EFFORT BEING MADE TO GET MILLS' QUOTA

United China Relief Campaign Extended All Over The Nation

The Mills County quota for United China Relief has not yet been reached and the time has been extended. Donors are requested to hand their donation to any of the committee, N. E. Stockton, Kelly Saylor and S. P. Sullivan.

Critical conditions in the Orient which involve the United States add strength to the nation-wide appeal in behalf of China which is now being voiced by the United China Relief organization, according to Nathan Adams, state chairman for United China Relief.

"The Chinese armies which still fight on under the brave leadership of Chiang Kai-Shek are the only curb on Japanese invasion of Siberia and a naval attack on Singapore and perhaps the Philippines," says Mr. Adams. "We all know that the extension of Japanese aggression in the Far East means that America will inevitably be drawn into war with Japan. China is keeping the Japs fully occupied for the present, just as she has done for the past four years, against overwhelming odds. Undoubtedly China's stubborn defense against Axis invasion by Hitler's partner nation has saved the lives of American soldiers and sailors. It is therefore imperative that we bolster up China's morale by supporting the United China Relief campaign which has as its purpose the providing of food, medicines, clothing and shelter for sixty million unfortunate Chinese people who are hungry, homeless and destitute as the result of the bombing of their cities and the invasion of their country."

"Morale building in China is just as important as building the Burma Road," Mr. Adams points out. "The United China Relief campaign will continue in Texas and I urge that those Texans who have not helped this most worthy and humane cause do so without delay. Give your contribution to your local committee in your community."

CANADIAN ATLANTIC CONVOY

Passed by Censor.

SINCE the outbreak of war, the Royal Canadian Navy which is owned and maintained by the Dominion wherever it is serving, has established an enviable record. It has convoyed ships carrying more than 27,000,000 deadweight tons; it has fought in the North Sea and it has captured several enemy vessels. At the declaration of war the strength of the Canadian Navy was about 3,600 men and 13 ships. Today, it musters more than 20,000 men and 200 vessels, including 13 destroyers, several of which were secured from the United States in the destroyer deal. By March, 1942, the Royal Canadian Navy, two of whose destroyers are pictured above, will be manned by some 27,000 men and the fleet will consist of more than 400 ships of various types. Many of Canada's sea-men come from the prairie provinces.

CHURCH OF THE NAZARENE

F. P. SMITH, Pastor

Our church extends a hearty welcome to everyone to come worship with us in any and all of our services.

Mrs. Smith and I appreciate the friendly spirit of the people of Goldthwaite, and will be very happy to serve any citizen of this community at any time in any way we possibly can do so.

Our Sunday school lesson for November 9 is "Repentance and Faith." Observance of the outward formalities of religion can not atone for a failure to turn away from the evil of one's doings. So it is that we find in Ezekiel 18:20-23 the assurance that God will only forgive the wicked who "will turn from all his sins that he hath committed."

We would urge everyone to attend church and Sunday school somewhere this next Sunday. A church going community makes a better community in which to live. My message for Sunday morning is "Sowing and Reaping." I am sure this message will be a blessing to your heart. Sunday night I will speak on "Repentance and Restitution." Old-fashioned Bible repentance is the only thing that will make proud little man willing to straighten up the back trails that need to be straightened up. Sunday School, 9:45. Worship hour, 11:00. N.Y.P.S. 6:30. Evangelistic Service, 7:30.

YOU CAN GET DRIVERS LICENSE HERE EVERY THURSDAY MORNING

A representative from the drivers' license division of the State Highway Department will be in Goldthwaite every Thursday morning from 8:30 until 12 o'clock.

Mills County drivers can get their licenses here at the court house on that day.

WOMEN'S DEFENSE LEAGUE TO PRESENT 'PLEDGE TO FLAG'

On Monday, Nov. 10, the Mills County Women's Defense League will send a committee to every school in Mills County to present to the pupils a beautiful framed Pledge to the Flag, a pamphlet library of patriotic literature, and will give a brief program including a patriotic address. Teachers are asked to lend full co-operation in making this Armistice Day a memorable one for your school by stressing what we in America are really happy to have—THE FINEST COUNTRY IN THE WHOLE WORLD.

LEGISLATION WILL SUPPORT PRICES OF NEEDED FOOD IN 1942

Texas farmers answering America's call for increased quantities of vital foods in the Farm Defense Program have the protection of federal farm legislation against price collapses of these commodities, B. F. Vance, chairman of the Texas USDA Defense Board, has announced from College Station.

The new act of Congress, known as the Steagall amendment, requires that whenever it is necessary to encourage the expansion of non-basic agricultural commodities in the present emergency the secretary of agriculture must issue a public notice of the expansion.

Through the same law, Vance said, the secretary of agriculture supports the farm price commodity at not less than 85 percent of parity. Before the price-supporting program can be discontinued, the secretary must give sufficient public notice of the termination so that producers may make readjustments in production, Vance continued.

Secretary of Agriculture Claude R. Wickard has already given public notice covering hogs, eggs, evaporated and dry skim milk, cheese and chickens until December 31, 1942. Cotton, wheat, corn, tobacco and rice are supported by law through loans at rates based on 85 percent of parity, Vance declared, but he pointed out that surpluses of these crops already exist and no increased production is needed.

The new protection is not needed now, the state board chairman said, since the prices of the non-basic commodities named are well above the 85 percent of parity level, but farmers can plan their 1942 production in the knowledge that prices can and will be supported should it become necessary.

FARM WOMEN CAN HELP

Self-sufficiency of farm families is a practical contribution farm women can make in the Food-For-Defense program, according to B. F. Vance, chairman of the Texas USDA Defense Board. Pointing out that many lines of food production are now over-taxed because of heavier domestic demand and requirements of the Lend-Lease Program, he said that even a small increase on an individual farm would benefit the nation and supply nutritious foods for the family's use. Products vitally needed are milk, eggs, pork and vegetables.

Texas farmers have been asked to increase milk from 4,488,000,000 pounds this year to \$4,650,000,000 for 1942. The state goal for eggs is 203,775,000 dozen, compared with 185,250,000 dozen for this year. An increase in farm gardens from 296,647 to 352,800 is also being asked.

An extra cow, a flock of chickens, or a pig will represent a net gain in the farm income without increasing the farm overhead, he explained. Many farmers have feed available as a result of legumes and grasses seeded under the AAA farm program. Since feed crop allotments will not be issued under the 1942 AAA program, the additional acres can be planted to feed. The increase of these foods on farms not only provides a sufficient diet to the farm family but at the same time releases food to families who depend upon commercial supplies, the chairman said.

LIONS CLUB HAS ANNUAL RED TURKEY AT ITS CROSS ROLL TUESDAY MEET

Lt. Col. Mosely Is Principal Speaker Tuesday Night

Lt. Col. Mosely, from 36th Division, Camp Bowie, spoke to the Lions when they met in the Methodist Church basement where a turkey dinner was served to eighteen members and twelve guests.

Lions Earl Summy and John Wright were indeed fortunate in securing Lt. Col. Mosely to speak. He delivered one of the most interesting talks on National Defense that the group has ever been privileged to hear. He related the conditions of the United States today and its outlook for the future. He praised the army for the things it is doing in this crisis. He cited instances of men who have given up homes, good positions and everything they had in order to defend this country and urged that every citizen of the United States feel the same about democracy that these men have felt.

Lion Stockton, China war relief chairman, gave a report on Mills County's quota. If you have not yet contributed to the fund, please do so by dropping by the bank and leaving your money with Mr. Stockton. However small your contribution, it will be greatly appreciated.

A class has been organized of twenty-six members who want to take first-aid as a defense measure. Classes will begin soon under the direction of Walter Summy.

Lion Barnett reported on the Sing-Song on the court house lawn, at the Lions Club meeting Tuesday night. He encouraged everyone to attend and sing. A group practiced, under the direction of Mrs. Sam Sullivan, at the church after the Lions Club adjourned.

Interesting talks were made by guests present, Rev. Dawson, Rev. Myers, Jess Tullos, Brian Smith, Coach Johns, W. H. Linenhogor, Walter Fairman, Sparks Bigham and Grover Dalton.

Program committee for next meeting will be Lions Raymond Little and N. E. Stockton.

FIRST BAPTIST CHURCH

E. E. DAWSON, Pastor

Next Sunday is the nearest Sunday to Armistice Day, so a celebration of that day will be characteristic of the service at the morning hour. Songs and sermon will be in keeping with the season. At the evening hour, 7 o'clock, the usual sing-song in which everybody has a chance to participate will mark the hour.

The Sunday school meets at 10:00 Sunday morning and there is a place for everybody in a class competently taught.

We welcome all the new people who have come to town and hereby give them the hand of fellowship.

DISTRICT 16 TRAINING UNION MEETS AT COLEMAN

District 16 Training Union will meet at Coleman First Baptist Church on Sunday, Nov. 9, at 2:30 p. m. Dr. T. C. Gardner, State Training Union secretary, will deliver the inspirational address.

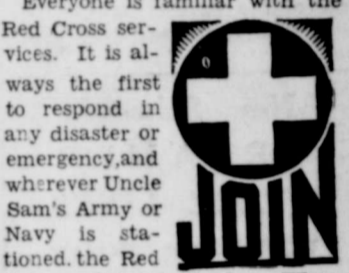

Preceding the address, the following leaders will direct the district elimination contests: Rev. R. G. Alexander, San Saba, adult devotional contest; Ray Rozell, San Angelo, better speech contest; Miss Mary D. Taylor, Winters, intermediate sword drill; Mrs. George Allman, Brownwood, junior memory work.

Everyone In County Will Be Asked To Join Organization

Beginning November 11, the annual Red Cross Roll Call drive will begin. This is the chance for every American to help in the national emergency. All Mills County citizens should show their patriotism by becoming a member of the Red Cross and help to fill the quota set for the county.

School children will be given a chance to join the Junior Red Cross.

Everyone is familiar with the Red Cross services. It is always the first to respond in any disaster or emergency, and wherever Uncle Sam's Army or Navy is stationed, the Red Cross will be there also. When the volunteer Red Cross worker comes to you, join the Red Cross!

How the 239 Red Cross chapters in Texas, with their years of peacetime experience, are adapting their services to fulfill civilian defense needs will be dramatized on a special half-hour radio show at 7:45 o'clock Sunday night, Nov. 9, to be broadcast by the 16 stations affiliated with the Texas State Network.

Launishing the organization's annual Roll Call, which begins Tuesday, Nov. 11, dramatizations of disaster relief in the Shackelford County flood last July and Red Cross work in Texas military ports will be included with an address by Gov. Robert Stevenson on the half-hour program, "Texan Neighbors." The University of Texas Players will portray actual characters and situations.

Scheduled for November 16 by the six stations affiliated with the Lone Star Chain will be a 15-minute dramatization of adaptation of Red Cross services to the national defense program.

The radio programs are dedicated to annual Roll Call in Texas Red Cross chapters, to increase Texas membership from 293,000 to 682,000 this fall, the Mills County Chapter chairman said, pointing out that to meet its obligations in the defense program the Red Cross must have a membership comparable to that of World War days.

GOLDTHWAITE H-D CLUB ELECTS OFFICERS FOR 1942

Nineteen forty-two officers for the Goldthwaite H. D. Club will be: President, Beulah Sauters, vice-president, Mrs. Oscar Burns; secretary-treasurer, Mrs. John Edlin; reporter, Mrs. Fred Reynolds; council delegate, Lee Dyas. These were unanimously elected Tuesday, Nov. 4, when the club met in Miss Scott's office.

In Miss Scott's absence, Lee Dyas acted as demonstrator and the club filled a feather comfort for Mrs. Ben Davis.

Next meeting will be with Beulah Sauters Nov. 25, at which plans will be made for the Christmas party.

SINGING CONVENTION

All Mills County singers are invited to attend the Hamilton County singing convention at Liberty, 12 miles south of Hamilton, on the third Sunday of November. It will be a big day, with dinner on the ground.

PECAN WELLS

By Miss SARAH YEAGER

We have had a pretty sunny day all day Sunday. But we all were ready for some fair weather. Old Man Winter seems to be about half way around the corner. We have had some rather cool weather. Everyone has put up their heater stoves, and have been using them, also fire places, too. It seems funny to see the school children going and coming from school all wrapped up in coats and caps. We had rainy weather part of this last week. We also were visited with some lightning and thundering Thursday evening, which we didn't like very well.

We thought we made it plain, one tells me that some people knew that we put the party off for Saturday night, but someone tells me that some people were there and had a grand time.

Mr. and Mrs. Alonzo Harris spent the day Sunday with Mr. and Mrs. Bob Black and family of Star.

Mrs. Leila Roberts spent Saturday night and Sunday with Mrs. C. J. Crawford. She is spending the week with her daughter. Mrs. Alonzo Harris, and husband.

Sarah Yeager spent Sunday with Mrs. C. J. Crawford. She also spent Sunday night and will stay with her until Mr. Crawford comes home from a trip out West. He left Sunday morning and is due to return by the middle of the week.

Earl Jones of the CCC camp

at Brownwood spent the week-end with Mrs. Cordie Jones and family and other relatives here.

Tommy Yeager spent the week-end with Loran Jones. Bob Leach visited in the Crawford home a while Sunday evening.

Part of the Otto Kelly family of Winters spent the week-end with Mr. and Mrs. Boyd Yeager and family and Mr. and Mrs. Charley Walker.

Pva. Forbus J. Brown of the army camp at Camp Polk, La., has been moved up to the 67th F.A. He is going to cooking and baking school there. He is the only son of Mr. and Mrs. Elzie Brown of this community. He reports that he likes school fine. Forbus is known here by just plain "Jack," and we are all planning to see him on his furlough Christmas.

Misses Gladys and Ina Leach returned home from Santa Anna Friday. They picked and pulled cotton while they were gone for their brother-in-law.

Misses Altha and Ruth Brown spent Sunday with Misses Gladys and Ina Leach.

The cotton pickers who went to West Texas to pull cotton got all the rainy weather they wanted and came home Wednesday night. But some are planning on going back now that it has cleared off. We hope them better luck this time.

Mrs. Cordie Jones, Mrs. Henry Yeager, Mrs. Jim Green and Mrs. Arch Smith are going to make comforts at the school house Monday of this week. They will make two for each family which will make a total of eight comforts.

The school has a new stove and the blackboards repaired, which we are all proud of.

Horace Crawford from over on the river spent Saturday and Sunday night in the Crawford home.

Tommy, Loran and Thomas reported having a swell time at the volleyball game at Mt. Olive Saturday night.

Josie Jones spent the week-end with Mr. and Mrs. J. F. Smith and Wayne. Tommy Yeager spent Wednesday night with Mr. and Mrs. Jim Yeager and Josie and Loran Jones.

Record Crowds Hail New Chevrolet

Detroit, Oct. 3.—Record crowds that thronged the General Motors Building throughout the past week provided the answer to one question before the auto industry . . . public interest in its new models. In one of the most unique auto displays ever staged, Chevrolet presented its 1942 models, hailed as setting new high standards in the lowest-price field. Concurrently, dealers the nation over unveiled the new Chevrolets, and early wires received by William E. Holler, general sales manager, indicated a record response from motorists in all sections of the country. As in past years, no 1942 Chevrolet appeared on street or highway prior to announcement day.

REPORT
 about class spirit, the class certainly showed a spirit really meant to be at the Halloween party. All those who came near the carnival and the voices of those selling "BINGO" loud. The hot-dog sale was ordered by the Seniors was undying work showed there also.

Those who are most interested are: Marie Greathouse, Theresa Venable, Wanda Burkett, Bobbie Obenhaus, Madeline Porter, Maxine Spinks, Frances Adams, Wilda Geeslin, Glenda Oglesby, Louise Skipper, and Dorothy Eckert.

Those who are interested but haven't been to any of the meetings are: Oma Jean Rose, Mary Alice Shaw, Wayne Thompson, James Miller, Avalavon Crawford, Lewis Hudson, Shirley Mahan, and Thomas Hyslop.

We would be glad to have some more to enter debate, especially boys.

EXTEMPORANEOUS SPEECH CLUB

The second meeting of our Extemporaneous Speech Club was held last Wednesday at our usual meeting place, Room 200.

Our subject this year, Miss Gatlin informed us, will be the same as last year, "National and Foreign Affairs."

We discussed plans for a program to be given soon in assembly. Each has been given his post and we plan to make our program "one of the best." A hint: It's theme is based on patriotism.

PRESENTING:

A girl, with dancing brown eyes, who likes to jitterbug and very often does. We all know her as "Burnsie," but her real name is Evelyn Burns. Everything serious that sifts through her active jumping-bean mind comes out humorous. She has a dynamic personality, blue-black hair which makes many a girl envious; loves to talk, and couldn't keep still five minutes if her life depended on it. She has been in the band for four years and plays a sax she is one of the majorettes this year. Her plans for the future are indefinite.

Likes best—To dance.
 Dislikes—Geometry.
 Favorite actress—Heddy Lamarr.
 Favorite actor—Dennis Morgan.
 Hobby—Collecting pennants.
 Favorite song—"Sunrise Serenade."

In-a-word description—Incendiary bomb.

Very few people know Arvil Carter, but everybody knows "Tip." One look at Tip's prominent ears, wide grin and mowed grass hair and you'll never forget him. He is a V. A. boy and

loves work; it fascinates him. He can sit and look at it for hours. A zealous football player, he would like nothing better than to win a victory over our neighboring school of Star. He has pursued his studies at the Center City and Goldthwaite schools but has never eventually overtaken them.

Likes best—Krazy Water Crystals.
 Dislikes—Hitler.
 Favorite actor—James Cagney.
 Favorite actress—Mae West.
 Secret ambition—To own a flea circus.

IN-A-WORD DESCRIPTION—Tip-sy.

DISA AND DATA

I think the Halloween Carnival was a success even if it wasn't sponsored by the P-T.A. . . . Why is everybody so allergic to our Goldthwaite band? Mr. Baird's gone now and we all miss him. . . . Favorite literature of majority of high school students: funnybooks. . . . The Senior "thieves" of the Bingo booth want their identity to remain secret and wish Miss Welch to please overlook their mistake. . . . The Freshman class has a reporter now. . . . Imaginable hilarious evening: to see Junior Barrington and Louise Mason on a double date with Don Martin and Greta Traylor. . . . Louise Skipper can do nothing so nicely that it becomes something.

SNOOPSY SCOOPS

If the censor of this paper weren't so wide-awake, oh, what the Snoop couldn't tell! But personal feelings aren't allowed. Ah, love at first sight. Buren hasn't started carving their names on the desks yet, but he and Wilma Bea were sure hunting for a lover's seat in the spook show. It's almost too unbelievable to be true! Why, I wouldn't even believe it if I hadn't seen it with my own eyes. Willadeen Hale was out with that killer-diller, Joe Drake Carter (Jiggs)! What's this younger generation a-comin' to? We've finally got something on you, Robert (Long). Lafon looked so demure with you out at Burkett's. Orpha just wouldn't see a thing interesting at the carnival. Oh, no. She was too busy watching for Doyle to come in, and of all the tough luck, nothing happened. Gladys Evans looked forward all week to Saturday night with Douglas. But, alas! 'Twas all in vain. But, don't give up! I'm sure things will happen next week. Billy Jack, you were wanting to know who the brunette junior was. (Remember the column in last week's Eagle?) Well, we have at last, without much trouble, found out. But—it would be much more interesting to you if you asked Adelaide about it. Are you still interested? Lorena was successful again. She always finds Eli. These brunette junior girls seem to be out for some of our most eligible bachelors—Sammie.

you are reported to be one of the next on the list. Do you know who she is?

Lewis H. went to the show Sunday to sit by "Burnsie"; and whatta disappointment! Katherine was there. Better luck next time.

Jo and Adelia Ruth, almost "everyone" is wanting to know who were the soldier friends.

Cash and Marjeane seemed to be having a swell time Friday night! Nice people, those two.

Lafon Horton and Robert Long are the latest G.H.S. torrid love affairs.

Bobbie O. was late getting home Saturday night—and were she and Roth in a hurry!!

It seems that Barbara Carter is still carrying a torch for Pete Harper! Too bad! Hershell and Lanelle have been quarreling, but from all we hear, they're on good terms again. Eh, Hench?

Veda Faye Simpson and Lynn Martin—Sat. nite—cute? By the way, them's late hours you keep, chillun.

These Carter boys certainly go for girls named "Willodean." Our good friend Alfred seems to take one with a last name of "Sparkman," however.

You know, why haven't Cleo W. and Barbara W. gotten together before? They're not at all bad together.

Joe M.—and we thought you were an old "bachelor at heart." Guess Jaque Dennard sorta changed your "mind."

Oma D., you sure have a changeable mind! Now it's Gerald Davis, or is it? Speaking of "Oma's"—Lloyd Sebolt also goes for "em—Oma Jean Mitchell.

Mary and Coy seem to be getting to be quite "twosome." Walter, don't you even care?

Mary, we hear Tip Carter (another of those "Carter boys") was looking for you Sat. night. Interested?

Patsy's favorite song is "You gotta be a football hero." Lorena's engagement was rather sudden, eh, Tully?

Hershell has totally beat Lanelle up. But—have you seen Hershell?

Macalee, make up your mind. Is it Larry, or is it Billy Jack?

It seems that the very best item of the week is saved for last.

The Wanda Burkett and Evelyn Burns feud is on again. This time full-force. Remember last year it was over a lad by the name of Gerald. That seemed to be patched up o. k. but now it has broken out again over another lad—by the name of Jack Griffin. This must be gonna be good tho, 'cause they both agree that this time it will be more than any little "cuss fight." Whew! They both seem to mean business, this time. Jack, we'd hate to be in your shoes if you decide you like one better than the other.

Burnsie still isn't forgetting that boyfriend from Coleman, tho. Burns, was he down here recently? We heard he was.

Self Culture Club

Thursday, October the twenty-third, Mrs. Jacob Saylor, with Mrs. Harmon Frazier as co-hostess, entertained the Self Culture Club with Halloween as the motif.

After the regular business meeting, Mrs. W. C. Dew led the program for the evening with an interesting response to the roll call on current events Mrs. Jim Weatherby gave facts on "Halloween: When and Where the Custom Came From." Mrs. R. E. Clements related the Origin of Cats, Owls, Frolics, and Fairies. Miss Dera Humphries presented a mystic story on Halloween, unusually unique and thrilling.

The salad plate served by Mrs. Saylor and Mrs. Frazier afforded exquisite pleasure to seventeen club members and five guests, including Mrs. Lewis Gartman, Mrs. Al Dickerson, Mrs. Neal Dickerson, Mrs. Marvin Hodges, and Mrs. Whittaker.

Priddy H-D Club

The Priddy Home Demonstration Club held their regular meeting in the Homemaking Department of the Priddy School Tuesday, Oct. 28. Mrs. Emil Schuster presided in the absence of the president. New officers for 1942 were elected as follows:

President, Mrs. Bill Shipp; vice-president, Mrs. Henry Drucekhammer; secretary-treasurer, Mrs. Lee Priddy; council delegate, Mrs. Albert Schumann; reporter, Mary Elina Fouse; program chairman, Mrs. E. B. Dearson; recreation leader, Mrs. Emil Schuster.

Following a discussion of Practical Finishes for Floors by club members, refreshments were served by Mrs. Mike Schlee and Mrs. Schuster.—Reporter.

Lake Merritt H-D Club

"Club work would be so interesting if we could have a crowd like this each time," said Mrs. Jake Brown when seventeen women met in the home of Mrs. W. E. Garner recently.

New officers for the ensuing year were elected: Mrs. Raymond Williams, president; Mrs. Travis Long, vice-president; Mrs. Will Crowder, secretary-treasurer; Mrs. W. E. Garner, council delegate; and Mrs. Jess Massey, reporter.

We are indeed proud of our five new members, though we regret very much to lose two charter members, Mrs. Ira Hutchings and Mrs. W. L. Stuck will soon be moving away.

Mrs. Earl Ehridge was surprised with a pretty blue and pink shower and smiling through tears she expressed her heartfelt gratitude for each little gift.

We adjourned to meet with our new member, Mrs. Truman Vauhan, on Nov. 12. Mrs. Garner served delicious home-made grape juice and cookies which were enjoyed very much.—Reporter.

Mrs. Tolbert Patterson Honored

At 2:30 o'clock on Saturday, November 1, Mrs. H. A. Seay, Mrs. O. C. Pfluger, Mrs. Will Kelling and Mrs. Pessel Fowler were hostesses to a coffee given in Pflugerville auditorium honoring Mrs. Tolbert Patterson.

After a very interesting program consisting of readings and songs by former pupils of Mrs. Patterson, a little bride and groom entered and led Mrs. Patterson to the altar which was laden with beautiful gifts.

After opening and admiring the gifts, Mrs. Patterson cut the wedding cake baked by Mrs. George Kuempel.

Dainty sandwiches, cookies, coffee and punch were served to eighty guests and the hostesses. Guests from here included Mrs. C. G. Featherstone, Mrs. Claborn Walton, Mrs. I. Z. Woodard and the honoree, Mrs. Tolbert Patterson.

Give her a lovely Maple Porch Living Room Suit for Christmas. See our complete line.—L. J. Gartman Music and Furniture House.

D. G. Barnett has been on the sick list.

Regency H-D Club

Mrs. L. D. Egger was hostess to the Regency Home Demonstration Club, in the home of Mrs. J. G. Egger, Oct. 24 (Mrs. J. V. Egger having been called away on account of her granddaughter's illness.)

The president had charge of the business meeting. The roll call was answered with "My Greatest Floor Problem."

This was election day and most of our officers having served two years, we had to elect an entirely new staff. Retiring officers are: President, Mrs. H. L. Egger; vice-president, Mrs. A. R. Rowlett; secretary-treasurer, Mrs. Edgar Jones; council delegate, Mrs. Ben Egger.

Newly-elected officers: President, Mrs. A. R. Rowlett; vice-president, Mrs. Sam Edington; secretary-treasurer, Mrs. Ben Egger; assistant secretary-treasurer, Mrs. Loyt Roberts; reporter, Mrs. L. D. Egger; council delegate, Mrs. Alvin Brown.

Our club has some records that we should be proud to mention: In two years of service, Mrs. H. L. Egger has only missed two meetings; Mrs. Andy Rowlett only one, and Mrs. Edgar Jones, none.

A program was given on "Care of the Floor."

Mrs. Edgar Jones, community Red Cross chairman, discussed Red Cross work and the club voted to organize a sewing room and be ready for the next quota. Misses L. D. Egger, Sam Edington and Alvin Brown were selected as sewing supervisors.

Miss Scott will be with us next meeting. She says we will try to finish everybody's patterns, even skirts, so have your material ready.

Refreshments were served to eight members and two visitors. The next meeting will be with Mrs. Loyt Roberts Nov. 14, 1941, at 2 p. m.—Reporter.

Memory work for next time: "We want to be true citizens of our country and will show our love for her by our works."—Reporter.

Ghosts, goblins, fortune tellers and Hindu magicians roamed around the Cockrum building Saturday night, when the Future Homemakers sponsored a Halloween Carnival. Some of the most popular attractions were penny pitching, Ipswa, fortune-telling, and bingo. The highlight of the evening was the presentation of the Halloween queen—Bobbie Fairman.

Proceeds from the carnival will be used to improve the Home Economics Building and to buy new equipment.

BIG VALLEY—

By MRS. CECIL SHUFFLER

Mrs. Lena McCorley died last Friday evening after a short illness, at the home of her parents, Mr. and Mrs. McConal. Mr. and Mrs. Griff McConal of Kermit came, as did Mrs. Charlie Smith and Charlie McConal of Seagraves, a daughter from San Antonio and other relatives. The body was taken to O'Donnel for interment. We extend our deepest sympathy to all who mourn her passing. May the Lord protect you.

Johnnie Marion Woods was home last week-end from Brownwood.

There will be quite a change made in the Lower Valley if all the farms sell that have been bid for.

The Barton Lawson farm sold last week. It is known to most everyone as the Martin place.

Folks can move far and near, but they still like to read Big Valley's news. We got a nice card from Mr. and Mrs. Woodrow Long last week, saying they had been reading Mrs. Earl Hale's Eagle. She wants lots of Big Valley news. I expect I will watch for the Big Valley news when I move.

A MESSAGE ON THE WALLS OF CHINA

A message on the walls of Kunming thanking America for her aid to embattled China helps morale. Upper left—Ferry replaces bridges on Burma Road, one reason China's life line to the west stays open despite Japanese bombardments. Upper Right—American ambulance trucks halt under a protecting hill on the Burma Road on their way to Kunming.

China's living in Kunming, remote town in China's "Wild West" will ever see New York harbor. Today, the face of New York's Statue of Liberty, symbol of American democracy, similar to all of them because these artist painted this tribute to America high up on the wall that encircles the town. A giant mural was painted to give a message of thanks to the United States for the large quantities of defense, medical and relief supplies which daily pass through Kunming on their way to China's war-torn capital at Chungking. The mural depicts Chinese government officials, General Chiang Kai-shek on a charging horse, saluting the American Statue of Liberty as a symbol of the United States.

Kunming, which is the capital of the southwest province of Yunnan, an international gateway into China; a center of communication, railways and highways that run in all directions, and the terminal of the now-famous Burma Road, which starts at Lashio and continues northward through the Burmese mountains to South China. At Kunming, it is a hub of highways.

Wisconsin-born American, Dr. Earl Baker, recently went to Kunming as "resident director general" of the Burma Road. Dr. Baker's job is to untangle the problems on China's main artery, to clear off obstructions by washouts, landslides, and the frequent Japanese bombardments.

Through Kunming pour the equipment sent by the eight relief agencies of United China Relief—food, clothing and vitamins for China's orphans from the American Committee for Chinese War Orphans; surgical instruments, ambulances, drugs and other medical equipment from the American Bureau for Medical Aid to China; books, scientific and laboratory equipment for China's migrated schools and colleges from the Associated Boards for Christian Colleges in China; supplies for relief work through American missions from the Church Committee for China Relief; small machines and industrial equipment for China's new decentralized vest-pocket industries, from the American Committee in Aid of Chinese Industrial Cooperatives; and other relief supplies sent by the American Friends Service Committee, the China Aid Council and the China Emergency Relief Committee.

Voluntary aid contributed by American citizens has an immediate effect in bolstering Chinese morale. The symbol of America on the walls of China speaks for itself.

Reflections On Armistice Day, Nov. 11, 1918

By JOHN C. HESTER

It was the morning of November 11, 1918. How vividly that date lingers in the minds of those who witnessed it. What burning memories race across the span of twenty-three years since that remarkable day in human history.

Suddenly, in almost a split minute, silence reigned on the Western Front. The war was over. Peace once more had come to a land where for four long years men had pursued the carnage of slaughter and destruction. The guns, with their battle smoked mouths still open to the sky, ceased roaring. The muttering machine guns no longer raked the mud and mire of "no-man's land." The rifles hushed their sputtering and were silent.

But elsewhere, the scene was different. The entire western world went delirious with the pent-up emotions of years—long and wearisome years of strain, anxiety and fear, now burst forth in wild exuberance on that peak day in human history.

In Paris, shell-shocked and wracked by mighty armies hammering at its very gates, all sanity departed from that day and night.

Shrieking crowds, hysterical with joy, swarmed through the streets. Officers and soldiers of a score of nations, and of a dozen languages and races mingled among them. Women, low and high, sobbing, laughing and screaming in triumphant gladness that the job of killing their loved ones was done with.

Across the ever-restless waters of the Channel the reserved Englishmen broke all bonds of traditional restraint. The cities broke loose in unbridled bedlam. Like surging waves of a sea, a rampage of frenzy swept from one end of greater London to the other.

America, too, was thankful. Homes and shops were closed, factory whistles shrieked, and crowds swarmed into the streets of every city, town and village. Up and down the land went the familiar cry, "The war is over!"

Over in Berlin, there was a strange contrast to the hilarious scenes in the victorious countries. No crowds filled the streets. Men were sullen and bitter in defeat.

Their ruler, whose words and orders they had trusted and followed for four terrible years of sacrifice, had now fled and left them with their troubles and strife.

In an Austrian hospital lay a thin and pallid young corporal. When he heard the news of peace, he wept and buried his face in sorrow, because it meant defeat for his people.

Vienna, too, was sullen and quiet; while the Russian cities were gripped in throes of the RED TERROR.

Thus, in tears and laughter, in joy and sorrow, the people of the world turned away from the bloodiest of all wars and began the task of refashioning the fabric of civilization for the future.

In the years that followed the people of each nation have tried to honor their dead. Under the Arc de Triumpe in Paris, France buried her unknown soldier, where carved in glowing marble and lit by an eternal flame are the simple but eloquent words: "Soldat Inconnu—Mort pour La Patrie."

England likewise brought home a torn body in muddy khaki and placed it in historic Westminster Abby, where each year the king lays a wreath of Flanders' poppies.

The American people, too, have tried not to forget. To the brow of the hill in Arlington Cemetery, they carried on a caisson an unidentified soldier, wrapped in a flag, and placed him there in a tomb of glistening marble by which the sentries walk on eternal beat.

Today, twenty-three years later, the stolid Teuton stands and gazes in awe upon the tomb of the French soldier who would not be conquered.

In a few weeks' time, the young men of Germany have done what their fathers tried for years and failed to do. The little flame, that was to burn throughout eternity as a symbol of French liberty, is also dead.

The thin-framed and under-sized Austrian Corporal, who wept in the hospital on the first Armistice Day, is now Master of Europe. In America alone, does the Unknown Soldier rest today in the uneasy peace for which he died.

For the generation now under arms, the war is history. More than twenty years of wasted efforts for peace have spent their force.

The world is at war, and the job must be done again.

Let's Start Digging!

ON OUR WAY up to Crater Lake in Oregon we had to detour over an old and narrow mountain road. It took us two hours to drive the sixteen miles over the mountain.

A week later in Yosemite we drove through a tunnel a mile long. In less than two minutes we had gone from one side of the mountain to the other!

Going around mountains of work, skirting the edges, detouring around problems, zig-zagging through the details takes time and gets little done. It takes dynamite and hard work to go through a mountain but it saves time in the end. Today we should attack our problems with mental-dynamite! We should smash through the obstacles that retard our progress. We should roll up our sleeves and clear-the-way for action.

The mountain that looms ahead for American industry will take too long to climb, too long to go around. We must go through it! The shortest distance between two points is a straight line. Let's start digging!

—The Silver Lining.

One of the secrets of life is to keep our intellectual curiosity acute.—W. L. Phelps.

Highlights Of Texas History

By CHARLES O. HUCKER
University of Texas Library

THE TEXAS COWBOY AND HIS FASHIONS

The glorified dude which, ordinarily, the modern western moving picture presents to the American public as the typical Texas cowboy of the 1870's and '80's is not necessarily a historically-accurate representation of course, but one old-timer, realizing that no one particular group is ever entirely free of the foibles common to mankind in general, wrote long ago that the cowboy "has his flights of fancy as clearly defined as the most fashionable French belle".

This observant old-timer was W. S. James, a native Texan, who in 1899 published a chatty little book entitled "Cowboy Life in Texas; or, 27 Years a Maverick," which is one of the best sources for the study of old-time ranch customs to be found in the University of Texas Library's voluminous Texas Collection.

"Those who think the cowboy is not stylish simply let them hunt him up, study his character, note his fancy," he wrote; "and while it is true that like poor Yorick of old he is 'a fellow of infinite jest, of most peculiar fancy,' still he is stylish after a fashion of his own."

WAR AND HARD TIMES

Mr. James's earliest recollections were of the Civil War period, when fashions among his friends in the West weren't what he considered elegant. As a matter of fact, goods being far more scarce and dear than before or afterwards, cowboys wore clothes of home-spun cloth, home-made shoes or boots, and favorite hat material being straw. Rye straw was the best. When someone was lucky enough to obtain a Mexican hat, as he put it, "then he was sailing."

But it wasn't long before things changed down on the ranch with the post-war cattle boom, and the cowboy began to deck himself out a bit. Long beiled spurs came into vogue, and buckskin gloves with long gauntlets. This was the time, too, when saddle pockets became general among riders, who, using a new saddle invented by "an old fellow who lived on the Llano River," rode with their legs crooked up high as in a military saddle today.

Around '78 the era of the Stetson ten-gallon hat began. This famous hat—Mr. James called it a "ten-ounce" hat—caught on fast among ranchmen—or, as he says, "took the cake." And with it came a new and far more comfortable saddle from California in which, as today, the rider sat with his legs stretched almost straight and which had stirrups that rested under the instep instead of the toes.

THE RANCH WARDROBE

It was probably about this time, too, that the rage for expensive clothes struck the Texas ranch. By the '90's, Mr. James wrote, it was evident that "extravagance is one of the cowboy's failings." His clothes were of the very best: "Hat, five to ten dollars; coat and vest, from eight to twenty dollars; over-shirt, from three to five dollars, and everything else to match."

"He will wear good, substantial clothing, even if he has to buy it on credit," he added, "and he usually has plenty of that." As far as the cowboy outfit goes, there is one item which has always puzzled "furriners", and still does today—the high boot heel sloping up from under the foot. It was a puzzle even to Mr. James long ago: the reason for it was a complete mystery to him, unless, as he wrote, "it was the same motive that prompts the girls to wear the opera heel in order to make a small track, thus leaving the impression that a number ten was only a six."

"This," he generously conceded, however, "I am only guessing at and will leave it open for the reader to draw to."

MORE FARM TRUCKS NEEDED SAYS CHEVROLET COMPANY

DETROIT, Nov. 5.—If America is to become the "breadbasket" as well as the "arsenal of democracy," as called for in present federal planning, horsepower on the farm must still be measured in cylinders and not in draft animals. An increase in the number of light trucks manufactured for farm use must follow the increased production schedules for farm products, national surveys indicate.

Farm goals for 1942 have been set at 15 per cent above the 1924-29 average, with a major portion of the increase scheduled for hogs, chickens, eggs, milk and cheese, foodstuffs greatly needed by the democracies America has undertaken to support. According to W. E. Fish, commercial car manager for Chevrolet, farmers in general rely upon trucks of less than 1 1/2-ton capacities for the transport of these commodities.

According to Fish, farmers own one out of every four trucks in the country, and agricultural and animal products comprise 26.6 per cent of all truck loads, national surveys show. In 1940, 44 per cent of all trucks produced fell in the category of 1-ton or less capacities, with heavy emphasis upon 3-4-ton and half-ton models. Light-duty pickups, especially, are favored farm units, Chevrolet sales records show.

"This is a mechanized age upon the farm as well as in industry," Fish points out. "Profitable farm operations are predicated upon low-cost, high-volume output, and the truck plays a distinguished role in the realizing of this goal. It is illogical to demand greater production of the farmer while restricting the necessary tools and equipment to accomplish that task."

SANTA FE'S NET INCOME UP NEARLY TWO MILLION

GALVESTON, Nov. 1. (Sp.)—Santa Fe's net railway operating income for September was \$4,259,371, according to a statement just released by President E. J. Engel. This is an increase of \$1,848,316, compared with September, 1940.

Gross for the system was \$19,976,915, an increase over Sept. 1940, of \$5,510,919, or 38.10 per cent. Operating expenses were \$13,043,029, an increase of \$2,586,234, or 24.7 per cent over the same month of 1940.

Railway tax accruals were \$2,744,248, an increase of \$942,324, or 52.30 per cent over the same month last year.

volunteers from Washington county are expected to join him at Nashville, under the command of Capt. Cook. One or two small pieces of Ordnance will be sent with the troops to be used in demolishing the fortifications of the Indians. We hope Gen. Burleson will improve the opportunity to surprise the Indians that may follow on his trail. It will be recollected that a party of Indians followed on the trail of Col. Moore, last winter, after he had destroyed the Comanche Village, and recaptured seventy horses below Austin. A similar party followed on the return trail of the expedition of Col. Neillup the Brazos, in 1839, and committed several depredations on the frontier just after the troops were disbanded. A large party also, lately followed on the return trail of Captains Lewis and Chandler; and it is almost certain that a party will follow on the return trail of this expedition. It is important, therefore, that some stratagem should be devised to intercept them.

"Survey of the Coast.—We learn from the Colorado Gazette that the government schooners of War San Antonio and San Bernard, were in the harbor of Matagorda on the 25th ult., in charge of Com. Moore, who was engaged in the survey of the Coast.—The Telegraph and Texas Register (Houston), October 6, 1841.
