

THE GOLDTHWAITE EAGLE

VOLUME FORTY-NINE

GOLDTHWAITE, MILLS COUNTY, TEXAS.—FRIDAY, SEPTEMBER 11, 1942

NUMBER THREE

ONE-HALF OF ALL STEEL IS MADE FROM IRON, STEEL SCRAP

The following letter was received this week by E. T. Fairman, chairman of the Mills County Salvage Committee, from Lewis C. Huff, assistant executive secretary of the Texas Salvage Committee, and explains the vital necessity of getting in every bit of scrap iron and steel laying idle over the nation—if we are to win the war:

Dear Mr. Fairman:

I am writing this letter in a hotel room several hundred miles from home. It will be sent to my office for typing so that you will not have to wrestle with my handwriting, but I want you to know that it is a message straight from my heart.

Frankly, I am worried—worried because so many people refuse to turn in their Junk simply because it has to go through a Junk dealer. I don't think that it is Axis propaganda; it is far more deadly than any propaganda than those buzzards could possibly conjure up, and it is at work night and day gnawing at the very vitals of our war program. Either you and I and all of the other Salvage workers are going to overcome this Prince of Saboteurs or else I shudder to think of the consequences.

This is a war of steel—it is being fought with steel ships; steel tanks; steel guns; steel bullets; steel submarines; and steel bombs. And one-half of all of this steel is iron and steel scrap—Junk!

Every day we read in our newspapers that our shipyards could make more ships, but there isn't enough steel; our factories can't make more tanks, but the steel isn't available. The outcome of this war may hinge upon our ability to produce steel in ever increasing quantities.

And steel is made from 50 per cent iron and steel scrap and 50 per cent pig iron!

More ships? Iron and steel scrap! More guns? Iron and steel scrap! More tanks? Iron and steel scrap! More planes? Iron and steel scrap! More shells? Iron and steel scrap!

And still so many people refuse to turn in their Junk because it has to go through a Junk dealer. Certainly it has to go through Junk dealers—that's their business and if we didn't have them to sort, grade, collect, and prepare, this junk for the steel making furnaces the war would soon be over for us. Bear in mind that there are over 70 grades of iron and steel scrap, and over 100 grades and types of metal. All of this Junk must be carefully and accurately graded and prepared to specifications and then shipped to the mills in car loads of one grade. Who else but a Junk dealer has the knowledge, experience, equipment and ability to perform this very necessary service?

Our people must be awakened to the fact that we are engaged in "Total War," and that our enemies are determined to destroy us. Our brave young men are fighting to save us, but bravery alone cannot avail—they must have steel!

And one-half of all steel is iron and steel scrap!

This is WAR—The time when we could consider personal prejudices is past—Either we unite in ONE SUPREME EFFORT, or else we face the fate of those brave and valiant people of Greece, where in Athens alone hundreds of persons are dying each week from starvation, and the people are licking out the empty cans from the garbage of the invading soldiers!

Nothing must stand between us and our production of steel! Every piece of iron and steel scrap in Texas must go NOW to our steel making furnaces even if it has to go through the Devil himself!

Brave men shall not die because those on whom they depended let personal prejudices

THIRD CAR OF SCRAP IRON SHIPPED FROM THIS CITY THIS WEEK

Fairman Company, serving Mills County as collector of scrap metals, will ship the third car of scrap iron this week. This car will be the ninth car shipped from Goldthwaite since our entry into the war. Mr. Goldberg of Waco shipped six cars from Goldthwaite earlier in the year. When Mr. Goldberg closed his business here and the War Board was unable to secure an experienced and reliable buyer for this county, Fairman Company volunteered their services to keep the scrap moving. This company has entered the scrap metal business only as a patriotic service and not to make money. Scrap metal is purchased at the price fixed by the government and is shipped under government regulations.

Fairman Company is making an effort to haul all scrap where farmers are unable to bring it to Goldthwaite. Farmers who can bring their scrap metal to some junk yard should not wait for someone to come to the farm and buy the scrap iron, possibly at a loss, because of the small amount and the distance to be traveled to and from your farm. Every citizen of this county should be patriotic enough to make a real effort to get this scrap metal moved at once.

Indications are that some Mills will be shut down within 30 days if additional scrap metal is not obtained at once. Your scrap metal is needed to build ships, tanks, guns, and shells. The war cannot be won until we have a greater number of all these than our enemies have. We can not have a greater number unless we can secure the scrap metals to keep our mills running night and day.

You can render your country a great service by bringing in immediately every pound of scrap on your farm so that it will go to the mills at once.

A. A. DOWNEY,
Chairman War Board,
Mills County, Texas.

PRIDDY SCHOOL TO OPEN SEPTEMBER 14

The Priddy School will open its doors next Monday morning for a new term. The faculty is complete and are looking forward to an outstanding school year.

The grammar school teachers are: Mrs. Adeline Kitching, Miss Edna Harris, and Miss Margaret Ondra.

High School teachers are: W. A. Snodgrass, Miss Margaret Oden, Miss Mary Elna Fouse, Ernest Tate, and Ray Duren, Superintendent.

The students will register and books will be issued Monday morning and classes will begin Tuesday.

PRIDDY MAN BRINGS IN FIRST BALE COTTON

The first bale of 1942 cotton raised in Mills County was brought to Goldthwaite Monday, Aug. 28, by Emil Schuster of Priddy.

It was ginned by the J. E. Greathouse gin here Tuesday. It weighed 482 pounds.

Mr. Schuster received a premium for the first bale a war bond and \$2.50 in cash. He did not sell the cotton or the seed.

stand between them and their duty!

Certainly in this tragic hour, when all civilization is at stake, no man can willfully hoard material (Junk) so vitally needed and still maintain any semblance of self-respect.

Yours sincerely,
LEWIS C. HUFF,
Assistant Executive Secretary
Texas Salvage Committee.

METHODIST NOTICE

We were greatly pleased last Sunday morning with the fine audience at the service and the large number who joined the communion service. There were more who communed last Sunday than at any time since your pastor has been here. This is a good indication of the spiritual state of the church. How we enjoy a large audience at the services of the church. Surely you, too, get enjoyment out of the services or you would not attend.

May we have your presence next Sunday at both the 10:45 a. m. service and the 8 p. m. service? Sunday evening Brother Hubert Johnson, Supt. of the Methodist Home at Waco, will bring the message. People, let us give him a large hearing. He was to have been here for the morning service but was unable to get here at that time.

B. A. MYERS, Pastor.

NAVY RECRUITER WILL BE IN GOLDTHWAITE AT POST OFFICE TODAY

Chief Specialist Tom O. Gaston, recruiter in charge of the Navy Recruiting Station at Abilene, will be in Goldthwaite at the post office from 2 to 4 p. m. today, Friday, Sept. 11.

Applicants for enlistment in the Naval service will be interviewed, and it is hoped that Mills County will overcome its poor record of August when no one applied for enlistment in the Navy—only county in the Abilene district of 14 counties failing to enlist a man during a month in which all previous records were broken. Gaston announced that Mills County has a quota of eight men to be enlisted for September.

Navy Re-opens Ratings

Re-opening of ratings closed for several months, and newly lowered age limits for petty officer classifications, is announced by Chief Specialist Tom O. Gaston, recruiter in charge of the navy recruiting station, Abilene.

Most important change is that men 20 years of age may be enlisted as third-class petty officers if they are qualified by experience in a rating now open, and possess positive petty officer characteristics. Other important changes are that men experienced in stenography may be enlisted as yeoman (petty officer) third class. Licensed embalmers and experienced civilian hospital orderlies may be enlisted as pharmacist's mate (petty officer) third class. In addition to a monthly pay of \$78, board, lodging, clothing and medical care, liberal dependency allowances are included; age limits are 20 to 50 years.

Enlistment is now open to applicants who have experience equivalent to a junior Red Cross first aid course, and who have a desire or particular liking for hospital duty, as hospital apprentice, first class. Enlistment as hospital apprentice, second class, will be limited to applicants who have sufficient education to learn, and a particular desire or liking for, hospital duty. Applicants for this branch must be between 17 and 50 years of age.

The "Seabees," naval construction regiment, offers petty officer ratings in the following skilled trades for a limited time: bull dozer operators, concrete workers, jackhammer operators, Diesel and gasoline engine operators, excavation men, and a number of others. Pay ranges from \$93.60 to \$136.50 per month, plus board, lodging, clothing, medical care, and liberal allowances for dependents. "Seabees" may be between 17 and 50 years; petty officers must be at least 20 years of age.

For further information, apply at the navy recruiting station, located in the basement of the Post Office and Court House, Abilene, any weekday between 8 a. m. and 8 p. m., or Sundays from 8 to 1 p. m. Recruiters from the Abilene Station also accept applications at Memorial Hall in Brownwood every Monday from 2 to 4 p. m.

The recruiter in charge of the Abilene office, Chief Specialist Tom O. Gaston, will be at the post office in Goldthwaite this afternoon from 2 to 4 o'clock, to interview applicants for naval service.

CORRECTION

The P.T.A. will meet the 23rd of September, instead of the 16th, as previously announced. All mothers who are interested in their children are urged to attend.

ATTEND FUNERAL

Mrs. Chas. Bowman of Star and Mr. and Mrs. James Williamson and daughter, Patricia, were among those who attended the funeral of S. V. Williams at Mullin Wednesday.

MILLS COUNTY QUOTA IS 8 RECRUITS FOR NAVY IN SEPTEMBER

Mills County has been assigned eight Navy recruits as its quota for September in the North Texas district's drive to enlist 3,600 men between the ages of 17 and 50 during the 30-day period.

During August, more than 3,100 men left their homes in North Texas to join the Navy. The month's quota, which was the highest ever realized in the district, was only 3,000 recruits. That is why our September quota has been set twenty per cent higher.

Thus Lieut. L. H. Ridout, Jr., officer in charge of the district, stated simply plans to make this district as representative as any other in the nation in the Navy's combined fighting force.

"We can enlist 3,600 men in 30 days because we have only started to sell our campaign to the Navy," he insisted. The country is fast becoming more and more conscious every day. Washington dispatches predict that 3-A classifications will be tapped before Christmas. Increasing numbers of men are convincing themselves daily of the immediate need for all the manpower we can possibly muster."

He expressed again the sense of gratitude felt by the Navy Department for all of its volunteer civilian recruiters, saying that "twice the effort from now on will mean victory in half the time."

Figures just released, crediting the North Texas Navy recruiting district with enlisting 3,243 men during August, showed that Mills County, with a quota of six recruits, contributed no recruits to the monthly total, the highest in the history of the district.

The quota for September has been set at 3,600 recruits for the district, with eight for Mills County.

U. S. MARINE CORPS MEN TO BE HERE FRIDAY, SATURDAY

According to word just received by the Eagle from Dallas Headquarters Station, the United States Marine Corps expects to smash all existing recruiting records for the month of September. Quotas for this month are on an unlimited basis, the set number of enlistments being 600 plus.

Representatives of the U. S. Marine Corps will be in Goldthwaite Friday and Saturday, September 11 and 12, 1942, for the purpose of examining and accepting applicants for enlistment.

Applicants accepted will be furnished transportation to Dallas for final examination and enlistment. All applicants who are accepted for enlistment must be in sound physical condition, married or single, and be between the ages of 17 and 36 years, inclusive. Men under 21 must have consent of their parents to enlist.

Base pay for privates starts at \$50 per month. Married men and men with other dependents receive an additional cash allowance from the government.

For full information apply in person at the Goldthwaite Post Office on these dates. Parents of applicants are invited to call on the recruiters for information if they so desire.

MADE INSTRUCTOR

Lieut. John H. Bowman stopped off for a short visit in Goldthwaite Wednesday night. He leaves Friday for Mather Field, Calif., where he will be an instructor in the Advanced Flying Field.

LIONS CLUB HAS AN HONORED GUEST AT TUESDAY NIGHT MEET

On Tuesday night the Goldthwaite Lions Club was honored by having its District Governor, Ernest C. Hill, from Eldorado, Texas. With Mr. Hill was Jim Hays, son of L. L. Hays who formerly lived here but is now located at Eldorado.

Mr. Hill discussed the club's activity in war times and stressed the importance of having regular meetings because the Lions Club is today the greatest civic organization in the world. He also asked that the Civic Improvement Committee be discontinued for the duration, and a War Activity Committee be organized. This committee will consist of Lions who will take active part in winning the war.

Mr. Hill suggested that a new membership drive be waged to secure members from forty-six years of age up in order to keep the membership up, since there will be a number of the younger members going into the service.

The club was indeed happy to have had Mr. Hill with them and they are looking forward to his return at a future date.

RED CROSS SEWING ROOM OPENS THURS.

The Red Cross Sewing Room will open Thursday morning.

Girls' blouses are here and ready to be made. The Red Cross Chairman urges you to bring in your buttons for these blouses. There are three buttons on each blouse. They must be alike in colors of blues, reds, browns and wines. Bring your buttons in groups of threes and come do your bit for the Red Cross.

BAPTIST CHURCH NEWS

Rev. J. H. McClain of Brownwood who was called as pastor of the Baptist Church on Sunday, Aug. 30, has notified the Pulpit Committee that he will not accept the call.

Rev. D. A. Bryant, now pastor of the Richland Springs Baptist Church, will preach at both morning and evening services, Sunday, Sept. 13. Bro. Bryant is now the only prospective pastor in consideration by the church. His name will be presented to the church on Sunday, Sept. 20, by the committee to be either elected or rejected by a majority vote of the members present.

The committee urges the membership of the church to be present at both morning and evening services to hear Bro. Bryant.

Sunday School at 10:00 a. m. Morning service at 11 o'clock. Evening Services at 8:30 p. m. G. R. GOOSBY, Chairman Pulpit Committee.

GOLDTHWAITE BOYS IN BAD CAR WRECK

LeRoy Miller was injured in a car wreck that occurred in the city limits of San Antonio Tuesday about 12 o'clock. The car was driven by Charlie McLean and collided with a car driven by a lady who lives in San Antonio.

LeRoy received a severe cut above the left eye, and it was necessary to take eight stitches. He suffered also from loss of blood.

Neither young McLean or Junior Laughlin, who was a passenger in the McLean car, was injured. The car was badly damaged. The other car was slightly damaged. Neither the lady driver nor her little daughter was injured.

Mr. and Mrs. Charm Whittenburg and children, Clint and Jack, and Mr. and Mrs. Jack Williams of Indian Creek and their nephew, Claud Williams, of Springfield, Mo., were the guests of Mrs. Hattie Whittenburg Sunday.

Mrs. Lula Kelly accompanied Mr. and Mrs. Frank Crowder to church here Sunday.

Wayne Roberts has passed his physical examination at Abilene and after a ten-day furlough, will be received into the army at Camp Wolters, Mineral Wells.

Grace Briley has been elected to teach music education in the Brownwood schools.

Mrs. Arma Philen of Rising Star and her daughter, Mrs. Lucille Miller, and children of Port Arthur are spending the week with Mrs. Irene Reeves.

Mrs. Hubert Reeves and children, Jo and Nancy, spent Wednesday at the Wilmeth home, the guest of her friend, Mrs. Wayne Taylor.

Mr. and Mrs. Ira Egger spent Wednesday night with Mr. and Mrs. Cecil Egger.

Miss Permelia Scruggs of Shamrock spent the week-end with Grace Briley. Miss Scruggs has been elected to teach speech in the Brownwood High School.

Frank Crowder, who has just returned from a visit to California, was asked how he liked the country. "It's a good country," he said; "but," he added, "we live in the best country in the world."

Honoring Mrs. Wayne Taylor, the Wilmeths had their family dinner at the Briley home Sunday after church. Present besides the guest of honor were Mr. and Mrs. J. R. Briley, Grace Briley, Permelia Scruggs, Mr. and Mrs. J. R. Wilmeth, Mrs. Nellie Malone, and Mrs. Edna Dwyer. Mrs. Taylor expected to visit her brother, Ralph Wilmeth and family at Brooksmith and her husband, Wayne Taylor, at Sheppard Field, Wichita Falls, before arriving for school work at Denison Friday.

Clifford Crowder, who is enjoying a good job at Camp Bowie told some Ebony friends last week that he has a fine cotton crop at the camp. One of his duties is looking after a small park there. They promised him some flower seed, but failed to get them for him. So he planted a bottle of cottonseed there. Now his cotton patch is the attraction of the camp. The girls at the camp say they are going to pick it, make a cushion of it, and send it to the President.

Orders to get out by Oct. 1 have been received by those who find themselves in the maneuver area to be purchased by the government for the U. S. Army. To most people home is the dearest place on earth. Especially a little home that you have built little by little through the years with hard licks of toil.

Ebony is a community of small home owners, deeply rooted in their beloved soil. To thus so

ruthlessly uproot them is disastrous to their happiness and well-being. More than that it seems fraught with injustice since they are first asked to give up their homes for a meager compensation, then are required to wait for their pay for six months, or a year, or two years, or perhaps, until after the war. How can people be expected to move without money to move with and to live on?

We, who are left out of the area to be purchased, have long known an harassing isolation, having bad roads, no mail delivery, an empty schoolhouse, and a long road to town. But now we hear we will probably have no post office, no school, a much longer road to town, and no phone connection. We can't believe our Uncle Sam will permit this, but if it is permitted, I think we are going to raise a terrible howl.

Though the line of the maneuver area may not yet be definitely determined, among those who have been ordered to move are the McNurlens, the Tippens, the Russels, the George Jones family, the P. R. Reid family, the Mashburns, Miss Dolly Reynolds, the Hollis's, Mrs. Effie Egger, Roscoe Jones, Cecil Egger, the Beemans, Wallace Perkins, Tom Perkins, Mrs. Hattie Whittenburg, and Loyt and Charlie Roberts.

Anticipating one more get-together before the time of parting, all families of this community are asked to bring their supporters for a picnic at the tabernacle Thursday, Sept. 17.

CHAPTER No. 89

AN ORDINANCE to be a part of the Code of Ordinances of the City of Goldthwaite, Texas, levying taxes for the said City of Goldthwaite, Texas, upon all real and personal property situated in said City of Goldthwaite, Texas, on January 1st, 1942, and on certain occupations for the years 1942 and 1943; providing for the collection of such taxes, and assessing a penalty and interest when delinquent; and providing a penalty for violation of the Occupation Tax Ordinances, Laws and Statutes.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GOLDTHWAITE, TEXAS.

ARTICLE 1.

Section 1. That there shall be and there is hereby levied a city tax for the year 1942, on all real estate situated, lying and being in the said City of Goldthwaite, Texas, and on all personal property that was in said City on the first day of January, A. D. 1942, not exempt from taxation by the laws and Constitution of the State of Texas, for the purposes herein-after stated:

1st. FOR GENERAL REVENUE PURPOSES and also for the purpose of paying Time Warrants incurred in connection with drilling and furnishing well, to be known as the General Fund, the sum of Ninety Cents (\$.90) on the One Hundred Dollars Valuation, the proceeds of which are to be used for General Purposes, and for the purposes herein named.

2nd. FOR A ROAD, STREET AND BRIDGE FUND, Fifteen Cents (\$.15) on the One Hundred Dollars Valuation, the same to be used for street purposes.

3rd. TO PROVIDE FOR INTEREST AND CREATE A SINKING FUND, to pay Water Works Bonds, and interest thereon, Ten Cents (\$.10) on the One Hundred Dollars Valuation.

4th. TO PROVIDE FOR INTEREST AND CREATE A SINKING FUND to pay Time Warrants issued to the Trent State Bank to supplement construction fund for the light system, known as Special Improvement Fund, Twenty-five Cents (\$.25) on the One Hundred Dollars Valuation.

5th. TO PROVIDE FOR INTEREST AND CREATE A SINKING FUND to pay Sewer General Obligation Bonds, the sum of Ten Cents (\$.10) on the One Hundred Dollars Valuation.

Section 2. That there shall be and there is hereby levied an occupation tax on all such occupations as are set out and taxed by the provisions of Article 7047, and all sections thereunder of the Revised Statutes of the State of Texas, and any and all other provisions of said Statutes, providing for the levy and collection of an occupation tax; the taxes hereby levied being the same as that allowed and provided for the counties of the State of Texas, and particularly providing for the collection of the statutory tax on circuses and medicine shows.

Section 3. That Sections No. 3, 4, and 5 of Chapter 81, of the City Ordinances of the City of Goldthwaite, Texas, as the same appear on pages 231, 232, and 233 of the Code of Ordinances of the City of Goldthwaite, Texas, are not hereby repealed, but remain in full force and effect.

Section 4. Any person or persons, firm or corporation, pursuing any of the above and foregoing taxable occupations, as set out by the Statutes of the State of Texas, and as further designated in this Ordinance and said Chapter 81, within the Corporate limits of the City of Goldthwaite, Texas, without first having applied for and obtained a license from the City Secretary of Goldthwaite, Texas, shall be deemed guilty of a misdemeanor, and on conviction, shall be fined in any sum not less than the amount of the occupation tax assessed, and not more than double the same; provided that no greater fine than two Hundred Dollars (\$200.00) shall be assessed in any event.

Section 5. All taxes hereby levied and assessed, except the occupation tax, shall be due and payable on the first day of October, A. D. 1942, and on and after that date, the City Tax Collector is hereby authorized and empowered to collect and receipt for

the same, before and until the first day of February, A. D. 1943, without penalty; and if said taxes are not paid before the last named date, there shall be taxed against the owners of said real and personal property, and the same shall be a lien on the property so taxed, a penalty which shall be the same as that provided by the Statutes of the State of Texas, for delinquent State and County taxes, and to conform in all respects to said statutes, this ordinance hereby assessing such penalty and interest as the Civil Statutes provide for delinquent State and County taxes.

All taxes not paid on or before the 31st day of January, A. D. 1943, shall be deemed delinquent, and the same, when collected, shall be apportioned among the several different funds, and penalty and interest thereon shall be placed in the General Fund.

After said taxes have become delinquent, the City Tax Collector shall by virtue of his office, levy upon, seize and sell said property, real and/or personal, for the payment of delinquent taxes, as provided by the laws of the State of Texas.

The fact that no ordinance has been passed, levying taxes for the year 1942, and that assess-

ments have been made and that the tax roll should be made, creates an emergency and a public necessity exists and renders it imperative and necessary that the rule requiring ordinances to be read at three several meetings be suspended, and the same is by unanimous consent, suspended, and this ordinance is passed to its third and last reading, and passed and adopted by unanimous vote of the City Council of the City of Goldthwaite, Texas, on this the 7th day of September, A. D. 1942.

(Signed) H. G. BODKIN, Mayor of the City of Goldthwaite, Texas.

Attest: (Signed) F. P. BOWMAN, City Secretary of (Seal) Goldthwaite, Texas.

MORE VICTORY STYLES

Because cloth has many military uses, consumers need to forget "keeping up with the Joneses" and return to studier, more simple clothing for the duration of the war.

This is the advice brought by Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, from a conference on war-time clothing problems held recently in Birmingham, Ala. Consumers also will profit by buying better materials which will last longer and by insisting that labels in clothing give more definite information.

Some military uses for cloth, other than clothing, include camouflage nets, food and feed bags, tarpaulins, mattresses, hammocks, bandages and surgical dressings, bed linens, towels, and tents. Because of these needs of the armed forces, civilians may expect 25 to 30 per cent reduction in available cotton goods. "That means we must streamline our clothes," Mrs. Barnes says.

Diminished supplies of rayon hosiery are to be expected, since rayon filament is being used in parachutes and tires. Only 10 per cent of high tenacity rayon yarn will be available for the

manufacture of hose. With wool, the story is much the same. Three-fourths of the total wool output will be used for military purposes.

The possibility that a year-around cotton wardrobe for women might become popular is good news for Southern cotton growers, the specialist says. For cold weather apparel made of velveteen and corduroy may be substituted for wool garments as a war-time measure. Outing sleeping garments and waterproofed cotton raincoats will be "high style" for the seasons to come.

STORE YOUR SUMMER CLOTHES WELL

The days are shorter, the weather grows cooler, and summer is gone. It's time to put away your summer clothes for their annual "rest"—and this year be sure you do a thorough job of it.

Putting clothing away carefully during the seasons they are not worn keeps them in better condition, lengthens their life span. It pays to spend a little time to see that they are in good shape . . . ready to wear again on short notice . . . and to store them well.

Plan your end-of-season routine to suit the kind of clothing you put away. Here are some tips to help store your summer

clothes:

Dresses, Coats, Jackets

First, take stock. Check each dress, coat, and jacket carefully to see if it needs repairs. Mend any tears, snags, loose buttons, ripped seams or other damage.

Look over washable dresses to see if they have any stains—if they do, try to remove them. Then tub these dresses carefully—and iron if you wish—before you store them. You can put away these dresses in boxes or on hangers in protective bags.

See that non-washable dresses are clean, and hang them in garment bags that will keep out the dust. Close the fastenings on these dresses, as well as on any garment you store on a hanger, to help keep the garment in shape.

Laundry washable summer coats or jackets before you store them. If they are soiled, non-washable types need dry-cleaning. Put these coats or jackets on hangers, padded if possible and store in protective bags.

If the garment is all wool or partly wool, safeguard it against clothes moths and carpet beetles. After washing or dry-cleaning the coat or jacket, put it in a protective bag with paradichlorobenzene crystals, balls, or flakes in the pockets and a bag of these preventives hung over the neck of the hanger.

Seal or fold the edges of the bag so that moths or beetles can not get in. Then hang the bag in a cool closet.

You may have some wool or part-wool garments that are not soiled enough for laundering or dry-cleaning. If so, brush these coats or jackets thoroughly both inside and out—with particular emphasis along the seams because moths often deposit eggs in such sheltered places. Then air the garments well before

SOUTH BENNETT

By MRS. EDKER MIKEAL

(Intended for last week)

We had some nice rains last week, which we were glad to see. Our meeting closed Sunday night. The rainy weather Sunday did not keep people from going to church. We had three services and dinner on the ground.

Mr. and Mrs. C. M. Head and Truett and Mr. Deats of Center City attended the services last week. Bro. Drake of Hamilton County did the preaching.

Miss Mary Helen Drake spent several days in the community last week.

W. L. Lawrence had relatives from Breckenridge visit him last week.

Miss Myrtle Huckabee is reported on the sick list.

Edward Mikeal from Camp Hood spent Saturday night with homefolks and attended preaching services Saturday night and Sunday.

Martin Heath and family from Mt. Olive visited in the Edker Mikeal home one day last week.

Mrs. Von Dean Park of Fort Worth and El Booker and little granddaughter spent the weekend in the Clarence Geeslin home.

Miss Leora Harris of Star visited in the R. L. Mikeal home the first of the week.

Homer McCasland and family visited in the Raymond Booker home one night last week after preaching and ate ice cream.

Haskell Tubbs and two boys, Elue Lee and Lee Roy, and Arch Smith are at Georgetown picking cotton.

Jim Green and family visited in the Edker Mikeal home Tuesday afternoon.

storing. Store in the manner described above.

Bathing Suits and Caps

Don't forget that your bathing suit needs care, too, especially if it contains wool. Wash your suit in warm suds, rinse and dry thoroughly, and store in a box. If your suit is wholly or partly of wool, put moth crystals, balls, or flakes with it and either wrap the box well or seal it so moths or carpet beetles cannot get inside.

As for that bathing cap—it's double valuable now that there is a rubber shortage. Wash and dry your cap and put a little talcum powder or corn starch inside it before storing. Put it away in a cool dark place.

"Once-Over" For Shoes

Give your summer shoes a "once over" and a good cleaning before you store them. If they need repairing, it's best to have it done before putting them away—so they will be ready when wanted.

Put shoes on shoe trees and store them in boxes or in a shoe cabinet where they will be protected from dust. Store them in a dry place to discourage mildew. Also avoid too warm a place.

If you have any shoes made from material that contains wool, put moth crystals, balls, or flakes in the box with them. You can take the shoes out once in a while to make sure they are free from moths. At that time you can also brush and air them as a further precaution.

Store Hats With Care

Pack turbans or little soft hats with no particular shape of their own several to the box—with tissue paper to protect the more fragile ones. Straw hats can be more easily damaged and need a little more attention. Take off any veils or fragile trimming first. Then place the hats—each in its own box—brim side down wherever possible and resting on loosely wadded tissue paper. Put some tissue paper inside the crown and some around the outside of the hat too.

If there is room inside the box you can pack the hat's veiling or loose ornaments with it. And lastly, put the hat box where it will not be moved around constantly.

Mr. and Mrs. J. C. Hicks of Fort Worth spent last Thursday night with relatives here.

Mr. and Mrs. W. J. Weatherby motored to Brady Sunday for a visit with their daughter, Mrs. Talbot Ledbetter, and Mr. Ledbetter.

Mrs. J. D. White and daughter, Mrs. Ruby Ross of Temple, were Sunday guests in the home of Mrs. W. L. Burks.

ROCK SPRINGS

By MRS. EULA NICKOLS

We extend our sympathy to Ducey and George Bohannon in the going away of their brother, John, who lived in Llano at time of his death. We also extend sympathy to Mr. and Mrs. Dee Hammond in the passing away of their baby who just lived a short time. They buried the baby out here Monday at 3:30.

Sunday will be church day. It seems like a long time since the last time Bro. Sparkman was out here.

Mrs. Clyde Cockrum and the school children were on time for the opening of school in Goldthwaite Monday morning.

Miss Lou Ella Patterson, who lives in Crockett, Texas, and I spent last Saturday with Mrs. Lula Gatlin and Miss Love. It was Mrs. Gatlin's birthday. Miss Love prepared a nice dinner, which we all enjoyed. About 5 o'clock Mrs. Gatlin's friends and neighbors called and sang happy birthday. We wish Mrs. Gatlin many more happy birthdays.

Rufus Pierce and wife moved to Comanche last week. We wish them the best of luck in their new location.

We welcome the Tippens, who moved on the Pierce farm. They come from Ebony.

Marvin Spinks bought the A. D. Karnes house in Goldthwaite last week from his Grandmother Davis. We hope they will like city life.

Pat Medford got a bookkeeping job in a gin at Hamilton last week. He will finish moving this week.

Oscar and Jim Gatlin ate birthday dinner with their mother Saturday night.

James Nickols papered and painted some for Mrs. J. C. Mulvan last week.

Mrs. A. D. Kirk and daughters left Saturday night for their home in Houston, after a two-weeks' visit with her mother, Mrs. Maggie Traylor.

I spent Saturday night with Philip and wife in town. We all went to Stephenville Sunday morning to visit in the Manning and Ellis homes. Mrs. Ellis came home with us for a few days' visit with her daughters, Mmes. Long and Sowers.

James Nickols worked for Claud Smith Sunday at the station. His wife and boys went to

V. D. Tyson's for the day with Mrs. Dwight Nickols.

Austin Whitt is building the E. Gilliam house in town. It will be quite a while before it is finished.

We are glad to know Mrs. Jess Cockrum is feeling better this week. She has had the flu.

We should feel in good spirits after such a nice slow rain. Those who planted their fall gardens will soon have something to eat.

YOU'RE RIGHT tootin'

William Allen White, Editor of the Emporia (Kansas) Gazette, and celebrated American journalist and author.

Says William Allen White "The Sage of Emporia" about America's Railroads

"You ask me whether I think the American railroads are doing their jobs in this grave crisis. Well, I would say, you're right tootin', they are and tootin' is the word!"

"I live six city blocks north of the Santa Fe main lines. All trains between Chicago and Galveston, between Chicago and Los Angeles and San Diego east or west, go right by my door and you should hear them toot. Try to sleep with your south windows open on a summer night and you will certainly hear them toot . . ."

"It's a continuous procession of swift passenger trains laden with soldiers and long grumbling, rumbling freight trains often with two engines and all night they sound like some cosmic rooster crowing to spell the dawn of the day of doom for America's enemies."

"No other service in the United States is doing such a swell job as the American railroads. They were ready for it. When the warning came in '39 after we repealed the embargo clause of the Neutrality Law, the railroads knew what was coming. They are now equipped with cars and with rails. Their roundhouses are full but not clogged. They keep the wheels moving."

"The American capacity for organization under crisis never was exemplified so splendidly as the American railroads have proved their worth and excellence. It is a great job well done. It is a sort of thing that Americans do better than anything else. Our hard common sense, our indomitable purpose to achieve, all these are back of our effort. The railroads have done their work without friction with either labor or capital. They have responded to a great emergency with splendid intelligence."

"And are they doing their job? You're just right tootin' they are!"

Let's All Pull Together

Increasingly, under war conditions, the railroads must furnish mass transportation, military and civilian, for the nation. The load is already great—and growing steadily. Military movements come first, without question. You can do much to help us maintain adequate rail service for civilian needs as well, in these ways: When you travel, make your reservations and buy your tickets early; cancel reservations promptly, if necessary; check all personal baggage not actually needed in passenger cars; and spread the travel load by avoiding week-end and holiday rush periods. When you make shipments, order freight cars only to your actual current requirements; load them to capacity; and release them promptly.

AT YOUR SERVICE—Why not talk over your transportation problems with your Santa Fe representative? He'll be glad to help you with practical suggestions.

Your own judgment says it's true . . .
Be wise and "follow through!" . . .

Dalton-Moreland Wedding Sept. 2

On Wednesday evening, Sept. 2, at ten o'clock, Miss Robb Louise Moreland became the bride of Lawrence Edward Dalton in a simple ceremony at the Baptist Parsonage in Richland Springs. The marriage ritual was read by the Rev. W. E. Brown, pastor of the First Baptist Church of Richland Springs. The bride wore an ensemble of gold alpaca with brown accessories and a corsage of bronze gladioli. For "something old" she wore an antique locket belonging to her aunt, Mrs. W. T. Kirby; for "something borrowed," a ring belonging to the groom's aunt, Mrs. Joe Bailey Karnes; and for "something blue," a blue crepe de chine handkerchief belonging to her grandmother, Mrs. J. W. Long. The groom wore a suit of R.A. F. blue.

Mrs. Dalton is the daughter of Mr. and Mrs. Carl Moreland and the granddaughter of Mrs. J. W. Long of Goldthwaite.

The groom is the son of Mrs. Alva Dalton of San Saba and the grandson of Mrs. McGowan, formerly of Goldthwaite. He was reared in Drumright, Okla. Guests at the wedding were Mesdames Alva Dalton, McGowan, Joe Bailey Karnes, and Carl Moreland. The bride's father who is employed at the Pacific Naval Air Base in Lonika, Oahu, Hawaii, was unable to attend the ceremony.

Women's Press Group To Honor President

(San Antonio Express)

Women writers of San Antonio this week will entertain Mrs. R. M. Thompson of Goldthwaite, president of the Texas Woman's Press Association, who arrives here Friday for a two-day visit.

Mrs. Thompson will be honored at noon Saturday with a luncheon at the Original Mexican Restaurant by members of the State Association in San Antonio and former members. Saturday afternoon she will be guest at a seated tea in the home of Mrs. Charles R. Allen, 110 W. French Place.

Other Texas women, prominent in the Press Association, will be in San Antonio with Mrs. Thompson. Mrs. Alex Adams, first vice-president of the association, will be general chairman of the entertainment.

Star H-D Club

The Star Home Demonstration Club met Sept. 3 with Mrs. L. J. Teague.

After the house was called to order by Mrs. Allen Shotwell, we answered roll call by telling our favorite meat dish. Mrs. Louise McAlister, our new home demonstration agent, met with us and very capably taught us how to make hominy, with some new ways to serve it. These were gratefully appreciated as we will have need of them when those meatless days arrive.

It was decided that we elect officers at our next meeting, which will be Oct. 15. All members please be present at that time, as we want to carry this work forward with success for the coming year.

Never have we felt the need of work of this kind so badly. So, girls, we will be looking for you with new interest at that time.—Reporter.

Livingston-Jarrett

(Amarillo Globe)

Mrs. Mabel Livingston, daughter of Mr. and Mrs. Charles Melzer, 900 Sunset Terrace, was married at high noon Tuesday to Sergeant Allen E. Jarrett, son of Mr. and Mrs. G. E. Jarrett of Goldthwaite.

The double ring ceremony was read in the parsonage of the Presbyterian Church in Clovis by the Rev. Keathley. Members of the immediate families were present at the ceremony.

Following the service, a wedding luncheon was given by the bride's parents at the Clovis Hotel. Tuesday evening from 5 until 7 a reception was held at the Melzer residence honoring the bride and bridegroom.

Immediately after the reception, the couple left on a wedding trip. Mrs. Jarrett is employed at the McCormick Co. and will make her home at 900 Sunset Terrace. Sgt. Jarrett is stationed with the Coast Artillery at Hartford, Conn.

Family Reunion

On September the second Mr. and Mrs. Luther Geeslin were very happy to have all their children home for a family dinner.

Those present were their children, Mr. and Mrs. Raymond Geeslin and daughter Shirley Marie of Eden, Texas; Mr. and Mrs. Lester Geeslin and children, Betty Alice and Benita Faye, of Burketville; Mr. and Mrs. Virgil Geeslin and children, Lester Parish and Virgilene, of Brownwood; Mr. and Mrs. Mark Manuel of Goldthwaite; R. V. Geeslin of Los Angeles, Calif.; Alva Ray, Earlene and Jessie Lou of Goldthwaite; and a few friends, Mr. and Mrs. Grover Price of Goldthwaite, Mrs. V. T. Stevens and daughter Vada Dean of Goldthwaite, and Mrs. Verdie Price and son James Eddie of San Diego, Calif.

Miss Ruby Stevenson from Cameron is spending this week in the home of Mr. and Mrs. Floyd Fox.

Sergeant Allen Jarrett and wife visited two days with home folks and friends. They and Mr. and Mrs. M. C. Partridge and Mr. and Mrs. Ernest Jarrett visited in Breckenridge with the Jarrett families.

Home Demonstration Council Report

The Goldthwaite Home Demonstration Council met Saturday Sept. 5, in Mrs. McAlister's office, with good attendance. We had ten minutes recreation and singing of patriotic songs, America, America the Beautiful, led by Mrs. George Shady. Roll was called, had reading of the minutes, reports from all club presidents from all over the county, as to what each club was doing; all had excellent reports, and all had their summer picnics.

Financial report was given by Secretary Greta Sue Hines.

Mrs. George Shady gave a report on year book, and requested all to turn in material for year books.

Mrs. Harvey Hale gave her report on the state meeting of the Home Demonstration Association in Fort Worth, and it was a very interesting report. Mrs. Black gave a report on the 4-H Club encampment that was held at Lake Merritt in August, and said the girls enjoyed every minute and had good eats.

Motion was made by Mrs. Sauters that we buy a new rug for the Council room; motion carried. Mrs. Shady made motion that we help the deserving Chinese people who have fought so gallantly for six years. Ten American dollars will provide clinical care for one hundred Chinese refugees. Motion carried.

The new year books will be dedicated to our former agent, Miss Frances Brammer. As there was no further business, we adjourned.—Reporter.

Midway Club

The Midway Home Demonstration Club met August 29 with a picnic supper at the Horton tank with a good crowd present. The children went swimming while the older ones spread supper and mixed cold drinks. Then every one was called to supper that was plentiful. Everybody enjoyed having Mrs. McAlister and Mrs. Pass with us very much.

The Club met September 4 with Odessa Tubbs. Mrs. McAlister demonstrated making hominy that was nice and white. We all enjoy making it now. Those present were Joe Ruth Lindsey, Duell Cline, Mrs. Sever, Ima Wicker, Mrs. Lindsey, Linnie Horton, Lula Mae Horton, and Mrs. McAlister.

Our next meeting will be with Ima Wicker on Sept. 25. Every member is urged to come and bring a new member with them.—Reporter.

What Ginny Simms Is Doing

Just before time for Kay Kyser and his orchestra to return to New York last fall, Ginny Simms, the orchestra soloist, signed a three-year movie contract with R.K.O. and her own radio contract with Kleenex. This was a promotion to a movie and radio star in her own name. For several months last winter and spring, she was Bob Burn's soloist over the Campbell Soup program.

Ginny spent most of the summer making a picture with Charley McCarthy, Molly and Ebbert McGee, entitled "Here We Go Again."

Every Tuesday night at seven, she will be mistress of ceremonies and singing star over N.B.C. on the Johnny Presents program.

While with Kay Kyser she was in three pictures: "You're Right, That's Wrong," "You'll Find Out," and "Playmates."

Mr. and Mrs. Ray Berry and son, Hubert, and daughter, Mrs. David Walters, returned Tuesday from a week-end visit with their son and brother, Pvt. Willie L. Berry, who is in the Coast Artillery stationed at Camp Haan, California. W. T. Moreland, uncle of Willie L., accompanied them on the trip. His family reports that Willie L. is looking well and is optimistic about the war. He seems to have an unshakable faith in the ability of the U. S. Army to lick the enemy.

F. R. Wilson came over from San Antonio the middle of this week for a visit with relatives and friends.

Mr. and Mrs. Ulys Jarrett and family of Palestine have been visiting in the Ernest Jarrett home.

Miscellaneous Shower

On Tuesday afternoon at 4 p. m., Mrs. Lawrence Dalton was honored at a miscellaneous shower in the I. Z. Woodard residence.

Upon arrival the guests were asked to register in the lovely guest log given Mrs. Dalton by her mother, Mrs. C. E. Moreland, and then ushered into the dining room where golden punch and cookies were served from a table made very attractive with vasepoint crystal, white tapers, and flowers.

After the last guest had arrived, Bobby and Betty Woodard and Janie Long carried the beautifully wrapped gifts into the living room and placed them on the table for Mrs. Dalton to open. After much admiration of the useful gifts and wishing Mrs. Dalton continued happiness, the guests departed.

Guests included Mrs. C. E. Moreland, Mrs. Alva Dalton, Mrs. Albert Grumbles of San Saba, Mrs. Joe B. Karnes, Mrs. Hugh Moreland, Mrs. Jake Long, Mrs. Clyde Faulkner, Mrs. Charlie Booker, Mrs. Loy Long, Mrs. Lee Long, Mrs. John A. Jackson, Mrs. C. G. Featherston, Mrs. Tolbert Patterson, Mrs. Floyd Manuel of Houston, Mae Featherston, Mrs. Carl Featherston, Barbara Porter, the honoree, Mrs. Lawrence Dalton, and the hostess, Mrs. I. Z. Woodard, and Mrs. Travis Long.

CENTER CITY

By Mrs. J. M. OGLESBY

There has been a "heap o' livin'" out our way, and I've had little time to either gather news or write.

Bountiful rains have fallen the past few weeks. Pastures and fields are green, creeks and tanks are overflowing with water.

Last Monday the children entered school again and face another school term. Indications are that much valuable work will be accomplished by each. Prof. Patterson is putting forth every effort to create an atmosphere for study and thought in every class room and study hall. May every teacher and parent co-operate, if you want a school you wish your child to attend.

Joe Langford returned from a Temple hospital last week, after spending several days for treatment. He is showing improving, which is pleasing news to his many friends.

Sunday School was observed in both churches Sunday morning. Dr. Cooke of San Angelo preached a wonderful sermon on the "Lost Sheep." It was not known that he would be here and therefore the attendance was small. In the afternoon he held fourth quarterly conference at Star. The pastor, Bro. Elles, seemed well pleased with reports of the different churches in the charge.

Little Gerald Lee arrived in the home of Mr. and Mrs. Gerald Head to make his home. He is a fine baby and all are very proud of him. His grandmothers, Mmes. W. W. Head and Robert Lee, are helping take care of him.

Mrs. Oscar Bill visited Mrs. Chester Head Sunday evening. T. B. Oglesby and family of Brownwood visited in the Mohler Oglesby home Sunday afternoon.

Prof. Mike Coleman and wife and his mother visited his sister, Mrs. Lee Walton, and family last week-end.

Wm. Wilcox and Mrs. George Lawless and little son visited in the Tom House and Ira Alldredge homes last Saturday and Sunday.

Mrs. Harvey Morris was rushed to Marlin hospital and underwent an operation last week. Mr. and Mrs. Ellet and little son and Mrs. Joe Green and daughter and Miss Fannie Morris visited her Sunday. She is recovering nicely.

Mr. and Mrs. G. C. Price, and Mrs. L. P. Geeslin have returned from a visit to San Diego, Hunting Beach, and Long Beach, Calif. Mr. and Mrs. Price visited with their sons, R. D. and John C., who are employed in defense work at Riverside, Calif. While there they celebrated their 32nd wedding anniversary with a chicken dinner, their sons and families also having a number of friends present for the dinner.

Mr. and Mrs. Mark Manuel spent last week-end in Houston.

PRIMARY NEWS

We are glad to be back in school again. There are twelve pupils in our room. We are busy getting our textbooks covered. There are four beginners in our room this year. They are: Janice Curb, Juanita Adams, June Hamilton and Geraldine Perry.

The fourth grade also has a new pupil, Billie Fae Hasty McGowan from Winters. We are glad to have all our new pupils with us. Class work began Wednesday and we are all looking forward to this year's work.

Weldon Summy of Camp Bowie visited Saturday night with his parents, Mr. and Mrs. W. B. Summy. On Sunday afternoon Mr. and Mrs. Earl Summy and Mr. and Mrs. W. B. Summy took Weldon back to Brownwood. Mr. and Mrs. W. B. Summy stopped at Mullin to visit her sister, Mrs. W. E. Burleson.

Mr. and Mrs. Burton Leverett and little daughter, Barbara Nell, of San Antonio spent Tuesday and Wednesday here with Mr. and Mrs. W. A. Berry.

Mr. and Mrs. George H. Tempelin and Mr. and Mrs. Liggett Carrol of Austin spent the week-end at the Bowman camp at Lake Merritt.

R. V. Geeslin has returned to Los Angeles, Calif., after a ten-day visit with friends and relatives.

War Contracts And The South's Economic Outlook

By GEORGE C. HESTER

It is now evident that the government's war spending will do much to shape the course of the economic development in this country for many years. It may mean a permanent allocation of wealth and economic activity for various sections of the nation. Mayor LaGuardia of New York recently complained that New York City was not getting its fair share of production orders, and as a result, over 400,000 people are needlessly out of work. To remedy this situation, it has been suggested that the garment industry be concentrated in and about that city. Such action, of course, would do much to retard, if not destroy, one of the South's growing industries and one which it has been struggling for years to develop.

All of which raises again the whole question of sectional distribution of war spending and its possible effects upon the future economic program of the South. A few figures will help to understand the trend.

For the two-year period ending June 30 of this year, a total of \$80,338,688,000 had been let in war contracts. Of this amount, the entire South, consisting of thirteen states, received \$14,153,179,000. New York State alone received \$6,980,300,000 or nearly one-half the amount received by all the Southern states. Michigan received \$7,417,100,000; California \$6,944,100,000; Ohio \$5,321,500,000; and New Jersey \$4,407,000,000. Texas, by comparison, has received \$2,535,700,000.

During the first six months of this year, production contracts for the nation totaled \$22,099,000,000. Of this amount, nearly 32 per cent was given to the highly industrialized states of Michigan, New York, California, Ohio, Illinois, and New Jersey. By comparison the thirteen states of the entire South received only 21 per cent.

But the mere figures do not tell the whole story. Another fact is far more significant. In the first place a large portion of the money spent in the South was spent on training camps. These training camps are vitally important today, but will be worthless after the war.

In the second place, the industrial contracts going to the South are directed chiefly at setting up such industrial facilities as powder and shell plants. Such industries will be practically worthless in the post war years.

By contrast, most of the new industries going to the North and East serve to complement and increase the heavy industries already concentrated in those areas. Michigan, for example, is getting chiefly tank, engine, and airplane factories; Pittsburgh is expanding its steel industries, while the seaboard is getting the great shipbuilding facilities. California is becoming the center of the aircraft industry so important in the future economy of this country.

For three-quarters of a century the South has been the economic stepchild of the Union. High tariffs, which subsidized Northern industries, discriminatory freight rates that still favor Northern shippers, and the whole system of outside ownership of its basic industries, have combined to reduce the South to a status almost approaching economic servitude. The annual per capita income in the South, for example, is normally little more than one-third of that in the North.

And now the great war production program bids fair to help freeze permanently upon the South their condition of economic dependency. When the war building ends, our impoverished Southland will be vitally in need of industrial employment for its millions of people accustomed to living under substandard conditions. Instead of permanent industries, it will find on its hand a raft of closed training camps and worthless munition factories.

The concentration of industries in a few limited areas is one of the most unwholesome aspects of the entire war production program. The unfortunate thing about it all is the fact that such industrial concentration in the favored areas is being accomplished by public money,—money that all sections must share in repaying. For the South, especially, it may mean an eventual return to its impoverished agriculture as the basis of its economic order, after the few years of artificial prosperity it is now enjoying.

State Department Health Notes

With the nation facing a loss of more than 6 million man days per month in defense industries alone from accidents and illness, Dr. George W. Cox, State Health Officer, is intensifying the Texas State Health Department's effort to cut down the total days lost in this state.

"The number of man days lost from accidents alone each month reaches an alarming total. But when we consider that there are 9 times more absentees from communicable and other diseases it becomes apparent," Dr. Cox asserted, "why it is necessary to urge that each individual protect his own health to the best of his ability."

Communicable diseases and even mild epidemics can seriously handicap the nation's war effort by slowing down the production of the necessary ships, planes, guns, and tanks. Careful attention to personal cleanliness, proper nutrition, sufficient rest, fresh air and sunshine is the personal responsibility of every individual at this time.

"It is our job," Dr. Cox said, "to fight sickness and accidents. Production can be boosted and lives can be saved by strict adherence to community and industrial hygiene standards and full co-operation in such community projects as mosquito control and rat extermination and for preventing the spread of malaria, dengue, and typhus fever. Loss of time renders aid to the enemy and this country must be able to depend on peak production from all of its industrial army."

Dr. Cox pointed out that the armed forces have called a great per cent of our doctors and nurses into active service and the war has made unattainable many of the drugs and chemicals which have heretofore been used as ordinary household remedies. This shortage of doctors and nurses, together with our inability to obtain many needed drugs, makes the conservation of good health a definite war project and the patriotic duty of every man, woman, and child.

RADIO BROADCAST

Austin, Sept. 10.—The part of doctors, nurses, and first aid workers in a war encompassing our civilian population will be featured in this week's dramatization of "Texans on the Alert," presented over the Texas Quality Network at 2 o'clock Sunday afternoon, Sept. 13.

The scene is that of a typical Texas city immediately following an air raid, with the central figure, a doctor, maintaining contact with the Local Control Center and directing the care of the injured and dying.

Mr. Civiian is given his cue as a defense volunteer when Ranger Dub Naylor calls attention to a new publication of the Office of Civilian Defense, "What Can I Do?" which is available to the public upon written request to the National Defense Committee for Texas or Governor Coke Stevenson, Austin, Texas. The booklet, illustrated by Gluyas Williams, outlines the part which every citizen should have in the war effort.

The broadcasts in this series originate from the studios of WFAA in Dallas, and are carried over WOAI, WBAP, and KPRC as a public service feature of the Texas Quality Network and the Texas School of the Air. Scripts are prepared by Mrs. Elithe Hamilton Beal, director of radio at the University of Texas.

A GOOD CRY

Weeping, safety valve of our deepest emotions, is coming into sudden vogue as a cure in a host of human ills, writes Leonard Wallace Robinson in Your Life magazine. For science has found that dry-eyed stoicism in times of stress may cause deep-rooted nervous troubles.

Many doctors, according to Mr. Robinson, report that a good old-fashioned cry can literally wash out of the system certain types of colds, headaches, sore throats, indigestion and several other ailments.

"If you can," the writer goes on, "try weeping the next time you have a head cold; it may clear it in the space of an hour or two."

JOSEPH SOLD INTO SLAVERY

LESSON TEXT—Genesis 37:23-36.
GOLDEN TEXT—Love envieth not.—I Corinthians 13:4, R.V.

Does it pay to trust God? Is He really concerned about the affairs of men? Does He know the trials and the heartaches of His children? These are the crying questions of today, and they find their answer in God's dealings with men of the past. The story of Joseph has many interesting and instructive phases, but perhaps the most important just now is the truth of our lesson, "The Lord saith . . . them that honor Me I will honor."

We first find Joseph as he learns that

I Jealousy Bears Bitter Fruit

(vv. 23-30). Joseph was his father's favorite and was shown that favoritism in many ways, but it was perhaps most fully expressed in the coat of many colors. This was a luxurious long robe with sleeves, indicating that he was a gentleman and not to do ordinary work of one who wore the sleeveless, knee-length tunic. His brothers deeply resented this evidence of the father's favor.

The dreams which Joseph rather innocently yet perhaps unwisely told to his brothers and his honest report of their wicked behavior fanned the flame of jealousy into a consuming fire which threatened his life. But God, through Joseph's brother Judah and through the opportunity they had to make money out of selling him into slavery, kept him for His own purposes.

May we not learn that the darkest hour may be the time of God's deep interest and directing power. The only way strong men can be developed is by suffering hardness and trial. "God wants iron saints, and since there is no way of imparting iron to the moral nature than by letting His people suffer. He lets them suffer (Heb. 12:11)" (Meyer).

Parents should also learn here the dangers of favoritism among children. It is one of the most destructive of evil influences that can enter a home. It hurts the child who is favored, alienates the other children, and it destroys confidence in parents and respect for their authority. Let's have none of it!

II. Deceit Attempts to Conceal Sin

(vv. 31-35). One of the tragic things about sin is that a wicked act does not stand alone but leads into another sin to cover the first. In the case of Joseph's brethren, their sin against him was covered by deceit. They lied to the father and maintained that lie for years, even though they saw that their aged father was brokenhearted. How callous sin makes the heart of a man!

Yet the very fact that they lied to cover their sin indicates that they were ashamed to admit that they had fallen so low. James Strahan well says: "Evil never dares to be sincere. It always borrows the colors and wears the garb of innocence. It has a whole lifetime of hard labor in keeping up appearances. Hypocrisy is the tribute which all bad men have to pay to the ideal of goodness."

III. God Overrules Evil for Good

(v. 36). It was God's plan that Joseph should come to his greatest usefulness in his place of authority in Egypt, so He directed the sale of the young slave into the home of Potiphar, a leading officer of Pharaoh.

The story of Joseph's life in Potiphar's house is one of unusual interest. Faithfulness to duty, loyalty to God and truth led to shifting experiences of imprisonment and of favor, but ultimately he came out into the place of leadership in the government of Egypt. In this place God marvelously blessed and used him.

Since the matter of the relation of men to government is so much before us these days, it will be well to note that Scripture holds a very exalted view of the public servant. Paul says we are to "be subject unto the higher powers. For there is no power but of God: the powers that be are ordained of God" (Rom. 13:1). The Bible clearly teaches that every governmental agency and every public servant, from the policeman on the beat to the President in the White House, is only permitted to exercise authority over his fellowmen because God has ordained that there should be such government. Clear it is that every right-thinking official of state and nation should be humble, teachable, discreet, and wise in the exercise of his power, and God-fearing in the discharge of his responsibility.

Our lesson provides unusual opportunity for the teaching of proper family relationships, the right attitude toward government, as well as the blessed assurance and confidence which we may have who have entrusted our lives into the hands of God.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle Files Sept. 8, 1917)

Miss Kate Lowrie left Sunday night for McAllister, Okla., where she has a position as stenographer.

Miss Dora Oden visited friends in Brownwood this week. Grover Dalton, who conducted the cold drinks and confectionery business here for several years, discontinued the business on the first of the month.

B. F. Geeslin has opened a grain store in his building on Fisher Street.

James Frizzell went to San Saba the early part of the week to spend a few days with his brother, Sam.

Mrs. Claude Dickerson returned yesterday from a visit to relatives at Cherokee.

Mrs. Edward Geeslin and children returned yesterday from Fort Worth, where they spent several weeks with relatives.

Miss Fannie J. Baldwin left for Beaumont Wednesday after spending a week with Mrs. L. E. Miller.

Judge Weaver went to Lampasas Tuesday to be present at the teachers' institute.

BABSON SAYS TO BUY WINTER CLOTHES NOW

By ROGER W. BABSON
(Copyright, 1942)

Babson Park, Mass., Sept. 11.—I have been reprimanded by Washington for the last advice which I gave you readers to buy now certain things. At the risk of further scoldings, let me talk about now preparing for winter!

Buy More Winter Clothing
A study of department store advertising indicates that people still demand the same kind of light-weight clothing which they have worn during the past ten years. Working girls, especially, fail to realize the tremendous changes taking place in the world today which must change our mode of dressing, eating, and living in general. We have the greatest war of history on our backs.

Let's take clothing as an example. Before the days of the closed automobile and oil heat people wore very heavy clothing in winter. This included heavy underwear, long drawers, woolen stockings, high buttoned boots, and warm dresses. Overcoats were bought to keep us warm—not for looks. We wore caps to pull down over our ears and mufflers around our necks. Why? Because our houses were underheated and we walked instead of rode.

Help Your Department Stores
Now, Washington officials can do many things but they cannot change the weather! We are soon to have snow storms, zero winds, and all that goes with an "old-time" winter. Yet, most families will have no fuel to waste and will be obliged to walk in the snow and cold instead of to ride in sedan cars. Are you preparing to change your clothing back to grandmother days to meet the conditions under which grandmother lived and under which you may live this winter? Most readers will reply that I am a Jeremiah;—that it will be time enough to buy those "outmoded" goods in winter if they are then really needed. Let me tell you that they are sure to be terribly disappointed. They owe it to the merchants, the manufacturers and to the railroads to BUY NOW. Only by so doing can more warm clothing be rushed through the mills and over the railroads in time for use this winter.

Homes, Offices Will Be Colder
Take warm sweaters for instance. Factories, office buildings, stores, and even homes must use less fuel this winter. This means you will feel cold. The light-weight suits and rayon dresses which men and women have, during the past ten years, been wearing in winter won't keep you warm this coming winter. You will not have the money to buy a new suit or dress. Hence, you will shiver for a few weeks and then try to buy a heavy sweater.

But millions of others will then do the same thing. Result? All sweaters will be sold out in a few days and it will be too late

to replace them. It is far more patriotic to buy sweaters now so that stocks can be replaced. The same argument applies to heavy coats, overshoes and warm stockings! Forget high heels and fancy shoes for the winter.

Transportation Troubles Ahead
I fear that the average reader of this column has little idea of the changes which are ahead. Remember that 10,000,000 workers, who three years ago were making clothing, shoes, furniture, and similar things, have quit this work and are now making ships, airplanes, guns, munitions and other war materials. Remember that the railroads, which three years ago were hauling things for you to eat, wear and enjoy, are now overloaded. Because of the transportation of war supplies, they have little space to transport even sweaters for you while trucks are short on oil and tires.

If all the shoes, clothing, etc., now being made were available to the people of the United States, it would not be so bad; but they are not. Our fields, factories and mines must, to a large extent, feed, clothe and fuel Great Britain, Russia, China,

SAYLOR CHEVROLET CO.

THE STATE OF TEXAS

To MRS. EVA NICKOLS, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Mills County at the Court House thereof, in Goldthwaite, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of October, A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 25th day of August, A. D. 1942, in this cause, numbered 2714 on the docket of said Court and styled Glenn Nickols, Plaintiff, vs. Mrs. Eva Nickols, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce, Plaintiff alleging that he, Glenn Nickols, was on the 21st day of May, 1934, married to Defendant, Mrs. Eva Nickols, in Williamson County, Texas, and that they continued to live together as husband and wife until on or about the 14th day of August, A. D. 1942, when she the said Defendant, abandoned him. Plaintiff alleges that about two years prior to the time of their separation the defendant began a course of unkind, harsh and cruel treatment towards plaintiff, as is more fully set out in plaintiff's petition on file in this cause, that defendant has been given to such unbecoming conduct and has carried on such a series of vexations that it has rendered said plaintiff's and defendant's living together as husband and wife insupportable. That there is no community property and that there were no children born to this said marriage. Plaintiff prays for judgment dissolving the marriage contract now existing between plaintiff and defendant, for costs of suit and for such other and further relief, special and general in law and in equity, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Goldthwaite, Texas, this the 25th day of August, A. D. 1942.

Attest:

W. E. SUMMY, Clerk,
District Court, Mills County,
Texas. 9-18

SOLDIER LETTERS

FROM EDWARD C. HUGHES
August 22, 1942.

Dear Stone and Vada Shipman:

How are you all? I am o.k. I received your letter a couple days ago and was glad to hear from you.

I don't know much of anything to write—just the same old thing over most every letter. There was a negro soldier that was A.W.O.L. and he got drunk Thursday night down in Macon. The M. P. started to take him in. He grabbed the gun from the M. P. and shot him but didn't kill him, so a cop ran in and he shot him and killed him, but they caught him last night. I guess he will get what he needs. I will send you all a picture of myself if I can think of it, but I write here on duty, then when I get back to camp I forget the picture. You all send me one of you both. Well, I don't know any more to write, so will close. Answer real soon. Your friend,
Pvt. Edward C. Hughes,
Wellston Air Dept.
Medical Dept., Herbert Smart Airport, Macon, Georgia.

Lampasas

Camp Hood Destroyer Battalions have been assigned week-end leaves and will proceed to Lampasas, Georgetown, Taylor, Cameron, Marlin and Belton on the afternoon of Saturday, September 1, a news release from the Tank Destroyer Center stated Wednesday. These battalions are to assist in the Labor Day observance in these towns, the release said.

Mrs. W.A. Craft, a resident of Lampasas since young womanhood, died in the Rollins-Brook Hospital Sunday, Aug. 30, at 3:00 p. m., following one week's illness.

Tuesday morning, Sept. 1, 18 Lampasas High School boys had their first football workout of the year. Suits were issued and actual training began in the morning session.

Dr. H. B. Rollins will report to Kelly Field, San Antonio, Tuesday, Sept. 8, to assume his duties as a captain in the medical detachment of the Air Corps of the Army.

Mrs. Fannie Sale passed away here Saturday morning, Aug. 29, following failing health of a year and being confined to her bed for the past several weeks.—Record.

San Saba

With a nest egg of about 80,000 pounds, the scrap iron drive in San Saba looks very promising, according to Joe Smith, commissioner of Precinct 1, who has collected 24,000 or 25,000 pounds himself, which was donated by those in the precinct.

The enrollment of the San Saba public schools was decreased some during the past two years. The peak enrollment was reached in 1939-40 when 1,171 pupils were registered. Last year's enrollment was 1,049. This year's enrollment is expected to be slightly less, due to many families moving away to defense areas.

A telegram from the War Department to Mrs. Jim Hamrick Sunday, Aug. 30, announced the death of her son, Corporal Jack Hamrick, in the British Isles August 18.

Much regret was expressed here this week when it became known that Prof. W. R. Wheeler, who has been our able and efficient school band instructor for the past two and a half years, has accepted the offer of the band director post in the public schools at Freer, Texas. The offer came unsolicited. He took over his duties there Sept. 1.—News.

Comanche

Miss Mary Lee, daughter of Mrs. J. A. Lee of Comanche, died at a Brownwood hospital Wednesday night, where she had gone Friday for an operation following an attack of appendicitis.

Rena Owen, correspondent for The Chief for the last 15 years in the Harmony community, has joined the Women's Army Auxiliary Corps, and will leave soon for active duty. Miss Owen will go to Des Moines, Iowa, where she will get her first training as a WAAC.

Funeral services for Leonard Anthony Powledge, 83, were held at 4 p. m. Monday at Hico, with interment there. The deceased passed away in Dallas last Saturday and the body was sent to Hico.

The Production Department of the Hamilton Red Cross Chapter has moved its rooms from the upstairs over Koen's Drug Store to the rooms upstairs in the Riley Building, on the southwest corner of the square, first stairs south of the square on the post office street.

Evant is to be commended for its wholehearted effort in the interest of the scrap metal drive. On Friday, Aug. 21, a fine musical program was enjoyed by a large, appreciative crowd of citizens of Evant and the surrounding communities. The final rally was held on Friday night, Aug. 28, which was another entertaining musical program attended by a large crowd.

General MacArthur's Headquarters in Australia, Sept. 2.—Heroic efforts of American airmen in the final days of the battle of Bataan and Corregidor were memorialized Wednesday by awards of the Distinguished Flying Cross to eight men of the United States Air Corps. As the overwhelming Japanese forces closed in on the peninsula and the island fortress and rained bombs on the distressed defenders, the tiny American air force performed valiant service in evacuating personnel and bringing in badly needed supplies to the beleaguered garrison. Awards were made to two Texans among the airmen. They are Capt. Henry Thorne, San Antonio, and Capt. John Randolph Schertz, Texas.—Record.

JUNK

needed for War

"What's it good for?"
"Guns, tanks, and maybe part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin.

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?

First—collect all of your waste material and pile it up.

Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

W. C. PIERSON, SECURITIES DIVISION INVESTIGATOR, VISITS HERE

Persons engaging in the business of real estate, including collection of rentals, real estate loans and land appraisements, and those handling securities, stocks and bonds, including oil and gas leases and royalties, are required to take out licenses as provided in the Texas Real Estate Act and Securities Act, respectively, whether they are engaging in such occupations permanently or temporarily, full time or part time, and are subject to prosecution for failure to take out the required licenses. Walter C. Pierson, investigator for the Securities Division of the Secretary of State's office, said here last week while checking up and visiting with local real estate men. Licensed securities dealers are authorized to deal in real estate, but, on the other hand, agents having only a real estate license are not authorized to deal in securities stocks and bonds, he stated.

No unlicensed dealer or salesman has any standing in court for the collection of commission for services coming within the provisions of the act. All agents must conduct themselves according to the rules, regulations and provisions set out in such acts, or be subject to the penalties provided therein for violations. The issuance of licenses and the enforcement of the provisions of such acts have been placed in the hands of the Securities Division of the office of Secretary of State, Austin, Texas.

Persons who are approached on promotion schemes involving real estate, stocks and bonds, oil and gas leases, royalties, etc., should investigate carefully before investing and secure advice from their attorney or local licensed real estate dealer in whom they have confidence, or contact the above named State Department for information and advice, Mr. Pierson warned.

PLAYMATES
 "Playmates" is the story of Patsy Kelly, acting as press agent for Kay Kyser, attempting to secure a radio program sponsor. John Barrymore agrees to teach Kyser to play Shakespeare. There are plenty of laughs and good music. Ginny Simms, niece of Mrs. E. B. Anderson and cousin of Mrs. Ed Gilliam of Goldthwaite, sings some very pleasing songs—"Humpty Dumpty Heart," "How Long Did I Dream," "Thank Your Lucky Stars and Stripes," and "Romeo Smith and Juliet Jones."

"MY GAL SAL"
 "Inspiration" — that's what America needs today! And that's just what America is getting in the person of the "No. 1 Red-Head," Rita Hayworth, who is all set to inspire the fans when she makes her appearance in

20th Century-Fox's Technicolor extravaganza, "My Gal Sal" at the Melba Theatre on Monday, Tuesday and Wednesday. Co-starred with Victor Mature, John Sutton and Carole Landis in an up-to-the-minute treatment of a naughty nineties story, the titian-haired Rita purveys song, dance and beauty which make screen entertainment with a smash! "My Gal Sal" tells the story of Paul Dresser, who was a famous composer, and brother of Author Theodore Dreiser. Dresser concocted hundreds of tunes which are still setting modern feet tapping, among which are "My Gal Sal," "On the Banks of the Wabash," "Mr. Volunteer"—and they're all in the feature surrounded by a series of lavish production numbers to delight the eyes of the fans.
