36TH DIVISION COMING HOME TO CAMP BOWIE

142nd And 143rd To Pass Through Goldthwaite Mon.

WITH THE 36TH DIVISION, Oct. 2.—Troops of the 36th Division, veterans of a two-months war games campaign in Louisiana, Wednesday began a motor movement that by next Monday will return the 17,000 men to Camp Bowie station. Long columns of trucks transporting Texans who comprise the former National Guard division rolled through Goldthwaite on Thursday at 9:45 a. m. and 5:18 p. m., and on next Monday at 9:53 a. m. and 1:23 p. m. Empty trucks will return to Louisiana on Friday at 11:48 a. m. and 1:33 p. m.

Empty trucks from the Quartermaster and Field Artillery regiments will make the return trip to Louisiana on Friday and Saturday to bring remaining units of the division on Sunday and Monday.

The division made up of National Guardsmen and selectees returned to Texas under a new commander, Brig. Gen. Fred L. Walker, who came from the Regular Army's 2nd Division. He succeeded Maj. Gen. Claude V. Birkhead, who had attained the age of 62 years, maximum permitted for command of combat troops.

For the new commander drivers of the hundreds of trucks will strive to equal a record made for the general who commanded them on the journey to Louisiana two months ago. They will seek to operate on schedules to the minute throughout the movement.

Extensive preparations preceded movement of the first truck westward on U. S. Highway 84, the route of march, to assure safety and punctuality. Timetables were prepared for the running time of each serial along U. S. 84 via Tenaha, Timpson, Mount Enterprise, Rusk, Palestine, Fairfield, Teague and Mexia to the overnight bivouac near Tehuacana, and Prairie Hill, Waco, Gatesville, Goldthwaite, Mullin and Brownwood on the second day.

Military police were stationed at road intersections which offered hazards from cross-traffic while speed and operation of each truck was under strict discipline. Traffic control officers were stationed in the cities and towns along the route.

Leading the long string of trucks forming the first column was Brig. Gen. Robert O. Whiteaker, commanding the 61st Field Artillery Brigade. In the column were trucks transporting troops of the 131st and 132nd Field Artillery, one clearing company.

Brig. Gen. Eugene A. Eversburg of Houston, commander of the 71st Infantry Brigade, was scheduled to command the second column of the 36th Division, which will leave the Louisiana assembly area Sunday and reach Camp Bowie Monday.

Units in this column will be the 142nd and 143rd Infantry regiments, and other detachments.

The columns were organized into serials consisting of a regiment or similar unit, while each serial was broken down into march units. Each serial was scheduled to be 15 minutes long in passing a given point.

First trucks of the column neared the overnight bivouac area when the last ones departed. First departure was at 5 a. m. Wednesday.

The time-table for arrival of serials in Goldthwaite are: Thursday, 9:45, 10:49, 11:29, and 11:56 a. m., and 12:53, 1:26, 1:59, 2:50 and 5:18 p. m. Next Monday arrivals will be at 9:53, 10:47, and 11:41 a. m. and 1:02 and 1:23 p. m.

CAFETERIA STYLE MESS HALL FOR CAMP NORMOYLE

A 500-man cafeteria-style mess hall for students in the motor mechanics school at the Normoyle Quartermaster Depot at San Antonio is being constructed and is now at the half-way mark (above). Another 1,000-man mess hall is also to be erected and the two will accommodate 1,200 students at the school, which is now operating on a smaller scale. More than \$1,000,000 worth of construction is under way at the Depot, according to Col. Edwin V. Dunstan, Eighth Zone Construction Quartermaster, Fort Sam Houston.—U. S. Army Signal Corps photo.

MAYOR PROCLAIMS FIRE PREVENTION WEEK; STARTS OCT 5

Proclamation by the Governor of the State of Texas: To All to Whom These Presents Shall Come:

Whereas, the prevention of fires is of vital importance to the success of the nation's tremendous defense effort; and Whereas, defense orders are taxing to capacity an increasing number of industries and any curtailment of production because of fire becomes a very serious thing; and

Whereas, throughout its history the State of Texas has suffered an enormous loss in lives and property due to fire; and Whereas, statistics on fire reveals the "cause" of fires, to a large extent, can be controlled by intensive education and intelligent law enforcement; and

Whereas, all citizens of Texas are desirous of retaining the low insurance rates which have been promulgated by the Board of Insurance Commissioners as a result of the faithful practice of fire prevention measures; and Whereas, due to the national emergency now existing, the preservation of human lives, and in the interest of sound economy as relating to fire insurance cost, it is the patriotic duty of every citizen of Texas to aid in the prevention of fires;

Now therefore, I, H. G. Bodkin, mayor of the City of Goldthwaite, do hereby proclaim and designate the week beginning Oct. 5, 1941, as

FIRE PREVENTION WEEK

and I earnestly call upon the citizens of Goldthwaite, particularly civic, school, patriotic, and municipal organizations to emphasize the danger of fire and to encourage the adoption and enforcement of fire prevention rules and regulations in an organized movement to lessen the disastrous consequences of fire.

(Signed) H. G. BODKIN, Mayor.
Attest: F. P. BOWMAN, City Secretary.

Stevenson on September 24, certified the names of organizers of Aircraft Warning Stations in Mills County. Judge Gerald has appointed the following organizers for the stations in Mills County:

- Station L-94-95—Floyd Weaver, Goldthwaite.
- Station L-94-99—Chas. Conradt, Goldthwaite.
- Station L-95-99—Tolbert Patterson, Star.
- Station L-95-98—Paul McCullough, Goldthwaite.
- Station L-95-34—Lewis Burdette, Goldthwaite.
- Station L-95-68—J. M. Mays, Goldthwaite.
- Station K-94-92—George M. Fletcher, Mullin.
- Station K-95-71—W. C. McNeil, Goldthwaite.
- Station K-95-65—Grover Poer, Caradan.
- Station K-95-16—Lee R. Tesson, Mullin.
- Station K-95-48—George W. White, Priddy.
- Station K-92-32—C. O. Norton, Goldthwaite.

Each of the 12 organizers will appoint one chief observer, two assistant chief observers, and 16 observers.

Governor Stevenson's reply to Judge Gerald's letter follows: Executive Department, Austin, September 26, 1941.

Hon. R. J. Gerald, County Judge of Mills County, Goldthwaite, Texas.

Dear Judge Gerald:

I was glad to have your letter of September 24 in which you submit the names of organizers of the Aircraft Warning Service posts in Mills County. I am certifying these names to the United States Army Air Force. It will be satisfactory for the gentlemen whom you have appointed to proceed with the enrollment of volunteers, using Form No. 4 for this purpose.

I am quite aware of the difficulty which you are facing in securing an adequate number of volunteers. I have corresponded at length with our national defense leaders regarding this activity, and I have been assured by them that these plans are deemed necessary and important to the preparedness program which they are directing. There has been no other course for me to pursue, therefore, but to go forward with the work as indicated.

I want to suggest that the several observation post organizers will probably be able to get considerable help from the local post of the American Legion, the Veterans of Foreign Wars, and from the Senior Boy Scouts.

If the organizers find that there is no telephone near the location suggested for these stations, they should so indicate on Form No. 2, and, if possible, state where the nearest phone is.

I appreciate very much the leadership which you are giving in this matter, and I hope the plans can be carried out with a minimum of inconvenience to you and your associates.

With every good wish, I am, Sincerely yours, COKE STEVENSON.

WARNING ESSENTIAL

FATAL WRECK OCCURS NEAR HERE WED. AM

George Ballard Is Killed, Jim Weathers Badly Injured

George Ballard, 22, was instantly killed and Jim Weathers, 21, was seriously injured early Wednesday morning when their car ran off the highway at a culvert and hit a tree in the ditch.

The wreck, which occurred about a mile and a half from Goldthwaite on the San Saba highway, was discovered about 7:10 Wednesday morning by George Bohannon, who drives a school bus. George Ballard was dead when found and Jim Weathers was rushed to a Brownwood hospital in a Fairman Company ambulance, accompanied by Dr. J. M. Campbell, who gave first-aid treatment.

Dr. Campbell said the bodies had apparently lain by the side of the road three or four hours before discovery. Jim Weathers was driving the car which was coming to Goldthwaite from San Saba, and it is thought he went to sleep at the wheel. Officers who investigated the wreck stated that the car apparently started leaving the highway 50 yards beyond the culvert, crossed over to the left of the road and went down the ditch by the side of the bridge, striking a tree, the impact throwing the occupants into the windshield. Both were cut badly about the face.

The position of the small car under the tree made it hard to see by passing motorists during darkness. George Bohannon, school bus driver, left Goldthwaite at ten minutes to 7 Wednesday morning, drove past the bridge about a mile and a half. On his way back to town he discovered the car, saw what had happened, and went to the G. W. Jackson residence nearby and phoned to town for help. In the meantime, Roy Ledbetter passed, saw the wreck and rushed to town and reported the accident.

Funeral services for Mr. Ballard were held yesterday afternoon at 3 o'clock in the Baptist Church here. Interment followed in Odd Fellows Cemetery, a half mile from where he received the fatal injury.

Young Weathers, son of Mr. and Mrs. Steve Weathers, has lived in Goldthwaite all his life. He has been employed at Berry Brothers Service Station. George Ballard was a son of Mrs. W. W. Fox, and had been employed at Fairman Company.

NEW PIGGLY WIGGLY STORE OPENS HERE SATURDAY AFTER FIRE

Floyd Blair has bought the interest of his two former partners in the Goldthwaite Piggly Wiggly Grocery Store, and is now sole owner of the new Piggly Wiggly which opens in the same location Saturday morning.

The store has been remodeled and re-stocked with new merchandise following the disastrous fire it suffered about three weeks ago.

Mr. Blair has a large advertisement of opening specials in this issue of the Eagle.

The H. D. Club met Friday, Sept. 26, with Mrs. P. R. Reid. The president, Mrs. Wallace Perkins, presided. Mrs. J. R. Briley, led the club in singing America the Beautiful, Star Spangled Banner, Goodbye My Lover Goodbye, and Seeing Nellie Home. How many quilts do you sleep under? was answered in the roll call. Miss Scott displayed a feather comfort and urged the membersto use their dead wool for quilt bats and blankets and their old feather beds for feather comforts that they might have light, warm covering for winter. The rest of the evening was spent in putting in a quilt and quilting. Miss Scott insisted that we attend Achievement Day at Goldthwaite October 9. Next meeting will be Friday, Oct. 17, at the home of Mrs. Eugene Egger.

At last the road to Ebony has come into its own and is really being put in good shape. Since this is a maneuver area, the work is a federal project with Monroe Allen of Brownwood as overseer. Big road machinery and several bus loads of negro soldiers from Camp Bowie have been put on the job. Huge concrete drainage pipes are being placed in all low places. Perhaps never again will our roads get like they were last spring when big rains and big army trucks made them impassable.

Here's a Preview of 1942 Ford

DEARBORN, Mich.—A distinctive frontal design sets the style for the new Ford passenger car line for 1942, introduced recently at a preview for the nation's automobile editors. The new Fords will be shown to the public soon in all Ford dealers' showrooms. A rustless steel radiator grille blends gracefully with an entirely new front contour which fea-

tures a new arrangement of headlights and parking lamps. Offered in three lines—the Super DeLuxe, DeLuxe and Special, the 1942 Ford has a distinctive trim for each series of cars. Engineering improvements emphasize comfort and safety. The Super DeLuxe and DeLuxe lines are offered with either the famous V-8 or the new Ford "6" engines.

with Mrs. Hines' brother, Silas Fields.

Mr. and Mrs. Chester Henry of Lampasas were week-end visitors in the home of Mr. and Mrs. Walter Henry.

Mr. and Mrs. Albert Hereford and Miss Doris Dublin came over for a week-end visit in the home of Mrs. R. D. Evans. Sunday visitors were Mrs. Lila Crawford and son, Garland, and Mrs. Jimmy Fox and little son of Goldthwaite, and Mr. and Mrs. Ed Evans and two sons.

Some of the ladies in our community met Wednesday in the home of Mrs. Cora Ford and quilted a quilt for Mrs. Dee Jones. Each guest was asked to

bring a covered dish. Consequently when all was assembled we had a complete meal and one which we all did justice to with whipped cream and jello on the side.

Thursday our H. D. Club met in the home of Mrs. Ernest Ohlenbusch for the purpose of giving Mrs. Robert Cooner a farewell party. After a few minutes' chatter, each guest was seated at tables for the fascinating game of bunco. After several games had been played and tallied, it was found Mrs. Ora Black had won high score and was presented a very useful gift, while Mrs. Frank Hines carried away the booby prize.

Mrs. Cooner was presented with numerous dainty and useful gifts. Also in connection with Mrs. Cooner's entertainment was a surprise for the hostess, Mrs. Ohlenbusch, who with her family is to soon move from our midst. She too was presented with lovely gifts from each guest. We as club members regret very much to lose these good members. Mrs. Ohlenbusch being our H. D. Club president, and Mrs. Cooner a very efficient member, she having been a former H. D. agent before coming to our county.

For 1942—a Beautiful New

FORD

'6' OR '8'

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

REPORT

Mrs. Marie Wolfe met with the Seniors on Monday night, October 24, 1941, to select their class officers. Many of the Seniors were present, but there is no possibility that some will be disappointed. The reporter and other officers were not elected then, but the class will meet in the near future and elect them. We feel sure every member will do their part toward making the Freshman Class of 1941-42 a success.

12 and elected their class sponsor and class officers. Mr. Baird was elected sponsor and Mr. Peterson has been appointed to help him:
The officers are the following: Joe Massey, president; James Miller, vice-president; LaDelle Casbeer, secretary; and Flore Massey, treasurer.
The reporter and other officers were not elected then, but the class will meet in the near future and elect them. We feel sure every member will do their part toward making the Freshman Class of 1941-42 a success.

PEP SQUAD

Everyone has hard luck, but the pep squad kinda feels like they had some of the hardest. Only six of the members went to Winters with the band, but the others returned home, after a short trip to Mullin, because of bus trouble. The rest were rootin' spiritually though.

We plan to work all week on our stunt for that one and only game with San Saba coming up Friday night.

Everyone has a part to play in winning that game—Let's all be there cheering!

GLEE CLUB

The Glee Club, organized last Sept. 19 by members of Goldthwaite High, has decided to meet each Friday for a program and entertainment. Each student is required to bring 5 cents every month for refreshments.

We have not selected our trio, but we are keeping that in mind and hope to do it in the near future.

We are proud of both our large number of students and our teacher, Miss Stinnett.

GRAMMAR SCHOOL NEWS

Mrs. Johns has been ill a week. We hope she is well soon, and can come back to school.

Last Monday Reverend Casey and his wife furnished a chapel program with various kinds of musical instruments.

We organized a grammar school pep squad. The officers and leaders are as follows:

Paula Ann Tullos, president. Lula Mae Croft, secretary.

The leaders are Glenna Venable and Frances Khaus.

We have approximately 25 members.

The two grade eights have organized a club called the "Junior Citizenship Club." The officers of Eight-Two are as follows: President, James Burkett; secretary, Brockie McCasland.

Eight-One officers are as follows: President, Alfred Featherston; secretary, Janie Ruth Simpson.

Miss Padgett visited her parents in Denton over the weekend. Mrs. Hummel visited Mr. Hummel in Midland last weekend.

DOWN THE GUTTER!!!

Well, well, if the Snoop hasn't been snooping again.

Miss Hoting was caught on the stairs in the act of giving Mr. Coffey half her candy.

We thought Gilma, Alta Mae, and Katherine were going to the football game Friday night, but seems as though they prefer to see the show featuring Gene Autry.

Alfred, which did you enjoy most—the football game or the trip back home?

Tommy, can't you keep from sparkling those baby blue eyes at the cute little Senior that just came in from Caradan?

Ah, Zeida at last has found true love and all in the form of Charles Dennard.

Boy, does Oma get around. Carl Woods Saturday night and Gene Ed Sunday night.

We noticed that Mary Alice was in seventh heaven last week. I wish Bill would write me a letter so I could be happy, too!

Lanelle, you sure better watch Hershal. Seems as though he and Patsy have been smitten.

Did Adelia and Jo have car trouble or heart trouble when the car stalled near Clinch mountain?

Lloyd Sebott said the note was from Mary Elaine, but it wasn't to him. We wonder.

Well, Pat, have you lost all interest in Eldorado? It looked as though you have as we watched you and Mary Nell Thursday night as you sat on those bridges.

Larry, we are sorry you didn't get to ride on the bus with Macalee as it returned from Winters.

Why even timid Lloyd Daniels has found his love in Almeta Koen.

"Burnsie" certainly left the American Cafe in a hurry. Could it have been because the sugar-bowl rattled?

The old Brownwood highway had some attraction for Mary Ann and Scott Ball Wednesday night.

It seems strange Oma Jean and Charlene got home at 12:00 p. m., though they didn't go to Winters.

What's this we hear about Don M. and Lucille? Cut match, don't you think?

Lorena says she's going to every football game we have. We wonder who it's with? She couldn't take turns about with Busen and Elmer G.

William Glenn, you had better watch your step because a certain Junior is going to beat your time.

Dinky, how do you like to hi-way it?

Why is it Billy Jack likes to stay out at Burkett's? Does he like to study with Wanda?

We wonder if Louis and Pat really went to church Sunday night.

Jo and Adella Ruth, how do you like to ride in a convertible Model A Ford?

Burnsie, who was the gentleman who came to see you Saturday night with a Tarleton uniform?

Walter, we hear that someone let the air out of your tires Sunday night.

Why did Pat and Mary Nell hunt the back seat Friday night?

Also, Buren and Louis were doing o. k. Too bad, Wanda didn't get her way!

Mrs. C. C. Turbville, who has been recuperating from an operation, is getting along nicely. Those who have been visiting with her are: Mmes. Freeman Mason, Dan Covington, Willis Hill and Walter Simpson and family, Henry Simpson and possibly a number of others whose names I failed to get. We are certainly glad Mrs. Turbville is doing so well and hope she continues to do so.

Mrs. Clyde Featherston, who was operated on in a Temple hospital about two weeks ago, is reported doing fine and is expected to be able to come home in a few days. Last Tuesday Mrs. Morgan Stacy and daughter, Valeria, Horace Gray, George Wayne Featherston, Ben Casbeer and Edgar Simpson spent the day visiting with Mr. and Mrs. Featherston. Mr. Featherston has been at his wife's bedside since she has been in Temple.

DEPENDENT CHILDREN AID NOW READY

Applications To Be Taken Here 2nd And 4th Fridays

Miss Jane Gracy of Brownwood, State Department of Public Welfare representative who is in her office on the second floor of the court house at Goldthwaite every second and fourth Fridays of each month to take applications for old-age assistance and aid to the needy blind, has announced that she will now take applications for aid to dependent children.

The State Department of Public Welfare has announced that it started accepting applications for aid to dependent children on Sept. 19. Applications will be taken on any intake days (which in Goldthwaite are the second and fourth Fridays of each month).

Parents or relatives of dependent children should call at the State Department's local office in the county in which they reside and talk with the worker who will be prepared to explain the eligibility requirements and assist in filling the application. It will not be necessary that the children be brought to the office as the local worker will later make a visit to the home at which time the children may be seen.

For a child to be eligible for aid to dependent children under the laws of Texas, the child:

Must be a citizen of the United States.

Must have resided in Texas at least one year preceding the date of application; or must have been born within the state within one year preceding the date of application provided the child's mother had resided in Texas at least one year preceding the child's birth.

Must be under the age of 14.

Must be deprived of parental support, or care, by reason of one of the following factors: (a) death of a parent, (b) continued absence from home on the part of a parent, (c) physical or mental incapacity of a parent.

Must be living with his father, mother, grandfather, grandmother, brother, sister, step-father, step-mother, step-brother, step-sister, uncle or aunt in a place of residence maintained by one or more such relatives as his or her home.

Must be in need. (This is defined as not having sufficient income or other resources to provide a reasonable subsistence compatible with health and decency.

The Constitution of Texas restricts payments in such a way that no more than \$16 can be given for one child in an eligible family, and no more than \$24 can be given for two or more children in an eligible family. The total expenditure of state funds under this program is not to exceed \$1,500,000 yearly, with the federal matching funds totaling another \$1,500,000.

Rough Path Ahead For Price Control Legislation

By GEORGE C. HESTER

The several other of our major problems, the question of price control, continues to be a subject of much discussion and little action. A rather far-reaching measure has been framed by Leon Henderson and his O. P. A. assistants. It must now run the gauntlet of Congress. Here it will be subject to attacks from endless pressure groups which today constitute the chief forces in determining the final output of our legislative mills. Dozens of congressmen, likewise, are standing with amendments in their hands, just itching to tack them on to the general measure.

Like any other major piece of legislation, the course that this measure will take, as well as the nature of the final act, is just anybody's guess at this time. A few predictions, however, are ventured by this writer. Among the more important are these:

The bill cannot possibly pass before sometime late this year. Much will depend upon other things, such as the turn of events in the war, the trend of price levels in this country, and other factors.

The measure will be amended and changed considerably. In the final passage, it may not even resemble the original measure. Two very important groups will be exempted or virtually omitted from its provisions. They have too much political power to be made to accept very much legislation in this respect. These are the labor and farm blocks.

Economists generally have contended that any price control program that omits wages and makes no attempt to curb the upward spiral of wage levels, will carry a fatal flaw that will render ineffective results.

The farm block will not stand for price limitations on farm commodities. A long-starved orphan in the national economy, this industry now feels that it should be permitted to recuperate as much as possible, even though the consuming public may be the innocent victim. Of course, some moderate restriction may be tacked into the measure, such as permitting farm prices to rise to 110 per cent of parity.

These two examples indicate the obstacles in the way of enacting any effective piece of price control legislation. As a result, the consuming public may expect still further rises in living costs, especially over the next few months. Retail prices are still far behind wholesale prices. The big advances in wholesale prices have not yet reached the man on the street, but they will in the near future.

In fact, we are still threatened by inflation—perhaps moderate at first but dangerous as it gathers momentum. Next year will tell the story. Our guess is that inflation brakes won't be applied soon enough to do much good. The raised bank reserve requirements will mean little.

Some of the fiscal authorities in Washington are advocating excessive taxation in order to drain off all savings of the people so as to prevent inflation. Of all the screwball ideas emanating from Washington, this is perhaps the most ridiculous. No good American objects to paying a good share of his income for defense purposes in these times of emergency. But, the idea of taxing people into pauperism under the pretext of preventing inflation in order to continue the profligate non-defense waste being enjoyed by our hand-out politicians, is repulsive to every tradition of America.

Its effects would probably be negligible as brakes on inflation since they would be counteracted by the continued high political spending. The honest truth is, there are but two ways to prevent inflationary prices, each of which requires real backbone and political stamina to face.

These include "real price control legislation," on the one hand, plus restrictions on commercial credits on the other. Taxing into poverty the millions of struggling families living under fixed incomes and who are already being pinched by rising prices, is hardly the way to get the job done.

A real Eskimo family, with several children, is the feature of the Eskimo Village on the State Fair of Texas' new independent Midway. Almost members of the family are a pack of sled dogs and several bears. Tumbler pigeons, so called

because they perform a backward flip, will form one of the numerous interesting displays in the Pigeon Show at the State Fair of Texas. More than 50 breeds of pigeons have been entered in the show.

Do Something Different!

ONE MONDAY EVENING while in Milwaukee I dropped in at the Riverside Theatre and attended an Amateur Show. Fifteen ambitious young people from the city and the surrounding countryside competed for a twenty-five dollar prize.

Several attractive young women sang . . . and one of them was outstanding. A boy and a girl did a tap dance that everyone seemed to enjoy. A number of young men sang.

And then, near the end of the program, a clever chap stepped out and did something different! He tap danced on his heels. He snapped his fingers in a perfect imitation of tap dancing. He took tap dancing out of the rut and did something original with it. He proved that there is something new under the sun, even in tap dancing. The crowd greeted him with a roar of applause. And, of course, he walked away with the prize.

Doing something different is the world's most powerful attention-getter! The dull mediocrity of the ordinary lulls us to sleep. The new, different and unexpected wakes us up. Thousands of people are doing things the old way. They win little attention. It is the man who does things in a different, original, dramatic way who stands out!

—The Silver Lining.
We do not stop playing because we grow old. We grow old because we stop playing.—Herbert Spencer.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From the files of the Eagle of October 7, 1916)

The barn and contents on the place of Mrs. T. O. Harrell, 13 miles north of Lampasas, were destroyed by fire Sunday night during the rain and lightning display. A threshing machine and a large quantity of feed stuff was burned.

J. H. Saylor made a business visit to San Saba the first of the week.

Miss Ethel Evans and Mrs. Billie Harrison expected to go to Brownwood last evening to visit friends.

Mr. and Mrs. Ira Harvey left yesterday for Dallas to have their little daughter treated in the sanitarium.

G. N. Atkinson and family were among visitors to the Brownwood fair Thursday.

Mrs. J. C. Faulkner, Mrs. F. D. Wilson, and Mrs. A. J. Cockrum visited in Brownwood Thursday.

Mrs. S. T. Wells visited her daughter, Mrs. A. G. Smith, and family in Brownwood this week. Mrs. Smith's little son, who has been visiting Mr. and Mrs. Wells, returned to his home with her.

Quite a few Goldthwaite people attended the Brownwood fair this week and were well pleased with the entertainment.

R. V. Littlepage made a business visit to Lampasas yesterday.

County Clerk Summy issued marriage license since last report to Clayton Horton and Miss Vera Wheeler, Lon Willis and Miss Jennie Sebolt, J. R. Crook and Miss Arah Evans, Will Bynum and Miss Celia Northcutt, King A. Childress and Miss Ada Morris.

J. D. Urquhart made a business visit to Brownwood Wednesday.

47 YEARS AGO

(From the files of the Mountain Eagle, Oct. 6, 1894)

Mr. James Rahl having bought an interest in the meat market, the firm will be Hudson and Rahl. Mr. Rahl having had long experience, it may be expected that the market will be kept up to the old standard. It could not be improved.

Mr. John Lochaby is suffering with typhoid fever and is seriously sick.

H. H. Doran and son Willie returned the first of the week from a trip to the "city by the sea."

Mr. Fairman, the energetic and prosperous mill man of Mullin, visited our city on business this week.

D. H. Meek, Esq., a prominent lawyer of this district from San Saba, was in Goldthwaite on professional business.

The Eagle acknowledges a pleasant call from Mrs. W. H. Fletcher, Mrs. W. T. Keese, and Miss Hattie Lindsey.

John Roberts, the irrepressible John, who is merchandising in Mullin on a large scale, was in the capital city Wednesday.

Mr. A. T. Pribble, a respected young farmer and a Democrat, has put his name on our list, the needful accompanying it. Capt. D. C. Ashley, through mistake, strolled into our den this week. We corralled him and enjoyed a pleasant time. The Captain spoke very freely of the Eagle and showed his ability to judge a good newspaper.

EAGLE LOSES ONE OF ITS OLDEST ADVERTISERS

J. N. Keese has leased his monument business to E. B. Adams and he and Mrs. Keese are leaving soon for Austin to stay during the next school term.

Mr. Keese has been in the monument business for 50 years, coming here in 1895 from Leon County in East Texas. He started advertising in the Eagle in 1895 and has carried a card in the paper since. For 46 years readers of the Eagle have seen Mr. Keese's card, which was not taken out until last week, when Mr. Keese leased his business.

Mr. and Mrs. Adams have moved to Goldthwaite and are living in the D. D. McBride residence. Their daughter has entered school here.

AS SEEN FROM THE STREET CORNER

Some folks have never learned to like themselves. That's the reason they don't like you.

If I could make the other fellow do what I think he should do, this old world would be a heaven.

Before you try to tell your neighbor how to live right you first must be honest enough to pay your debts.

You may think you are important but if you will take a walk through the graveyard you will soon change your mind.

Of course you can see the other fellow's faults, but you don't have any do you?

You can't talk about your neighbor to his back and at the same time love him.

If some folks in the church would work, and pray, and give a little more, and talk less, the church would mean more to their lives.

Some folks like to ride on the other fellow's PUSH.

The German nation is riding for a fall. Why? It started when Hitler forced the people to stop worshipping God. America needs to ask, "Watchman, what of the night?"

Improved Uniform SUNDAY SCHOOL LESSON

Dean of The Moody Bible Institute of Chicago.

Lesson for October 5

GOD OUR HEAVENLY FATHER

LESSON TEXT—Genesis 1:26-28; Matthew 6:24-33.
GOLDEN TEXT—Our Father which art in heaven, Hallowed be thy name.—Matthew 6:9.

Without God man has no hope in this world. This is the teaching of Scripture, which is confirmed by experience and admitted by the philosophies of men. "Having no hope and without God, and every godless philosophy paints the same dark picture. Says one, "It cannot be doubted that the theistic belief is a comfort to those that hold it and that the loss of it is a very painful loss. We have seen the spring sun shine out of an empty heaven to light up a soulless earth; we have felt with utter loneliness that the Great Companion is dead" (Clifford).

That desolate and despairing conclusion need not be the lot of any man, for we have in God's own Word a clear revelation of Himself as our Creator and our loving Father. Why not accept it?

I. God Our Creator (Gen. 1:26-28).

Both of our Scripture passages tell us much about man, but in doing so they reveal God.

1. How He Made Man (vv. 26, 27). "God created man in his own image" (v. 27). This does not refer to any physical likeness, although it is abundantly evident that man's body is far above the animal level and perfectly adapted to be the dwelling place of the soul and the instrument of its activity in a physical world. Even the Son of God took upon Himself the body of a man and, in its glorified state, still bears that body in heaven. This means that man's body is worthy of honor and considerate care and use.

The real image of God in man is a moral and spiritual likeness. Man is a moral being, knowing the difference between right and wrong. He has all the characteristics of personality, self-consciousness, intelligence, feeling and will. That image has been marred and defaced by sin, but it is still there. Even in the lowest man or woman it is capable of being reached and transformed by the grace of God.

2. How He Blessed Man (v. 28). He gave man "a help meet for him" (Gen. 2:18); that is, a completely suitable companion and helper. He gave him dominion over the entire earth, and his restless, pioneering spirit still presses toward the complete realization of that promise. He provided for every need of man, not only physical and social, but also spiritual, for we read that He walked with him "in the cool of the day" (Gen. 3:8), until man by his own sin broke that fellowship. God's love toward His creation is shown by His provision for man's complete joy and full usefulness.

II. God Our Heavenly Father (Matt. 6:24-33).

Two things harass the mind and heart of man—*anxiety for today and fear for tomorrow*. He must have what he and his family needs for today, and it is a constant struggle for most men to meet that need. Then, as though that were not enough, there is always the *morrows' new* and possibly greater needs. Even those who have all they need today live in dread (and well they may if they do not trust God) that tomorrow or next week or next year they too may be in need. Our text meets both problems, for it tells us:

1. Why We Need Not Be Anxious Today (vv. 24-31). The answer is simple—*look at the birds*. They cannot work, they are not even able to pray, yet God feeds them. Consider the glory of the flowers. Even a king cannot dress in such beauty—God provided it for them. "Are ye not much better than they?" (v. 26).

No bird ever worried because it did not have a meal laid by for tomorrow, and no flower has fretted itself lest its blossom failed to come forth in its accustomed beauty. Why should we be anxious?

Intelligent forethought is good and proper, but anxiety about our daily needs is always dishonoring to God. He is ready and able to meet our daily need.

2. Why We Need Not Fear Tomorrow (vv. 32, 33). "Your heavenly Father knoweth that ye have need" (v. 32). Does not that settle the whole future? It is in God's hands, and even if it were in our hands, what could we do about it? Tomorrow with its joys and sorrows is not yet here, and when it does come God will be here as a loving Father to graciously provide for every moment of it.
