VOLUME FIFTY-THREE

GOLDTHWAITE, MILLS COUNTY, TEXAS—FRIDAY, MAY 2, 1947

NUMBER THIRTY-FOUR

## Rodeo Opens Here Next Thursday

### CITY TO BE DECORATED -- BIG PARADE TO BE STAGED THURS.

Everything will be in readiness by next Thursday afternoon, May 8, for the Big Parade of Rodeo Cowboys, local horseback riders and automobiles which will be staged on opening day at four o'clock, to inaugurate Goldthwaite's Second Annual Rodeo Cowboys' Approved World Championship Rodeo.

Night performances only will be staged, beginning at eight o'clock on next Thursday, Friday, and Saturday, May 8, 9 and 10. New Permanent Rodeo Arena is located two miles out on the Waco Highway. Seats will be available for 4,000 people or more.

The Rodeo has been extensively advertised, the city will be decorated with flags and streamers, advertising is being done by airplane, and a Motor Caravan covering all surrounding towns will spend all day next Thursday advertising the Rodeo.

### REP. O. C. FISHER HAS BIG HAND IN NEW LABOR BILL

The Eagle is indebted to Congressman Clark Fisher of the 21st Texas District for a copy of the Congressional Record of April 16, in which Mr. Fisher took a big part in debate on the new labor bill recently passed by the House and now being considered by the Senate. Cong. Fisher, a member of the Education and Labor Committee of the National House of Representatives, wrote the Eagle as follows:

Washington, April 22, 1947.  
Mr. C. T. Wilson,  
The Goldthwaite Eagle,  
Dear Friend:

As you know, the House last week passed a comprehensive labor bill. The very pertinent suggestions contained in your letter were very helpful in the development and consideration of this subject and I very much appreciate them.

Although the bill that was passed lacks perfection, I feel that it goes to the very roots of the evils that now exist, and, contrary to the hopes of many, does not treat the evils in a superficial manner.

I am sending, under separate cover, a copy of the Congressional Record of April 16, which contains some remarks I made during the course of the debate.

Thanking you and with my best personal regards, I am  
Sincerely yours,  
O. C. FISHER

### REV. D. A. BRYANT RESIGNS AS PASTOR FIRST BAPTIST CHURCH

#### SUNDAY CLOSING DAY FOR REV. BRYANT

Rev. D. A. Bryant, pastor of the First Baptist Church here for the past six years, resigned his pastorate last Sunday and he and his family will move to Mexia, Texas, where he will assume duties as pastor of the Mexia Baptist Church, a church about twice the size of Goldthwaite Church in number of members.

Rev. Bryant has been one of the most aggressive, live-wire pastors in the church's history, and the host of friends of the Bryant family in this entire section will regret to see them leave. He will preach his last message to the church here next Sunday.

Rev. Bryant came here as pastor of the Goldthwaite Baptist Church at the beginning of the late war, and during his ministry more than 200 persons have been received into the church, with about 185 coming into fellowship by baptism.

The new \$80,000 First Baptist Church Building has been erected under the leadership of Rev. Bryant, and all the church property has been remodeled and redecorated.

The budget of the local church

REV. D. A. BRYANT

has been increased during the past five years from a figure of \$2,500 to its 1947 figure of almost \$10,000.

The Rev. Bryant has been active in the Lions Club, of which he has been the Chairman of Program Committee; the Masonic Lodge; the public schools, and all the work of the community which is for the best and highest interest of the people.

Goldthwaite loses—and Mexia gains—one of its leading public-spirited citizens.

### Decoration Of Graves Overseas

According to an announcement of Florists' Telegraph Delivery Association, families of deceased military personnel who are buried in military cemeteries may arrange for placement of floral wreaths on individual graves this Memorial Day through their nearest neighborhood florist who is a member of Florists' Telegraph Delivery Association.

Orders cannot be accepted for isolated cemeteries, but floral delivery service has been arranged for military graves in certain parts of Europe, Iceland, Hawaii, and the Philippines on the same guarantee basis as domestic orders handled by the FTD, their announcement states.

Families who desire to employ this military decoration service, should, when orders are placed, supply to their local neighborhood florist the name of the cemetery and of the combat theatre, plus plot, row, and grave number forwarded to next of kin by the service department.

The decoration is limited to certain standard types of wreaths. To all points outside the United States an extra relay charge of 25c is added, plus the actual cost of the cablegram.

### SCOUT CAMP-O-RAL AT LAKE MERRITT FRIDAY & SATURDAY

Boy Scouts from Mills, Lampasas, and San Saba counties will gather at Lake Merritt Friday for their annual District Camp-O-Ral.

The program starts Friday at 4:00 p. m. and ends at noon on Saturday. Court of Honor will be held for Scouts who are ready to advance.

Some 150 Scouts and leaders will be present. Anyone who wishes to see Scouts in action may drive out Friday night of Saturday morning.

LOCAL SCOUTS SPEND WEEK-END ON RIVER

Saturday morning 29 scouts with their leader left town at 8:30 for a week end on the Colorado River.

Hollis Blackwell loaded the boys in his truck and carried them to Bob Johnson's place,

where they spent Saturday and Saturday night fishing and hiking.

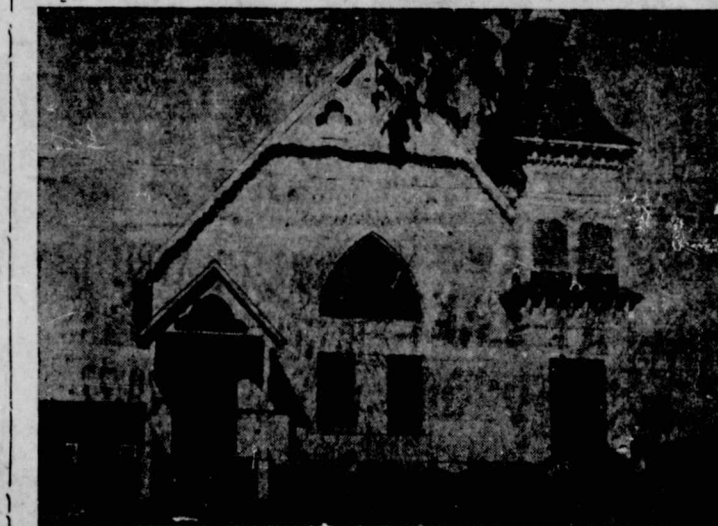

The troupe in composed of 4 patrols who camped and prepared their meals separately.

The weather was rainy but the Scouts did not mind that because they used their tents for the first time. Four tents 10x12 arrived just in time to be used on the trip.

The boys practiced swimming, cooking, raft building, and camp site lay out.

Best fishermen were Robert Johnson and Harold Kauhs. Best raft builders were Rodger Jones and Billy Miller. The boys all had a good time. They wish to thank Hollis Blackwell for furnishing the transportation, Willard Davis and Bill Hyslop for driving the truck and the people of Goldthwaite who made it possible for them to

### OLD MAN 100

BOSS IS NOT RESPONSIBLE FOR OLD MAN 100 SAYS IN EXAM. NEITHER IS THE OLD MAN. YOU GET MAD, COUNT AT THOUSAND BEFORE YOU BEAT HIM UP.—THE BOSS.

### PUNK PONES

Some did many things his neighbors mutter he ever said he charged a pound for butter. Still Punker—was a young man named Wayne entered a race with a horse. He lost it alright. He had a sad sight—his lad won't be racing in.

Politics is the art of ob-money from the rich to the poor on the basis of protecting each from the other.

The Old Man—I have just been that in the Saratoga Is-wife can be bought for a price. It awful?

Man—Well, I suppose are profiteers there just as in any other country.

Old-raised youngster, in the opinion of Bro. Bryant, is who never corrects his before company.

When the Old Man told him he wished he had money to buy a battle-ship she asked him what he with a battleship. He said: "I don't. I want the

after a hundred years' service, here's the Old Man's son of a husband: The who runs things around here—especially the lawn and errands.

When the fair customer came into the Goldthwaite hat store, and said, "I'd like to try a hat over there." The salesman told her: "I'm sorry, that's the lamphade."

Goldthwaite man has a son and a friend asked: "How soon will you pass his final exam?"

Man: "An old man."

Dumb Dora told "I don't see how they ever get clean."

Man said: "Billy, what do you think the scrub teams

what happened when the Old Man applied for a job? Do you smoke? No. Do you eat hay? No. Good! You're not a fit man for man or beast.

The Old Man is talking to a friend: "Last night I got home my wife had her chair drawn up before me, my slippers ready for me, and on my pipe filled, and—"

Friend: "How did you like her hats?"

Although the Boss won't believe it, the Old Man did too go to school on it. When he was asking answers to an anatomy test, he wrote: "Your legs is what you ain't got too pretty good, but you can't get to first base, and neither can your sister."

And did you hear about the man who advertised in the Eagle for a wife and got letters from about 50 husbands to the effect that he could have theirs?

Federal statisticians have just figured out it costs \$605.35 a year to buy clothes for a family of five. The sum on the right of the period is used for father.

And here's a definition of an optimist: A guy who thinks his wife has quit cigarettes when he finds cigar butts around the house.

### BRAIN BURN-OUT

Also, this week the Old Man has been doing some deep thinking. He reads where us geniuses usually burned their brains up using 'em too much work like, so the Old Man has decided to steal a lot of stuff from other papers instead of burning up his brain thinking up everything. (The Boss jest stuck his head over and read this and said "Hum-ph" and walked away mad like.)

And when the pastor asked the Sunday School class what are the sins of omission, a little girl timidly raised her hand: "I think they are the sins we should have committed but didn't."

An Eagle subscriber told the Old Man this: His little daughter said: "Pa, I know why the editors call themselves 'we'." And when Pa asked who, she said, "So the fellow who doesn't like what's printed will think there are too may for him to like."

The Old Man must have a reputation of being pretty smart, for somebody is always writing him for information. He got a letter this morning for a Center City man who wanted to know how many people work on the government payroll. The Old Man figures about half of the number employed.

JEFFERSON STANDARD LIFE INSURANCE COMPANY GREENSBORO, NORTH CAROLINA

Last week foreign relief was the subject of debate on both sides of the Capitol. Over in the Senate the Greco-Turkish aid bill was passed while the House took up the \$350 million relief program.

The Greek aid proposal is generally favored and, in my judgement, should be passed, but the bill to continue the relief program raises many questions. Under UNRRA, there has been much waste and extravagance. A goodly portion of our own \$2.6 billion contribution to that international relief fund found its way into countries behind the iron curtain where we were given little, if any, credit. Then, too, there is the question of the actual extent of

need. On that we hear conflicting stories. The war in Europe has been over for two years, and it would seem that the Balkan countries, where much of the relief goes, would have their agriculture restored and be getting back on their own feet by this time.

If the Russian satellites need relief, why not let Stalin minister to their needs? Russia recently offered to negotiate a loan to Great Britain, which indicates her financial ability. Yet, during the past year, Uncle Sam spent millions on relief in White Russia alone, to say nothing of Yugoslavia, Rumania, Poland and other countries presently dominated by the Soviets.

Here is a brief picture of the extent of our bounty abroad since July 1, 1945: for direct aid to civilians from military-civilian supplies, nearly \$1 billion; government relief in occupied areas, \$1.4 billion; British loan, \$3.7 billion; Export-Import Bank loans, \$2 billion; surplus property transfers, \$1 billion; lend-lease aid (post war and in transit since war ended) \$1.8 billion; Maritime ship transfers, \$107 million; Philippine aid, \$995 million; post UNRRA relief, \$350 million; Greek Turkish aid (pending), \$400 million; UNRRA (U.S. share) \$2.6 billion; Inter-

POSSUM FLATS . . . THE MUSCLE MAN!

national Bank (U.S. share), \$635 million; International Refugee Organization (pending), \$75 million.

The total of all these items amounts to \$15.8 billion.

Referring to this vast expenditure, Senator Byrd remarked: "While this figure represents the value of gifts, grants, loans, credits, goods, etc., it is my opinion that a very small percentage of the total will ever be repaid."

Our government simply cannot go on at this rate, if we are to maintain a balance budget, reduce the national debt and give the taxpayers any relief. It is time to taper off and make gifts only where real need exists and be sure those we help are our friends.

On San Jacinto Day, Texans in Washington met to do honor to that memorable day in Texas history. The Texas Society has nearly a thousand members and they like to get together now and then and "whoop it up" with "The Eyes of Texas", etc.

So, on April 21st the large Interior Department cafeteria room was leased and a Mexican feed, with all the trimmings, was put on. The well-known Texan, Howard Hughes, left nothing undone in bringing Texas to Washington for the party. Most of the ingredients of the meal were flown here in a Hughes plane. The Troubadors furnished music and song under the direction of Steve Wilhelm, Chief of Howard Hughes' public relations office. The entertainers, too, were flown up from the border country in a Hughes plane.

Sam Rayburn made a talk about Texas, and the evening ended with the showing of the Interior Department's moving picture "Resources of Texas."

Ralph Pittman, a prominent Washington lawyer, is president of the Texas Society. He is a former Baylor football star and calls Cisco his home. The secre-

tory is Miss Helen Snelling of Abilene. She is employed in Washington by Braniff Airlines.

World War II veterans will get a chance to buy 534 government surplus trailers and trucks at the Red River Arsenal, Texarkana, May 8. Veterans will determine their own order of purchasing by a drawing following registration at the sales site. No advantage will be gained by arriving in advance of the sales date, WAO officials pointed out. All of the vehicles will be sold individually to both veteran and other buyer on a fixed price basis.

Government surplus coal helped fill in the gap in mine holiday production in North Texas. Ten thousand tons of bituminous coal was sold to a large distributor through the Grand Prairie regional office of War Assets Administration. The coal had been stored at Camp Maxey, Paris, Texas, and the sale closes out the last supply of this fuel at that camp.

A forward step in line with War Assets Administration's policy of releasing rented warehouse space in 178 disposal centers was taken when in a single day a stock in excess of \$700,000 value was disposed of out of Disposal Center No. 2 in Fort Worth. This made available to private industry by May 1 over 244,000 square feet of square feet of closed warehouse space and three acres of open storage space which government agencies have been occupying since the early days of the war.

With bidders attracted from as far away as South Dakota, over 700 automotive vehicles were awarded mostly to World War II veterans in a high bid sale conducted recently at the Warehouse of the Grand Prairie regional office of War Assets Administration. Ex-GI's purchased over nine-tenths of the vehicles before the residual was turned over to commercial dealers for purchase. Sold were trucks, trailers, scooters, motorcycles, jeeps and ambulances.

MUSICAL TEA

The Self Culture Club was hostess at a seated tea on Thursday, April 24, at the lovely home of Mrs. S. P. Sullivan.

The guests were greeted at the door by Mrs. O. H. Yarborough and in the receiving line were the retiring president of the club, Mrs. Claude Saylor and the newly elected officers:

Mrs. W. G. Yarborough, president; Mrs. J. C. Evans, vice-president; Mrs. R. E. Clements, Secretary; Mrs. L. E. Miller, Treasurer and the three remaining charter members Mmes E. B. Anderson, J. H. Randolph, and R. M. Thompson.

The tea table was laid with a handsome cutwork embroidered tea cloth, centered with a beautiful floral arrangement in a silver container and white candles burned in silver candle-abram. Mrs. Jim Weatherby and Miss Gatlin poured and Mmes. Floyd Blair, Walter Summy and Harold Yarborough assisted in the dining room.

The beauty of the reception rooms was enhanced by the outstanding arrangements of spring flowers. In the house party were. Mmes. Walter Weatherby, R. P. Broyles, Jacob Saylor, Jim Cockrum, H. E. Patton, Harmon Frazier and Miss Humphries. Mrs. J. A. Hester was leader and the follow-

ing musical program arranged by Mrs. Sullivan, was presented. Piano solo—Mrs. Hope Schulze of Nederland.

Music Wings, Mendolshon, and Rain, Paul Curran—The Junior Schubert Club.

Piano solo—The Hussors—Kathleen Clements.

Vocal Solo—A Birthday, Hemington Wood—Mrs. S. P. Sullivan, accompanied by Mrs. T. A. Head.

Vocal solo—I Love Life—Mona Zucca—Barbara Dell Porter.

Simpson—Rowland

Mr. and Mrs. Walter Simpson of Goldthwaite, Texas have announced the marriage of their daughter, Miss Florine Simpson, to Albert Rowland of Alamogordo, N. Mex.

The marriage was solemnized in a ceremony at Las Cruces, N. Mex., on March 15th, the Rev. C. A. Ridge of the St. Paul's Methodist Church officiating. The couple were attended by Mr. and Mrs. Ray Dean of Alamogordo. Immediately after the ceremony they left for a brief honeymoon in El Paso, also visiting Juarez, Mexico.

The bride is one of Alamogordo's most popular young women, transferring here two years ago to be connected with the Community Public Service.

### NEW BERLIN MUSICAL MELODY MASTERPIECE

There's magic in music, but when it's Irvin Berlin's music, a whole picture full of it, sung and danced by Bing Crosby, Fred Astaire and gorgeous Joan Caulfield, it's the nearest thing to heaven. So what could be more appropriate for the title of such a film than "Blue Skies," the Paramount Technicolor musical calendar of the best tunes written by America's foremost composer of popular songs. The picture comes Tuesday and Wednesday at the Melba Theatre, and will leave the entire audience humming with delight.

The glorious music is always present. In the few scenes when Bing, Fred, Joan and the two top featured players, Billy De Wolfe and Olga San Juan, are not singing and dancing, the soft tones of such Berlin hits as "Always," "Remember," "White Christmas," and many, many more are heard in the background while the tender love story of Crosby and Miss Caulfield is being told.

Once again it's the gay, singing Bing that moviegoers idolize. He plays an irresponsible cabaret owner, who gets a kick out of building new night clubs and selling them at the peak of their success. Not even his love for, and marriage to Joan Caulfield, can make him settle down, a falling which leads to the breakup of their marriage.

Fred Astaire is cast as a dancing star who discovers Joan in the chorus of a show, and fights a persistent, but losing, battle for her love while he helps her reach the top. Crippled in a fall, Fred becomes a radio commentator, and it is his broadcast of the tale of the two lovers that brings about their reconciliation.

### FARM AND RANCH FINANCING

Since the establishment of a monetary system in our country most Farmers and Ranchers, have financed their purchases on credit. Interest rates varied from 12%, to as low as 7% in rare cases. When drought and panic came, few financial accommodations were to be had until fortune smiled again.

When the Federal Land Bank and National Farm Loan Associations were instituted in 1917, interest rates dropped to a scale within the land owners ability to pay. Since that date the Federal Land Bank has led the field in low interest, convenient terms and safe and sound investment. During the depression, no other outside agency offered to loan money in Mills County, on farms and ranches at any price.

Mills County National Farm Loan Association has actively served this section for many years. Stock in the Association, valued at \$28,000.00 is owned by Mills County Farmers. It owns \$24,000.00 in Government bonds. The average interest rate paid by Mills County farmers, on Land Bank loans in 1946, was 3.32%.

When in need of farm or ranch financing, you should see us because:

1. Our interest rates are lower.
2. We are home owned and operated.
3. Our terms and prepayment privileges are unexcelled.
4. When times become normal again, which they are sure to do, or a depression comes, which Heaven forbid, we will still be in business, still helping farmers and ranchers to hold and buy their homes. We are farmers and ranchers of Mills County.

Directors of Mills County National Farm Loan Association are

- C. S. MILLER, President.
- C. A. WOMACK,
- J. F. DAVIS,

**TEXAS STOCK FARMER FEATURED IN NATIONAL ADS**

The typical Texas farm of J. M. Pfluger, San Angelo, Tom Green County, is illustrative material for the fourth of a series of "Master Farmer" advertisements in national farm publications by The Studebaker Corporation. These pictures of Mr. Pfluger and his farm are appearing currently.

**J. M. PFLUGER  
MASTER FARMER**

J. M. Pfluger of San Angelo, Texas, well known in farming and stock raising circles throughout the northern part of the state, is being featured in a full-page, four color advertisement in nationally circulated farm publications.

The advertisement is the fourth in a "master farmer" series being sponsored by The

Studebaker Corporation featuring famous American farms and the men who own and operate them. It shows a section of grain sorghum land on Mr. Pfluger's farm northwest of San Angelo. An outdoor portrait of Mr. Pfluger is also shown. The paintings were done by Frederic Tellander.

Equally well known as a farmer and stock raiser, Mr. Pfluger is a member of several fraternal and church organizations. He operates farms in Mills, Concho, Schleicher, Tom

Green and Irion counties. He lives in San Angelo with his wife, Hattie, daughter, Edna, and sons, Vernon and Gilmore. Another daughter, Mrs. W. L. Keeling resides in Waco.

Mr. Pfluger is a native Texan and has lived in the present locality for 30 years. He was born in Travis County, Texas. Before moving to Tom Green county, he lived in the Priddy section of Mills County for many years and is well known here.

**Williams-Karnes**

Miss Jean Williams and Roscoe Karnes were married April 28th at the Methodist Church of Goldthwaite by Rev. Weiss.

They were accompanied by their parents, Mr. and Mrs. W. W. Williams of Route 3, and Mr. and Mrs. Z. Karnes of Center City.

The bride wore a lovely grey sheet dress and white accessories. The groom wore a blue suit.

Mrs. Karnes is the beautiful young daughter of Mr. and Mrs. W. W. Williams. She attended Goldthwaite High School. Mr. Karnes is graduating from Star High School this year. His parents, Mr. and Mrs. Z. Karnes live in the Center City Community.

Mr. and Mrs. Roscoe Karnes will make their home near Center City.

Mr. and Mrs. A. C. Taschinger Jr., and little daughter Martha Kay of Houston spent the week-end in the home of Mrs. J. B. F. Wigley and Bertha Weathers. Mrs. J. B. F. Wigley returned to Houston with them Sunday for several weeks visit. Mrs. Taschinger is a granddaughter of Mrs. Wigley.

The rain which fell here over the week end came as a life saver to the grain crops.

The cold and frost of last week did very little damage to gardens.

Dinner guests last evening of Mr. and Mrs. Fields Hines were Mr. and Mrs. B. L. Wheeler of Houston, Mr. and Mrs. Mohler Simpson, Mrs. B. Kauhs, and Mr. and Mrs. Drew Wheeler of Goldthwaite.

A blue and pink shower given in the home of Mrs. Leon Johnson last week for Mrs. Noble Doggett was appreciated by the honoree. Twenty-five ladies gathered for the occasion. Mrs. Johnson served refreshing cold drinks and doughnuts.

Mrs. Ora Black and son, Billie, and granddaughter, Jane, attended church last Sunday at Long Cove.

Guests Sunday of Mr. and Mrs. Frank Hines were Mr. and Mrs. Floyd Sansom and Mrs. Minnie Ashley of Goldthwaite and Mr. and Mrs. Fields Hines.

Mr. and Mrs. Joe Evans and Mrs. Raymond Swinney and children of Lometa were guests Sunday of Mrs. Lora Maund and

mother, Mrs. R. D. Evans.

Mrs. Ora Black received a message Tuesday stating that a daughter, Mrs. Hazel Mosely was very ill in a hospital in Abilene. She, accompanied by Mrs. Earl Blake of Goldthwaite and Mrs. Chas. Wright and son, Lamoin of Mullin, left immediately to be at her bedside.

After attending church Sunday Mr. and Mrs. Frank Hines and Greta, accompanied by Mrs. Minnie Ashley of Goldthwaite, went to Adamsville for a visit with Mrs. Hines' brother, Webster Fields, and Mrs. Fields. Mr. and Mrs. David Straley of Goldthwaite were Sunday afternoon guests of Mr. and Mrs. Fields Hines.

Mrs. Nort McLean and Mrs. Boz Laughlin of Lometa visited Monday with Mrs. Webb Laughlin.

Mr. and Mrs. Buck McMillon from Camp Hood were week end visitors of Mr. and Mrs. Arlie O'Bannon.

A wedding dinner last Sunday in the home of Mr. and Mrs. Henry Brister honoring Mr. and Mrs. John Harris, bride and groom of a few weeks, was enjoyed by a host of friends and relatives.

Mr. and Mrs. Gene Turbiville

and little daughters called day afternoon in the Black home.

Ed Evans and sons, Willie and Virgil, and Jim Evans, visited Sunday in Lometa with Mrs. Joe Evans.

Mr. and Mrs. Noble Doggett called Saturday evening in the home of Mr. and Mrs. Johnson.

A new Hereford group has come into existence. It is the Hill Country Hereford Association, embracing members in seven counties, organized two weeks ago in Mason. Counties included are Mason, McCullough, Menard, Kimball, Gillespie, Llano, and San Saba. Frank Jordan of Art, in Mason county, is president; J. W. Winkle of Llano is vice-president; and Ed Myman, Mason County Agent, secretary. The group plans a tour and sale during the summer.

Texas has 49 counties among the leading 100 cotton counties in the United States. First county in Texas is Ellis, which is second in the nation, according to the Bureau of the Census report. It had 164,247 acres in cotton in 1944, the year upon which the report is based. Lubbock county is fifth nationally, Hunt sixth, Lynn seventh, Williamson eighth, Collin ninth, Hill tenth, Fannin eleventh, and Navarro twelfth. Delta county is 98th in the nation.

The Kaufman-Van Zandt

Soil conservation district will celebrate its seventh anniversary on May 22, with what they say will be the biggest soil conservation event ever held in Texas. Celebration and tour will take place on Toddie Lee Wynne Ranch, near Kaufman.

Comes news of the first annual Texas Egg, Baby Chick and Poultry Show, scheduled for May 15, 16, 17 and 18, at the State Fair Grounds, Dallas. T. A. Hensarling, executive secretary of the Texas Baby Chick Association, says the show is intended to stimulate interest in chickens and turkeys by staging such a show.

Grasshoppers, from 1936 to 1945, destroyed crops valued at 400 million dollars in the United States, the USDA says. During the same period cooperative control measures saved crops worth 600 million dollars at a cost of less than 25 million, including money spent by the Department and the states, and allowing wages for the time spent by farmers in spreading bait.

If you want a big yard with lots of trees, try not to use all trees of the same variety. A disease might wipe them all out at once. The same advice could be used in planting trees along a parkway, avenue or highway.

**NEED CONTINUES FOR SALVAGING USED FATS**

The continued need for salvaged used kitchen fat was emphasized at a recent meeting of the Association of Agricultural Extension Editors in New York by Roy W. Peet, chairman of the American Fat Salvage Committee. Dr. Bristow Adams, former extension editor of Cornell University, and Harry P. Milleham, publications expert of the United States Department of Agriculture's extension service.

Mr. Peet reviewed the fat salvage program's fifty-five months of operation and explained due to the world-wide shortage of fats and oils no improvement in the domestic situation is expected before the end of the year.

"Consumers in the United States could use one billion pounds more fats and oils in 1947 than will be available," Wmder Breckenridge, manager of the committee pointed out, adding, "At present, it looks as though only 15 per cent of that amount will be supplied by the salvaging of used kitchen grease."

**COUNTY AGENT NEWS --**

**—By CALVIN HOLCOMB  
 PECAN NUT CASEBEARER**

One of the biggest threats to our Texas pecan crop is an insect called the pecan nut casebearer. County Agent Calvin Holcomb, tells us that this insect pest sometimes destroys up to three-quarters of the total Texas pecan crop . . . so we can see that control measures are really in order.

The nut casebearer can be satisfactorily controlled . . . says Holcomb . . . if we spray at the right time. He says that good control of the nut casebearer has been obtained by using a lead arsenate spray . . . six pounds in 100 gallons water. A new spray that has been recently developed gives some good results, too. The new mixture is composed of six pounds of lead arsenate, one pint of nicotine sulphate . . . and three quarts of summer oil emulsion in each 100 gallons of water. Some growers have also reported very good results in nut casebearer control with DDT spray . . . that's six pounds of 50 percent wettable DDT powder to 100 gallons of water.

As to when we should apply our spray . . . Mr. Holcomb says that the effective spray period is short . . . and varies with the season and the locality. But in general, the time to spray is as soon as possible after the nuts are set . . . that is, after the blossom end of the nut has turned brown. And that's going to be right away now for many of us.

Here's that new spray mixture again . . . in case you want to try it. In 100 gallons of water, mix six pounds of lead arsenate, a pint of nicotine sulfate, and three quarts of summer oil emulsion.

**PEANUTS FOR FOOD & SEED**

There is a big need for increased production of peanuts in Texas, says County Agent Calvin Holcomb.

Since the peanut has proved to be an excellent food, both for humans and livestock, Holcomb has outlined the steps that he believes are the basis for increasing peanut yields.

A good stand is necessary for good production. Planting at least 25 to 50 pounds of shelled seed, or 45 to 60 pounds of unshelled seed per acre gives good stands.

Chemical treatment of shelled peanut seed has proved to be more than worth while in getting good stands. The treatment protects the seed against molds and fungi in the soil. Work carried on at the Texas A. and M. College Agricultural Experiment Substation at Stephenville showed that peanuts came up to 72 percent of a perfect stand when 100 pounds of seed were treated with three ounces of two percent common ceresan. Non-treated peanut seed brought only 28 percent of a perfect stand. These figures are the averages for five-year test periods. Other promising chemicals used in treating peanuts were arasan, spergon, phygon, tersan and zerate, although the last three of these have been tested only one year. Chemical treatment for shelled seed appears to be more effective than inoculation. Unshelled seed, however, respond best to inoculation, and have not been greatly benefited by treatment.

Fertilization pays well with peanuts prices as high as they are now. Recommendations are 200 pounds of 4-12-4 commercial fertilizer per acre, or 180 pounds of 20 percent superphosphate.

**IT'S A SHAME, BUT—**

County Agent Calvin Holcomb reports to us that it's a downright shame to have to issue warning to dairymen and stockmen in the springtime . . . when the grass is green, the grazing crops are giving relief after the winter, and everything is looking good. But just the same, all that green feed can mean trouble . . . in the form of bloat, scours, off-flavor milk, grass tetany and a lot of other problems.

Holcomb says bloat and some of these other troubles are not necessarily caused by the type of plant the stock eat . . . but because they eat too much too fast. And these are at least two things we can watch to prevent bloat. One of them is . . . feed dry roughage, even if green pasture is available. And another . . . limit the grazing time when you start stock on green stuff.

Holcomb says he has had several reports on winter peas causing trouble . . . so it may be a good idea to go easy on them. And sweet clover will bear watching, too. Remember that it affects the clotting time of blood . . . so it's not wise to do any dehorning or castrating while cattle are on sweet clover.

**LEGEND OF THE DOGWOOD**  
 (Kerrville Mountain Sun)

Have you heard this ancient legend of the dogwood? If you have ever lived where these trees spot the woodlands with white stars in the spring time, you will enjoy this.

At the time of the Crucifixion the dogwood had been the size of the oak and other forest trees. So firm and strong was the tree that it was chosen as the timber for the cross. To be used thus for such a cruel purpose greatly distressed the tree, and Jesus, nailed upon it, sensed this, and in His gentle pity for all sorrow and suffering, said to it:

"Because of your regret and pity for My suffering, never again shall the dogwood tree grow large enough to be used for a cross. Henceforth it shall be slender and bent and twisted and its blossoms shall be in the form of a cross . . . two long and two short petals. And in the center of the outer edge of each petal there will be nail prints, brown with rust and stained with red, and in the center of the flower will be a crown of thorns and all who see it will remember"

The Scallorn Home Demonstration Club met Friday, April 25, in the home of Mrs. Victor Williams. Seven Club members responded to roll call by giving a helpful hint on "Table Service."

Ten minutes of recreation, a textile quiz was given by the recreation leader. In this quiz we learned about different materials and the relation they have to different occupations.

The Club voted to change the meeting time from 2:00 o'clock to 2:30 o'clock, p. m. through the summer months.

After a motion and second the Club voted to give a donation to the American Cancer drive.

When the business session of the Club was finished the meeting was then in charge of Mrs. Haenisch, who presented a very interesting and helpful demonstration on table service. We all agreed that this was one of the most useful meetings that we have ever had. We should all profit from the information we received from this demonstration.

**Do CHURCH PEOPLE Live Here?**

When we view this beautiful little home with its elegant architectural lines, situated in such lovely surroundings—we are compelled to wonder whose home it is.

It has been well said, "It takes a heap of living in a house to make it home." We might add that God is only interested in the kind of living it shelters . . . wholesome living if you please. The Almighty wants all houses to be a shelter in the time of storm—a haven of happiness and a peace where His will is supreme . . . where love abounds and greedy selfishness is not known.

Architects design houses. Builders put them together. But only the church of the living God builds homes. Through its teaching the church challenges humanity to drink of its waters of life and live . . . live the wholesome kind of living which only is pleasing in His sight.

What the church does. The church pictures to humanity the world's greatest designer of living . . . Jesus Christ, the Son of God. "Except the Lord build the house, they labor in vain that build it," Psalms 127:1. Home implies mutual affection, gentleness, meekness, refinement, and a genuine forbearance.

**YOU IN THE CHURCH THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

**115 WATER DAMS BUILT IN MILLS COUNTY LAST YEAR**

Waterholes have been the center of many a fight, both in story books and in real life. Many ranchers in this country can remember some of the stories. Many of them can remember too, when water didn't cause gun-fights but was nevertheless precious beyond price when drouth struck. These conditions are passing fast, A. A. Downey, Chairman of the Mills County ACA Committee says, because more farmers and ranchers are building stock water ponds and dams so as to save the water on their farms and ranches.

On many ranches of the county rains are being made to grow grass instead of washing away the rangeland as they once did. Water-saving dams that are built under the ACP program store water in many of the natural draws and help to prevent it making great gullies. The Chairman pointed out that a total of 115 such dams were built in Mills County during the past year.

When the construction of these dams is a part of the conservation plan for a farm or ranch, the Government helps pay part of the construction cost, Mr. Downey added. Ranchers or farmers who are interested in building dams this year

**JUST A PUSH**  
 By Sam Say

I am still thinking about our reading habits—it is some compliment to accuse our nation of being a reading people—one's interest dictates the amount and class of literature as a reading habit.  
 Some years ago the great classical scholar A. J. Boreham advised a broad variety in one's choice of reading, saying in effect, that we should read things that do not appeal to us, in as much reading things appealing will lead us to be one sided.  
 Plainly, to be one sided with any value depends on the value of that one side.

I have been having eight different periodicals come to my mail box—probably that is too many—but they cover various fields of interest. Two of them are published east of the Mississippi River and one of them from near the Canadian border. Half of them carry a comment of Sunday School lessons. For a brief exposition of the Sunday lesson nothing I find better than Dr. Lundquist's comment carried in "The Goldthwaite Eagle" each week. If you haven't been reading it, take time to treat yourself to it.

In all we read and hear nothing points our nation to better conditions. It is well to try earnestly and use much time to secure a good peace with ourselves and abroad, but contradictions and confusion are not being reduced. Rather dispute seem to be the program. I suppose contention is the easier thing to do.

I am reminded of a neighbor my parents had when I was a small lad. In those days women not only did the cooking and washing, but made clothing for the family. They secured various coloring, turned out all kinds of nice garments. This dear old neighbor lady was gracious in spirit and kind but coarse and awfully rough in her language. One evening she hustled into my mother's home, saying, "Well, this morning I made a pot of soap, cut a pot of indigo and kicked up Jack and played the Dickens." My mother replied, "Well, that last was hard to do, wasn't it." She replied, "No, no, that is the easiest part of my job." So it is easier at times to contradict because nothing else is possible.

**THE LOWER COLORADO RIVER AUTHORITY**  
 Benefactor to the Texas Hill Country  
 (Editorial from Fredericksburg Radio Post)

Recently it was noticed that the Lower Colorado River Authority had come under criticism in the State Capitol, and, according to an Austin Newspaper, the criticism apparently was being directed principally against the management. Due to the fact that Gillespie, as well as surrounding counties, are served by the LCRA, it is possible that the citizens of this territory covered by the LCRA may feel somewhat indignant over the charges which had been leveled at this splendid institution.

Prior to the organization of the Lower Colorado River Authority the people and the communities now served by the LCRA were without the benefits of electricity. The ranchers and farmers of this territory had no opportunity to connect up to an electric line—there was little chance that the rural sections (on a large scale) might ever have the same benefits of electric service in their homes, on their farms and ranches, like the people in the cities. The creation of LCRA resulted in the construction of REA lines throughout Gillespie and surrounding counties and ultimately has contributed to the territory served by offering farmers and ranchers the blessings of low cost electricity. This opportunity and this privilege was offered solely and only because of LCRA.

The citizens of Fredericksburg will also remember that prior to LCRA a privately owned and operated electric system served this community. Each year a small amount of taxes was paid, but thousands of dollars in profits were taken out of the community. LCRA made it possible for the city to buy the electric distribution system in 1941 and since March of that year the city has purchased electric power wholesale from the LCRA. Profits derived by the city have amounted to nice dividends each year, and these profits are mounting with each succeeding year.

The creation of LCRA also created a nine-man Board of Directors, appointed by the Governor of Texas, who have governed the operation and functions of Lower Colorado River Authority. This Board likewise has done an excellent job.

LESSON TEXT—1 Kings 12:1-5, 12-15, 19, 20.  
 MEMORY SELECTION—A man's pride shall bring him low; but he that is of a lowly spirit shall obtain honor.—Proverbs 29:23.

"He did evil, because he prepared not his heart to seek the Lord"—this is the divine epitome of the life of Rehoboam the king as given in II Chronicles 12:14. The destiny of the people hinged on the choices of their ruler, so they went down into confusion and sin because of his bad leadership. Here we have magnified anew the great importance of making right decisions for ourselves and for their influence on others.

Life is full of choices, and the decisions we make determine our destiny both in this life and in the life to come. Since the great issues of our life may hinge on the simplest of choices, it is obvious that we need guidance at every point and in every moment of life.

The picture before us is astonishingly up to date. People were crying for relief from tax burdens. One group of leaders counseled moderation; another group said in effect, tax them all you can and keep on spending. The king, who in a monarchy had the final decree in his power, replied to the plea of the people with sarcastic indifference to their need, and the ten tribes revolted.

I. A Friendly Request (vv. 1-5). Governments exist for the people, not the people for the government. Political leaders seem to forget this axiom and begin to rule as though they need not listen to the reasonable pleas of the people. Tax burdens rise, regimentation of the life of the nation takes place, and sooner or later the people rise to overthrow the government. It happened in Rome; it was back of the French Revolution; it brought an uprising of the serfs of Russia; it can and will happen elsewhere if men who rule do not listen to reason.

Rehoboam made at least one wise decision—to wait three days before speaking and to seek counsel. He needed this, for having been brought up in the palace of Solomon without proper training for his place as king, he was quite unable to make immediate answer to their request. Incidentally, we note that much of the folly of Rehoboam is chargeable to the neglect of his father to rear him properly. May that terrible thing never be said about you and me regarding our children.

II. An Arrogant Refusal (vv. 12-15). The picture of the two groups of advisers is a most graphic one and should afford the teacher an excellent opportunity to show young people especially, how important it is to heed the counsel of their elders. Even so, youth stands today at the fork of the road. Let us in all kindness, love, and tact seek to help them choose the right way.

Note the arrogance and pride of the young men and their king. They were not content to make a simple denial of the request. They did not have sense enough to temper the bitter disappointment of the people by an expression of regret. No, they had to use the foolish whip of caustic words and harsh judgments—what folly! Let us learn a needed lesson from their failure.

III. The Inevitable Revolt (vv. 19, 20). There is a limit to what men and women can bear—an end to their patience and their loyalty. People, long submissive, ultimately come to the point where they think, and when they do, dictatorial rulers tumble from their self-made thrones. Would that the people of the earth realized the power which they have and that they would use it for the glory of God.

Rehoboam felt the power of the people who revolted, others have followed him, for it is still true in the world that the rulers "do evil" because "they prepare not their hearts to seek the Lord."

Rehoboam, who had awaited the arrival of this crucial hour in anticipation of taking his place as the king of the ten tribes, was ready, and was at once chosen as the leader of those who withdrew from the rule of the house of David. Rehoboam's sin brought this about, but it was also in the counsels of God (v. 15).

Is it not a comforting thought to recall that back of the confusion which men have created in their efforts to rule the world, God stands in the shadows watching, watching and waiting for that day when the Prince of Peace, his Son and our Saviour, is to come as King of kings and Lord of lords to reign forever and ever. Blessed day! May it come quickly!

C. C. Collier, group leader of the Collier Conservation group, recently constructed 3,245 feet of diversion terraces to protect his cultivated land from outside water. Mr. Mohler Simpson constructed these terraces with his bulldozer.

C. D. Gerald, cooperater in the Caradan Conservation group, is also using diversion terraces

as one of his soil-saving and improving practices. Lee Parker recently constructed 1,100 feet of diversion terraces for him with his bulldozer.

J. E. Smith has just completed approximately 1 mile of field terraces with a whirlwind terracer.

W. E. Philen, cooperating with the Brown-Mills Soil Conservation District, has just completed approximately 2 1-2 miles of field terraces on his farm in the Caradan Conservation group. The terraces were constructed by Contractors Fisk and Thomason with a whirlwind terracer.

## Swing Of Southwest Farm Markets

(By USDA)  
 Weak spots showed up all through the farm markets the past few days; but many items strengthened, and only hogs, feeds and corn registered sharp declines, according to Production and Marketing Administration, U. S. Department of Agriculture. Butcher hogs dropped \$1.25 to \$2.50 per hundred for the week, and sows \$1.50 to \$3.00. Closing bulk of good and choice butchers sold at \$22.50 at Texas markets.

Cattle moved higher at Houston and San Antonio; and vealers and calves gained at Oklahoma City. Common to medium steers and yearlings cleared at \$13.50 to \$17.50 at Houston; and \$14 to \$19.50 at Fort Worth.

Spring lambs climbed mostly 50 cents to 1.50 during the week; while old crop lambs and aged sheep held generally steady to strong. Good and choice spring lambs brought \$18.50 to \$21 at San Antonio.

Hens held firm last week, and fryers advanced to 35 cents per pound at Dallas. Eggs weaken-

ed at some points. Egg prices averaged 38 cents per dozen at San Antonio.

Indifferent trading last week left most grains little changed. Corn closed Friday at \$1.90 to \$1.91 per bushel in Fort Worth and Galveston; and oats \$1.03 to \$1.05.

Sharp early-week rise in cotton markets encouraged spot selling, as demand picked up for some grades. After a mid-week slump, prices closed Friday \$2.75 to \$4.25 per bale higher than a week earlier.

### Chappell Hill—

By MRS. PEARL CRAWFORD

We certainly appreciated the nice warm rain.

Mrs. O. A. Hill, Miss Evelyn and Elvin, Alpheus and Glynn Hill of Ovalla spent Saturday night and Sunday with Mr. and Mrs. Jim Evans and Mr. and Mrs. O. A. Evans. Others who visited in the Evans' home were Mrs. H. T. Vaughn, Mr. and Mrs. John Cunningham and Mrs. J. H. Vaughn of Goldthwaite.

Jack Creek visited in the A. L. Crawford home last Sunday morning.

Alvis Stevens had the misfortune of getting his hand hurt and we hope him a speedy recovery.

Mrs. Bud Oden went to Dallas Tuesday to be with Mr. Oden, who underwent an operation. We hope Mr. Oden will be home soon.

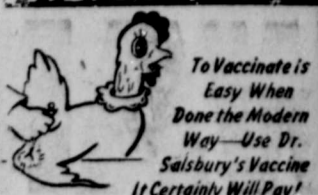

Those who visited in the B. J. Crawford home Sunday afternoon were Mr. and Mrs. A. L. Crawford and William, Mr. and Mrs. C. H. Bramlett, Betty and Willagene, Mrs. O. A. Hill and Elvis, Mrs. O. A. Evans, and Jim Evans.

Mr. and Mrs. O. A. Evans visited a while Friday night with Misses Marie, Ruth, Ruby and Bab Reynolds.

Mr. and Mrs. R. J. Schindler of Bangs visited in the B. J. Crawford home Friday. They presented the Crawfords with a fish dinner, which was enjoyed by all.

Mr. and Mrs. Luther Lester have sold their farm and are moving to Goldthwaite this week. We hate to see these good folks move away. We wish them happiness and success in their new home and business.

So there's a rule for us—no DDT on beans, peas, tomatoes and cabbage later than three weeks before these vegetables are ready for harvest. On root vegetables—potatoes, carrots, beets, onions and the like—you can safely use DDT throughout the season. DDT can be used either as a dust or spray. Three to five per cent dusts are good for garden insects—and an effective spray can be mixed with two ounces of 50 per cent wettable powder in a gallon of water.

### IF YOU CHANGE YOUR NAME — NOTIFY S. S. BOARD

Brides, divorcees and other workers, who have been employed in stores, offices, factories and similar industrial or commercial work, should advise the Social Security Administration of any change in their names if they are to continue to work in such occupations. Dave S. Pruitt, Manager of the Social Security Administration field office at Austin, stated this week.

"The reporting of such changes and corrections is necessary in order that Social Security Administration may keep their records under one account number," Pruitt said. "It is also important because it means full benefits rights when the worker retires, or in case of death of the wage earner, accurate monthly benefits to his or her eligible survivors."

A form OAN-7003—"Employee's Request for Change in Records"—can be obtained at your local post office or by writing to the Austin field office of the Social Security Administration at 105 Brown Building.

A bill recently passed by Congress gives Navy Nurses the status of permanent commissioned officers with commensurate pay and allowances. The Navy needs at least 1,000 more Nurses.

## CHANGES IN THE TEACHER RETIREMENT LAW LISTED

(Courtesy of W. E. Healy, Representative 104 District)

1. After a teacher has 25 years of creditable teaching service in Texas, he may, upon attaining the age of 60, begin drawing retirement annuities. This eliminates the necessity of teaching one year out of each five year period as now provided in the Retirement Law. A teacher, however, under such a provision must be living at the age of 60 and have left his or her deposits in the Teacher Retirement System. (The Retirement Law now requires a teacher, if they have not attained the age of 60, to teach at least one year out of each six in order to retain membership in the Retirement System regardless of the number of years taught in Texas.)

2. Amend the present law to provide that after 30 years of creditable service a member need not remain in service until age 60 to become eligible for retirement, but that any member who has completed 30 years of creditable service shall be eligible for immediate retirement, regardless to attained age.

3. Amend the law to provide that a member's prior service allowance upon retirement shall be based on 1 1/2 percent of the average annual salary as defined in the law instead of 1 percent of such average annual salary as is now provided. (Prior service credit is calculated on the average annual salary for the 10-year period immediately preceding the establishment of the Retirement System. The legislature created the Retirement System in 1937.)

4. Amend the present law to provide that a member shall be granted a full prior service allowance upon disability retirement instead of a 50 percent prior service allowance upon disability retirement as is now

provided. (At the present time, fewer than 50 teachers are retired on disability retirement. The reduction of prior service credit because of retirement on disability in the present law works a hardship on these disabled teachers.)

5. If a person was not teaching in 1937 when the Retirement System was established but who returns to teaching at a later date and teaches for five consecutive years, he shall be entitled to prior service benefits under the Retirement Law. (At the present time the law provides that if a person was not teaching in 1937 but returned to teaching within a period of two years and taught five consecutive years, he should be entitled to prior service benefits.)

6. Provide that a teacher after attaining the age of 60 and having met other requirements of the law may retire at any time during the school year. (At the present time, this privilege is granted to any teacher 70 years of age or more who meets other requirements.)

7. Directs that the person appointed by the State Board of Education to be a member of the Retirement Board of Trustees shall be confirmed by the Senate of Texas. (The Retirement Law provides for a Teacher Retirement Board of Trustees of six members, three of whom shall be members of the Teacher Retirement System nominated by the members of the Retirement System and subject to appointment by the Governor and ratification by the Senate. The Chairman of the State Board of Control and the Life Insurance Commissioner are ex-officio members. The sixth member is appointed as provided in the law by the State Board of Education.)

### By EMOGENE HAENISCH DDT IN THE GARDEN

There are two classes of insects likely to attack your garden this year. The chewing insects, which chew holes in the leaves of fruit—and the sucking insects—which suck juices from the foliage, stems and fruit.

Generally, DDT will control both types of bugs—except for lice and the red spiders. Of course we all know by now that DDT is not the answer to

all our prayers on insect problems—and in fighting vegetable insects, there are some things to watch. For example, DDT will burn the foliage on vine crops like squash, cucumbers and melons—so we'll be wise to use some other insecticide on these crops.

DDT cannot be safely used on leafy vegetables that are harvested every day—or even each week—since the residue of the insecticide is hard to remove from the leaves. This residue

### 7-D Ranch Round-up

By MRS. M. L. JERNIGAN

At last I think Spring is here. Out here in the cool country breezes, everyone so busy, can hear tractors humming every where, cattle lowing, sheep bleating, and at night dogs taking the shy old fox on a merry go round through these rocky mountains.

M. L. Jernigan shipped 11 car loads of cattle to Kansas for grass this week.

Jim McFarlan shipped out 12 car loads Sunday from Mullin. What a beautiful picture all those cattle together and so many horsemen with them and cars and pickups following with supplies. You just don't get the real beauty of God's good Creation until you are out on some occasion like this.

Several picture reels have been made of these large herds of cattle and the horsemen. Probably you who have never seen this will enjoy seeing this on the screen some time.

Mrs. Louise Tully and mother, Mrs. Jernigan, visited Mrs. Renfro at Mullin last week-end.

Sygnor Jernigan and wife spent the day with his parents last Sunday.

Mr. and Mrs. J. T. Fisher and son Tedd spent the day with Mrs. Fisher's folks Sunday.

After lunch we all went to Mullin and watched them load out the cattle.

Mr. and Mrs. Hawley Jernigan took lunch at Mrs. A. H. Renfro's at Mullin Sunday.

How our hearts go out to those people in Texas City. We surely can support them with our prayers and our might, also may we be very humble and thankful, keeping a prayer upon our hearts and a song on our lips.

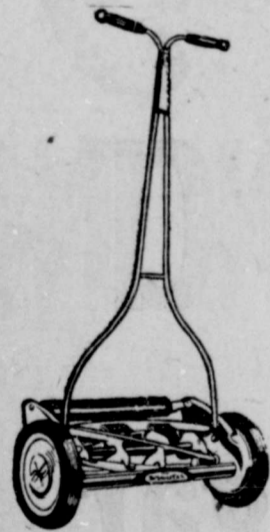

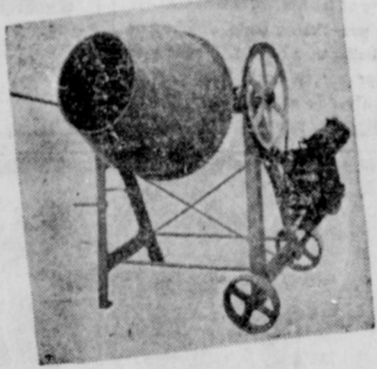

### BOAT RACING AT BROWNWOOD

Brownwood, May 1—Central Texas' oldest boat racing event, the 12th annual Lake Brownwood Regatta, will be held Sunday, May 11, 1947, as a civic project of the Brownwood Junior Chamber of Commerce.

Seventy-seven entries from the leading hydroplane and run-about drivers in the Southwest already have been received by Darrell Wilson, regatta chairman, assuring one of the best meets in the history of the regatta. Entries have been re-

ceived from Texas, Oklahoma, New Mexico, Arizona, Louisiana and Ohio.

GOLDTHWAITE, MILLS COUNTY, TEXAS—FRIDAY, MAY 2, 1947

NUMBER THIRTY-FOUR

## Rodeo To Benefit P-T.A.-Goldthwaite Schools

### SOME ACCOMPLISHMENTS OF GOLDTHWAITE P.-T. A. - '46-47

This is to be a resume of what the Goldthwaite Parent-Teachers Association has done during 1946-1947. We feel that the public will be interested in this account and the Association is proud to bring it to their attention.

As the State and National Associations stress parent education and program work we shall begin there. Our year book, the printing of which was given to us by the Eagle Office, was the work of Miss Love Gatlin and her committee and was rated an A-1 grade at the district conference, lately held at Cleburne, Texas. The topic for the year was "Building Firm Foundations," and each program has been exceptionally good.

Better parents and teachers are the result of our year's study course. We have had several programs by the children and one by the Girl Scouts. At different times we have enjoyed music by the school band.

As for membership—Mrs. Malcolm Jernigan has been Membership Chairman and, at the present time, we have three hundred and seven members. If you are one of our 307 members you will be interested in the information that, on account of your individual support, we won special recognition in the district, ranking second in increase in membership for the year. We should explain here that half of all membership fees go to the State and National Associations and we ask you to remember that in our accounting for money.

Mrs. W. G. Yarborough has been Finance Chairman. As you remember on Halloween we staged a Carnival from which \$943.06 was cleared for P. T. A.'s part, not including the Senior's money. Out of this, we have had to pay state and federal taxes.

The following as chairmen of different committees helped to put the Carnival over:—Mmes. Sparks Bigham, Jim Weatherby, John Jackson, F. H. Forehand, Elzie Johnson, Hollis Blackwell, James Nickols, Weldon Hill, Ed Gilliam, Tolbert Letbetter, J. H. Harrell, Robert Johnson, M. F. Horton, Earl Fairman, Julian Evans, Charlie McLean, W. C. Barnett, W. G. Saylor, Misses Love Gatlin, Laura Nelson, Mary E. Fouse.

In the report of our treasurer you will note what we have done with all money made or donated. We are especially proud of our financial success this year and if you support us by attending the Rodeo on the 8th, 9th, and 10th of May the Goldthwaite Parent-Teachers Association will have had one of its best years.

Mrs. R. E. Worley has acted as treasurer for the year and herewith submits an accounting of all funds. We still have a number of unfinished projects. We are very proud to feel that our funds have been sufficient to take care of as much as we shall have accomplished at the end of our year.

### GOLDTHWAITE P.-T. A.

Mrs. J. H. Harrell has served as chairman of the Hospitality and Social Committee. She and her committee have had several meetings at which they served refreshments and at each meeting we have tried to express friendliness and cordiality. We might say here that we are handicapped for time. A half hour for program and one-half hour for business, forces the leadership to rush or we have had too long a meeting. Mrs. Harrell has also been chairman of High School Room Mothers and chairman of the Junior class room mothers. Mrs. F. D. Reynolds has held the chairmanship of Room Mothers for the Elementary School. The association is, indeed proud of its work in Motion Picture and Visual Education. Mrs. T. C. Graves has been chairman of this work and has been supported by a loyal group of assistants. The following is her report:

We promoted the purchase of a Nateco projector and an Opaque projector costing \$690.38. The Parent-Teachers Association paid half of this bill (\$345.19) and the school board paid the other half. The teachers of Grammar

### IMPROVEMENT MADE IN SCHOOL SYSTEM IN PAST TWO YEARS

1. The VA Department enlarged by the addition of another room and equipped with power and hand tools for a farm shop.
2. The Homemaking Department improved by furnishing the interior, and by addition of equipment, including a hot water heater.
3. The Library for both High School and elementary improved by the addition of books to the value of \$612.00.
4. School Lunch Room built and equipped at a cost of \$12,000.00. This was done without voting any additional bonds.
5. The addition of Visual Aid equipment, including a 16 mm projector, screen and opaque projector at a cost of \$690.38. This was paid for by one-half P. T. A. and one-half School Funds.
6. Concrete walk built from Elementary School to Lunch Room, financed by P. T. A.
7. Elementary School Auditorium equipped with black-out shades so that it could be used for visual instruction. This was paid for partly with funds raised by an entertainment sponsored by Primary and Elementary teachers and partly by School funds. Total cost—\$139.68.
8. The P. T. A. has improved the play ground by adding play ground equipment, such as swing, seesaws, and athletic equipment.
9. The Football field improved by filling in with dirt, sowing with bermuda grass. New playing uniforms purchased. This was paid for out of money derived from athletics.
10. A School Band was started and now has 36 members. New uniforms have been paid for with funds raised by the Band Mother's Club through popular subscription and funds raised through serving at games. Total cost—\$1926.00.
11. A new School Bus purchased in 1946 out of School Funds.

#### SCHOOL FINANCE AND FACTS

Area of District—120 Square Miles.  
 Present Valuation—\$1,286,083.00  
 Tax Rate—\$1.00.  
 Scholastics—491.  
 Teachers—10 High School, 13 Elem. Total—23.  
 Outstanding Bonded indebtedness Aug. 31, 1946:  
 1928 Series—\$33,000.00  
 Series 1937—\$ 5,500.00  
 Total—\$38,500.00

At the end of school year 1945-1946 there was no indebtedness against the School District, except Bonded indebtedness.

#### RECOMMENDATIONS FOR IMPROVEMENTS

1. Plans are under way for further improvements by building a combination Gymnasium-Auditorium with four classrooms, showers, dressing rooms, etc.
  2. New shades need to be provided for all class rooms.
  3. Grammar School Auditorium needs repairing.
  4. The School Board plans to develop the Science Department in High, by the addition of Chemistry and Physics for school year 1947-'48.
  5. In the near future additions will have to be made in the seating capacity at Athletic Field.
- As a result of improvements made in the past two years and improvements to be made in the near future, the School Board felt that the neighboring Districts whom the Goldthwaite School had been serving for a number of years would be happy to be a part of this district, so by unanimous vote, a resolution was adopted to invite the neighboring districts to consolidate with the Goldthwaite District.

The Parent-Teacher Association wishes to take this method of thanking the Merchants of Goldthwaite for their generous support of this Section of the Goldthwaite Eagle. Their response to taking ads in the Rodeo Section was nearly 100 per cent.

The Parent-Teacher Association also wishes to thank the Lions Club and their Advertising Committee and others who have worked so hard in advertising the coming Second Annual Goldthwaite Rodeo to be staged in the new Arena next Thursday, Friday and Saturday. School presented a variety program and the proceeds (\$57.12) went toward buying dark blinds for the auditorium. The activity fund paid the balance of \$71.88. These blinds were bought so that the projectors could be used to a better advantage. Approximately 36 films have been shown since the last week

in February. The teachers have worked at a disadvantage this year because the projector was bought too late to get the better films booked. The teachers have already started booking good films for next year. Most of what comes to us through our ears is forgotten; much more is retained that finds access to our mind through our eyes. true of children. Educators have learned this and are seeking more and more to combine visual with vocal instruction. If our Rodeo is sufficiently successful we hope to buy another projector, etc. to be used in Grammar School, as it would save wear and tear on equipment.

Next, give your attention to the report of our First Aid Committee chairman, Mrs. Claude Saylor. For years Mrs. Saylor has served as head of this committee and has rendered tender efficient aid to any child who has needed her care. At all times the P.T.A. keeps her supplied with a kit.

Mrs. Farris Jones, as chairman of the Library committee, reports 11 books donated by the Lions Club, three by the Tuesday Study Club, 7 by Brian Smith, 2 by the Self Culture Club, 4 by P.T.A. and a Webster's New International Unabridged Dictionary given by P.T.A. We have subscribed to the National P.T.A. Magazine and Texas Parent-Teacher, spending a total of \$3.00 for same. We have also subscribed to a number of worthwhile magazines for high school and Grammar school, putting on a subscription drive for Curtis Publishing Company of which you will find a report in the Play ground work. This committee is very proud of its "Book Shelf" in the auditorium of Grammar school. Here all P.T.A. members or any other interested persons will always find a supply of all current magazines. Everyone is urged to make use of this reading matter as it helps to make intelligent, informed parents. Here we keep all P.T.A. literature. The chairman wishes to express her gratitude to all who have donated magazines, to the Eagle office for all assistance rendered and to James Nickols, who is making a table for the dictionary.

Mrs. Jack Reid, chairman of the committee on Juvenile Protection, has been handicapped in her work because we have practically no facilities for carrying on this work. With the hope we shall in the near future possess a gymnasium and a youth center, she has many worthwhile plans for that time.

All P.T.A.'s give attention to all types of safety work. This division has been taken care of by Mrs. W. C. Barnett, chairman. Through her efforts we staged a Safety Driving Campaign, high-lighted by a general assembly program, conducted by Mr. Musick, head of the Educational Division of the State Department of Public Safety. Several hundred pupils heard his talk.

We might add here that, as an organization, we have been active in attempting to have the city pave and add sidewalks in the streets that would raise the safety element in the children's going and coming to school.

Our Health program has been under the leadership of Mrs. James Nickols. During the year she and her committee have watched after the health and sanitary conditions in the different rest rooms of the school. They have spent \$20.00 for paper towels and containers, \$3.75 for mirrors and \$4.50 for curtains. Everyone should be proud of the free health clinic. Over 400 children will receive this check-up. No pupil being given it without it is satisfactory with him. We made a record of all diseases and immunizations each child had had and suggested immunizations needed. Dr. Slaughter, Mrs. Slaughter and Dr. T. C. Graves formed the examining board and finished out the records, with the reports on the condition of each child's eyes, ears, nose, throat, teeth, heart and chest, with remarks and suggestions. These reports will be sent out to the parents to be signed and sent back to the school. It is left to the parent for any other medical care. This clinic cost the association \$13.00 for supplies. The doctors and nurse were good enough to donate their services, for which we want to express our heartfelt gratitude. The Health Department of the P.T.A. sponsored the Cancer

spent here was either donated by others or made by the committee under the chairman's leadership. The grounds have been improved, and a number of outstanding needs filled as you can see. Let us add, too that Mrs. Horton has assisted greatly in seeing that around the lunch room was clean and that garbage was not allowed to accumulate. We know that the work of this committee has made for the happiness of all the pupils and teachers. Kindly give your attention to her report:

E. T. Fairman donated pipe for the See Saws and the Vertical pipe for the swings and two garbage cans for the lunch room.

J. Y. Tullos had dirt hauled and put in around the grammar school building, also had the maintainer scrape the rocks from off the grounds and filled in in front of the Grammar school.

Carl Letbetter donated the welding on the See Saws and swings.

The City of Goldthwaite hauled off the dead trees and trash from the grounds.

The committee sent cards of thanks to each donor.

We bought from B. K. Robb, Camp Fannin, equipment of 2 basketball goal sets, one volleyball net, two volleyballs, 4 basket balls, four base balls at a total of \$30.00.

Also Camp Bowie donated us a sack of soft balls and table tennis bats. We had bicycle racks built. The lumber was donated by Mr. Fairman.

A sidewalk was laid from the Grammar school to the lunch room and one is to be laid from High school to the lunch room. However this was not out of the playground fund, but was paid for by the treasurer.

Parent-Education and Procedure Courses have been under the chairmanship of Mrs. O. O. Smith. One course in "Procedure" was taken by Mrs. E. T. Fairman. A number studied the course on parliamentary procedure, but no examinations were taken.

Our music has been taken care of by Boyd Hunt, Mr. Faith, Mrs. Sullivan and Mrs. Berry. All their efforts have added much to our programs.

Mrs. Joe Palmer has been Legislation chairman and has brought timely information concerning matters dealing with teacher shortage, teacher's salaries and Texas legislators work on this line.

Rev. D. A. Bryant, as chairman of the Citizenship Committee made his influence felt in both high school and the elementary grades.

As Telephone Chairman Mrs. Hollis Blackwell deserves praise. Mrs. J. M. Oglesby, as chairman of Publicity, could not have been better. Mrs. George White was Council Representative.

We feel that the work of our secretary, Mrs. Aubra Hudson, has been a notable part of the year's success and wish to express praise for our reporter, Mrs. A. L. Cole.

Now, in closing, we want to recognize our membership as a whole, our superintendent, Mr. H. E. Patton, each teacher, and every citizen in Goldthwaite who has backed us. Without each and all of you there would have been little to arouse our pride. Many, many times the Goldthwaite Parent-Teacher says: "Thank you."

In the coming Rodeo of May 8, 9, 10, be generous with your attendance. We are indeed, blessed to be named as the recipient of all that is cleared. We feel the deepest gratitude to Malcolm Jernigan and others

## SENIORS OF 1947

—By MARGARET LOCKRIDGE

There were fifty-three Seniors enrolled on September 2. These 53 students started out to make a successful year of their last year in school.

Our senior class elected the following officers:

President—Lee Roy Stacy.  
Vice President—Norman Upham.  
Secretary—Anna Gene Hale.  
Treasurer—Robbie Gene Simpson.

Reporter—Carol Ward.

The Seniors made close to \$90 on their "Bingo" booth that they sponsored at the Halloween Carnival.

We seniors supported the football boys in a big way. The following were on the team: J. M. Oglesby, B. M. Collier, H. Horton, A. M. Reynolds, B. Robertson, A. Harrell, B. W. Kirby, G. W. Featherston, W. Long, N. Upham, B. Massey, L. C. Holt and D. Hanks. The following were in the band: LeRoy Bleeker, Winston Faith, Anna Gene Hale, Madeleine Johnson, Annette Upham and Barbara Porter.

The fans were: James Brown, Thomas Cook, Truman Ferguson, Okay and Elisa Flores, George Jackson, Louvell Sides, Jim Bob Steen, Lloyd White.

The pep squad members were: Aline Bird, Shirley Kline, Elizabeth Stockton, Nancy Collier, Meiba Conner, Jack Hightower, Lee Roy Stacy, Helen Hodges, Rita Horton, Billie House, Virginia Howard, Christine Ince, Margaret Lockridge, Dorothy Patterson, Melba Roberson, Rhonda Robinson, Rena Smith, Marjorie Thomas, Flossie Webb, Lucy Whitley, Virgilene Wicker, Syble Woods, Robbie Simpson, and Carol Ward.

When the senior class gave Melba Roberson a set of china, they had a wonderful time at a party at Mrs. Bigham's.

We had a skating party or two. The Christmas party was given at Mrs. C. D. Griffin's. The class gave Mr. and Mrs. Norman Upham a set of china also.

The senior class lost five members about mid-term. We certainly did miss them.

On April 15th, the W.M.U. of the Baptist Church gave a banquet for 46 seniors. This was one of the most beautiful banquets that any of our seniors had attended. Thanks for this banquet.

Then on April the 18th, the senior class made a trip to John Tarleton for their Senior day. We came home to face putting on the Senior Play.

The Play "Brides to Burn" was presented on April 25. The cast had practiced 12 good nights. The cast consisted of Nancy Collier, Jack Hightower, Margaret Jane Lockridge, Elizabeth Stockton, Lee Roy Stacy, Dorman Hanks, George Jackson, Jim Bob Steen, Madeleine Johnson, Shirley Kline and Carol Ward. We cleared about \$176.60 from this play.

The Juniors are giving a naval style banquet for the Seniors on the night of May 2. We will be presented this lovely banquet.

We are making our senior trip to Galveston and Houston. We plan to visit San Antonio and Austin on the way down to Houston.

We will have our commencement exercises Friday May 23rd. We have had a happy and successful year which was the plan of our sponsor, Mrs. Mary Bigham.

George L., why do you want Ada Margaret to come to Caradan soon?

who have made this possible. Help your school by going every night. Your school needs much and every cent made at the Rodeo will be spent for the children of Mills County.

You will notice in the report submitted by the School Board found in a separate column that neighboring districts have been unanimously invited to consolidate with the Goldthwaite District. Give this your earnest thought, Neighbors, and come in with us. All pulling together, we can make of our Public School system a great place, dedicated to the education of our children. Together, we shall have greater strength and we can undoubtedly do much for the youth of Mills County.

Respectfully submitted,  
MRS. E. T. FAIRMAN.  
President of Goldthwaite P.T.A.

## THE GOLDTHWAITE SCHOOL BAND

The Goldthwaite School Band was organized in February of 1946. It started with twenty-three members. It now has thirty-five members and is still growing.

The following is the personnel of the band:

Director: Boyd Hunt  
Drum Major: Nell Carman Wilkins.

Majorities:

Kathleen Kemp  
Barbara Porter  
Pearl Cook  
Nelda Hodges  
Slide Trombones:  
Lathan Jernigan  
Joe Charles Hodges  
Bass Horn: Harry Palmer  
Baritone Horn: Billy Roy Wicket  
Cymbals: Sealy Reid  
Snare Drums: Marvene Cook, Johnnie Mat Head, Annette Upham  
Alto Saxophone: Angelina Smith  
Tenor Saxophone: Winston Faith  
Clarinet: Elizabeth Hapgood, Billie McNutt, Ada Margaret Geeslin, Joan Duren, Mildred Weiss, Billie K. Grumbles, Dona Saylor, Martha Wood- en, Jimmy Hayes.  
Bell Lyre: Mildred Bryant  
Trumpets and Coronets:  
Lee Roy Bleeker, Anna Gene Hale, Vera Mae Bill, Jerry Long, Robert Henry Johnson, Patricia Lockridge, Jack Earl Long, Larry Piper, Madeline Johnson

The Band Mothers Club was organized in February, 1946. The first president was Mrs. O. O. Smith. This club, being dissatisfied with the showing the band made in their old style, ill fitting uniforms, set about the gigantic task of raising money for new uniforms. Mrs. Jack Long, Mrs. Roy Wilkins and Mrs. O. O. Smith were on this committee. The merchants and the people of Goldthwaite showed their appreciation of the efforts of the band mothers by giving most generously and graciously. The P. T. A. gave us \$200.00 from the Carnival proceeds.

Another committee headed by Mrs. Hapgood and assisted by Mrs. Jake Long, Mrs. Jack Long, Mrs. Albert Grumbles, Mrs. Lincoln Saylor, Mrs. Malcolm Jernigan, Mrs. Grace Wooden, Mrs. D. A. Bryant, Mrs. Bob Johnson, Mrs. Harvey Hale, Mrs. O. O. Smith and others raised money at the stand at football games.

A benefit football game was given for the band by the town boys and the Eagle team.

Mrs. Nickols gave the band a percentage for playing at the show.

The band was hired to play at last year's Rodeo.

All together, donations, earnings, benefits, etc., the band mothers have raised \$2,290.92. They outfitted in new all wool whipcord uniforms and are a credit to our community.

### NEWS FROM THE OFFICES

Mr. Patton reported the following:

Rev. Paul A. Weiss of the First Methodist Church will deliver the Baccalaureate services at the First Baptist Church at 8 o'clock P. M. on Sunday, May 18th.

Paul A. Cunyas, Associate Dean of John Tarleton Agricultural College, will deliver the Commencement address on the evening of Friday, May 23rd, at the Grammar School Auditorium at 8 o'clock.

### SENIORS TO BE PRESENTED

Friday night, May 2, at 9 o'clock P. M., the seniors of '47 will be presented at the Melba Theatre in formal dress. Each senior, as you probably know, has received an invitation to the annual Junior-Senior Banquet, which is a formal affair. We wish to extend an invitation to each relative and friend of every senior boy or girl to be present to see these young graduates decked in all their finery. We know that you will enjoy seeing this "added feature," and we hope that you'll be there.

### SYBLE WOODS

Syble has light brown hair and hazel eyes, weighs one hundred eight pounds, and is five feet six and a half inches tall. She is the attractive daughter of Mr. and Mrs. Carl M. Woods. Syble came here as a freshman from Big Valley, where she had attended school most of the time until then. She had been active in the Pep Squad and the F. H. A. Chapter throughout her high school years, belonging also to the 4-H Club for a number of years. She is also a member of the Twentieth Century Quintillians. Syble usually carries a happy smile with her wherever she goes; her hobby is having lots of fun. Syble's plans for the future are indefinite, but you can bet she will win success in whatever she chooses because of her good disposition and her determination to succeed.

Likes Best—A two-toned car.

### JACK HIGHTOWER

Jack is the son of Mr. and Mrs. W. H. Hightower. He is five feet nine and a half inches tall, weighs one hundred sixty-five pounds, and has brown eyes and black wavy hair.

Jack is interested in sports of all kinds, especially football, baseball and basketball. This past year he helped train the grammar school boys who wished to train to play football in high school. He was also a member of the Pep Squad, working earnestly in teaching the Pep Squad to march and make formations. Jack is a member of the Future Farmers of America and the Twentieth Century Quintillians, of which he was elected treasurer and takes part in many extra-curricular activities. He served three years in the U. S. Navy, attaining the rank of machinist mate 2-c., and returned to finish school this year.

Jack portrayed Gilroy Garfield Gundy in the senior play last week, and, if you saw the senior play, you know what a swell job of acting he did. Aside from being in the play, he served on the advertising committee and helped with much of the other work necessary in preparing for a play.

After finishing school, Jack plans to go to college where he will study to be a mortician. He is a swell sport and a hard

helped the Athletic Association to meet their huge financial problems, when needed.

### JONES VALLEY H. D. CLUB

The Jones Valley H. D. Club had a luncheon April 16 at Mrs. Delton Barnett's. Everyone brought a covered dish. Lunch was served at twelve o'clock to six members, four visitors, four children and Mrs. Haensch.

Our club had not met in several meetings so we had three programs to discuss. The house was called to order about one o'clock. Roll call was answered by all present, each giving us some helpful idea. A motion was made and carried to give \$3.00 from our club fund to the Cancer Society. Another motion was made and carried to get Mrs. O. B. Bell a flower. She has been ill and we hope she will soon be able to attend the club.

Our first program was on Table Service. Mrs. Haensch gave us points on setting an attractive table and also flower arrangements for tables. Second program was on luncheon cloths, choosing shina, crystal and silver. True and False tests were given after these to see how much we learned. Pantry suggestions was the last on program. Special pointers for pantries, size of pantry and shelving space were discussed.

We wish to thank Mrs. Haensch for giving us these three programs. It was quite a task for one meeting. However, she did an excellent job.

Club adjourned to meet May 13 with Mrs. Raymond Wilcox.

After club, we had a pink and blue shower for one of our club members. There were three more visitors to come in the afternoon. We wish to welcome our new members, Mrs. M. L. Jernigan, Mrs. Albert Tully and Mrs. H. B. Jernigan to our club. Our hostess served salad and coffee to top our day. Thanks to Mrs. Barnett for being such a lovely

From silver spurs to broad brimmed hat,

He'd cause any heart to pit-a-pat.

The curtain fell and lights went on,

And the handsome cowboy and horse were

gone,

Leaving the memory of a haunting tune

That only Gene Autry knows how to croon.
