Rev. DuBose Speaks To Athletes

Rev. Doug DuBose was speaker at the meeting of Fellowship of Christian Athletes Thursday night. Present for the meeting were approximately 30 people. Don Long presided at the meeting.

The Fellowship of Christian Athletes meets every Thursday night at 7:45 in the field house at Muleshoe High School. It is an organization for athletes of all sports. Its purpose is to promote Christian principals and ideals within a non-demonstrational framework.

Dennis Burrows Passes State Bar Exam

Dennis R. Burrows received notification from The Supreme Court of Texas last week that he had passed the 1973 Texas Bar Exam with a grade point of 85.

He is a 1966 Muleshoe High School graduate, received his undergraduate degree in Economics from Texas Tech in 1970 and graduated from the Texas Tech School of Law in May 1973.

Burrows is the son of Mr. and Mrs. Olan N. Burrows of Muleshoe and is married to the former Jane Branscum of Muleshoe.

He is associated with the law firm of Wagonseller and Cobb in Lubbock, where they are making their home.

ALMOST . . . Ronnie Parker, 45, almost had this interception in the football game Friday night against the Friona Chiefs, but dropped it. The Muleshoe Mules stomped the Chiefs at Friona 27-6, for their second straight win of the season. Earlier in the season Muleshoe dropped their first game to Dimmitt, but beat Olton last week. Pictured also in number 75 Jerry Hodge for the Mules. Parker ran for 41 yards during the game in nine attempts. David Wheat rushed for 190 yards and scored two touchdowns. Don Long rushed for 82 yards and for two touchdowns. The Mule's next opponent will be Littlefield next Friday night at Littlefield.

Internal Operation Of County Offices

By Judge Glen Williams

Two bouts with the "flu", in which we momentarily came out second best, has caused an extended delay in the preparation of this article, for which we are sorry. But we are back at work now, and will, hopefully, remain on schedule from here on.

Through the years Bailey County has had an active Constable in Commissioner's Precinct 1. But in 1972 Constables were elected in Precincts 2 and 3 also. So we now have three - Bill Russell, Precinct 1, John Thomson, Precinct 2, and W.E. Young, Precinct 3. Until recently all the town of Muleshoe was in Precinct 1, but that was changed when the precinct boundaries were redefined by the Commissioners Court. This change may have contributed to the election of the additional constables.

Constables are general law enforcement officers, with duties similar to those of the Sheriff. They work under their own supervision, and are responsible only to the people. Even though constables are elected by the people of their precinct, and the precinct basically constitutes the area of their jurisdiction, they have authority to file complaints elsewhere in the county, to make arrests anywhere in the county, and to serve the processes of court, both criminal and civil, anywhere in the county. They have authority to serve processes from Courts other

Police Report

The Bailey County Law Enforcement Center logged several arrests over the past few days.

The Police Department arrested two for aggravated assault; two for driving while license suspended, five for being drunk; one for no drivers license.

The Texas Highway Patrol arrested three aliens and one for no drivers license.

The Sheriff's Office arrested one for DWI, one for felony theft; one sleeper; and one for worthless checks.

Farmers Union Will Hold Annual Meeting

The annual meeting of the Bailey County Farmers Union will be held in Muleshoe at the Farmers Union Insurance Agency building, 306 W. 2nd, on Tuesday, September 25, 1973 at 8 p.m.

This meeting is held for the purpose of electing officers and directors for the coming year and electing delegates to the Texas Farmers Union State Convention to be held in Lubbock in early December.

Policy resolutions will be considered for adoption and submitted to the state program drafting committee as recommendations for state policy.

County President Nolan H. Harlan of Bala will serve as Chairman at the annual meeting.

Post Office Offers Stamps By Mail

Postmaster Spencer Beavers has announced that a new "Stamps By Mail" service will be offered in the Muleshoe area, beginning later this month.

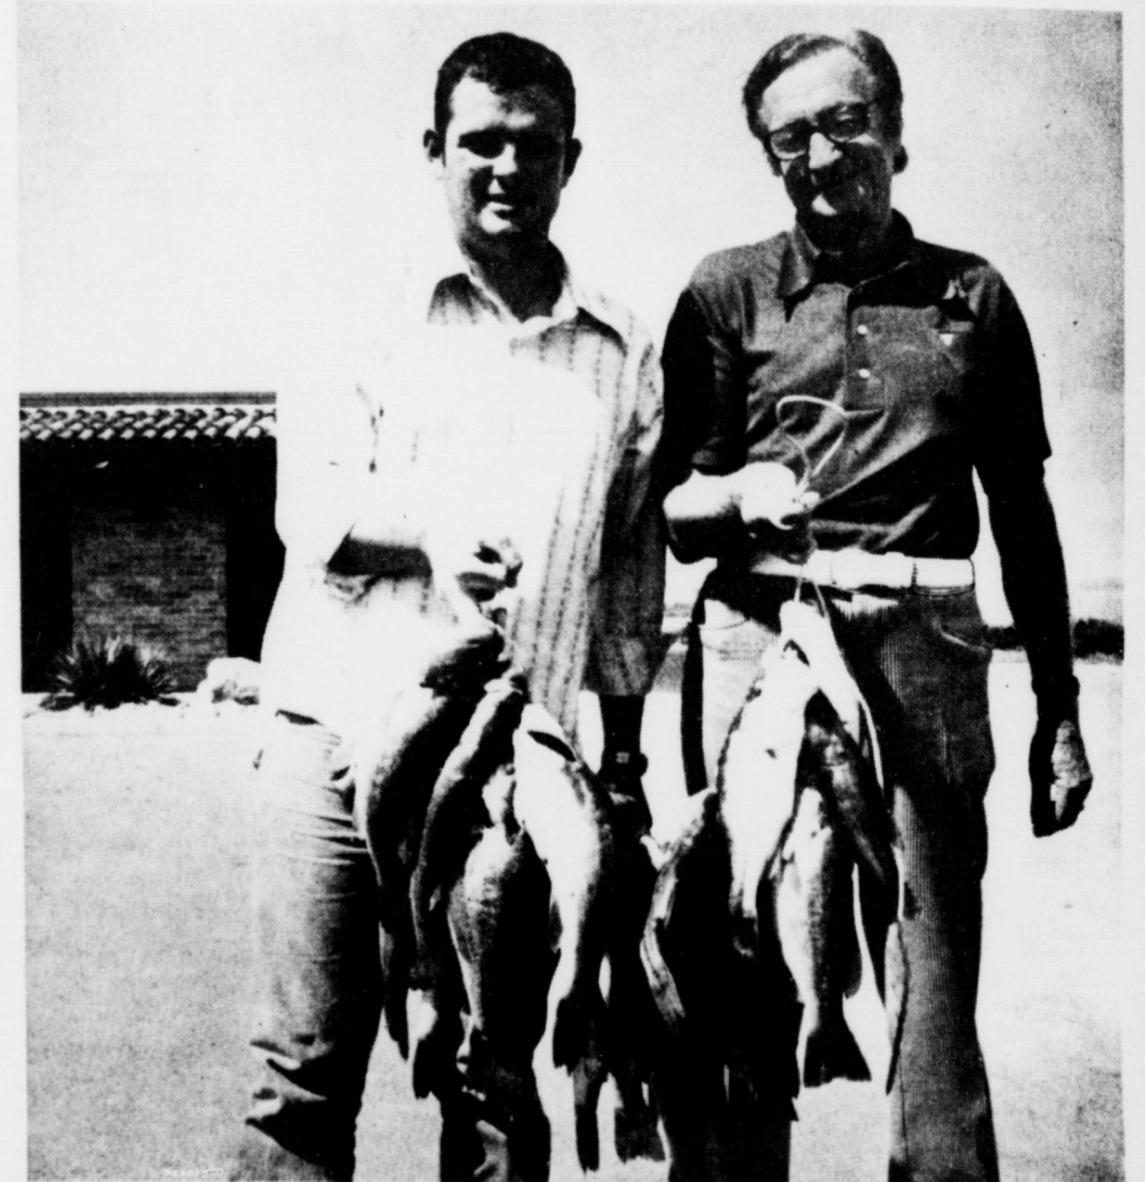

According to Postmaster Beavers, this new service will permit customers to purchase stamps and stamped envelopes through the mail using a personal check or money order.

The Postmaster noted that "This service will be of great benefit to all our customers and especially the shut-ins, the elderly and working wives. It will enable them to satisfy their postal needs simply, rapidly and inexpensively from their homes." Leaflets spelling out the details of the service will be distributed to area house-

holds and small businesses during the next few weeks.

"This new service has been tested in selected cities nationwide with very positive results," said Postmaster Beavers. "One of our customers in a test city wrote 'I am very happy about this service, as many of us older people can't get around the way we would like. We really appreciate this new service.' Obviously we are pleased to provide a service which means so much to people like this senior citizen."

A 1 cent fee will be charged to defray the cost of two-way postage, internal processing of checks and other costs associated with this new service.

FISHING Mike King, left, of General Electric Co., and N.L. Johnson of Johnson Furniture in Muleshoe fished recently at Lake Amistad near Del Rio. On September 17, the group caught 24 bass weighing a total of 43 pounds and eight ounces. It was reported that they used top water lures and purple worms with green tails. Johnson and King were with a group of G.E. dealers.

The Lion Club's earnings from this sale will be used for eye glasses and youth activities.

A Road By Any Other Name Rides The Same

From The Austin American-Statesman

There is more truth than poetry to that golden oldie: "The sun has riz, the sun has set and here we is in Texas yet!"

No tall Texas tale is it that the Lone Star has more miles of highway than any other state in the union. It is a "fer-piece from here to there" and auto travel across or around the state can become mighty monotonous.

One way to break the monotony of highway travel is to collect names one sees along the way. Those boastful, ethnic, sly, happy, nonsensical, gritty, obscure names which dot the map.

But a word of warning: if you take up this hobby you may be lured into places you did not intend to go. Could you resist exploring Nameless Road if you were driving in the Hill Country north of Austin?

Or Sunshine Road in San Angelo? Battle Lake Road near Waco? Shallow Field Road in Wichita Falls and, not far away, Bacon Switch Road?

New Braunfels has its Paradise Alley. Marlin has its Democrat Street. Do the Republicans get equal street signs?

Texans have been especially descriptive in naming their creeks. Damn Creek, Tee Pee Creek, Rough Creek, Horse Pen Creek, Privilege Creek, Contrabando Creek, Boggy Creek, Isle du Bois Creek, Running Water Creek. And, best of all, Dry Creek.

How do I love these names? Let me count the ways: Four-Mile Draw, Five-Mile Mesa, Six-Mile Draw, Ninepoint Mesa, Ten-Mile Draw, Seven Hundred Springs.

Places conjure vivid images. Possum Kingdom Lake, World's End Ranch, Balcones Escarpment, Illusion Lake, Love Field, Lost Lake, Goodenough Springs, Cave Without a Name, Fort Phantom Hill, Coffee Mill Lake, Monument Hill State Park, Squaw Mountain.

If you become a connoisseur of Texas names you normally will be content to add a new one to your collection and let your fancy create an image of what is at the end of the arrow. Occasionally, however, a sign with an arrow pointing that-away will lure you off your appointed course.

Squaw Mountain is such a sign, between Jacksboro and Wichita Falls. I have passed that sign for years, always wondering if, as I had heard, there was only a country church down the road apiece. On the day I finally succumbed to the pointing arrow I did not find a church or anything vaguely resembling a mountain, squaw-shaped or otherwise. But I did find a rare beautifully constructed and well-preserved rock fence which was worth the detour.

Some lovely names have faded from the map, alas, Bug-suffle, Beaver Switch (now Electrica), Nesterville (Burkburnett), Hogeys (Elgin), Truheart Monahans, Goosecreek.

The best of the names are Texas towns. Many, unincorporated wide places in the road. Some, ghostly remnants of once thriving settlements.

Tennessee Colony, Old Glory, Art Fate, Era, String Prairie, Startown, Round Timber, Levelland, Magic City, Eulogy, Blanket, Birthright, Welfare, Nursery, Earth, New Deal.

It is fun to put the names of Texas into categories.

There are feelings and emotions to define. Jolly, Energy, Happy, Comfort, Humble, Joy, Devine, Grit, Unity, Coy City, Noble Petty, Moody, Cross, Security, Sunny Side, Independence, Welcome.

There are things to do. Hunt, Wink, Bend, Ponder, Sample, Grow, Blossom Space, Speaks, Tow, Slide, Draw, Rule, Prosper, Point, Price, Dodge, Converse, Edge, Deal, Spar, Troup.

Want to describe something? Pick a town, Early, Flat, May, Pointblank, Gunsight, Pioneer, Best, Blessing, Cost, Groom, Peerless, Zephyr, Liberty, Fair Play, Thrift, Close City, Novice.

Need travel directions? In Texas you do not have to travel Pharr to Seymour (the Devil's Backbone made me say that), Loop, Circle Eack, Progress, Cross Cut, Wayside, Junction, Halfway, Longview, Slocum Direct, Midway, Needmore (gas, oil, "Cokes") Highway, Meridan, Crossroads, Shallow Water, Lost (which is easy to get).

If you are a nature lover, you will find birds and beasts aplenty, Marlin, Lobo, Antelope, Cat Creek, Cat Spring, Turkey, Tuna Deer Park, Buffalo, Angus, Peacock, Crow,

Salm-n, Hereford, Quail, Falcon.

There are pantry sounding names. Flour Bluff, Noodle, Honey Grove, Bean's Place, Salt Gap, Soda, Oatmeal Rice, Chocolate Creek, Sugar Land, Graham, Rye-grain bread, whisky or tussy?

Texas names make a full cornucopia. Orange, Apple Spring, Grapevine, Cherry Springs, Pecan Gap, Plum Walnut Springs, Oxa, Pear Valley, Berry Creek, Potato Hill.

Whether the weather Dew, Frost, or Rainbow?

The week is half complete, Monday, Thursday and Friday. There also is Holiday, and a Valentine.

Plus lots of materials and natural resources. Concrete, Iron, Mountain, Carbon, Satin, Cotton Gin, Sand, Ore City, Coppermine Ranch Silverton, Gasoline, Marble Falls, Pearl, Goldsmith Coke, Chalk, Grante Mountain, Inks Lake.

Texans search for perfection with their names. Utopia, Eden, Jericho, Venus, Cathedral Park Elysian Fields, Justice burg, Avalon, Eldorado, Paradise.

And the other direction is well represented, too. Cain City, Purgatory Creek, Sierra Diablo, Pandora, San Rogue Creek, Devil's River, Big Satan Creek, Chisos (ghost) Mountain, Hell's Half Acre.

The Sans, Els, Deses, Lases and Loses are indelible reminders of Texas' Spanish and Mexican heritage. But other ethnic groups left their marks, too. Frydek, Saint Hedwig, Malakoff, Windthorst, Bosque County.

There is Indian sign all over the state. Cherokee, Co-

manche, Seminole, Pawnee, Lake Kickapoo, Waco, Wichita Falls, Caddo Lake.

Texans also borrowed names from faraway places. Paris, London, Holland, Naples, Cart-hage, Dublin, Nazareth, Scotland, Manchester, Egypt, Florence, Odessa, Italy, Riviera, China.

And some from not so far away. San Diego, Reno, Boston, Los Angeles, Cleveland, West Point, Omaha, Atlanta, Miami, New Salem, Toronto, Portland Albany, Santa Monica, Newark, Nevada.

There are famous names. Bronte (as in Charlotte), Ben Franklin, Gail in Borden County (for milkman Gail Borden Jr.), Roosevelt (Teddy), Langtry (Lillie), Tarzan.

And anonymous people, Twin Sisters, Lone Woman and Lone Man mountains, Sisterdale, Personville, Fairy.

Like slang? Panhandle, Nix, Kool Loco, Ace, Lark, Colors? Black Flat, Brownwood, Red River White Rock Lake, Grayback, Blanco River. There are variations on the mes, Sunray, Sunset, Sundown,

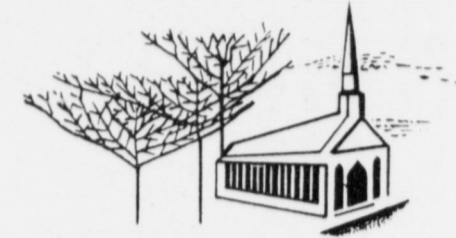

Tell, Telegraph, Telephone, Call and Call Junction, Goodland, Goorich, Goodnight, Star, Rising Star, Lone Star.

But Texas has no lone stars in the name department. If Stephen Vincent Benet fell in love with American names, Texas would have blown his mind. The poet wanted his heart buried at Wounded Knee but with all the recent trouble there, he might have preferred Muleshoe, Texas.

IMMEDIATE EMBARGO
The Nixon Administration has imposed an embargo on soybeans and cottonseed and their products. It is an immediate effort to increase the supply of feed grains and bring down the cost of food.

An investment in Your Future

ATTEND CHURCH

"For where your treasure is, there will your heart be also"

The Church Building

This is only a building, but it is a special building for it is the worship place for God's people. It is a place where one may go to study and hear God's word preached.

"... faith cometh by hearing, and hearing by the word of God."

If there are unanswered questions in your mind... go... seek... and find God in his house

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

not given any equipment. The meager salaries paid does not justify full devotion to the job, so their opportunities for service are limited.

On the other hand, there is much that might be done in the way of serving citations, subpoenas, and other papers, posting notices, contacting people on law violations, transporting patients to State Hospitals, and running other errands. Services of this type might lighten the load on other officers, or even reduce the number of other officers needed. However, constables are not subject to orders from the Sheriff, or any other official, so the work would have to be carefully coordinated on a voluntary basis.

These are not suggestions - but thoughts - for the public mind to consider - some of the merits and demerits - problems and possibilities - related to the office of Constable. Sooner or later judgments must be made as to whether the office should be made functional, or be discontinued. At the present time we have three good men in office as Constables, but they have little opportunity to be of service. However they work with other officers, and do the best they can.

"When the case shall be, I will do that which is proper for a judge to do, and nothing more." Thus spoke a prominent jurist of old. With this worthy thought we come to a discussion of the offices of Justice of the Peace, and County Judge.

To sit in judgment over the affairs of other men - to receive pleas of guilt or innocence, fix bond penalties, assess fines or jail sentences - these are tremendous responsibilities, and are not to be taken lightly. As one defendant said, "The Judge sure was free with my time and money." Recently we were asked: "Judge, when a person is before you, and you are assessing a fine, or sentencing him to jail, do you ALWAYS know you are right?" To this we replied: "In fourteen years of trying cases, hundreds and thousands of them, we have NEVER known we were right - not in ONE SINGLE INSTANCE," and we explained: "We have TRIED to be right, but all one can do is consider the nature of the offense, the law applicable to the case, the extent of damage

This is perhaps the experience of judges of all courts - from the most humble to the highest.

Judges should consider matters in a professional sense, with emotional detachment, so their decisions are not influenced by personal considerations.

when some type of legal action might arise that would prove embarrassing.

The work of these offices, however, involves more, much more, than the trial of court cases.

The Justice of the Peace is Judge of the Justice Court, the Small Claims Court, and is Veteran's Service Officer. Morris Nowlin presently serves in that capacity. He is also employed by the City as Judge of the Corporation Court. The latter position pertains to City matters only and will therefore not be discussed here.

As Veteran's Service Officer, he helps Veterans obtain benefits and services to which they are entitled. And he transports disabled Veterans to Veteran's Hospitals for treatment. It is an honor to serve in the armed services of the United States, and to wear the Ameri-

can uniform. Millions of boys and girls - men and women - have given of their time to preserve the freedoms that we all hold dear. Therefore it is quite fitting and proper that benefits should be extended them.

Thus, since the close of World War Two, Bailey County has continuously provided a service officer to assist them. Pensions, widows pensions, insurance payments, hospitalization, veteran's loans, and such services are invaluable. They not only bring hundreds of thousands of dollars into the County, but save veterans and their families hundreds of thousands more, reduce suffering among them, and in general serve them well. The Veteran's Service keeps with these things. In order to properly serve in this capacity it is necessary for him to attend seminars, and

stay abreast of new developments and procedures.

The Justice of the Peace must accept complaints in many types of cases, traffic violations, misdemeanors and felonies. He must issue warrants, hold preliminary hearings, set bonds, and try cases. Proceedings relative to Driver's License Suspension are tried before him, as are forcible entry and detainer cases. He tries certain civil cases. He holds inquests, serves as coroner, and files death certificates. He performs marriage ceremonies, counsels with folks in trouble, and renders many other services.

Church Rite Unite Pair

Miss Denese McCurry and Lyndon Clark Findley pledged marriage vows Thursday evening, August 23, in the sanctuary of the First Baptist Church in Littlefield. Rev. A.J. Keanemer officiated in the double ring ceremony.

Parents of the couple are Mr. and Mrs. Dallas McCruy and Mr. and Mrs. Weldon Findley all of Littlefield. The bride is the granddaughter of Mrs. Minnie Redwine of Muleshoe.

The altar of the church was centered with an arch of pink and purple asters and greenery, flanked by spiral candelabras holding pink and purple taper. English ivy and baby's breath, complemented by pink and purple ribboned asters, trailed from the rostrum rail and marked the altar area. Musical selections of "The Wedding Song" and "All My Life" were sung by David Barton with Mrs. A.J. Keanemer as accompanist on the organ and Miss Pam Huber at the piano.

Presented in marriage by her father, the bride was attired in a Juliet style gown of white a la mode accented with Bordeaux lace which was hand beaded by the bride. The jeweled lace bodice featured a wedding band neckline edged in Venice lace loops. Latern sleeves were gathered to lace caps and cuffs, also edged in Venice lace loops. The softly shirred skirt was encircled with a wide flounce attached with a jeweled lace border edged in bobbin lace. Her chapel length veil was specially designed by the bride and her mother. Her bouffant veiling, which was sprinkled with bejeweled flowerlets, swept in twin panels from a Juliet capulet, sprinkled with beaded lace flowers. She carried a tapered bouquet of pink and purple asters entwined with simlax and placed atop a white Bible which was a childhood gift for the bride's maternal grandmother.

For something old the bride wore a gold wedding band belonging to her paternal grandmother. Something new was her gown, something borrowed was a handkerchief which her mother had carried at her wedding, and for something blue she wore the traditional blue garter. In her shoes were pennies minted in the years of the birthdates of the couple.

Mrs. Harlen Gilley was the matron of honor and Connie Redwine of Muleshoe a cousin

of the bride, was the maid of honor. Bridesmaids were Miss Sherry Boatman of Lubbock and Miss Vickie Redwine of Muleshoe, two other cousins of the bride. The matron of honor wore a light pink formal length gown featuring short puffed sleeves and low rounded neckline. The maid of honor and bridesmaids wore formal length gowns of purple, fashioned similar to the matron of honor's. The moulded empire bodices of their gowns were emphasized deep purple asters and the other attendants carried bouquets of pink aster.

The flower girls were Miss Gary McCarty of Littlefield and Miss Shelly Boatman of Lubbock. They wore gowns of pink angle skin satin fashioned similar to the bride's gown.

Ringbearer was Michael Findley of El Paso, and candlelighters were Danny McCurry of Littlefield and Terri Lynette Findley of El Paso.

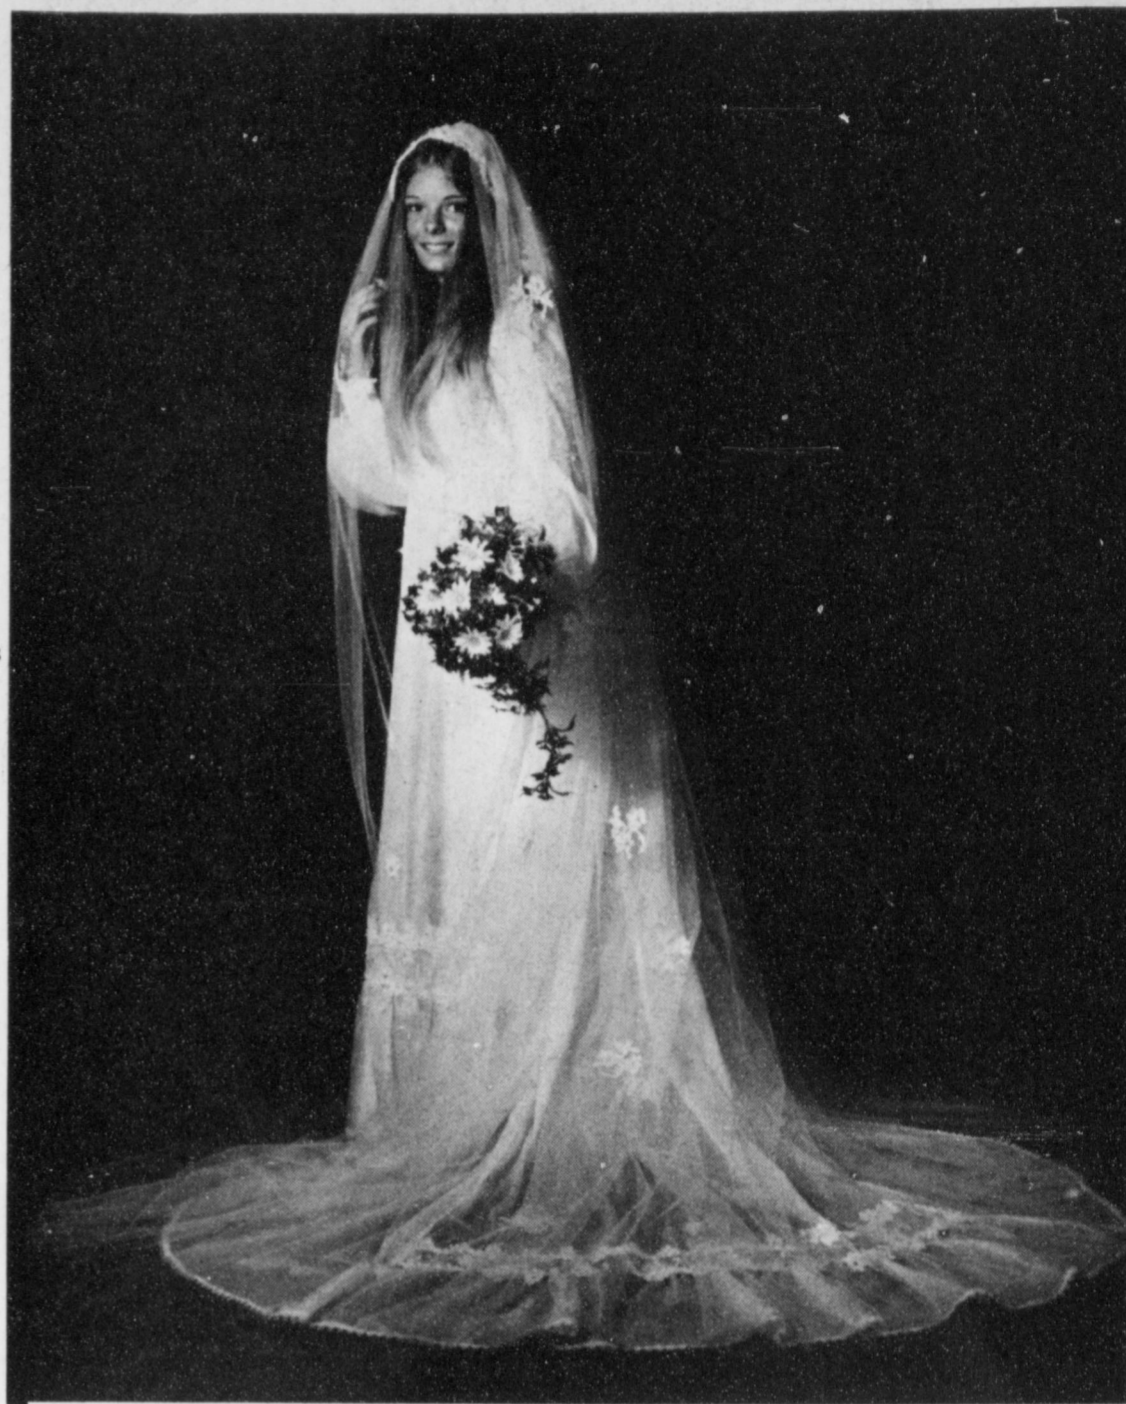

Weldon Findley Jr. of El Paso served his brother as best man. Groomsmen were Johnny Reese, Danny Harrell and Curtis Timmons. Serving as ushers were Randal Clark and Eddie McCurry, all of Littlefield.

Following the wedding ceremony, guests attended as reception in the parlor of the church. The reception table featured a white alencon lace runner, embroidered with pearls. The memory candle served as a centerpiece for the table. The three-tiered Lady Windemere wedding cake towered over a quadrangle of smaller cakes frosted in white and decorated with purple sugar rosettes from which cascaded sprays of smaller rosettes to encircle the cakes.

Serving the guests from crystal and silver appointments were Miss Annette Henry, Miss Debbie Sorley, Mrs. Jan Ford and Miss Betye Sanderson.

For their wedding trip to points in New Mexico, the bride wore a knit suit which featured a white halter top, purple and white street length skirt and contrasting blazer style sleeveless vest. Following their wedding trip the couple will be at home at 1619 Avenue Y in Lubbock.

Out-of-town guests were registered from Lubbock, Sudan, Albuquerque, N.M., Muleshoe, Sunday, Quitaque, Midland and Hereford.

LUBBOCK -- Good buying sense begins with buying knowledge. This and related topics on consumer decision making will be the center of discussion at a one-day seminar sponsored by the Texas Agricultural Extension Service and the South Plains Development Women's Task Force Thursday, September 27.

The event will be held at the Texas Tech University Center Coronado Room. Mrs. Hazel Schoenberg, associate director of the Good Housekeeping Bureau headquartered in New York, will be one of the noted speakers for the occasion.

According to Mrs. Tom Box, chairman of the SPD Women's Task Force and Mrs. Catherine B. After a welcome by Mrs. Box and an overview of the Women's Task Force by Mrs. Crawford, Mrs. Schoenberg will outline "Consumer Decision in a World of Inflation." Pat Bradshaw, Extension specialist in Housing and Home Furnishing from College Station, will end the morning session with a discussion on how to "Buy a House, Not A Nightmare."

Recently the Journalism class voted for their Student Council Senator, Ricky Mata was elected.

Coaches

With three games of the season behind the Mules, some lack of experience in key spots has been removed. The first three games were tough, but the rest are expected to be even tougher, especially when the Mules enter district play.

Muleshoe has lost some experienced players through sickness and injuries but some very dedicated young men have stepped up to take their places and they are expected to have very fine seasons.

The team has worked hard but realizes it must work harder to get ready for the upcoming non-district and district games. With your backing the Mules should have a very successful season.

There were some new faces on the varsity this week. Larry Richardson at split-end and Robert Shafer at left guard, both sophomores, were expected at press time to see action against the Friona chiefs.

Freshman Class Holds Meeting

by Patty Pena
On Monday, September 10, the freshman class met during orientation in the High School cafeteria. The new sponsors this year for the Freshman Class are Mr. Bizzel, the new biology teacher, and Mrs. Pena, an English teacher. The main purpose of this meeting was to elect the officers and to go over some of the activities for the coming year. The new president for this year is Robert Brown. Other officers are Vice-President Ricky Norton and Treasurer Patty Pena. Activities discussed included plans for the Halloween Carnival and Hall Decorating. Everybody was then urged to pay their class dues of \$2.00. Unfortunately, their time was limited and they were unable to finish electing officers, but another meeting is scheduled in the near future.

Band Sells Magazines

The Muleshoe High School Band will begin its annual magazine sale on September 20. In the past this has been a great money-making project, and hopefully this year will be the best yet.

The money from these sales is used for the end of the year competition Band contest. The Band members work hard for this trip all year. If you wish to buy a magazine, please contact a Mighty 'M' Band member; and when a Band student calls on you, if at all possible, support the band and buy a magazine subscription.

Posters Everywhere

This week the Varsity Cheerleaders passed around to the orientation classes poster materials. This is a new idea and it is hoped that it will help all students to get involved in the activities at MHS. The finished posters were placed in the halls on Wednesday. This added much to the spirit and also to the hall decorations. Through participation, students have more interest in the activities of Muleshoe High School.

The Consumer Alert

by John L. Hill
Attorney General

AUSTIN -- As prices keep spiraling upward, the hapless consumer is having such a hard time stretching the dollar as far as his or her needs demand that most of them are looking for every available budget expander.

It is a difficult, and time-consuming, pursuit, because most people are parttime buyers, whereas the retailers whom they buy are full time sellers. And at this point in our economy, the merchants--who also are consumers--are complaining that they, too, are having a hard time making ends meet.

The consumers' search for bargains and the merchant's desire for new customers have resulted in some unique retailing systems, such as the old fashioned cooperative, and the "membership" purchasing plan.

In most cases, membership retailing seems to be working to the satisfaction of both member-buyers and member-merchants. Under this type of Program, a group of people affiliated through employment, fraternal organization, credit union or other mutual bond, arrange to patronize certain retailers in exchange for a set discount.

The consumer club issues identification cards to its members, and publicizes the participating merchants' products among its membership in exchange for the discount privilege.

The buyer can benefit through reduced costs, and the seller has the chance to gain a new market.

But the Consumer Protection Division of the Attorney General's office has received complaints which indicate that some so-called purchaser clubs are operating solely to the benefit of the operators.

The complaints usually have centered on schemes in which salesmen are recruited to sell discount membership cards, after making a personal monetary investment in the plan, and are promised large commissions in return.

The salesman's job is to call on merchants and talk them into buying lots of the cards, and getting their own customers to

buy into the plan. The merchants allegedly are told that they not only will increase their clientele, but they will be paid a commission on each membership they sell. And, we are told, the merchants are promised the bonus of free advertising in exchange for their participation.

The consumer, who may be asked to pay as much as \$40 or \$50 to belong to the "club," is promised large discounts and "huge annual savings."

When this sort of plan is not operated properly, our consumer protection division receives complaints from every participant--the salesmen, the merchants and the consumers. Merchants have charged that

they did not receive their commissions, and or did not reap any advertising benefits. Salesmen have complained of failing to receive commissions. And consumers have stated that the discounts they received were miniscule in comparison to what they had been promised.

Some of these cases are under investigation by this office. Others ceased the deceptive practices when informed of the complaints. In the case of one club card, a Dallas trial court enjoined the operator from making any fraudulent misrepresentations about its services.

One of the problems noted by the court in that case was that the defendant promoted tours, and required cash advances for them, but frequently cancelled the tours--while the would be travelers were at the airport for anticipated departures. Some members complained that they could not get refunds, but the firm went into bankruptcy and their money cannot be recovered.

The prudent consumer always should examine every offer to be certain that it not only is a real bargain, but with an eye to determining whether it is a producer or service of actual use to that individual.

LUBBOCK, Friday, September 14, 1973.

To control or not to control cotton exports is still one of the hotter issues in Washington and in the cotton industry. Mills continue to stomp for a "system of export licensing," while producers remain firmly opposed to any form of government tampering with foreign sales.

The Texas Association of Cotton Producer Organizations (TACPO), following a meeting in Dallas September 10, wrote to Secretary of Agriculture Earl Butz saying "Export controls on cotton are in no way justified or advisable." The TACPO letter in large part echoed a "position paper" previously submitted to the Secretary by Lubbock-based Plains Cotton Growers, Inc....

Both the Lubbock group and the state wide organization commended the Secretary for

his strong and articulate denunciation of control advocates. TACPO said "Your public statements against export restrictions have been and continue to be a great and valuable service to this country."

Mills, primarily through the American Textile Manufacturers Institute, maintain that the supply-price situation is unlikely to improve without government action and contend that "increasing prices will have an adverse effect on the cotton industry, textile manufacturers and the general public."

On the other side of the question producer groups such as PCG and TACPO warn that export controls would destroy producer confidence in market prices, halt the current strong prices, halt the current strong upward trend in production and therefore per-

petuate rather than alleviate the supply situation. "The institution of export restrictions would be an attempt to treat symptoms, not causes, and any relief for any segment of the industry that might result therefrom would be temporary at best and in the long run injurious to all," the TACPO letter stated.

Senator Herman Talmadge, a democrat from Georgia where both textile manufacturing and agriculture are important to the economy, and Chairman of the Senate Agriculture Committee, on September 10 also called on the Secretary of Agriculture to institute a cotton export licensing program and strengthen the Commodity Exchange Authority in order to stop "runaway" prices for raw cotton.

"Should the Senator pursue this course to the point of introducing legislation in the Senate," says Donald Johnson, Executive Vice President of PCG and Secretary-Treasurer of TACPO, "the danger of government tampering with our foreign cotton markets would be greatly enhanced. So we are doing all we can and working with other producer groups across the belt to get Senator

Talmadge to reconsider his position."

A copy of TACPO's letter to the Secretary was sent to each member of the Texas delegation in Washington, exhorting each to "actively oppose export restrictions of any kind".

The Texas delegation, the Secretary of Agriculture, Senator Talmadge and other Washington officials are also being supplied with all available facts and figures to refute the claim that export controls or "licensing" is needed, Johnson said.

Fashion

Cashmere is a status symbol again although it is even more expensive than it was ten years ago. Matching pull overs and cardigans are seen in all the shops.

The A-line skirt is good and every college girl should have a jacket to wear over various garments.

Hats and berets are popular.

Library News

by Anne Camp

Visitors to the library this month are in for a double treat. We have as artist of the month, a painting by Mattie Hicks, then we also have on display a hand-painted lamp done by Erald Gross, who told us she would like to know of others who would like to take china-painting as a hobby. Along with the lamp on display we have books--"Painting China for Pleasure and Profit" and "Old Lamps and New-Restoring and Decorating" both by Ruth Little. These books have detailed instructions and patterns.

Plans are being made to start the fall storyhours at the library the first week in October. These will be held for all preschool age children of the area on the first and third Wednesday mornings. Other storyhours will be held on alternating Wednesdays when the Goodwill Kindergarten will be guests. The Muleshoe Young Homemakers have volunteered to help, and we hope to have Llano-Estacado Civic Club members helping also. This is a very useful public service, and one that the children really enjoy.

This would be a good time for other clubs or organizations to plan to have a Library program. The meeting room is available at all times for any educational, cultural, or civic program. Some events that could be sponsored by a club or organization are: Book Reviews (the library can get a good speaker); Travel films--(More and more people are traveling--these make very interesting programs); Study groups--(paper-back books may be ordered for this); Health films and many others that would benefit or be enjoyable to the public. Arrangements should be made in advance by calling the library. Now that we have a beautiful building it's maximum potential use should be made.

Remember too we reserve a section of the bulletin board for public announcements.

All men are endowed with brain capacity but few of them have the necessary will power to use what they have.
