## Mrs. Bennett Named Cancer Chairman

## Over 100 Persons Meet, Discuss Hospital Plans

As the new Chairman of the Muleshoe American Cancer Society's annual fund-raising and educational Crusade, Mrs. R.G. Bennett III will lead an April effort to convince people of the importance of cancer safeguards. This crusade will be duplicated in communities all over the country. The ACS theme this year is "We Want To Wipe Out Cancer In Your Lifetime".

Cancer is not one, but many forms of a disease that can attack different parts of the body in all age groups. Still there is something in common: cancer is most curable when caught early and treated promptly and properly.

For this reason, as workers speak to friends, neighbors and business associates during the crusade, they will be teaching them the importance of cancer's warning signals. "If you don't know cancer's warning signals, how do you know you haven't got one?"

All together the Warning signals spell out the word Caution:

- Change in bowel or bladder habits;
- A sore that does not heal;
- Unusual bleeding or discharge;
- Thickening or lump in the

breast or elsewhere;  
Indigestion or difficulty in swallowing;  
Obvious change in a wart or mole;  
Nagging cough or hoarseness.  
"All of these signs are rather ordinary, but if a condition persists, see a physician. Remember, this is a warning signal, not a diagnosis of cancer. But it is up to a physician to

## Top Officials To Speak At GSPA Meeting

The annual meeting of the Grain Sorghum Producers Association will draw members and guests from across the U.S. on March 1-2.

Duke Ligon, a deputy assistant administrator in the Federal Energy Office, is among speakers at the GSPA meeting. Ligon's appearance was announced by A.W. (Dub) Anthony, Jr., of Friona, Tex., GSPA's president.

Other speakers include Glenn Weir of Agricultural Stabilization and Conservation Service;

The Chamber extends its wishes for a successful future in Muleshoe.

## Baling Wire To Be In Short Supply

"If you plan to use baling wire in your hay-making operation this spring and summer, put your order in now," urges an economist for the Texas Agricultural Extension Service.

Baling wire will again be in short supply this year, believes Dr. Arthur Gerlow. And unless farmers, ranchers and custom operators order early, they may experience a shortage similar to or possibly even worse than last year.

"The task of keeping inventories on such steel supplies as baling wire has now shifted from the manufacturer to the distributor or retailer," points out the Texas A&M University System specialist. "This enables the manufacturer to ship to distributors directly off the production line. But the distributor must have his order in at the time of production. Otherwise he may be caught short."

Why did the baling wire shortage hit last year?

According to Gerlow, a combination of things were responsible. First of all, hay production was high last year in most sections of the U.S. Texas experienced one of the best hay crops in many years. So, the demand was high for baling wire and available supplies were just too low.

Furthermore, a shortage of steel, especially the lower quality steel rods used in producing baling wire, kept production down. The steel rods are mainly imported from Japan and Europe, points out the economist, and the industrial boom within those countries has kept the lid on their steel exports.

"Another thing to remember is that baling wire is a low profit item for steel companies to produce," notes Gerlow. "Therefore, the chance of expanded production is rather slim, especially under Phase IV price controls."

Whether or not there will be a noted shortage of baling wire this year will depend heavily on weather conditions, adds the economist. If spring and early summer conditions are favorable for forage growth, hay production could boom. And that would boost demands for baling wire.

"But users of baling wire can't afford to wait on the weather," emphasizes Gerlow. "They must get their orders in now, and even that might be too late."

## Construction Continuing In Muleshoe Area

Construction in Muleshoe continues at a rather fast pace, but, a housing shortage still exists here.

With new industry and new businesses bringing more people to Muleshoe, there seems to be a lack of housing for

## Democratic, LaRaza Unida Primaries Scheduled

In clarifying the information on the local primaries scheduled for May 4, 1974, there will be three separate primaries held in the state, Democratic, Republican and La Raza Unida.

Locally, appearing on the ballot for the Democratic Primary will be Nelda Merriott and Paul-etta Crawford, District Clerk; Glen Williams, Bailey County Judge; Edith Wilt, Bailey County Treasurer; Loyd Stephens, Commissioner Precinct Two; Rudolph Moraw, Commissioner Precinct Four; and Morris Nowlin, Justice of the Peace Precinct Four.

Also appearing on both ballots will be candidates for state offices.

## Lazbuddie Youths Take Honors At Show

Record prices for the prize animals were paid at the auction sale during the annual Farmer County Junior Livestock Show that concluded its two-day run Saturday.

Jacqueline Langford of Farwell 4-H Club, who exhibited the show's grand champion steer, sold the 1,101 pound Hereford for \$1,05 a pound to the Cattle Town Feedyard.

Garvin Thorn of the Friona FFA, sold his reserve champion steer, an Angus, for the premium price of 90 cents a pound to the Hub Grain Co.

The grand champion barrow, owned by Charlesson Steinberg of Lazbuddie was sold for \$1.70 a pound to the Joe Tarter Dur-oc Farm.

The champion sheep brought excellent prices of up to \$5.50 a pound.

Sheep winners included Mike Windham, Tim Smith, Dennis Johns and Russell Windham, all of Lazbuddie, and Duane Mitchell of Bovina.

Steer class winners in addition to Miss Langford and Thorn, were Gene Schueler of Friona and Mark Haseloff of

Persons interested in the West Plains Memorial Hospital, Muleshoe, met in a public meeting at 7:30 on Thursday evening, February 21, 1974, in the Muleshoe High School Cafeteria.

The meeting was to discuss the present Hospital situation in Muleshoe and to elect a Citizen's Committee to study feasible avenues of keeping the Hospital.

The Board of Directors of the Muleshoe Chamber of Commerce and Agriculture, as the Nominating Committee, had prepared a list and contacted nominees who were willing to serve on the Citizen's Committee. Those persons, along with nominees from the floor, were voted upon by some 109 people attending the meeting.

Rick Dennis, Representative of Haney Associates, Inc., of Kansas City, Missouri, and Marshall Cook, Administrator of West Plains Memorial Hospital, discussed background information on the Hospital for the benefit of those present. Afterward, the floor was open for questions. A mimeographed form of questions and answers relating to the West Plains Hospital was provided at the meeting and is available at the Cham-

ber Office for anyone who is interested.

David Sudduth, President of the Muleshoe Chamber of Commerce and Agriculture, presided at the meeting. He said that the Chamber Board, as Nominating Committee, had recommended a maximum number of persons for the Citizens' Committee to be fifteen. They felt this would give a thorough representation of ages, business interests, etc. Upon a motion and second from the persons present, the majority voted by show of hands on a Committee of fifteen.

The 15 persons elected were as follows: Gene McGuire, Jimmy Briggs, Gary Miller, Jim Cox, Linda Murray, Frank Ellis, Mrs. J.E. McVicker, W.G. (Dub) Harlan, Bill Russell, Mary Moore, Robert Hooten, Rev. H.D. Hunter, Frank Hinkson, Horace Hutton and Bob Blackwood. This Committee will begin immediate action relative to their study and recommendations.

## Girl Scout Cookie Sale Underway

There is a new look for Girl Scout cookie sales this year. Cookies were baked by Burry's, a division of Quaker Oats. The five kinds to be sold by local Girl Scouts are chocolate and vanilla cremes, soft-teas, mints, savannahs (peanut butter), and lemon cremes. Cookies will sell for one dollar a box.

Awards for the cookie sales will be: 20 boxes, a certificate; 35 boxes, a poster; 50 boxes, a comb and file set; 100 boxes, a cookie patch; 180 boxes, a campership to Camp Rio Blanco.

Each troop gets to keep 10 cents per box; approximately 42 cents per box goes for the making; the remainder goes for camping equipment and improvements at Camp Rio Blanco.

The sales began on February 22 and ends March 9.

## Scabies Quarantine Lifted From County

A federal quarantine for psoroptic cattle scabies was lifted today from Bailey County, Tex., the U.S. Department of Agriculture (USDA) reported.

The quarantine had been in effect since Nov. 21, 1973, when scabies mites were discovered on cattle in a feedlot. The infected cattle were sent to slaughter and the remaining cattle were dipped in a USDA-approved pesticide. A follow-up inspection program has shown no other scabies exists in the county, according to officials of USDA's Animal and Plant Health Inspection Service (APHIS).

Texas areas still under quarantine include portions of Lamb, Tarrant, Hockley, Hansford and Lubbock counties.

Scabies is caused by tiny, parasitic mites that puncture

the skin of cattle and feed on the body fluids released through the wounds. Heavy infestations result in the formation of large, crusty "scabs" on the skin. Cattle with scabies lick, rub and scratch to relieve the intense itching.

Although scabies does not affect the animal's meat, the skin irritations can cause loss of weight and decreased feed efficiency.

USDA and state animal health officials have been working to halt scabies infestations by treatment of infected and exposed lots and herds and through quarantine procedures. Since July, 1973, there have been 25 outbreaks reported to federal officials. These have occurred in Arizona, Colorado, Kansas, Nebraska, New Mexico, Oklahoma, Indiana, and Texas.

With The Journal Staff

Tommy Black, manager of the Muleshoe Chamber of Commerce and Agriculture attended the South Plains Association of Chamber Executives' Leadership Workshop on Tuesday, February 20. The meeting was held in Lubbock and some thirty persons representing area Chamber offices attended.

World Day of Prayer will be observed Friday, March 1 in the Fellowship Hall of the First United Methodist Church. Come and bring your covered dish for a 12:00 luncheon.

Mrs. Tom Surguine and Mr. and Mrs. Ewald Anderson of Boulder, Colorado are visiting this weekend in the home of Mrs. Surguine's mother, Mrs. Mervin Wiltterding.

Fifteen South Plains College students were honored Tuesday night, February 19, for having the highest grade point average of all students living in residence halls last semester.

Each year in the spring college officials recognize the top dormitory students as well as the top residence halls on campus at a special dinner in their honor.

James Turnbow of Muleshoe and Carleen Schlenker of Friona served as masters of ceremonies.

Mr. and Mrs. Roger Gorrell and Savannah of Austin visited his mother, Mrs. Lula Gorrell over the past weekend.

NORMAN MESSINGER

## Messinger Will Speak At Rotary

Norman Messinger, an Orthodox Jew, now a Christian, will speak at the Rotary Club on Tuesday at noon and will also speak at the First Baptist Church on Wednesday night.

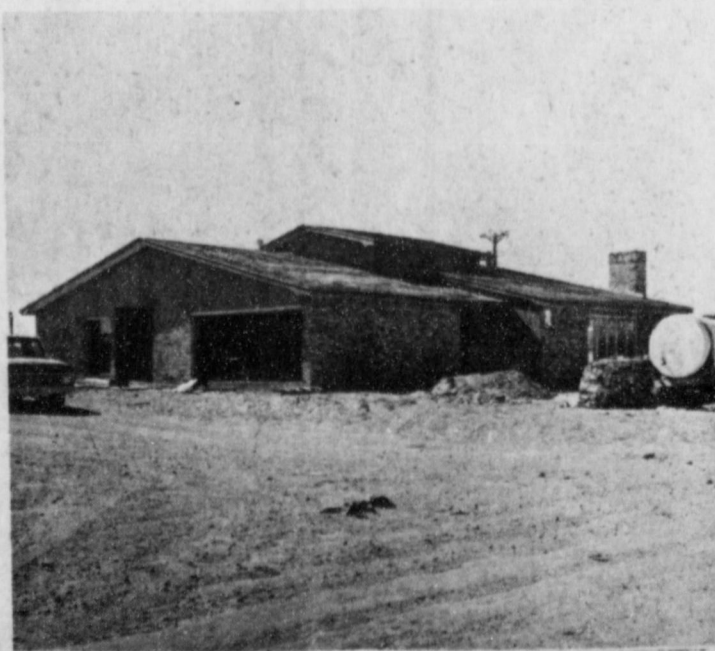

Messinger has been speaking at the West Camp Baptist Church this week. He will speak at that church today (Sunday) at both services.

Messinger, a Christian missionary, has recently returned from a 41 day cruise to Israel and will be sharing his experiences in his talks.

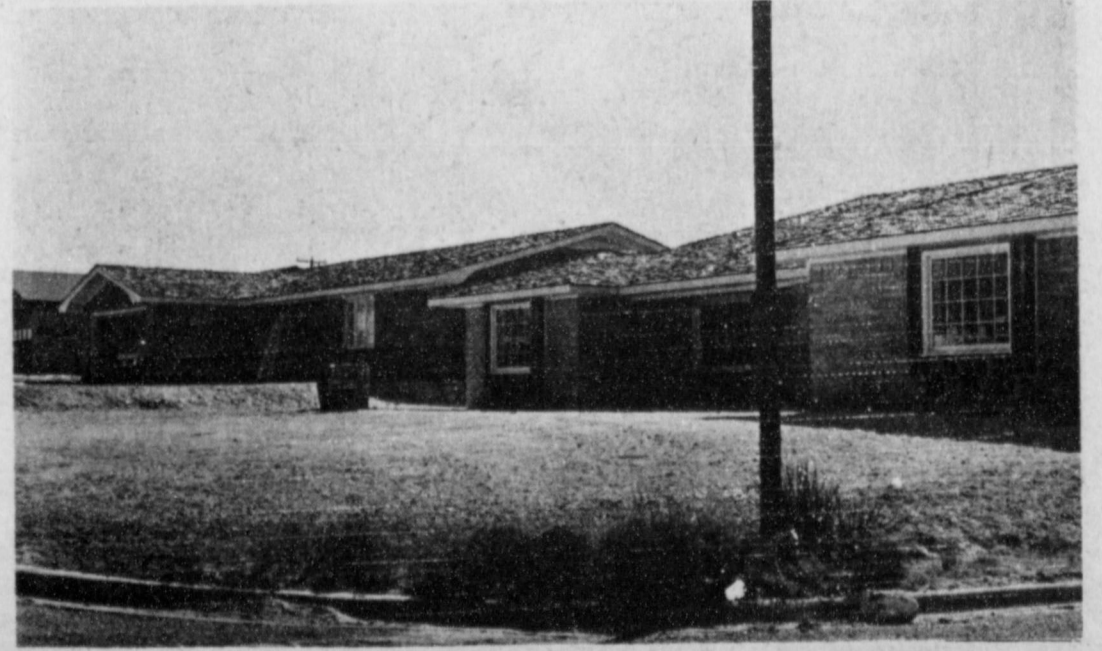

He now lives in Jacksonville, Florida where he is a member of the First Baptist Church.

NEW CONSTRUCTION . . . . . This is only one of several new homes that are being constructed in Muleshoe at the present time. Excellent winter weather has permitted the work to go at a rapid pace this year. This new home is located on 20th Street in Richland Hills.

NEW HOME . . . . . E.T. Ford is constructing this new home in the Country Club Addition to Muleshoe. The house is nearing completion on outside work.

THREE NOW HOMES . . . . . These three new homes in Richland Hills were recently constructed in Muleshoe. These three are already ready for occupancy and are located on Avenue H.

# Miss Davison Is Search Winner

Miss Melanie Davison has been named Lazbuddie 1973-74 Betty Crocker Family Leader of Tomorrow. Miss Davison won the honor by competing with other seniors in the written knowledge and attitude examination on December 4. She is now eligible for state and national honors and will receive a specially designed award from General Mills, Inc., sponsor of the annual educational scholarship program.

State Family Leaders of Tomorrow receive a \$1,500 college scholarship while state second-place winners receive

a grant of \$500. The state winner also earns for his or her school, a 20-volume reference work, "The Annals of America", from Encyclopaedia Britannica Educational Corporation.

In the spring, state winners and their faculty advisors will be the guests of General Mills on an expense-paid educational tour which will include Washington, D.C. and Minneapolis, MN. A special event of the tour is the announcement of the All-American Family Leader of Tomorrow, whose scholarship will be increased to \$5,000.

Second, third and fourth place winners will receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

A \$1,000 Nutrition scholarship is also available again this year from General Mills. The winner of this grant is a participant in the Betty Crocker Search who is planning a college major in nutrition or a related field, ranks among the highest in his or her state on the overall examination and scores highest on the included nutrition questions.

This year, 703,074 students from 14,463 schools were enrolled in the Betty Crocker Search, which for the second year, included senior boys. Since the program began in 1954-55, approximately nine million students have participated and scholarship awards total more than \$2 million.

### WHEN A HOUSE IS NOT A HOME

New housing construction usually leads the economy and it also signals a turn in the business cycle. Housing starts peaked out in the first quarter of 1973 at an annual rate of 2.4 million. While the economy continued to grow through the fourth quarter of 1973, housing starts had plummeted one-third by the end of the fourth quarter.

In the past interest rates have been the key. Rising short-term interest rates attracts savers who withdraw funds from savings and loan accounts and invest those funds in the short-term money markets. This is called "disintermediation", a massive shifting of funds from one major type of savings institution to another part of the money market. Since the savings and loan associations are limited by regulation as to the maximum interest rate they can pay, they are unable to compete effectively with other forms of short-term investment. The

result is a loss of savings funds from the savings and loan associations who then have to cut back on their lending activities to new house buyers.

This slows down new house construction because the builder can't afford to tie up his resources in a batch of unsold houses.

It is now obvious that interest rates are on the way down and in a hurry. The prime rate, which was 10% a month ago, could hit 6% by late summer. This will have a direct effect on the interest rates savings and loan associations and insurance companies charge on their home mortgage loans and real estate loans. So, by being patient, the prospective new house buyer will get the lowest interest rate on his mortgage in about eight months from now.

### Housing...

Cont. from Page 1  
New homes are being constructed in Muleshoe now with several under construction at the present time.

In checking with city records, there has been \$458,900.00 in building permits issued since the new ordinance requiring permits was initiated last fall.

Of these permits, \$425,900.00 were for residential purposes, and \$33,000 were for office buildings.

What has kept a lot of houses from becoming homes is not only high interest rates but higher prices for houses and the higher cost of owning a house. Prices, as every potential house-buyer knows, not only have gone up—they've gone through the roof. The average price of a new house fell 11.5% in 1969 and 1970. But from 1971 to the end of 1973 the average price of a new house rose 48.7% or about 33% more than the Consumer Price Index.

The cost of owning a house has also risen drastically. A major factor in the increased cost of home-owning has been rising property taxes. Although the tax increases have moderated in recent years, other costs have kept moving up. The biggest worries now are the cost of gas and electricity and the gasoline used for commuting. These costs will keep rising over the next several years until some kind of balance between the supply of fuel and the cost of fuel can be reached. Meanwhile, more of the con-

struction cost of a house will go to improved insulation and energy saving devices. And that will give you a hint of what type of stocks to buy now if you want to benefit from the next big push in new house construction.

housing recoveries well in advance. If the forecast of a turnaround in housing by mid-1974 is correct, expenditures for residential construction will begin to pick up in 1975. This means that building company stocks and building materials

company stocks will begin to make their moves between now and the end of 1974.

Too Bad  
It's too bad that the future generations can't be here to help us spend their money.

A kiss on the back of the neck. The smell of roses. A look of love. The peacefulness of walking in a pasture, marveling at God's handiwork. The contentment of lying beside a mountain stream, watching Bluebirds hopping about.

Mr. PopStovall became worse and was taken back to Methodist Hospital Monday afternoon.

Mrs. Montgomery visited her mother, Mrs. Danforth, Tuesday as she does each day.

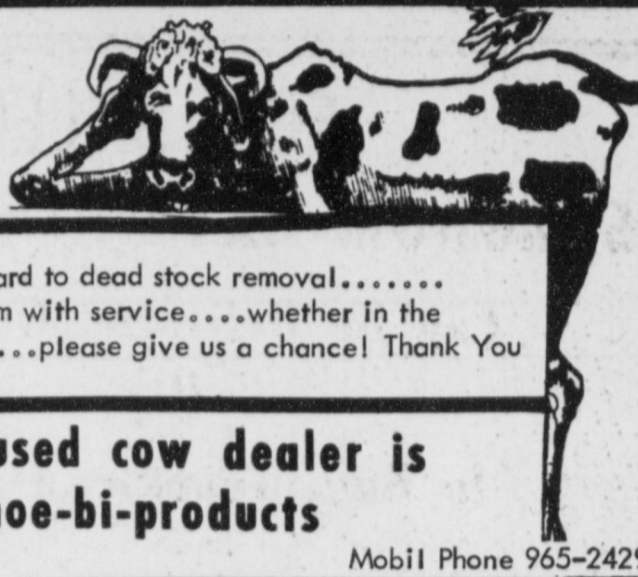

This article entitled "Life" was handed to me by a great friend with the thought that each of you may enjoy reading it too. Life is a smile, A gentle laugh. A hand holding a hand.

The wonderment and joy you feel at watching your children grow into mature, responsible human beings. The undecipherable feelings when you realize they no longer depend on you for their happiness; They have a life of their own. And knowing they stand beside you with their love and selfless consideration. Wishing only for your happiness; with a life of contentment and security in the years to come.

The comfort of knowing you are loved by your friends, and the gratitude you feel because you have so many to love in return.

Life is sharing these moments of peace and tranquility with the one you love. Always beginning with a smile, A gentle laugh. A hand holding a hand, A kiss on the back of the neck. The smell of roses, and his extra special look of love.

### Mulette Maneuvers

The Mullettes finished their basketball season with seven wins and fifteen losses. Although the Mullettes did not have a very successful season, they worked hard and gained a lot of valuable experience for next season. We are looking forward to next season since we had only one senior this year. Brenda St. Clair was our only senior and will be missed next year. Brenda worked very hard, was a good team leader, and had a great attitude.

The freshmen girls had a good season, finishing with thirteen wins and five losses. We are expecting great things from the freshmen next year. The girls are all playing volleyball now and will play at Littlefield Thursday at 5:30 p.m. The last volleyball game will be March 11. After the volleyball season is over the girls will start playing basketball again.

## Muleshoe Chapter Observes FFA Week

The following article concerns the FFA Chapter which observed FFA Week last week in Muleshoe. FFA - the letters stand for the Future Farmers of America, a national organization consisting of young men who have the ambition to become the leaders of tomorrow in agriculture. In 1917, courses in vocational agriculture were first established in the United States under the National Vocational Education Act. A few years later, a number of local departments of vocational agricultural had developed so-called "agricultural clubs". When these local vocational agricultural or-

ganizations grew in number, their success formed a pattern of experience. The idea of combining together local groups of students in vocational agriculture grew in the minds of leaders in vocational agriculture. And so the idea of statewide organizations, with each local group as an active unit, developed. Between 1923 and 1928 some outstanding work was done in many states. By 1927-28 the goal of a national organization of students in vocational agriculture was gleaming in the minds of many leaders. From the North Atlantic, Central, Southern and Pacific

regions, came proposals to build upon the good work of the Future Farmers of Virginia and similar organizations, formulate a constitution for the Future Farmers of America and launch it as a national organization of, by and for boys studying vocational agriculture. The Future Farmers of America was organized in 1938, in Kansas City, Missouri. Thirty-three official delegates representing 18 states were present. Sixty-four delegates from 33 states attended the second convention. The selection of the organizations colors of national blue and corn gold, the first National Public Speaking Contest and the adoption of the Official FFA Creed highlighted the third convention. "Hail the FFA" became the official FFA song in 1931.

## HERO Of The Month Named

By Terina Whalin  
Janie Perez was elected as the HERO student of the Month for February. Janie is the 18 year old daughter of Mrs. Mike Perez, Sr. Janie is employed at Hensley Russell Sewing Factory and is a busy worker at the factory; she turns garments inside out, sews garments, runs errands, inspects garments, marks buttons, cleans sewing machines. Her hobbies are working with others, just working, and horseback riding. Her favorite sport is football. Janie was the installing officer at the installation and was also the chairman of Teacher Appreciation week. Her comment on HECE is that it is a very good program to get into if you want to get experience for later in life. The activities so far the last few weeks have been going well. The girls are really working harder than ever. Plus all the activities they have been doing, they are still working at their jobs. The various things the students have done this month were attend church together and then to the Corral for a lunch together. February 4, the bulletin boards were put up in the hall with the theme of "Make A Giant Leap For HECE!". The bulletin board for the room has the theme "Look Before You Leap." The bulletin boards go along with the program the HECE girls gave for the Rotary Club. February 5-8 was Teach-

er Appreciation Week, and all the HERO girls made food for the teachers lounge. The students baked cakes, made sandwiches and provided potato chips and dips for all the teachers. Chairman for this was Janie Perez, and all the students helped in preparing the food for it. February 14 the HERO girls gave a party for the Migrant children in Richland Hills. The girls made cupcakes and brought Cokes for the children. They also made valentines for each student and the chairman of this committee was Terina Whalin. This party was a part of their individual study. They are mostly getting ready for the coming projects which include a field trip to Beaver Flowerland (not yet scheduled), the scrapbook will be started on February 19. The girls presented a program to the Lions Club February 20. Area meeting preparations begin February 25 and February 26 is scheduled for a field trip to the Sewing Factory. When the HERO girls presented the program to the Rotary Club Tuesday, February 19, three girls from the HECE class went. They were Kathy Burris, Bonnie Said and Laticia Harris. The Rotary Club members seemed enthusiastic about this organization and asked questions about it. For Open House there will be a new bulletin board put up in the HECE room.

The Muleshoe FFA Chapter consists of 106 members. Vocational Agriculture I, II, III and Vocational Agriculture Occupation are offered. The Muleshoe Chapter sponsors a citrus fruit sale twice a year for a money making project. The money made from the citrus sale is used to put on the Parent-Son Banquet. The Muleshoe chapter has several members who show livestock at various shows. Those stock shows which Muleshoe FFA members have attended this year include Dallas, El Paso and San Antonio. Stock shows that members have not yet attended are Houston and Lubbock. The Muleshoe FFA Chapter has sponsored the Littlefield District Banquet the past two years. Gene Rogers, Littlefield District President, is a member of the Muleshoe FFA Chapter.

### Band News

The Muleshoe High School mighty "M" band attended U.L.L. contest Saturday, February 23, 1974, at Monterey High School in Lubbock. The students were entered in any combination of the following: solos, ensembles, trios, quartets, and quintets, which could receive a divisional rating of I, II, III, IV, or V.

### Spanish Club Meets

The Muleshoe High School Spanish Club met Friday, February 15, in the cafeteria. The purpose of the meeting was to make plans for a party. It was decided to have a cook-out. This cookout will be held at the City Park on March 17 at 2:00 p.m.

At the meeting, money making projects were also discussed; and a car wash and bake sale were suggested. The Spanish Club has decided to order patches and it will be discussed further at the next meeting.

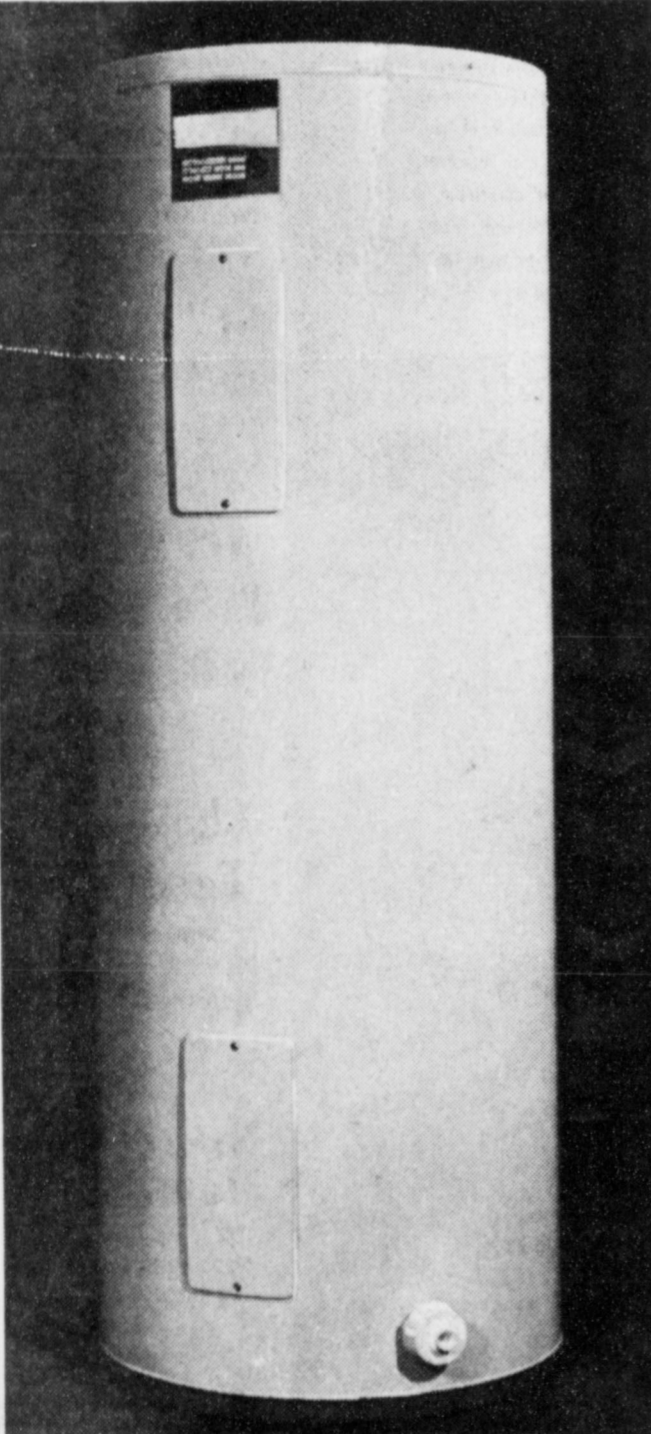

### Student Council Dates

The Student Council has set the following dates: March 29, Talent Show; March 30, Slave Day; April 15-19, Executive Officers; May 3-4, Junior Olympics; and May 15, Senator Elections.

### Students Will Be Attending Houston Show

The Houston Livestock show is scheduled for the week of February 25-March 1. Those students from Muleshoe High School who will be attending are Brenda St. Clair, Cynthia Rogers, Lavern Carpenter, Ross Feagley, Joie Carpenter, Jerry Hodge, Eddie Waggoner, Ricky Smallwood, Gene Rogers, David Saylor, Troy Scott, Tim Wheeler, Tim Black, Larry Martin, Randy Pitcock, Billy Milburn, Aubrey Pitts, Durk Green, Kelly Head, Orvis Burris, Robby Sneed, Kim Black, Gene Bray, Robert Martin, Joe Kirk, Randy Waggoner, Johnny Vaughn, Tommy St. Clair, Dee Buckner, Jimmy Wedel, Kyle Kimbrough, Rickie Claybrook, Steve Claybrook, Keith Harp, Marshall Pool, John Saylor, Joe Pate, Kem Bales, Marilyn Black. # ATTEND CHURCH

"For where your treasure is, there will your heart be also"

## THE HIGHEST POINT

A steeple was first built on the town church so that anyone anywhere in the village could look out and locate the house of worship. The steeple on the church was the highest point in town. This was a physical fact and the people of the Lord knew it was a spiritual fact also.

Although a church's steeple is no longer the highest physical point in the city because of all the many-storied buildings and towers, the church itself is still filled with people who have reached the highest point of Godly maturity and who are filled with the highest degree of Christian love for God and man.

**EVERYONE IN THE CHURCH  
THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
