

THE GOLDTHWAITE EAGLE

THE FORTY-FIVE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, FEBRUARY 10, 1939.

NUMBER TWENTY-FIVE

RURAL ELECTRIFICATION TO BE READY BY FALL

Judge R. J. Gerald Gives School Report

After reading your article relative to schools last week, I thought some statement regarding all the schools under county supervision might interest Eagle readers. The following table is a summary of financial statements worked out and mailed to schools February 1:

School	Estimated funds available for year		Probable Length of Term
	State	Local	
THURGOOD			
Point	\$1950	\$ 668	8 months
Merritt	1234	781	8 months
Mountain	1243	988	8 months
Melby	590	388	8 months
Gap	7391	1324	8 months
City	524	203	8 months
Grove	2819	1095	8 months
Wells	1052	524	8 months
Wells	357	406	8 months
Hill	2558	1193	8 1/2 months
Hill	202	255	6 months
Spring	265	400	5 months
Spring	952	1944	8 months
Wells	1375	380	7 1/2 months
Wells	587	310	8 months
Wells	1508	594	8 1/2 months
Wells	6474	1239	7 1/2 months

ident from these figures fore have been most injured by the State's policy of encouraging spending in order to obtain a big lump of state aid. It has been the custom, as everyone knows, for the State to pay far less than the Department of Education promised, so this group of schools have been getting into debt in proportion to the amount of state aid granted them. For example, suppose a school last year operated without state aid; the chances are the trustees kept it open until the funds were exhausted and closed without a debt. Then another larger school was granted four thousand dollars state aid to balance its budget. This state aid school had to meet the state requirements as to salaries and equipment. Then at the end of the year the state paid the four thousand dollars less a 30 per cent discount. This left the school owing someone \$1200 which it can never pay under the present state aid system because the day that one school year ends another just like it begins, so that in three or four years the school owes three or four times \$1200 which it can't pay.

While the Legislature is in session is a good time for school people to get in touch with their representatives and ask that the schools be given a dependable system of finance and end this bad guessing game of school financing. If the people want good schools, and they surely do, then it is the duty of the Legislature to provide good schools without waste and with a stable financial base. If you are interested in seeing your children and their teachers have a square deal, write your representative.

R. J. GERALD,
Ex-Officio, County Supt.

Battle of Taxes Is On At Austin

AUSTIN, Tex., Feb. 9.—(Sp)—With the O'Daniel transaction tax scheme so dead that no member of the Legislature is seriously considering its adoption, the attention of Texas citizens this week turned, on the eve of the starting of hearings on the taxation problem, to a spectacular battle between the natural resource tax advocates, and the sales tax folks.

House leaders of the bloc which favors increasing natural resources levies, with three separate bills in the House hopper, claimed that the transaction tax proposal—which they assert was never intended to be seriously considered but was put forth by special interests as a stalking horse for a sales tax—has boomeranged violently against those who hatched up the scheme.

Public reaction to the Townsend-inspired transaction tax was so violent and so nearly unanimous, that it has never been given serious consideration since the day of its introduction. The anti-sales tax folks declare this was in accordance with the plans of the special interest lobbyists. But the reaction went further, and with so much public discussion of the machinery of the transaction tax and its little brother, the sales tax, the people of Texas have been given a quick and liberal education in the matter of how the sales tax cleverly takes the burden off the shoulders of the special interests and puts it on the backs of the small consumer, the retail merchant, and the farmer.

The result, according to the anti-sales tax group, has been to demoralize the sales tax advocates, and push them out of the advantageous position which they occupied during the early days of the session.

45 Sign Tax Bill

"The best evidence that the House is going to defeat any effort to impose a sales tax upon the poor folks of Texas may be found in the fact that 45 House members signed the omnibus natural resources tax bill introduced by Rep. G. C. Morris, of Greenville," said one House member allied with this group. "To submit a constitutional amendment calling for a sales tax will

(Continued on Page 5)

Many Changes Made In Voc-Ag Staffs

Roy B. Mefford, professor of agriculture at John Tarleton College and supervisor for Area IV of Vocational agriculture announced today a number of changes in the teaching personnel of the vocational agriculture teachers under his supervision. Elbert D. Steele has been transferred from Sidney to Valera replacing J. W. Young who was sent to Roscoe. Young replaced J. C. Haddock who has recently accepted a position with the Farm Security Administration. J. T. Maness of the novice school system also resigned to accept a position with the government agency. He will be assigned to Bosque County.

A. F. Vanderriff who has been vocational agriculture teacher at Priddy will fill the position left vacant by the resignation of Maness. O. L. Burk, a graduate of John Tarleton College and Texas A&M College, has been employed by the Priddy school board to fill the vacancy there. D. C. Cox who has been vocational agriculture teacher at Tuscola also accepted a government position, leaving a vacancy that has been filled by T. J. Henry, who moved from a similar position at Goldthwaite. All of the above mentioned teachers are graduates of John Tarleton and Texas A&M.

Mr. Mefford has assured Supt. Smith that he will replace Mr. Henry here within a few days.

Housing Shortage In Goldthwaite

If anyone doubts the fact that Goldthwaite is growing rapidly, all he needs to do to be convinced is to set out to find a house, apartment or store room. All available space is occupied and several waiting lists have been established. A number of employees of the Morgan Construction Co., which is paving the road to Star, have stated that they would like to move their families here, but have been unable to do so on account of the scarcity of rooms.

Three new business houses have opened their doors in Goldthwaite this month, and at least one more is being held back because there is no suitable building available.

Meanwhile the City-WPA street crew is making good progress. Work was started this week on the east side of town where good roads and sidewalks will be a welcome improvement.

Local Band to Stage Parade and Concert

Monday night, Feb. 13, the entire band of Goldthwaite will parade in the business district and give a concert in front of The Melba Theatre. The program begins promptly at 8:00 o'clock.

Following the concert the band will be guests of the Melba Theatre to see, "Drums."

According to director R. M. Edgar, this will be the best program ever given by the band and the public is cordially invited to come to see and hear them.

Activities In The Legislature

Both branches of the legislature passed a bill abolishing the office of the tax commissioner and transferring his duties to the comptroller's department.

The senate passed a bill which would make the state auditor appointed by a legislative committee, instead of by the governor, and enlarging his duties. I proposed that the entire office be abolished to save the state \$75,000 a year, but the proposal was tabled.

The standing committees of both houses swung into the routine of hearings and really got down to work. Both the senate finance and house appropriations committees began working on emergency appropriations for the various departments, schools, and other state agencies.

One of the most interesting occurrences of the week was the action of the senate in rejecting the confirmation of Carr P. Collins of Dallas for state highway commissioner. There is apparently very strong sentiment in the senate to continue the custom of long standing that the highway commissioner should come from various sections of the state, and inasmuch as the one whose term now expires comes from East Texas, evidently the senators felt that the same one should come from that same section, and two years hence the new appointee should come from West Texas.

PENROSE B. METCALFE,
Senator 25th District.

New Auto Plates Are Received Here

Some 2,000 new auto and truck license plates were received by Sheriff and Tax Collector Hern Harris last week, and will go on sale on March 1.

The 1939 tags for passenger cars have purple figures on an orange background. They begin with No. 873,101. The first number last year was 867,001.

The 1939 plates cannot legally be placed on cars until March 1. The deadline for obtaining new plates will be April 1.

H. D. and 4-H Club Division of Fair

Mills county home demonstration clubs will arrange an Educational Exhibit for the FFA and 4-H Club Fair. Since our program is purely educational this exhibit will not be competitive. Material for this exhibit will be centered around these divisions:

- I. Foundations Patterns.
A. Sleeve alternations
B. Waist alternations
C. Skirts.
- II. Cotton dresses made from foundation patterns.
- III. Special occasion dresses, made from foundation patterns. (Materials of silk, rayon, wool, linen.)

This exhibit will be for observation and not competition, consequently no prizes will be offered. Home demonstration club members may enter any of the other divisions that they wish, as the cooking department, or the poultry departments, etc.

Girls 4-H Club exhibits and entries will consist of their construction problems, namely: tea or cup towels, aprons, and any additional articles made in club work. Entries will be judged individually, also club exhibits will be judged as to first, second and third best.

Divisions in construction problems will be:

Towels—two divisions

1. Neatest tea towel made from sacks.
2. Neatest tea towel or guest towel made from commercial toweling.

Aprons—two divisions

1. Most attractive apron made from sacks.
2. Most attractive made from domestic or print material.

Miscellaneous Division

Any other article made by 4-H Club girl in club work may be entered in this division. Judging will be the same as the other divisions.

Women's Home Demonstration Exhibit Committee:

Mmes. J. W. Dellis, Harvey Hall, Willis Hill.

Girls 4-H Club Exhibit Committee:

Dorothy Huffman, Wilda Geslin, Anna Belle Wasserman, Roberta Robinson, Amy Hallford, Lafon Horton, Euna V. Harris.

Basketball Tourney Begins Tonight

The Mills county basketball tournament will get underway tonight beginning at 7:00 p. m., in the Mullin gymnasium. Star and Center Point will be playing. At 8:00 p. m. Mullin will play Priddy, which bids to be a very close game.

One game will be played Saturday morning at 10:00 a. m., and the final game of the class B tournament, Saturday night, beginning at 7:30.

We have two girl basketball teams in the county—Priddy and Star. They will play a series of the best two out of three games, the first game will be played at 11:00 a. m. Saturday morning. The second game will be played at 8:30 p. m. Saturday night and if there need be another game, it will be played Monday night at 8:30 p. m.

Monday and Tuesday nights, Feb. 13 and 14, Goldthwaite will play the winner of the class B schools, for the championship of Mills county. The winner of the county will represent Mills county in the district basketball tournament, Feb. 16 and 17, in Brownwood.

Contracts Call For 962 Miles of Wire

WASHINGTON, D. C., Feb. 9. (Sp)—Administrator Carmody of the Rural Electrification Administration has wired the engineer of the Hamilton County Electric Cooperative Association to start construction immediately of the 385 miles of electric lines in Coryell, Mills, Hamilton, Comanche, and Lampasas counties which are included in this association. The successful bidders are O. O. Fuller, Nevada, Mo. who bid \$99,530.27 on Section I which includes 193 miles with 300 members. Section II was awarded to J. E. Morgan & Sons, Waco who bid \$113,470.56 for 192 miles with 370 members.

The total cost, including materials, labor, substitution, meters, and overhead, for both sections, will be \$249,300.83. This is an average of \$647 per mile. Administrator Carmody has wired the engineer to have work start at once. The contract calls for the work to be completed by late summer.

The American Creosoting Works and Long Bell Lumber Co. will furnish 72 carloads of poles; Aluminum Co. of America will furnish about 962 miles of wire, and the Wagner Elec. corp. and General Elec. Co. will ship 558 transformers ranging from 1 1/2 kva to 5 kva.

Construction of these lines will provide nearly 62,000 man hours of employment in direct labor alone.

All who wish to get service from the new lines should sign up for it at once and make arrangements for wiring and plumbing installations. The route of the line is now being laid out, and the network is planned to reach areas where enough member service contracts have been signed to make construction economically feasible. If insufficient contracts have been signed in any particular area, the lines will be routed another way.

Experience has indicated that usually a number of requests for service come in after construction has started. These requests cannot ordinarily be granted until the contractor finishes building the project as planned and laid out before his crews arrive. Priority must be accorded those lines for which service contracts are signed up early. Construction of other lines must depend upon the availability of funds after the main project is built.

\$5,000 More for Comanche

REA has also allotted \$5,000 to the Comanche County Electric Cooperative Assn., Comanche, Texas to be re-lent to finance individual members' installations of wiring and plumbing. The cooperative will determine just how the money will be available; and in general the terms on which it will re-lend the funds. REA requires, however, that the individual notes shall not finance more than 80 per cent of the cost of any installation, and the money must be repaid in not more than five years. At least two payments a year must be made.

Although the cooperative will pay only about 5 per cent on the money owed, the rate to individual borrowers must be higher, in order to meet the expense of collection, bookkeeping, and so on. REA suggests that individual notes be made at 6 per cent annual interest on the unpaid balance.

Goat News From the Capitol

AUSTIN, Tex.—Gov. W. Lee O'Daniel said today that women of the Mary Tyler chapter, Daughters of the American Revolution, of Tyler would present 48 dinner plates for the executive mansion tonight.

"Now if somebody would just give us some food to go on them, everything would be all right," he quipped.

"Haven't you barbecued that goat, Governor?" a newsman asked. A group of West Texas admirers presented him with a pedigreed goat on inauguration day.

"No," O'Daniel replied, "and the neighbors haven't either."

More FFA and 4-H Fair Members

Two more members have been added to the FFA and 4-H Club Fair Association. Mrs. J. D. Giles and M. H. Gilbreath of Mullin. This brings the Mullin membership up to 22, Goldthwaite, 50; Center City, 18; Priddy, 11; Star, seven; Big Valley, three; Ratler, three; Duren, three. A total membership of 118 and a balance of \$102.75.

It will take something like \$150 to put on this FFA and 4-H Fair Show as it should be. You will be doing your part if you pay your dollar membership fee.

Solicitation for members will close Friday, February 10.

Mail Goes Through

Travis Meeks, efficient mail messenger for the Goldthwaite post office, found a friend when in need Wednesday morning. A flat tire appeared just at train time and his jack went on a strike, but Walter Reeves came to his rescue and hauled the mail over in the city truck without a minute's delay. Travis has been "stuck" only twice before in the past two years. Claud Dickerson and Brim's grocery volunteered the use of their delivery trucks on those occasions.

Silver Tea

The W. M. U. of the First Baptist Church will have a Silver Tea Monday afternoon from three until five o'clock in the home of Mrs. Maston Pribble.

All the women of the town are invited.

ARMY OFFICER HERE

Major W. C. Lattimore, regular army officer in charge of reserve activities in the Waco area, was in Goldthwaite, Tuesday conferring with Captain M. Y. Stokes, Jr. and Lieutenant J. J. Stephen.

Mid-Texas Teachers To Meet in Brady

School children in the Goldthwaite schools are happy today. The teachers here are attending the two-day session of the Mid-Texas Teachers Association at Brady Friday and Saturday, and the pupils are enjoying the holiday.

New Music Teacher In School Here

Mrs. Margaret Miller Davidson has assumed the position of teacher of public school music and director of the glee club in the local schools.

Mrs. Davidson's home is Merkel, Texas. She attended John Tarleton College two years, later going to North Texas State Teachers College at Denton, from which place she recently took a degree.

She has had special training and teaching experience in both public school music and glee club work. She is indeed a welcome addition to both the school and the community.

Mrs. Davidson takes the place made vacant by the recent resignation of Miss Marie Hill.

Ebony

By Wilmeth Clementine Briley

(Too Late For Last Week)

Sunday was a bad day again with a stiff, cold wind from the northwest, making attendance at church short. Next Sunday is Bro. Dyches' day to preach. Let's defy the weather, and give him a hearing. Experts say there is nothing more distressing in our nation today than our lack of spirituality. One of our ex-presidents has said, "We do not need more national development; we need more spiritual development. We do not need more law—we need more religion."

Miss Earlene Day of Abilene Christian College was present for church Sunday. She took advantage of a mid-term holiday and spent the week end at home. Clayton Egger has completed his four years' work at Howard Payne College and will receive his degree with the spring graduating class. Clayton has always been one of our finest boys, and we heartily congratulate him on his achievement.

Large flakes of snow mingled with rain, fell here for a short while Friday afternoon. There was not enough to stop those who were plowing. Oil Dwyer seems to be on a standstill so far as improvement goes these days, but some who have seen him recently say he talks stronger. If he could just get where he could eat well again he would be on the mend. Mrs. S. L. Singleton is not at

all well these days. She suffers with something like rheumatism. J. R. Ivy has been suffering with asthma for several days.

Grandmother Wilmeth is still about the same, though some days she seems so much better, we think she is going to get well. Perry Day has recovered from his accident and has gone to work for the Weatherby Motor Co. at Brownwood.

Mr. and Mrs. Billie McNurien had as guests, Sunday, Mr. and Mrs. Wood Roberts, Mrs. Ella Wood, and Mr. and Mrs. Dewey Smith.

Mr. and Mrs. P. R. Reid spent Sunday with Mr. and Mrs. E. O. Dwyer. Mr. and Mrs. J. R. Briley had dinner at the Wilmeth home Sunday after church.

Miss Odene Russell left Friday for San Antonio. Dr. and Mrs. May and Clifford Crowder of Brownwood were visiting in this community, Sunday.

Ralph Wilmeth and Miss Bernice Wilmeth left for Dallas Friday evening after school. They returned Sunday night bringing with them Mrs. Wilmeth and baby, Lucy Gale, who had been visiting Mrs. Wilmeth's sister, Mrs. Marshall Pierce, at Dallas. While gone they visited Lillard Wilmeth at Mesquite and Mrs. J. F. Bateman at Fort Worth. Bernice also spent Saturday at Denton making arrangements to enter Teachers' College for the summer session and also for the fall term.

"I am getting tired of the ceaseless din of voices, and the crowding headlines, all shouting about what is wrong with America. I fervently wish someone would start talking about what is right with America."—Chas. R. Hook, president, American Rolling Mill Co.

J. H. RANDOLPH LUMBER CO.

Goldthwaite, Texas

Pleasant Grove

By Ruby D. Berry

As Sunday was a rainy day, there were only 24 present at Sunday school.

Miss Vada Hodges attended the funeral of her grandmother, Wednesday.

Mr. and Mrs. Charlie Miller and Syble, and Mr. and Mrs. O. Z. Berry and Ruby D. attended the recital at Lometa, Monday night.

Miss Irene Baber has been sick the past week with the flu. Ray Berry carried her to town, Friday morning and she spent the week end with her sister, Mrs. Fred Reynolds. Ruby D. Berry has been teaching during her absence.

Mr. and Mrs. O. K. Berry and Lovine, Miss Vada Hodges, and Mr. and Mrs. Will Moreland visited in the Melvin Crawford home, Saturday night.

Mr. and Mrs. Levi Berry and Peggie visited her parents, Mr. and Mrs. Clarence Newton, at McGirk, Sunday.

We welcome Mr. and Mrs. Harvey Jeffery and children into our community.

Mr. and Mrs. Melvin Crawford and Otho Loyd visited Mr. and Mrs. Elmer Koen, at Springville.

Ray Berry and family, and Mr. and Mrs. Burton Leverett visited in the Walker Berry home, Sunday evening.

Mrs. Bert Wright and children from town visited in the Dude Wilkey home, Sunday night.

Next Sunday is church Sunday. Let's everyone be present.

HOUSEHOLD HINTS

Best results obtained when a moderately hot oven is used for pudding baking.

A warm, never hot, iron should be used to press garments made of rayon.

Grape juice should be stored in a dark place in bottles and jars that are sealed tightly.

The butter or lard used for making pie should be hard and cold, never soft.

Chopped sweet pickles make an appetizing topping for fish or meat loaves.

When washing the woodwork in a room, start at the top and work down.

Whether the housewife uses a percolator, drip pot, glass maker, vacuum type filter maker or an old-fashioned enameled coffee pot, her aim is to produce the best possible cup of coffee for her table. Regardless of the type of the pot or maker used, however, there are certain basic rules for making good coffee. As issued in the recent issue in What's News in Home Economics these simple rules are: Keep the coffee maker clean. Wash it often in clean fresh water—never in dish water. Always scald the pot each time. Never re-heat left-over coffee. Be sure to use enough coffee, two level table-spoons to each measuring cup of water is the most popular proportion. Keep the coffee supplying a tightly covered container to prevent it from losing strength and flavor.

Druggist's Wife

Makes Discovery

For the First Time Tells What She Found Out While Helping Husband

"My husband manages a drug store in Atlanta, Georgia," said Mrs. Harry Lefkoff recently, "and I see and hear about a great many different medicines. Sometimes I help out at the store during rush hours, and have an opportunity to hear what people say about various products they buy.

"Last winter I saw so many people buying Mentho-Mulsion and speaking so highly of it, that I finally took a bottle home to see if it would relieve me of a bad cough which I had due to a cold. After taking a few doses of Mentho-Mulsion I understood why everyone spoke so highly of it. The large amount of Menthol used in Mentho-Mulsion opened my head and bronchial tubes almost immediately, and I felt better at once. My cough entirely disappeared in a day or two. We now keep Mentho-Mulsion on hand at all times and start taking it at the first sign of a cough or cold."

Mentho-Mulsion is recommended, sold and guaranteed by Hudson Bros., Druggists.—(adv.)

Halting Speeders Saves Many Lives

AUSTIN.—Unrelenting traffic enforcement along "death corridors" produced favorable results in 1938, Homer Garrison, Jr., state safety director announced today after reviewing fatal crash reports.

Studies of 19 Texas highways on which fatal collisions most frequently occurred in 1937 revealed that 315 persons had lost their lives at the various locations. Highway patrolmen were concentrated along sections of these highways with instructions to guard speeders and reckless drivers.

During the past year these "death corridors" became comparatively safe highways while the death rate was reduced over 57 per cent. Where before the rate had been 315 persons, in 1938 it dropped to 134.

The following table shows the highway locations and traffic death reductions last year:

Dallas to Ft. Worth	24	4
San Antonio San Marcos	23	12
Georgetown to Troy	19	8
Greenville to Dallas	14	5
Wichita Falls to Vernon	10	1
El Paso to Sierra Blanca	13	3
Dayton to Nome	12	5
Clyde to Baird	7	0
Bourne to Kerrville	6	0
Houston to Dallas	34	30
Four Valley counties	68	34
Pecos to Big Spring	32	23
Jacksonville to Palestine	7	1
Texarkana - Hughes Spg	7	3
Corrigan to Lufkin	4	0
Crosbyton-5 mile area	6	0
Olney-10 mile sec.	11	0
Brady-15 mile sec.	7	0
TOTAL	315	134

Stock Prices

In contrast with hogs, cattle, and lamb prices started 1939 at substantial premiums over opening 1938 levels, and consequently have a much better chance of equaling or even exceeding best 1938 levels before the year is out.

From a December, 1937, top of \$11.25, the cattle top dropped to \$10 in January, 1938. But, although the top for steers last week at \$11.50 was \$2 below the 1938 peak of 13.50, established early last month, the nominal range of values still was nearly as high as at any time last year. In other words, it would take only a small advance for prime steers to sell higher this month than last, and consequently above best 1938 levels.

From a December, 1937, top of \$8.25, the lamb top dropped to \$8.35 in January, but this contrasted performance is not expected to be repeated this month. Lambs sold up to \$9 at Kansas City, only 15 cents under the best price last month. And, with prices already nearly \$1 higher than a year ago, it will take only a moderate seasonal advance to push values above best 1938 levels. That is, it would be easy for lambs to sell higher than last month. In fact, it would be surprising if the 1938 lamb top at \$10.15, attained last June, were not exceeded some this year.—San Angelo Times.

Tomato, King of Vegetables

In the Progressive Farmer for April the first prize for best letter on "My Favorite Vegetable and Why" is awarded to a woman who wrote about the tomato. Her interesting letter follows:

"King of vegetables on our table is the tomato.

"Why? Because it is very appetizing, attractive, and easily prepared, because it is easily grown and canned, because it is a cheap source of vitamin C, and because of the numerous ways in which it can be prepared.

"Each fall I place tubs in the brooder house and fill them poor sandy soil. About Jan. 15, I fill two prune boxes with this soil and plant my tomato seed—Burbank and Break o'Day. These boxes are placed by the window. For transplanting, about the second week in February, I use old sanitary drinking cups. The cups containing the plants I set in my hotbed.

"Several weeks before setting the plants in garden, stable manure is scattered over the ground. When danger of frost is past I set what is left of each cup with the plant in a deep furrow and pull soil up to the leaves. Or if the plant is long stemmed I lay the stem in the furrow and leave only the top above the ground.

"Three or four weeks after setting I give a nitrogen side-dressing. Soon after this I mulch heavily with straw. Though staking is recommended for early tomatoes, I let mine fall over on the straw. This and the deep setting give me plants that produce nice fruit all summer.

To have a continuous supply of milk, the average farm family of five should have two cows, each capable of giving 500 gallons of milk in a 10-month period. One cow should freshen in the spring and one in the fall.

Keeping the Family Cow On the Job

COLLEGE STA.—"The average farm family of five should have two cows that will each give at least 500 gallons of milk in 10 months," E. R. Eudaly, dairyman of the Texas A&M College Extension Service, points out.

This amount of milk, nutrition experts say, is necessary for a balanced diet plus a surplus to feed chickens, pigs, and so on.

The dairyman recently called attention to the fact that 24 percent of Texas farm families had no milk cows.

How the farm family can "keep the family cow on the job" by a year around system of crops, pasture, and stored feeds with a minimum of cash expenditure is told in a brief, fact-cramped circular, C-129 prepared by Eudaly and now in the hands of county agricultural and home demonstration agents for free distribution.

The circular is one of a series in the Extension Service's food campaign designed to help farm and ranch people plan, produce, and conserve a year around food supply.

Gloves Made From Salt Outlast Rubber

New Material Will
Be Shown At
World's Fairs
by du Pont Chemists

A UNIQUE example of modern man's ingenuity in conquering one of Nature's most formidable monopolies, so far as America is concerned, will be given at the San Francisco and New York World's Fairs.

A material known as neoprene will be exhibited at the du Pont Company's chemical shows on both coasts. It looks and acts like rubber, can be used for almost every purpose that rubber will serve, but differs from rubber in two important particulars.

Whereas rubber can be produced only in the tropics and practically all of our supply comes from the Far East, neoprene is made by chemists from coal, limestone and salt, all of which this country has in abundance. Then, neoprene is far superior to rubber in resisting the destructive effects of sunlight, heat, oil, grease, gasoline, cleaning fluids and other chemicals.

In the picture, the housewife wears gloves that look like ordinary rubber. She cleans her greasy pan with what might be a rubber knife. But actually her gloves and knife are neoprene. For such tasks, they

will outlast those of rubber four or five times.

Today, gasoline hose at filling stations and on fuel trucks, gaskets and engine cushions that come into contact with oil and grease, surgical aprons, printing press rollers and many hundreds of other things in daily use in industry are made of this wonder material.

Chemists predict that in the not distant future neoprene will be as well known as aluminum and perhaps serve as many purposes. At present its cost is several times that of rubber, so that it is employed chiefly in work that rubber itself isn't fitted to do. However, tires can be made of neoprene if necessary, the chemists say. Should an emergency ever arise cutting off our rubber supply or skyrocketing rubber prices, this laboratory offspring of coal, limestone, salt and men's brainwork would at once become a surprisingly good alternative.

In the meantime, even at 65 cents a pound, today's price, neoprene costs less than the average price the United States paid for rubber during the four years of the World War.

Creeps, Rickets and "Hollow Horn"

By T. C. RICHARDSON, Secretary
Breeder-Feeder Association

Troubles in livestock are known as "deficiency" caused by the lack of essential elements in the food. Those who have green pastures and good legume hay need sleep, for there is little of any of these troubles. The green supplies D, and legume hay, alfalfa and clovers, carries enough lime and phosphorus to supply the needs of the animal.

At the stage of extreme weakness it is difficult to correct it, but if the minerals and vitamins are provided extreme cases seldom occur.

In some areas it has been found possible to increase the percentage of the calf crop and the calves are stronger at birth by the use of mineral-bearing elements in the feed. Cottonseed meal or cake carries some lime and phosphorus, and in some cases is sufficient for the purpose, but in the light of experience more and more livestock raisers are playing safe by adding lime and bone meal.

In very sandy soils and in the excessively leached soils in the heavy rain belt along the Gulf Coast, mineral deficiency is most serious. The "loin disease" which formerly caused heavy losses of cattle in the Gulf Coast region was found to be nothing more than lack of minerals in the pasture grasses, and it has since been effectively prevented by feeding bone meal. The distinguishing symptom of "loin disease" is the habit of chewing bones. At first it was thought the cattle "caught" some sort of germ from the bones, but when the "bone hunger" was assuaged with bone meal the disease disappeared—also the bone-chewing habit.

The only "germ" or "microbe" in this and its kindred "diseases" is the germ of hunger for something that is missing from the feed. "Malnutrition" is the technical term, but in barnyard language it's merely "not enough of the right feed."

Blue Bonnet Club

The Blue Bonnet Club met with Mrs. Dan Covington, Jan. 31, in the afternoon. There were nine members present.

The ladies quilted on a Dresden plate quilt.

The club was reorganized and officers elected as follows:

Mrs. Lillian Welch, president; Mrs. Bessie Stacy, secretary; Mrs. Daisy Covington, reporter.

It was voted to meet on the second and fourth Tuesdays of the month.

After the business session, Mrs. Covington, assisted by Mrs. Clyde Featherston, served cake, fruit, and hot chocolate.

Our next meeting will be Feb. 14, with Mrs. Ruth Warren.

Mrs. Dan Covington, Reporter

Stripes on Highways Warning to Motorists

Describing work of the State Highway Department in its efforts to make Texas Highways safer for all motor vehicle operations and pedestrians, Herry S. Phillips, Traffic Engineer of that Department, calls attention to the appearance of additional paint lines on highways through out the state.

"Under a recent program all hard surfaced roads on the state highway system have been painted with a center stripe," Mr. Phillips said. "This addition of one or two lines to the existing center stripe indicates a warning where single lines of traffic are essential."

One additional line is used on curves and hills where sight distance is restricted. The Traffic Engineer pointed out. It is placed on the right-hand side of the centerline approaching a point of short sight distance and continues to a point from which the driver is able to see at least 1,000 feet ahead.

"In certain sections of the state where the highways have limited sight distance each way, warranting single line traffic in both directions, they are painted with three stripes," Mr. Phillips

said, "and motor vehicle operators should never pass another vehicle in such locations. Not only does there exist a possible chance of meeting an approaching vehicle but frequently the curvature of the road demands a slower speed."

Four-lane right-of-ways have a continuous double stripe which should never be crossed, the Traffic Engineer cautioned, and the traffic should stay on the outside lane except when passing, using the inside lane for passing only.

For best production, a milk cow needs an abundant supply of succulent roughage, such as green pasture or silage.

DON'T SCRATCH

To relieve the itching associated with Minor Skin Irritations, Prickly Heat, Eczema, Ivy Poisoning, and Chiggers, get a bottle of LITTLE'S LIQUID, a sulphurate compound. Used for more than twenty-five years. Price 50c.

(Too Late for Last Week)
There have been several absent this week on account of bad weather and having to work.

We welcome two new pupils to our school. They are W. F. and Willis Thomson, who have moved here from Lake Merritt.

Several outside boys have been visiting school and playing basketball. Some of them were: Johnnie and Deward Fallon, also Gorman Perry and Garland Spinks.

We are sorry to lose two of our students, George and Doyle Wright.

We have had much excitement due to plans for attending and taking part in the County Meet, which will be held sometime in March. Several have been selecting declamation, and some are practicing for the athletic events.

SEVENTH GRADE
Carl Lansford.
EIGHTH GRADE
Tommy Cunningham.
NINTH GRADE
George Wright, Sherman Perry, Oran Stark, Dorothea Davis, Oleta Utzman.
Sport News

The basketball boys, with their coach, attended the Star tournament last Friday. They played Adamsville and won out with a score of 19 to 13, but lost out, Saturday, to Star.

The girls went to Mt. Olive, the same time the boys went to Star and won, two games to one.

On Wednesday night, both the volleyball and basketball teams went to Mullin. The basketball boys' scores were 19 to 13 in favor of Mullin. Mullin volleyball girls won also, three games to two.

Star

By Mrs. Dora Goode

No—not because Star hasn't been moving as usual, but the letter-writer has been on the bum, not feeling so well tonight, but thought I'd better "drop you a few lines."

Sunday night, and to some people it's been a nice day—all misty and damp with a gentle breeze oozing along. Thought it might "do something" (rain, clear off, or come a norther), but the darkness outside is still foggy and sullen.

It has been a pretty winter so far with moisture occasionally. Grass is coming along, and it's a nice prospect for early gardens. We did have ice a few days ago and a sprinkle of snow (enough to lightly cover the ground) one night.

"Granny" (Mrs. A. N.) Hamilton, is still confined to her room, from her recent illness.

Others on the sick list are Mrs. Corinne Keith and Ben Cox.

Mr. and Mrs. Olin Teague were guests with homefolks Sunday from Brownwood.

Mr. and Mrs. O. C. Baker spent the week end in Hamilton with relatives.

Christian Goode and mother, visited Mr. and Mrs. G. D. Burney of Evant one day last week.

Several of the Star people took in the inaugural films at Goldthwaite, Saturday and Sunday. We wondered if the proud little hard-working Star band was shown leading all the schools in the state, and the equally proud Goldthwaite goat mowing the Governor's lawn.

Mr. and Mrs. B. P. Goode and boys, Charles, Robert, and Don-

with a score of 19 to 13, but lost out, Saturday, to Star.

The girls went to Mt. Olive, the same time the boys went to Star and won, two games to one.

On Wednesday night, both the volleyball and basketball teams went to Mullin. The basketball boys' scores were 19 to 13 in favor of Mullin. Mullin volleyball girls won also, three games to two.

aid visited Dr. J. E. Brooking Sunday afternoon, in Goldthwaite.

Miss Zenie Loftis, of Comanche, visited with relatives the past week, and was a guest for several days in the home of Mr. and Mrs. Roy Wall.

Well, the power line is coming. Some are counting on electric stoves, and everybody on lights for the chickens.

The H. D. Club met with Mrs. Margaret McCama, Thursday of last week, with Miss Scott in attendance. Owing to the bad day, there was scant attendance. The next meeting will be with Mrs. Marvin Manning.

Showers were all the fashion the past week. One for Mrs. Kyle Green who had a fire just before Christmas and lost most everything. This was held at the home of Mrs. Walton Moore. Two bridal showers, honoring Mrs. Bill Kincheloe (Leona Waddell) at the home of Mrs. T. L. Adams; and Mrs. Winfred Sheldon (Florence Soules) at the Methodist Church.

Still Coughing?

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germladen phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Letters of Interest From Mills County Communities

Rock Springs By Mrs. Eula Nickols

We extend sympathy to Mmes. Hutchings and Oglesby in the loss of their mother, Mrs. Sallie Harrison, who passed away last week in Fort Worth. May God's richest blessings rest on each of you.

We are sorry to know John Roberts has lost the sight of his left eye after an accident last week. He went to Dallas to a specialist. Mrs. Roberts and Mrs. Harvey Dunkle went with him. Mrs. Dunkle was his driver.

Sunday is church day. I hope it will be a pretty day and every body will be well so there will be a big crowd out.

Mrs. Robert Evans was buried here Tuesday morning. We extend sympathy to her relatives.

Mrs. Joe Doggett, Miss Estel and Mrs. Rolley Sheppard and children from Coleman called in the Nickols home, Friday afternoon they brought Homer Doggett and family down. Homer left Sunday morning for Belton where he has work. Elizabeth and Janece left on the bus Sunday morning for their home in Coleman.

Ira Dewbre and wife from town spent Sunday in the Daniel home.

All of my boys and their wives visited in their mother's home Sunday with their sister, Mrs. Doggett.

Hillard Dyches and family from Breckenridge spent Saturday night and Sunday in the Robertson and Dunkle homes.

James Roberts stayed with his grandmother Nickols while Mr. and Mrs. Roberts were in Dallas last week.

Lance Boyd will move this week to Bangs where he has traded farms with a Mr. Pierce. We hate to give up the Boyd family. It will take a pupil from this school, leaving four—one girl and three boys.

Carl Woods and family went to Sunday school in Big Valley.

They spent the day. James Pass and E. D. Robertson and Robert Lee spent Thursday in Brownwood.

Oscar Gatlin bought a meat hog from Philip Nickols, Thursday. They killed it and Philip helped with it.

M. C. Morris and wife visited with Mrs. Homer Doggett in the Nickols home, Sunday afternoon. Harry Boyd and family spent Saturday night with her parents, Mr. and Mrs. Townsend.

Marvin Powledge from Lampasas spent Saturday night and Sunday in the Webb home.

R. E. Collier is helping his brother, Claud, build a house. Mrs. Collier goes along sometime and visits with her sister.

Loy Long and family from town spent Sunday in the Ellis home.

Richard Sowers and Woodrow Spinks have work on Henry Morris' new house in town.

Mrs. Eula Nickols visited Monday afternoon with Mrs. Lula Gatlin in town.

B. H. Tullos from town spent Wednesday night in the Webb home. They all went to Brownwood, Thursday morning.

Rudolph Cooke and family spent Saturday night and Sunday in the Mason home.

W. A. Cooke visited in the Boyd home, Sunday afternoon.

Eagle Classifieds get Results!

Pleasant Pecan Valley By Miss Johnnie Weathers

We are sorry to hear about Mr. Johnnie Roberts' misfortune last week of injuring his eye. We hope he will soon recover the sight of the injured eye.

We are all very happy to welcome Mr. and Mrs. O. Singleton of Ridge into our community. They are occupying J. R. Slack's place. Let's all do our best to make them happy in their new location.

Mrs. Ashley Weathers spent the week end with her parents, Mr. and Mrs. J. B. F. Wigley of Caradan. They brought her home, Sunday afternoon.

Sheriff Hern Harris of Goldthwaite was out locking over his ranch, Sunday, in this community.

David King of Owens spent the week end in the Weather's home. He went home Monday.

Miss Allene Weathers visited. Miss Magdalene Long of Goldthwaite, Friday evening. They attended the Stunt Night.

Mr. and Mrs. C. J. Crawford went so much last week that when I asked them, they said they had forgotten where they had been.

Everyone was very quiet last week. They don't seem to visit much during the winter months.

Ashley Weathers and son prepared dinner while his daughters were at Sunday school. They brought several of their friends home with them.

Big Valley By Mrs. W. W. Long

Mr. and Mrs. Homer Weaver and children visited in the home of Mr. and Mrs. Floyd Sykes, Sunday.

Mr. and Mrs. D. Hartman and Dorothy of Goldthwaite visited Mrs. Hartman and Mr. and Mrs. Ben Long.

Mr. and Mrs. Walton Daniels and Tommie Clint and Mr. and Mrs. Woodrow Long visited Mr. and Mrs. Ishmel Long, Saturday night.

Mrs. Hugh Dennard visited Mrs. L. W. Dennard, Thursday and Friday.

Mrs. John Jackson visited her mother and father, Mr. and Mrs. Robert Long, one day last week.

Last Sunday several ladies gave grandmother Richie a birthday shower. She received many gifts which made her feel much better.

Mr. and Mrs. Woodrow Long spent Sunday with Mr. and Mrs. Ben Long.

Dr. and Mrs. Colvin, who practice in Comanche, visited the boys this week end.

Ina Bea Hale visited Roberta Robertson Sunday.

Mr. and Mrs. Carl Woods and family of Rock Springs visited Mr. and Mrs. Hugh Denard and family Sunday.

Mr. and Mrs. Cecil Shuffler and Wanda Lee visited Mr. and Mrs. Lee Long and family Sunday.

Le Sykes of Ballinger visited Mr. and Mrs. Charlie Miller and family Saturday.

Mr. and Mrs. Chas. Miller and Mary Beth visited Mr. and Mrs. Robert Robertson, Sunday.

Mr. and Mrs. Marion Robertson visited Mr. and Mrs. T. Robertson Saturday night and Sunday. They also visited in the Traylor home at Rock Springs.

Chalk Gap Mrs. F. D. Waddell

The sunshine is certainly enjoyable after so much bad weather.

We wish to extend our sympathy to Mrs. Hutchings and family in the loss of her mother, Mrs. Harrison. May God's blessings rest upon each of you.

Lewis Sparkman and family from town, and Joe Sparkman and family from San Saba called in the home of their father, Will Sparkman, Sunday afternoon.

Several from here enjoyed the dance in the R. D. Price home, Saturday night.

The "Downyonder Boys" met in the Norton home for practice Friday and in the Stuck home, Monday night.

Ira Townsend spent Friday night with Verdrie Price.

Mr. and Mrs. Harry Boyd and babies spent Saturday night with her parents, Mr. and Mrs. Townsend.

Mr. and Mrs. Cecil Sparkman spent Saturday night and Sunday in the Nauret home.

Mr. and Mrs. Herst Porter spent Wednesday night in the Waddell home.

Mr. and Mrs. R. D. Price spent Sunday in the home of his parents.

Mr. and Mrs. Hallford visited in the Sutherland home, Sunday.

Mr. and Mrs. Verdrie Price and Lorene Geeslin spent Saturday night with R. D. Price and family.

Mr. and Mrs. F. D. Waddell and children and Mr. and Mrs. V. T. Stevens called in the Geeslin home while Saturday night and listened over the radio.

Miss Virginia Smith visited with Lorene Geeslin, Monday afternoon.

Mr. and Mrs. L. B. Bramblett called in the Brown home, Sunday afternoon.

C. O. Norton, F. D. Waddell and Bill Stuck spent Monday in Comanche, at Trades Day.

Mr. and Mrs. Sam Townsend and children, Mr. and Mrs. Harry Boyd, Lester, R. V. and Lorene Geeslin, Mutt Ivy, Ramsey Waddell and Virginia Smith spent Sunday in the V. T. Steven home.

We hear quite a bit of complaint of people losing their sheep and goats from some unknown cause.

Mr. and Mrs. Cecil Sparkman and Blule Nauret called in the Waddell home, Monday night. Bill Geeslin and Kathleen Smith are also on the sick list.

Willie Grelle returned home Saturday after a few days visit with his brother, Henry Grelle and family, who were in a car wreck, several days ago.

Some have begun shearing goats. It's mighty cool for them to lose their warm coats.

Live Oak By Mrs. J. H. Brown

Mr. and Mrs. Will Moreland visited in the C. G. Featherston home, Sunday afternoon.

Mr. and Mrs. Will Fox spent Sunday with Mrs. Ballard.

Mrs. John Duncan took suddenly ill, in the home of her sister, Mrs. Roy Simpson last Wednesday. Her sons Harley V. and Tom Duncan of Aransas Pass, spent several days last week with their mother.

Those who visited in the Roy Simpson home Sunday were: Mr. and Mrs. Bud Jones, Mr. and Mrs. Henry Duncan, and Obie Tumlinson and family.

Mrs. Will Rose has been suffering with a case of flu this week.

Mrs. R. G. Blackburn is slowly improving.

Mrs. Homer Denman visited Mrs. Will Rose, Monday. Jimmy Fox spent Monday in Austin.

Miss Mordine Brown visited her parents over the week end.

Mrs. Will Fox visited in the Ed Randles home Monday night, while her husband made a business trip to Brownwood.

Mrs. J. D. Bryan is on the sick list this week.

Mrs. Ed Cameron of San Angelo is visiting in the Roy Simpson home, and helping care for her sister, Mrs. Duncan.

Ainsworth Murphy left Sunday for Aransas Pass. His wife is staying with her mother while he is away.

The Jolly Chatter Club met with Mrs. E. M. Page, Thursday.

Ebony By Wilmeth Clementine Briley

A good crowd came out Sunday for church, but Bro. Dyches failed to get here. Bro. Green is expected to preach for us next Sunday.

Mrs. Mildred R. Roberts of San Antonio drove in Saturday to spend the week end with her parents, Mr. and Mrs. S. H. Reeves.

Grandmother Wilmeth had visitors Saturday afternoon. Her nephew, Claud Wilmeth of Ballinger, and Mrs. Wilmeth and their daughter, Mrs. Joe Blagg of Brownwood. She beamed with pleasure at their presence, Claud recalling to her mind memories out of her earlier life. Their visit seemed to do her good like a tonic. She really seems to be improving this week.

Miss Dolly Reynolds had a bad case of the flu this past week, but she is able to be up now.

Mrs. Frank Crowder and her sons, Neuma and F. L. had dinner at the Wilmeth home Sunday after church.

Miss Vivian Day returned Sunday afternoon from spending a week with her sister, Miss Earlene Day at Abilene Christian College.

Mr. and Mrs. Wood Roberts and Mr. and Mrs. P. R. Reid had dinner with Mr. and Mrs. Billie McNurlin, Sunday after church.

Mr. and Mrs. Cecil Egger and Ynelle visited Mr. and Mrs. Dewey Smith, Sunday night.

Mr. and Mrs. Loyt Roberts and baby attended church here Sunday and visited Mr. and Mrs. Louis Perkins.

Mr. and Mrs. Orville Egger have a new radio.

Miss Bernice Wilmeth had dinner with Mr. and Mrs. Edward Egger Sunday after church and in the afternoon returned with them to Indian Creek where they went to visit Mr. and Mrs. W. M. Clements.

Mr. and Mrs. Hubert Reeves and baby Joe Hubert spent Saturday night with Mrs. Reeves'

parents, Mr. and Mrs. John Guthrie at Mullin.

Mr. and Mrs. Truman Crowder attended church here Sunday and visited their grandmother, Mrs. J. R. Ivy.

Mrs. Cloud Mashburn and Wanda May visited Mrs. Alvin Ketchum, Sunday after church.

Mr. and Mrs. J. R. Briley spent Sunday afternoon with Mr. and Mrs. Oil Dwyer. Oil seems to be slightly improved the last few days.

Mrs. Nellie Malone and Ernest Malone went to the Post Office Monday morning and took time to visit their friends. They visited with Mr. and Mrs. P. R. Reid called on Mr. and Mrs. Jim Tippen, took dinner with Mrs. Effie Egger and her mother, and called on Mr. and Mrs. S. L. Singleton as they came on home.

Mr. and Mrs. Singleton have leased their farm to Robert Lee of Rengency. They are selling out everything but their household goods and are preparing to leave soon for San Angelo.

The Home Demonstration Club met Friday afternoon with Mrs. Effie Egger and her mother where they carried out a Safety First program. New members present were Mrs. Charm Whittemburg, Mrs. Barney Tippen, and Mrs. Ralph Wilmeth. The next meeting will be Friday, Feb. 17, at 2:30, at the home of Mrs. Gene Egger. Miss Scott will be with us at that time. The program will be on a frame garden. All the ladies are urged to be present.

Center City By Mrs. J. M. Oglesby

Again I come representing our little community to your many readers. Since Christmas I've spent much of my time in Fort Worth and at home long enough to help the family to continue in their work. Our neighbors were so good and thoughtful for which we are indeed thankful. May our Heavenly Father re-

ward each in His own good way, for every word spoken and act of kindness shown in our deepest sorrow.

Thanks to Mrs. Lester Johnson of Batesville in reminding us she missed the news each week. Also to the number of others who expressed similar ideas.

This is quite a busy place since machinery and men are busy paving the highway through here. A number of workers have moved into our community and others are expected in a few days. Several homes have prepared rooms to take care of all who wish to move nearer their work.

Misses Hulda Carter and Wilma Lee of Brownwood visited home-folks last week end.

Lester Collier, Albert Hudson, Howard Blackwell, Avery Lee and Billie Johnson of Abilene were visitors to home folks last week end.

Mmes. Ira Alldredge and Tom House have been to Santa Anna at the bedside of their sister-in-law, Mrs. W. B. Wilcox. Mrs. House is with her at present. We sincerely hope for Mrs. Wilcox a speedy recovery.

Mr. and Mrs. Dan Covington, Mr. and Mrs. Bob Blackburn and Mr. and Mrs. J. M. Geeslin visited Mrs. Biddle and William Sunday.

Ed Knight has been quite ill at his home near Star. Reports Tuesday morning were that he was improving.

Bill Lucas and family visited Mr. and Mrs. Weldon Lucas at Pleasant Grove, Sunday.

Mrs. Geneva Sparkman Shaw visited her grandparents, Mr. and Mrs. C. M. Head, Sunday.

Bro. Wade and family were visiting in this community, Sunday.

For so long we have been hindered in our H. D. meetings. Next Monday being our regular meeting day we plan to meet again. There is so much work to be done so let's get in line with other clubs of the county and get all the good we can with Miss Scott's help.

Millard Coffman is at home, recovering from injuries received in a car wreck.

Luther Russell and sister of

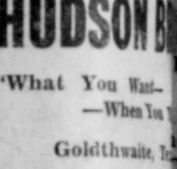

It's the Candy in the wrapper that makes the difference.

Mrs. L. E. Miller left Wednesday morning for Austin to be with her niece, Mrs. Maud McDonald, who was to undergo a major operation.

Farest Frazier has been sick this week with flu.

Mr. and Mrs. Allen Meeks have been seriously ill this week with flu. They were somewhat improved yesterday.

Mrs. Sara Campbell, who celebrated her 91st birthday last week, has since been critically ill with pneumonia. She was some better yesterday.

Mr. and Mrs. Robert Weaver of Waco accompanied by Miss Rosa Jean Peebles of Lexington, spent the week end with their parents and grandparents, Mr. and Mrs. W. M. Johnston.

Jones Valley
By Mrs. Geo. D. Brooks

Mrs. W. B. Wilcox was operated on at Sealy Hospital, at Santa Anna, Jan. 30. She stood the operation fine and seems to be improving. Arthur Wilcox took Mrs. Tom House to Santa Anna, Sunday, to stay with Mrs. Wilcox. Mr. Wilcox came home with him. We hope Mrs. Wilcox will be able to return home soon.

Mrs. Geo. Brooks and Mrs. O. B. Bell spent Wednesday evening with Mrs. Arthur Wilcox.

Billy and Rufus Hanson have been staying in the Arthur Wilcox home while Mr. and Mrs. W. B. Wilcox were at Santa Anna.

Mr. and Mrs. Jack Griffin and family of Eldorado visited Mr. and Mrs. Dalton Powell and Mrs. Dolly Langford and family this week.

Mr. and Mrs. Taz Renfro of Goldthwaite took dinner with Mr. and Mrs. Odin Renfro, Sunday. In the afternoon they visited Mrs. Langford.

Mrs. O. B. Bell and daughter visited Mr. and Mrs. Earl Hale, Sunday evening.

Raymond Wilcox spent Saturday night with Horace Brooks.

Mrs. Dalton Powell and children spent the day, Friday, with Mrs. Geo. Brooks.

Mrs. M. T. Jernigan visited Signor Jernigan, near Lometa last week.

CHURCHES

Methodist Church

Our regular services will be held Sunday and we urge all our members and friends to worship with us. Everyone should "take time to be holy" and keep the Lord's Day as a day of spiritual refreshment and devotion. "I was glad when they said unto me, let us go unto the house of the Lord."

Church school, 9:45 a. m. Morning Worship, 10:50 a. m. Epworth League, 6:15 p. m. Evening service, 7:15 p. m. Mid-week service, Wednesday, 7:15 p. m.

FRED J. BRUCKS, Pastor

Missionary Society

The Methodist Missionary Society Circles No. 1 and 2, met at the home of Mrs. Fred J. Brucks, Monday, Feb. 6, at 3:00 o'clock.

The house was called to order by the president. The entries were read by the secretary and stood approved as read.

Our new year books were ready and were passed to each member.

The Society expressed a vote of thanks to each person having a part in the preparation of the year books.

The following program was rendered with Mrs. T. C. Graves as leader, on the topic, "Widening the Horizon of Our Homes."

Prayer—Mrs. Hester.
7th chapter of Luke by Mrs. Jim Weatherby.
Wide Walls by Mrs. Evans.
Song.
Missionary topic — "Widening the Horizon of Education in Our Homes by Mrs. Bob Edgar.
"New Responsibilities of the Physical Life of the Home" by Mrs. Malcolm Jernigan.
"Enlarged Life for the Home" by Mrs. Floyd Blair.
"To Protect the Family from War" by Mrs. Aubra Hudson.
"Enlarged World Causes for Understanding of God" by Mrs. De Jong.
Circle No. 1 served refreshments of cherry pie with whipped cream and coffee, to 15 members of each circle.

We adjourned to meet Feb. 20, and to use next Monday, Feb. 13, as Visiting Monday.

Nazarene Church

Sunday was a good day with our church. The Lord did bless in the morning service.

Then after service it was our happy privilege to go to the home of Mr. and Mrs. Henry Featherston for a table covered with good things to eat. How we did enjoy eating and talking of old friends at O'Donnell, where we use to live.

The missionary ladies had charge of the young people's hour, Sunday night and rendered a very interesting program.

Sunday school, 9:45. Subject, "Peter Heals A Lame Man."
Message, "Our Indispensable Duty."
S. N. Y. P. S., 6:30 p. m. Special Song, 7:30.
Message, 7:45. "The High Priesthood of Christ."
Visit the Friendly church.

The W. F. M. S. of the Nazarene Church met in the home of its president, Mrs. Williams to quilt her a quilt, but found out a little later it was for the pastor, Mrs. Pearl Keeton.

Those present were: Mmes. W. T. Keese, Smith, Clyde Eaton, Ellis, Dempsey, Fox, Cassel, Pearl Keeton, Williams and Miss Emma Harrison.

MRS. PEARL KEETON, Pastor

Baptist G. A.

G. A. was held Monday at the Baptist Church.

There was an encouraging meeting with nine present.

Officers elected for this quarter are:

President, Gertrude Smith; secretary, Kathryn Wright; treasurer, Louise Skipper; Pianist, Madlyn Porter; program chairman, Dortha Marie Wolfe; reporter, Georgia Porter; sponsor, Beatrice Bledsoe.

The program on prayer was taken from the Worlds Comrade and given beautifully by Dortha Marie Wolfe.

The meeting day was changed to Thursday for the convenience of some of the members.

All girls over nine and under sixteen are invited to come next Thursday.—Reporter.

Athens Class

The Athens Sunday school class assembled at the Ray Ford Cafe, Monday night, Feb. 6, for an oyster supper and then went to the home of Mr. and Mrs. Frank Bowman for an evening of entertainment.

The supper was delicious and perfect in every respect and was attended by a nice crowd.

We arrived at the Bowman home about 8:15 where tables were soon fixed for Progressive 42.

Mrs. Bowman entertained the crowd during the evening with musical numbers and songs.

Mr. Bowman and Mr. Clements entertained with several songs of their own composition, which were greatly enjoyed.

We were happy to have as our guests, Rev. and Mrs. Dawson, Dr. and Mrs. Slaughter, Mr. and Mrs. Cloninger, Mr. and Mrs. Tom Henry, Mr. and Mrs. Beldsoe, and Mr. and Mrs. Miller.

There were 43 guests present for the evening and enjoyed games until a late hour. We departed expressing our thanks to Mr. and Mrs. Bowman for a grand time and are looking forward for another evening in their home.

Junior League

Leader—Addie Jean Porter.

Subject: "Laying Good Foundations." Following the rules of health.

Song.

Scripture—Bobby Johnson.

Talks by the following: James Smith, Dorothy Ruth Patterson, Norma Ruth Featherston, Billie Collier, Barbara Dell Porter, Benoise Karnes, Nettie Ruth Brucks.

West Lake Merritt

By Miss Inez Ritchie

We wish to extend our sincere sympathy to Mrs. Ira Hutchings and Mrs. Mohler Oglesby and other relatives in the death of their mother, Mrs. Sallie Harrison.

Charles Thompson and wife spent Friday in the John Dellis home.

Mr. Reid and Gordon Langford called in the J. C. Sanderson home, Friday evening.

Mrs. Frank Doggett visited with Mrs. Y. E. Hoover in town, Saturday morning.

J. W. Ritchie and family visited with his mother, in the Robert Long home Saturday afternoon.

Normagne Hill spent the week end in the Hutchings home.

Mrs. Aubrey Cline and children spent the week end with her mother, Mrs. Booker.

Mrs. J. C. Sanderson and children spent Saturday in Mullin with Mrs. Ruth Tullis.

Misses Lois Fuller, Bessie Hutchings and Otis Hutchings were guests in the Ira Hutchings home, Saturday night.

Dixie Webb and family spent Sunday with his daughter, Mrs. Padgett of Big Valley.

F. D. Waddell and family and Tom Cave and family, celebrated a birthday dinner with Mrs. Baker, Sunday.

Mrs. Ellis Stuck and baby of Fredericksburg, are spending this week in the W. L. Stuck home.

Mrs. J. P. Dellis spent Monday in the John Dellis home.

Mrs. J. M. Ritchie and Inez visited with Mmes. A. J. Miller and Kenneth Cockrum, Monday afternoon.

Midway H. D. Club

We met Jan. 20, with Mrs. Dewey Gerald, with five members present, and three visitors.

Mrs. Gerald read the program and each question was discussed by the members.

Feb. 3, we met with Mrs. Mary Glover, with nine members and Miss Scott present. Mrs. Glover acted as leader. At roll call each member answered by making a motion. Miss Scott lectured on soils, fertilizers, hot beds, frame gardens and sub-irrigation. Afterwards she checked Mrs. Kerby's waist pattern.

We will enter a number of articles at the fair. Our next meeting will be Feb. 17, with Mrs. Bertie Hortox. Please bring a list of the articles you have to exhibit. Let us try to go to each meeting if it is possible.

Mrs. Herman McNeill, secretary

Mules, like men, never make any headway while they are kicking.

Center Point Girls' 4-H Club

January 23, 1939, the 4-H girls met at their sponsor's home, Mrs. E. F. Cunningham, for our regular meeting. Miss Scott met with us and took some pictures of the girls and their work.

We elected new officers as follows:

President, Oleta Utzman, vice-president, Lucille Taylor; secretary-reporter, Florence Davis and game and song leader, Ruth Stark.

We adjourned until our next meeting on Feb. 8.—Reporter.

Art and Civic Club

The Art and Civic Club met at the home of Mrs. Marvin Hodges, Feb. 2, with Mrs. A. L. Whittaker leader on the subject: "Nazi Germany."

Mrs. Maston Pribble gave a most interesting talk on the rise and fall of music in Germany.

Mrs. A. H. Smith told of the Hohenzollern family, and Mrs. John Schooler read a paper on Hitler's Creed and Aims.

The Club will go to Hamilton, Feb. 14, to be the guests of the Twentieth Century Club of that city.

Mrs. Hodges served an attractive tea plate to members and Mmes. L. E. Miller, W. E. Miller, J. M. Campbell, E. B. Anderson, Walter Fairman, Floyd Blair, R. E. Clements and Miss Sivel.—Reporter.

P.-T. A. Report

The Goldthwaite P.-T. A. met Wednesday, Feb. 8, in the Grammar School Auditorium.

Following the business session, Mrs. Ed Gilliam as program leader, presented the following numbers:

Piano solo—Louise Skipper.
Invocation—Rev. F. J. Brucks.
Piano solo—Nettie Ruth Brucks.
Talk on health—Dr. J. M. Campbell.
The Freshman mothers were hostesses.

Tuesday Study Club

Mrs. Sparks Bigham was hostess to the Tuesday Study Club, Tuesday, February 7.

After a brief business session, the book, "Rebecca" by Daphne du Maurier was reviewed in a very interesting style by Mrs. Roy Wilkins.

Refreshments of pie and coffee were served to 12 club members and one guest, Miss Ethleen Adams.

BATTLE OF TAXES—

(Continued from page 1)

require 100 votes in the House. This indicates very clearly that there are 45 members already unwilling to vote to submit a sales tax until they have laid some of the tax burden where it belongs, on the rich natural resources producers of Texas. It is certainly reasonable to believe that the anti-sales tax group can recruit six additional votes, before the show-down, and if so, there won't be any sales tax submitted.

There's A Limit

Discussion of the transaction and sales tax proposals, many legislators declare, has brought home to thousands of citizens the fact that there is a limit to the ability of the State of Texas to pay out money for pensions, and for any other governmental function. Letters being received daily by members of both houses indicate that many citizens are now seeing the necessity of a commonsense limitation to the pensions and other social security programs.

Many observers here believe that the Legislature, sobered by a better understanding of the millions of dollars of tax money which will be required to finance any general granting of pensions to everybody, regardless of need, may eventually liberalize the pension law to some reasonable extent, to take care of actually needy persons not now receiving pensions, raise a limited amount of additional revenue through hiking present natural resource and special taxes, and turn its attention to achieving a better financial structure for the State through economy and elimination of waste in the operation of existing governmental departments.

Vaccination Urged To Stop Smallpox

With an epidemic of smallpox in Dallas now, and since over 600 cases of smallpox were reported in 1938, the State Health Department urges everyone who has not been vaccinated within the past five years to be vaccinated at once.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period averages from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are more characteristic of smallpox than of any other disease occurring in temperate climates. At the end of 3 or 4 days of these preliminary symptoms, an eruption appears which, within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradistinction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination against the disease is economical, safe and sure and brings complete protection. Smallpox stands as one disease which science has brought completely within human control, and the State Health Department's advice is to be vaccinated immediately if you have not been vaccinated within the last five years.

CALL IT MURDER

Last December, according to the Texas Department of Public Safety, there were 1,290 automobile accidents in Texas in which 196 persons were killed.

Seven hundred, or well over one-half of all the accidents, were absolutely unjustified. In 212 the driver did not have the right-of-way.

The persons who were killed in these 700 accidents were MURDERED. For those who commit suicide with a motor car we have little sympathy, much as we bemoan the results to their families.

Here are some other surprising facts from this report: More accidents occur between 6 and 8 p. m. than at any other time, but nearly one-half occurred in broad daylight.

There were 1992 male drivers to 259 female drivers in accidents. More accidents occurred on the open highway than anywhere else, with the city coming second.

Only half as many accidents occurred at intersections as elsewhere, and 1712 of the vehicles involved were going straight ahead when the accidents occurred.

Defective brakes caused 49 accidents, defective steering gear only 23 and 2074 of the cars involved had no defects.

Summing it all up, it is not too severe to say that at least half of the auto deaths in Texas in December were simply auto murders.

YOUR ELECTRIC BILLS

According to a recent publication of the Federal Power Commission, Goldthwaite ranks as follows among 240 other Texas towns of 1000 to 2500 population in the rates charged here for electricity:

Table with 4 columns: Town, 25 KWH, 100 KWH, 250 KWH. Lists towns like Pasadena, Goldthwaite, Texhoma, etc.

(a) Served by Community Public Service Co. (b) Texas Power & Light Co. (c) Texas Electric Co. (d) Houston Lighting & Power Co. (e) Panhandle Power & Light Co. (f) Texas Electric Service Co. (g) West Texas Utilities Co. (h) Municipal plant.

Since these figures were collected there have been widespread rate reductions, but the relative position is the same.

About the only conclusion that can be safely made from these figures is that electricity is cheaper in the larger towns and cities and in those on high lines than in the smaller communities.

THIS TIME OF YEAR

From now until March 15, the business men of America are likely to wear that harassed look that shows its owner to be struggling with his income tax return.

But while most unpleasant, there are many other equally annoying government reports that must be submitted, most of them being required soon after the close of the calendar year.

It is quite likely that there would be better feeling between business and government if nine-tenths of the reports and returns could be eliminated.

"If trees are planted where they are needed and with consideration for the size they will attain within a few years, they usually fit nicely into the landscape picture."

Miss Hatfield stated: "Generally they should not be planted in straight rows as gives an artificial and mechanical picture, but should be placed so as to look as if they grew naturally where they were planted."

Some Business Firms Must Fill Out as Many News Item: As 141,000 Government Reports Annually

Read Editorial, "THIS TIME OF YEAR"

THE VOICE OF THE PEOPLE

The country newspaper is the real voice of the people. The small town business man is the backbone of commerce.

The country editor in daily touch with the merchant, farmer and man-on-the-street hears what the people think. That is freedom of speech.

Is it effective? It was the farmer and small business man, making known his opposition to the NRA, through the medium of the country press, that rendered that oppressive act ineffective.

One need not bother to read a Gallup poll on any truly national question. If one has a digest of the editorials of the country press, it will be known before the poll is published what America is thinking and what the people are saying.

The country newspaper is the most American thing in America, because it is the voice of the people of America.

Editor's Note: This article, written by John L. Riddell, assistant attorney general of Nebraska, appeared recently as a "guest editorial" in the York (Neb.) Republican.

Plant Shade Trees

COLLEGE STA.—"We don't usually think of it during winter, but now is the time to remember how much shade trees were needed here and there about the home last summer," says Sadie Hatfield, landscape gardening specialist of the Texas A&M College Extension Service.

Trees transplanted now from nurseries or the woods will have an opportunity to settle into the soil and be ready to grow by the time spring arrives, she pointed out.

"If trees are planted where they are needed and with consideration for the size they will attain within a few years, they usually fit nicely into the landscape picture."

Baptist Arrested and Suppressed in Rumania

The oppressions and evils growing out of a union of Church and state are again evident in contemporary Rumania where the Government is under the domination of the Rumanian Orthodox Church.

The Baptists recently commenced their work of teaching and preaching in Rumania, with the result that they had a communicant membership of between 70,000 and 80,000, with 1,602 churches.

The oppressive methods used by the State and State-Church authorities not only denied the right of these evangelicals to preach the Gospel of the Kingdom, but also denied them the privilege of meeting according to the dictates of conscience.

The Baptist Church of the United States, which is the largest of the evangelical and democratic Churches in this country and the world, has entered earnest protests against the Rumanian action.

The Baptists of Rumania who are natives of the country and loyal to the Government, but not content with the teaching of the old "Catholic" Church, have closed their churches in face of the intolerant attitude of a church-controlled Government.

COLLEGE STA.—"We don't usually think of it during winter, but now is the time to remember how much shade trees were needed here and there about the home last summer," says Sadie Hatfield, landscape gardening specialist of the Texas A&M College Extension Service.

Trees transplanted now from nurseries or the woods will have an opportunity to settle into the soil and be ready to grow by the time spring arrives, she pointed out.

"If trees are planted where they are needed and with consideration for the size they will attain within a few years, they usually fit nicely into the landscape picture."

For Better Times

The Association of American Railroads has issued a booklet entitled "For Better Times—A Square Deal in Transportation," which should be read by every citizen.

Range Program Favors Tanks

COLLEGE STA.—The 1939 range conservation program of the AAA calls for a wider distribution of earthen tanks and reservoirs and more emphasis on spreader terraces to check rainfall run-off.

Slaughter also pointed out that the new range program, which does not differ fundamentally from that of 1938, hopes to attract more ranchmen and stockfarmers of East Texas and other more or less humid areas by providing payment of \$3 an acre for rescoding of bald range land with adapted varieties of range grasses.

Payment for construction of spreader terraces has been increased from 40 to 60 cents a hundred linear feet.

For construction of earthen tanks or reservoirs, payment will be at the rate of 15 cents a cubic yard of material moved not in excess of 5,000 for each tank or reservoir.

A ranchman may earn up to 60 per cent of his range building allowance by this deferred grazing practice.

A recent revision of the 1939 rules eliminates the digging of wells as a special range-building practice under the program.

Buy Public Health

"A public health axiom, often proved, states that 'public health is purchasable and within natural limitations any community can determine its death rate.'"

In the first place no more serious disease is as widespread as syphilis. Annually we have twice as many cases of syphilis as tuberculosis, 13 times diphtheria, 28 times typhoid and 50 times infantile paralysis.

University Students Want to Fly

AUSTIN.—College students of America thoroughly approve President Roosevelt's plan to put wings on 20,000 collegiates as part of his \$500,000,000 national defense program.

Results from 82 colleges, measured from the University of Texas, showed that only three out of every ten college students opposed the program which would spend \$10,000,000 for training young aviators at aerially-strategic campuses over the nation.

As a trial balloon, aviation would become a vital part of the training for 300 volunteers in the universities of Washington, Alabama, Minnesota, and at Purdue University, Texas Agricultural and Mechanical College, Georgia School of Technology and Massachusetts Institute of Technology.

The course would provide six months training in solo and dual flying calculated to build a reserve of 100,000 American pilots with fifty or more flying hours, the Surveys stated.

Collegians voted 71.8 to 28.2 per cent to "approve President Roosevelt's plan to train an air reserve corps of 20,000 men now in college."

In an earlier poll, the college students voted 62 per cent to 38 per cent in favor of the President's huge rearmament program.

NEIGHBORING NEWS

ITEMS FROM LOCAL PAPERS OF TOWNS MENTIONED

Lampasas

The payment of 1938 poll taxes in Lampasas county before the "dead line" for voting in any election during the year 1939 was 1,887, or 117 over those paid at the same date of 1936 polls, the last "of year" for voting.

Mayor R. J. Paine has received the following telegram from Max Starcke, operating manager of the Lower Colorado River Authority:

"Sales contract with Texas Power & Light has been signed. It will require some time to get actual transfer on property. In meantime we will be in position to go fully into details for acquisition of distribution system by your city.

All the extra land but one tract needed from Lampasas to Adamsville, by the highway department, has been secured. The bids for contract for this job will doubtless be called for about the 21st of this month. Also, the work on highway 74 from Lampasas to Lometa is going on in a fine way. Quite a number of local people are employed on this work.—Record.

Comanche

Comanche was assured a berry canning plant this season when Walter Durham, manager of the Durham Pecan and Peanut Plant announced that he would operate the plant during the coming season.

The court house bond issue was approved by a majority of the voters who cast their ballots in the special election held in this county Saturday, the ratio for the bonds being about 5 to 3. Only a majority was required to issue the bonds.

More than 2,500 poll tax receipts had been issued by the county Tax Collector's office by Thursday morning, February 2.

Contract for the construction of 250 miles of rural electric power lines of Project No. 1, in Comanche County was let Friday to the O. O. Fuller Construction company, Nevada, Missouri.

The bid of \$137,218.39 by the Fuller Company was the lowest submitted. The contract was approved by Government authorities at Washington, Tuesday.

Dwight Brightman, former sheriff of Comanche county, who has been an officer in the U. S. Department of Justice for the last four years, has been transferred from Knoxville, Tennessee to Denver, Colorado.

Four Comanche persons were injured in an automobile crash Thursday midnight, as a car crashed into a truck near blanket, then rammed the automobile of Mickey Carter, who with his son, Gene, and Pink McCrary and Tom Carnes, were returning from the fights in Brownwood. The automobile crashing the Carter car was occupied by a negro man and woman, who were carried to Brownwood.

Fifty-two rats in four nights without the expenditure of a cent was the reward of J. L. Woolsey of the Soda Springs community who used an old plan to get rid of the rodents which had been eating a bushel of corn a day for him.

Mr. Woolsey said he filled a tub half full of water and sprinkled hay over the top of it and around the tub as high as its top he piled loose hay. The next morning after the first night he took out of tub 12 drowned rats, the next morning 16, the next 9, and the fourth morning 15.

Denton has one of the prettiest cemeteries in the State. One reason is that whenever a person violates a city ordinance, such as running a red light or failing to stop at a stop sign, the offender is always fined \$3.00 and given the option of paying cash or working it out in the cemetery at 25c per hour.

It is a \$3.00 fine in Denton for college boys to attempt to hitch hike from the college to town. Most of the offenders work out the fine at 25c per hour in the cemetery.

Lee Campbell, pioneer resident of Comanche, passed away at his home here Thursday at midnight.

Death struck twice within eight days at the home of Mr. and Mrs. Harvey Mayes of the Democrat community, Saturday,

San Saba

In an effort to avoid colliding with another car on a bend in the road between Llano and Valley Springs, Lawrence Arvil Taylor, 26-year-old son of Mr. and Mrs. Frank Taylor of Llano, was fatally injured when his car went out of control and hit an embankment at 7 p. m. last Sunday evening. Death was due to a skull fracture.

A movement, instituted by County Judge J. B. Harrell, M. E. Millican and others is now being revived for the placing of a granite monument on the courthouse lawn, with the names of the early settlers of San Saba county engraved on the stone.

Death struck twice in the same family here this week when a long illness took Mrs. T. V. McCauley at her home on China Creek Thursday, to be followed by the sudden death of her brother, James Gauney, Tuesday at 4:00 a. m. Mr. Gauney, who helped select the casket for his sister three days before, was stricken Monday afternoon while plowing and was found in the field where he was working about 4:00 o'clock. He never regained consciousness.

Mrs. R. D. Linn and daughter and son, Mrs. Irene Gibson and Loftin Linn, visited Mr. and Mrs. J. H. Allen in San Angelo Sunday. They were accompanied home by Mrs. W. T. Linn and Miss Marga Wanda Gibson, who had spent the past week in the Allen home.

Mrs. Leonard Skaggs of Brady, formerly of this city, visited friends here part of last week.

Dry cows should be fed and put on good pasture to get them in good condition before freshening.

Lometa

There will be an important meeting at Bend next Thursday night, February 9, for the purpose of seeing what can be done about rebuilding the bridge.

According to Joe Bornstein, the doors of the Lometa Dry Goods Co., will swing shut Monday night, February 6, and finish will be written for this firm, so far as doing business in Lometa is concerned.

But just now the public schools of Texas are in a terrible shape due to the fact that the State is not meeting its part of the obligation that the department of education pledged to all rural aid schools. Many schools are faced with a seven-month term this year. Some have already ceased issuing vouchers for the simple reason that their treasury is in the same condition that Old Mother Hubbard found the cupboard. Yes, we would like to see every old person draw a pension, but we cannot help but think just how important it is that the schools of the rural districts go on, giving our children the same advantages as the city children get.—Reporter.

COW STEPS ON CAT'S TAIL; THINGS HAPPEN

BARTLEY, Neb.—Things happened when a cow John Proud was milking stepped on a cat's tail.

The cat scratched the cow. The cow kicked and struck Mrs. Proud, fracturing the woman's leg.

Proud tried to pull his wife from under the excited cow. The cow kicked Proud, breaking his leg.

TWO HONOR SELECTIONS MADE RECENTLY

Who's Who Students

At the Stunt Night program, last Friday night, the names of the students who had been nominated to be listed in the book to be published entitled, Who's Who Among Texas High Schools" were announced, and the names of the six lucky students were made public.

On the list receiving Honorable Mention were the following names: Aileen Mahan, Virginia Ruth Rudd, Lollie Obenhaus, Sumter Gerald, J. W. Laughlin, Cartwright Oglesby, Walter Bryant, Ellen Allen, Ina Bea Hale, J. T. Soules, Roselyn Berry, Laura Helen Saylor, Katherine Hodges and Darwin Denson.

The six students who will be listed in the book are Aubrey Smith, Harriet Allen, Thelma Henry, Mammie Lou Womack, Lawrence Stokes, and Joe Bailey Kerby.

Nominee for D. A. R. Trip

All of the members of the Junior and Senior classes were asked to nominate one senior girl as the Goldthwaite High School Candidate for the trip to Washington D. C. with all expenses paid by the Daughters of the American Revolution.

Thelma Henry was the girl who received the highest number of votes. Her name will be sent to a district office where one name will be selected and sent to the state office. The girl whose name is finally selected will be treated to the trip mentioned above.

SENIOR NEWS

The seniors are very happy that they won the "Stunt Night" prize, last Friday night. We had an excellent cast, especially the superintendent. A pillow is a very comfortable accessory to a sleeping chamber, but when attached to one's middle joint, it is a bit out of place; a bit warmish, too. For further details about this matter, see Sumter Gerald. And as for the impersonator of Miss Gatlin, we have only one criticism to make—we just don't believe that the real Miss Gatlin smiles as coquettishly to the real Mr. Smith as Laura Helen did to Sumter; how about it, Sumter?

The prize money which we received will be used for payment of play books and for the general fund.

DEBATE

The members of the Debate Club are planning a trip to Austin, February 10 and 11, where they will attend a debate tournament. There will be some college debates and also some between high schools from all over the state. Some of our members will participate in these contests. There will also be some speaking on the subject which is, "Resolved that Texas Should Adopt a Retail Sales Tax.

The debaters expect to get some valuable information from these speeches.

READ THE ADVERTISEMENTS

SOPHOMORE CLASS

The sophomore class is happy to have Elaine Collier back with us after recovering from an appendicitis operation.

DID'JA KNOW? DID'JA?

People just don't seem to like the Snoop, because every time I try to get some first-hand information, they always ask, "Are you the Snoop?" So I just have to get out and dig up the news myself.

It seems that Stoddard is really having girl-trouble. We wonder just what time it was when he got home Saturday night? (We hear it was rather late!)

Well, Red is back in school, so Veseva won't have to carry any more of those letters for Catherine. Did everyone see that cute little picture she has?

At last—it's happened! Billy is really and truly in love! He combs his hair and washes behind his ears everyday, now. Ain't it terrible!

The Roller Rink seems to be having a bad effect on some of our students from the looks of the knees and even the hearts.

Talk about chislers—John Henry really is one—at least, that's what Pat thinks!

Little Aubrey is really rushing a little freshman these days. He was really getting nowhere fast, Sunday afternoon.

We wonder if Dave's candid camera is still in good condition? It wasn't Saturday afternoon—at least Marjeanne and Etoile hope it wasn't, when they fell at the Roller Rink!

It was really worth the time being present at the apology of a certain little soph girl and junior boy Monday morning. We wonder how these little red-headed boys get in so much trouble with their blond-headed girls?

Mentioning blonds—We think Charlie must have gone with one from all we hear.

What is this we hear about Woody having a new girl. I'll try to describe her and let you guess who she is! She has black hair, and blue eyes. A senior, a perfect sport and is about five feet tall. Think you know who she is?

The big important question of the week is "Who is a perfect blond, 16, a senior and doesn't take a picture well. (We wouldn't even hint that it might be Kathleen!)

Why doesn't Red like to be teased about his little lily white hands. Does it make him feel like a sissy? And by the way, is Morris called "Red" because of the color of his hair or because of the color his face turns when Coach tells him "Certain" people have been missing him!

The "gift to women," Dave Hogan, has caught him a new girl who just comes to his shoulder. Anyway we hear he has not only this one, but another to his list of admirers.

Milk cows will do better if they have plenty of salt and calcium. A mixture of two pounds of pulverized limestone or oyster shell flour and a pound of salt, placed in the pasture where cows can lick it when they desire, will bring results.

New Way to Cure Wolves in Cattle

COLLEGE STA.—Treatment of animals infested with the larvae of the heel fly, variously called cattle grubs, ox warbles, or "snives," on the Martin Ranch in King county in early 1938 indicated a probability that this serious pest of dairy and beef cattle may be eradicated in given areas through co-operation of groups of dairymen or ranchmen.

The heel fly costs the Texas cattle and dairy industry millions of dollars annually through losses in weight caused by animals seeking water holes instead of grazing and by impaired vigor

because of the grub damage. Control in the past has consisted of "popping out" individual grubs and by individual treatment with a rotenone-bearing material, such as derris or cube root. The individual treatment required for each grub made the job impossible except on small herds. The USDA Bureau of Entomology and Plant Quarantine developed a method of treating animals with a rotenone dust that speeded up the process.

On the Martin Ranch a wash of one gallon of water, two ounces of neutral soap, and one pound of finely ground powder of five percent rotenone content—enough to treat 20 animals—was used, according to R. R.

Reppert, entomologist of the Texas A&M College Extension Service. Application was made with coarse, short-bristled stable brushes to thoroughly cover the backs of the animals.

It was found that four men, working in a chute, could treat cattle at the rate of one per minute. Treatments at monthly intervals resulted in cutting down the number of grubs the following year to 1.96 per animal as compared with 7.98 in untreated animals in a pasture four miles away. Heel flies do not fly far, Reppert said. Other results of the treatment were increased vigor and excellent condition of treated animals and less annoyance from heel flies during the egg-laying season.

Texas Jobless Draw Millions

AUSTIN.—One year ago on January 27, Texas launched its program of paying jobless benefits with a check of fifteen dollars to an unemployed Austin electrician.

This year, on the anniversary of that date, more than ten million dollars have been put in the pockets of eligible jobless Texans by their cashing more than a million checks on the Unemployment Compensation Commission. Looking back over that period, Orville S. Carpenter, chairman director of the commission, revealed that ninety-five per cent of the checks for total unemployment were issued in less than three weeks time between the end of the first compensable week and the date of the first benefit payment.

Under the law a claimant for jobless insurance must serve a two weeks waiting period in which every effort is made to help him secure suitable employment. Texas has been acclaimed No. 1 state, both in job placements and in promptness of benefit payments among those states now paying jobless benefits. No bad record for admittedly the biggest bookkeeping and administration job in the state.

Less than one per cent of the checks were ever delayed more than four weeks and these delays were necessitated by the failure of employers to report correctly the wages of their employees covered by the act.

Mrs. Baird Dead

Mrs. Rosa Baird, the wife of C. F. Baird, died at their home in Sipe Springs last Saturday and was buried Sunday in Desdemona. The Bairds operated the Saylor Hotel dining room here for several years and had many friends whose sympathy is extended to Mr. Baird.

CARD OF THANKS

Words cannot express our sincere appreciation to friends and neighbors who helped in anyway lessen our sorrows in the loss of our mother.
May God bless each is our prayer.

Mrs. Ira Hutchings
Mrs. J. M. Oglesby
T. E. Harrison
Mrs. J. W. Tims and families.

ILLINOIS VISITORS EXPECTED

John Vernon Hill, son of Mrs. C. H. Evans of Mexia and a cousin of Mrs. Oscar Hill, was married on Christmas Day to Miss Dorothy Armstrong in Flora, Ill. As the young groom was reared at Center City, he and his bride are contemplating a visit here in March.

Miss Charline Evans of Mexia attended the nuptials.

In 1880 per capita consumption of paper in the United States was 20 pounds a year. Today, avid reading Americans have increased consumption to 120 pounds per capita.
