood for T. J. Harrison Friday, while Mrs. Herrington and little daughters helped him clean his house.

The trustee election was held Saturday. Travis Griffin, Willis Hill and M. L. Casbeer are our trustees for next year.

Willis Hill and family spent Sunday at Star with Mrs. Hill's mother, Mrs. Garrett.

"Uncle Billy" Brown and wife spent Saturday night and Sunday with Dixie Webb and family.

TRUSTEE ELECTIONS

Elections were held in most of the school districts in the county last Saturday, for the selection of one or more members of the local boards and to select a member at large for the county board.

Goldthwaite Trustees Three members of the Goldthwaite board were elected Saturday. The terms of Messrs. O. H. Yarborough, A. M. Hunt and Marsh Johnson expired at this time and it was announced these gentlemen felt they had discharged their duties to the community in this particular and did not care to serve again.

Don't forget the play at the Kelley school house tonight.

Lee Berry and family, Ruby D. Benningfield, George Ballard and Arthur Bryant and family spent Saturday night and Sunday on the river fishing, down by the Ballard crossing.

Miss Leona Pass from town made an early call Monday morning in the Nickols home.

SECONDARY ROADS NEEDED

There are three million miles of roads in the United States. One hundred and twenty thousand miles are high-type main highways, 600,000 miles are stone, gravel or sand-clay. Fifty thousand miles more have been graded. And the balance is unimproved.

Only by the wisest, most cautious use of road funds can necessary secondary roads now be built without plunging communities into debt. We take a justifiable pride in the magnificent, heavy traffic, trunk highways that go here and there throughout the nation — each mile of them represents necessary expenditure of tens of thousands of dollars.

The secondary, farm-to-market road might be called the backbone of our highway system. A million dollar highway is of small use to a farmer who lives five miles away on a dirt road, or to a merchant in a village, which tourists avoid because of the ban of dangerous semi-impassable roads.

CITATION

The State of Texas To the Sheriff or any Constable of Mills County, Greeting: Oath having been made as required by law you are hereby commanded to summon Robert Brown by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Mills County, to be held in at the Court House thereof, in Goldthwaite, Texas, on the 1st Monday in May, A. D. 1931, the same being the 4th day of May, A. D. 1931, then and there to answer a petition filed in said Court on the 30th day of March, A. D. 1931, in a suit, numbered on the docket of said Court No. 2331, wherein Juanita Brown is plaintiff and Robert Brown is defendant, and said petition alleging:

Now comes Juanita Brown, who resides in Mills County, Texas, hereinafter called the plaintiff, complaining of Robert Brown, whose place of residence is unknown, hereinafter called the defendant, and for cause of action the plaintiff represents to the court that she is an actual bona fide inhabitant of the State of Texas, for a period of time of twelve months, and that she has resided in Mills County, Texas, six months next preceding the filing of this suit, and that on or about the 25th day of June, A. D. 1928, plaintiff was legally married to the defendant in Mills County, Texas, and continued to live with the defendant until on or about the 14th day of February, 1929, he left the plaintiff voluntarily. She was kind and affectionate towards her husband, and the defendant disregarding his marriage vow, began a course of unkind harsh treatment and would at several different times curse and abuse the plaintiff and called her the most opprobrious epithets and names and never supported plaintiff and called her vile names with a course of unkind, studied vexation; harsh, cruel treatment of which renders the plaintiff from ever living with defendant insupportable.

That the plaintiff is desirous of having said marriage between herself and defendant dissolved and declared null and void by a decree of this court, wherefore, the plaintiff prays the court that defendant be cited to appear and answer this petition, and that said marriage between plaintiff and defendant be dissolved and declared null and void, and that plaintiff be restored to her maiden name, Juanita Tyson, and for judgment for costs of suit and for such other and further relief special and general in law or equity, as in the premises she may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Goldthwaite, Texas, this 30th day of March, A. D. 1931. (Seal) JOHN S. CHESSER, Clerk, District Court, Mills Co. A true copy I certify. C. MAN'S BEST FRIENDS

Those who maliciously run over and kill or maim dogs in the streets or on the highway, thinking they have thereby performed quite laughable acts, evidently do not think of dogs as did the late Senator Vest of Missouri, who eulogized the dog in these words:

"The best friend a man has in this world may turn against him and become his enemy. His son and daughter that he has reared with loving care may become ungrateful. Those who are nearest to us, those whom we trust with our happiness and good name, may become traitors to their faith. The money that a man has he may lose. It flies away from him when he may need it most. Man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees and do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our heads. The one absolutely unselfish friend a man may have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous, is his dog."

Take a look at the Eagle's new clubbing rates. Perhaps you will find a combination that just suits you.

Use CERESAN Dust Treatment for Seed Cotton

CERESAN seed treatment prevents cotton seed from rotting in cold, wet soil, protects young seedlings against damping-off, makes early planting safer and produces a good stand of healthy plants and a setting of bolls well in advance of heavy weevil infestation.

Ceresan increases yields On one South Carolina farm, Ceresan seed treatment increased the yield by 190 pounds per acre. In two tests conducted by the Mississippi Experiment Station, Ceresan (K-1-B) produced a yield increase of fifty-one pounds and sixty-four pounds per acre.

Rev. E. P. McNiel departed Saturday morning on No. 91 for Merkel, where he held services Sunday.

The Waco good will tourist party of business men passed through Mullin Wednesday morning on a special train en route home from San Angelo. They stopped here a short while representatives of Mullin citizens and the train was met by representative business men.

Mr. and Mrs. Jeff Johnson and daughter, Mrs. Henry Wilson, of Eldorado, visited Henry Williams and T. W. Cryer and their families the past week. Mr. and Mrs. Johnson and family lived out in the Duran community for many years. It was our loss and Eldorado's gain when they decided to hunt greener fields and balmy breezes. They are well pleased in their present location, but enjoy coming back to see their old friends. They were accompanied by Jean Jackson, a former Mullin boy, a son of Rev. F. M. Jackson, who was reared here by his grand parents, Mr. and Mrs. Epley.

Mrs. Fern Harris went to Goldthwaite Saturday and Mr. Harris accompanied her out to the home of Mr. and Mrs. Chas. Ashton and spent the week end. Mr. Harris has a good position with the Ford company in Goldthwaite. Mrs. Harris marketed about two hundred and fifty turkeys last fall at the top price of 23½¢ per pound. She now over 400 turkey eggs setting and hopes to do even better this year. It is quite interesting to hear her discuss the turkey business and the success she and her mother, Mrs. Ashton, has made in that line. Mrs. Ashton has been on the sick list for some time, but improving now. Mr. Harris comes home each week end and watches the turkeys grow. Their many spring lambs show a growth from week to week.

Mrs. L. L. Wilson and Mrs. S. J. Casey spent Thursday in Brownwood.

Mr. and Mrs. O. M. Murphy of Lamasa visited old friends here Wednesday.

J. E. Wright of McGregor is spending a few days on his ranch this week.

Mr. and Mrs. R. C. Duren and Mrs. Ella Lawson visited a Brownwood dentist Tuesday.

Mrs. S. F. Williams of Abilene is visiting her daughter, Mrs. W. W. Tippen, of Lometa.

W. C. Hancock has bought the Texaco filling station. He plans to make many improvements and would appreciate the trade of the public.

Friends received news here from Lometa that Miss Norma Sue Tippen won second place in girls' senior declamation at the Lampasas County Meet and Forrest Wade Tippen won first in music and picture memory and in junior boys' declamation and they will both go to George town to the district Meet the latter part of the week.

A number of the readers will be interested in the news of Rev. F. P. Bishop of Miles and Rev. F. M. Jackson of Sinton, exchanging places recently. Rev. F. P. Bishop had been at Miles for several years. The exchange was made on account of the health of Rev. Jackson. These are both former pastors of this place and will be kindly remembered by many old friends.

Mrs. H. S. McCoy has received the news of Mrs. Randolph Whitley being hurt in a car wreck last week. She was en route from Hawthorne, Cal., to Needles, Cal. The car turned over about ten miles out of Needles and game Mrs. Whitley a very severe shock and a number of bruises and she was reported not serious at the hospital, where Mrs. Whitley and her niece were both carried from the wreck.

Mr. and Mrs. R. H. Patterson visited in the home of Mr. and Mrs. Charlie Ashton at Ridge Sunday afternoon.

Dr. Richard Burgess has accepted a position in the Kings Daughters hospital at Temple. His work will begin as soon as he graduates in June from the Medical college in Dallas and he will remain in Temple for at least one year. Dr. Burgess is a former Mullin boy.

C. L. Summy and son, Tyson, have gone on an eastern trip in hopes they will find work or an opening.

Miss Bettye Gene Mosier arrived at the residence of Mr. and Mrs. Luther Mosier at 3:30 a. m., Easter morning. She tipped the beam at nine pound. Her first present was a lovely basket filled with Easter eggs. She has decided to make this her permanent home.

Mr. and Mrs. H. S. Casey, and Mary Sue and Robert Casey of Brownwood visited here Sunday and at Goldthwaite. Mrs. J. S. Chesser returned home with them for a visit.

Mr. and Mrs. E. L. Burkett and children, Mrs. J. L. Burkett, Misses Birdie and Blanche Burkett and Dimples Beshears, Arch Hodges and family visited Dan Goodwin and family in Blanket Sunday.

I. McCurry, Barney McCurry, Aaron Kittle and Tom Wallace, have gone to Regency to repair the bridge on the Colorado river between San Saba and Brownwood.

Mr. and Mrs. Fred Pafford and pretty little daughter of the J. E. Wright ranch, Jess Wilkins and family of Brownwood visited in the home of Mr. and Mrs. O. H. Pafford Sunday.

THE GOLDTHWAITE EAGLE

Mr. and Mrs. L. E. Miller spent Easter Sunday with relatives in Austin.

H. M. McNutt of Trigger Mountain looked after business in the city Saturday.

Mrs. Laura Sullivan returned Friday from an extended visit with relatives in Dallas.

C. S. Welch of Center City was one of the progressive farmers who had business in the city last week end.

Taylor's Bakery has installed some new and attractive fixtures, which add materially to the appearance of the place.

Mrs. Annie Little spent Easter Sunday with her daughter, Miss Garetta, who is a student in the State University in Austin.

Hon. Phil H. Clements, door-keeper for the house of representatives at Austin, spent Sunday in Goldthwaite with relatives.

The Eagle appreciates orders for job printing and guarantees the work as well as price.

Representative Homer C. De Wolfe was here from Austin, last week end, visiting his family and looking after professional business.

Robert Rice, who was a practicing attorney in Goldthwaite a good many years ago, was here Saturday and called to see the Eagle. He is now practicing his profession in San Antonio.

Mrs. Marvin Atnip and son, William Ledbetter, and Wayne Atnip of Dallas spent the week end here with relatives. The two young men are students in Southern Methodist University.

Richard Slaek and wife came over from Abilene Friday afternoon to spend a few days with relatives. He recently suffered a severe spell of flu, followed by pneumonia, but is recuperating nicely.

William Glenn Yarborough, who is a student in the state University at Austin and occupies a part of his time in the employ of the railroad commission, spent last week end with his home folk here and friends in Brownwood.

BAPTIST CHURCH

The superintendent said last Sunday that he wanted to see three hundred in Sunday school next Sunday. When he made that announcement he had no idea of seeing that many, but we don't have to have but 27 more than last Sunday to have that number. What are you Baptists going to do about it? Do we have to put on home-coming day in order to get you to come? Do we have to have some sensational features to our program to get some of you to come? The answer is NO. We all are going next Sunday, if health and weather conditions are suitable. We will just show Mr. Toland that it is not impossible to have that number. It will take all hands at work. Let's do our utmost.

We have learned a new definition of the word "tantalyze." The person that does the best he can to do right and attend to his own business, treating his fellowman right, will soon have to leave his place of abode. Since the gentleman gave me that definition we have wondered how many of us will have to leave Goldthwaite. Many of our words have become obsolete, so we should think that it is all right to put new meaning on some of them.

We have always believed that what was good for the layman is good for the preacher. So we took a little "spin" with Mr. and Mrs. Jim Cockrum last Sunday afternoon, going over to his ranch looking after cows, sheep, goats and rocks. He seems to have a good supply of all. We had a most delightful time with these people and if our church finances begin to run low we will take goats, sheep and cows, and we already know where to begin. During this little trip we opened fourteen gates and everyone of them had Prock McCullough's name on them. That goes to show that this firm is doing business and a little increase in church finances should be forthcoming.

We motored over to Moline Sunday night and spoke for the

pastor, Rev. J. T. Sparkman. We had a splendid crowd and preached a mighty good sermon. These people love their pastor and a splendid work is being accomplished. We asked people to raise their hands that read the Eagle, not so many hands went up, as that place is in Lampasas county. We urged all of them to take this paper so they can keep up with the best town in this section. We are not so large, but we have a fine citizenship and here is the place that your dollar will buy more. Just try it.

There has always been a little difference in the Methodists and Baptists as to falling from grace and backsliding. The difference was demonstrated last week. Mark Fairman, who is a Methodist, climbed an oil tank and about the time he reached the top he fell, causing him severe pain, as well as confining him to his bed for several days. Had he been a Baptist he would have just slid off that tank and would not have been any the worse off because of his experience. But a Methodist told us one time that they had always believed in falling from grace and practiced it.

Begin right now to think about going to church Sunday. It will take some of you until Sunday morning nine o'clock to make up your minds. Everybody go to Sunday school and church Sunday.

G. C. IVINS, Pastor.

FIRE RESPONSIBILITY

The one great obstacle to fire prevention is the virtual refusal of the individual to realize his personal responsibility in regard to the common hazards that exist, to a greater or lesser degree, in almost every home and business establishment.

Perhaps the most tragic phase of fire is that it is practically wholly unnecessary. Eighty per cent or more of fires—including many of those which cause the greatest waste in both life and property—could have been prevented by the exercise of care and the sort of knowledge that is expounded during the annual Fire Prevention Week and which can be easily obtained from various private organizations, or from local fire authorities in any community.

The citizen who disregards fire risks might be termed the "unconscious arsonists," and his name is legion. It is his home that burns, or his factory. But the entire community pays for it, in the loss of taxes on destroyed property, in higher insurance rates, in lost employment or business opportunity. Fire prevention is largely a personal matter—but fire waste is of importance to the entire nation. There has never been a fire, no matter how small, that did not do its part to prevent progress.

In certain European countries the owner of property where fire originates is responsible for damage done to the property of others. We will probably never have such a law in America, nor is it generally wanted, but it would be a good thing if we reflected on the principle it exemplifies.

An Unpleasant Subject

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from

Mr. and Mrs. Sterling of Lometa, died in Lometa Sunday morning at 8:18 from injuries he sustained in an automobile accident Saturday night.

The Brownwood police department continued its raid on sections of the city in an effort to stamp out the violations of the prohibition law. Last Saturday night they conducted three raids and secured a large quantity of liquor and arrested three parties.

The fire department was called out early Friday morning in answer to a call to the city pest house, located near the old sewer disposal plant. At the time of the fire the house was occupied by Frank Leaton and a man was acting as his nurse. Leaton was carried to safety by the man, but the house was totally destroyed.

HAMILTON

Monday afternoon between four and four o'clock a twister dropped from the sky and hit a small section of the Shive community, principal damage to the property of J. L. Beard and the property of Sim Weir.

Weldon Freeman, who lives a few miles west of Gateshead Sunday, March 22, result of burns sustained, the family home and all contents were destroyed by fire in the morning. An accident occurred when she was in the kitchen with kerosene.

of the most important of practically new industries in Hamilton county is the cultivation of the pecan, and attention to profitable marketing of the product. The industry is gaining each year, and a greater effort being made toward pecan culture than ever before in the history of the section of the state.

Interscholastic Meet, in Lampasas last Friday Saturday, attracted a large audience. Not only were the students of many schools there, but a few of the parents and school authorities attended.

SAN SABA

In the neighborhood of 2,000 head of sheep and mutton are being shipped from San Saba ranches this week.

The grocery stores of town are announcing this week that they close for the spring and summer season at 6:30 each day except Saturday.

Last Saturday Maurice Hoover and Miss Allie Smith announced that they had been married since November 28, 1929. These two popular young people are of San Saba and Bend. Miss Allie graduated from San Saba Hi in May, '29 and young Hoover recently graduated at mid-term.

A perfectly good peach, plum and apricot crop in this county went glimmering with the blizzard which swept down over this state last Friday. It is a strange coincidence that the coldest weather of the whole winter should come six days after the advent of spring. The thermometer at San Saba registered as low as 24 degrees.

Through W. E. Egger, deputy game warden, a shipment of quail, the Old Mexico Bob White, was received. They were shipped on requests of Drs. Taylor and Farley, ex-sheriff Hugh Miller and W. A. Smith. They were distributed and released at the ranches of A. E. Petty, W. H. Hinyard, John Oliver and Hugh Miller.

BROWNWOOD

Fire practically destroyed the radio of Fred Buske Friday night at 9:30 when a short in the wiring ignited the machine. A portion of the wall was burned with a damage of about \$20.

The Brownwood police department continued its raid on sections of the city in an effort to stamp out the violations of the prohibition law. Last Saturday night they conducted three raids and secured a large quantity of liquor and arrested three parties.

The fire department was called out early Friday morning in answer to a call to the city pest house, located near the old sewer disposal plant. At the time of the fire the house was occupied by Frank Leaton and a man was acting as his nurse. Leaton was carried to safety by the man, but the house was totally destroyed.

L. L. Brown and C. H. Stuart, who are working on Highway No. 7 near Zephyr, escaped with slight injuries last Thursday, when a charge of dynamite exploded prematurely and peppered them with a rain of small rock and gravel. The men were standing too close to the charge, it was stated as the cause of the accident.

In a beautiful setting of southern smilax, palms and baskets of Easter lilies, Miss Lenavieve Weatherby, daughter of Mr. and Mrs. E. J. Weatherby, was married to Walter W. Nelson, Jr., son of Rev. W. W. Nelson, of Little Rock, Ark., on Thursday evening at the Central Methodist church. The groom's father officiated in the wedding service.

AND IT STILL RISES

During 1930 fire losses were appreciably greater than in 1929. And, if the present trend continues, 1931 will register another large advance.

At a time when business depression and unemployment are two paramount issues the tragedy of fire becomes more than ordinarily apparent. We can build another structure to replace the one ruined—but we cannot compensate for lost opportunity, for lost jobs, for lost business. Every fire amounts to throwing a wrench into the wheels of progress.

The United States has proven itself to be particularly callous to fire. It listens to the lesson of fire prevention and observes a "Fire Prevention Week"—then continues to countenance hazards that lead to disaster. One wonders how many billions in property values and how many thousands of lives will be destroyed in the future before we as citizens, do the little things that go to the petty expense, that would make fire prevention a reality instead of a hope.

HIGHWAY LEGISLATION

A changed attitude was noticeable in recent state legislation for governing automobile operation.

Apparently the lessons of the past—which have cost us thousands of lives—have had some effect. There is a trend, not toward overly restrictive and hence unenforceable laws, but toward moderate measures. The so-called model traffic ordinance, which does away with a stipulated speed limit and substitutes "reckless driving"—thereby giving traffic officers greater leeway in preventing recklessness—has been adopted in a number of states, and endorsed by safety organizations.

Compulsory liability insurance laws were conspicuous by their absence. Even the financial responsibility laws, by which a driver is forced to provide evidence of his ability to pay for damage he may cause in the future after he has had one accident, do not seem to have received much public support. In contrast, measures designed to provide strict examination for drivers, that would weed out the incompetent and mentally and physically unfit, received wide attention. Many safety authorities are of the opinion that the adoption of such a law would mark the greatest single step forward in automobile accident prevention.

All in all, we are justified in having hope that the highway accident menace is being curbed. But it should be remembered that legislation, no matter how wise, can only touch the surface of the problem. The important thing is for every driver to realize his responsibility for the lives and property of others. When motorists, as a body, accept that responsibility, the highways will be safe.

HISTORY REPEATS ITSELF

Writing of the colonization of Virginia in 1613, John Marshall said: "Heretofore, no separate property had been acquired, and no individual had labored for himself. The lands had been held, cleared, and cultivated in common, and their produce carried into a common granary. Industry, deprived of its due reward, felt no sufficient stimulus to exertion, and the public supplies were generally inadequate to the public necessities. To remove this cause of perpetual scarcity, Sir Thomas Dale divided a considerable portion of land into lots of three acres, and granted one of them in full property to each individual. Industry, impelled by the certainty of recompense, advanced with rapid strides; and the inhabitants were no longer in fear of wanting bread, either for themselves, or for the emigrants from England."

Now a press dispatch from Russia, where the common ownership system has been in effect, says: "A new proposal to emphasize the dictum of 'only those who work may eat' was presented today to the all-union congress. Under the new scheme the commissariat of ag-

FALL'S APPEAL DENIED

The appeal of Albert B. Fall, former Interior Secretary, from a sentence of a year in jail and a \$100,000 fine for accepting an oil bribe, was denied Monday by the District of Columbia Court of Appeals. At the same time the court affirmed the conviction of Harry M. Blackmer, former official of the Midwest Refining Company, who was fined \$60,000 for contempt of court in refusing to return from France to testify for the Government in the celebrated oil trials of Fall and Harry F. Sinclair, a wealthy oil man.

Agriculture said the most difficult question—equalization of labor—was expected to be answered by introduction of the 'piece work' system in more than 85,000 collectives. The standard of wages will be fixed in either money or commodities so the man who works hard will receive more than the man who does not.

The moral is that economic laws are fixed and unchangeable. Even the country, which is carrying on the greatest socialistic experiment in history cannot do away with the urge, which has been a part of human nature since the dawn of civilization to reap the reward of one's own industry and ability.

Like Coffee . . . the best Gasoline is Blended

THE sun beams cheerfully through an eastern window. The subtle fragrance of the morning coffee adds zest to the morning air, advance notice of the joy to come as you give the "cup test" to the coffee blend of your choice. Coffee roasting is important, of course, but the most skillful roaster cannot make a popular coffee from just one type of coffee bean. The coffee connoisseur would not deign to drink coffee made from a single type of bean. Neither should the thoughtful motorist allow an unblended gasoline to go into his fuel tank. Gasoline must be blended if it is to possess all the vital properties contained in the three types of gasoline.

CONOCO Gasoline is blended, just as carefully as the finest coffee. In CONOCO blended gasoline you'll find: Natural Gasoline, for quick starting; Straight-run Gasoline, for power and long mileage; Cracked Gasoline, for its anti-knock qualities. Motorists are fast learning that this is so. The result is a fast increasing group of gasoline connoisseurs who have added to their knowledge of the good things of life the fact that good gasoline must be blended. The CONOCO Red Triangle marks the spots where CONOCO Blended Gasoline may be found. Try it today.
