## EVANGELIST COMING

Evangelist Noble E. Berryhill

## Nazarene Church

Evangelist Noble E. Berryhill of Cisco, Texas, will begin a revival at the local Church of the Nazarene, Sunday, February 13. Rev. Mr. Berryhill is an Ex-Marine having served his country on land and sea in 1927-29, in the Nicaragua Expedition Force in Nicaragua, where Uncle Sam's Devil Dogs, fought General Augusto San Dico and his rebels. He weaves into his Gospel messages thrilling adventures of Marine life that has won for him the title "The Fighting Marine Evangelist."

Rev. Berryhill was converted on the streets in San Francisco, California, kneeling at the curb with the Salvation Army workers praying for him. After his conversion he joined the M. E. Church and was a very successful evangelist and pastor with this church before coming to the Nazarene Church. You will enjoy hearing him give his life story.

The music will be in charge of the pastor and wife and you are urged to come and join the choir and help us sing. A splendid childrens "Boosters Choir" will be organized and we want the children to come early and get started the first week. Bring your friends and join us in prayer for a revival in Goldthwaite.

## The Passing of A Heroine

Some days ago the daily press brought to me the sad news of the passing of our dear friend, Mrs. Eli Fairman. This indeed was sad news to this household. We weep with the relatives of this good woman.

She was among my first acquaintances when I came to Texas more than thirty years ago and since that time I have always held her as one of my dearest friends.

In many things she was an outstanding character. I think of her as a woman of fine common sense. She never reached hasty conclusion. In all things she weighed all the evidence made up her mind, and was not easily shaken from these conclusions.

She was a woman of sterling character, once having set her mind to the righteousness of a cause, she never varied from that conclusion.

She never knew how to surrender before a difficult proposition. Had she lived in the days of the founding of this America she would have been one of the distinguished pioneers.

She was loyal to any cause that she espoused. Her loyalty to her children, her friends, the church was well known to all who enjoyed her acquaintance. She would have gone to the stake for her friends her family or any cause that was a matter of conscience. The world is poorer that she is gone.

To her memory I pay tribute of my affections and my tears.

## REV. SWANNER CALLED TO PADUCAH, TEXAS

A letter to The Eagle from Rev. F. E. Swanner announces that he has been unanimously called to the Baptist Church in Paducah, Texas. He also states that he will finish his work at Goldthwaite on Saturday, February 19.

## Trades Day Set For Last Monday

The last Monday of each month was decided upon as Trades Day for Goldthwaite at a meeting of business men at the Melba theatre Wednesday afternoon. A committee was named to work out the details of the plan. Opinion is general that a Trades Day will prove helpful to the merchants as well as a service to the consumers of this territory.

## Mullin to Hold Spring Fair

Teachers, Clubs, Leaders and Citizens of Mullin will offer a County-Wide Spring Fair, March 4 and 5. A complete catalogue and announcement will be ready next week. Attractive premiums will be paid on livestock classes, poultry, agricultural products, canned products, art and textile departments.

A special feature of the fair will be the 4-H and FFA boy's calf show.

A full project show will be offered for the boy's organization. Club boys will have a livestock and grain judging contest.

On Friday night a county wide Club rally will be staged at the new auditorium now nearing completion.

Substantial premiums will be offered on Rams and Billies. This is an opportunity to have a successful ram and billie show.

Watch these columns for further details concerning the show.

## Federal Building Formally Given For State Fairs

A brief ceremony Monday formally ended the United States Government's participation in the two expositions held in Dallas during 1936-37 and gave the State Fair Association another building for its annual shows that will be resumed this fall on the largest scale in history.

Cullen F. Thomas, United States Commissioner General for the two expositions, presented 142 keys to the \$325,000 building to Park Board President Jim Dan Sullivan. A few representatives of the city and Federal Governments and of the State Fair Association were present.

Major W. L. Bartley also presented Mr. Sullivan with a master key to the Federal Building as a last token of the Government's appreciation for co-operation shown during the exposition.

Mr. Thomas said a final report on the Government's participation in the expositions will be prepared within ninety days for submission to Congress.

## Baptist Reminder

Rev. King of Rising Star will occupy the pulpit at the Baptist Church here Sunday.

Our time of meeting is: Sunday School, 10; church services, 11; BTU, 6:00; church services, 7:00. You are always welcome at the Baptist Church. We try to make everyone feel at home.

## Air Mail Schedule Changed Monday

Due to a change in the Creamer bus schedule last Monday, the bus mail for Comanche and Fort Worth now leaves the Goldthwaite post office at 11:15 a. m. instead of at 3:30 p. m. as formerly. The mail now reaches Fort Worth about 5 P. M. and makes connection with all mail traps and planes out of there. Letters posted in the office here up to 11 a. m. will be dispatched on this mail. Special delivery letters for Dallas and Fort Worth will be delivered the same evening, and air mail letters can be delivered to practically any air mail stop in the United States the following morning.

The regular train mail still closes at the post office at 6:30 p. m. and letters can be mailed at the railroad station up to train time at 11:30 p. m.

## SEEKS RE-ELECTION

TOLBERT PATTERSON

## Tolbert Patterson Announces for Second Term as State Representative

To the voters of Mills County: I am using this means to let you know that I am a candidate for a second term as your State Representative.

Again I wish to express my sincere appreciation for your friendship and support in the past. I have put forth every effort which I possess to make you an efficient Representative. At all times I have desired and attempted to keep the best interest of the people I represented at heart. As a result of these efforts I feel that I can invite your most serious scrutiny of every vote I have cast during the 45th Legislature. I do not mean that I have not made mistakes, but I feel that upon an unbiased investigation that you will believe that my past efforts merit a second term.

I feel that with one term as a background, I will be far better prepared to make you a more efficient Representative next term than during my first term.

At this time I wish to again solicit your goodwill and friendship, and your support for a second term.

In due time I will attempt to contact every voter in my district. There are many vital questions at issue for the 46th Legislature. It will be my desire and pleasure to make a full and active campaign and discuss all current issues completely and without reserve.

Sincerely Yours,  
TOLBERT PATTERSON

## Oil Well Is Failure

We wish to take this means of extending our appreciation to the different land owners and the majority of royalty owners who co-operated in blocking up this land which made it possible for to get this test for oil.

Although the contract depth of 2000 feet has not been reached this Wednesday afternoon, there are only a few more feet of black or Ranger lime yet to be drilled.

We are sure it is a dry hole and feel sure it will be plugged by the time you see this in print. Again let us thank each and everyone who helped us in this effort and the people really don't realize what an oil well would be worth to the town and county.

## MULLIN TRI-SCHOOL DEBATE TOURNAMENT PROFITABLE AFFAIR

The Debate Tournament held at Mullin, Saturday, February 5, developed into a tri-school debate.

The three schools represented at the tournament were Cross Plains, Goldthwaite and Mullin. Six boy teams and four girl teams were represented. Cross Plains was represented with two boys teams and one girls team, Goldthwaite was represented with two boys and one girls team and Mullin was represented with two boys and two girls teams.

The honors for the meet were as evenly divided as possible. This means that all schools represented showed considerable strength in their representative teams. Cross Plains won the girls division, while Mullin won the boys division, and Goldthwaite won second place in both boys and girls divisions. In such case it is certainly appropriate to say that honors for the tournament were equally divided between the three schools.

The art of argumentation is fine training for future citizens of any democracy. When young men and young women of high school age get pleasure in argumentation, future citizens are being trained.

## BILL BUYS BILL'S CAFE

W. A. (Bill) Richards has bought back Bill's Cafe from F. S. Clark and R. P. Carter, who have moved to Llano where they are running a cafe. Bill has remodeled the place with a view to giving his patrons faster and better service than ever before. In an advertisement in this week's Eagle he invites old and new customers to call.

## MISS PATTERSON GIVEN WOMAN'S FACULTY AWARD FOR 1938

On Friday, January 28, Lou Ella Patterson was chosen to receive the \$25 scholarship offered by the Woman's Faculty Club to a worthy and deserving college girl.

Selected by a committee composed of five members of the club, Miss Patterson is affiliated with Kappa Lambda Kappa, Parnassus Club, and Alpha Chi.

Besides Miss Patterson, nineteen other girls whose grades averaged "B" or above made written applications for the scholarship, which was awarded on the basis of character and scholarship.—College Star. (San Marcos).

## Valentine Bride is Honored at Tea

The attractive home of Mrs. J. A. Hester was the setting for a lovely tea last Monday afternoon from 4 to 6, given by Mesdames J. A. Hester, A. L. Whitaker, Sparks Bigham, F. E. Martin and Jim Rudd, honoring Miss Robert Elizabeth Littlepage, whose marriage has been announced for February 14.

Assisting the hostesses in receiving were Mrs. R. V. Littlepage, mother of the honoree, Mrs. Sims, grandmother of the honoree, Mrs. S. H. Rahl, Mrs. Ferris and Mrs. Claude Saylor.

The dining table was laid with a white lace cloth over red satin the attractive center piece being a floral valentine made of violets bright red godesias, baby breath and fern, flanked by tall red tapers in silver candelabra.

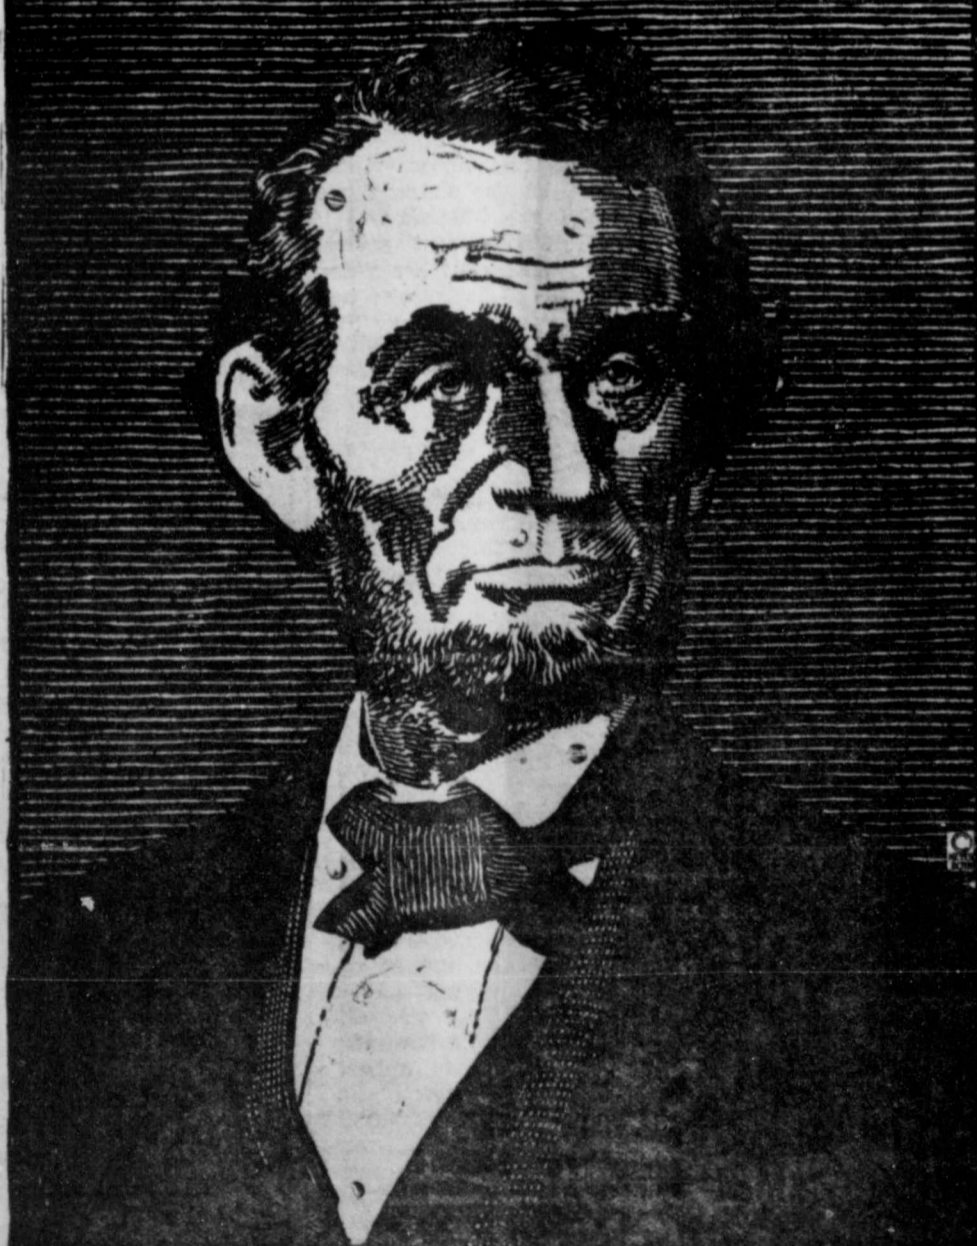

The buffet was graced by two matching candelabra between which was a red bowl filled with violets carrying out the valentine motif.

Miss Norma Sue Tippen poured coffee. Mrs. A. L. Whitaker and Mrs. Sparks Bigham assisted in the dining room.

Delicious heart-shaped sandwiches, stuffed dates and individual white cakes topped with a miniature red heart, were served by Misses Jeanette Martin, Catherine Fairman, Laura Helen Saylor and Joyce Johnson.

Mrs. F. E. Martin had charge of the program which included a vocal solo, "Indian Love Call" by Mrs. Marsh Johnson, "Venetian Love Song" and "Lassie O' Mine," by Mesdames F. P. Bowman, S. E. Cloninger and F. E. Martin. Readings were given by Miss Norma Sue Tippen and Mrs. Walters Hester.

Mrs. Jim Rudd was in charge of the guest log which held the signatures of the guests who called.

One hundred and twenty eight years ago on February twelfth there was born in Hardin County, Kentucky, a boy who was later to become an outstanding character in history, his name was Abraham Lincoln. He grew to be a man of unusual physical capabilities as well as a powerful politician and statesman.

He was the 16th president of the United States.

He distinguished himself as an opponent of the annexation of Texas and of the extension of slavery, and a supporter of the abolition of slavery in the District of Columbia.

On January 1, 1863, he issued the Emancipation Proclamation, by which more than four million slaves were set free.

He was assassinated by Wilkes Booth on April 14, 1865, while present at Ford's Theatre in Washington.

### PRIDDY SCHOOL NEWS

The basketball boys won another tournament Saturday. The trophy is very pretty. It is the sixth one they have won this year.

The Home Economics girls have started on their second half of work, which is sewing. The first year girls are studying "Child Care." At the present time the second year girls are learning how to mend and take care of clothes.

The Senior Class made good on the mid-term exams and Mr. Swindle has given us permission to go ahead with our play, which is "Pop Goes the Weasel," and it will be presented in the Priddy School Auditorium on Feb. 13.

The cast for the play follows: Ben Dorgan, a suspicious character—Recker Schultz; Jepson Crummit, a caretaker—Pete Kunke; Dolda Pearson, a kidnapped girl—Opal Hohertz; Lovice Taylor, Dolda's friend—Ida Lubke; Edgar Tuttle, Dolda's boy friend—Robert Phillips; Mattie Dinkle, an unhappy housekeeper—Marion Shepard; Henry Jarkins, a gentleman's gentleman—Mutt Ivey; Billy Thorne, a successful author—Raymond Schrank; Janet Pearson, Dolda's elder sister—Bertha Lubke; Rita Norton, "Oh my Goodness!"—Nelma Grell; Betty Ware, A competent business woman—Dorothy Shepard.

There are more mix-ups in this play than a batch of new biscuits. Laughter and surprise will greet each new situation and there is rapid action from start to finish.

When the Weasel gets busy with his ransom notes and instructions, and Billy Thorne's peace and quiet is disturbed by a ship-load of girls, Mattie goes to work with a rusty shotgun and straightens out the whole muddled affair. Romance, mystery and fun! You have a cordial invitation to see it.

I take this method of thanking Miss Ruby Cave for her kindness when I came Tuesday morning, for helping me so much with my Declamation work. I enjoyed a visit in the school very much—Dorothy Shepard.

**Muscular Rheumatic Pains**  
It takes more than "just a salve" to draw them out. It takes a "counter-irritant" like good old Musterole—soothing, warming, penetrating and helpful in drawing out the local congestion and pain when rubbed on the aching spots.

Muscular lumbago, soreness and stiffness generally yield promptly. Musterole has been used by millions for 30 years. Recommended by many doctors and nurses. 25 druggists. In three strengths: Regular Strength, Children's (mild), and Extra Strong.

**Marked Lumber...**

What does the manufacturer's name on the end of a board mean to the man who buys the board?

It means just this much—IF IT'S A GOOD BOARD THE NAME IS A GUIDE TO GOOD BOARDS; otherwise it's a WARNING.

Branded hats, shoes, canned goods, farm implements and so forth are labeled as a protection to the man or woman who buys them.

The Randolph Lumber Company believes the buyer is entitled to the same protection on boards that he has on other goods. That's the main reason why our marked lumber is branded on the end.

We have marked lumber in stock, and will be glad to show you its uniform high quality if you will step into our yard.

### Placing Shrubbery Effectively

Midwinter is a good time to set out shrubbery. The following practical suggestions by L. A. Niven in The Progressive Farmer are applicable whether the planting is being made around a home a church, or a school:

"About every building foundation planting is needed, without it the building gives the appearance of having been stuck into the picture, or like a thumb stuck through a piece of paper. Foundation shrubbery should be planted in exact rows but in more or less irregular groups. They should be reasonably close to the foundation of the house and in such position as to make it look as though the building is tied to the ground.

"The lower-growing shrubbery should be planted in front of the taller-growing and with a scattering of bulbous or annual flowers directly in front of the low-growing shrubbery. There should be grass on the remainder of the space except where shrubbery or flowers may be planted.

"Before planting shrubbery one should know how tall it normally grows. One-story houses look best with shrubs not over six feet high. Taller buildings need taller shrubbery.

"Altogether too much use has been made of coniferous evergreens in the South and too little of broadleaved evergreens. Our broadleaved evergreens make a much better showing here in the South. Abelia with its evergreen foliage and pinkish white flowers, nandina with its beautiful red berries in winter and evergreen foliage, and some of the quick-growing privets, such as Japanese privet with its large evergreen leaves, certainly make a fine appearance. The planting should not be entirely of broad-leaved evergreens, but they should be used along with a few of the coniferous evergreens and a liberal planting of such deciduous shrubs as spiraea, golden bell and weigela.

been sick. We are glad to report that Mrs. Robert is well again.

Mr. and Mrs. Bedford Kuykendall moved to town the first of the week. They have an apartment at Allen Taylor's.

Claud Smith and wife visited with Mr. and Mrs. Clyde Featherston Saturday night.

### Samuel Trowbridge Passes Away

Samuel Hayes Trowbridge died at the family home in Big Valley Sunday, January 30, after a brief illness of pneumonia.

He was born of a family of nine children of William Barlow and Adeline Harkey Trowbridge, pioneers of San Saba and Mills Counties, July 4, 1878, in San Saba. He was preceded in death by his parents and two sisters, Roxy Ollie, and Mrs. Alie Ezzell; and four brothers, Stephen, Granville, Charles and George. One brother, William, and one sister, Mrs. Sena Ezzell survive.

Mr. Sam as he was known to intimate friends spent the major part of his life in Big Valley where he has a large number of friends and acquaintances throughout the entire county who were made sad at his death.

He was of an amiable and jovial nature which endeared him to all who knew him. The welfare of his neighbors and community were always uppermost in his heart. There was no task that he was not willing to perform for his friends, or anyone in need. He loathed hypocrisy in all its forms. He loved life, enjoyed a good joke to the fullest extent, and looked upon the "sunny side" at all times.

As an honest upright man.

whose integrity was a credit to the community. The loss of a good citizen in life Mr. Sam was a loss to the community. He was a man with a faith in lines of the hymn—"When the band led up Yonder I'll be there."

### Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feeling tired, nervous, all worn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste.

Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

## PAINS

Severe functional pains of menstruation, cramping spells and jangled nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!

Thousands of women have found it helpful to take Cardul. They say it seemed to ease their pains and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.

Try Cardul. Of course if it doesn't help you, see your doctor.

## What Young People Think of Their Parents

Fathers and mothers are offered a look at themselves as their children see them in a recent series of letters from young people published in The Progressive Farmer. First there was a group of letters on "Things I Dislike Most About My Parents," an amazing revelation of the way many adults forget to use good manners and simple justice with children. In the current issue a pleasanter collection, likewise packed full of human interest, tell "What I like Best About My Parents." We quote several extracts:—

"Mother and Father treat my visitors as graciously as they treat their own. They show equal affection for us children so that none feels slighted. They let us do things for ourselves, make the most of our own decisions, and choose our own clothes."—G. F. South Carolina.

"When I have guests my mother and dad meet them but do not spend the entire time with us, for they know there are a few things we enjoy talking over among ourselves."—I. W. Texas.

"I am a boy of 16 and my parents treat me as an individual and not as something that is used around the house to cut down work and expense. My daddy gives me a share in the stock and my mother gives me a share in the poultry. They also give me money and have taught me to use it to good advantage."—G. M. Texas.

"And they trust me out of their sight. That is another thing I like about them. Girls like to have their parents trust them. Mother likes for me to have friends visit me and for me to visit my friends."—C. E. O. Oklahoma.

"My parents have always been tolerant of my ideas and permitted me to try them out if they were at all workable. When I have failed in some endeavor, as I have many times, they have not come down upon me with criticism and an I-told-you-so attitude."—G. A. Alabama.

"We just all live together and work together; there is no bossing. Everything is settled by open discussion. This is how we have a happy home."—L. S. Mississippi.

"Dad is best sport I have ever known. Never can I recall an instance when I felt that he had treated me unfairly."—E. G. Florida.

## IRRIGATION CANALS

Three thousand miles of large irrigation canals are located in the Lower Rio Grande Valley, a section of four counties which covers about 3,000 square miles. Tabulations in the Mission Times show that 700,000 acre feet of water, meaning enough to cover 700,000 acres with one foot of water, are pumped annually from the Rio Grande for irrigation purposes. The cost of this irrigation is from \$1 to \$10 per acre, depending on the amount used.

## Athen's Class Entertained

Mr. and Mrs. Lewis Gartman opened their lovely home, on Parker Street to the Athen's Class last Monday night.

Places were found for "42," where players of eight tables kept up a lively chatter until a late hour.

A refreshment plate of cherry pie topped with whipped cream, and coffee, was served to the members and guests.

President S. E. Cloninger had charge of the business session, Mrs. J. V. Cockrum urged the members to attend Sunday School regularly and invite new members.

R. E. Clements, one of our best loved members, gave two original poems and the following toast to the Athens Class: Here's to the Athens Class, So good, so strong.

May they keep up their work Ever so long. May they love each other, Just as you and as I, And all get together, In the "Sweet Bye and Bye."

The are looking forward to another invitation from the Gartman's.

## Y. W. A. Social

Mrs. L. A. Moon in her gracious manner entertained the Y. W. A. and their boy friends Tuesday night with an informal party. The Valentine motif was carried out in decorations.

After all greetings, each guest had a slip of paper pinned to his back and a pencil given him. Then everyone was instructed to write on the other slips his first opinion of those persons. Many startling characteristics were brought out as the results of this game.

Other exciting games were enjoyed by all present.

When everyone was exhausted from laughter as a result of the games, partners were obtained by matching valentines for refreshments, consisting of spiced tea, heart shaped cookies and tea sandwiches. At a late hour the guests departed, thanking the host and hostess for such an enjoyable evening. Thirty-one guests enjoyed the social.—Reporter.

## Merry Wives

The Merry Wives Club met with Mrs. Kelly Saylor on Tuesday afternoon.

Red carnations and tulips were used throughout the living room. At the close of the games Mrs. E. B. Gilliam, Jr. received high score trophy for club members and Mrs. Charles Frizzell scored high for the guests. A delicious salad course was served to the following members.

Mesdames Marvin Hodges, Raymond Little, Walter Fairman, Tom Toland, Dalbert Trent, E. B. Gilliam, Jr., and the following guests: Mesdames W. G. Saylor, Walters Hester, V. C. Bradford, A. L. Whitaker, Charles Frizzell, Sylvan Cloninger and Miss Lucille Conro.

## Art and Civic Club

Members of the Art and Civic Club enjoyed a pleasant afternoon together in the home of Mrs. V. C. Bradford on Thursday, February 3.

A subject of vital interest to everyone, namely, "Modern Education and School Methods," was thoroughly discussed, with well prepared talks being given by Mrs. W. G. Saylor and Mrs. Bradford.

At the close of the program, the hostess served delicious flapper cake, olives and tea, with a touch of the valentine motif in evidence.

## Philathea Class

The Philathea Class of the Methodist Sunday School met for a business session Monday evening with Mrs. R. M. Thompson as hostess.

The meeting was opened with a Scripture read by Mrs. J. C. Evans, president and a number of items of business were disposed of.

During the social hour several games and contests were enjoyed after which a refreshment plate was served.

Mrs. J. H. Randolph and Mrs. M. Y. Stokes, Jr., were guests.

Oats, Stock Salt, Cotton Seed Cake, Henry Stallings & Co.

## Mt. Olive 4-H Club

The Mount Olive 4-H Club met Monday evening at the Mount Olive school house. The meeting was called to order by Clyde Smith, our president and the minutes for the last meeting were read. The secretary called the roll and twenty-one of the twenty-four members were present.

Some business was discussed and the meeting was turned over to the recreation leader Lorena Hodges. We played a few interesting games and the meeting was adjourned.—Reporter.

## Older Men in Demand Resolutions

Average age of all steel workers in the United States is 38, which is two years older than the average in 1930, and out of every five steel workers two are more than 40. These disclosures by the American Iron and Steel Institute seem worth contemplating, now that there is so much talk going the rounds about fixing age limits beyond which nobody should be employed.

Furthermore, it is revealed that many of the steel workers are over 50, and still going strong. When, before the recession, the demand for steel began to recover from the low point of the depression, and working forces had to be enlarged, the first call was for experienced men, and that was only natural.

Steel workers are a little older on the average, than workers in other manufacturing interests, according to the Federal census. The increase in average age since 1930 reflects not only improved public health conditions, but also the increasingly wider use of labor-saving machines, whose operation lightens physical toil. This has made it possible to employ a somewhat larger proportion of older men.—Ohio State Journal (Columbus).

## CARD OF THANKS

We desire to express our sincere appreciation for the many acts of kindness and words of consolation during the illness and death of our wife and mother. Also for the beautiful floral offering. May God reward you abundantly. R. L. STEEN and family.

## Whereas;

In view of the great loss we the Philathea Class of the Goldthwaite Methodist S. S., have sustained by the deaths of our friends and members, Mrs. Eli Fairman and Mrs. R. L. Steen, Sr., and of the still heavier loss sustained by those who were nearest and dearest to them, be it therefore resolved by the members of the class that it is only a just tribute to the memory of these departed to say that in regretting their removal from our midst we mourn for these who were in every way worthy of our respect and regard, and whereas in former years they have been active members of the Philathea Class and in the past few years, while unable to attend regularly, they have continued to aid the class with their prayers and their financial support.

Resolved, that in our natural sorrow for the loss of these good members, we find consolation in the belief that it is well with them we mourn.

Resolved, that we sincerely condole with the families of these deceased on the dispensa-

tion with which it has pleased the Divine Providence to afflict them, and commend them for consolation to Him who orders all things for the best, and whose chastisements are meant in mercy.

Resolved, that this heart felt testimonial of our sympathy and sorrow be transmitted to the families of our departed friends as a token of our respect and veneration for the Christian characters of these good women gone to their rest.

That a copy of these resolutions be printed in the Goldthwaite Eagle, and that they be placed upon the records of our class.

YOUR family needs the protection of Servel Electrolux, the Gas or Kerosene refrigerator, NOW. Taking chances with the foods you eat is dangerous business. 70 Per cent of all sickness is caused by what you eat or drink. Food and milk spoil rapidly at kitchen temperatures. They must be kept cold! Servel Electrolux protects your family from sickness—by protecting your food from spoilage. Can you afford to take chances, when Servel Electrolux operates on as little as 2 or 3 cents a day? Protection for the price of a few sticks of gum!

This is because Servel Electrolux is a different kind of refrigerator—different from all others. Its freezing unit has no moving parts. It cannot wear. But moving parts do wear. Lose efficiency. Cost more and more to operate. Get noisy. Eventually wear out. Servel Electrolux has no moving parts. Just a tiny, silent gas flame takes the place of all that machinery. Gives you twice the ice the average family needs. Protection for meat, milk and left overs. Ice cream every day, if you like. And for 2 or 3 cents per day!

You don't "buy" a Servel Electrolux—it's an investment. A good investment, which not only pays back what you put in it, but pays a profit besides. It takes only a small part of that investment to put Servel Electrolux in your home. Why not NOW?

TOM CONNALLY WINS AGAIN

Being on the winning side as well as the right side is pretty much a habit with Texas' able senator, Tom Connally. The latest proof of his ability is his defeat in the Senate of the outrageous so-called anti-lynching bill.

Senator Connally did not condone or excuse lynching. He said in plain words: "Lynching is murder. We are against it. If the Federal government can punish one kind of murder, it may punish all kinds of murder. It may take over the enforcement of the entire criminal laws of the states. If it may control the courts and state officials in this case, it may control them in all cases. It may wipe out the governmental and judicial systems of the forty-eight states."

So for these very cogent reasons Tom Connally led the attack on the bill and was successful in deferring action upon it. In so doing he not only did the cause of States' rights a signal service. He did the Democratic party a service.

Once more Senator Tom Connally proves the high standard of his leadership.

A GREAT LITTLE WOMAN

Texas has lost one of its foremost citizens in the death last week of Mrs. Percy V. Pennybacker. For more than a half a century she has been at the forefront of progress in Texas. In school work, in woman's club work, as a lecturer and as a civic worker, Mrs. Pennybacker has made a record that will stand.

But as author of her famous history of Texas, Mrs. Pennybacker deserves the greatest praise. Her own life bridged the most romantic and adventurous era of Texas development. Countless thousands of school children have learned about Texas from her history's interesting pages.

Mrs. Pennybacker was left a widow at an early age. She had a family to support. Doubtless other women have been as needy and as courageous, but Mrs. Pennybacker had the initiative to forge ahead in a new field and to make a brilliant success therein. Her life is an inspiration to all who are left to their own resources.

BOGGED DOWN IN TAXES

Again the candidates are with us making promises of spending more and taxing less. It is about time for the long-suffering taxpayer to have an understanding with the men who are responsible for his taxes. New candidates should explain their position openly and frankly. If they are committed to the support of measures that will take more money, they should state where the money is coming from.

Candidates for re-election have a double duty to perform. They must defend their past records and must state where they stand on future tax increases.

This is a serious matter. In 1924 the cost of the state government was \$50,919,819. Last year it was \$150,000,000, nearly three times as much.

Are you, Mr. Tax Payer, getting three times as much for your tax money now as you did in 1924? If not, unless you complain, you are partly to blame.

WHO OWNS THE ROADS ANYWAY?

The way some drivers act, it appears they think the highways belong only to the drivers of the fastest cars or biggest trucks. But the farmer or other citizen with a wagon and team has just as much right on the highways, and his rights should be protected.

Of course the driver of a slow moving vehicle has no more right to the road than any one else and should not block the right-of-way. But it is the duty of other drivers to slow down if necessary and give the other fellow plenty of room. After all, the legal limit is 45 miles an hour, and it is usually the driver who is exceeding that limit who gripes about the farmer's speed.

Mental Disorders Represent Problem

Mental disorders today represent a real problem and it is estimated that more than fifty per cent of all hospital beds are filled by persons suffering from mental or nervous diseases, declares Dr. Geo. W. Cox, State Health Officer.

It thus appears that modern civilization is exacting a terrific toll. High speed living, with its cruel exactions upon nature, is responsible for a large part of the trouble. But improper personal conduct must also shoulder much of the blame. The fact is that nearly fifty per cent of the patients entering hospitals for mental disorders are there because of organic or toxic causes.

For example, general paralysis is the direct cause of one-fifth of the mental troubles in males entering hospitals and one-tenth of the disorders for all groups. This condition is an organic disease of the brain due to the germ responsible for syphilis. It is a preventable disease. Early and effective treatment of acquired syphilis will block the end results of general paralysis in the insane.

The excessive use of alcohol is responsible for a number of mental disorders, at least in males. Alcohol and syphilis combined are responsible for approximately one-fifth of the hospitalized insanities. Nevertheless, improper living habits continue to impair many brains. Insufficient sleep, neglect of bodily care and a consistent over forcing of nervous energy are the pitfalls to avoid in this connection.

Nature demands that her fundamental laws be at least reasonably observed. A constant outraging of the physiological economy takes its toll not only in bodies but in minds also. Insanities and lesser nervous disorders could be spectacularly reduced if this fact was more generally respected. Training for mental health must be started in childhood as that is the time when corrections can be made to the best advantage.

Each Store Must Pay Chain Store Tax; is new Law

SAN ANGELO, Feb.—The chain store tax won't miss a retail store operator. And it's just another tax for Texas business men to begin paying at once.

Sam W. Moffat, State tax supervisor here for the comptroller's department, was notified the first of the week to commence collecting the tax. And instead of hitting only the big boys, as has been commonly supposed, it starts with the operator of one store. This individual must pay one dollar and not only that he must secure a permit from the comptroller's department to do business. That will mean several single dollars from San Angelo and neighboring towns in West Texas.

The bill assessing the tax became a law January 15, 1938, but it was held up by injunction until recently when it was dissolved. Now three years of the tax are due and payable. That is one of the provisions of the law—the tax is payable in advance.

The provisions of the law are as follows:

- 1. Upon one store the license fee shall be one dollar.
- 2. Upon each additional store in excess of one, but not to exceed two, the license fee shall be six dollars.
- 3. Upon each additional store in excess of two, but not to exceed five the license fee shall be \$25.
- 4. Upon each additional store in excess of five, but not to exceed ten, the license fee shall be \$50.
- 5. Upon each additional store in excess of ten, but not to exceed 20, the license fee shall be \$150.
- 6. Upon each additional store in excess of 20, but not to exceed 50, the license shall be \$250.
- 7. Upon each additional store in excess of 50, the license fee shall be \$750.

As the Housing Act Went to the President

In its revised form—as the Senate finally passed it—the Federal Housing Act should stimulate the recovery processes where they have proved weakest.

That measure is designed to bring about the earnestly sought "building prosperity." The sponsors expect that almost immediately after the President shall have signed the bill—as he doubtless will—the billions in capital now lying idle for want of a safe, profitable outlet will begin flowing into constructive enterprises, particularly home-building.

All that money should be put to work in about the most profitable way it could be used—benefiting borrower, lender and the entire community. The housing measure will encourage home owning, and that will make for both economic and social stability. The man who possesses a house for his family to live in and his children to grow up in—a place that all can call home—is a better employe and a better citizen; he is likely to "stay put."

The significant provision in the revised bill is that authorizing the FHA to insure loans covering up to 90 per cent of the cost of homes valued at \$6,000 or less. That means that the family who have saved as much as 10 per cent of the cost may borrow the other 90 per cent and thus obtain a new home. As long as 25 years will be allowed for paying the remainder, at 5 per cent interest plus the loan-insurance premium.

Never before has the prospective home-owner of modest means been offered credit on such favorable terms. He now faces the opportunity of a lifetime, and should grasp it.—San Antonio Express.

Nebraska's Way

Pay-as-you-go has been required by the constitution of Nebraska since 1875. When the constitution was remade in 1920, pay-as-you-go was kept. At intervals since amendments to permit state debts have been proposed. The people said "No." And yet, says a writer for the North American Newspaper Alliance, "in the face of rising national and state public indebtedness, Nebraska today stands out as the only state with no income tax, no general sales tax and no cigarette tax, and still has no public debt." Gov. Cochran has a five-point explanation of Nebraska's success in maintaining state expenses and supporting a good program of public improvements without getting in debt:

- 1. Resistance to pressure groups seeking greater expenses.
  - 2. Constitutional and legislative limitations on spending by local subdivisions of government.
  - 3. Efficient administration.
  - 4. Avoiding new forms of taxes which usually result in additional taxes and certainly heavy administration costs.
  - 5. The pay-as-you-go plan for all state expenditures.
- Nebraska is setting a good example, and its resistance to "pressure groups" is an achievement that deserves emulation.—Detroit News.

"Personally Obnoxious"

That sturdy and rambunctious old warhorse, Senator Borah, is a perpetual thorn in the flesh of almost everybody, including his own party, but he has a habit of saying things that make excellent sense. His latest demand is that the Senate abandon its custom of rejecting nominees who are "personally obnoxious" to one senator. The practice is well and unfavorably known, particularly in Louisiana. A number of years ago, veteran lawmaker from this state made the point against a nomination which was obnoxious to practically the entire white population of New Orleans, but the Republican majority overrode him and the appointee took office. More recently, under a Democratic administration that had a huge majority in the upper chamber, a member of that party (who was an outspoken foe of the administration) blocked a local nomination on admittedly personal grounds, because the appointee had opposed his program. Senator Borah says such practice violate the spirit of the Constitution by transferring the power of rejecting a confirmation to a single senator. Sometimes, as in the first Louisiana instance cited above, such objection is overridden, but more often than not it holds. The result has been that a member of the upper branch of Congress, already possessing large powers in national affairs, holds in his own state a local veto that may be used with fine discretion or is susceptible of becoming a means to political satrap.—New Orleans Times-Picayune.

### San Saba

Monday morning in fitting formal ceremony the regular members of the Armadillo football squad were presented with their new suede jackets and letters, Supt. Campbell making the presentation at the high school. Five building projects totaling \$16,000 on here. Two new business structures and three new homes now under contract.

Lee Stewart, veteran San Saba fur trapper, reported to the News Tuesday the result of his 60-day trapping season to date, which showed 108 pelts, taken in his 30 traps on the John Campbell-Huts Owen ranch, four miles south town.

Geo. Austin Cooke, son of Mr. and Mrs. James Rudolph Cooke, of Goldthwaite, won the Mills County Stork derby as the first child born in Mills County in 1938. The Derby was sponsored by the Goldthwaite Eagle and the merchants of Goldthwaite. The infant was given many valuable gifts by the merchants and paper.

Mrs. H. H. Taylor arrived from Uvalde last week end for a visit in her home here, with her daughter and family, Mr. and Mrs. Cecil B. Smith and Caroline, until Thursday when she expects to return to Uvalde to be with her sister, Mrs. Ella DuBose, who is ill.

Editor E. C. Lowe, of the Lometa Reporter, was in San Saba Monday shaking hands with old friends here and visiting with the News folks.

Editor Lowe who has been publishing the Lometa Reporter for the past thirty years, is seriously

thinking of coming out for State Representative from this district, composed of Lampasas, San Saba and McCullough Counties and is on the verge of throwing his hat into the ring. "This section of the district has had no Representative in the State Legislature for years and Lampasas and San Saba Counties have a lot in common," Mr. Lowe said.

While on its way over to Temple last Friday morning to get the remains of Miss Creola Ormand, the funeral hearse of W. T. Little & Son, driven by Chas. Little, crashed into a pick-up truck of Road Overseer Wells, when the truck suddenly swerved to the left as the hearse was about to pass it. The pick-up truck was booted about 75 feet into a ditch by the hearse. Mr. Little states, but neither occupant of the truck or hearse were injured by the impact. The accident occurred about 6 miles east of Lampasas at 8 a. m. The hearse was damaged to the extent of about \$100, mostly on the right front side. It was towed back to Lampasas while Mr. Little phoned the H. C. Pace Funeral Home at Temple to bring the remains here.

It is dangerous for a studio audience to laugh at a joke. It dooms the thing to appear on every program for the next month.

J. T. Tatum, 55, well known Comanche County farmer died at his home in Comanche about two o'clock Wednesday afternoon, January 26, following a long illness. Funeral services were held at the Comanche Methodist Church Thursday afternoon at one o'clock with the pastor, Rev. E. N. Scarlett, officiating. Interment was in the Siloam Cemetery.

Frequently the Herald-Record is asked: "What do you do for past time all the week after you get out the paper Thursday night?" Some people do not realize how much work is connected with a weekly paper, they ask such questions. We could work seven days a week around a print shop and still never get caught up with our work. It is a great help to the publisher when ads, copy, jobs, etc., are received early in the week and not just on Wednesday and Thursday, when we are usually "head over heels" in work.

Same here brother editor. The Sheriff's department has been quietly but diligently searching since last Monday for clues in their investigation of the Saturday night burglary of the Home Economics Department of the Hamilton High School, and the raid on the Commercial Department, where one of the valuable typewriters was taken by the thieves.

Mrs. J. R. Pool, teacher of Home Economics revealed that the silverware, table linens, bed in the department; china and glassware, amounting to some \$60.00 in value, had been stolen. A large carton, used as a waste basket in the department, had been emptied, and the articles packed in the basket and carried away.

On further investigation it was found that a typewriter had been stolen from its inconspicuous place in a far corner of the department, where the absence of the machine would not be readily noticed.

The burglars effected entry through the basement of the auditorium, where the Home Economics and Commercial Departments of the school are conducted.

This is reported to have been the third raid on the school buildings by thieves since shortly before Christmas.—Herald Record.

A deal was consummated Jan. 24, whereby the Lone Star Gas Company acquired control of the Pottsville gas wells from the Seaboard Oil Corporation.

By defeating Fairy 20 to 18 in the final game played in the Carlton gymnasium last Friday night, Evant won the Hamilton County championship in girl's basketball. Before meeting Fairy, Evant defeated Pottsville 18 to 13 in the semifinals, beat McClirk 20 to 14 in the quarterfinals, and drew a bye in the opening round of games.

At least 900 persons visited the County News Saturday for open house in its new location on South Bell Avenue, where they enjoyed refreshments of coffee and cookies, received scratch pads and blotters as souvenirs, and heard music furnished by Glenn Durham and his group of singers and musicians who broadcast over KFPL at Dublin weekly.

Mary Fredericka, nee Bontke, wife of Rev. Henry A. Stroebel, died Tuesday morning at 9 o'clock at the Hamilton Clinic and was buried Thursday afternoon at 4 o'clock at Abilene, Tex.—News.

The Melba Theatre of Goldthwaite, of which Miss Annie Coleman is proprietor, gave a free picture show all day Tuesday as a feature of Goldthwaite's Trade Day, Miss Coleman, of course, did not bear all the expenses of the entertainment. Merchants bought the tickets and gave them with each purchase. Miss Coleman, the daughter of Ex-Mayor and Mrs. M. Coleman of Comanche, is a Comanche High School and a University of Texas graduate and a former Comanche teacher. She is always full of enthusiasm whether it is teaching school, coaching basketball, putting on a school carnival, or running a picture show. If you want anything done, Miss Annie can do it, that is, if she undertakes it. She usually gets what she goes after.

According to the 1936 Texas Almanac, the bonded indebtedness of the City of Comanche is \$194,000. That is slightly more than neighboring towns of similar size, but far below that of Brownwood and Eastland. The indebtedness of Hamilton is listed at \$182,800; Goldthwaite, \$41,000; Dublin, \$115,000; Stephenville, \$166,000; Gatesville, \$78,800; De Leon, \$167,084; Lampasas, \$132,000; San Saba, \$215,000; Brownwood \$639,500 and Eastland \$1,194,809.

A. P. (Armstrong Cox was unanimously elected president of the Comanche Chamber of Commerce for the ensuing year at a meeting of the board of directors Monday afternoon. E. S. Fagan was elected vice-president and J. R. Eanes, treasurer. Hilton Burks was re-elected secretary and Miss Johnnie Ruth Wallace, assistant secretary.

Approximately 3450 poll tax receipts had been issued in the County Tax Collector's office up to midnight Monday.

Tolbert Patterson of Mullin,

superintendent of the Mullin Schools and Representative in the Texas Legislature from Mills and Comanche Counties is a candidate for a second term. Patterson has never drawn any money from the Mullin School District during the time of his actual service in the Legislature. His services as a school man are so highly valuable, that the Mullin School Board refused to accept his resignation, but re-elected him for another two year term, with the provision that he could have a leave of absence during the Legislative term.—Chief.

### Brownwood

Approximately 840 Boy Scouts of the Comanche Trail Council will join with a million Scouts and Scout leaders throughout the nation in celebrating Boy Scout Week February 6 to 12.

Plans for the Brownwood celebration were made at a meeting of local Scoutmasters in the office of G. N. Quirl, Scout Executive Friday.

Judge E. J. Miller in his charge to the 35th district court grand jury Monday morning flayed indiscriminate granting of suspended sentences of drunken drivers.

Brownwood's dean of physicians and surgeons in point of service, Dr. B. A. Fowler, 72, died at his home, 1421 Avenue D, Saturday morning.

Funeral services were conducted from St. John's Episcopal Church at 4 o'clock Sunday afternoon with the Rev. L. Stanley Jeffery, rector officiating. Burial was in Greenleaf Cemetery.

Almost rivaling the recent special irrigation election in discussions it has aroused throughout the county is the local option dog law on which Brown County voters will either oppose or favor at the polls Saturday. A heavy vote is expected in the election.

W. H. Roach and J. B. Freeman, formerly of Coleman, have purchased the Brownwood Implement Company and are taking charge to the business this week.

Dr. R. G. Davis, president of Daniel Baker College, who was injured in an automobile acci-

dent early in September, last year, is in Christoval for treatment and rest.

Visiting here in the home of his sister, Mrs. C. D. Denison, is Jesse Lucas, Kentucky tobacco farmer, who until his arrival in Brownwood last week had not seen his sister in 43 years.—Banner.

### Lampasas

State Fire Insurance Commissioner Marvin Hall today commended the citizens and officials of five Texas cities, namely Hondo, Gonzales, South Houston, Columbia and Lampasas, for improving their prevention and fire fighting facilities—and simultaneously announced reductions in the key rates of those cities.

Floyd J. Gatliff, 20, died in the Rollins-Brook hospital Friday night, January 28, at 8:15 o'clock following a short illness of about a week.—Record.

Mr. and Mrs. Monroe Mayea, announce the birth of twin babies, a girl and a boy, born Wednesday morning, February 2, at the hospital. Both mother and babies are doing nicely at this time. The babies have not yet been named.—Leader

**Gay Table for Valentine's Day**

THE table centerpiece for Valentine's Day will appropriately be a glistening letter box. And here is how to make one at home with clear transparent drinking straws of "Cellophane" cellulose film, crinkled pink film, and blue and silver Scotch Tape.

**Mail Box Frame**—Cut two wires 21" long, one 25 1/2", and three 10". Cover each with a 1/2" strip of white crepe paper. Bend the 25 1/2" length into an oblong 5"x7" when laid flat; allowing a 1 1/2" overlap. Form each 21" length into U shape 5" wide. Measure 7" from one end of U and wire it to a corner of the oblong. Tie the 5" corner 7" from the other end. This forms one side of box. Cut a cardboard oblong 5"x7". Bend 7" from ends at right angles toward center. Fit the cardboard between the wires and secure the ends underneath.

**Heart Base**—Fold an 8 1/2" square of plain paper in the center and cut out one half of a heart to fit paper. Open pattern and recut a heart from heavy cardboard. Cover with "Cellophane," placing Mica Crystal underneath and secure with transparent Scotch Tape. Puncture a small hole in center of heart.

**Pedestal**—Cut 150 straws in 4" lengths. Lay about 50 of them evenly together table-mat fashion. Starting at lower left-hand corner, lay 1/2" transparent Scotch Tape across the straws 1/2" from ends to hold them together. Apply another piece 3" above. Prepare remaining straws in same manner. Roll into a bundle and fasten with bands of tape.

Holding the three 10" lengths of wire together, wire them tightly together 3" from one end. Bend

**Mrs. R. L. Steen, Sr.**

On Friday afternoon at 4:15 o'clock the spirit of Mrs. R. L. Steen, Sr., passed into the great beyond and thus her years of patient suffering from asthma were ended.

Mrs. Steen had been a resident of Goldthwaite for the past 25 years and had, previous to her marriage, lived in Big Valley for a number of years, when she was Miss Lillian Ligon.

Her sweet smile and lovable character had endeared her to all who knew her and to be associated with her was to be benefitted by her example of patience and cheerfulness.

Funeral services were held Saturday afternoon at three o'clock at the Methodist Church of which she had long been a faithful member. Her pastor, Rev. Fred J. Brucks officiated at the services.

She is survived by her husband R. L. Steen, Sr. one son R. L. Steen, Jr., one daughter, Mrs. Earl Summy, two grandchildren Jim Bob and Sue Jane Steen, four sisters and two brothers.

**DO YOU KNOW—**

That the polka (the dance popular in our grandmothers time) was the Charleston of that day. It was then considered quite a rough dance and about 1858 exactly the same objections were made to it as is made of the Charleston today.
