Association Observes Memorial Day

"In Accordance with the established custom of yearround memorial giving to the American Heart Association, the public is being encouraged to consider memorial gifts at this special time of year as a particularly appropriate means of observing Memorial Day" according to John Fuston, President of the Bailey County American Heart Association.

"On Memorial Day, we honor those who have died defending our freedom,' Fuston said, "They have died for a noble cause and we should never forget their sacrifice. But what of those millions who have died needlessly of heart attack, stroke and related heart diseases? We should also remember them with a gift of love that helps in our day-to-day

fight against our nation's Number one Killer, heart disease," "Group memorials can be made by groups such as office personnel, unions, clubs and organizations,' continued

Fuston, "Scrolls inscribed with the names of all donors participating in group gifts are sent to the next of kin." "Memorial giving is a dignified means whereby individuals and goups may pay lasting tribute to the memory of loved ones. It is also a Gift of Life in that memorial contributions are used to support programs of research and education. Fuston stated that memorial gifts may be sent to:

An investment in Your Future

The Church is God's appointed agency in this world for spreading the knowledge of His love

for man and of His demand for man to respond

to that love by loving his neighbor. Without

this grounding in the love of God, no govern-

persevere and the freedoms which we hold so

dear will inevitably perish. Therefore, even

from a selfish point of view, one should support

the Church for the sake of the welfate of him-

self and his family. Beyond that, however,

every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which

THIS ADV. GOOD THRU SAT. JUNE !

Alike the conqueror silent sleeps;
And Time the ruined bridge has swept
Down the stream which seaward creeps.
On this green bank, by this soft stream,
We set today a votive stone;
That memory may their deed redeem,
When, like our sires, our sons are gone.
Spirit, that made those heroes dare
To die, or leave their children free,
Bid Time and Nature gently spare

The shaft we raise to them and thee.
