WPB EXPLAINS PROGRAM MAKING FARM ITEMS AVAILABLE

From now on, farmers will have first chance at buying the shovels, forks, and other supplies they need to meet 1943 food production goals. WPB is seeing to it that its regional offices, newspaper editors, and the County Farm Rationing Committees are up to date on all developments in the program to keep farmers supplied with necessary items. If they have any questions farmers—or the dealers who supply them—have only to telephone or drop in at any of these offices.

Who May Buy Equipment
Briefly, WPB has given everyone who engages in farming as a business by raising crops, livestock, bees, or poultry, or who uses farm supplies in operating silo filling equipment, threshing machines, or similar equipment for farmers priority to buy any of 140 farm items. These items are listed in the Mills County Hardware Company advertisement on another page of this issue.

More Supplies Coming.
To help farmers get their share of the items which are the most urgently needed of the 140, WPB is also directing manufacturers or distributors to produce or set aside for sale for farmers specified quantities of 66 items. As the supply in a given line becomes to large or too small, adjustments will be made. There will thus be a steady, adequate flow of supplies.

Buying Method Is Simple
To obtain supplies, the farmer has only to give his dealer a signed certificate reading as follows:

"I certify to the War Production Board that I am a farmer and that the supplies covered by this order are needed now and will be used for the operation of a farm."

The farmer may copy and sign this form himself, or the dealer may have forms printed for him to sign.

However, if a farmer wishes to buy more than \$25 worth of any one item at one time, he must have his certificate approved in writing by the County Farm Rationing Committee.

How Dealers Re-Order
A dealer may at any time buy new farm supplies to replace those he has sold and has received certificates for from farmers. To place an order with his supplier, he simply certifies that his order, at wholesale prices, does not amount to more than 75 per cent of the retail value of the goods already sold. The difference of 25 per cent represents the dealer's mark-up allowance.

If the dealer wishes to stock up on farm supplies immediately he may do so without waiting for farmers' certificates. In this case, he certifies to his supplier that he expects to sell the goods covered by his order, and that the goods ordered plus the goods on hand do not exceed a month's normal inventory.

The Axis stops at nothing—
Don't stop at 10%.
Buy More War Bonds
For Freedom's Sake

Don't spend your pay in competition with your neighbors for scarce civilian goods. Save, America, and you will save America from black markets and runaway inflation. Buy more Bonds every payday. How many bonds? Figure it out yourself.

If Hitler wins, the issue for you will be living itself and not just the cost of living. Think that over and figure it out for yourself how much beyond 10 percent of your family income you should put into War Bonds every payday.

BAPTISTS INVITE OLD PEOPLE TO BARBECUE DINNER JULY FOURTH

The old people and old settlers from every community in Mills County will meet at the old fair grounds in the edge of Goldthwaite on the San Saba Highway July 4th for an old-fashion get-together. The invitation is to all, and the Baptists of Goldthwaite and Mills County urge the attendance of all whether a church member or not.

Attend the church of your choice Sunday, July 4, and then get in your cars and come for the big barbecue and dinner at the noon hour. The barbecue will be furnished by Graham Wall of Star and prepared by Will Fox of Goldthwaite.

The Baptist women will bring a basket of salads, bread, silver, plates and glasses. There will be plenty of ice water, old fashion hand-shaking, renewing of old acquaintances, warm-hearted fellowship and talks by men and women of every community in the county.

The singing of several hymns by the more than 600 people expected to attend, and the preaching of a gospel sermon by Rev. David M. Phillips, pastor of the First Baptist Church of Ranger, Texas, will climax the occasion. Be one of the 600 folks, and enjoy a great day.

FEDERAL CAR STICKERS AVAILABLE AT POST OFFICE

The \$5.00 federal car sticker is available at the Goldthwaite Post Office. All cars must have a sticker on by July 1.

ON THE BATTLEFRONT

CHIEF FLOYD MANUEL

The family of Chief Floyd Manuel has had a letter from him telling of his arrival in North Africa. It had been seven weeks since he left the United States with the 70th Construction Battalion when his wife received his first letter. He says that they made the trip across all right, that he likes Africa all right, and that they are comfortably situated there. Chief Manuel was called to active duty January 20th of this year. He received his preliminary training at Camp Peary, Williamsburg, Va., and embarked from Advance Base Depot at Davisville, R. I. From the news accounts the last few months we know that North Africa can well use some of our "Sea Bees."

Chief Manuel is the son of Mr. and Mrs. J. F. A. Manual and a son-in-law of Mr. and Mrs. C. G. Featherston.

Vacation Bible School

The Church will close one of the most successful Vacation Bible Schools of its history tonight (Friday, June 25) with a program which will be presented by the boys and girls of the school. The fathers and mothers and friends are invited and urged to attend. The processional of the 139 enrolled will begin at 8:30 Friday evening. The program will continue about an hour and fifteen minutes. Come and enjoy the children... they will enjoy showing you some of the things which they have made, and presenting to you a part of what they have learned during the two weeks.

Some will receive special recognition, and each will receive a beautiful diploma. You are urged to back up this type of work. We believe you will.

ENJOY OLD-FASHIONED ICE CREAM SOCIAL

Members and friends of the Methodist Church enjoyed an old-fashioned cake and ice cream social Tuesday night June 22, on the lawns of Spark Bigham and Sam Sullivan. Volley ball, ping pong and "42" was the diversion for the evening.

METHODIST NOTICE

How we appreciate large audiences, and Sunday evening we had more than usual at service, and we all enjoyed the good singing and the spirit of fellowship that we felt. We want to make these evening services more and more evangelistic in spirit and purpose. Come and be with us.

Of course we want you at all the services. Our morning services are usually good. The morning seems peculiarly adapted to worship. One cannot get far from God that attends Sunday School, church in morning and then comes to the evening worship. If there be any good in any of these services you can get that good for yourself. Come and be with us and enjoy the singing, worship and messages that are brought from time to time.

INSTRUCTIONS FOR RENEWING A AND D GASOLINE RATIIONS

The regulations have been amended to permit the renewal of basic rations outside of the gasoline shortage area. These rations expire July 21, 1943.

The boards are to distribute OPA forms R-570 to centrally located filling stations and other convenient public places not later than June 22, 1943. Distribution of forms should be carefully planned to avoid loose, wasteful handling.

The applicant is to pick up an application Form R-570 and send or take it to the board.

His application form properly filled in, the application will be similar to application Form 534. Part A will be the application form. Part B will be the new tire inspection record. The applicant must completely fill in all of the spaces enclosed within the heavy borders on both Part A and Part B. It is particularly important that he fill in his name and address in the lower left hand corner of Part B.

His current tire inspection record must show that at least one tire inspection has been made and approved.

The back cover of his Basic A book. This should have the applicant's signature and address in the spaces provided therefor. If the applicant's name and address doesn't appear on the enclosed back cover, the board may waive this requirement to save time.

Motorcycle owners don't have to have their tires inspected under the Tire Regulations. Therefore, those applicants for Basic "D" books who have lost or destroyed their tire inspection record blanks are required only to send or take their application form properly filled in with the back cover of their basic ration books on which they have placed their signature and address. As soon as the books are made out the office will mail them to each individual, thereby saving a trip into the office calling for their books.

RENEWAL OF T BOOKS

Holders of T gasoline books are to be renewed at the end of this month. The Board will be making these renewals Saturday. Please bring your Certificate of War Necessity to the office with the old book.—Mills County War Price and Rationing Board.

TIRE STOCKS

W. L. Mahan, chairman of the Mills County War Price and Rationing Board, called on all tire dealers this week to "forget competitive secrecy about tire inventories" and get together as soon as possible with the board, so the board can keep an up-to-the-minute inventory of the community's tire stocks.

"The very critical period of the tire shortage which we all have known was coming is now upon us," Mr. Mahan pointed out.

"A great many persons, including some tire dealers, have misunderstood the situation and have deluded themselves with false optimism regarding the prospects for our synthetic rubber production.

"The true fact is that the synthetic program is progressing splendidly, as reports from Rubber Administrator Jeffers, the War Production Board and the OPA assure us, but we know that the general public will not reap the benefits of that program until some time next year.

"Tire dealers' inventories are fast disappearing. In fact, inventories of Grade One tires in many localities already are gone or nearly so. We feel that July will see most of the popular size tires unobtainable, and it is up to the rationing board now to grant certificates only to those applicants whose needs are most critical and essential. I Need YOU and Your Ration Stamps to Help Kill the Black Market

Every racketeer running a black market is stealing a part of your food. He is stealing food from every American fighting man and from every civilian who is playing fair with his country and his neighbors. He sells your food to the chiseler and the cheat. Black markets are actually throwing away Victory. When these thieves

slaughter meat they carelessly throw away the parts which would make feeds and fertilizers for our farms, medical supplies and photographic film for our troops. Black markets gamble with disease by slaughtering and handling meat under unsanitary conditions.

HOW YOU CAN HELP KILL THIS RACKET

IF YOU RAISE FOOD—

1. If you raise livestock, produce butter, lard or other rationed food, take every precaution to keep your products out of the hands of black market racketeers.
2. Keep a record of all livestock grown and sold.
3. Collect ration stamps for all rationed foods you sell.
4. If you slaughter and sell meat, obtain a U. S. permit and stamp the number on every wholesale cut.

* Required by law.

WHEN YOU BUY FOOD—

1. Buy only from a reputable dealer.
2. Give ration stamps for all rationed foods you buy.
3. Pay no more than the posted price for rationed foods.
4. Ask your dealer to show you how to identify meat from licensed slaughterers under the government's wartime licensing program. He will be glad to tell you how to recognize legal meat.

See BLACK MARKET Advertisement on Page 11.

V-Mail Pictures For Dad

Photographs of children under one year of age of soldiers serving overseas or children born after the father has departed for overseas may be sent V-Mail under certain conditions, the War Department has announced. The regulation form must not be altered in any manner and the photograph is limited in size to not more than one-third of the correspondence space on the V-Mail form. The photograph must appear on the upper left portion of the correspondence space. It may include the mother or some other person holding the child.

Victory Tax Collections

The Victory Tax, which has been withheld from wages and salaries, above exemptions, at the rate of 5 percent, will be included in the 20 percent withholding plan provided for in the current tax payment act, on or after July 1. Total victory tax collections as of June 5 were \$682,382,523.20.

Stickers For Ration-Free Shoes

Shoe dealers must put an official OPA sticker on shoes that are to be sold ration-free because of damage by fire, water, steam, or other accidental cause, the OPA has announced. The purpose of the sticker is to protect the customer against black market in shoes.

Gas And Tires For Farm Machines

To assist grain farmers in harvesting 1943 crops, the War Food Administration has made arrangements with ODT and OPA to assure owners of custom-operated machinery sufficient gasoline and tires to run their equipment, especially itinerant combine operators who will soon be working in the wheat harvest.

Tools For Farmers

Wrenches, pliers, screwdrivers and other mechanics' hand service tools should be more generally available to farmers and home mechanics as a result of an amendment of Order E-6 by WPB. The amended order which is destined to bring a better distribution of these tools among consumers, sets aside from 20 to 25 per cent of the monthly production of specified tools for commercial distributors.

Barbed Wire Available

Approximately 20,000 tons of barbed wire with extra long bars, made for military purposes, will be used to meet a shortage of barbed wire on the farms, according to WPB. The action is part of the Office of Civilian Requirements' program to make needed supplies available to farmers. The wire shortage was aggravated by the recent midwestern floods which washed out many miles of fence.

Used Car Gas Ration

The purchaser of a used car may qualify for a gasoline ration to operate it, even though he is unable to get a tire inspection record from the previous owner, if he can satisfy the local board that (1) No tire inspection record ever was issued for the vehicle, or, (2) The buyer had been unable to get the record from the previous owner after diligent

AUSTRALIANS MAKE SAN ANGELO MAN WELCOME

(San Angelo Standard) William Casselberry, San Angeloan, has landed in Australia and found the Australians so interested in making things pleasant for the soldiers he scarcely realizes he has left the United States. The first night there he went to a USO show, and the second musical number played was "Deep in the Heart of Texas."

Casselberry was 25 years old May 17 and that was the date his parents, Mr. and Mrs. John Casselberry here received a note telling of his safe arrival overseas. Casselberry, who worked 10 years for the Salvato Grocery here, has a rating now as master sergeant, flight engineer and assistant line chief. He has been in military service about two years.

Sgt. Casselberry is the nephew of Mrs. Roy Simpson, who lives in the Live Oak Community.

EBONY NEWS

By CLEMENTINE WILMETH BRILEY

(Intended for last week)
 Mrs. Darvin Roberts of Brownwood spent the week end with Mr. and Mrs. Dale Reid. Darvin is in Australia.

Wood Roberts of Brownwood came out Saturday night to spend the week end with his daughter, Mrs. P. R. Reid.

Mrs. Paul McClung and Martha Nell of Plainview and Miss Marie Wilmeth of Childress, who spent last week at the Wilmeth home, returned to their homes Saturday.

Mrs. Wayne Taylor, who has been with her husband in training camp at Topeka, Kansas, arrived here Friday morning to spend a while with her parents, Mr. and Mrs. J. R. Wilmeth. She was brought out from Brownwood by her cousins, Mr. and Mrs. Tom Godwin.

Mr. and Mrs. Dewey Smith attended the singing at Lockett Sunday.

Mrs. Sarah Ann Reeves is spending a few days with her friend, Miss Dolly Reynolds.

Mrs. Nelly Malone past her 80th birthday Thursday, June 10. She was invited to the Wilmeth home where a birthday cake and dinner were prepared honoring her and her great niece, Martha Nell McClung. 3. Other guests were Mr. and Mrs. John Briley, Mrs. Earl Day, and Mrs. Earl McCaleb and son, Gary. Mrs. McCaleb says her husband has volunteered for air service, and is now in training in Springfield, Mo.

Miss Grace Briley left Tuesday for a short visit with her sister, Mrs. O. R. Mitchell, in Beaumont.

Mr. and Mrs. Stanley Reeves visited at the Wilmeth home, and also called on the Brileys Sunday afternoon. They located a sink for their new house at Goldthwaite. Everything was set for the painter and paper-hanger to begin Monday morning.

Mr. and Mrs. Cecil Crowder and children of Fort Worth spent Saturday night and Sunday with her parents, Mr. and Mrs. Charles Griffin. Both work on the Consolidated Aircraft Plant at Fort Worth. She goes on at 1 P. M. and works till midnight. He goes on before she gets up of a morning and works 8 hours. For only about 2 hours of the day do they have to have someone else to look after their children.

Mrs. Nelson Williams and children, who have been at the Ira Egger home for sometime, left Saturday for their home in Dallas. David will stay a while longer with his grandparents.

Mr. and Mrs. Edward Egger had for their guests Sunday after church, Mr. and Mrs. J. R. Wilmeth, Mrs. Wayne Taylor, and Mrs. Hattie Whittenburg.

When Mrs. Charles Griffin reached the Ashton place returning from Goldthwaite last week her car was out on her. When Hearne Har- came along, he chained the car behind his and pulled her home. After getting some new parts, Roy Reynolds is putting the car back in running order.

Mr. and Mrs. Will Tippen of Abilene and Mr. and Mrs. Sam Cutbirth and children of Houston arrived here Sunday evening to spend a while with Mrs. Effie Egger and her mother. The men also expect to listen in on land trials in Goldthwaite this week.

LT. EUGENE D. WILMETH

No further details concerning the death of Lt. Eugene D. Wilmeth, killed in action in North Africa, May 7, have been received. But messages of sympathy and condolence have flown in from far and near, bespeaking Gene's many friends and acquaintances.

Gene was born Jan. 19, 1921, at the Wilmeth farm. And almost as soon as he learned to talk, he began to take an interest in every thing on the farm. In his early childhood, a little cousin came each summer to visit at the farm, but they took time out each day to have church. I can see them now. Their little bare feet hanging from their grandmothers high, south porch. The baby doll between them. Each with a hymn book, singing the songs they heard at Sunday School.

By the time Gene was eleven, he was so familiar with the farm and the stock that cattle buyers called him "Jim's foreman."

she lost at the age of 3, Gene held a fond place in the heart of his grandmother, the late Mrs. Clara Wilmeth. She always said he was the smartest of all the grandchildren. And his record seems to prove that she was right. He went to school at the little school at Ebony as far as it went. Learning came easy him. Reading was his delight. And when it came to book reports, he could give the details from beginning to end. He graduated from Brownwood High School in the spring of 38, winning next to highest honors. He enrolled in A. and M. College that fall. During the four years that he was there he did not fail to make the distinguished list. He not only carried his heavy school work, but did an enormous amount of outside work, making most of his way through school.

He won the high honor of being president of the 1942 Agronomy Society which made him king of the Cotton Ball and gave him a trip to Europe. On account of the war, he could not avail himself of the Europe trip, but toured a part of the United States instead.

On May 15, 1942 his parents, Mr. and Mrs. J. R. Wilmeth, his sister, Miss Marie Wilmeth, his cousin, Grace Briley, and his little niece, Lucy Gale Wilmeth, were present at A. and M. to see him graduate and receive his commission as 2nd lieutenant of the U. S. Army. He donned his uniform and left immediately for Fort Knox, Ky. None of his family ever saw him again, save his brother, Lillard, also in the army met up with him at Fort Benning last summer.

He went to England in September, and to North Africa two months later. In his letters home he urged his parents to invest his money in land and cattle. He wanted a ranch to come back to. He wanted land joining the homeplace. He was wounded slightly March 31. He was released from the hospital April 8. He wrote his mother while in the hospital and soon after. That was the last. And no answer comes to the aching heart when we ask "Why?"

But in memory of him and of all others who have gone, we pray that after this war the Gospel of Peace may be carried to the warring nations and planted in the hearts of their people that they may beat their swords into plowshares and their spears into pruning hooks, and learn the art of war no more.

New Pipeline Approved

A 383-mile, 16-inch pipeline from Sundown, Texas to Drumright, Oklahoma, having an initial capacity of 54,000 barrels of crude oil daily, has been approved by the War Production Board upon the recommendation of the Petroleum Administrator for War Construction is expected to begin early in October, 1943, and should be in operation sometime in March, 1944, the administrator added, providing that materials and workmen are available on schedule. The pipeline will serve to provide middle western refineries with additional supplies of West Texas crude oil, thus helping to relieve the national oil shortage.

Little Miss Mary Jane Scott who has been a guest of Mr. and Mrs. Raymond Little of the past two weeks left for her home in Coleman last Sunday.

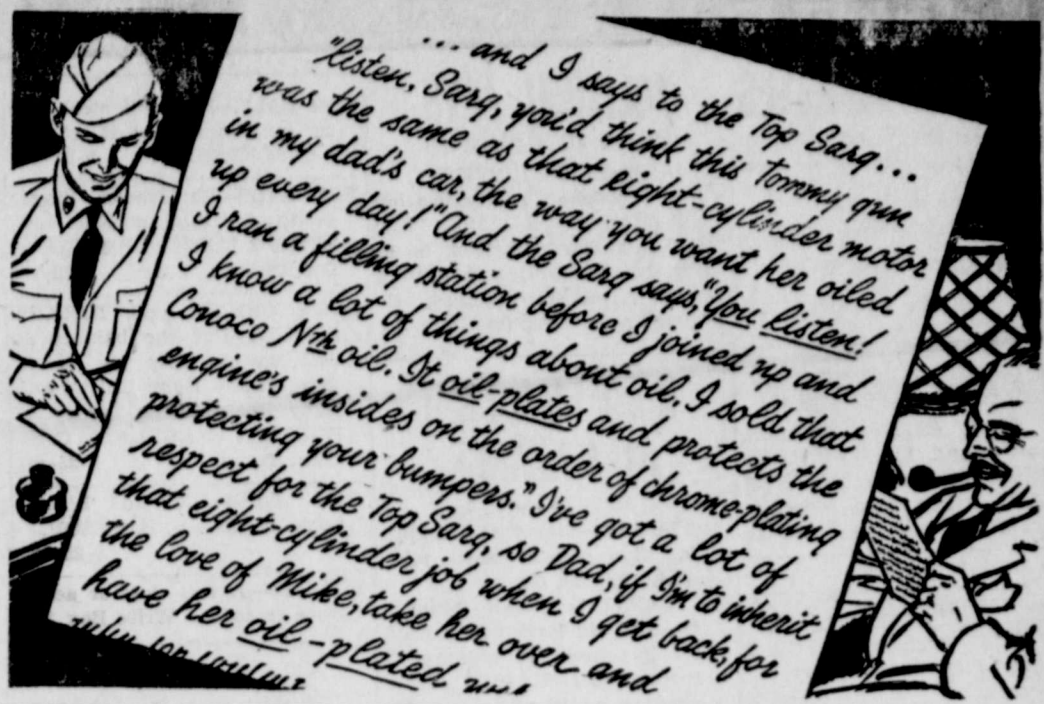

H. A. L. Greenwood of Kingsville spent Thursday and Friday of last week with Mr. and Mrs. Walter Fairman and Mrs. W. K. Marshall.

Mr. and Mrs. O. F. White and children, James and Mary Sue, were guests for a few days last week with her sisters, Misses Abble and Ruth Ervin, here They left for their home at Temple last Friday.

Mrs. John Boland left Monday for Miami, Fla., where she will spend the summer with her grandmother, Mrs. L. Grisham, and other relatives.

Mrs. Frank Broadus and daughter Patricia Ann of Chicago, Ill., are visiting her parents here, Mr. and Mrs. Ira O. Harvey. They also had as guests their son, Earl Harvey, for a week's visit. He left last Friday for De Kalb, Ill.

Little Miss Anita Carol has decided to make her home with Lieutenant and Mrs. M. A. Campbell at Randolph Field. The little lady made her appearance on Saturday, June 19,

ROCK SPRINGS

By MRS. EULA NICKOLS

(Intended for last week)

Sunday was a great day for myself and children. It was the first time we had all been together for some time. We had twenty five for dinner. After dinner more of our friends from town and more of the neighbors came for the afternoon. We took pictures and we hope they will be good. My children finely all got here. Glenn came Friday morning. He will be here until this Friday. He is a fine looking soldier, of course I would think so. He and my grandson Beryl Roberts are both Corporals. They both look so dressed up in their new clothes. We also had a WAAC with us after dinner, it was Miss Vivian Lewis she is stationed at Waco, she looked very dignified in her suit she is such a pretty girl. We wish these corporals and Miss Vivian the best of luck. May we all have another meeting soon.

Mrs. E. D. Roberson and Robert Lee took Mr. Dennard, Mrs. Nickols, Mrs. Gohlson and Kenneth Campbell to Star to the workers meeting Friday. The meeting was fine.

Jim Circle and wife made a short visit in the Roberts home Sunday afternoon.

Roy Wilkins and wife are very proud of their garden out on their farm.

Mrs. Maggie Traylor and

daughter and son, and Woodie Traylor and wife and James Nickols and mother went to Marion Robertson to Mrs. Robertson's surprised birthday party. Floyd Fox and wife and Mrs. Jack Robertson and Otis and Besse Hutchings were present. Some of them played dominoes.

We extend sympathy to Mrs. John Allen and children in the going away of their husband and father. We will all miss Mr. Allen as he has been a friend of the town for a long time. We all called him "Pumper" Allen as he used to pump water for the trains every day. May each of you look to our Savior for comfort.

Mrs. Jay Weaver spent a few days with her father, Austin Cook and Rudolph Cook and family.

Owen Tippen and parents moved to their farm at South Bennett last week.

Mrs. Harvey Dunkle from town and Christene Traylor spent Thursday afternoon in the Nickols home.

Mrs. Lula Gatlin and Miss Love visited with Jim one afternoon last week.

James Nickols and Hobson Miller finished Mr. and Mrs. Philip Nickols house last week. They are working on Otis Corothers house this week.

EARN MORE PROFITS FROM CATTLE

Inexpensive feed is never really cheap. You pay more, in the long run, with inferior cattle. The time to start planning your profits is in the raising of animals. Invest your money in good feed; it pays big dividends.

You Can't Go Wrong on Our FEED

You'll get steadier, harder work out of your horses if you give them the nourishment and strength that is found in BLACKWELL'S Feed. It costs no more than most quality grains. The amazing results you'll get from BLACKWELL'S will sell you forever.

MAKE MORE MONEY WITH CHICKS

Poultry raising is a veritable gold mine if you can sell your quality for the high prices that are being quoted. Make your chicken the best that it can possibly be with BLACKWELL'S Grains. You'll almost double the returns.

SALUTES TEXAS

Culminating a day long celebra-
tion, George Olsen and his orchestra
will feature a national program on
the night of June 28, American Made
Rubber Day in Texas.
Over 160 stations will salute Texas
on the occasion of the opening of the
General Tire and Rubber Company
Synthetic plant at Baytown. The
salute is sponsored by the Coca-Cola
Company and will be heard by
millions of people throughout the
country.
Texas is playing a vital role in the
production of rubber, and William
O'Neil, president of General Tire and
a leader in the rubber industry, has
pointed out that the state provides
the four vital components of a tire.
Rubber, which gives the needed
stretch and acts as a binder for the
other ingredients; cotton, which
gives strength to the tire; sulphur,
vital in the curing of synthetic; and
carbon black, which adds the wear-
ing qualities, all are products of
Texas.
It is the opinion of informed tire
manufacturers that the post war
period will see an influx of factories
for the production of tires close to
the source of supply of these raw
materials. Sound economy would
indicate that the tires be built and
distributed from Texas, rather than
to have the raw materials shipped
north and then the tires shipped
south again, O'Neil pointed out.
The Rubber Day ceremonies will
be at the Tri Cities in the morning,
move to Houston for luncheon and
reception, and wind up with the
Olsen broadcast from 8 to 12 in the
evening.

IF YOU HAVE NO CANNER, MAKE ONE

"All authorities on home canning advise that non-acid vegetables be canned by processing (cooking in jars) in a steam pressure cooker because a pressure cooker is the only household utensil that can retain a much hotter than boiling temperature. High temperatures are desirable when canning beans, peas, corn, greens, etc., because they insure more certain destruction of bacteria and because the canning can be done more quickly. But," says Gladys Kimbrough, Home Service Director of Ball Brothers Company, who heartily approves using a pressure cooker whenever possible, "the time is at hand when we must be practical. Don't worry if you can't buy a pressure cooker for surely you can find a wash boiler, lard can, baby bath tub or some deep container in which water can be boiled. Tack a few strips of wood together to make a rack or platform to hold the jars about one-half inch from the bottom of the container. Find something, even if it has to be a board, to use as a lid. Then you will have a water-bath canner for those Victory garden vegetables.

"You are afraid to eat vegetables canned that way? Nonsense! A lot of folks who say a water bath can't be used were raised on vegetables canned by that method. But let's get three things clear before we go any further: first, there have been a few instances of poisoning from eating canned vegetables; second, all such danger can be avoided by boiling the canned vegetables 15 minutes before tasting or serving—they should be re-boiled before serving if left from one meal to the next; third, a pressure cooker is not a guarantee against spoilage. There will be spoilage if the pressure gauge registers too low or if poor judgment is used in the selection, preparation, and packing of food into the jars. And don't let anybody tell you otherwise.

"Now, back to the water bath. The water should be steaming but not boiling when the jars are lowered into it and deep enough to cover the tops of the jars two or more inches. No water won't get into the jars if directions are fol-

Greta McKenzie

Many hearts were bowed down in grief when the news reached here of the tragic death of little Greta McKenzie, the eleven year old daughter of Mr. and Mrs. Dutch McKenzie of Arlington, Rt. 3. On Tuesday evening, June 15, she was burning weeds in the yard at her home when a can containing a small quantity of gasoline exploded, hurling her about 18 feet. Her mother immediately took her to a hospital in Arlington where she was given first aid; she was then taken to St. Joseph's hospital in Fort Worth where every thing was done that science and skilled hands could do in an effort to save her life. She begged for relief and finally asked God to prepare her a place in Heaven where she could find ease and rest.

She passed away Thursday morning, June 17 at 10:30. An ambulance was sent from Fairman Company to bring the remains to Goldthwaite, the cortege arriving here about 7 o'clock Thursday evening. Funeral services were conducted at the Methodist Church Friday afternoon at 4 o'clock among a host of relatives and friends. Interment was made at Odd Fellows Cemetery. Pall bearers were her cousins: P.f.c. Jesse Moreland, Private Floyd McKenzie, P.f.c. Fred McKenzie, J. D. McKenzie, Mark Allison Geeslin, Wayne McKenzie Geeslin.

Flower girls were Dorothy, Thelma, and Ethel Lynn Geeslin, Delpha Rese Blackburn, Retá Belle Henry, Nell Carmen Wilkens, Sylvia Jean and Jo Ann Jones, Ann Sebolt, Modene Let-better, Carol Shaw, Dorothy Nell McKinley, Carol Ward and Nelda Jane Hillard. The floral offering from friends in other parts of the state will be placed on the grave this week end.

Greta was born in Goldthwaite Oct. 22, 1931. She lived here until about 18 months ago when her father was employed by a construction Co. at Arlington. She had attended Sunday School regularly since she was less than a year old, winning a pin for per-

fect attendance for four consecutive years.

She leaves her heart broken parents, Mr. and Mrs. Dutch McKenzie, grandparents, Mr. and Mrs. Elam Berry and Mrs. J. D. McKenzie, Sr. also a number of other relatives to mourn her untimely death.

Out of town relatives and friends who attended the funeral were: Mr. and Mrs. Ben McKenzie and children and Mrs. Lloyd Pope of Houston, Mr. and Mrs. Jack McKenzie and Mr. and Mrs. J. D. McKenzie of Tyler, P.f.c. Jesse Moreland and Private Floyd McKenzie of Blackland Flying School, Waco, P.f.c. Fred McKenzie of Camp Swift, Mr. and Mrs. Arlie O'Bannon, Mrs. Howard West and Von Wayne, Mr. and Mrs. Ward, and Mr. and Mrs. Perry Green of Lometa, Miss Howardene West of Killeen, Mr. and Mrs. Homer Fuller and daughter, Mrs. Warren Fuller of Euless, Mr. and Mrs. Bill William and Mrs. Medford of Fort Worth.

Arthur Cline was carried to Scott and White Hospital Tuesday night suffering from an attack of appendicitis. At last re-

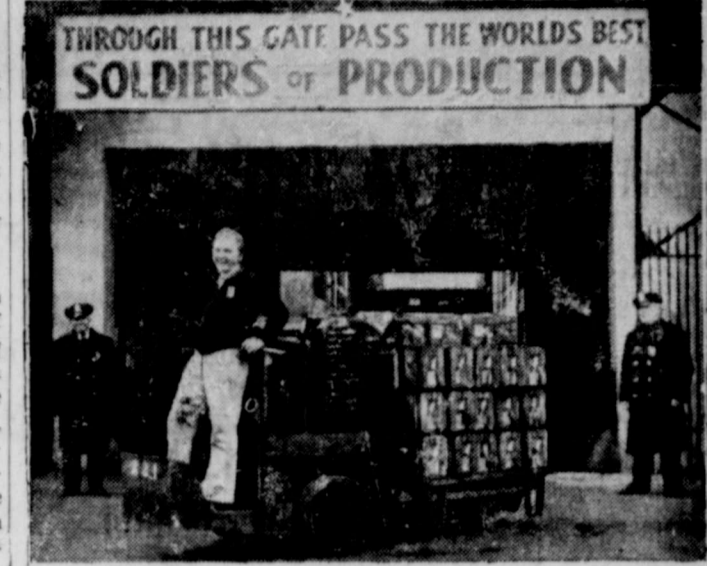

port he was doing nicely and will probably be in the hospital several days.

More Forest Fires in '42
Forest fires last year burned over a total of 31,854,124 acres of United States woodlands, compared with 26,404,385 acres in 1942. The total number of fires in the first war year was 208,218, an increase of 8,516 over 1941.

Training for Farm Work
More than half of the men and women taking the rural production courses offered by the War Manpower Commission are interested principally in the operation of farm machinery, food processing, and egg production. These three courses account for 62.4 per cent of the total number of persons in training. The courses run anywhere from two to ten weeks two to three hours per week.

B. F. Geeslin, a long time resident of Goldthwaite, spent the first of this week in Goldthwaite meeting his old friends. He will visit in Brady and Brownwood before returning to his home. Mr. Geeslin's many friends will be

CONNALLY ANTI-STRIKE BILL

THE CONNALLY ANTI-STRIKE bill has passed the Senate and House and is before the President. The principal object of the bill is to keep war plants producing.

On June 12, 1941, Senator Tom Connally of Texas offered an amendment in the Senate which provided for taking over by the President and the operation by the Government, of plants engaged in producing national defense articles wherever such production was impeded or hindered by strikes or labor disputes. That amendment was adopted by the Senate as early as 1941 by record vote of 67 to 7. However, it failed of adoption in the House of Representatives.

The bill was later modified and improved. The bill approaches the issue from the national viewpoint, from the war goods, from the dire necessity to keep plants going and to keep production moving to our heroic men on the far-flung battlefronts in this war. The main provisions of the bill are: (1) It prohibits any strikes in a government-operated plant or plant seized by the government, under penalty of imprisonment or fine. (2) It provides for a 30-day notice of a labor disturbance in a private war plant and a secret ballot. (3) If a strike then occurs, the government can take over and penalties will operate against any further strike. (4) It gives the War Labor Board power of subpoena and clear statutory powers. (5) It is no offense for an individual worker to quit work in any seized or government-operated plant but penalties are provided for inducement or conspiracy with others to interfere with the continuous operation of a government-operated plant. (6) It authorizes the President specifically to take over strike-bound plants.

No citizen of the Republic is above a sacred duty to his country and to his fellow citizens in this time of emergency. The war must go on until victory is achieved. Plants and mines must go on and must get their goods to the armies if we are to crush the enemy. The bill is a champion of the national need, the climatic national need of keeping the stream of weapons, equipment, and munitions going to the battlefronts where our flag is flying and where our boys are battling for the victory that shall not be long delayed, says Senator Connally.

FEWER CIVILIAN FRILLS

NOT MANY CIVILIANS object to going without luxuries to strengthen America's war effort. Camera fans are not squawking much over the scarcity of film and other photographic supplies. Music lovers are getting along with almost no new records for their phonographs. Women are doing without silk or nylon stockings and simplifying much of their other clothing. Even the dead are affected by wartime restrictions on the use of metal in coffins.

There is real objection when war agencies fail to distinguish between luxuries and necessities. Right now much food from Victory gardens is going to waste because housewives are unable to obtain pressure cookers to use in canning their surplus vegetables. These were promised but are not available. One pressure cooker was the quota for Mills County this year. Alarm clocks needed by many workers are almost impossible to find; safety razors are practically off the market.

Americans can get along without jewelry, silverware or fur coats, says a Dallas News editorial; but more attention needs to be given to maintaining a minimum flow of civilian necessities. Paint and brushes and nails and screws must be available if homes are to be kept in repair. In cutting out frills, Washington officials need to provide the home front with essential goods if the war effort is to be carried on with a maximum of efficiency.

The Case for Democracy

RAY W. SHERMAN, the son of a country blacksmith, who was born in upstate New York in the "horse-and-buggy" days, and who climbed to success because of the opportunity America gave him, has written an inspiring book. I BELIEVE IN AMERICA.

"We know our America is only a collection of men who employ, and men who work," writes Sherman. "Most of us want jobs—just jobs. Somebody's got to provide them. And we want bigger and better jobs in a bigger and better America."

Of poor boys who climbed to greatness in America he lists many: Henry Ford, son of a farmer; Walter B. Chrysler, once an apprentice in a railroad shop; the late Charles M. Schwab, once a stake-driver; the late John D. Rockefeller, born in a little country town.

"The corner druggist, grocer, barber, and all the rest are in the same class. They take their savings and start businesses. Thousands fail. A few succeed. And from the success come our prosperity, our wages, and the development of our civilization. There isn't any other way." — Silver Lining.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle file of June 22, '18) Howard Trent and wife and baby, accompanied by Misses Nina and Daisy Burks left for their home in El Paso Saturday after a visit to relatives in this city.

F. D. Wilson and family are here from Dumright, Oklahoma, having made the trip in their car.

Mrs. F. D. Webb returned Wednesday from a visit to her daughter and family in Dallas.

Mr. and Mrs. Walter Doggett are the proud parents of a fine boy who arrived at their home last Monday night.

Mrs. A. T. Pribble and children have returned from a visit to relatives at Corrigan. Her mother Mrs. Williams came home with them.

P. H. Clements came home Thursday evening from Temple, where he has been for some days in the Sanitarium.

L. S. Caraway of near Star was looking after business matters in this city yesterday.

Miss Poca Taylor of Dallas is visiting relatives and friends in this city.

Phil Ford and wife and baby were here from Ranger the first of the week visiting relatives.

J. H. Benningfield was in the city Wednesday and stated they were preparing for a big Thrift Stamp rally at Kelly school house next Friday afternoon.

Miss Bettie Pluger of Eden, who was visiting in Sherman at the time of the death of Mrs. Grundy, came with the family to attend the funeral.

Mrs. W. R. Ross and children and Mrs. Lee Kelly are here from Fort Worth visiting L. O. Hicks and wife.

Mrs. S. H. Allen and children arrived from Temple Wednesday evening for a visit to relatives.

Rev. Searcy, pastor of the Methodist work at Star, spent the first of the week here looking after business matters and attending the big meeting.

Dana Everly has packed his goods for shipment and will leave next week for Seattle, Wash. where he expects to remain the balance of the summer.

John Grundy and family and Arthur Grundy and family were here from Brownwood Wednesday to attend the funeral of Mrs. Grundy.

Health Notes

Over half the citizens of Texas have full-time public health protection according to the figures just released by Dr. Geo. W. Cox, State Health Officer. This is accomplished through service rendered by county health units covering 59 counties and our four largest cities. The personnel which a county health unit employs depends upon the local need for service. The minimum staff of a unit consists of a physician, nurse, sanitarian, and clerk.

A review of the work done during the past year shows that 94,455 persons were protected against smallpox, 88,832 against diphtheria and 120,375 against typhoid fever. Over a half-million persons were visited in their homes and received either preventive medicine or nursing service. Also 780,613 treatments for venereal disease were administered and 10,878 persons were X-rayed for tuberculosis.

Sanitation in water, food, and milk supplies was rigidly enforced, sewage facilities expanded and campaigns conducted to prevent malaria and typhus fever.

These, the State Health Officer asserted, are but a few of the many services that were rendered to the population living in the area with full-time health services during the past year.

The units are financed by Co-operative participation on the part of local, county, or city governments and the State Health Department.

Tire inspections for commercial motor vehicles now may be made every 5,000 miles or every six months, whichever occurs first, ODT has announced. Previously, commercial vehicles had to have tire inspections every 5,000 miles or every 60 days whichever occurred first.

JOHN'S COUNSEL TO CHRISTIANS

LESSON TEXT—II John 4-11; III John 5-12
GOLDEN TEXT—Beloved, I pray that in all things thou mayest prosper and be in health, even as thy soul prospereth.—III John 2.

Christians need guidance, especially in their home and church relationships. The apostle John, under the inspiration of the Holy Spirit, wrote the two personal letters known to us as II and III John. They abound in sound spiritual, practical advice. Note that these two words belong together, for what is truly spiritual cannot help but be tremendously practical and perfect for the direction of thought and life.

In these letters five admirable lessons are taught. Let us give heed to them. They are appropriate to our day.

I. Set an Example Before Your Children (II John 4-6)

We may not like to admit it, but our children are largely what we make them by their training—or lack of it—in the home. Parents have the grave and at the same time precious responsibility of being what they want their children to be. We set the mold of their thinking and acting, not only about material things, but mentally and spiritually, which is far more important.

Above all we must teach them by precept and example to love God supremely, and to walk after His commandments. Father, mother, have you done your duty? Are your children "walking in truth" (v. 4)?

II. Be on Guard Against False Teachers (II John 7-11)

We are not to countenance false teaching even by entertaining such teachers, or having close fellowship with them. To create the impression before the world and the Church that they are "not so bad," by appearing as their friends, is to partake of their evil works (v. 11). This is a serious matter, and one which is a problem in the Church today.

Such teachers may easily be recognized. They are aptly described by Dr. Douglass: "In all ages the Church has been plagued by those who want to substitute something for pure Christian faith, or to embroider it with bright ideas of their own conceiving. Such people may try to strip religion of its supernatural aspect and reduce it to a merely rationalistic system. They may seek to slyly loosen the moral standards of the Church because their own lives are deficient when measured by such standards. They may try to minimize the teaching of the cross because it stands for sacrifice." Watch against them, and stand against their destructive teaching.

III. Be Diligent in Putting Forward True Teachers (III John 5-8)

The door which should be closed against false teachers should be opened wide to those who are faithful teachers of the truth. This refers primarily to the hospitality of the home, and reminds us of a grace which has been all but forgotten in these days of small apartments.

Whether we are able to open our homes to God's servants or not, we can show a Christian spirit of genuine hospitality in helping to bring them forward (v. 6) in their work. This may be done by gifts of money, by kindness shown in time of need, by a real interest in their work, by recommending them to others who wish to hear the truth.

Do everything possible, then, to hinder the false teacher, and be just as diligent to put forward the ministry of the true man of God.

IV. Do Not Trust Proud, Self-Seeking Leadership (III John 9-11)

A man may be orthodox, and intensely loyal to the denomination, and at the same time be a wicked man whose example is to be shunned. No word is said against the teaching of Diotrephes. He was not condemned for being careless about the affairs of the church, or unfaithful in his attendance and devotion to its interest as he saw them.

The sin of Diotrephes was pride, a desire to be the boss of the church. "No. 1 man" in its affairs. Lacking the true spirituality which always results in humility, he opposed the apostle. Not only did he refuse to receive him, but used pressure on others who were willing to be hospitable.

V. Emulate the Life of the Man of Good Report (III John 12)

A good man! No words of praise could possibly surpass such a testimony. The world is full of brilliant, skilled, wealthy and prominent people, but there is an appalling dearth of good men and women.

How refreshing to meet, and how delightful to know, such a man—such a woman. Like Demetrius, they have not only the witness of the Church, and of the truth, but also of "all men." But last week we said the world hates real Christians. It does, but it also respects them, and is forced to bear witness to their reality and goodness.

Professed fellowship with God in Christ which does not result in goodness of life may well be scrutinized.

Our WASHINGTON Letter

By Congressman O. C. FISHER

CCC WOOL PRICE LOWER

Some of the ranchmen are receiving lower prices for their wool under the Commodity Credit Corporation take-over than they received for their clips last year under the same price ceilings. They don't like that.

The CCC explains that it doesn't like it either, but contends that the OPA is responsible for ceilings. And the OPA thus far has refused to budge an inch, despite representations as to the considerably increased production costs falling upon farmers and ranchmen.

Adding further confusion to the wool picture was the CCC's amendment permitting mills to buy direct from growers—up to the tonnages they bought last year—and also exempting 19 states from Maine to Louisiana from the take-over.

Durham Jones, William T. Darden—both of them recently in Texas—Lawrence Myers and James M. Coon are conferring down there in the Agriculture Department at this moment on the troubles encountered by the wool program.

All they need to do to solve their differences with ranchmen is this: Just make sure the wool growers get at least what they sold their last clips for.

Regardless of what it takes, that should be done.

OPA AND FEED SHORTAGE

The livestock and poultry feed situation isn't bright these days. I've had lots of letters and telegrams of protest and complaint about charges, prices and shortages for which OPA fixers are generally responsible.

One West Texas feed man writes: "On June 10 OPA set a rule allowing 50 cents a ton for grinding and a dollar a ton for chopping corn. It can't be done for that, so now we won't have corn in any form. It looks like our whole business will be forced into the black market or out the window."

C. M. Kilgore of Brownwood, president of the Southwestern Poultry Association, which has 2,000 members, wires a plea for relief on the commercial feed shortage, adding, "Unless relief is given, thousands of chickens and turkeys are going to be forced on the market when they need to stay on the farms producing eggs and growing out to a finished product."

The protein feed shortage last winter was bad. A more general feed shortage is distinctly possible judging from current crop condition reports.

With the United States trying to carry half the world on its shoulders right now, it will be a miracle if shortages and hardships don't become worse. But some wise management and proper support must be given if the producers are to produce.

THE GOVERNOR VISITS

Governor Coke R. Stevenson from the South Llano was up here last week paying the federal government a visit. The Governor, who has a reputation for plain-speaking and result-getting down Austin way, is welcome up here in Washington—where less wordage and red tape and more results would help the war effort a lot.

Electricity To Farms

Rural electrification loans to 26 systems in 18 states have been made to a total of \$1,790,000 for immediate extension of service to more than 1,000 farms qualifying under present WPB regulations permitting connections to farms producing livestock, dairy and poultry products. The following allocations have been made in Texas: South Plains Electric Cooperative, Inc., Lubbock, \$10,000; Deep East Texas Electric Cooperative, Inc., San Augustine, \$85,000; Erath County Electric Cooperative Association, Stephenville, \$10,000; and Cap Rock Electric Cooperative, Inc., Stanton, \$10,000.

Data on Prisoners
American soldiers officially reported as prisoners of war in enemy countries to date total 17,083, the War Department has announced. Of these, 11,307 are held by Japan; 3,312 by Germany and 2,464 by Italy. However, these reports are incomplete. Information in the hands of the War Department indicates that the basic diet of an American soldier in German prison camps is largely potatoes, cabbage, fish and an indefinite amount of meat.

Leather For Civilians

Manufacture of many civilian leather products, which was prohibited after June 1, can be continued through 1943 out of manufacturers' inventories, under a recent WPB amendment. Among products affected are dress gloves and mittens, brief cases, new upholstery, radio cases, pocketbooks, handbags, cigar and cigarette cases, key cases, tobacco pouches, watch straps and dog furnishings.

Gas Coupons Changed

A new "TT" gasoline coupon, which replaces the present "T" coupon, will become valid for use on July 1. The old type of "T" coupon will be invalid on and after July 1, except in the northeastern shortage area where it will be used through July 25. OPA expects the change in design to help take up "slack" mileage and remove potential sources of black market gasoline.

Materials For Underwear

Materials for knit underwear for men, women, and children will be made available by an action of WPB. Manufacturers have been assured of supplies of cotton yarn thread, fabrics and other materials to meet essential civilian requirements.

Guard Against Carbon Monoxide

Because the hazards of carbon monoxide poisoning have increased greatly with the changes of certain fuels, the Bureau of Mines has published a circular describing home-protective measures to minimize dangers from this gas and methods of treating persons affected by it. A colorless, odorless and tasteless gas, carbon monoxide is deadly when inhaled with an insufficient supply of oxygen.

Saba—

Jackie Spurlock, winsome daughter of Mr. and Mrs. Jack Spurlock, of Richland Springs, declared the winner in the popularity contest for the 1943 San Saba County and War Bond Rally. The contest some \$14,000 worth of War Bonds and stamps were sold by or for the young lady contestants, each of whose worth sold being good for one vote. Over one million, hundred thousand votes were cast in the contest.

E. Fagg, well known citizen and real estate dealer of San Saba, was sworn in recently as new Mayor of San Saba. He will hold the unexpired term of C. Kuykendall who resigned post after accepting a directorship on the board of the Colorado River Authority.

Result of survey made by agent A. B. Ford, in which 1,000 farmers and ranchmen were asked to indicate their probable labor situation in the near future, it appears that the labor situation is well in hand.

Young wives and the W. family were made very busy in the past few days on the simultaneous arrival here of the Navy and Marines, respectively. Neither brother knew the other.

Surgical Dressing division of Cross work in San Saba moved from the Dofflemyer building to the Home Economic building for the summer. From now on, ladies are to work there instead of town and workers are.

Lampasas—

W. C. Gillen, manager of the rodeo to be held in Lampasas July 3 and 4, stated yesterday that things are shaping up right along for a big affair. He has secured the same horses which were used in the rodeo here last year, he said, and they were plenty good.

Farmers and others who have been keeping up with crop conditions say that a week ago this country had the best prospect for a corn crop in years. But no rain has fallen to speak of in two weeks and right now a crop depends on whether a rain comes this week or the first of next. The excessively hot weather, with corn in the critical stage—tasseling and shooting or silking—is damaging it in a hurry.

FORMER GOLDTHWAITE BOY NOW MEDICAL CAPTAIN

(Fort Worth Star-Telegram)
Capt. Hamilton F. Ford, although comparatively small of stature, carries quite capably an important title at Tarrant Field—that of neuropsychiatrist.

"With all the care and consideration used in examining newcomers in the Army, statistics show that many men pass preliminary physical examinations who should have been rejected before donning khaki," says Captain Ford. "However one of my duties is to recognize and treat mental disorders accompanied by nervous troubles."

Captain Ford attended the University of Texas from 1924 to 1927, majoring in chemistry and science. In 1927 he entered the Medical Branch of the University of Texas. In 1931 the youthful medical student received his M. D. and later became associated with Dr. Titus H. Harris of Galveston.

Dr. Ford returned to the School of Medicine at Galveston in 1933 as an assistant professor and later became associate professor of neurology and psychiatry. That was in 1938. He became Captain Ford on Oct. 12, 1942.

The new Air Forces medical officer's first assignment was at The San Antonio Aviation Cadet Center as a physician. On Nov. 8, 1942, he was assigned to Officers' Training School and on Dec. 7, 1942, he arrived at Tarrant Field.

Captain Ford is the son of the late Walter Ford. He was born in Goldthwaite and lived here until the age of eight. His grandfather, Will Ford, was an old-time resident of Mills County. Dr. Walter L. Ford brother of Captain Ford, is in foreign service.

Miss Evelyn Sheppard of Brownwood spent a week's vacation with her mother, Mrs. A. B. Sheppard, and other relatives.

TO FINISH SCHOOL

Wallace Tumlinson, son of Mr. and Mrs. B. E. Tumlinson 85 East 19th Street, San Angelo, has been in the Marines since last December 7. He is to complete a course in the Ordnance School at Memphis, Tenn., June 10. Tumlinson was formerly employed by the San Angelo Standard Times. He is a nephew of Mrs. Roy Simpson of Goldthwaite, and lived here when just a young boy.

LONNIE SLAUGHTER IS PRISONER OF JAPANESE

Mr. and Mrs. L. J. Slaughter of Goldthwaite received a telegram last Saturday stating that their son, Pvt. Lonnie T. Slaughter, is a prisoner of the Japanese. Mr. and Mrs. Slaughter had not heard from their son since the War Department reported him missing on May 7, 1942. The telegram reads as follows:

Washington, D. C.
June 19, 1943.

L. J. Slaughter, Route 1, Goldthwaite, Texas:

Report just received through the International Red Cross states that your son, Private Lonnie T. Slaughter, is a prisoner of war of the Japanese government in the Philippine Islands. Letter of information follow from Provost Marshall General. — The Adjutant General.

Mrs. A. C. Langlitz spent last week-end in Eastland County visiting her children, Clarence Langlitz and wife and Mrs. Dora Elliott and family.

Miss Grace Denson spent the first part of her vacation here. She left Tuesday for Gladewater to visit her sister, Mrs. Max McKean, and family.

Mrs. Rufus McKinney and children of Gatesville spent a few days at the Lake this week.

Mrs. Ada Ward of Cleburne is here visiting her mother, Mrs. C. Fessler.

Among those who attended the singing convention Sunday at Zephyr were Mr. and Mrs. W. W. Fox and Mr. and Mrs. Will Rose.

EBONY NEWS

By CLEMENTINE WILMETH BRILEY

Drouth troubles us again. The corn is at a critical stage. A good rain now would make a good crop. Otherwise it promises to be short.

We are rather expecting our meeting to begin Friday night of next week which is Friday night before the first Sunday in July. We can't be definite until we hear again from Bro. Hoover of Goldthwaite, who is to do the preaching, but let's be ready.

Mr. and Mrs. Oscar Beakley of Mecury and Mr. and Mrs. Willie Beakley of Placid attended church here Sunday, and spent the rest of the day at the Wilmeth home.

Mrs. Sam Cutbirth and children of Houston are staying with her mother, Mrs. Lydia Tippin, while her sister, Mrs. Effie Egger, goes to Jonesboro, Ark. to visit her son Clayton Egger, who is in training in the U. S. Air Corps there.

J. R. Reeves has gone to Dallas to visit a friend. He was accompanied as far as Fort Worth by Mrs. Charles Griffin and Johnnie, who went to Fort Worth to visit her daughter, Mrs. Cecil Crowder. The Crowders work at the Consolidated Aircraft Plant in Fort Worth, and Sunday was their day.

Mrs. B. Singleton of San Angelo arrived here Saturday and is spending a few days with her mother, Mrs. Irene Reeves.

Mrs. Nellie Malone and Ernest were guests for dinner at the home of Mrs. Irene Reeves Sunday. They also called at the Hubert Reeves home on the way home.

S. L. Singleton of San Angelo is spending a few days at the Charlie Griffin home.

Mr. and Mrs. P. R. Reid spent Sunday on the Bayou. They were joined by Mr. and Mrs. Charm Whittenburg and children after church.

In the land trial hearing in this county last week, considerable raise in pay was granted by the committee over that offered by the government appraisers.

Grace Briley arrived in Goldthwaite early Friday morning from Beaumont, where she visited her sister, Mrs. O. R. Mitchell. She was accompanied home by her nieces, Marilyn and Carol Jean Mitchell.

Bill Armstrong, who lives with his uncle and aunt, Mr. and Mrs. Jap Chrisman, on the Homer Reeves place, is in Fort Worth visiting his brother.

Peaches have already begun to move from both the Stanley Reeves and Homer Reeves orchards.

Sgt. Neuma Crowder of the Bombardier plant in San Angelo spent the week-end with his parents, Mr. and Mrs. Frank Crowder. He and Frank and F. L. went fishing Saturday night and caught a nice lot of fish.

Many beautiful tributes to Gene Wilmeth continue to come in. The head of the Agronomy Department of A & M has written that "Few among the thousands of students who have passed through this sort of institution have left a more favorable impression on his associates, both students and faculty members, than Gene." He speaks of his great character and courage. Of his sterling qualities of manhood which would never leave anyone in doubt as to his honesty of purpose and thoroughness of execution of every duty assigned him.

Trigger Mountain H-D Club

The Trigger Mountain Home Demonstration Club met at the home of Mrs. J. L. Bachus Monday, June 14.

Vegetables should not be canned by the hot water bath, said Mrs. Harris, County Home Demonstration Agent. The vegetables require such a long time for cooking that a great deal of the food value is lost when canned by the water bath method. The hot water bath method is better for canned fruits and tomatoes. These foods contain a good deal of acid and will keep easily. Fruits are usually over-cooked in a pressure cooker.

The following were present: Mmes. P. M. Hutchins, A. A. Reynolds, O. B. Eldson, J. L. Bachus, and Misses Ruby Reynolds, Marie Reynolds and Margaret Eldson.

The next meeting will be at the home of Miss Marie Reynolds July 5.

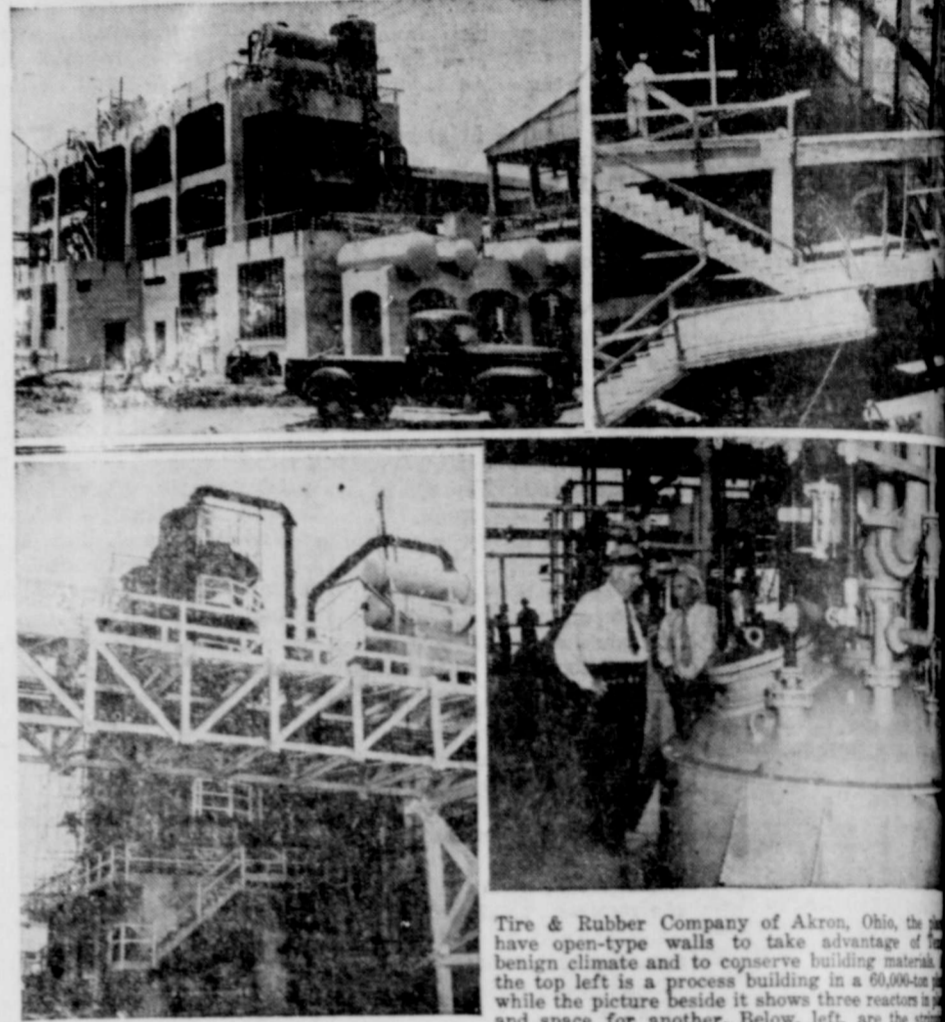

Miss Jessie Neal of Caradan attended the wedding of her cousin, Miss Effie Roberts, to Fred Jamison at Dallas Sunday

afternoon at 3 o'clock at the home of Mr. and Mrs. Wesley Neal. The simple but impressive wedding was attended by a few close friends and relatives. Mr. and Mrs. Jamison will make their home in Dallas.

Mrs. D. E. Moore and son Byron of Port Arthur have been visiting her sister, Mrs. R. R. Rudder. Mrs. Moore and son returned last Thursday from Johnson City where they visited for a few days with their brother, Barton Moore, and family.

TEXAS SYNTHETIC RUBBER PLANTS NEAR COMPLETION

First Construction Photographs In State's Newest Industry

These synthetic rubber plants in southeastern Texas, nearing completion and scheduled to start production this summer, are the first in Texas' newest industry. Built by the Goodyear

Tire & Rubber Company of Akron, Ohio, the plants have open-type walls to take advantage of the benign climate and to conserve building materials. The top left is a process building in a 60,000-sq-ft plant while the picture beside it shows three reactors in place and space for another. Below, left, are the strong towers which remove excess butadiene and some from the latex while beside it, is a picture of Gene Barber (white shirt), project manager for one of the plants, examining a reactor with an employee.

What the Red Ration Stamp Means to Them

DAD

To Dad the Red Stamp means good management and no waste in our meat resources. He knows that a lot of the feeds and fertilizers he uses are made from the by-products of most meats, and also adrenalin, insulin, and other medical supplies for the wounded. He knows that License slaughterers are careful to use every meat by-product to the best interest of our country. He knows that Black Markets DISCARD these by-products because they are not big money makers and converting them takes time. Dad says it helps to know his son is getting plenty to eat, and it's pretty all right to know about those medical supplies being ready too—if Bill ever needs them.

MOM

Mom knows that with the Red Stamp she can count on getting a fair share of food for her family. She is given the greatest possible freedom of choice to buy what she prefers from the rationed foods. This means there won't be any mad scramble for scarce foods, that no foods will disappear from the shelves, and that people having extra money won't be able to buy more than their fair share. Mom knows that she won't have to worry about enough nourishing food on HER table!

SIS

To Sis the Red Stamp means vitamins and calories and energy to burn. Now's the time when giving children the right food is really important. She's just a gawky, freckle-faced kid now, but she'll grow up before long. She'll be slim and young . . . and pretty as a picture. Mom wants her to have every advantage of nourishment and health—to prepare her to face a better world tomorrow—strong, happy and ready to take her place as a useful citizen.

BILL

He's their boy. To HIM the Red Stamp means he'll get three squares a day! He was one of the first to go over. And right now he's in the front lines, fighting—somewhere—they don't quite know where. But they're mighty proud of him! Proud of his strength, and his courage and the way he's willing to FIGHT for things he believes in. They're not worried about him. They know he's tough. And they know he's getting his share of "rib sticking vittles" as Bill calls 'em.

Mrs. Vera McCourey and son Delmath Dale, of Brownwood and Miss Earline Simpson attended the barbecue at the Walter Simpson Lake, honoring Mr. Simpson on his birthday.

CARD OF THANKS

We wish to express our sincere thanks for the many acts of kindness shown us at the death of our daughter, Greta. The sympathetic words, the many beautiful flowers, the food, and every act of thoughtfulness have helped to lighten our burden. Especially do we thank Mr. Wilkins for his faithful work in making it possible for our friends to view the remains of our little darling. May God bless each of you and lend a comforting and sustaining hand in your time of sorrow.

Mr. and Mrs. Forest Ross visited Sunday in town with her mother, Mrs. Morgan.

Mr. and Mrs. Wayne Henry and children visited Sunday in Chadwick with her brother Vernon O'Brannon and family.

Miss Ollie May of Goldthwaite accompanied Miss Greta Sue Hines home over the week end and the two young ladies visited in Lampasas with Mrs. Nelson Knuckler.

Lamom Wright went to Brownwood Tuesday for a physical examination.

ROCK SPRINGS

By MRS. EULA NICKOLS

Our hearts were made sad when we got the news that little Greta McKenzie had passed away in a Hospital in Fort Worth. Her death was caused by a can of gasoline exploding. She was cleaning the yard when she used the gasoline to start her fire. We extend sympathy to her parents and grandparents and other relatives. It is your loss but heaven's gain.

Remember July the fourth is to be a day for every Baptist in the county. It will be on Sunday. We are to take an old time basket dinner, a big crowd is expected. If you know some one who doesn't have a way to come to this meeting, go get them.

Some of the farmers are cutting their hay. There is lots to be done on a farm if it isn't one thing to do it is another. The rain last week was fine. But these warm days will soon put an end to the gardens.

I have been asked to announce that Rev. R. L. English will preach out here at three o'clock Sunday afternoon.

As my letter last week was not printed I'll not write much this week. I went in Saturday to stay in the Ford home to help care for Uncle Charley, at this writing he isn't doing so well. I'll continue to stay this week as their daughter Mrs. Tom Dyess and her husband and daughter leaves for Georgia to be with her son Charles Ford Chambers when he gets his wings. Her niece Miss June Barber from Ft.

likely that we can satisfy even this class completely."

Mr. Mahan added that the OPA has advised the rationing board that no supplement to its June tire quota can be granted. He also pointed out that the months ahead in 1943, especially the hot summer months, when tires will be weakened by heat and under severe stress, will put civilian transportation to a severe test.

"Most Americans are doing their part and won't take this warning as a cue to storm the rationing board and 'get theirs' while there are tires left," Mr. Mahan continued.

"It is up to patriotic citizens now—squarely up to them—to keep down speed, reduce driving to essentials and watch the care of their tires, guarding them for every mile they are worth. The next few months will tell the story, and the rubber situation is going to require the willing and uncomplaining help of the public and the tire dealers cooperating with the rationing board, so we can win this 'battle of rubber'."

Billie Ray Armstrong is spending several days with his brother, Jack Burns, and family in Webster.

Worth will help care for her grandfather, Mr. Ford while Mrs. Dyess is away.

I want to thank Mrs. Eacott for the nice write up in last week's paper about our home gathering. It was a nice write up.
