EBONY NEWS

By CLEMENTINE WILMETH BRILEY

Rain and cold weather took up most of last week, making it hard to find a washday down here on the farm.

We are happy over the way our little community is responding to attendance at Sunday School.

We were glad to have Wanda Mae Mashburn from near Goldthwaite back with us Sunday. Wanda Mae is an excellent Sunday School pupil. After church she was the guest of her sister, Mrs. Dale Reid.

Mrs. George Jones and Hard were here Sunday getting some of their things left behind and visiting her sister, Mrs. Bob Egger. They have bought them a place three miles east of Goldthwaite. It is near the highway and has rural electricity.

P. R. Reid found three of his nice lambs killed in the pen Sunday morning. He thinks a wildcat was the culprit.

J. R. Reeves, who has been running the Thompson place for the past few years, has leased also the adjoining White place for the coming year. Leslie White has remained over the past week to help mend fence.

Roscoe Jones and family are moving to the Henry Egger place this week.

Mr. and Mrs. Cecil Egger and Ynell moved in last week.

Rain knocked out our H. D. meeting which was to have been Wednesday afternoon at the home of Mrs. Dale Reid.

Marie Wilmeth writes that she has received a recent letter from her brother, Lt. Gene Wilmeth, overseas, stating that he has at last begun receiving letters from home.

John Mashburn writes from Logan Field, Denver, Colo., that he spent the whitest Christmas this year he ever saw. It began snowing Christmas morning and continued until Dec. 27. He says he was on military police duty during all that time, and it was plenty cold.

Mr. and Mrs. Johnnie Egger moved back to the Wilmeth farm last week where Johnnie will do farming on the halves. Johnnie is a good hand on the farm, and can best serve Uncle Sam as a farmer soldier. He and Mrs. Egger have been living in a trailer house on their lot in Brownwood across the street from Woodland Heights school. While there they constructed a little hollow tile house which they are able to rent for a good price. Mrs. Egger says she practically built the house herself, having help only on the roof and the floor. She is also counting now on driving the tractor while Johnnie uses the team.

John Briley has been disabled for farm work for about two weeks suffering from rheumatism in his back. He is going to Brownwood for treatment.

The President's address to Congress last week was very heartening, and a poem over the radio says the best of everything is yet to be done. It all behooves us to be up and doing.

### SENIOR REPORT

As the last semester draws to a close, all the Seniors are very busy winding up small details which could prevent some from graduating if left undone. Officially, Friday, the 15th, is the last day in which the first semester work can be turned in. Although mid-term exams are one of our chief "boogers," we know the Seniors will come through smiling.

Second to the mid-term exams the Seniors are already looking forward to a Senior play. Two plays have been ordered for examination—"Everybody's Crazy" and "Nuts to You." We hope to put on the best play of any Senior Class this year.

We have been expecting our Senior rings any day (??) Some hope we get them by graduation.

Our regular reporter, Barbara Carter, is absent today. We send her wishes for a speedy return to the school.—J. C.

### JUNIOR CLASS REPORT

Already we are hearing about mid-term exams, which are next Wednesday and Thursday, and are worrying about them as well. We know that we have a lot to learn and re-learn in this next week and have already started our cramming.

The Juniors and the rest of high school miss Mr. Felton, but welcome Mrs. Little and Mrs. Blair, who are at present teaching his classes.

### SOPHOMORE REPORT

The Sophomore Class is going at full speed studying for mid-term exams. Of course we are doing little old things for the teachers trying to get on the good side of them and this takes part of our time, but we don't mind as long as it helps our grades.

We are glad to welcome six new members to our class.

### FACULTY GOSSIP

We surely do miss Mr. Felton, but Mrs. Blair and Mrs. Little are doing a swell job of substituting.

Miss Welch to Jimmy C.—(Jimmy, make me a sentence with an object in it.) Jimmy C.—"I have an apple for the teacher."

Miss Welch—"Just what is the object in that sentence?" Jimmy—"A good grade."

### IN THE LIMELIGHT

**RITA McNEIL**

Rita is the daughter of Mr. and Mrs. H. C. McNeil. Rita has deep blue eyes and brown hair.

She attended school at Midway her first six years and then her last four at Goldthwaite High School.

Rita is rather quiet and very friendly. She is well liked by

everyone because she has a very quiet and winning personality.

She plans to take a nurse's course at the Nurse's Training School in Waco and Rita is the type of girl to go to the highest point with all her efforts.

Likes—To make people blush. Dislikes—To blush herself. Hobby—Collecting stamps. Ambition—To be a nurse with a handsome doctor.

### LANELLE MORRIS

The brown-eyed, brunette girl about five feet 6 1-2 inches tall is Lanelle Morris, the daughter of Mr. and Mrs. Elvis Morris.

She went to school at Big Valley for four years, New Mexico one, and has been in good old G.H.S. ever since.

Lanelle is one of the most popular Senior girls and one of the most studious ones. Everybody recognizes Lanelle by her smile and "witty" remarks.

She plans to attend college somewhere and major in English. She hasn't decided her minor yet.

Likes—Model A's. Dislikes—Star. Weakness—The smell of Cocco gas. Ambition—To be a WAVE.

### SENIOR SICK LIST

Barbara Carter, member of the Senior Class, has missed school part of last week and this week due to the fact that she sprang her ankle. We hope she will be able to leave those crutches at home or bring them with her and come back to school soon, because we miss her.

Elmer Geeslin is reported as having a very slow recovery. But he expects to get his leg out of the cast in about three more weeks. He can't come back to school for a month after the cast is taken off. We are all hoping he gets back sooner than expected.

### JUST DOPE

Well Well! Cupid isn't asleep after all. Billy Denard and Theresa V. were seen romancing Sunday afternoon.

Oma Jean, he's a long, long way from home but he still remembers you, don't he? Good luck, Alfred B.

Say, Billie Jack, who was that girl you were with Sunday afternoon? Seems to us that introductions are in order!

Lorena was rejoicing over the week-end because the lost sheep—pardon me, boy-friend—wandered in out of the sticks Saturday afternoon.

Another lost one turned up Saturday, too, didn't he Velma. Don't worry, though, maybe you can join the WAACs and go with him.

Say what did Wanda see come out of the package house last Saturday night? If you want to

know, just ask her. A new romance seems to have started. That Sam S. and Wanda R. are quite a couple.

Say, Maralee, now did you manage last year's hero of G.H.S. calls on you the first night he's home. Better watch that Sammie.

Lucy Lee, you and Floree were doing all the good Sunday afternoon. We saw you change boy friends twice while we were watching you.

Weldon sure does ask Wanda C. some personal questions such as "How old do you want to be when you get married?" and "How do you manage to get Edward Wilson's car so often?"

Reckon Lucy Lee broke any New Year's resolutions because Billy Jack went with Mary Nell Saturday nite? Or does she care??

Olive Dee, tell us, are you letting Faye W. beat your time? You know Gene Ed said he wasn't going with her for spite.

Jackie, have you completely forgotten your soldier boy friend since you met "Romeo" Howard McNutt?

Bobby, you must really have it bad to stay at home on Saturday night just because Wayne couldn't come.

The old flame never dies. Patsy and Coke are at it again. We wish you better luck than you had before.

Floree, just what do you and Lynn have to talk about all time in fifth period study hall?

Speaking of fifth period study hall—why is it James Smith sits and looks so dreamily across the room? Could it be Dorothy Harris he is looking at???

Kathleen, did we hear you say that you would like to go with Claude or was that Lucy?

Kate, maybe you're no good; if you are, why does Lewis go to sleep on you every time he comes to see you? Kate said the remedy is to go to bed every night by 10:30 or before. Avoid all late hours.

## FLOYD SANSOM IS NEW PRESIDENT

The Baptist Men of the various churches of the county met last Monday evening in the dining room of the Goldthwaite Church and organized a Mills County Baptist Brotherhood. Floyd Sansom, Goldthwaite, was elected president of the organization, and Floyd Sykes of Big Valley is secretary-treasurer.

Three churches were represented: Priddy, Big Valley, and Goldthwaite. After the supper and several short talks by the laymen, the San Saba Men's Quartet, composed of Dr. H. V. Felts, Jim West, W. T. Walker, and Dr. C. M. Oliver, sang, "Must I Crucify My Savior." Rev. Ben Willmacker, pastor of the First Baptist Church of San Saba, brought an interesting and instructive message on the subject: "Christian." The meeting was closed with another vocal selection by the visiting quartet, and prayer.

Great things are in the future life of this men's organization. All the Baptist churches in the county are expected to organize a Brotherhood, and meet at Priddy Church for the next meeting. The date will be announced later.

Everyone in the Grammar School was sorry to see Miss Padgett leave. We hope she will be happy in her new position.

We are sorry to lose Mary Frances Lawson who has gone to Orange, Texas, and Marvin, Anette and C. L. Lindsay who have gone to Houston.

We welcome Mrs. Johnson, our new music teacher, who has taken the place of Mrs. Parry.

Our new pupils in school are James and Alfred Weeks from San Saba, Harvey Cook from Lometa, and Walter Leonhard from Copperas Cove.

Last week 6-1 presented a very enjoyable play for assembly called "When Doc Meets Doc."

The following original description was written by Melba Denison in English 8-II. We liked it so much that we want you to read it, too:

In far away Egypt lives a small brown-skinned boy named Jakar.

Little Jakar's mother and father are dead, so he lives with his good aunt, Marthae, in the quaint old city of Cairo.

They live in a small gray stone house at the end of a very long and dusty street where large domes loom above the buildings.

It has not been so very long ago since that tragic night when bombs fell on the defenseless women and children of Cairo. It was when Jakar's uncle was gone to fight with the other men, that the blood-thirsty German Storm Troopers marched into Cairo killing the helpless civilians or leaving them without food or clothing. Jakar went without food for many days, and his motherly Aunt Marthae died of starvation.

But out of the cold night American ships appeared on the horizon. The courageous troops landed and drove the treacherous Germans away. Jakar and all the people watched the brave American soldiers as they marched back from battle. Cheers and shouts filled the air, and as Jakar looked up into the starry night and thanked God for Democracy and for the American way of life, the tramp of boots faded into the night.

### SNOOZIE SNOOPER

Bobby, where in the world do you get all that chewing gum, and don't the teacher ever see you chewing it?

Robert Henry was hunting for Nelda Hodges in the show Saturday afternoon, but he didn't find her. What was Melba worried about Sunday afternoon? Jim Bob wouldn't know, would he? Allen, what happened to you? Don't tell us you ran into a door? (Or could it be a telephone post?) Was Elizabeth worried about you?

Ed didn't stay long, did he, Helen?

Nelda and Robert Henry had a wonderful time, too.

Second Lieutenants Roy C. Petty and William G. Featherstone of Goldthwaite have been recently assigned to Gieger Field, Spokane, Washington, upon their entrance to the army on December 23, 1942. Before entering the army, Lt. Petty was a carpenter, and Lt. Featherstone a diesel engineer. Both of the lieutenants are single.

## SCHOOL GRADUATES MAY BE TRAINED AS ARMY INSTRUCTORS

"How would you like to be trained to instruct soldiers in radio, shop work, or air plane mechanics at an Army Air Force Technical School at Amarillo or Wichita Falls, Texas, and make \$2,000 a year?" C. F. Moore, local Civil Service Secretary, inquires of high school graduates in this area, 20 years old or over, who have had a minimum of one year of college training.

An intensive local recruiting program has been started according to Mr. Moore, for the purpose of locating qualified persons for filling Junior Instructor positions with the Air Corps at either Amarillo or Wichita Falls. The jobs are open to men or women, but women with university training are especially urged to apply.

Application blanks and other information may be secured from Mr. Moore at the Goldthwaite Post Office.

A written examination will be given to men between 24 and 53 years of age with one year experience as a federal, state, county, or municipal police officer to fill the position of field deputy U. S. Marshal at \$1,800 a year, Mr. Moore states.

### STENOS WANTED

The passing of legislation to pay Civil Service workers time and one-half for over time brings the salaries of stenographers and typists up to an all time record peak. Mr. Moore said, beginning a New Year's drive to recruit women 17-22 years old and up to fill essential war jobs without delay.

"All red tape has been cut," Mr. Moore emphasized. "Within 72 hours after the test, you will receive your appointment if you pass."

### UNIVERSITY OFFERS FREE COURSE IN ENGINEERING

A free war-time training course in junior engineering is being offered by the University of Texas. The course is particularly designed for women. The course is being financed by the U. S. Department of Education. Graduates will be appointed as Junior Engineer with entrance salary of \$2,900 per annum.

Persons interested in the course should write immediately to the E.S.M.W.T. Office, 114 Engineering Bldg., the University of Texas, Austin, for registration blanks or further information. They will then be advised of the exact starting date in January.

Federal agencies need qualified applicants in engineering, drafting and radio so urgently that new liberalized examination requirements in all three fields have just been issued in Washington by the U. S. Civil Service Commission. Mr. Moore advises. Position of engineer pays \$2,600 to \$8,000; that of junior engineer, \$2,000; radio inspector, \$2,000 to \$2,600; engineering draftsman, \$1,440 to \$2,600.

The object of the meeting was to give recipes of meat and meat substitute dishes. It was all interesting and those present received much information they need at the present time.

Miss Summers prepared a dish of barbecued lima beans, also a box of home-made soap using waste scraps of grease usually found in many homes. She gave leaflets of recipes and information to all members.

### Methodist Church Choir Stages Party

Proving that religion appropriates both common sense and nonsense for its purposes, the Methodist Church Choir Monday evening had a chili supper and party that sent gales of laughter and spirited singing throughout the educational building. It was enjoyed by 40 people. The hostesses were Mesdames Morris Johnson, John Berry, Sam Sullivan, and Neal Dickerson. The room was beautifully decorated in the Spanish manner, while green and red candles lighted the tables.

Informality marked the program throughout the evening. Sociability songs were sung by groups of men, women and then by all. However, special mention might be made of the delightful number rendered by the waiters, Berry, Walker, Sullivan, Johnson, Steen and Dickerson. They also served most skillfully and stole the show with their gay caps and aprons.

Mrs. Neal Dickerson, the president of the choir, was toastmistress and charmingly made everyone feel at ease. Many spoke words of deepest appreciation for faithful years of service rendered by Mrs. Berry at the organ and Mrs. Sullivan as director. After different ones had told of their experience with the choir, and how long they had been members, Mr. Bailey said he had not been a member so many years, though he felt that he had been a great help to the choir.

The new choir members, Rev. and Mrs. Flowers, Mr. and Mrs. W. C. Barnett, Mr. Grissom and daughter Carolyn and Mrs. Guy Walker, were introduced. A special token of appreciation was presented to Mrs. John Keese, the oldest choir member. The good food, fun, and fellowship made it an occasion long to be remembered.

### CARD OF THANKS

To all friends who so sincerely and faithfully showed such an interest and helped so very much during the illness of our beloved wife, sister and stepmother, we give our deepest appreciation. So many kind expressions of sympathy were shown that we cannot express fully enough our thanks. You have suffered with us in the loss of our loved one. We love and remember you for it.

Wm. Dennard,  
The Dennard and Weaver Families.

### Jones Valley H-D Club Meeting

### LOCAL BOARD TO USE CAUTION IN ISSUING JANUARY TIRE QUOTA

A. T. Pribble, Chairman of the Mills County War Price and Rationing Board, reported this week that the board will have to use extreme care in dispensing tires under the county's January quota for passenger cars and trucks.

"We have been cautioned by the Office of Price Administration that it is better to err on the side of giving too little rubber than too much," he said. "Granting too little rubber can be corrected by a certificate for too much rubber means that this rubber is gone forever."

"We are being reminded frequently by officials in Washington that the only hope of making our meager rubber supply last is by reducing average driving to the points recommended in the Baruch report to the President. We are told that if the mileage and speed requirements are not met strictly, further restrictions may be necessary. It seems evident from this that only if the Board does its job with the greatest efficiency can we expect to see further restrictions, and very hard restrictions, avoided."

The entire state's allotment of Grade I passenger tires for January was increased to 9,964 as compared to 8,094 for December, but the Grade II quota for January was reduced to 10,654 from the 17,520 allotted for December, and the Grade III allotment was cut to 32,907 for January as compared to 44,254 for December. The passenger car recap total was reduced to 41,141 for January from the December total of 42,062. The passenger car tube quota in the state was increased from 16,880 for December to 35,895 for January. The January truck, farm tractor and implement allotment for new tires was increased to 28,887 from a December total of 27,024; truck recaps were stepped up to 24,667 for January for a total of 9,986 in December, and the truck tube allotment was jumped to 25,258 for January from 11,040 for December.

"There has been no change in the status of tire eligibility for most people under the new regulation," Mr. Pribble pointed out. "The Board will continue to give rubber first to those whose use of it will do most for the war effort and the safety and well-being of the country."

## Center City H-D Club Meeting

The Center City Home Demonstration Club met Monday afternoon with Mrs. Nelson Waggoner. Our agent, Miss Geraldene Summers, was present.

House was called to order by the vice-president, Mrs. Harry Welch, after which the club sang, "Hall, Hall, the Club's All Here." The object of the meeting was to give recipes of meat and meat substitute dishes. It was all interesting and those present received much information they need at the present time.

Miss Summers prepared a dish of barbecued lima beans, also a box of home-made soap using waste scraps of grease usually found in many homes. She gave leaflets of recipes and information to all members.

Mrs. Harry Welch was elected president, Mrs. Tom Booker, reporter. Other officers will be elected at the next meeting.

As customary a gift was presented to Mrs. Waggoner, the hostess, by each member. This is an interesting way to keep interest in the club work.

Refreshments were served to the following members: Mimes Joe Langford, Stacy McCasland, Gerald Head, Tom House, Tom Booker, John Blackwell, Harry Welch, Carey Owens, Hollis Hendry, Z. Karnes, Miss Summers and the hostess, Mrs. Waggoner.

## Methodist Church Choir Stages Party

Proving that religion appropriates both common sense and nonsense for its purposes, the Methodist Church Choir Monday evening had a chili supper and party that sent gales of laughter and spirited singing throughout the educational building. It was enjoyed by 40 people. The hostesses were Mesdames Morris Johnson, John Berry, Sam Sullivan, and Neal Dickerson. The room was beautifully decorated in the Spanish manner, while green and red candles lighted the tables.

Informality marked the program throughout the evening. Sociability songs were sung by groups of men, women and then by all. However, special mention might be made of the delightful number rendered by the waiters, Berry, Walker, Sullivan, Johnson, Steen and Dickerson. They also served most skillfully and stole the show with their gay caps and aprons.

Mrs. Neal Dickerson, the president of the choir, was toastmistress and charmingly made everyone feel at ease. Many spoke words of deepest appreciation for faithful years of service rendered by Mrs. Berry at the organ and Mrs. Sullivan as director. After different ones had told of their experience with the choir, and how long they had been members, Mr. Baley said he had not been a member so many years, though he felt that he had been a great help to the choir.

The new choir members, Rev. and Mrs. Flowers, Mr. and Mrs. W. C. Barnett, Mr. Grissom and daughter Carolyn and Mrs. Guy Walker, were introduced. A special token of appreciation was presented to Mrs. John Keese, the oldest choir member. The good food, fun, and fellowship made it an occasion long to be remembered.

## CARD OF THANKS

To all friends who so sincerely and faithfully showed such an interest and helped so very much during the illness of our beloved wife, sister and step-mother, we give our deepest appreciation. So many kind expressions of sympathy were shown that we cannot express fully enough our thanks. You have suffered with us in the loss of our loved one. We love and remember you for it.

Wm. Dennard, The Dennard and Weaver Families.

## Jones Valley H-D Club Meeting

The Jones Valley Home Demonstration Club met January 7 at the home of Mrs. W. O. King. The subject of soap making was discussed.

After the business session, a few minutes of recreation of games and a friendly chat was enjoyed.

Lovely refreshments of hot chocolate and coffee cake were served by the hostess. The next meeting will be the 28th of this month. No definite place was decided on.—Reporter.

## LOCAL BOARD TO USE CAUTION IN ISSUING JANUARY TIRE QUOTA

A. T. Pribble, Chairman of the Mills County War Price and Rationing Board, reported this week that the board will have to use extreme care in dispensing tires under the county's January quota for passenger cars and trucks.

"We have been cautioned by the Office of Price Administration that it is better to err on the side of giving too little rubber than too much," he said. "Granting too little rubber can be corrected by a certificate for too much rubber means that this rubber is gone forever."

"We are being reminded frequently by officials in Washington that the only hope of making our meager rubber supply last is by reducing average driving to the points recommended in the Baruch report to the President. We are told that if the mileage and speed requirements are not met strictly, further restrictions may be necessary. It seems evident from this that only if the Board does its job with the greatest efficiency can we expect to see further restrictions, and very hard restrictions, avoided."

The entire state's allotment of Grade I passenger tires for January was increased to 9,964 as compared to 8,094 for December, but the Grade II quota for January was reduced to 10,654 from the 17,520 allotted for December, and the Grade III allotment was cut to 32,907 for January as compared to 44,254 for December. The passenger car recap total was reduced to 41,141 for January from the December total of 42,062. The passenger car tube quota in the state was increased from 16,880 for December to 35,895 for January. The January truck, farm tractor and implement allotment for new tires was increased to 28,887 from a December total of 27,024; truck recaps were stepped up to 24,667 for January for a total of 9,986 in December, and the truck tube allotment was jumped to 25,258 for January from 11,040 for December.

"There has been no change in the status of tire eligibility for most people under the new regulation," Mr. Pribble pointed out. "The Board will continue to give rubber first to those whose use of it will do most for the war effort and the safety and well-being of the country."

Your Income Tax Explained

(No. 2 of a series.)

FORM OF RETURN

Persons subject to the Federal income tax must report their income to the government on forms, or blanks, prescribed by regulations. These forms are obtainable from any Collector of Internal Revenue, and generally from any bank. Special forms are designated for corporations, for partnerships, for trusts and fiduciaries, and for nonresident aliens. Farmers who keep no books of account on the accrual method must attach a special schedule to their return (Form 1040F). For individuals, two forms are used, depending upon the amount and source of income to be reported.

Form 1040. This form is intended for general use of individuals who are citizens of the United States, or residents in this country, whether citizens or not. It contains space to show the amount of income from various sources, deductions allowable, exemptions and credits, and computation of tax liability. As most of the items require some explanation in order to be allowable, the form also contains appropriate schedules to show in more detail how the income or the deductions are determined.

Form 1040A. This is a simplified report, which may, at the option of the taxpayer who makes his return on the cash basis, be filed instead of Form 1040 by citizens and residents whose gross income was \$3,000 or less during 1942, provided all this income consists wholly of one or more of the following: salary, wages, dividends, interest or annuities. In using this form it is necessary only to enter the amount of gross income as shown, deduct the credit allowable for dependents, and insert the appropriate amount of tax in accordance with one's own personal exemption status, as shown on the table on the reverse of the form. This form has no entries for deductions allowable, since the taxes indicated on the table on the back of the form are computed after taking into account what have been considered average deductions for persons of this income class.

A taxpayer should, therefore, consider carefully which form would be appropriate for his purposes. Whichever form is employed, all the information called for in the space should be inserted so far as applicable to the taxpayer, in order to avoid the expense to the government, and the possible inconvenience to the taxpayer, of subsequent check and inquiry.

With each form is a set of accompanying instructions, and these instructions should be carefully read by the taxpayer before making his return. Returns for the calendar year 1942 must be filed not later than March 15, 1943. They may be filed by mailing to the Collector of Internal Revenue of the appropriate district in which is located the legal residence or principal place of business of the taxpayer. If the return is filed by mailing, it should be posted in ample time to reach the Collector's office before March 15, 1943. Returns received later than the due date are subject to a penalty variable according to the lateness in filing. (Next week: Personal Exemption.)

Be rational towards rationings but don't ration your scrap metal. The Army needs it now.

They say love makes the world go round. Show your love for America by giving your scrap metal to her now.

Scraps may come and scraps may go but scrap metal is needed for the duration. Give it now. Who's afraid of the big bad world? We are, unless you give your scrap metal to the Army now.

Tie a little string around your finger and remember to give your scrap metal to the Army today. Keep the Japs slap by making Uncle Sam happy.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle Files, Jan. 19, 1918) T. A. Gardner of Center City was looking after business matters in the big town the first of the week.

Mrs. Carroll Lowrie and little son returned Monday from a visit to Carroll, who is now employed in San Antonio.

Mrs. Mamie Lee left for her home in San Benito Monday, after a visit to her parents, Mr. and Mrs. Jas. Rahl, and other relatives.

Mrs. Jon Scholer left Tuesday for her new home in Miami, Ariz., after spending some time here with her parents, Mr. and Mrs. Lewis Hudson, and other relatives.

Mrs. Oscar Burns and baby left for their new home at Clifton Thursday, after a visit to relatives here and at Star.

E. O. Greathouse's little son is dangerously sick at the family home on Parker Street.

J. C. Darroch returned Wednesday from Fredericksburg, where he went to accompany his mother home.

Roach and Jim Tom Fox were here from Camp Travis last Sunday visiting their parents and other relatives and meeting with their numerous friends. They are two of our most popular soldier boys.

Ernest Schweining, Mrs. Henry Martin and Miss Lillie Martin returned Saturday from an auto trip to Kerrville and other points where they visited relatives.

Mom

"Sausages for breakfast! I can smell 'em!" Small Joe came tumbling downstairs fastening the belt of his shorts as he came. He made a beeline for the kitchen. Pop was already sitting at the table, reading the paper, while Mom held the handle of the frying-pan over the stove. Small Joe came close and sniffed the delicious smoke, wriggling all over with early-morning joy.

"Better be thankful for them while you can still get them." One glance at Mom's face told small Joe this was one of her tight-lipped days. "Not a drop of coffee in the house, and no sugar left to put in it if there was. Some war!" Small Joe kept still.

"Letter for you, son," Pop said in his quiet voice. Small Joe made a leap for his place at table. There it was, a private personal letter for him alone, propped against his milk glass.

"Hey, Pop! It's from brother!" Small Joe was pulling the envelope apart and diving into the contents. "Hey, look what he sent me." He passed over an oblong of thick, crinkly paper while he leaned over the sheet of writing-paper.

"A twenty-five dollar War Bond," Pop said slowly. Mom turned and looked at it over Pop's shoulder, with the frying-pan in her hand.

"Listen what he says. 'How are you doing, kid? Hurry and grow up so you can help me slap the Japs. Aren't you most big enough to get into the Army? Here's something for you in your name. Let's the whole family gang up and help to win this war.'"

Pop and Mom were silent. But small Joe didn't notice that. He was full of his letter and his War Bond.

"Gee, Pop, in six years I could get into the Army, couldn't I, Pop? Gee, Pop, I want to be a soldier like brother and fight in this war. Gee, isn't that bond nifty? Look, it was issued in Honolulu. It's mine."

But Pop was looking at Mom and Mom was looking at Pop. There were tears in Mom's eyes. She shook her head sharply. Pop reached out and patted her hand gently.

"Well, can't let our soldier boy beat us to buying War Bonds, can we, old lady?" was all he said. "She shook her head again. 'I guess if he can give up his job and go off to war I can do some fighting back at home,' she said in a queer voice. Small Joe looked up at her in surprise. She saw him looking at her and spoke sharply. 'Well, Joe, we're about ready to eat. Say grace.'"

Small Joe folded his hands and bent his head as he had been taught. "Oh Lord, we thank thee for this food and all thy bountiful gifts. . . . 'Amen,' Pop said. 'Amen,' Mom said. 'Now eat your good sausages.'"

JESUS WINNING SOULS

LESSON TEXT—John 4:27-42. GOLDEN TEXT—He that reapeth re- ceiveth wages, and gathereth fruit unto life eternal.—John 4:26.

Man's need is the same wherever and whoever he may be. The Christ who met the need of the distinguished religious leader Nicodemus did the same for the poor sinful woman of Samaria.

The incident at Jacob's well in Sychar took place when Jesus, leaving Jerusalem because of increasing hindrance to His work, went up to Galilee. Unlike His Jewish brethren, who detoured around the land of the hated "half-breed" Samaritans, He "must needs go through Samaria," for that was a sin-sick soul that needed Him.

Our lesson abounds with instruction regarding soul-winning, both in principle and in practice. We here find Jesus:

I. Winning a Soul-Winner (vv. 27-30).

The faithful and kindly ministry of Christ led the woman to faith in Him as the Messiah. She left her water pot and ran at once into the city to share her new-found joy with everyone she knew.

Since the first expression of spiritual life is testimony, the one who brings a sinner to Christ not only saves a soul, but also wins a worker for Christ. One fears that we often assume that winning men to Christ is enough. We should expect that the new light should shine forth into the darkness.

So we have a two-fold reason for soul-winning; saving a soul from perdition, and setting a life on fire for testimony. It's a great business. Why don't we do more of it?

II. Instructing Soul-Winners (vv. 31-38).

This work of soul-winning requires a sustaining grace which this world cannot give. Jesus by His own example showed His disciples how that strength comes from above.

He who had seated Himself at the well, tired and hungry, to await the return of the disciples with food, had been refreshed in the doing of the Father's will—in reaching this forlorn woman. "The greatest thing that ever occurs in the world is the transformation of a human soul, and the greatest joy anyone can ever have is to act as the divine agent in bringing about such a transformation" (Douglass).

There is another thing these soul-winners needed to learn—even as we need to learn and re-learn it—that the time to win souls is now. How prone the human being is to procrastinate. Tomorrow—next Sunday—next week, we will speak to someone about his spiritual need. Next year we will give more liberally for missions, or for the work of soul-winning in our local church. But "look on the fields." Do you not see "that they are ripe already unto harvest"?

Again, soul-winners need to remember our Lord's words in verses 36-38. Not only the reapers receive the reward, but also those who sow and those who labor in order that the harvest may come. The man who plows is just as important as the one who reaps—perhaps some would say more important. Some of us who are called to be God's plowmen should remember that and be encouraged in our labors.

Like the perfect leader that He was, Jesus did not require of His disciples what He did not do Himself. So we find Him again in the work of evangelism. He practiced what He preached.

III. Practicing Soul-Winning (vv. 39-42).

There is real danger that those of us who have a measure of leadership in the church may be quick to tell others what they ought to do—and not do it ourselves. This is particularly true in this matter of soul-winning. One is apt to write, preach and teach about it, and then neglect to do it.

The disciples had been so town for bread. One wonders whether they had talked to the store-keeper about Christ. Have you?

Jesus did not theorize about it—He really sought men for God. The testimony of the woman He had won sent a host of people out from the city. He spoke to them the word of life and they believed.

This was evidently "group evangelism" as distinguished from the "personal evangelism" which won the woman. They are both important, and belong together. Some are saying that the days of group evangelism are gone. We doubt that, but certainly the days of personal evangelism are always here. Let us be busy about that kind of soul-winning—and God may so bless that we will have a real revival. Are you ready for it?

## San Saba—

State Fire Chief Frank Williams of Texas A. and M. College met with members of the Voluntary Fire Department in the Jaycee-Legion Hall here Tuesday evening, when a fireman's special training school was given with emphasis on wartime fire-fighting.

A married life of 50 years and over was suddenly broken when Mrs. Addie Wallace Letbetter, beloved wife of E. D. Letbetter of this city, died of a heart attack shortly before noon on December 30 at the family home.

Following an illness of several days, C. C. Turbville died at the home of his daughter, Mrs. H. B. Clark and Mr. Clark a mile north of the city on Monday afternoon, and was buried in the city cemetery here following services at the First Methodist Church.

At a meeting of the San Saba Independent School Board on Tuesday evening, B. J. Park, Chevrolet dealer, was re-named president and John W. Arheger, machine shop operator, was elected to the vice-presidency. Other members of the board are Dr. C. M. Oliver, secretary; Roy M. Ragsdale, W. T. Little, Dr. W. S. Pence and D. A. Cameron.

Three changes were made in the official family of San Saba County with the opening of the New Year, when Warren Randolph succeeded J. B. Harrell as county judge, Dennis Dean of Cherokee becomes sheriff, and Merle Barrett of Cherokee succeeds Mr. Dean in the office of Commissioner of Precinct 3.—Star.

## Lampasas—

A baby girl, judged by the examining physician to be about six weeks old, was found in the entrance outside the north doors of the Lampasas High School building Thursday morning at 7 o'clock. Will Dent, the janitor, had gone to the building to start fires and heard a baby crying and located it. The baby was lying on a blanket and there was a bottle of milk partly consumed and two diapers with it. It was very cold especially its feet, and it was carried to the hospital. The physician estimated that the child had been left some six hours. No clues as to the identity of the person leaving the infant have been established yet, but the sheriff and his deputies will spare no effort in trying to find out the guilty party.

Ross B. Jenkins, for five years county agent of Blanco County, is the new agent for Lampasas County and took up his duties here January 1. He was out two days trying to make arrangements to move his family here, but up until now has failed to locate a place.

The two National Banks of Lampasas showed deposits as of December 31, 1942, of \$2,638,345, which is by far the largest ever.

Thirteen men were inducted into the army Monday, Jan. 4, at Fort Sam Houston, San Antonio, being selected from the 21 sent by the local Selective Service Board, and they left Monday morning, Jan. 11, to begin their training duties.—Record.

## Lometa—

A bad grass fire was reported to the fire boys on Wednesday, and they made short work of it. The boys saw considerable other grass that was a dangerous fire trap, so, while they were there they burned it all off, thereby reducing such a hazard.

Durwood Alexander and Miss Wandah Mayben were married on Christmas Day, at the home of Rev. Victor Janek in Lampasas.

E. C. Lowe was called to Gorman Wednesday on account of the illness of his mother, Mrs. W. A. Lowe, who had suffered a heart attack. However, Thursday night she was much improved.

A baby girl was born to Mr. and Mrs. A. B. Carothers in the hospital at Lampasas Dec. 18. They named the baby Betty Lou.

Mr. and Mrs. George Shady and Miss Lewis visited Mr. and Mrs. W. E. Hughes Tuesday. Miss Lewis bought the Hurdle ranch in the Pleasant Grove community of Mills County and Mr. and Mrs. Shady are operating it for her.—Reporter.

## ROCK SPRINGS

By MRS. EULA NICKOLS

Our new year started off cold with some rain which we needed. The frost was a help to the insects as well as the fresh meat that needed more cold weather.

Bro. Leslie Sparkman preached Sunday morning and Sunday afternoon at 3:30. The members decided to take a lunch every church day and have church in the afternoon instead of night. In this way tires and gas can be saved and I feel sure Woodie Traylor will feel relieved not having to worry lighting a Coleman lantern.

We extend sympathy to Mrs. Austin Wilcox in the passing away of her dear mother.

Mrs. Rena Smith and children from Nabors Creek spent Sunday in the Self home.

Ronnie Davis visited with Wesley Nickols Sunday.

Oliver Traylor visited in the Marion Robertson home Sunday. J. H. Tippen and family moved to the W. A. Cooke farm this week. Mr. Tippen is moving from South Bennett.

Hazel Tippen visited until church time Sunday afternoon in the Nickols home.

Mrs. Sam Seif visited Sunday morning in the Palmer home.

Mr. Newton moved from Lake Merritt to the Edwards place since Christmas. Mrs. Newton is Mr. and Mrs. Charley Simpson's daughter.

J. F. Davis and wife spent Sunday with their son, Arlie and family in Brown County.

Mr. Sutton and wife who have been living on the Pass farm have bought the Frank Byrd place. This farm formerly belonged to Ocie McGowan in years past.

This community is really on the map again. There is an oil well being drilled on Earl Fairman's ranch on the San Saba highway. This place was the McDermott ranch. Harvey Dunkle and Gus Roush are doing the drilling. We hope this well will prove to be a fine well. It will be a help to all of us if they are lucky enough to get oil.

James Nickols helped Otis and Bessie Hutchings butcher last Friday afternoon. After supper we all went over and helped to grind sausage and cut up the lard.

Mrs. Maggie Traylor went to Dallas last week to see her sister, Mrs. Smith, who is in the hospital. She will visit with her daughter, Mrs. Shirley Nickols, while there.

James Nickols and family sat until bedtime in the Tyson home at Williams Ranch Saturday night. Jim Tullos and wife and son from Center Point also visited in the home.

Rudolph Cooke and family spent Sunday in George Mason's home.

Phillip Nickols and wife and V. D. Tyson and wife visited in the Nickols home Sunday night.

## East Lake Merritt—

By NELLIE B. BARRINGTON

(Intended for last week)  
Paul Grelle of Buda, Texas, was in our community Wednesday of last week. We are hoping he moves back on his place.

Mrs. Orval Harris is on the sick list, but at last report was better.

Mr. and Mrs. G. W. Barrington and girls, Nellie Bea and Lola Mae visited Mrs. Barrington's mother, Mrs. R. A. Stevens, and also called by Frank Stevens a while.

Mr. and Mrs. Boss Cornelius have moved from our neighborhood to Cedar Knob community.

V. T. Stevens and family have moved from our school also; they moved near the river. Lake Merritt certainly regrets losing so many of our neighbors and each child that moves away from our school.

Mr. and Mrs. Bill Barrington and girls, Nellie B. and Lola Mae, visited until bedtime Friday night in the home of Mr. and Mrs. Tom Stevens and family of Chappel Hill Community.

George W. Barrington, Jr., who left Goldthwaite December 12 for Corpus Christi for employment in the Naval Air Station, has written home. He is well and likes his work fine.

The Christmas tree and program at Lake Merritt was Friday afternoon before Christmas. Almost every mother in the community was there. The program was enjoyed by everyone present. We were glad to have Darlene Long and Billie Oden at the program and wish we could still have them in our school.

Mrs. Kirkpatrick and Miss Keesler were back in the community, ready to teach school Monday morning. School opened with a good attendance and is progressing nicely. The children all enjoyed the holidays. We are trying to make our school its best this year.

## SCALLORN—

By MRS. ORA BLACK

There was a very small attendance at Sunday School, but we hope to see each family represented next Sunday. We should make an effort to do more this year than in the past.

Mr. and Mrs. Robert McCan were Sunday afternoon callers of Mrs. W. E. Stevenson and brother, Jim Hunt.

Mrs. Charles Wright of Brownwood visited one day last week with her mother, Mrs. Ora Black.

C. H. Black accompanied Mr. and Mrs. James Teague to Dallas Sunday night, where Mrs. Teague left for Des Moines, Ia., for induction in the WAACs. Mrs. Teague was formerly Charlene Tyson and lived in this community for several years.

Mrs. Bill Manning of Long Cove called Sunday afternoon on Mrs. Dee Jones.

Sunday visitors in the Frank Eckert home were Mr. and Mrs. Fayette Eckert and daughters.

Mr. and Mrs. C. H. Black and family spent Sunday in Goldthwaite with Mrs. Della Tyson and daughters, Mrs. Gorden McWhorter and Mrs. James Teague. Mrs. Earl Blake and mother, Ora Black, visited in Brownwood Friday with relatives.

John Harris and son Joe visited Sunday in Long Cove with Mr. and Mrs. Frank Day.

Mr. and Mrs. Wayne Henry visited Saturday evening with Mr. and Mrs. Leon Johnson and family.

Mrs. J. D. Ford visited Sunday afternoon in Lometa with Mr. and Mrs. H. H. Brooks.

Mrs. Lila Crawford of Goldthwaite is visiting this week with her mother, Mrs. R. D. Evans.
