YOUR COUNTY HOME DEMONSTRATION AGENT

TEXAS EXTENSION SERVICE

By GERALDENE SUMMERS
Mills County Home Demonstration Agent.

H. D. COUNCIL TO MEET
The regular meeting of the Women's Home Demonstration Council will meet Saturday, Oct. 16, at 2 p. m. in the County Home Demonstration Agent's office. All council members are urged to be present.

4-H CLUB YEAR BOOKS
The 4-H Club Year Books will be ready for distribution this week, according to Miss Geraldene Summers, the County Home Demonstration Agent. In order to help in the war effort, poultry and home food supply demonstrations will be carried out during the new year. Emphasis is being made on raising or more poultry; storing, drying, and canning of food, and victory gardens.

KNOW YOUR WORKER HENS
There's no place for loafers in the poultry flock in these days, says Geraldene Summers, County Home Demonstration Agent. The loafer can't conceal herself from an owner who knows the signs. Before finishing the laying year, she looks sick, with glossy, oily feathers. On the other hand the dry and frayed laying clothes of the hard-working, well-fed hen are easily identified. The oil and fats from her feed went into egg yolks. The loafer stopped laying

and made feathers. Her place is in the stew pot.
Another way to test is to examine the beak and shanks. If the hens belongs to one of the common yellow skin varieties and is a layer, the color will be faded or bleached out, and the comb will be full of blood, red and waxy. If she's a loafer it will be pale and shriveled. The skin of a layer is soft texture like a kid glove. A nonlayer has a hard, dry skin which is relatively tight.
Call the loafers and save the best layers for breeding stock. Next year their daughters will help you produce more Food-for-Victory.

STORE YOUR GREEN TOMATOES
Did you know that you can have ripe tomatoes for your Thanksgiving or Christmas dinner? Green tomatoes can be harvested and stored for a month or two to ripen.
Different Methods Used:
(1) Pull vines before they freeze and hang tops down in well ventilated room where they will keep cool but will not freeze. There should be just enough moisture in the room to prevent shriveling.
(2) Pick well matured green tomatoes and paint stem and scar with wax made by melting together 1 part paraffin, 1 part beeswax and 2 parts mineral oil. Store in cool, well-ventilated place to ripen. Place them so that they do not touch on a slatted shelf, or deck in a cellar.

CONSERVE FATS
Homemakers over the nation are being encouraged to conserve left-over fats, since the war has made the nation's fats and oil situation pretty discouraging.
There are numbers of ways to use left-over fats in every-day meal preparation.
For example, try this recipe for oatmeal cookies which appeared in a Southern farm magazine and was adapted by Kate Adele Hill, district agent for the Extension Service.
Oatmeal Cookies Using Bacon Drippings
1 c sugar, 1 c bacon drippings, 2 eggs, 5 tablespoons sweet milk, 1 c chopped nuts, 1/2 teaspoon soda, 1-2 box seeded raisins, 2 c uncooked rolled oats, 2 c flour (whole wheat flour may be used), 1 pinch salt, 1 t cinnamon.
Mix drippings sugar, milk, flour, soda, eggs and raisins, adding oatmeal last. Nuts will improve this recipe. When well mixed, drop from spoon on greased tins. Bake very slowly for about 20 minutes. Any dried fruit may be chopped up and used instead of raisins. Dried apricots and peaches are especially good.

Bacon Dressing
Bacon or sausage-fat dressing is popular on wilted greens. It is made with 2 tablespoons of heated vinegar, 2 tablespoons of bacon or sausage fat, 1/2 teaspoon of salt, 1 tablespoon of white or brown sugar, and onion or garlic to taste. Mix the ingredients in a pan, then add the cleaned cut greens and turn them over and over until some of the crispness is gone and each leaf is well seasoned. Serve it immediately.
Hot Salad Dressings
(Each recipe serves 6)
SOUR GRAVY—2 T salt pork or bacon fat (the salt of the fat is usually enough for the dressing); 2 T flour, 1 c vinegar of desired strength.
Melt the fat, add flour and stir until well mixed. Add the vinegar, and cook till the gravy has boiled 1 minute. Salt the salad material as desired. Pour the hot dressing over it; stir well, and serve at once.
HOT FRENCH DRESSING—1 to 2 slices salt pork or bacon cut into bites and fried crisp and the fat that cooks out, or 3 or 4 T salt pork, bacon or ham fat only, 1 c vinegar of desired strength, 1 T sugar, if desired.
Put the sugar and vinegar into the pan in which the bacon or pork has been cooked, or fat heated. Bring to boiling while stirring enough to dissolve the

SCALLORN—
By MRS. ORA BLACK
After spending several days with a sister and niece who are ill in a Brownwood hospital, we are home again taking up where we left off. We hope to be able to do more Red Cross work in the near future. On account of the shortage of farm labor, it has been necessary for us women to help bale the hay, gather the corn and pick the cotton; therefore we've had very little time to do any sewing. However, we're all willing to do our part and then some as soon as the rush is over.
Mr. and Mrs. Velma Gage from California visited friends in our vicinity last week.
C. H. Black, who has been ill for several days, is slowly improving at this time.
Alva Ford, who has been employed on the Carl Malone ranch located near Del Rio, came home Thursday for his examination preparatory for induction into Uncle Sam's Army.
Mr. and Mrs. Frank Hines and Greta Sue visited in Goldthwaite Sunday after church services

with Mr. and Mrs. Lindsey Ashley.

Mrs. Lena Eckert called Sunday afternoon in the home of Mr. and Mrs. Terrell Casbere.
Alva Ford made a business trip to Belton Tuesday of this week.

er folks will be more lucky than we are in getting winter fuel.
But between these cold waves we've been having very enjoyable weather, and everybody able to bend a back has gone to the fields to help gather in the year's harvest. Cotton picking's been a good price, and out our way, grandmothers have availed themselves the price of a new dress and hat, with a sparkling brooch thrown in.
Our fall gardens are looking fine. If Jack Frost were only a bird and could catch it in a trap instead of spreading his crispy blanket on the ground, we'd like him better.
Mrs. B. P. Goode returned home from Dallas last week for a visit home. She expects to return to Dallas soon.
Frankie Soules was stricken down with a stroke last week and is reported not doing well.
Mr. and Mrs. Shelby Hawkins of Moline visited his parents, Mr. and Mrs. Emmett Hawkins, Sunday.
Mrs. Hattie Barr is giving up the post office work here and expects to visit this winter with relatives in West Texas, New Mexico and California. The work will be taken over by Mrs. Burt Christian Ball.

SENIOR CLASS REPORT

Our Senior Class has settled down to serious thinking and to lots of studying, for next week we will get a chance to show our teachers what we have learned from them since school started, and we want them to feel proud of us.

The order for our Senior Class rings goes off Monday, so it won't be too long before we are proudly wearing our rings.

The Senior Class wants to thank Mrs. Barnett, our sponsor, for the help she gives us in home room, and we want to repay her by being courteous, tidy, and by not making unusual noises in home room.

PEP SQUAD REPORT

We didn't get to have a game Friday night, but we have forgotten our disappointment over that and we are looking forward to this week's game, and we all are hoping to make it a real success. As many of our group as possible are going to the game and we want this score to be in our favor, and we'll all do our part.

SPORTS SLANTS

Tonight, if everything goes according to schedule, the Goldthwaite Eagles will meet their second opponent of the season, the Richland Springs Coyotes, at Richland Springs. This will be the first game since Coach A. O. Black took charge of the football squad. We believe that the Eagles have more than an equal chance to win. Anyway, good luck, boys!

As this issue goes to press, the following is the probable starting line-up:

Left End—W. G. Bohannon.
Left Tackle—Lloyd Sebolt.
Left Guard—Wade Knight.
Center—Elmer Gray.
Right Guard—James Miller.
Right Tackle—John Soules.
Right End—Joe Taylor.
Quarterback — Larry McCasland.

Full Back—Arnold Roberts.
Half Back—Lynn Martin.
Half Back—Elmer Geeslin.
Because last Friday was an open date, there was no football game here.

HOME ECONOMICS REPORT

The Home Economics Club met last Monday and organized. They elected officers as follows: Kathleen Jones—President. Martha Key—Vice-president. Bobbie Obenhaus—Secretary-Treasurer. Patsy Shaw—Reporter. Adelaide Holland—Parliamentarian. Assistants—Benois Karnes, Lafon Horton.

Sergeant-at-arms—Mary Alice Shaw.

There are two committees, the program committee, of which Orpha Faulkner is chairman, and Hazel Tippin, Martha Key, and Monetta Roberts as assistants. The entertainment committee has Flore Massey as chairman with Patsy Shaw and Bobbie Obenhaus as assistants.

We are sure that we are going to have an interesting and successful Home Economics Club with Miss Moore sponsoring us.

IN THE LIMELIGHT:

MARY ALICE ARROWOOD

Mary Alice is five feet four inches tall, has green eyes and brown hair. She is very neat in appearance. Her group of friends is not small by any means. Her first six years of school were spent at Payne Gap. Mary Alice has been a loyal student in the Goldthwaite Schools since that time. She is known among her schoolmates as an intelligent, friendly girl.

Mary Alice has been in the Pep Squad during her four years in high school, has been a member of the Home Economics Club two years, and has played volleyball. She is undecided as to what she will do in the future, but she thinks she will take a business course.

WELDON CURTIS BARNETT

Possibly the newest boy to become a member of the Senior Class is Weldon. His three previous years were spent in Valley Mills High School.

Weldon has blonde hair, blue eyes, is five feet seven inches tall and weighs 130 pounds. He is currently interested in baseball, especially short-stop, his present position on the team.

He is one of the few studious Senior boys and is well liked by both students and faculty.

He plans to study electrical engineering in the future, although he hasn't decided where.

THE SPY—?

Now we know Cupid is mixed up, for who did we see at the show Thursday night besides "Tweedle O'Twill" Kelso and Lucy Reeves.

It seems that John S. and Kathleen J. enjoy study hall—at the table downstairs.

Charles Dennard and Sonny R. are trying to start back to school again. At least they spend a big part of the time at school.

There is a slight correction in the statement above. It seems Sonny has lost his main interest in old G.H.S. — eh, Doyle and Adelaide.

Weldon B is starting in to save gas early, but don't you wish his bicycle was built for two, Mary

PLEASANT GROVE

By EDITH COVINGTON

Cotton is just about all picked now. Some are gathering the corn.

There was a large crowd at Sunday School and League services Sunday.

Mr. and Mrs. I. T. Howell returned Wednesday from Spur where they visited their daughter, Mrs. Frances Soules, and family.

Charley Hall came home Monday from Troupe where he spent several days with Mr. and Mrs. Jim Hall.

Mrs. N. L. Verser returned home the first of the week from a Temple hospital where she had been for treatment. We are sorry to report she is not any better.

Cleo Benningfield of Grand Prairie visited relatives here Friday.

W. C. Jones and family spent Sunday with Mr. and Mrs. Sam Miller.

Mr. and Mrs. L. B. Covington received word that their son, Chester, had undergone an emergency operation for removal of his appendix. Last report he was doing fine.

O. K. and O. Z. Berry and families spent Sunday with W. W. Berry and wife.

Mr. and Mrs. Travis Griffin and sons visited in the Covington homes.

Mr. and Mrs. Roy Berry spent Sunday with Mr. and Mrs. David Walters.

Misses Jewel and Lula Wilkey visited Misses DeAlva Virden and Ima V. Covington Sunday.

Levi Berry and family spent Sunday with relatives near Star. Miss Ima Collier and Mr. and Mrs. W. F. Virden visited Louis Covington's Sunday afternoon.

Mr. and Mrs. Brit Berry and son spent Monday night with her parents at Moline and to see her brother who is home on a furlough from Georgia.

Neil?

Why was Macalee weeping at school Friday afternoon? Was it because she didn't get her way?

Say! It seems that the Sophomores aren't the only ones interested in James Burkett. Patsy S. tells us he's her "dream man."

Mullin seems to get around. Jack Eaton was seen with Mary Ann Miller Sunday nite and Wanda B. Sunday afternoon.

Barbara, you had better watch Larry. The football game Friday night wasn't all he was interested in—Wow!!!

Finally got her to say "yes," didn't you, "Tweedle O'Twill"? We just giggled and said everything right together!—Eh, Lucy.

Well, well! The latest news—Lorena and Eli "foolin' around" until two or three o'clock in the morning. Getting in early, aren't you, kids?

Wanda says she wasn't with Jack Sunday afternoon. She was with Billy C even though you couldn't see him.

Max S., who were the two girls you were with Saturday night?

It seems Mary Margaret S. is paying more attention to Zeland Kirby than to her studies.

Adelaide, you kinda got your nights mixed up, didn't you? I thought you weren't going anywhere till Sunday night. The football game was good Friday night, wasn't it?

Velma, Jimmy tells us that he is growing those lovely whiskers especially for your face.

POET'S CORNER

Elizabeth Campbell, one of our outstanding Seniors, deserves mention as one of the Senior Class' best poets. We are printing one of her best poems. We are all proud of you, Elizabeth; keep up the good work!

"SUNDOWN"

—Elizabeth Campbell.

When the day's work is o'er,
And the sun goes slowly down,
I think of what the day has brought us

As I list to the evening sounds.

I hear the horse's nicker
In a field not far away,
For the sky now is rosy,
As it marks the end of day.

I hear the cowbell tinkle,
As the cows come down the trail;
The sky now is golden,
Each cloud looks like a sail.

At last comes the dove's soft coo,
Softly over the way,
For the sky now is darkened—
Sundown marks the end of day.

Why your own car's Zero Hour comes at 00 miles an hour

ON THE OFFENSIVE you've got to be on the instant. Eager fighters, frisky jeeps, and all that's going along, must get going together—exactly at Zero Hour. But on the home front these brisk mornings, will your own precious car and its engine lubrication get going together—without deadly oiling delay? You can be sure as shootin', with your engine OIL-PLATED for Winter by Conoco Nth motor oil... oil that OIL-PLATES!

Even while the speedometer snoozes at 00 miles an hour—and you're still snug in your "kivers"—the chilly insides of your OIL-PLATED engine will already be coated by lubricant. Protective OIL-PLATING is really sort of "magnetized" to piston rings, bearings, and straight up the cylinders, by Conoco Nth oil's strong "power of attraction"—created by an added modern synthetic. This keeps the OIL-PLATING from all draining down to the crankcase overnight—over week-ends—and longer.

No complete lack of lubrication then, at 00 miles an hour—starting up cold. No long needless risk till cold oil comes inching along through passages as slim as spaghetti.

You're off safely, because OIL-PLATING safely stays on—ready to lubricate before any oil can circulate.

This season don't merely change oil. It's fully as simple and inexpensive to change to an OIL-PLATED engine. Just change to patented Conoco Nth oil at Your Mileage Merchant's Conoco station. Continental Oil Co.

JOIN FREE Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything that he finds you need for the duration of your car!

MELBA THEATRE NEWS

"MISS POLLY"
 Adorned with a laugh-filled plot, a superior cast of comics, and slick dialogue, Hal Roach's newest streamlined comedy, "Miss Polly," which shows at the Melba Theatre, rang the entertainment bell on every count. With Zasu Pitts, she of the fluttery hands and fragile manner, in the title role, "Miss Polly" also features Slim Summerville, Kathleen Howard, Brenda Forbes, Elyse Knox and Dick Clayton.

Directed in a smart and snappy style by Fred Guiol and based on a screen play by Eugene Conrad and Edward E. Seabrook, "Miss Polly" centers its action in a sleepy town where two factions are at loggerheads—the Civic League, headed by the irate Mrs. Snodgrass, and the Miss Polly group which wants to foster fun, romance and progress.

NYA IS TO INCREASE ITS YOUTH TRAINING

J. C. Kellam, Regional NYA Administrator at Inks Dam War Work Center, Burnet, said today that the National Youth Administration in Texas will move at once to comply with the request made by J. H. Bond, State Director of the United States Employment Service, this week that War Industry Training and NYA officials increase the number of women being trained for war industry by an even greater percentage than the steady rise of the past six months.

In a recent statement, Mr. Bond explained that the addition of Texas women to War industry pay rolls in increasing volume is a certainty as production soars and the reserve of qualified male workers dwindles. Dan Dansby, Jr., NYA Project Manager at Inks Dam, said that young women would be assigned in increasing numbers to the radio, sheet metal, machine shops at Inks Dam.

Both boys and girls are referred to NYA War Work shops by the United States Employment Service. Young people interested in securing NYA jobs should apply direct to the nearest USES office or to Dan Dansby, Jr., NYA Project Manager, Inks Dam Burnet, Texas.

J. L. Head, youth personnel officer, stated that during the past 30 days 80 boys and girls had gone from the NYA shops at Inks Dam to war industries.
